

Yes, It's True

By Anna Von Reitz

Washington, DC, is a ghost town. Most of the big “government buildings” are closed and boarded up.

Some have been that way since 2009 when the Federal Reserve System was bankrupted. Some, like the “FBI Headquarters” that is the subject of this video clip have been shut down since 2015 when the UNITED STATES, INC. was bankrupted:

Many of the names of offices, departments, and agencies have been subtly changed and addresses have changed. Cartel-like business umbrella corporations like “the United States Government” have been busted up.

You must be prepared for this reality. The picture of Washington, DC, that you probably remember as a bustling international capitol is gone and has been gone for a long time.

Part of what the [January 6th](#) Visitors saw was the actual condition of the city and nobody from inside the Beltway wanted that image brought home.
