

Tenable One Cloud Security Introduction Course On-Demand Training

Tenable University

Course **overview**

The Tenable One Cloud Security (TCS) Introduction Course consists of a series of short, on-demand videos providing the fundamental building blocks to configure and use TCS to secure your cloud infrastructure from development to runtime, and gain actionable visibility into all identities and entitlements. The Tenable Cloud Security Introduction Course is available for no cost at Tenable University.

This course is available as an On-Demand Training (ODT). Tenable presents basic features of Tenable Cloud Security. Content includes setting up and using the TCS platform, understanding policies, interpreting findings, creating reports and reviewing identities and entitlements.

The course features a blend of lectures and demonstrations, all designed to promote active engagement and enhance learning outcomes.

Audience

The Tenable One Cloud Security Introduction Course is suited for professionals interested in learning the basic operational use of Tenable One Cloud Security.

Prerequisites

None.

Key **benefits**

- **Product-based demonstrations**
View practical, real-world demos showing Tenable products in realistic scenarios
- **On-Demand scheduling**
Pre-recorded courses are available on your schedule, at your pace to view remotely at Tenable University
- **Strong foundational knowledge**
Complete this course before progressing to the Virtual Instructor-Led Training (VILT) or On-Demand Training (ODT) Tenable Cloud Security Specialist Course.

About Tenable

Tenable is the exposure management company, exposing and closing the cybersecurity gaps that erode business value, reputation and trust. The company's AI-powered [exposure management platform](#) radically unifies security visibility, insight and action across the attack surface, equipping modern organizations to protect against attacks from IT infrastructure to cloud environments to critical infrastructure and everywhere in between. By protecting enterprises from security exposure, Tenable reduces business risk for over 40,000 customers around the globe. Learn more at [tenable.com](#).
