

Equip Yourself With The
Right Technical Skills That Lead To

A BRIGHT FUTURE!

INTRODUCTION

ConsulNet Corporation is a leading IT training institute registered with Pakistan Software Exchange Board (PSEB), serving a wide range of clients since 1998. With a mission to provide top-quality training in full-stack development, computer graphics, MS Office Suite, and CRM software. Our training programs cater to a B2B audience focusing on companies seeking to train their employees, as well as B2C audience for individuals seeking to acquire technical skills and mentorship.

We facilitate on-campus, on-client site (inter city and intra city), and online training programs to ensure that our clients have access to the training they need, when and where they need it. Given our footprint in Karachi, Jamshoro, and Skardu, along with the past experience of having conducted onsite programs at Hyderabad, Lahore, Multan, Rahim Yar Khan, and Chagai, we are ever ready to lead training programs across Pakistan.

Our training programs are developed and conducted by industry experts from some of the top organizations, such as Genetech Solutions, SadaPay, Quickstart, IBM Z, and Upwork. We offer customized training solutions for our corporate clients, including add-on features to suit their specific needs. If you are looking to hire a team of professionals committed to transparency, integrity, and diversity, and capable of facilitating national and international participants then we are the perfect match for you!

Partner with us today to tap into our training capabilities and take your team's skills to the next level.

Ministry of Information Technology
& Telecommunication

MINISTRY OF IT AND TELECOMMUNICATION PAKISTAN

In 2021 Consulnet facilitated MoITT on the 5 nation wide online workshops commenced on the annual Girls in ICT day. Consulnet was single handedly providing technical consultancy, workshop trainers, event management, session moderation student facilitation and certification for these ecommerce and mobile app development workshops. We were also responsible for the event promotions, and were successful in engaging participants from across Pakistan.
