

## **ASPECT ONLINE COMMUNITY GUIDELINES**

Last update: May 16, 2024

We're thrilled to have you join ASPECT's online community and share your thoughts. Your voice matters, so please feel free to ask questions and leave feedback. Our team will do its best to get back to you promptly. We do keep an eye on our social media channels and monitor them, but don't worry, we love to foster open discussions and hear different perspectives. Don't hesitate to jump in and be part of the conversation!

To help everyone enjoy ASPECT's online community, we ask that when you post, you keep in mind the following:

- Defamatory, indecent, offensive, profane, discriminatory, misleading, unlawful, or threatening comments don't foster a safe space for open discussions.
- ASPECT's online accounts are not the place for posting promotional material or links to third party websites.
- We reserve the right to delete comments at our discretion and block any repeat offenders. We will remove content that is fraudulent, deceptive, or misleading.
- Coordinated group attacks will not be tolerated.
- Respect that other people in the community have had different life experiences and may have a different perspective to yours. We welcome different viewpoints.
- Our community is a public place. Careful not to post personal information that you would not be comfortable sharing with a stranger. We recommend that you don't post any information that may identify you or anyone else, such as your address, email address or phone number.
