

# Power Smart Policing for Safer Communities

## Overview

Law enforcement agencies need real-time, actionable intelligence to solve crimes efficiently, especially with fewer resources. Equip your police department or sheriff's office with the intelligence they need to respond faster and coordinate more effectively.

## Trusted by top law enforcement agencies

Winston-Salem PD

Hopewell PD

East Greenwich Township PD

Lancaster PD

Parkersburg PD

Arlington PD

## Uplevel your real-time crime center (RTCC)

### Gather actionable intelligence

Rapidly solve crimes with AI-enabled cameras that offer powerful people analytics and License Plate Recognition.

### Quickly locate vehicles

Easily search vehicles by make, model, color, license plates, or freeform text descriptions.

### Easily find people of interest

Find suspects and missing persons by their faces, clothing descriptions, or photos.

### Get live alerts for smart policing

Set alerts to instantly notify you when cameras detect people, vehicles, or license plates that match your criteria.

### Gain video context with LPR

Pair LPR cameras with PTZs or multisensors for video context that go beyond photos, offering insights into vehicle details and movements.

### Integrate with Axon Fusus

Out-of-the box integrations with Axon Fusus and Evidence power unified visibility and streamlined evidence management.

## Enhance public safety with agile solutions

### Enable mobile monitoring

Easily set up streetlight and mobile monitoring units with Verkada cameras, cellular gateways, and solar power solutions via trusted partners.

### Promote community safety

Monitor outdoor events and help local businesses combat vandalism and crime with easy-to-deploy camera solutions.

### Coordinate with schools

Schools using Verkada can quickly grant law enforcement access to an entire floor plan and its cameras via text, a URL link, or direct user access.

### Share intel with officers on-site

Dispatch teams can share real-time intel or footage with officers on scene to reduce reliance on witness accounts.

### Resolve traffic disputes

Quickly assess the trajectories of people and vehicles at intersections or roads to identify fault and resolve traffic disputes.

### Extend patrol coverage

Use Verkada cameras as alarm triggers in city or county buildings with built-in professional monitoring and video verification.

## Optimize station operations

### Restrict building access

Cloud-based access control safeguards sensitive areas like IT and evidence storage rooms with role-based permissions, customizable door schedules, and audit trails.

### Monitor station entryways

Protect and monitor entrances, lobbies, and holding cells with video intercoms that allow you to answer calls from anywhere.

### Enhance sally port security

Reduce blind spots in sally ports with 180-degree fisheye cameras that provide fuller visibility during prisoner transport. Easily share or download footage for use in court.

## Why Verkada?

**No NVRs or DVRs**  
– up to 365 days of onboard storage

**FY2019 NDAA, TAA, and FIPS-validated camera models**

**Up to 10-year product warranty**  
and predictable renewal costs

**24/7 technical support**  
via email, phone or live chat

**High-level security**  
– SOC 2 Type 2 and Enterprise Controlled Encryption

**Automatic updates**  
to unlock features and maintain security

### Video Security

AI-enabled, bandwidth-efficient cameras provide 24/7 recording, up to 365 days of onboard storage, and industry-leading image quality.

### Access Control

Easily automate door schedules and provision staff credentials with cloud-managed controllers and access control software.

### Alarms

Catch trespassing and break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

### Intercom

Answer calls from anywhere with sharp video, clear audio, and four smart receiver methods.

### Air Quality Sensors

Protect critical evidence and IT equipment with real-time alerts for noise, humidity, temperature, and other air quality indicators.

### Connectivity

Easily set up streetlight and mobile cameras with gateways that deliver power and data.

### Guest

Streamline visitor check-ins with automatic photo ID and form capture, plus instant host notifications.

### Mailroom

Track package drop-offs with a simple mobile scan and automatically notify recipients.

### Viewing Station

Stream up to 300 live camera feeds for real-time visibility and faster incident response.
