5	Ongoing Event	Establishment of an intern program designed to assist members of the community	This station participated in TEGNA Inc.'s Producer-In-Residence Program. TEGNA Inc. established the Producer-In-Residence Program to train and provide experience to college graduates interested in a career in broadcasting/producing. The Producer-In-Residence Program affords them the opportunity to gain real-life experience as a Producer. Each Producer-In-Residence attends an initial one-week training boot camp followed by a two-year placement as a Producer in one of TEGNA's stations. After a nationwide search, TEGNA Inc. selects the Producer-In-Residence, completes their initial training, and then assigns each participant to one of 36 stations in the Producer-In-Residence Program. The selected Producers-In-Residence fulfill a two-year contract as a full-time employee with full compensation and benefits. The two-year position provides on-the-job training, education, experience and resources that will become invaluable in this industry. They will receive regular feedback on performance, consistent corporate training and check-ins on progress. At the end of a successful two-year program the contract period ends, and the Producer-In-Residence has two years of on-the-job experience. While there is no guarantee of continued employment at the end of the contract period, they may be offered an opportunity for retention and promotion to be a Producer.	1	Producer in Residence
