I am so please to share this collection of collage papers with you and would love to see them used in your creative projects.

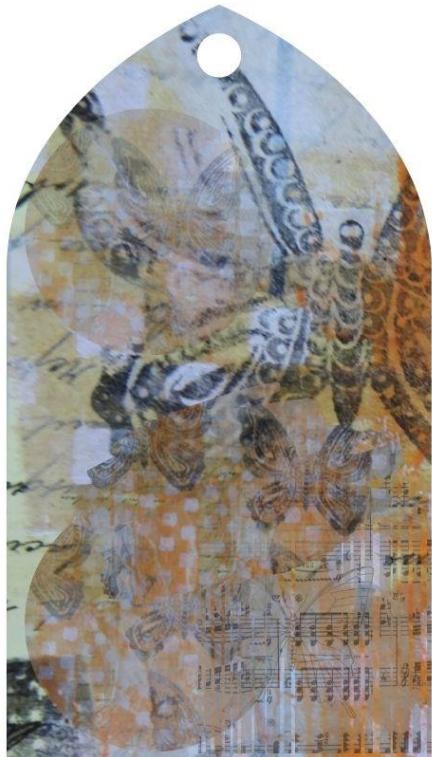

I love using colour and texture in my work and know the benefits that colour has on our health and well-being, and I know that you too will be drawn to certain colours and textures too that you will use in your creative practice!

You can print these collection on a variety of mediums which will add to your creative work and feel free to use them in your creative work. I would love to see how you use them, and you can tag me @realityarts on Instagram
