Federal Financial Report (FFR) Module

A Federal Financial Report (FFR) is used to submit financial information about individual awards. Recipients of federal funds are required to report the status of funds for awards or assistance agreements to the sponsor of the award using the Federal Financial Report (SF-425).

The FFR module lets recipients search for and initiate the FFR from within eRA Commons. For HHS awardees the system redirects them to the federal Payment Management System to complete the submission. Grantees can also check on the status of submitted FFRs, view the PDF of submitted FFRs, and view the history of activity for an FFR.

Beginning January 1, 2021, HHS grant recipients are required to submit the SF-425 long form in the [Payment Management System \(PMS\)](#) instead of the eRA Commons FFR Module.

Familiarize yourself with PMS using the documentation provided by PMS (see <https://pms.psc.gov/pms-user-guide/federal-financial-report.html>). Report Submission Due Dates

The FFR is prepared and submitted by organizational administrators on behalf of the Project Director/Principal Investigator (PD/PI). The schedule for submitting required financial reports is generally specified in the award documents of a grant or contract. Different due dates exist for FFRs depending on whether the report is an annual report or the final report.

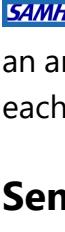

Annual Federal Financial Report

 Except for awards under SNAP, Multi-year funded and awards that require more frequent reporting, the FFR is required on an annual basis. When required on an annual basis, the report must be submitted for each budget period no later than 90 days after the end of the calendar quarter in which the budget period ended. The reporting period for an annual FFR will be that of the budget period for the particular award; however, the actual submission date is based on the calendar quarter.

This translates to the dates in the following table:

| Reporting Period/Budget Period Ends in: | FFR Due Date |
|---|--------------|
| January, February, March | June 30 |
| April, May, June | September 30 |
| July, August, September | December 31 |
| October, November, December | March 31 |

 Except for awards that are Multi-year funded and awards that require more frequent reporting, the FFR is required on an annual basis. When required on an annual basis, the report must be submitted for each budget period no later than 90 days after the end of that budget period.

 Except for awards that require more frequent reporting, the FFR is required on an annual basis. When required on an annual basis, the report must be submitted for each budget period no later than 90 days after the end of that budget period

Semi-Annual Federal Financial Report

 Except for awards that require more frequent reporting, the FFR is required on a semi-annual basis. When required on a semi-annual basis, the report must be submitted

for each reporting period no later than 30 days at the end of the reporting period. Reporting periods are from October to March and April to September. Due dates are **April 30th** and **October 31st** of each year.

Final Federal Financial Report

For awards requiring a final FFR, the due date and status for a final FFR are based on the Project Period End Date (PPED) as follows:

- *Pending*: If the FFR is not submitted and it is within 90 days of the PPED
- *Due*: If the FFR is not submitted and it is between the PPED and 120 days past the PPED
- *Late*: If the FFR is not submitted and it is over 120 days past the PPED

FSR Role in Commons

A user who needs the authority to view, enter, and submit an FFR on behalf of an organization must possess the *FSR* role in eRA Commons to access the FFR module. An organization's Signing Official (SO) or Account Administrator can add this role to a user's account.

A Signing Official (SO) or Business Official/Administrative Official (BO/AO) can have the FSR role.

NOTE: A user who possesses only the *FSR* role can perform only those tasks associated with FFRs; however, an account can include multiple roles, including that of *FSR*.

Features of FFR

If you have the *FSR Role*, you can use the FFR module to perform multiple tasks. Available options vary depending on the status of the FFR associated with the award.

- Search for awards within your organization having associated FFRs
- Initiate a FFR by clicking **Manage FFR**.
 - For HHS awardees this action redirects you to PMS to fill out and submit the FFR
- View an FFR as a PDF
- View the submission history of an FFR

With the *FSR* role, you can also access the FFR module from the *Closeout Status* screen. For more information on Closeout, please refer to the Commons online help topic titled *Closeout Status*.

NOTE: HHS requires all financial expenditure data to be submitted via PMS. This includes all initial FFRs being prepared for submission and any revised FFRs being submitted or re-submitted to an HHS agency.

The Commons Online Help contains detailed information on the FFR module. You can access the FFR topics by clicking any of the help icons ('?') on the FFR screens. If you prefer a PDF format user guide, refer to the *Federal Financial Report (FFR) Expenditure Data User Guide* at https://www.era.nih.gov/files/ffr_user_guide.pdf.

Accessing FFR

The FFR module is part of eRA Commons. If you hold the *FSR* Commons role, you have access to FFR.

1. Navigate to eRA Commons on the internet at <https://public.era.nih.gov/commonsplus/>.
2. [Log into Commons](#).
3. [Select the FFR module from Commons navigation](#).

Perform a Search

You can search either by entering search criteria or by clicking one of the predefined quick searches.

IMPORTANT: When searching based on search criteria, enter as many criteria as possible to perform a narrower and specific search. Too broad of a search can result in a very large set of records returned by the FFR module, which might slow down the FFR response time.

Search Using Search Criteria

1. Select **search criteria** from the available dropdowns on the search screen.

The following dropdowns are available to search, which include parts of the grant number (See Deciphering the NIH Application/Grant Numbers document at <https://www.era.nih.gov/files/Deciphering-NIH-Application.pdf>, which also has IC abbreviations.)

- **Activity**

- the 3-character code used to identify a specific category of extramural research activity

- **IC**

- This is a required field. Defaults to All, which searches all ICs. To search by specific IC(s), select one from the list, then to select another, select from the list again, and so on. Each appears in the

To narrow the search to specific status(es), use the drop-down and select one or more status values to include in the search. To select more than one status, select the first status, then click the dropdown again and select another status. Each selected status appears in the **Status** field with an 'x' that you can click to remove it.

You may search for any combination of the following:

- Pending
- Due
- Late
- Received
- In Review
- Accepted

- Rejected
- Revision Pending

2. Click the **Search** button.

The results of the search appear in search results below the search criteria. Refer to the section below titled *Search Results* to learn what you can do with search results.

Initiate FFR Long Form from eRA Commons

Before attempting to complete and submit an FFR, you must register with PMS and obtain login credentials (<https://pmsapp.psc.gov/pms/app/userrequest>). You are required to log into PMS before or during FFR initiation from eRA Commons.

1. In the FFR module in eRA Commons, [search for and find an FFR](#) that needs to be completed.
2. Select the **Manage FFR** option from the three-dot ellipsis menu for a record in the search results.

You are redirected to the federal Payment Management System, where you must log in. After login, the FFR long form is opened for the grant you were working on in the eRA Commons FFR module. Alternatively, you can go directly to the PMS system and find the FFR by searching for the Award Document Number using the PMS FFR search screen.

3. In the PMS FFR long form, complete the fields (see descriptions below for guidance).
4. Follow PMS guidance for certifying and submitting the FFR to the sponsoring agency. See the documentation provided by PMS (<https://pms.psc.gov/pms-user-guide/federal-financial-report.html>).

Line 9. Reporting Period End Date

Displays the ending date of the reporting period. This information is pre-populated from the award information and cannot be edited.

Line 10. Transactions

For each field of the Transaction section, enter the cumulative amounts from the date of inception of the award through the end date of the reporting period specified in the Reporting Period End Date field.

Federal Cash (lines 10a-10c)

For HHS agency recipients these data fields are prepopulated in the Payment Management System, but may be recalculated in PMS by clicking the Recalculate icon next to the field. For Annual FFRs, these fields can be updated by the recipient. For Final FFRs, these fields can only be updated by the Recalculate button (if available). A Final FFR can NOT be submitted unless 10a and 10b are equal to each other and 10c is \$0.00. 10c is a calculated value and cannot be edited.

10.a Cash Receipts

- Enter the cumulative amount of actual cash received from the Federal agency as of the reporting period end date.

NOTE: For DOC this is a prepopulated value.

10.b Cash Disbursements

- Enter the cumulative amount of Federal fund disbursements (such as cash or checks) as of the reporting period end date. Disbursements are the sum of factual cash disbursements for direct charges for goods and services, the amount of indirect expenses charged to the award, and the amount of cash advances and payments made to subrecipients and contractors.

10.c Cash on Hand

- This is a system calculated value subtracting 10.b from 10.a

Federal Expenditures and Unobligated Balance (lines 10d-10h)

Use lines **10.d-h** for single grant reporting.

10.d Total Federal funds authorized

Displays the cumulative total Federal funds authorized.

- For research ICs, this amount will reflect the total for the indicated grant segment.
- For Non-Research ICs, this amount will reflect the total for the IC and serial number.

10.e Federal share of expenditures

Enter the amount of Federal fund expenditures. Expenditures are the sum of actual cash disbursements for direct charges for goods and services; the amount of indirect expenses charged to the award; and the amount of cash advances and payments made to sub-recipients and subcontractors. A Final FFR can NOT be submitted unless 10e is equal to 10a and 10b.

10.f Federal share of unliquidated obligations

Enter the Federal portion of unliquidated obligations. Unliquidated obligations on a cash basis are obligations incurred, but not yet paid. On an accrual basis, these are obligations incurred, but for which outlay has not yet been recorded. Those obligations include direct and indirect expenses incurred but not yet paid or charged to the award, including amounts due to sub-recipients and subcontractors.

On the final report, this line must be zero. Do not include any amount that has been reported in the **Federal share of expenditures** (line 10e). Do not include any amount for a future commitment of funds (such as a long-term contract) for which an obligation or expense has not been incurred.

10.g Total Federal share

This is the sum of **Federal share of expenditures** (line 10e) and **Federal share of unliquidated obligations** (line 10f).

This information is calculated and cannot be edited.

This is the amount of **Total Federal funds authorized** (line 10d) minus **Total Federal share** (line 10g).

This information is calculated and cannot be edited.

Recipient Share (lines 10i-10k)

Do not complete this section if reporting on multiple awards.

10.i Total recipient share required

Enter the total required recipient share for the reporting period specified in the **Reporting Period End Date** field (line 9). The required recipient share should include all matching and cost sharing provided by recipients and third-party providers to meet the level required by the Federal agency. This amount should not include cost sharing and match amounts in excess of the amount required by the Federal agency (e.g., cost overruns for which the recipient incurs additional expenses and, therefore, contributes a greater level of cost sharing or match than the level required by the Federal agency).

NOTE: For DOC this information is pre-populated from the award information and cannot be edited.

10.j Recipient share of expenditures

Enter the recipient share of actual cash disbursements or outlays (less any rebates, refunds, or other credits) including payments to subrecipients and subcontractors. This amount may include the value of allowable in-kind match contributions and recipient share of program income used to finance the non-Federal share of the project or program.

Note that on the final report, this line should be equal to or greater than the amount of the **Total recipient share required** (line 10i).

10.k Remaining recipient share to be provided

If the **Recipient share of expenditures** is greater than the **Total recipient share required** amount, the field will show zero.

This information is calculated and cannot be edited.

Program Income (lines 10l-10o)

Do not complete this section if reporting for multiple awards

10.l Total Federal program income earned

Enter the amount of **Total Federal program income earned** (line 10l) minus the **Program income expended in accordance with the deduction alternative** (line 10m) or **Program income expended in accordance with the addition alternative** (line 10n). This amount equals the program income that has been earned but not expended, as of the reporting period end date.

This information is calculated and cannot be edited.

Line 11. Indirect Expense

Indirect expenses are the costs associated with the general operation of an institution and the performance of its research activities. In the Payment Management System (PMS), you are limited to 10 indirect expenses only, and if there are more than 10, you must enter the rest in the **Remarks** field.

11.a Type

This field represents the type of indirect expense. Types include Provisional, Pre-determined, Final, or Fixed.

11.b Rate

This field indicates the indirect cost rate in effect during the reporting period. This number is a percentage.
