An Integrated Security System for Nonprofits

Community-oriented nonprofits are often vulnerable to vandalism and attacks. Verkada is a fully integrated physical security solution that combines intelligent devices with an intuitive user interface, enabling secure remote monitoring and faster incident response.

Lower cost of ownership

Simplify management

Gain peace of mind

Key benefits

Improve visibility and threat response

Reduce false alarms with built-in video verification and ensure priority emergency response for confirmed threats.

Detect intrusions after-hours

Keep facilities secure with 24/7 professional monitoring and reduce false alarms with video-verified intrusion detection.

Monitor sites from anywhere

Find, save and share footage on-the-go. Plus, share live camera feeds with local authorities in seconds.

Proactively respond to incidents

Receive alerts for meaningful events, including the presence of Vehicles or People of Interest.

Lockdown doors in seconds

Lockdown doors from a panic button, web browser or mobile app while still allowing first responders access.

Secure buildings with ease

Provision staff with role-based access, and pair access control with cameras for instant visibility over door-based events.

Customer stories

YMCA

"In the period of time that I've used Verkada, I've already been introduced to new features and capabilities. Best of all, these updates are automatic and free. YMCA moved from 20-year-old technology to software that makes security management easier every day."

Jon Cooper,
Facilities and Maintenance Manager

Boys & Girls Clubs

"We chose Verkada because of its current capabilities and future functionalities, the software stack is always evolving so it's an investment that retains its value over time. As the feature set grows, we keep finding new ways that it generates value for us."
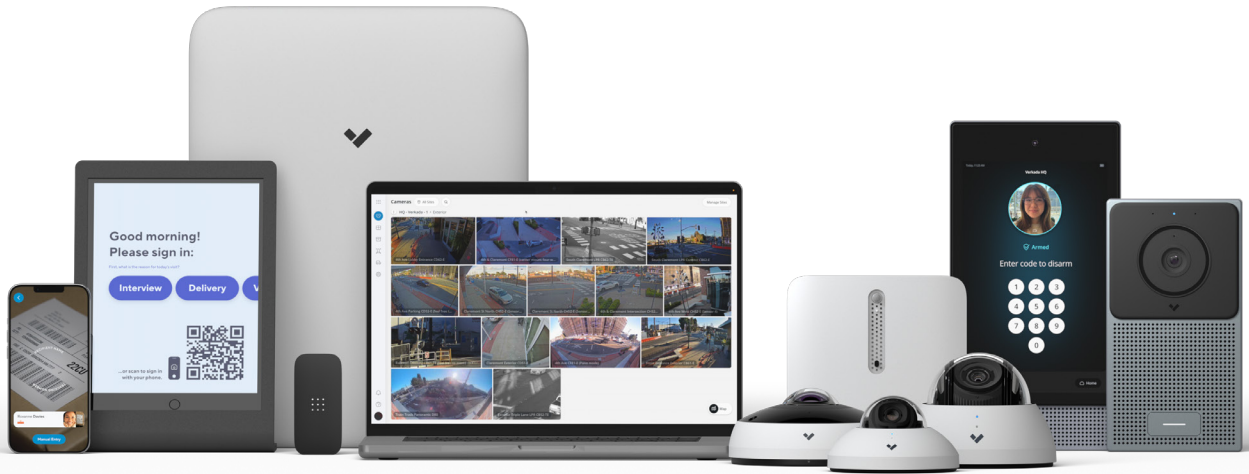

Jon Blazak,
Chief Financial Officer (CFO)

Goodwill

"(With Verkada), we've standardized the way we manage security. Now it takes a few clicks to resolve a case. The team no longer needs to travel onsite because we can access any of our systems from a desktop browser or mobile device."

Nicholas Paczkowski,
Director of Safety and Loss Prevention

Why Verkada?

No NVRs or DVRs
– up to 365 days of onboard storage

Unlimited user seats
and cloud archiving

Up to 10-year warranty
