Introduction

What's in the box

Angle Mount

#10 Wall Screws (4 pcs)
Length: 1.5 in Drive: Phillips #2

Carriage Bolts (4 pcs)
Length: 0.5"

#10 Wall Anchors (4 pcs)
Drill Size: 1/4" (6mm)

Hex Nuts (4 pcs)

Conduit Adapter
Thread: 3/4-14 NPT

#8-32 Junction Box Screws (4 pcs)
Length: 0.75" Drive: Phillips #2

#6-32 Junction Box Screws (4 pcs)
Length: 0.75 in Drive: Phillips #2

What you'll need

- TD63 Video Intercom
- A #2 Phillips screwdriver or power drill with a #2 Phillips driver bit
- 1/2 inch (12.7mm) drill bit, or larger, for routing cable through wall
- 1/4 inch (6mm) drill bit for wall anchor pilot holes
- 3/32 inch (2.4mm) drill bit for pilot holes

Compatible Products

- TD63 Video Intercom
- ACC-INT-HOOD-1

Overview

Hole Patterns

- A Direct wall mounting
- B Double gang junction box
- C U.S. Single gang junction box
- D Gooseneck mount
- E U.K. Single gang junction box

Installation

Mounting

For a solid material like wood or metal, drill 5/64 inch pilot holes. Drive mounting screws directly into the pilot holes using hole pattern A of the Angle Mount.

For drywall, plaster or masonry, separate wall anchors may be required.

For installation onto a junction box, use the corresponding mounting holes and provided machine screws.

For installation onto a gooseneck mount, use the corresponding mounting holes and provided carriage bolts / hex nuts.

Feed Ethernet cable through the center of the Angle Mount before fully securing it to the mounting surface.

Attach the Mount Plate provided with TD63 Video Intercom to the Angle Mount using the Mount Plate Screws also provided with the TD63 Video Intercom.

Feed Ethernet cable through the center of the Mount Plate before fully securing it to the Angle Mount.

Leave enough slack to safely handle the TD63 Video Intercom during installation.

For detailed mounting instructions related to Verkada TD63 Video Intercom, see its install guide.

Installation

Attach Conduit Adapter (Optional)

Unscrew the T10 screws attached to the conduit door, using a T10 Security Screwdriver.

Use the same screws to attach the conduit adapter in its place.

The conduit adapter can be mounted on either side of the Angle Mount.

The Angle Mount can be rotated 180° for preferred angle direction.

Appendix

Support

Thank you for purchasing this Verkada product. If for any reason you're experiencing issues or need assistance, please contact our 24/7 Technical Support Team immediately.

Sincerely,
