Leading Cloud-Based Physical Security

Verkada is #1
in Cloud Video Security and Cloud Access Control*

Key Benefits

Unified platform

Protect people, assets, and places from a single integrated platform with robust privacy controls.

Powered by AI

Get proactive notifications and streamline investigations with powerful AI-enabled alerts and analytics.

More than security

Improve health and safety, support compliance, and increase operational efficiency with video-based insights.

Authorized resellers

Command

Manage devices, users, and sites from a single pane of glass, accessible from a simple web browser or mobile app.

Access Control

Manage employee access and credentials from a web-based platform with built-in identity management integrations.

Intercom

Answer calls from anywhere with sharp intercom video, clear audio, and four smart receiver methods.

Workplace

Manage visitors and deliveries with guest and mailroom software, enhancing security along with workplace operations.

Connectivity

Deploy Verkada cameras and devices in hard-to-wire locations using LTE or Wi-Fi gateways or mobile security trailers.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to deliver AI-powered insights in real time.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Air Quality Sensors

Monitor environments for air quality, temperature, humidity, motion, noise, smoke and vape emissions.

Command Connector

Seamlessly transition to the cloud by bridging your non-Verkada cameras to Command and unlocking advanced video analytics.

*2023 Novaira Insights market share data for video surveillance cloud solutions (world excl. China). 2024 Omdia worldwide market share data for cloud-native, access control solutions that push mission-critical services into the provider's cloud tenancy; excludes ACaaS solution providers that materially split the execution locus for analytics between on-premise hardware and cloud.

1

AI to Protect the Physical World

Freeform text search and alerts

AI-powered unified timeline

People and vehicle analytics

AI-powered deterrence

Occupancy and queue trends

Person or license plate of interest

License plate recognition

AI-powered activity detection

Face authentication to unlock doors

Live face blur

Loved by Every Team

IT professionals

Zero-touch maintenance with automatic security updates as well as encryption in transit and at rest to protect against known and emerging threats.

Security & loss prevention

Proactively mitigate threats, monitor from anywhere and receive real-time alerts of meaningful events.

Facilities & operations

Gain actionable insights to protect people, assets and facilities — while ensuring efficiency and productivity.

All-in-one system

"Verkada has been a real game-changer for us. I would recommend it to any organization looking for an all-in-one, scalable security system."

Jeff Graves,
Director of IT
Los Angeles Rams

Scale with ease

"For a city of our scale, agility is critical. With Verkada, we are able to automate emergency response, provide access to first responders immediately, and do so from one simple platform."

Michael Sherwood,
Chief Innovation Officer
City of Las Vegas

Seamless access from anywhere

"The mobile app has the same capabilities as the web portal, there are so many features that help save time. I can search for vehicles and people, share live camera feeds with first responders and send archived footage from any device."

Dennis Haynie,
Executive Director of Technology
Andrews Independent School District
