

Tenable One Identity Exposure Introduction Course On-Demand Training

Tenable University

Course **overview**

The Tenable One Identity Exposure (TIE) Introduction Course consists of a series of short, on-demand videos providing the fundamental building blocks to install, connect and use TIE to secure Active Directory (AD) and disrupt attack paths. The Tenable One Identity Exposure Introduction Course is available for no cost at Tenable University.

This course is available as an On-Demand Training (ODT). Tenable presents basic features of Tenable Identity Exposure. Content includes installing, connecting and using the Tenable Identity Exposure platform. Content includes installation and connection to AD, using Indicators of Exposure (IOE), filtering and analyzing data to identify configuration changes and indicators of attack and setting up alerts and dashboards.

The course features a blend of lectures and demonstrations, all designed to promote active engagement and enhance learning outcomes.

Audience

The Tenable One Identity Exposure Introduction Course is suited for professionals interested in learning the basic operational use of Tenable One Identity Exposure.

Prerequisites

None.

Key **benefits**

- **Product-based demonstrations**

Course topics

- Product Architecture
- SaaS - Product Deployment
- On-Premises - Product Deployment
- On-Premises - Product Upgrade
- Configuring the Platform
- Operating the Platform

About Tenable

Tenable is the exposure management company, exposing and closing the cybersecurity gaps that erode business value, reputation and trust. The company's AI-powered [exposure management platform](#) radically unifies security visibility, insight and action across the attack surface, equipping modern organizations to protect against attacks from IT infrastructure to cloud environments to critical infrastructure and everywhere in between. By protecting enterprises from security exposure, Tenable reduces business risk for over 40,000 customers around the globe. Learn more at tenable.com.
