BUY FEATURE GAMES

A significant portion of the games in our portfolio includes the popular Buy Feature, a favorite among players. It allows players to bypass the wait for a randomly triggered bonus game by purchasing it directly and activating it instantly.

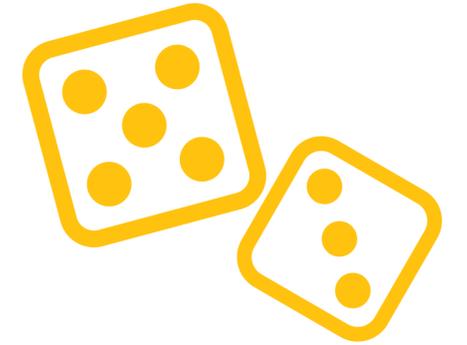

CASH MESH GAMES

Cash Mesh progressive jackpots can operate either separately or as a unified prize shared across all games featuring this functionality. In the Cash Mesh Unite mode, contributions from all connected games are pooled together, giving all Cash Mesh players an equal chance to win the main jackpot. This results in rapidly growing prize pools and more frequent jackpot wins in Cash Mesh games.

DICE GAMES

Dice Games, originally created by BF Games for the Belgian market, have become a global sensation! We currently offer 26 dice games, and our portfolio continues to grow. Our games are available under Belgian and MGA licenses, as well as in non-regulated markets.
