# One Platform to Simplify Building Security

Verkada provides a modern suite of physical security devices that integrate seamlessly with an intuitive software platform to help increase security while simplifying management.

Accelerate incident response

Maintain employee safety

Lower total cost of ownership

## Key benefits

**Monitor from anywhere**

Find, save and share footage on–the–go. Plus, share live camera feeds with local authorities in seconds.

**Control access with ease**

Enable mobile credentials and SCIM integrations, along with door schedules and group–level access to specific areas.

**Respond to incidents in real–time**

Receive SMS and email alerts for meaningful events, while reducing false alarms with video–verified intrusion detection.

**Enhance indoor environments**

Monitor air quality, noise levels, smoke and vape emissions to enhance environmental quality, health and safety.

**Personalize guest check–in**

Create sign–in flows for all types of visitors. Centrally manage guest logs, review video footage and remotely unlock doors.

**Centralize building operations**

Maximize efficiency with a single platform to manage air quality, security, visitors package delivery and more.

## Customer stories

**mikemorselawfirm**

**Mike Morse Law Firm**

"We use Occupancy Trends to identify traffic patterns and decide whether we should have a remote, hybrid work, or in-person office culture."

**John Georgatos,**
Chief Information Officer

**CITRIX®**

**Citrix**

"We don't have to look at servicing Verkada. The software is updated with new features regularly, and all the patching is done for us."
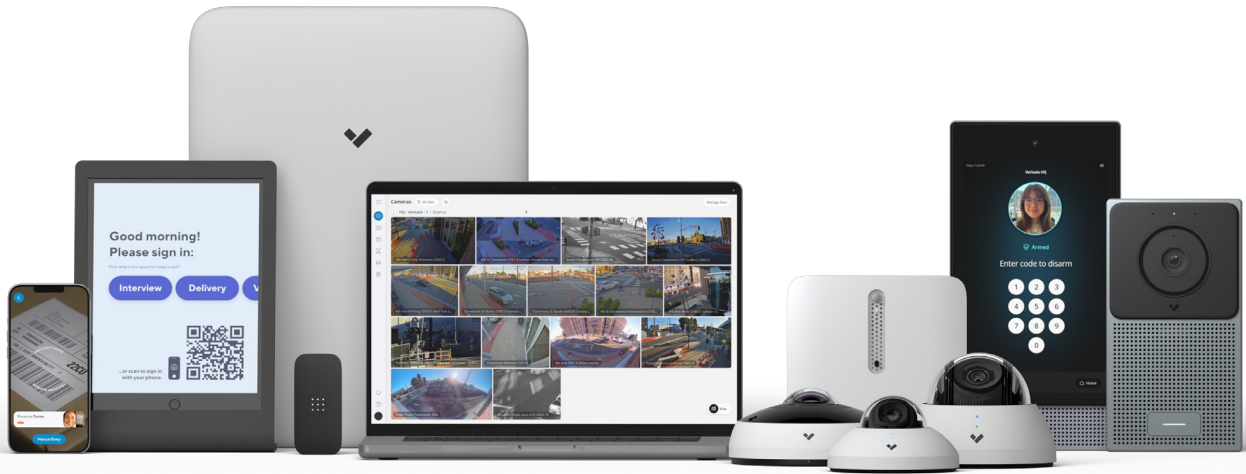

**Jason Keen,**
Global Head of Security Operations

**BLANKROME**

**Blank Rome LLP**

"Verkada make my life easier, and effectively meet the security needs of our firm. I'm a big fan… there's no point getting anything else going forward."

**Khatchig Parounakian,**
Assistant Director of Facilities Security

to unlock features and maintain security

### Command Platform

Manage devices, users and sites from a single pane of glass — accessible from a simple web browser or mobile app.

### Guest

Personalize the check-in experience with custom sign–in flows, complete with security and health screens.

### Mailroom

Streamline mailroom management and safeguard assets with native camera integration.

### Video Security

Hybrid cloud cameras offer onboard storage and edge–based processing to reliably deliver insights in real–time.

### Air Quality Sensors

Monitor environments for air quality, temperature, humidity, motion, noise, smoke and vape emissions.

### Intercom

Answer calls from anywhere with sharp intercom video, clear audio and four smart receiver methods.

### Access Control

Easily manage doors and credentials with Global Access and Active Directory integrations.

### Alarms

Catch and respond to break-ins with cloud–managed intrusion detection and 24/7 professional monitoring.
