

Customer Proprietary Network Information

Under the new FCC rules governing the use and disclosure of Customer Proprietary Network Information (CPNI), there are certain circumstances under which Cascade Communications Company may be permitted to respond to your inquiries regarding call detail information or certain account information only by the customer first providing a pre-established password, the company calling the telephone numbers listed on the account, or the company sending such information to the mailing address of record.

Establishing a Password

If you wish to establish a password, you must notify us of the password by completing the form below. The password you choose CANNOT be related to your family history or account information (account number, home address, social security number, mother's maiden name, etc) and must be at least 6 alphanumeric characters long (Ex. Sc02hs). This form will establish a password and back-up question only for purposes of service and account inquiries, including inquiries relating to CPNI.

Designated Password for Account Inquiries

Backup Question: What is your favorite color?

IMPORTANT: By signing below, the customer is providing the company with express, written approval to use the above password and back-up question before providing any information regarding service and account inquiries made by the account owner or designated account users. This approval includes responses to inquiries related to the customer's services generally and specifically to inquiries concerning call detail information and account information, including Customer Proprietary Network Information.

Establishing an E-Mail Address of Record

If you wish to establish an electronic address of record, you must notify us of the e-mail address you wish to designate as your electronic address of record. In order to be considered an electronic address of record, the designated e-mail address must be on file with the company for at least thirty (30) days. This form will establish an e-mail address as an electronic "address of record" only for purposes of service and account inquiries, including inquiries relating to CPNI. This form will not change your billing address.

Designated E-mail Address for Account Inquiries: _____

Adding Authorized Users to Account

Under the new FCC rules governing the use and disclosure of Customer Proprietary Network Information (CPNI), Cascade Communications Company will only be allowed to discuss CPNI at our retail location(s) with those listed as an authorized user on the account and carrying a photo ID. The only exceptions may be for certain routine customer service issues if you have all pertinent information with you, such as the bill or call detail information you wish to discuss. Remember, CPNI includes call detail information and certain account information, including the amount of your bill. For telephone inquiries, other rules dictate how we authenticate a customer. In order to make your experience with Cascade Communications Company the best possible, we want to give you the option of adding authorized users to your account. Adding an authorized user does not mean that their name(s) will show up on the bill, but only that these persons will be allowed to discuss CPNI with our company representatives. If you wish to add authorized users to your account, please take this opportunity to complete the section below.

Authorized Users to Add to Account:
