

Tenable One OT Exposure Introduction Course On-Demand Training

Tenable University

Course **overview**

The Tenable One OT Exposure Introduction Course consists of a series of short, on-demand videos providing the fundamental building blocks to deploy, configure and use Tenable's Operational Technology (OT) platform. The Tenable One OT Exposure Introduction Course is available for no cost at Tenable University.

This course is available as an On-Demand Training (ODT). Tenable presents basic features of Tenable OT Security. Content includes an overview of Cyber Exposure, installation and configuration, asset discovery and assessment, event analysis, prioritization and remediation measurement.

The course features a blend of lectures and demonstrations, all designed to promote active engagement and enhance learning outcomes.

Audience

The Tenable One OT Exposure Introduction Course is suited for professionals interested in learning the basic operational use of Tenable OT Security.

Prerequisites

No.
