

17TH – 18TH APRIL 2026

HALL NO. 02

**BANGALORE INTERNATIONAL
EXHIBITION CENTRE (BIEC),
BENGALURU, KARNATAKA**

**SECURE
NATION
EXPO**

SECURING TOMORROW, TOGETHER

ABOUT SECURE NATION EXPO

Secure Nation Expo is the definitive convergent forum for technology, policy, operations, and strategic alliances in the domain of national security. It's where industry, government, academia, and international players gather to showcase the latest breakthroughs, engage in high-level discourse, and shape the future of security capabilities.

Whether your focus is cybersecurity, border control, surveillance, emergency response, unmanned systems, defence electronics, or resilience planning, you'll find relevance, opportunities, and partnerships here.

ABOUT ORGANISERS

Services International (SI) is a leading exhibition and conference organiser in India, headquartered in New Delhi. With the experience of more than 3 decades, SI creates world-class trade platforms that connect industries, innovators, and professionals.

SI has organised industry's prominent exhibitions & conferences, including **Fire India, Safetyex, Drone Expo & Conference, Disaster Response & Management Expo, and Bridal Asia**. Among these, Fire India is SI's flagship B2B event, recognised as South Asia's premier fire and safety exhibition, drawing thousands of visitors and hundreds of exhibitors annually.

Through commitment to excellence, innovation, and collaboration, SI continues to shape India's exhibition landscape, empowering businesses to grow and succeed.

EVENT HIGHLIGHTS

- Showcase your latest products and technologies to top leaders and officials.
- Engage with buyers, decision-makers, and procurement heads through B2B meetings.
- Boost your brand visibility across national and international markets.
- Demonstrate real-world performance through live demos.
- Get featured via media coverage, product launches, and press interactions.
- Explore collaborations at the **Startup Zone and Innovation Zone**.
- Be part of a growing platform shaping India's security and technology future.

EXHIBITOR PROFILE

1. Commercial & Perimeter Security

- Intrusion detection & alarm systems
- Fencing, Bollards, Barriers, and Access Gates
- Turnstiles, security windows, shutters
- Access control (biometric, RFID, mobile-based)
- Control rooms, system integration & data security

2. Homeland Security & Policing

- Border screening, Fencing, bollards and surveillance systems
- UAV & counter-UAV technologies
- Armoured and law-enforcement vehicles
- Command & control (C3/C4ISR) systems
- Secure communications, non-lethal weapons, and CBRN solutions

3. Supporting Solutions

- Insurance, risk-management, and cyber-liability providers
- Training institutes, think tanks, and security publications
- Recruitment and manpower-outsourcing agencies

4. Cybersecurity

- Threat detection, SOC & incident-response solutions
- Encryption, endpoint security, DLP, and anti-malware tools
- Cloud and network security, compliance & data governance
- Blockchain-based security and digital forensics

WHY EXHIBIT AT SECURE NATION EXPO?

- **Meet Buyers** – Connect with key decision-makers.
- **Build Business** – Create partnerships and close deals.
- **Showcase Tech** – Launch and demo your innovations.
- **Get Noticed** – Boost your brand visibility.
- **Stay Ahead** – Explore trends and opportunities.
- **Network Wide** – Engage with industry leaders globally.

CO-LOCATED EVENT

While you're here, be sure to visit the co-located exhibition taking place alongside you to gain valuable insights and discover innovations across related industries.

Drone Expo – Focusing on the rapidly evolving field of drones and UAVs, this expo brings together key industry players to explore advancements in unmanned aerial technology.

WHY BENGALURU?

Known as the Technology Capital of India, Bengaluru stands at the forefront of innovation, research, and digital transformation. Home to leading defense establishments, cybersecurity hubs, and tech startups, the city provides the perfect ecosystem for an event dedicated to security, surveillance, and homeland protection.

With a strong presence of public sector units (PSUs), defense research organizations, IT giants, and emerging tech innovators, Bengaluru serves as the ideal meeting ground for decision-makers and solution providers working toward a safer and smarter nation, making it the perfect destination for Secure Nation Expo.
