6.6.1. UNIVERSITY GOVERNANCE

The organogram of the university is given below

6.6.1.1. Vision, Mission and Goals: Whether the University has published vision document and has developed the plan of implementation with time frame and proposed financial arrangement? Whether the University has planned, developed, implemented, and evaluated intentional and purposeful programs/services that may facilitate students and other stakeholders of the University provide one paragraph for each.

Yes, the University has published vision document entitled "CAU Vision 2030". The **Mandate** of the University as stipulated in the Act are:

- To impart education in different branches of agriculture and allied sciences as it may deem fit,
- To further the advancement of learning and prosecution of research in agriculture and allied sciences,
- To undertake programmes of extension education in the states under its area of jurisdiction and
- To undertake such other activities as it may determine from time to time.

Keeping the mandate in view, the **Mission** of the university is to be a Centre of Excellence in Teaching, Research and Extension Education in the field of Agriculture and Allied Sciences.

To fulfil the mission, the university has set the following **Goals**:

- To produce globally competitive graduates and postgraduates in agriculture and allied sciences.
- To develop sustainable and profitable farming systems for enhancing productivity, production and profitability in agriculture and allied sectors.
- To educate the extension functionaries for effective dissemination of agro-technologies to the farmers, entrepreneurs and agro-industries.

- To be an important link in the chain for transforming agriculture and allied vocations into profitable enterprises and ensuring food and nutritional security to the people of NEH region.

To meet the goals, the University has laid down the following **objectives**:

- To establish and develop excellent constituent colleges that offer undergraduate and postgraduate education in various states of the NEH Region under the area of jurisdiction of the university in the fields of agriculture, agricultural engineering, food technology, fisheries, home science, horticulture, forestry and veterinary sciences and animal husbandry.
- To impart quality education so as to produce globally competitive graduates and post-graduates in different areas of agriculture and allied sciences including interdisciplinary areas, who are confident and capable of working as scientists, entrepreneurs, managers, agro-industrial workers and progressive farmers.
- To establish research stations and specialized research laboratories for taking up basic and applied research by the scientists and postgraduate students.
- To develop and demonstrate alternative farming systems which help the farmers to improve their productivity and profitability while preserving and improving the environment.
- To establish transfer of technology centres including Krishi Vigyan Kendras (Farm Science Centres) for developing effective extension methodologies and training the trainers in information dissemination.
- To popularize improved farming systems, technologies and equipment on pilot basis as a model for other extension agencies.
- To offer short-term refresher and vocational courses and training programmes to the officials of state government departments, farmers, entrepreneurs and agro-industrial houses.
- To have collaborations in the field of teaching, research, transfer of technology and developmental activities with the development departments of the state as well as national and international institutions including industrial and business houses.
- To provide consultancy services to progressive farmers, agro-industries and others involved in agriculture and allied sectors.
- To act as documentation and information centre on agricultural education, research, extension methodology and rural development.

In order to achieve the goal, the University has put in place elaborate plans effecting all the three wings of the University viz Teaching Research and extension, the detail of which are provided in the vision document of the University. The University also has a PME cell with a view to monitor and course correction of various programs and activities started/conducted by the University to be in line with the University's vision. In order to increase the agricultural literacy of the north east region, 6 new colleges were started one each in the state of Sikkim, Meghalaya, Nagaland, Mizoram, Manipur & Arunachal Pradesh. Since the last accreditation, new programs in UG, PG & Ph.ds were also started to cater to the academic needs of the region. The University has also signed MoU's with number of academic & research institutions, industries, NGO's etc for fulfilling the mission and goals of academic excellence and delivery of scientific innovation-based technologies and other information to stake holders.

6.6.1.3. University Statutory officers and their selection process: Provide list of the statutory officers sanctioned in the Act, present position, their mode of appointment (selection/nomination), joining date, tenure. Please provide the reason of those statutory officers who have not been appointed so for.

List of Statutory Officers of the University:

1. Vice Chancellor
2. Directors
3. Deans
4. Registrar
5. Comptroller

Present Position:

1) CAU HEADQUARTERS

1. Dr. Anupam Mishra, Vice Chancellor, CAU, Imphal, Manipur. Joined on 17.10.2020
2. Dr. S. Basanta Singh, Director of Instruction, CAU Hqs. Imphal, Manipur. Joined on 05.02.2018
3. Dr. S. Basanta Singh, i/c Director of Research, CAU Hqs. Imphal, Manipur. Joined on17.10.2020
4. Prof. Ph. Ranjit Sharma, i/c Director of Extension Education, CAU Hqs. Imphal, Manipur. Joined on 02.05.2021
5. Prof. K. Mamocha Singh, i/c Registrar, CAU Hqs. Imphal, Manipur. Joined on 02.05.2016
6. Shri M.C. Jublani, i/c Comptroller, CAU Hqs. Imphal, Manipur. Joined on 15.04.2021

2) DEANS OF CONSTITUENT COLLEGES

1. Dr. B.N. Hazarika, Dean, College of Horticulture and Forestry, Pasighat, Arunachal Pradesh. Joined on 11.02.2019.
2. Dr. B.N. Hazarika, i/c Dean, College of Agriculture, Pasighat, Arunachal Pradesh. Joined on 11.02.2019.
3. Dr. L. Hmar, Dean, College of Veterinary Sciences & Animal Husbandry, Selesih, Mizoram. Joined on 18.01.2019.
4. Dr. P.P. Dhabral, Dean, College of Agril. Engg. & PHT, Ranipool, Sikkim. Joined on 28.12.2017.
5. Dr. P.P. Dhabral, i/c Dean, College of Horticulture, Bermiok, Sikkim. Joined on 01.04.2019.
6. Dr. Indira Sarangthem, Dean College of Agriculture, Imphal, Manipur. Joined on 14.05.2019
7. Dr. U.K. Behera, Dean College of Agriculture, Kyrdemkulai, Meghalaya. Joined on 18.01.2018.
8. Prof Puspita Das, i/c Dean, College of Community Sciences, Tura, Meghalaya. Joined on 01.10.2017.
9. Prof R.K.Saha, i/c Dean, College of Fisheries, Lembucherra, Tripura. Joined on 12/5/2021
10. Dr. Wricha Tyagi, i/c, Dean, College of Post graduate Studies in Agricultural Sciences, Barapani, Meghalaya. Joined on 03.03.2021.
11. Dr. Ng. Joykumar Singh, i/c Dean, College of Food Technology, Imphal, Manipur Joined on 28.10.2020.
12. Dr. AK. Sangwan, i/c Dean, College of Veterinary Sciences & Animal Husbandry, Jalukie, Nagaland. Joined on 01.06.2020.
13. Dr. Lalrinsangpuii, i/c Dean, College of Horticulture, Thenzawl, Mizoram. Joined on 17.07.2020.

Mode of appointment:

1. Vice Chancellor shall be appointed by the Visitor from a panel of not less than three persons who shall be recommended by a committee constituted under clause 2 of the statutes from amongst persons of eminence in education in general and agricultural sciences in particular. Vice Chancellor shall hold office for a period of five years and shall not be eligible for reappointment, provided that notwithstanding the expiry of his term of office, the Chancellor shall continue to hold office until his successor enters upon his office.
2. Dean: Dean of the college shall be appointed by the Board on the recommendation of the Selection Committee constituted for the purpose as per the clause 18 of the statutes. Dean shall hold office for a term of five years and shall be eligible for re-appointment, provided that a Dean on attaining the age of sixty-five years shall cease to hold office.
3. Director Instruction/Research/ Extension Education: Directors shall be appointed by the Board on the recommendation of a Selection Committee constituted for the purpose. Directors shall hold office for a term of five years and shall be eligible for reappointment.
4. Registrar: Registrar shall be appointed by the Board on the recommendation of a duly constituted Selection Committee under clause 18 of the Statutes and he shall be a whole-time salaried officer of the University. He shall be responsible to the Vice Chancellor for performance of his duties. Shall be appointed for a period of five years and shall be eligible for reappointment and shall retire on attaining the age of 62 years.
5. Comptroller: Comptroller shall be appointed by the Board on the recommendation of a duly constituted Selection Committee under clause 18 of the Statutes and he shall be a whole-time salaried officer of the University. Appointment shall be for term of five years and shall retire on

attaining the age of 62 years. May also be appointed on deputation for a specific period not exceeding five years.

Reason of those statutory officers who have not been appointed so far: Due to superannuation of the regular directors/ deans, advertisements were already made for appointment of these vacant posts. However, due to the prevailing pandemic, interviews could not be conducted. Interviews for these posts will be conducted as soon as the situation improves.

6.6.1.4. Decentralization of power: Decentralized systems are those in which central entities play a lesser role in any or both of fiscal and administrative dimensions in the agricultural universities. The information on financial autonomy and sanctioning power to the Dean and other officers of the University shall be provided. Whether the necessary administrative powers have been delegated to the Statutory officers of the University? Provide the list.

- University follows standard decentralization of power as per act and statute of the University which is given in section 6.6.1.2.

6.6.1.5. Supporting Units: Whether the University has established Maintenance cell, SC/ST Cell and Health facility and what is the present mode of functioning of these units to support the student, staff and University infrastructure?

- **Health Facility:** Each constituent college has well equipped medical unit for regular health check-up of staff and students. These 24X7 hours medical facilities are available in all campuses with well qualified resident medical officers assisted by compounder cum dresser, trained nurses and attendants. Ambulance services are also provided for the students and staffs for emergencies and effective health care management. The centre is also the place for conducting Students' counselling as and when required under the guidance of the clinical psychologist.

Medical facilities available in the colleges

- **SC/ST Cell:** Each constituent college has a special SC/ST Cell where a committee is looking after the needs of the students belonging to the SC/ST. Review meetings are conducted on monthly basis. The committee also looks after the availability/dispersal of scholarships to these students in addition to other needs of the students. Grievance boxes are placed in strategic location for addressing the grievances of students, faculty and staff of the University. At the University level a liaison officer is appointed for looking after the grievances of the students, faculty and staff of the University.
- **Maintenance Cell:** Not Applicable

6.6.1.6. Technology Support: Information on Classroom technology (e.g., technology in rooms, computer labs), online learning tools, internet/Wi-Fi connectivity, student systems (e.g., online enrolment), business applications, computer help (e.g., setup for email, firewalls) and password resets being implemented at the University level. A brief note shall be provided.

- Under IDP of NAHEP sanctioned by ICAR, the university has established smart classrooms in 6 constituent colleges of the University. Through these classrooms all the constituent colleges are interlinked and common classes on same topics are being conducted for maintaining uniformity and academic standards. 6 Language laboratories and 6 incubation centres are also established under the IDP-NAHEP project in six constituent colleges of the University. All the constituent colleges have well established computer laboratories equipped with internet and computing facilities. The campus of the constituent colleges is provided wi-fi facilities with strong security, firewalls, antivirus software etc. All the faculty and staff of the University are provided an e-mail with the university domain and password resets are implemented in the University. For academic purposes, the University also follows the Academic Management System developed by ICAR for student's enrolment.

Smart Classrooms at constituent colleges of the University

Computer Laboratory facilities at constituent colleges

Language Laboratory facilities at constituent colleges

6.6.1.7. Institutional Data Base and Website Update: Whether the institutional extensive database of general and specific programs in partnering with peer universities, research institutions and government agencies are available in order to facilitate a wide variety of intellectual interactions and exchanges? Mention periodicity of Website updating.

- There is no partnering with peer university or research institutions or government agencies in terms of university database but the CAU technologies database are shared to the general public and is available for access from publications page.
- The website is updated on daily basis.

6.6.1.8. Interdepartmental Linkages: Provide information on whether the University is currently adopting decentralized, participatory, adaptive and multifarious demand-supply side extension research-academics approach; involving public, private and third sector (civil society) in research and extension programmes and strengthening capacity of framers, researchers and extension workers. Provide a note on interdepartmental linkages the University is currently having in practice. Is the University cultivating the collaborative culture within subject and across subjects?

Ongoing Projects under Directorate of Extension Education, CAU, Imphal implemented by diff. colleges and KVKs:

1. RKVY projects (RABI-Incubation Centres) in 3 colleges viz, college of Fisheries, Tripura; College of Horticulture& Forestry, Pasighat, College of Veterinary Sciences & Animal Husbandry, Aizawl.
2. Farmers; FIRST Programme sponsored by ICAR through ATARI Zone VII at CoA, Imphal
3. Fodder Project under NEH component funded by ICAR-IGFRI, Jhanshi
4. Front Line Demonstration (FLD) Project under NEH component funded by ICAR- Directorate of Rapeseed Mustard Research (DRMR), Bhartpur.
5. Weaver project at CoVSc & AH, Aizawl, Mizoram sponsored by DIC, New Delhi.
6. M4agri project sponsored by DIC, New Delhi running in 6 colleges viz., CoVSc & AH, Aizawl, CoF, Tripura, CoA, Imphal, CPGSAS, Barapani, CoHF, Pasighat, Arunachal Pradesh, COAE & PHT, Sikkim
7. Implementation of CIFT Affordable Technology Menu (ATM) suitable for OFTs/FLDs/Trainings by KVKs/Colleges on Fish processing and value addition under TSP component funded by ICAR-central Institute of Fisheries Technology (CIFT), Cochin.
8. Project entitled 'Developing a package of practice for brood stock management, breeding and marketing of different varieties of Japanese koi carp (*Cyprinus carpiovar koi*, Linnaeus 1758) for improving economic status of rural women in Manipur sponsored by DST, Ministry of Science& Technology.
9. Project on Biocontrol under NEH component sponsored by ICAR-National Bureau of Agricultural Insect Resources (NBRIR), Bengaluru.
10. Project entitled "Van Dhan Yojana- Entrepreneurship and Skill Development program (PMVDY-ESDP)" in the state of Arunachal Pradesh, Manipur, Mizoram, Meghalaya, Sikkim and Tripura through MTTC & VTCs with the help of KVKs and Colleges of CAU sponsored by TRIFED, New Delhi.
11. Project entitled "Backyard Biofloc Based Fish Farming in Manipur" under NEH component sponsored by ICAR- National Institute of Biotic Stress management, Raipur.
12. Project entitled "Integrated Farming System Demonstrations for sustained Economic and Livelihood" in Manipur sponsored by NEC, Shillong through ICAR-ATARI Zone- VII and to be implemented DEE, CAU, Imphal by involving the 8 KVKs of Manipur viz., Bishnupur (3 Villages),

Chandel (1 Villages), Kangpokpi (1 village), Noney (3 village) & Ukhrul (2 Village) – Administrative approval/Sanction received but fund not yet received (yet to implement)

13. Setting of Greenhouse/Polyhouse at NEC Model farm sponsored by IIVR, NEH component.
14. NEC Model Farm – construction and Infrast4ructures status and will be looked after by the committee.
15. Centre of Excellence- Integrated Bee Development Centre project IBDC Projects at CoA, Imphal
16. Centre of Excellence- Integrated Bee Development Centre Project sponsored by National Bee Board, New Delhi at CoHF, Pasighat, Arunachal Pradesh.
17. TSP (Tribal Sub Plan) funded by ICAR- Education Division, New Delhi

Ongoing Projects under Directorate of Instruction, CAU, Imphal implemented in six constituent colleges of the University.

The ICAR National Agricultural Higher Education project funded by World Bank was granted to Central Agricultural University, Imphal on 10th of December, 2019 with project cost of Rs 2456.04 Lakhs on the sub project - Institutional development plan (IDP) on "*Enhancing professional competence of students to address the emerging challenges in agriculture and allied sectors*". The vision of the project is for developing human resources equipped with knowledge base and capability of utilizing the agricultural resources in a sustained manner for overall wellbeing of society and the environment and the mission is to produce competent agri-preneurs with appropriate technical and managerial skills to support sustainable agricultural productivity in the changing climate scenario. The expected outcome of the project is i) Equipment of the students with skills for starting and to handle businesses based on agriculture ii) Enhance the capability of the faculty to address newer challenges in agriculture as a profession iii) Increase the effective usage of the resources within the University by modernizing the communication and information exchange channels.

6.6.1.9. Monitoring Mechanism: Whether the University is following comprehensive curriculum monitoring mechanism including teachers' self-reflection, surveys on teaching effectiveness, lesson observation, assignment inspection, examination papers review, appraisal system, and curriculum evaluation.

- Yes, the University is following comprehensive curriculum monitoring mechanism. The University follows the syllabus of 5thDeans recommendations in toto which has a provision of 5% modification. In each constituent college, the cell of the Assistant Registrar (academics) looks after all the curriculum-based activities of the college. In addition, specific committees are formed for maintaining the academic standards like Examination Committee, Answer Script Scrutiny Committee, Answer Script Moderation Committee etc. The Deans of the constituent colleges regularly conducts meetings for assessment of the teaching effectiveness. At Headquarter level, the Director of Instruction regularly conducts review meetings in online mode for evaluation of teaching performances for all the degree programmes.

6.6.1.10. Institute Quality Assurance Cell:

The university does not have cell named as "Institute Quality Assurance Cell", however it has established a Prioritization, Monitoring and Evaluation cell to maintain the quality of the institute. The details is given below.

- The Prioritization, Monitoring and Evaluation cell was established during the year 2019. It was revamped in 2021.
- The vision, mission and other details of the PME cell are detailed below.

Vision

To become catalyst the realization of vision of the University.

Mission

1. To be a central point for setting up of priorities in teaching, research and extension activities of the University
2. To be an agency for evaluation at regular intervals the activities undertaken as per priorities set by the University and where necessary, provide guidelines for course correction in activities being undertaken.

Objectives

1. To be a repository of all the activities of the University in terms of teaching, research and Extension.
2. To be a monitoring agency in conduction of activities as per the mandate of the University.

Functions

1. Creation of repository of the reports: the cell will create a repository of all the reports of the University- from all research units and the colleges. This will be starting point for creating of other activities. Reports will be collected for a period 2015 to 2020.
2. Creation of data base about the research projects: a database of all the research projects will be prepared. The database will include the research activities being undertaken- number of trials allotted, number of trails in operation. Fund and staff position.
3. Priority setting: A priority setting exercise of the University- at the Unit level (college and project level) as well as at the University levels. Preparation of monitoring indicators for the priority areas and evaluation.
4. Monitoring activities: the cell would like to take monitoring activities based on the priorities set as per the mandate of the University or as directed by concerned authorities so that different academic and research activities are aligned in line with the programme objectives priorities and methodologies.
5. University patenting apparatus- PME will undertake activities in patent filing and follow up activities. The cell will be positioning itself as a single window clearance cell for all patenting activities of the University.
6. Revamping of the University website with links to college and unit level websites.
7. Any other activities as may be assigned by the competent authority.

Supplementary functions

1. Preparation of roaster of external experts- In consultation with the colleges, a comprehensive list of experts in various disciplines will be prepared. The experts list will include names from both within and outside the country. The expert services may be taken up for strengthening of the University programmes of teaching, research and extension and in other activities like selection of staff or their career advancement.
2. Industrial linkages- the cell will help establish linkages with industry, industry experts and other stakeholder groups for transmission of the knowledge gained by the University to the society and to fine tune the activities of the universities to become more society relevant.
3. Evaluation of teacher and scientists- periodical assessment of staff is an important aspect of the evaluation of the activities of the staff of the university. The cell will undertake such activities through preparation of proformas for evaluation, evaluation guidelines and such other infra as may be needed for such activities.
4. Development of propriety software-Most of the PME cell activities are data base in nature, therefore Microsoft Excel is sufficient. However, the PME cell has project management aspects, MS project is an appropriate tool which will also can be used. As such under the NAHEP, the University is

linking all the Campuses to become part of Virtual Office. Hence, any specific need for software will be obtained from govt/private sources

6.6.1.11. Collaboration with Academic Institutions and Industry: What type and how much collaboration are currently in place with academic institutions and industry? Does the University have some more proposal for the future collaboration? Give details with road map.

- The university has signed MoU with the following 20 institutes for strengthening the academic, research and extension activities of the university.

1.	**Indian Veterinary Research Institute (Deemed University), Izatnagar, Uttar Pradesh**
2.	ICAR- National Research for Orchids, Pakyong, East Sikkim
3.	Assam Agricultural University, Jorhat, Assam
4.	Indira Gandhi Krishi Vishwavidyalaya, Raipur, Chhattisgarh
5.	Agriculture Skill Council of India (ASCI), Government of India, Gurgaon, Haryana
6.	CCS National Institute of Agricultural Marketing, Government of India, Jaipur, Rajasthan
7.	Tuljaram Chaturchand College, Baramati (Pune), Maharashtra
8.	Central Potato Research Station, Shimla, Himachal Pradesh
9.	ICAR-Central Institute of Fisheries Technology, Kochi, Kerala
10.	The ICFAI University, Tripura
11.	Sam Higginbottom University of Agriculture, Technology and Sciences, Allahabad, Uttar Pradesh
12.	Western Sydney University, Australia
13.	Indian Institute of Governance and Leadership (IIGL), New Delhi
14.	ICAR-Central Institute of Fisheries Education, Mumbai
15.	ICAR-Research Complex for NEH Region, Umiam, Meghalaya
16.	Sikkim Manipal University, Tadong, Gangtok
17.	ICAR- National Bureau of Agricultural Insect Resources, Bengaluru, Karnataka
18.	ICAR- National Academy of Agricultural research Management (NAARM), Hyderabad and NAHEP, New Delhi
19.	National Cooperative Development Corporation (NCDC), New Delhi
20.	ICAR- National Dairy Research Institute, Karnal, Haryana

The University has also signed MOU with 11 nos Institutes/industries/NGOs for strengthening of agriculture related skill development programs for unemployed youth belonging to SC/ST/OBC/PwD/Women/EWS of society across the six states of North East India.

1.	**Agricultural Skill Council of India (ASCI), Gurgaon, Haryana- to impart training at the level of UGC-NSQF**
2	TRIFED, New Delhi- to identify areas of Cooperation for development and promotion of tribal products in the region.
3.	ICAR-NAARM, Hyderabad to build capacity in agricultural research education and extension education systems and provide policy advocacy for the National Agricultural Research and Education system (NARES).
4.	EFAARMS Solution Pvt. Ltd., Bangalore- to provide one stop shop for Farmers and entire farming community of the NEH region.
5.	ICAR- IGFRI, Jhansi – provides training & inputs of folder crops.
6.	The sustainable Environment Resource Institute (Innovior) New Delhi- to promote new technology innovation/new product design & manufacture etc.

7.	AYURVET Ltd., New Delhi – to undertake advanced research in herbal/medicinal plant cultivation, development on herbal drugs, hydroponics, vermicompost etc
8.	Indigrams Labs Foundation, New Delhi- to set up Agri-start up business and entrepreneurship.
9.	RKVY, New Delhi- to establish business incubation centres entrepreneurship development etc.
10.	Green Biotech Solution, Imphal- for commercialization of fish feed technology developed by CoF, Tripura, CAU Imphal.
11.	National Research Development Corporation (NRDC), GOI

6.6.2. ACADEMIC SUPPORT

The Directorate of Instruction was established in 2005 in accordance with the Central Agricultural University Act, 1992 (No.40 Of 1992) wherein the Director of Instruction is responsible for planning, co-ordination and supervision for all educational programmes in the various faculties of the University. The Directorate strives for quality improvement of education hence its various functions includes planning and academic coordination for teaching, quality of education, policy matters and system regarding resident instruction, overseeing the examination and evaluation, development and enforcement of curricula, development of educational technology and teachers' training programme to develop competence and qualified human resource, HRD of faculty, collaboration with national and international universities/institutes for academic excellence etc. Falling in line with the policies of the University and ICAR, the curricula and syllabi are revised periodically. Revision of syllabus and introduction of new courses are done based on the emerging needs. Special coaching programme are arranged in all the constituent colleges to facilitate good performance of students in the annual NET/JRF/GATE/ARS and other national level examinations.

Staff position of the Directorate

1.	**Director of Instruction**	**01**
2.	Deputy Director of Instruction	02
3.	Computer Operator	01
4.	Head Assistant	01
5.	Assistant	01
6.	Account Assistant	01
7.	UDC	01
8.	Stenographer	01
9.	LDC	03
10.	Driver	01
11.	MTS	04
12.	Clerk-cum-typist (contractual)	01
	Total Strength	**18**
IDP- NAHEP Project staff		
1.	System Analyst	01
2.	SRF	01
3.	Office Secretary cum Accountant	01
	Total Strength	**03**

6.6.2.1. Academic Council: Provide the composition and date of Academic Council Meetings held in last five years along with ATRs.

- Composition: As per provision laid down in Clause 14(1) of the Amended Statutes of the Central Agricultural University Act, 1992, the Academic Council shall consist of the following members:

(i) Vice Chancellor	-	Ex-officio Chairman
(ii) All the Deans of the Constituent Colleges	-	Members
(iii) Director of Research	-	Members
(iv) Director of Extension Education	-	Members
(v) Director of Instruction	-	Members
(vi) A Librarian to be nominated by the Vice-Chancellor on rotational basis	-	Members
(vii) 2(two) eminent Scientists to be co-opted from outside the University to be nominated by the Vice-Chancellor	-	Members
(viii) 7(seven) Heads of the Departments, at least one from each faculty to be nominated by the Vice-Chancellor	-	Members
(ix) 1(one) nominee of the North Eastern Council with specialization in Agricultural Sciences	-	Members
(x) Registrar	-	Ex-officio Chairman

Academic Council Meeting held in last 5(five years):

SL. No.	Year	No. of Meeting	Date
01	2016	15th Meeting	02.09.2016
02	2017	16th Meeting	05.06.2017
03	2018	17th Meeting	17.05.2018
04	2019	18th Meeting	08.01.2019
05	2019	19th Meeting	27.06.2019
06	2020	20th Meeting	08.06.2020
07	2020	21st Meeting	13.11.2020
08	2020	22nd Meeting	15.12.2020
09	2021	23rd Meeting	27.04.2021

ATRs of 15th to 23rd Meeting of Academic Council are enclosed as ***ANNEXURE – B***

6.6.2.2. Innovation and Best Practices: An innovative practice could be a pathway created to further the interest of the student and the institution, for internal quality assurance, inclusive practices and stakeholder relationships. What are the innovative efforts of an institution that help in its academic excellence?

- The University is offering 3 types of awards for promotion of excellence in teaching, students research and extension activities (i) CAU Best Thesis award (for PG theses) (ii) CAU Best Faculty award (iii) CAU Best Extension Professional Award.
- 6 incubation centres specific to students are established in six constituent colleges of the University under IDP-NAHEP funded by ICAR for inculcating Entrepreneurship Development skills of the students.
- Competitions/Hackathons are organized within students with cash prize to encourage the students for development of entrepreneurial skills.
- The Prioritization, Monitoring and Evaluation cell (PME) was established during the year 2019. The main objectives of the PME Cell is (i) To be a repository of all the activities of the University in terms of teaching, research and Extension and (ii) To be a monitoring agency in conduction of activities as per the mandate of University.

- The Resource Management Cell (RMC) was established during the year 2020 with the objective (i) To strengthen the institutional mechanism to protect/ manage innovations/ intellectual properties (IPs) generated in CAU, Imphal (ii) To augment capacity building through training to innovators/ faculty members/ scientists in IPRs and technology transfer/commercialization dimensions (ii) To explore and support appropriate technologies/ innovations with future potential for technological leadership (iv) To provide financial support for taking up promising innovations or technologies (v) To enhance revenue generation through custom hiring of services and available infrastructure, machinery and other resources of the University (vi) To encourage the faculty and scientists for taking up consultancy services.
- The Public Relations & Media Management (PRMM) Cell, CAU, Imphal was established by the University in 2020 to look after the media, publicity and information of the University. The cell aims to bring this university to the top through brand building and promotion. The cell looks after all communications and publicity – internal and external and also serve as the official spokesperson of the university. The role of PRMM cell is to manage relations with external stakeholders through several media relation activities. It accomplishes this through engagement with the print media, electronic media, website and other social media platform. The cell also manages internal communication by highlighting events, happenings, and achievements of the administration faculty students scientists and others. PRMM cell will highlight all the important happenings as well as events in the university by sharing with the external world.
- Uniform common end term theory examination for undergraduate students were held from 2018 onwards for common faculties for fair assessment/evaluation of the students belonging to same disciplines which also brought a conducive atmosphere amongst the faculties/students.
- Startup & Idea seeding workshops are organised in constituent colleges.
- A total of 7 nos. of National training on Entrepreneurship development , 11 motivational talks, 8 interaction programs with entrepreneurs, 30 communication skills and personality development programs, 9 Innovation and leadership development programs , 3 nos. of training on networking & negotiation skills, 32 value chain development workshop in agri-entrepreuner, 6 gender analysis skill program for agriculture & allied sector, 5 Business management skill training program, 6 workshops on startup, 9 environment related workshops, 5 faculty development trainings, 3 social issues , 9 out of box initiatives (student innovative ideas competitions, ex-tempore speech, poetry recitation, poster making competitions etc) were conducted from 2019 till date under the IDP-NAHEP sanctioned by ICAR.

6.6.2.3. Library: Write about the University library (in one page) mentioning its space for stocking and reading, automation, library staff, library committee meetings, library management system, text books availability, subscription of research journals, periodicals, e-journals and other necessary state-of-the-art software/ programme, timing etc.

- There is no University Library as University headquarters has no teaching departments. All thirteen constituent colleges of the University is having digitally interlinked well equipped library facilities which provides its services to scholars, teachers and staff of the college. Library has e-resources including KOHA Online Library, IP-based academic e-journals, e-books and other e-literature, *etc.* In addition, library is receiving newsletters, annual reports, bulletins *etc.* from different organization. The Library provides circulation and reference services. All the in-house operations of the Library are fully computerized using the networked version of the software LibSys – 4 with OPAC facilities. The Library also has access to CeRA and India Agri Stat Consortium. Photocopying facility is also available in the Library. The details for library facilities for each constituent colleges are provided in the Self Study Report for accreditation of Colleges.

Library facilities at constituent colleges of the University

6.6.2.4. Centre for Excellence/Advance Studies/ Centre for Advanced Faculty Training: Clearly mention about the name, number, year of establishment, funding agency and outcome of Centre for Excellence/Advance Studies/Centre for Advanced Faculty Training.

Sl. No.	Name	Year of establishment	Funding agency	Outcome of Centre for Excellence
1.	**Centre of Excellence-** Integrated Bee Keeping Development	2017	National Bee Board, New Delhi	1. Establishment of bee disease diagnostic laboratory. 2. Organisation of awareness/workshops /training/ demonstration for scientific beekeeping & one State Level Seminar organized. 3. Establishment of extracting and processing unit for honey and other honey bee products.

	Centre (IBKDC), College of Agriculture, Imphal.			4. Provision for supply of honey bees to orchardists and management of native pollinators for pollination management of 10 units having 50 colonies in each, hives and equipment etc. 5. Establishment of honey and other beehive products testing laboratory. 6. Establishment of queen bee multiplication centre.
2.	**Centre of Excellence-** Integrated Bee Keeping Development Centre (IBKDC) at College of Horticulture and Forestry, Pasighat, Arunachal Pradesh.	2017	National Bee Board, New Delhi	1. Establishment of queen bee multiplication Centre 2. Establishment of bee disease diagnostic laboratory 3. Establishment of extracting and processing unit for honey and other honey bee products 4. Establishment of equipment manufacturing unit 5. Development of quality nucleus bee stock of *A. cerana.* 6. Provision for supply of honeybees to orchardists and management of native pollinator for pollination management 7. Establishment of bee flora nurseries 8. Monitoring the population dynamics of pollinators in ecological landscapes 9. Establishment of Honey and other bee hive products testing laboratory
10.	**DBT Unit of Excellence:** Understanding phosphorus deficiency and iron toxicity tolerance in rice under acidic soils of North East Hill region at College of Post Graduate Studies in Agricultural Sciences, Barapani, Meghalaya	2016	Department of Biotechnology, GOI	1. Availability of soil plots for screening of low phosphorus deficiency 2. Set of superior breeding lines performing better in acidic soil conditions 3. New members of OsGLK family identified for role in low phosphorus response. 4. No of personnel trained: 1 Ph.D., 2 JRF, Students are trained during 6 months period (4 with fellowship from DBT and 3 without fellowship) 5. One 7 days training on “genomic tools in crop improvement” conducted: 10 assistant professors level personal were trained 6. 3 publications: 2 papers>7 NAAS rating and 1 book chapter in Wiley & Sons Ltd, Oxford, UK (ISBN: 9781119633112)
7.	**Centre of Excellence on Fisheries and Aquaculture Biotechnology (CoE-FAB)**	2012	Department of Biotechnology, Govt. of India	1. Establishment of a referral Bar-coded fish museum 2. Establishment of Central laboratory with state of art facilities including Sequencer, Nutrient Auto Analyzer, Epiflurrosecence Microscope etc. 3. Establishment of Carp-Eco Hatchery

	at College of Fisheries, Lembucherra, Tripura			4. Establishment of Wet laboratory with 50 FRP tanks and 120 glass aquaria 5. Confirmed identification of 240 species based on classical taxonomy utilizing exhaustive sets of morphometric and meiristic characteristics molecular sequencing of 166 identified species 6. Establishment of a cold room 7. Brood stock development and package of mass seed production of indigenous fish species including Pengba (*Osteobrama belangeri*), Reba (*Cirrhinusreba*) and Pabda (*Ompokbimaculatus*) 8. Development of an *in situ*- hatchery for carps 9. Development of carp feeds utilizing local ingredients namely tapioca (*Manihot esculenta*), taro (*Colocasia esculenta*) and wolffia meal 10. Live wolffia based seed rearing of rohu (*Labeorohita*) and pengba (*Osteobrama belangeri*)
8.	**Centre of Excellence on Fisheries and Aquaculture Biotechnology (CoE-FAB) Phase II** at College of Fisheries, Lembucherra, Tripura	2019	Department of Biotechnology, Govt. of India	
9.	Advanced Animal Disease Diagnosis and Monitoring Consortium (ADMaC)	2014-2020	Department of Biotechnology, Govt. of India	1. Establishment of advanced level laboratory for diagnosis of endemic and transboundary diseases of domestic and wild animals including avian species. 2. More than 3000 specimens were tested for different bacterial, viral, parasitic and fungal diseases of livestock, poultry and wild animals of entire North eastern region. 3. Regular training programs conducted for the field veterinarians, para-vets and post graduate students including faculty members. 4. Human resources in the form of trained post graduate and doctorate students, field veterinarians, para-veterinarians, research fellows were developed to cater the services in the region. 5. The laboratory is catering service for diagnosis of infectious diseases of livestock and poultry.
10.	Star College Scheme	2020-2023	Department of Biotechnology, Govt. of India	1. Practical laboratories were equipped with basic and advanced equipment for BVSc&AH students. 2. The quality of undergraduate (BVSc&AH) course curricula is improved by introducing various new generation laboratory techniques in their practical courses. 3. Short term training, outreach program, invited lectures by eminent personalities are introduced for better understanding of the students. 4. Short term research work is introduced to improve the skill of the students in future research activities. 5. Short term training on handling and application of state of art instruments and laboratory techniques are introduced to improve their basic knowledge.

6.6.2.5. Incubation Centre/Start up units/ Venture capital: Provide the list of incubation Centre(s) start up units/ venture capital set up by the University for the promotion of technologies generated at the University.

- Three RABI-Incubation Centre in 3 colleges viz, college of Fisheries, Tripura; College of Horticulture & Forestr4y, Pasighat, College of Veterinary Sciences & Animal Husbandry, Aizawl.
- The University also established 6 nos. of Multi-technology Testing Centres (MTTC) and 6 nos. of Vocational Training Centres (VTC) in 6 campuses of the University. The MTTC is responsible for identification of location specific technologies developed in different campuses of the Universities. VTC provides 3 months - 1 year vocational trainings for increasing the entrepreneurship and other self employment courses for the educated youth and the unemployed youth of the region.
- The University also established 12 starts up in 3 states, *viz.,* Tripura, Arunachal Pradesh and Mizoram developed under RKVY-RAFTAR project.
- Six incubation centres have been initiated under IDP-NAHEP project in 6 constituent colleges of CAU, Imphal for Under Graduate students

Incubation Centres established in the constituent colleges under IDP-NAHEP

6.6.2.6. Technology Enabled Learning Resources: Technology allows for personalizing learning, building capacity of teachers and driving decisions based on real-time data. What kind of infrastructure, digital content, teacher training and data systems have been created in this regard. What are monitoring and evaluation frameworks to maintain and sustain these facilities?

- The University is using Zoom & Google meet platforms for online classes and interactions/faculty development programs. Under IDP- NAHEP, smart classrooms are developed which is used for conducting online classes and faculty trainings. These training programs/ classes are interlinked with other constituent colleges of the University.

Interactive class in progress with help of Smart/Virtual classroom facility

6.6.2.7. Integrated Learning Systems (Experiential Learning): How many these units have been sanctioned by the ICAR? Mention the functional condition of each unit. Provide data regarding year wise profit sharing with the students from each unit.

- NIL. (No unit of Integrated Learning Systems (Experiential Learning) has been sanctioned by the ICAR).

6.6.2.8. Academic Industry Interface: Mention the important channels for knowledge transfer between University and firms. How the university has been benefited in last five years in terms of resource mobilization, research funding, knowledge transfer and others.

- The knowledge from the university is transferred through different workshops, training programmes, meetings like interface meetings etc. to the farm and academic communities. In addition to that CAU comes out with a number of publications for academic, research and farm communities. The list of publication is given below:

1.	CAU Newsletter - Quarterly
2.	CAU Farm Magazine- Quarterly
3.	CAU Kishan Diary/Nirdeshika- Yearly
4.	Desk Calendar- yearly
5.	Desk Calendar- yearly
6.	Table top Calendar- yearly
7.	RAF- Souvenir- yearly
8.	RAF- related publication- yearly
9.	Annual Action Plan- Extension Education
10.	Annual Report – Extension Education
11.	Training manual/Guide book/books/Success Stories etc.
12.	Other publications: Short Video clippings/CAU Technology Book/leaflets/booklets/Digital Album/Tel. directory etc.

6.6.2.9. National Ranking (ICAR/MHRD): Mention about the rank of the University in last five years in the NIRF from ICAR/MHRD.

Sl No.	NIRF	YEAR	Ranking Status
1.	ICAR Ranking of Agricultural Universities	2017	13th rank
2.	ICAR Ranking of Agricultural Universities	2018	25th rank
3.	NIRF by MHRD in Overall category	2019	151-200th rank
4.	ICAR Ranking of Agricultural Universities	2019	25th rank

6.6.3. RESEARCH SUPPORT

6.6.3.1. Research Council: Mention the present composition of the research council and provide the dates of meetings in last five year in tabular form.

- **Composition of the research council:**

  The research council comprises of one Chairman, two External Experts and 4-5 members, all the Deans of the constituent colleges of the University, Chairman and member of College Research Advisory Committee, Director of ICAR RC for NEH Region, all the Joint Directors of different centres (6) of ICAR, RC for NEH region. Director Research acts as Ex-Officio Secretary and Hon'ble VC acts as Ex-officio Chairman of the council.

- **Dates of meetings (Research Council) in last five year in tabular form:**

Sl.No.	Number	Date	Venue
1	6th	17/10/2015	College of Veterinary sciences & Animal Husbandry, CAU, Selesih, Aizawl, Mizoram
2	7th	26/10/2016 To	College of Agriculture, CAU, Iroisemba, Imphal

		27/10/2016	
3	8th	22/11/2017 To 23/11/2017	College of Agriculture, CAU, Iroisemba, Imphal
4	9th	28/07/2018 To 29/07/2018	College of Agriculture, CAU, Iroisemba, Imphal
5	10th	27/05/2019 To 28/05/2019	College of Post Graduate Studies, CAU, Lembucherra, Agartala, Tripura

6.6.3.2. Directorate of Research: Give brief information about the present establishment of the Directorate of Research, staff pattern, research coordination mechanism, research and seed production Centres and contribution in academic programmes.

- **Brief Introduction:**

The Directorate of Research, CAU, Imphal was established with its mandatory responsibility to supervise, co-ordinate and monitor all the research activities under the University. The research projects conducted by the constituent colleges of CAU are monitored and evaluated at regular interval for smooth functioning and fruitful results. The Research Review Meetings of all internally and externally funded projects are conducted for all the constituent colleges quarterly i.e., every three months. The Quarterly Research Review Meetings are held at the constituent college by the concerned Dean and Chairman, CRAC along with the Members of CRAC. Half yearly Research Review Meeting is conducted by the Director of Research, CAU, Imphal as Chairman along with the concerned Dean and Members of CRAC of the constituent college. Further, the Research Council Meeting is held yearly and detailed research review is done by the Hon'ble Vice-Chancellor and Chairman, CAU, Research Council along with all the Members of the Research Council including Co-opted Members.

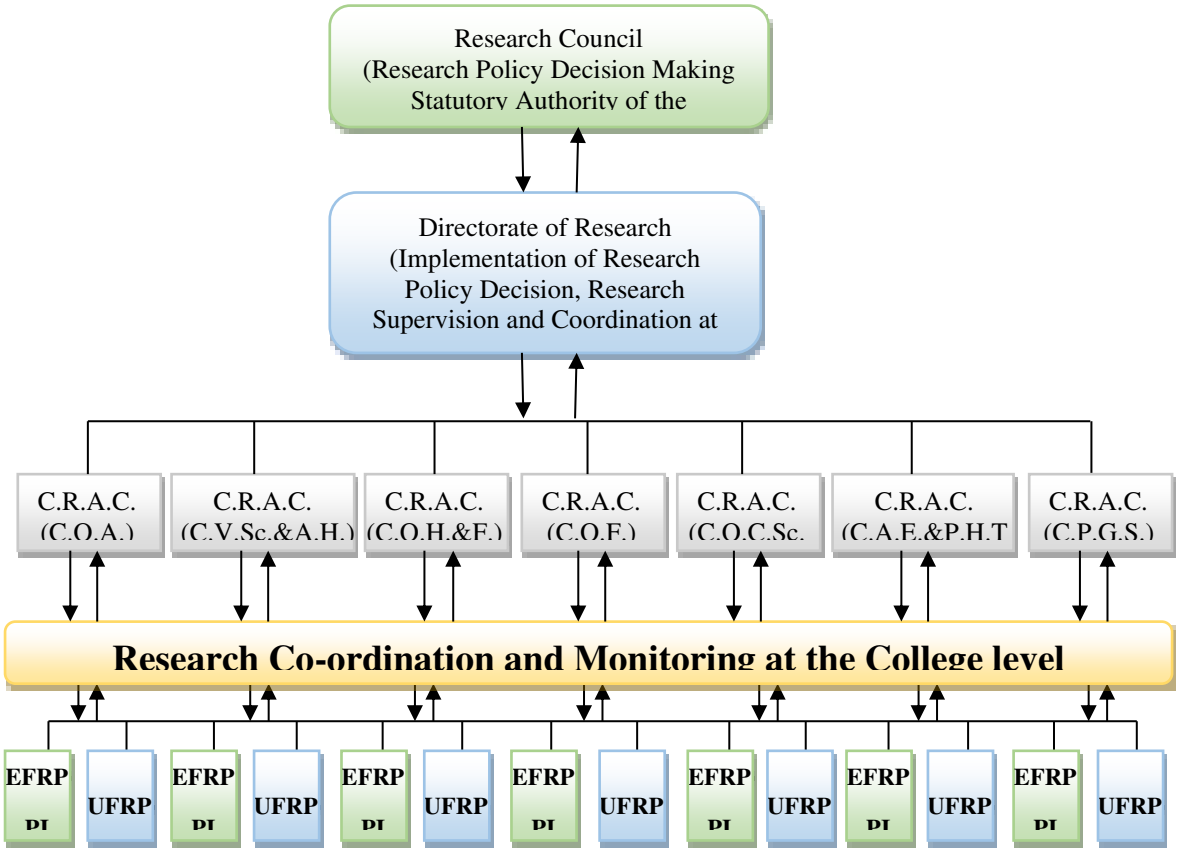
The University has implemented 71 numbers of externally funded projects and 44 are ongoing. Besides 7 numbers of Intramural Research Projects have been implemented and 58 are undergoing. 34 numbers of AICRPs are also implementing in different campuses of the University out of which 20 are regular centres. The University is implementing ICAR seed project for production and timely supply of quality seeds/planting materials to the farmers of NEH region

- **Staff pattern:**

Sl.No.	Designation	Number
1	Director of Research	1
2	Deputy Director of Research	2
3	OSD	1
4	PS/PA	1
5	Head Assistant	1
6	Computer Operator	1
7	Stenographer	2
8	Account Assistant	1
9	LDC	4
10	Driver	1
11	MTS	6
12	Fishery Consultant	1
13	Labour (Daily wages)	2
	Total	24

Research coordination mechanism:

In order to facilitate research administration and linkages between researchers and research managers in the university, a time tested research management and linkage system was developed in the university as depicted in the flow diagram given below (Fig. 1):



N.B.: C.R.A.C. = College Research Advisory Committee, E.F.R.P. = Externally Funded Research Project, U.F.R.P. = University Funded Research Project, P.I. = Principal Investigator

- **Research and seed production Centres**

1. Horticulture Research Farm, Andro, Manipur.
2. Central Agricultural University Research Farm, Andro, Manipur.
3. Central Farm, Lamphelpat, Manipur.

Contribution in academic programme: The Directorate along with Director of Instruction annually set the research priorities which are implemented by the PG and PhD students.

6.6.3.3. Technology Developed and its Adoption: Provide the list of approved technologies developed in last five years along with their adoption and coverage in the jurisdiction of the University.

Technologies developed in the field of agriculture and allied sciences for NEH Region from IRP & EFRP conducted under Central Agricultural University, Imphal

Sl. No.	Technologies developed
A	**Agriculture**
1.	Developed CAU-R1 (*Tamphaphou*), a semi glutinous medium duration (130-135 days) high yielding (6-7 tonnes/ha)rice variety for wetland rice ecosystem of Manipur and similar situations of NEH Region. The variety has been found to be drought tolerant during flowering time and submergence tolerant during tillering stage for a period of about 15 days under water.
2.	Developed CAU-R2 (*Tomthinphou*), a promising variety for upland paddy extra early (90-95 days) semi dwarf non lodging high yielding (2-3 tonnes/ha) for *jhum* fields of Manipur and similar situations of NEH Region. A total of 223 rice land races/genotypes collected from the NEH states and promising rice breeding lines for hill rice eco-system along with CAU-R2 were included in the study. Out of these genotypes, CAU-R2 recorded the highest yield of 3.0 tonnes/ha while the best local check varieties *Phouoibi* and *Mohar* yielded only 2.1 tonnes/ha (30% more yield). 3.	DevelopedCAU-R3 (*Mangalphou*), a very early (95-100 days) high yielding rice variety (4-4.5 tonnes/ha) as contingency rice crop for wetland rice ecosystem of Manipur and similar situations of NEH Region. The variety is recommended for pre-*kharif* cultivation and as a contingency crop for solving untimely sowing of *rabi* crop due to growing of medium and long duration variety in HYV area and frequent natural calamity like flood or drought to make up the farmers' lost.
4.	DevelopedCAU-R4 (*Enotphou*), a talllodging tolerant high yielding (3.5-4 tonnes/ha) long duration (140-145 days) rice variety suitable for low lying semi-deep water rice ecosystem of Manipur and similar situations of NEH Region. The variety is recommended for low lying semi-deep water conditions as well as for the fields under paddy-cum-fish farming where water depth generally goes upto 50 to 100 cm.

5. Developed CAU-GS1a promising groundnut variety.
The variety has an average plant height of 45-50 cm and matures in 130-135 days. The variety is resistant to late leaf spot diseases, green leaves at maturity which can be used as fodder with 45% oil content (in pipeline to be released).

Plot showing resistance to late leaf spot in comparison with other varieties in adjacent plots

6. Developed CAU-RM 1 (Indian mustard) is a promising line developed from a cross between [NRCIJ47 X NRCIJ36 (4-8-2)] and BPR-547-2 through pedigree method of breeding. This promising line attained average plant height of 150cm and early maturing with mean seed yield of about 1945 kg ha-1 when tested under Ludhiana, Navgaon, New Delhi, Hisar, Abohar and Chatha Centres during 2017. It has 40.5% oil content and 794 kg ha-1 total oil yield. It is tolerant to white rust and suitable under rainfed rice fallow conditions of Manipur state.

7. CAU-Toria 1 is a promising toria line developed through composite breeding programme with base variety M-27 and TS-36 and maintained by mass selection. This promising line attains an average plant height of 80 cm and maturing early (100 days duration) with average seed yield of about 1327 kg ha-1 (range from 649 to 2985 depending on soil fertility and crop management). The seed contains 42% oil with total oil output of 557 kg ha-1 It is tolerant to white rust but moderately susceptible to Alternaria blight.

8. Improved line CAUS 105 (IET27496) of paddy, which is a high yielding improved pure line derived from a cross between Shahsarang and Priya. It carries PsTol1 gene, hence suitable for phosphorus deficient acidic soil conditions. It is suitable under low fertilizer input and organic cultivation practices. It possesses resistance to leaf and neck blast.

With better phosphorus use efficiency and superior yield than local and zonal check varieties under station trials, AICRP trials and Meghalaya state govt trials, CAUS 105 (IET27496) has the potential to enhance rice productivity in valley and mid-hill lowland ecosystems by at least 10%. With amylose content suitable to local

	palate, it will have higher acceptability. With low inorganic input requirement, it is a suitable component for organic farming systems.
9.	Improved line CAUS 107(IET28210) of paddy, which is a high yielding improved pure line derived from a cross between Shahsarang and CAUR-1. It has semi-glutinous endosperm. The line has high zinc content (28 ppm) in unpolished grain and is suitable for phosphorus deficient acidic soil conditions. It is suitable under low fertilizer input and organic cultivation practices. The line possesses resistance to leaf and neck blast. With a high Zn content of 28ppm, and rice being the staple food in NEH region, the line has potential for enhancing nutritional status of the population. Based on station trials, multi locational AICRIP trials and Meghalaya state govt. trials, CAUS 107 (IET28210) has the potential to enhance rice productivity in valley and mid-hill lowland ecosystems by at least 10%. With amylose content suitable to local palate, it will have higher acceptability. With low inorganic input requirement, it is a suitable component for organic farming systems.
10.	Developed Liquid formulation of microbial consortium (CAU *Jhum* Bioenhancer) for application to mixed crops of *jhum* fields of North East India. Liquid formulation of microbial consortium (CAU *Jhum* Bioenhancer) was developed for application to mixed crops of *jhum* fields of North East India and tested in four *jhum* fields at Lengpui village, Mizoram. The effect of combined application of CAU *Jhum* Bioenhancer and rock phosphate on growth of *jhum* rice against the traditional *jhum* practice were compared.
11.	Influence of mulching on production potential and economic of rain-fed rice-based cropping system: Surface mulching of paddy straw of 7.5 q ha^{-1} after harvest of paddy, the subsequent *rabi* crops like broad bean, field pea, lathyrus, wheat and oats would help in improving production efficiency of rice-based cropping sequence in acidic soils of Manipur. This technology would also help in conservation of residual soil moisture during the *rabi* season which increased yield of the *rabi* crops up to 20-30% and was more pronounced in oat and field pea. **Fig. 1** Rice field **Fig.** 2 Brad bean var. Local (a)With mulching(b) Without mulching **Fig. 3** Pea var. HUDP-15 (a) Without mulching (b) With

12.	Biofortified Enriched Compost (BEC) for pulse promotion in acid soil is developed which is a biofortified enriched compost product prepared from organic residues, biofortified with: phosphate solubilising bacterium- *Bacillus altitudinis* which ensure P mineralization in the rhizosphere zone for early P nutrition to the seedling in acid soil condition and *Rhizobium* which enhances N_2-fixation. The compost contains 2.3% N, 1.7% P and 1.3% K. BEC compost as seed treatment and line application @ 2.5 t ha^{-1} in line at the time of seed sowing along with 50% of the recommended dose of NPK fertilizers (50%RDF) increases in yield of lentil and peas in acidic soils under rice fallow
13.	Phosphorous recommendation for promising varieties of lentil The experiment was laid out in factorial randomized block design with 3 replications. The treatment consisted of four levels of phosphorus (0, 20, 40 and 60 kg P_2O_5 ha) and three varieties (PL 4, HUL 57 and DPL62) for enhancing productivity and quality.
14.	Zinc fertilization for better growth and yield of tomato Zinc (Zn) is an important plant micronutrient which helps in the formation of tryptophan, a precursor of IAA responsible for growth stimulation and plays a vital role in synthesis of carbonic anhydrase enzyme which helps in transport of CO_2in photosynthesis. Soil contains zinc in the range 5–770 ppm with an average of 64 ppm. Application of zinc @ 10 kg ha^{-1} in the form of zinc sulphate is recommended for obtaining satisfactory yield of tomato and for improving the quality of fruits and zinc content in the fruits. Zinc Treatment tomato
15.	Developed microbial formulation for disease management on the basis of available local strains of *Trichoderma*.
16.	Optimum sowing time and integrated nutrient management for enhancing the yield of local glutinous maize: Apply 75% recommended nitrogen through urea and 25% nitrogen through farm yard manure (32.90 qha^{-1}) gives for getting highest yield in glutinous maize.
17.	Enhancing water use efficiency in rainfed rapeseed-mustard: In general, rapeseed-mustard are grown under rainfed conditions. In such situation, moisture conservation is essential for obtaining higher yield. Agricultural hydrogel is reported to ameliorate water availability for plants by enhancing water holding capacity of soil. Soil application of hydrogel @ 2.5 kg/ha accompanied with foliar spray of salicylic acid @ 100 ppm at flower initiation and siliquae formation stage was found effective in increasing seed yield of rapeseed-mustard under rainfed conditions. Hydrogel @ 2.5 kg/ha incorporated with foliar spray of salicylic acid @ 100 ppm at flower initiation and siliquae formation stage showed sustainable higher yield advantage of 39 % of rapeseed-mustard under rainfed conditions
18.	*Um Comb*: A Liquid Consortial Bio formulation of fungal antagonists, entomopathogens and plant growth promoters which is an eco-friendly liquid consortia formulation of compatible fungal antagonist, two entomopathogens, one nemato pathogenic and bacterial biocontrol agent cum plant growth enhancer. This bio-pesticide can be used for Seed treatment, Soil drenching, Root dip treatment, Soil application by enriched compost and Foliar spray. It also enhanced yield in the targeted crops with enhanced defence metabolites
19.	Standardized scientific cultivation of underutilized marshy land crop arrowhead (*Sagittaria sagittifolia*) for earning more farm income.

	Arrowhead (*Sagittaria sagittifolia*) is an attractive unexplored semi-aquatic plant with arrow shaped leaves and edible tubers belonging to the family Alismataceae and genus, *Sagittaria*. By cultivation of this underutilized crop, a farmer can earn an income of Rs 3.6 lakhs per hectare easily from swampy and marshy land. The plant can be grown well on all types of swampy and marshy land, soils with any reaction and texture even under poor management condition, if the water level does not exceed 50 cm during the peak rainy season of July to September as sole crop or intercropped with rice.
20.	Use of rice husk ash in controlling insects in stored soybean seeds The process starts with drying of the freshly threshed seeds spread thinly on a concrete floor or polythene sheet or gunny bags or tin sheets, etc., for 5 days under the hot sun. It should be cooled down and stored in polythene bags or metal container. The seeds are mixed with rice husk ash at the ratio 250 g kg^{-1} seed before storing in the storage containers. A thick layer of ash is spread on the top of the seed so that the seeds are not exposed to open air and the bags should be tide it strongly. This technique could be used for black gram, maize and pea too.
21.	Mass production of Trichoderma at low cost using agricultural waste: Low cost production technology of *Trichoderma* spp. from locally available resources and it is useful in organic disease management.
22.	Insect trap with indigenous ash hen's feather and methyl eugenol for the control of fruit fly (Bacteroceradorsalis) Developed indigenous pheromone trap that is made by cutting 1/3rd of the empty mineral bottles from the top. The bottom portion of the bottle is filled with plain water up to 4 inches. A bottle cap filled with 2 ml of methyl eugeno l/3 g of hen's feather ash is allowed to float on the water in the bottle. The top portion of the bottle is placed in inverted position in order to prevent the escape of the trapped flies. The trap is placed in the field by tying over a bamboo stick fixed in the soil and maintained the trap at the height of one feet above the crop canopy.
23.	Integrated pest management in rainfed rice production system: Developed an IPM module for effective management of major insect pests of rice in the NEH region CAU Selection – 1, a variety resistance to gallmidge and blast used in IPM treatment, Imphal

24. Standardized homemade herbal feed additive to improve performance of pigs and poultry with total replacement of antibiotics
Plant extract of Indian pennywort (*Centella asiatica*) with potential antibacterial activities and effectiveness as feed additive and/or growth promoter in pigs as replacement of traditional antibiotics.

25. High value Manipuri poultry breed Kaunayen; best suited for local environment as sport activity

26. Process for preparing a novel herbal formulation for the treatment of piglet diarrhoea. It is a formulation of unripe methanolic fruit-pulp extract of *Aegle marmelos.* It is comparatively as efficacious as standard therapy i.e. loperamide and the recurrence of infection is negligible. The formulation is effective in the treatment of diarrhoea with less toxicity in different species of livestock

27. Adoption of local pig of Mizoram "Zovawk" as recognized breed of India.
The local pig '*Zovawk*' from Mizoram has been registered with ICAR-NBAGR, Karnal (Accession No. INDIA-PIG-2700-ZOVAWK-09007).

Production performance: Traits/Characters	**Average**	**Range**
Individual weight at birth (Kg)	0.540	0.470 - 0.610
Individual weight at weaning (Kg)	3.12	2.00 - 4.25
Litter size at birth	7.03	2 - 12
Litter size at weaning	5.2	3 - 8
Adult body weight (Kg) a. Male b. Female	 54 58.5	 45 - 63 46.5 - 70.5
Age at first mating (Days) c. Male d. Female	 240 199	 220 - 300 180 - 235
Body weight at first farrowing (Kg)	40.45	33.5 - 47.4
Age at first furrowing (Days)	314.9	294 - 350
Dressing %	69	64 - 74
FCR	5.14	4.15 - 5.64

28. Utilization of palm oil sludge (POS) as pig feed. Palm Oil Sludge is a good source of energy and contains substantial amount of crude protein. Processed, dried and grinded POS is incorporated in the pig's diet. POS can be fed upto 30% replacement of maize in the diet of growing- finishing pigs without any adverse effect on the growth performance, hemato- biochemical parameter and carcass triats.

29. Rapid detection of piglet diarrhea associated *eae*A gene using polymerase spiral reaction (PSR). Under this technique, a single pair of oligonucleotides primers is being used and the entire technique is performed under

	isothermal condition and the result is visible under naked eye within one hour: Positive sample: Colour changes from orange to green Negative sample: Colour remain orange. The sensitivity and specificity of the technique are as per the existing technique, viz., real time PCR are better than the conventional PCR.
30.	Development of isothermal LAMP assay for detection of intimin gene (*eae*) in *E. coli* associated with piglet diarrhea. Under this technique, a single pair of oligonucleotides primers is being used for detection of *eaeA* gene by LAMP assay and the entire technique is performed under isothermal condition and the result is visible under naked eye within one hour. SYBR Green with Positive sample: Colour changes from orange to fluorescent green HNB dye with Positive sample: Colour changes from purple to blue
31.	Farming system model 'Water reed-fish-veg-fruit' as a profitable livelihood option:  Lay out of the plot for Water reed-fish-vegetable farming system
32.	Incorporation of silver barb Barbonymusgonionotus (Bleeker) in feed-based seasonal carp polyculture pond system. The main objective of the technology is to enhance fish productivity and farmers' income, especially from feed-based fish culture in seasonal water bodies with effective culture period of 5-6 months. The present technology has been developed to incorporate silver barb into seasonal grow-out culture of Indian and Amur common carp through multi-year trials. Silver barb has remarkably higher demand and fetch 10-20% higher market price compared to *Catla catla* and Cirrhinus mrigala, and 50- 60% *Hypopthalmicthys molitrix* (silver carp) and *Ctenopharyngodon idella* (grass carp) of 100-150 g sizes. Due to remarkably low prices of silver carp and grass carp, particularly in Tripura at sizes less than 500g, these two species have been eliminated from the culture system.
33.	Developed dietary pyridoxine using Aswagandha roots and bamboo (*Melocanna baccifera*) leaves ethanolic extract for preventing/ameliorating low pH stress in fish. Low pH and waterborne iron elicit stress responses in fish and even adversely changes the architecture of gill tissues. Fish were found to be highly susceptible to various infections (bacterial/fungal) under stresses. Dietary pyridoxine, *Aswagandha* roots and bamboo leaves extracts were found to make fish resistant to such stress effects. Pyridoxine is able to make fish tolerant to low pH stress effect for at least 5 days.

34.	Bamboo leaf extract based dietery formulation against multiple stresses in fish Feeding trials revealed that the fish fed withthe formulated feed containing Bamboo Leaves Alcoholic (BLAL) extract is having no toxicity effect on fish and based on the haemato-immuno-biochemical parameters of blood it was could concluded that the feeding for about 7 days gives best response. The efficacy of BLAL extract to enhance the resistance of fish against low pH, fungal infection (*Saprolegnia parasitica*) and bacterial infection (*Aeromonas hydrophila*) weretested.
35.	Developed CAUi-Brshti: A Low Cost In-situ Hatchery for Carp Seed Production. A Low Cost In-situ Hatchery for Carp Seed Production: A major highlight of this design is the in-built system that enables the operator to adjust water temperature naturally. In the inevitable event of surface water in the small pond getting overheated in summer, the rotatable inlet allows the operator to let in cooler water from the metaliminion of the pond. **CAUi-Brshti**
36.	Developed protocol for preparing protein concentrate from rubber seed kernel with 60% crude protein for utilization in preparing aquafeed. Method for 100% detoxification of rubber seed kernel in terms of cyanogenic glycoside content has been standardized. Protein concentrate of 60% CP has been developed. Detoxified and dexoiled rubber seed can replace 68.67% of MOC and can be incorporated up to 30% in feed. Rubber seed can be used to replace Fish meal up to 35% in feed without compromising the growth and survivability. Protein concentrates can be utilized for replacing other conventional protein sources like fish meal and mustard oil cakes. **Detoxified Rubber Seed Cake in Aqua Feed**
37.	Organic piscicides for killing weed fishes in aquaculture pond Developed an extract from *Millettia pachycarpa* (Benth.) of NE region for killing weed fishes. An extract from the bark of *Millettia pachycarpa* (Benth.) has shown effective pesticidal activities against tested fish (*Oreochromis niloticus* and *Channa punctatus*).
38.	Developed two row manual rice transplanter The equipment is used for transplanting two rows at a time in narrow terraces where other 4 or 8 row developed manual transplanter is not suitable due to narrow width of terraces. The transplanting is done in rows therefore subsequent weeding by cono-weeder is possible. The working width is 200 mm, work rate is about 100 sqm/h. Two persons are required to smooth working of the machine. The top surface of the field after puddling should be smooth, flat and free from crop/wee residues.

39.	Developed improved harnessing system of domesticated Mithun for utilization in agriculture For efficient use of domesticated mithun, improved yoke and single animal adjustable collar harness were developed for ploughing operations. For double mithuns, the effective field capacity and field efficiency were found to be 0.036 ha/h and 75%, respectively. The speed and draft were 2.39 km/h and 26 kg, respectively at 80mm depth of ploughing.
40.	Developed Power operated hold-on type paddy thresher The thresher has a threshing and cleaning efficiency of 98.21% and 95.4%, respectively. The capacity of the thresher was found to be about 200 kg grain h^{-1}
41.	Filtration units for streams for reducing the sediment loads in natural pond/tanks Developed a low cost filtration unit to filter the natural streams (specifically during monsoon season) are tapped and guided to fill the natural ponds or artificial tanks
42.	Developed of portable manual mulch laying machine for hill terraces The portable manual mulch laying machine was fabricated with two furrow openers made up of MS flat were attached to the machine for soil inversion on plastic mulch sheet from two ends along its length. A plastic sheet roll carrier and a handle for manual pulling of the machine are other important machine attachments.
43.	Solar biomass hybrid dryer for large cardamom drying The solar biomass hybrid dryer is suitable for small scale large cardamom farmers in rural areas of the countries. The solar-biomass hybrid dryer is capable of attaining a maximum temperature a maximum temperature of 66.6°C in solar mode and 70°C in the gasifier mode of operation. The large cardamom having an initial moisture content of 82.3% could be dried to a moisture content of 10% within 20 hours. The average solar collector efficiency of developed solar- biomass hybrid dryer for drying of large cardamom is 35.39%.
44.	Development of self-propelled zero till planter for multi-crop: buckwheat, peas and rapeseed-mustard The planter is powered by a 1.0 kW petrol engine. The power to the disk type furrow opener, transport wheel and seed metering mechanism was given through a gear box fitted with worm and pinion to reduce the engine speed. The laboratory test of the prototype resulted the forward speed of 2.0 km/h, seed rate (pea) was 20.78 kg/ha and row spacing 150 cm. However, field test indicated that higher power engine is required. The cost of the prototype is about Rs 30,000/- and operating cost is Rs 3500/- per ha.

45.	Development of self-propelled crop residue mulcher cum weeder The mulcher is powered by 1.0 kW vertical engine. The impact type cutting principle is used in the self-propelled crop residue mulcher cum weeder. The size of the blade was 115 mm and working width 400 mm. However, both these parameters are adjustable according to the requirement. The working rates: 350 sq. m/h.
46.	Developed farmer friendly ginger & turmeric washer cum peeler. A versatile medium-scale manually operated low cost ginger/turmeric washer cum peeler having an effective capacity of more than 60 – 70 kg/h which is about 7-8 folds increase as compared to the traditional method.
47.	Pineapple peeler-cum-corer-cum slicer The tool reduces the drudgery in peeling and slicing of pineapple. The tool can perform multiple operations simultaneously i.e. peeling, coring and slicing of pineapple thereby saving the unit operation time by more than double folds.
48.	Designed and developed Motor Operated Pineapple Harvester. Normally pineapple is harvested in the field by cutting the stock with the help of dao (long knife) and collected by hand manually and kept in the basket. This method of harvesting of pineapple causes injuries to the hands and also backache. This drudgery to the operator could be reduced by the newly developed pineapple harvester. 1. Harvesting of the pineapple fruits by cutting action of stock with help of blade. 2. Picking up of the thorny pineapple fruit with the help of fingers provided just above the cutting blade. 3. Field capacity (number of fruits harvested) is almost double as compared to the manually harvested with sickle/dao (traditional method). About 250-300 pineapple fruits can be harvested in an hour using the newly developed harvester as compared to the traditional method. 49.	Pony driven cart for agricultural farm A “Pony Cart” has been developed with the dual objective of taming the ponies and also to harness them to carry loads as per the load carrying capacity of the animal. The latter was tested from the studies of various

	physiological and biochemical parameters of the ponies, which are good indicators of stress/metabolic crisis.
50.	Makhana harvester A manually operated *Makhana* (Euryale *ferox* Salisb.) harvesting technology under the water surface consists of a high resolution camera fixed near to the cutting blade and telescopic aluminum pipe of variable length. The makhana harvester is provided with a water proof borescope camera fixed close to the cutting blade. The android camera having external diameter of 5.5-7.0 mm built-in with 6 adjustable white LED lights and photo control switch having a focal distance of 4 cm to infinite and water proof level of IP67, resolution of HD: 640*480 is connected to android mobile through OTG cable of 1500 mm long.
51.	Osmo-dehydrated Pineapple products osmo-dehydrated Rings and Titbits The pineapple can be converted into value added products and stored for long time for at least upto 5-6 months. The mass/volume of raw pineapple can be reduced by several folds from the point of transportability and marketability.
52.	Developed Jackfruit chips –a low cost value added processed products from Jackfruit
53.	Developed Jackfruit squash - a value added products
54.	Developed Jackfruit papad- a value added products

55.	Ready To Cook as value added products of Jackfruit
56.	Aloe vera based RTS drink blended with ginger, amla and sweet lime The product is an RTS drink developed from locally available inputs like ginger, amla, aloe-vera and sweet lime.
57.	Standardized technology for value added product of pineapple *viz.* juices (RTS) Pineapple Juice, RTS
58.	Low Glycemic index (GI) roti mix Product prepared from low GI roti mix will be useful for all age group in general, however, product will be highly beneficial for diabetic patients. Prepared from GI roti mix
59.	Low Glycemic index (GI) upma mix This low 'GI upma mix is prepared with semolina, foxtail millet and squash powder mix. The composition of the Upma mix is: Semolina: 65 g, Foxtail Millet: 20 g, Squash powder: 15 g. Organoleptic test (sensory evaluation) indicated that the mix has high acceptance levels.
60.	Low Glycemic index (GI) cheela mix Developed mix is a good source protein and dietary fibre, however, other nutrients are also present in appreciable amount in comparison to traditional cheela
61.	Standardized process and product development technology of pineapple powder for developing pineapple based Agro-industries in the NEH Region Most effective utilization of pineapple as value added product -powder with highly techno-economically feasibility.

62.	Textile fiber extraction and yarn preparation from Arecanut husk agro-waste Arecanut husk from mature fruits is collected and processed for fiber extraction and prepared yarn **Fig.1-3** Processed Arecanut fiber **Fig. 1** Blended arecanut and cotton **Fig. 2** Carded sliver of blended arecanut fiber **Fig. 3** Hand spun arecanut and cotton blended
63.	Woven handloom fabric from arecanut husk Handloom fabrics woven on handloom by using Grade-I finer Arecanut fiber and cotton blended hand spun yarn and on the basis of physical performance can be used to prepare various household as well as apparel articles etc. Arecanut woven handloom fabric may further be utilized for various applications *viz*., woven for making handloom fabric (household/apparel articlesetc.
64.	Developed non woven material from arecanut husk agro-waste that can be utilized for various application viz. woven for making rugs/carpet/doormat/ napkins etc.
65.	Developed composite material from arecanut husk agro-waste Composites material can be developed using PVA matrix reinforced with arecanut husk fibers for further preparation of biodegradable mulching sheets, nursery grow bags and packaging materials etc.
66.	Anti-microbial finish and herbal dyeing from arecanut extract: Arecanut extract is used for natural herbal dyeing as well as imparting antimicrobial finishes to garment in single bath. Tannin rich nuts are dried and crushed into powder immediately after dehusking and used as source of natural color having anti-microbial finish. Various shades can be obtained through mordanting with chemical as well as natural mordants.
67.	Standardized technology for preparing cured *Vawksa rep* a traditional pork dish of Mizoram Improvised the technique to prepare the smoked pork (Vawksa rep) to increase the shelf life and nutrient quality.

68.	Standardized technology for hygienically produced Phasa Shidal Shidal is produced by using Phasa fish (*Setipina phasa*) in the following indigenous practice. Hygienic condition is maintained in important steps such as washing, drying and filling of *Matka* (Earthen vessel). Total fermentation period required is about 3-4 months. Final product (Phasa Shidal) is taken out from the matka after proper fermentation and packed immediately in poly pouch, which is then evacuated using vacuum sealing machine. The consumers' acceptability of the product is better compared to the similar product available in the retail dry fish market.
69.	Standardized production technology of functional chicken nuggets and patties by incorporating French bean and chickpea Flour A functional chicken nuggets was developed by incorporating high quality vegetable fibres using French bean and chickpea flour.
70.	Developed Boneless Fish Cubes (BFC). A complete boneless product from fish rich in antioxidant and omega-3 fatty acids, with texture like meat and attractable flavour. Shelf-life at -20°C is six months. Advantages: ➢ A health-food enriched with plant derived polyphenolic antioxidants ➢ Rich in omega-3 fatty acids ➢ Free from any chemical preservatives ➢ Choice of fish eaters of all age groups
71.	Standardized production technology of laminated & smoked pangasius. a) Laminated & smoked Pangasius has good consumers' acceptability b) Operational conditions like temperature, drying and smoking time, lamination process etc. have been optimized c) Smoked laminated Pangasius was found acceptable for 12 weeks in vacuum packed condition **Advantages:** a) A different type of product from traditional smoked fish product b) Bone-less c) Good shelf-life
72.	Developed high performing pig by crossing Large White Yorkshire x *Zovawk* (Mizo local pig) • Upgradation of local pig (*Zovawk*) using Large White Yorkshire (LWY) up to 75 % blood level of LWY is achieved. • Improvement in the growth of 75 % LWY (61.7±2.40 kg at 8 months of age) have been noticed compared to 23.51±1.25 kg in pure Zovawk

	Pure Zovawk (Gilt) 75% LWY x *Zovawk* (Mizo local pig) (Gilt)
73.	Standardized package of practices for culture of pengba (*Osteobrama belangeri*). Seed production technology through induced breeding, seed nursing, seed rearing, feed development using local ingredients namely *Wolffia arrhiza* (L) as protein and starch source and tapioca as starch source have been standardized. Further, artificial feed-less culture of pengba utilizing live wolffia has also been achieved.
74.	Standardized Cashew Nut Peeler drudgery reduction of farm women for peeling brown testa of cashew nut
75.	Developed High Fibre Multi Grain mix for food supplement to reduce/maintain weight and it can be recommended for diabetic and pre-diabetic.
76.	Developed Nutri Dense mix for food supplement suitable/recommended for low body weight population. It is a Ready to Use mix of banana powder, sticky rice powder, ground nut is incorporated with jiggery.

77.	Developed Pupa Extractor for reduction of drudgery and time consumption in extraction of pupa from cocoon for silk threads
78.	Developed improved large cardamom harvesting knife Efficient harvesting of large cardamom capsules with reduced drudgery and more output compared to the conventional harvesting knife.
79.	Developed mechanical operated bamboo shoots peeling machine The developed innovative bamboo shoots peeling machine removes the bamboo shoots peel at rate 50 units of bamboo shoots per hour which is about 50% lower time taken than that of the traditional method. Drudgery and injury free to the farmer. Cost: Rs. 25,000/-
80.	Developed manually operated *Citrus macroptera* peeling machine The developed machine can peel *Heiribob, Pomelo*, large size lemon having output capacity of 40 fruits/h. Mode of operation is manual. Cost: Rs. 2,500/-
81.	Developed Power operated small axial flow paddy thresher. The thresher consist of a spike tooth type threshing cylinder, concave, top cover with spiral louvers, aspirator blower, feeding chute, straw discharge outlet .The paddy crop is fed by the operator through the feeding chute, clean paddy grain is obtained at the grain outlet and semi-broken straw is discharged at the straw outlet. Capacity of the Thresher is about 200 kg/hour. Threshing and cleaning efficiency of 100% and 95% respectively.

82.	Developed Animal Drawn Jet plough/Mole Plough. It is suitable hill farmers for inversion of soil slice and leaves the field rough enough hence reduce in losses of fine particles of the prepared seed bed.
83.	Developed Gravity fed Micro Irrigation System (MIS) for terraced topography. It is a Micro Irrigation System (MIS) for the terraced topography of NEH region consists of water storage tank of 2000 litre capacity with the 50 mm diameter main line and sub main line and 16 mm LLDPE lateral pipes fitted with 2lph pressure compensating emitters. Micro sprinklers were installed on the terraces at 2.33 m spacing and riser height of 1.3m. Micro sprinklers worked satisfactorily at pressure > 1 kg/cm^2. Average emission uniformity, distribution efficiency (Ed) and application efficiency (Ea) for the developed gravity fed MIS is found greater than 90%.
84.	Rainwater harvesting system for the low cost bamboo polyhouses. It is a naturally ventilated bamboo polyhouse of 50 and 75 sq.m with slopping roof and developed an appropriate rainwater harvesting system for the low cost bamboo polyhouses. Developed rooftop rainwater harvesting system consists of three basic components namely catchment area, conveyance system and water storage facilities.
85.	Developed Integrated Farming System Model for enhancing livelihood security of small and marginal farmers under hill ecology. The IFS model at College of Agriculture, Kyrdemkulai is developed on 0.6 ha area for the livelihood security of small and marginal farmers with area allocation of different components : Water harvesting, Crops, Fishery, Mushroom, Livestock, Medicinal garden, Agro-forestry and Natural farming systems, Poly house, Apiary, Composting unit, Farm house & Store, Solar-based energy production. Technology is ecologically sound and economically viable with livelihood support by providing food (cereals, pulses, vegetables, fruits, milk, meat, honey, fish etc.) making farm family self reliant. 
86.	Low cost Smoked Chicken sausages incorporated with bamboo shoot. Bamboo shoots are successfully incorporated for nutritional improvement as well as from economical point of view and also give a preservative effect. Adding Bamboo shoot gives an ethnic taste to the products while incorporating the beneficial dietary fibre in the product.	
87.	BRICS (Barrier Removal in catfish for Voluntary Captive Spawning) Technology for Magur Seed Production. It is a technology to induce voluntary captive spawning in air breathing catfish through hormonal manipulation. It enables the seed production of *Clarias magur* in controlled conditions without necessitating the sacrifice of the male brooder. This technology will revolutionaries the catfish seed production and aquaculture. The technology will also assist in conservation of several fish of conservation significance.	88.	Manually Operated Makhana (Euryale FeroxSalisb.) harvester with optical device Length: 1500 mm Weight: 2kg Man power :1 Capacity: 150-200 fruits/h It is capable of harvesting the Makhana fruits below the surface of water with the help of a high resolution camera fixed near to the cutting blade and telescopic aluminum pipe which length can be varied. The gadget is capable of harvesting 150-200 Makhana fruits in one hour which is almost 50-60% higher capacity as compared to the conventional method of harvesting. (Patent applied no: 201931023672 Under examination)	
89.	Low cost Turmeric/Ginger rhizome washer Crops: Ginger/Turmeric Capacity: 150kg/h Man Power:1 Cost of operation: Rs 2.5/100kg Cost of machine: Rs 25,000/- It is used for washing and peeling simultaneously. Spices like Turmeric and Ginger are washed and peeled. (Patent applied no.: 201931032748 Under examination)	
90.	Motorized hand held Pineapple harvester Weight: 9 kg Power Engine:Petrol	

	Man power:1 Capacity: 250-280 fruits/h Cost of operation: 1.5/fruit The machine works on the principle of cutting action of the blades at the stalk of standing pineapple. Rotation of cutting blade (125mm) is obtained through a transmission from a 1.5 hp petrol engine through a spiral rotating shaft. (Patent applied no.: 201931032749 Under examination)	

All the technologies developed by different colleges of CAU, Imphal are enlisted in a book which is published by CAU, Imphal. These technologies are well accepted and widely adopted by the stakeholders in the north eastern states. The area under rice cultivation increased from 10.12 lakh ha in 2009 to 11.71 lakh ha in 2017-18; and CAU R1 variety is cultivated on about 70 % of the total area.

6.6.3.4. Research Publication: Provide the list of research articles (NAAS ranking 5.00 or more) published in National and International Journals (only based on the work conducted in the University)

Research Publication (NAAS rating 5.00 and above):

6.6.3.5. Innovation and Best Practices:

- To promote innovation and research excellence among the faculty member, HK Jain award is given every year which comprises of a gold medal, citation and cash Award of 1 Lakh rupees.
- The University also has a research grant for Intra mural Research projects to the tune of 2 -5 Lakhs per projects to the faculty members of CAU, Imphal
- Out of box initiatives like "Students Innovative Ideas competition (SIIC)", hackathons, interaction programs with successful entrepreneurs etc. are conducted for the students at regular intervals.

6.6.3.6. IPR Cell/ ITMU: Whether the University is currently having functional Intellectual Property Right Cell in place. Mention the date of the meetings conducted by the Cell in last three years and what were the major recommendations. Is the University having Institute Technology Management Unit in place. Mention the date of the meetings conducted by the Unit in last three years and what were the major recommendations.

- There is no cell named as "IPR Cell" in the University, however, a "***Resource Management Cell***" has been established in December 2020. The first meeting was held on 2nd January 2021.The Cell is looking after the IPR related issues such as patenting, licensing and commercialization of technologies developed by constituent colleges of CAU. The Cell is involved in creation of digital database of technologies developed by constituent colleges of CAU. It also conducts awareness programs related to IPR issues of the faculties/staffs. One Nodal Officer is appointed in each of the constituent colleges for dealing with IPR issues.

6.6.3.7. Central Instrumentation Unit: Is there a Central Instrumentation Unit in place? What are the facilities available in the unit?

- No, there is no Central Instrumentation Unit in the University as the constituent colleges are located in different states of the North Eastern Hill region.

6.6.3.8. Global Support: Global Support may assist Universities to organize and undertake activities outside of the Regions by providing a centralized location for administrative resources and a single point of contact for addressing related questions. Does the University maintain functional experts in a range of administrative areas to provide technical advice and guidance in the areas of exchange programmes, visa related issues, International MoUs, collaborative research etc.?

- Not applicable, however, the Directorate of Instruction and Deans of the constituent colleges assist and guide the international students in the area of exchange programmes, collaborative research, visa issues etc. The University has also signed an MOU with Sydney University, Australia for students/faculty training programs.

6.6.4. EXTENSION SUPPORT

6.6.4.1 Extension Council:

The council is constituted of Vice Chancellor, Director of Research, Director of Instruction, Dean of constituent colleges, Director of Agriculture, Director of Horticulture & Soil Conservation, Director of Fisheries, Director of Animal Husbandry & Veterinary Services, Director of Skill Development, Chief Conservator of Forests Research & Planning, Director of Rural Development, Farmer representatives from all North Eastern States, Two external experts and Director of Extension Education.

SN	Meeting of EEC	Held on	Place	Year
i	3rd	18th Sept. 2015	CAEPHT, Ranipool, Sikkim	2015-2016
ii	4th	6th June, 2017	CAU, Imphal, Manipur	2016-2017
iii	5th	30th July, 2018	COA, Iroisemba, Imphal, Manipur	2017-2018
iv	6th	29-30th May, 2019	CPGS AS, Umiam, Meghalaya	2018-2019
v	7th	Not conducted due to COVID-19 Pandemic	-	2019-2020

6.6.4.2 Directorate of Extension Education:

Preamble: The Directorate of Extension Education is responsible for dissemination of useful and latest agricultural information to the farmers through constituent colleges and KrishiVigyanKendras of the University besides planning, monitoring and execution of extension progress based on results of the researches conducted in all campuses/units of the University.

Vision : " Self-reliant, healthy rural populous with rich agricultural knowledge and good marketing intelligence."

Mission : 1. Situation analysis of farming systems and identification of potential areas of training, technology gap, technology adoption gap and production constraints.

2. To develop and demonstrate alternate sustainable farming processes which help the farmers to improve their productivity and profitability with bio-diversity conservation and improving the environment.

3. to link farmers with newly emerging globalized world by providing them information and guidance.

4. To develop a system of effective research and extension linkage.

5. To provide consultancy services to progressive farmers, agro-industries and other agencies involved in agriculture and allied sectors.

6. Integration of IT in rural system for speedy development.

7. To bridge the gap between farm and market and provide sustainable competitive growth for the sector
8. To generate employment in the field of agriculture and allied disciplines.

Mandate:

1. Agricultural technology transfer through different extension methodologies in the NE region.
2. Imparting training for capacity building of human resource
3. Organization of farm advisory services at the doorsteps of the farmers
4. To enhance the agricultural vocation in the region
5. To act as a mediator between researchers and farmers to develop demand driven technology
6. Single window delivery system for technology products, diagnostic services and information through Agricultural Technology Information Centers (ATICs).
7. Facilitation in planning, implantation, execution and monitoring the agricultural development in the region.
8. Encourage to work in groups at the grass root level in the region for overall development

Staff position of Directorate of Extension Education:

Sl. No.	Designation	No. of Post
1.	Director	1
2.	Dy. Director	1
3.	IPO	1
4.	Videographer	1
5.	Computer operator	1
6.	P.A. to Director	1

Although, agriculture as a whole is state subject but being the origin centre of technology generation and refinement of need-based technologies through rigorous experimentation, the educational/research institutions bear the responsibility to train the master trainers of the states and to conduct elite demonstrations. Off campus training, awareness program are conducted in the farmers filed through colleges and KVKs.

Activity	No. (Participants)
Distance Education Training	3 (88)
Vocational Training	13 (228)
Training for EP	51(1119)
Training for F/FW/RY	531 (23393)
Awareness Programme	114 (6183)

Owing to this responsibility, Directorate of Extension Education, Central Agricultural University, Imphal deals with front line activities to disseminate agricultural know how and emphasizes over to get acquainted with the technologies among the farming communities for further adoption through different constituent colleges situated all over the North Eastern Region except Assam and with the help of six Krishi Vigyan Kendras *i.e.,*Imphal East, Andro (Manipur); Aizawl, Selesih (Mizoram) and East Siang, Pasighat (Arunachal Pradesh), East Garo Hills (Meghalaya), South Garo Hills (Meghalaya) and Sepahijala

(Tripura).The function of agricultural universities for carrying out extension programmes in their jurisdiction is shown in the following figure:

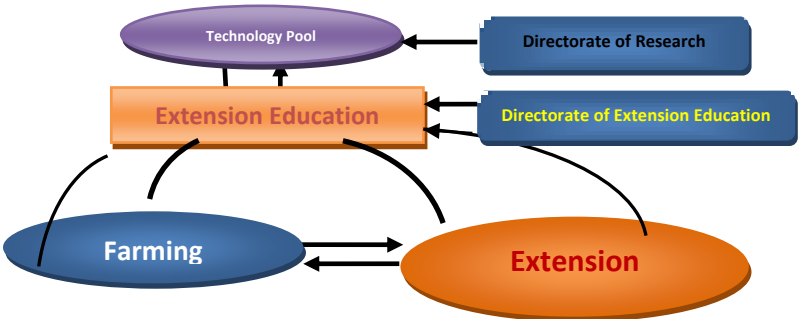

Fig: Diagrammatic Elaboration of Extension coordination

Extension coordination mechanism: To work in collaboration and coordination with state line department, KVKs every year Interface meeting with line department officials, KVKs and selected progressive farmers in every state is organized by all the constituent colleges of CAU to find out the need and problems of the farmers, strategies were formulated to solve the problems. Extension technology dissemination: Technologies are disseminated through FLDs, Field Days, Kisan melas though KVKs. First the technology is tested through OFTs under close supervision of experts and after successful conduction of OFT, the technology is demonstration in farmers field through FLDs for large scale adoption. Contribution in academic programmes: RAWE programme is conducted in KVKs to make student acquainted with real life situation of farmer and to learn the recent technologies through hands on training.

6.6.4.3 Extension Planning and Technological Impact:

Need based extension planning helps to support in adopting new technologies. The extension plan is prepared through participatory extension methodologies by participation with the local people. After collection of the grass root information with active participation with the local people/ villagers the need based action plan is prepared to support and upgrade enterprises though adoption of new technologies and in commercialization of innovations based on indigenous resources. The mechanism to study the technological impact is sample survey, focus group discussion, interaction with villagers and other participatory methodologies.

6.6.4.4. Implantation of National Initiatives:

1. Farmers; FIRST Programme sponsored by ICAR through ATARI Zone VII at CoA, Imphal started in 2016-17. Total 600 farmers are covered in 2 villages of Imphal East district of Manipur
2. NICRA project is implementedat 4 villages of Imphal East by KVK, Imphal East
3. Mera Gaon Mera Gaurav has been implemented by all the 6 KVKs and 13 Colleges under CAU, Imphal
4. Implementation of Swachhta Hi Sewa under Swachh BHARAT Mission through DEE, KVKs and Colleges

6.6.4.5. Innovation and Best Practice :

- The University takes up different innovative extension activities in the area of research project, training for human resource development. Some of them are mentioned below.

1. Mobile based agro advisory systemin project mode**(m4Agri)** sponsored by DIC, New Delhi running in 6 colleges viz., CoVSc& AH, Aizawl , CoF, Tripura , CoA, Imphal, CPGSAS, Barapani, COHF, Pasighat, Arunachal Pradesh, COAE & PHT, Sikkim.
2. Formation and management of FPO, FC, CIG, SHG though KVKs.
3. Distance Training Course for unemployed youth.
4. Skill development training programme under ASCI through MTTC and VTCs.
5.Development of incubate under RABI-Incubation Centres in Tripura, AP and Mizoram (12 nos.).
6. Skill development training programme sponsored by Power Finance Corporation and NIAM, Jaipur.

6.6.4.6. Consultancy / Certification/Testing: Nil

6.6.5. FACULTY AND STAFF DEVELOPMENT

6.6.5.1. Recruitment and Promotional Avenue: Give the detailed recruitment procedure for faculty, technical, supporting and administrative staff (in brief) and further mention the last recruitment for each category held in the University. Similarly, career advancement procedure and its implementation for all categories shall be given. How many staff have been recruited directly at the higher positions in the last five years?

- Based on the vacancies arises from the sanctioned posts which was not fill/vacated/superannuated all the posts of faculty, administrative and supporting staffs University advertised in two national papers and local dailies of the North Eastern States where constituent colleges are situated. The advertisement are uploaded in the University website for wide circulation.
- Last recruitment for filling up the posts of faculty positions viz Professor/Associate Professor/Assistant Professor was conducted during the month of October and November, 2019.
- As regard to supporting and administrative staff last recruitment was done during the January and February, 2020 for appointment of Group B and Group C posts.
- Career Advancement procedure are followed as per the UGC guidelines in the University and implemented accordingly. As for promotion to non teaching posts University followed the DoPT orders issued from time to time. For technical staff University adopted the Technical Service Rules implemented in the ICAR in toto.
- During the last five years University recruited 199 (one hundred ninety nine) directly at the higher positions.

6.6.5.2. Participation of Faculty in Symposia/Workshops: Give the comprehensive list (year wise, College wise) participation of faculty in National/International Seminars/ Symposia/ Workshops/ Training/ Consultancy visits/Special assignments etc.

6.6.5.3. Incentives for Excellence/Faculty Recognition. Does the University is offering Best Teacher Award (ICAR) or any other means of recognition to promote excellence in faculty and other staff ? Give the list and selection procedure (in brief).

- The University is offering 3 types of awards for promotion of excellence in teaching, students research and extension activities.
    i. CAU Best Thesis award (for PG theses)
    ii. CAU Best Faculty award
    iii. CAU Best Extension Professional Award

The awards are given every year. Notifications are made from willing candidates for applying for the awards. The received applications are then screened by a selection committee constituted for the purpose with inclusion of external experts based on the individual guidelines formed for the award. Based on the maximum marks scored as per guidelines of the award, candidates are recommended for the award.

6.6.5.4. Capacity Building and Training: How many programme have been initiated towards developing and strengthening skills, instincts, abilities, processes and resources that the University and its stakeholders need to survive, adapt, and thrive in the fast-changing agricultural scenario?

2015-2016	➢ 28 nos. of training for Extension personal were conducted with 700 nos. of participants. ➢ 210 nos. of training were conducted with 6300 nos. of farmers and farm women.
2016-2017	➢ 29 nos. of training for Extension personal were conducted with 725 nos. of participants. ➢ 398 nos. of training were conducted with 13930 nos. of farmers and rural youth.
2017-2018	➢ 32 nos. of training for Extension personal were conducted with 800 nos. of participants. ➢ 401 nos. of training were conducted with 14035 nos. of farmers and rural youth.
2018-2019	➢ 36 nos. of training for Extension personal were conducted with 900 nos. of participants. ➢ 480 nos. of training were conducted with 16800 nos. of farmers and rural youth

2019-2020	➢ 42 nos. of training for Extension personal conducted with 758 nos. of participants. ➢ 531 nos. of farmers training conducted with 23393 nos. of farmers and rural youth. ➢ Organized 3 nos. of One-month Distance Education Certificate Course on "Scientific Fish Farming", "Pig farming" and "Poultry Farming" during this year by the Directorate of Extension Education and CVSc&AH, Aizawl.In total 157 nos. of farmers participated. ➢ One Road Show Nidhi Accelerator organized by DEE in collaboration with Lab Indigram, New Delhi at CoA, CAU, Imphal on Jan. 10, 2020 and total 68 nos. of start-ups were participated the programme. ➢ Organized two (2) workshops on "Bio control of Crop Pests & Invasive and Utilization in Insect as Food in North East Region" during February 25-26, 2020 at COA, Imphal and another at CPGS-AS, Umiam duringMarch 6-7, 2020. Total 104 progressive farmers and scientists attended the workshops. During the programmes poster competitions were also organised for farmers as well as scientists. ➢ Organized First State Level Mango Diversity Fair 2019 at COA, Imphal on July 02, 2019. Total 58 mango growers and two KVKs participated in the programme and 15 local cultivars exhibited during the Fair. Total six (6) prizes were awarded among the exhibitors. ➢ Organized two "State Level Workshop cum Honey Festival" by the Directorate of Extension Education under the project entitled "IBDC (Centre of Excellence)" during February 28-29, 2020 with the financial support of the National Bee Board, New Delhi at COA, Imphal and CHF, Pasighat.

6.6.6. STUDENT DEVELOPMENT

6.6.6.1. Scholarships/Stipend: Is the University offering any scholarship programme for meritorious students? How many students are receiving competitive scholarships/fellowships for each College? How many passed out students have been selected for scholarships/fellowships in other universities.

- The University is offering scholarship programme for meritorious students.Highest scored undergraduate students of each class for every faculty of the university are awarded merit scholarship. So, 54 UG students are receiving merit scholarship of the University every year. For Masters and PhD every student who got admission through University competitive examination is awarded institutional fellowship. So, 195 masters' student and 55 PhD students are receiving institutional fellowship. 421 pass out students have been selected for scholarships/fellowships in other universities in the last five years.

6.6.6.2. Extra and Co-curricular Activities: Whether the sports/games/cultural activities/NSS/NCC/ programmes are being organized? If yes, then give the list of events in last five years in tabular form. Participation of students in ICAR sponsored events (Agri-unifest/ Agri-sports/ any other) and award/medals received in last five years may be given in Tabular form. How the students practice sports and games daily?

- The university promotes co-curricular opportunities and encourages student participation in all aspects of campus life.

Events of Co-curricular activities

Sl. No.	Events	Remarks
1	Annual college week, sports and games and social/cultural meets	Organized by all the constituent Colleges

2	Annual Inter-Collegiate Games & Sports Meet and Youth Festivals	The University organized on shifting venue basis to provide a common platform for the students of constituent colleges located in different states of the region,
3	Swachh Bharat Abhiyaan programme	All constituent colleges of the university organized to create awareness among the CAU community, the sense of sanitation, hygiene and healthy living in tune with clean environment.
4	International Day of Yoga	The university organized to inculcate the students, a sense of nationalism through different community services.
5	National Youth Parliament Competetion	The university also organized to inculcate the students, awareness of Parliament procedure and decorum.
6	National Service Scheme(NSS)	The university availed National Service (NSS) Scheme by opening NSS cells in all the constituent colleges and organized programmes like blood donation, tree plantation, water harvesting, sanitation, health and hygiene activities, eco-environmental conservation and preservation etc.
7	Animal health camps, field visits, seminar on stress management, communal harmony weeks with poster campaigns and other community service related activities	The university also organized animal health camps, field visits, seminar on stress management, communal harmony weeks with poster campaigns and other community service related activities on regular intervals

The university shines in the All India ICAR Inter Agricultural Universities Games and Sports Meet (s), All India University Tournaments and Championships as well as AIU Youth Festivals and ICAR Youth Festivals *etc*.

Students practice sports and games daily in the well managed games and sports infrastructures including all season indoor facilities, auditorium and gymnasium.

6.6.6.3. Health Facilities: Provide the brief information about medical facilities available in the head quarter and off-campuses. A brief about Health Insurance scheme being implemented at the University may be provided.

- Each constituent college has well equipped medical unit for regular health check-up of staff and students. These 24X7 hours medical facilities are available in all campuses with well qualified resident medical officers assisted by compounder cum dresser, trained nurses and attendants, in all the campuses of the university. Ambulances services by the colleges is also provided for the students and staffs for emergencies and effective health care management. Apart from routine check-up and treatment the medical unit of the colleges also organizes voluntary Blood Donation Camp for staff and student. In the University Head Quarter 3 alternation days in a week the routine service of M.O. is available to check up the health of employees of University Headquarters.

6.6.6.4. Sports and Cultural Facilities: Give detailed report of sports and games facilities and auditoriums available for cultural events.

- All constituent colleges of the universities have well managed games and sports infrastructures including all season indoor facilities, auditorium and gymnasium.

CHF, Pasighat

The college has one Multipurpose Indoor Stadium that has Multi-Gymkhana, Badminton Courts (two in number), Room for Table Tennis and an outdoor sports facility for Football cum Cricket ground, Volleyball Court for the college students. While the Student Officer looks after the outdoor facilities in close coordination with the Student in-charges Sports (Boys and Girls); the indoor stadium is looked after by separate faculty, Dr. Arunkumar Ph. The facilities are fully utilized by the students, employees as well as the wards of the employees. The college has an auditorium of sitting capacity of 285 constructed during 2010-11. The facility is being utilized for the cultural, literary activities of the students especially during the Annual College Week. The venue is made available to institutional and Governmental functions with approval/ permission from University Authority. On an average, it is being utilized around 20-25 times in a year.

College of Agriculture, Pasighat

Newly established college, so the auditorium is also under construction for the College.The auditorium is constructed at the allotted site with plinth size of 500 sq. mtr. The college is presently utilizing of the auditorium present at College of Horticulture and Forestry.

College of Agriculture, Imphal

It has an auditorium of capacity 300 seats, where round year different cultural programmes are organized by the student union and college. The College of Agriculture, Central Agricultural University provides Gym facility to the students of the College of Agriculture, CAU Imphal. The Gym is located inside the Gymnasium, students are doing gym activities both in morning and evening session and it was guide by a gym instructor. The Gymnasium is also provided with Badminton court, Table Tennis facility. Sometime yoga classes are also performed in this hall. During the Annual college week and inter class competition various indoor games were played inside the gymnasium.

CPGSAS, Umiam

One indoor/Badminton court, Basketball court, volleyball ground. Time schedule is maintained for students during morning and evening time. Regular competitions are conducted for students.

1. Multipurpose Student Utility Center
2. Badminton court
3. Basketball court
4. volleyball court
5. Football ground (at ICAR-RC for NEH)

The college auditorium of 250 seating capacity will be ready soon.

College of Fisheries, Tripura

The college has one indoor sport complex facility in which students regularly play badminton, basketball and table tennis. In addition to that, GYM facilities are also available to the students inside the indoor sports complex. The college also have outdoor sport facility (playing field) for playing cricket, football, volleyball, athletic events such as running etc. The college has an auditorium which was constructed in 2012 with a seating capacity of 256. The auditorium is frequently used for different college function, special lectures etc.

College of Veterinary Sc. & AH, Aizwal

The College is having 1 (one) multipurpose indoor stadium (470 sq.m.) with facilities for badminton, T.T., Carrom and multigym. One outdoor playground (2200 Sq.m) with a basketball cum volleyball ground (140 sq.m.).

College has established a student welfare section under supervision of student welfare officer who is looking after different activities like Sports and cultural events, NSS programmes and NCC activities along with placement cell. There are different in-charges for NSS and NCC activities. Different facilities developed at college campus for encouraging the students to participate in different extracurricular and co-curricular activities. The College has represented at University level, at Inter University meet and State level sports meeting.

The College is having a well equipped modern auditorium constructed and inaugurated in the year 2009 with a sitting capacity of approx. 300 persons(568 Sq.m). The facility has been used throughout the year for different activities like celebration of Annual College Week, Freshers' day, Farewell day of the final year students, world veterinary day, world anti rabies day, world milk and egg day, White coat ceremony for the 4^{th} year students, Inauguration of National Seminar, Celebration of Diwali, Pre-Christmas, any training programme inauguration, visit of any high dignitaries etc. The Auditorium is also having a community hall (415 Sq.m) adjacent to it, which is very useful for reception and arrangement of meals for students, faculties and other dignitaries etc.

CAEPHT, Ranipool

The college has a auditorium of 300 seating capacity where regular cultural programmes are organized. The college has a playground, volleyball and badminton court and gymnasium.

College of Horticulture, Bermiok

The students are provided with all types of physical exercises during the classes and in physical experience class to keep them physically fit and healthy. In addition, the skill development in any one of the games such as badminton, volleyball, football, cricket, table tennis and athletics is contemplated in the physical education programme. Maintenance and cleaning of the ground are regularly done for use by the students. Matches are conducted for the students during the annual sports day and intercollege meets or any other specific days such as the Foundation Day, Republic Day etc. to improve and maintain their skills using ground facilities. Indoor games such as carom, chess, badminton and table tennis are also available.
The college has a Student Activity Centre which is exclusively empowered to explore and equip the students for multi-varied cultural activities. The Cultural Committee is formed comprising of faculties, staff and students along with the Student Welfare Officer of the College. Different types of clubs' function under the Committee such as the Music, Theatre, Literary and Fine Arts.

College of Horticulture, Thenzwal

The students are provided with all types of physical exercises during the classes and in physical experience class to keep them physically fit and healthy. In addition, the skill development in any one of the games such as badminton, volleyball, football, cricket, table tennis and athletics is contemplated in the physical education programme. Maintenance and cleaning of the ground are regularly done for use by the students. Matches are conducted for the students during the annual sports day and inter-college meets or any other specific days such as the Foundation Day, Republic Day etc. to improve and maintain their skills using ground facilities. Indoor games such as carom, chess, badminton and table tennis are also available.

College of Community Science, Tura

The college has one field in which outdoor activities are held during the college week. Though, college does not have any indoor stadium or sports hall, there are adequate facilities for indoor games in the hostel. A music room is also set up in the hostel along with a good music system used for recreational purposes. There are a number of indoor and outdoor sports equipment that are used by the students. Prior to their participation in inter-college or national level events, special coaching is imparted to the selected students by professional coaches invited form nearby institutes and sport associations.

All hostels are having spacious kitchen, dining hall, reading room, common room etc. with all facilities like table tennis, carom, chess, TV etc. Each Hostel is having a mess run by the students under the supervision of respective Wardens. The College authority has provided sufficient menials to cook quality and hygienic food in the mess.

Each and every Hostel has been provided with Water Filtration system and other kind of water filters for clean and safe drinking water. Facilities for indoor games are also available in the hostels e.g. carom, chess, T.T., dumbbell etc. Girl hostel is also provided with treadmill over and above the mentioned facilities. All the hostel premises are regularly cleaned by engaged sweepers in the each Hostel. Transport facility is also extended as and when required for all the boarders residing in the Hostel.

Medical facility is available centrally in the College Medical Unit. Moreover, each Hostel is provided with some general medicine in the hands of Sick monitors. For emergency, facilities with well equipped Ambulance service are also available for 24 hours.

Examination Hall:

There are total 7 (seven) lecture cum examination hall (area 1410 sq.m.) in the College with capacity of accommodating 420 students at a time for any examination purpose.

Sports and recreation Facilities:

The College is having 1 (one) multipurpose indoor stadium (470sq.m.) with facilities for badminton, T.T., Carrom and multigym. One outdoor playground (2200sq.m) with a basketball cum volleyball ground (140sq.m.).

College has established a student welfare section under supervision of student welfare officer who is looking after different activities like Sports and cultural events, NSS programmes and NCC activities along with placement cell. There are different in-charges for NSS and NCC activities. Different facilities developed at college campus for encouraging the students to participate in different extracurricular and co-curricular activities. The College has represented at University level, at Inter University meet and State level sports meeting.

Auditorium:

The College is having a well equipped modern auditorium constructed and inaugurated in the year 2009 with a sitting capacity of approx. 300 persons(568sq.m). The facility has been used throughout the year for different activities like celebration of Annual College Week, Freshers' day, Farewell day of the final year students, world veterinary day, world anti rabies day, world milk and egg day, White coat ceremony for the 4th year students, Inauguration of National Seminar, Celebration of Diwali, Pre-Christmas, any training programme inauguration, visit of any high dignitaries etc. The Auditorium is also having a community hall (415 Sq.m) adjacent to it, which is very useful for reception and arrangement of meals for students, faculties and other dignitaries etc.

Exhibition Hall/Museum:

The College is having 1 (one) exhibition hall at ATIC building (600 Sq.m). The different College activities and achievement have been displayed in that exhibition hall. All the high dignitaries visiting the College are taken to the unit to briefly apprise about different activities and achievement of the College.

Over and above, the College is also having the following facilities for specific purposes e.g. Administrative block (1592 Sq.m), Academic block-I (4763 Sq.m), Academic block-II (461 Sq.m), Academic block-III (2455 Sq.m), New Academic Block (7000 Sq. m), Library (770 Sq.m),Teaching veterinary clinical complex (1094 Sq.m), Instructional livestock farm complex (1793 Sq.m), Lab. animal house (130 Sq.m), KVK building (2650 Sq.m), ATIC building (600 Sq.m), Guest house (740 Sq.m), Dean's residence (266 Sq.m), Type-V Qtrs 4 units (807 Sq.m),Type IV Qtrs 23 units (2616 Sq.m),Type III Qrts 24 units (2287 Sq.m)Type II Qtrs 20 units (2017 Sq.m), Transit accommodation of 30 units of 2 rooms flat (1460 Sq.m), shopping complex (470 Sq.m), Medical unit (410 Sq.m) and Garage & workshop (205 Sq.m).

Department wise infrastructural details of CHF Pasighat

Department/Section	Area (Sq.mtr.)	Facilities available
Natural Resource Management		
1. Farm Power & Irrigation Infrastructures	1500	• Run-off Experiment Facility • Rain water Harvesting Based Integrated Horticulture Farming System • WHP=5 Lakh Litre Capacity • 5Hp Solar Pumping System • Naturally Ventilated Greenhouse= 30m×7m • Drip irrigation system operated by Solar Pump • Sprinkler Irrigation System operated by solar pump • Gravity fed drip Irrigation System in 500sq.m area • Basic Power Machineries available
2. Agrometeorology Observatory	500	• Meteorological observation data for Research and Academic purpose
Forestry		
3. Silviculture Nursery	9100	• Nursery raised bed= 70 Nos.

		• Shade net house (5x1.5m) = 30 Nos. • Green Net House (9mx16.5mx 5.5m) • Tree Garden/ Collection of 250 species of tree species for research/academic • PG Research plots for germination exp • Plantation Blocks of diff. species • Water Pump with motor, Irrigation & electricity setups
4. Agroforestry Block	2100	• Compost (concrete) pit • PG Research plots under different spacing's of different species & different age
5. Bambusetum block	8000	• 67 spp. of different type of bamboos • Research, conservation & identification purpose
6. Rubber plantation block	20000	• Commercial genotypes of high yielding *Hevea brasiliensis*
7. NTFPs & High value timber block	25000	• Tans & dye yielding plants • Lac, Gums and resins plants • Drugs, spices and insecticides plants • Wild edible fruits trees
Horticulture		
8. Medicinal &Aromatic plant farm 9. Medicinal plant germplasm block	12000	• Germplasm of Medicinal and AromaticPlants • Collection of rare and endangered spps. • Nursery beds • Shade houses/roofs • Irrigation & electric facilities
10. Herbal garden	10000	• More than 160 species • Research, conservation & identification purpose
11. Floriculture and Landscaping	20000	• 8 nos. polyhouses • Germplasm bank of orchids & native ornamental plants • Commercial cut flower block of orchids, anthurium, gerbera, and heliconia • Collection of indoors plants, cactus and annual flowers
12. Vegetables science	35543	• Demonstration block on nutrition garden and other vegetable crops • Turmeric and spices processing unit • Hi-tech poly house (3 nos.) • Naturally ventilated polyhouses (2 nos.) • Water harvesting tanks

		• Solar power operated sprinkler irrigation system • Local vegetable garden • Vegetable nursery block
13. Fruit Department	98525	• Fruit nursery block • Demonstration & experimental block of coconut, passion fruit block, litchi, Jack fruit, Aonla, cashewnut, Mango, banana, Oil palm, Pumello and Assam lemon.
14. PBG farm	1800	• Nursery raised bed= 20 Nos. • Shade net house (15x15m) • Tokkopatta shade roofs: 10nos. • Arboretum 1100 sq. mtr. • Irrigation & electricity setups
Plant Protection		
15. Entomology (Biocontrol) Farm	4047	• Nursery Beds, Research plots • Water Pump with motor, Irrigation & electricity setups
16. Entomology (IBDC) Farm	2023	• All equipment's of beekeeping • Irrigation facility • Plots for nectar yielding plant

13. College of Agriculture, Pasighat, Arunachal Pradesh

The boys' hostel and the girls' hostel as well as transit hostel construction have almost completed but the college is under construction which will be functioning after completion of the college.

Therefore**,** at present, the students of College of Agriculture are accommodated in hostels of College of Horticulture and Forestry. However, a separate girl's hostel has been allotted to the girl students of B.Sc. Agriculture programme in the college while the boys are accommodated in the same hostels along with the students of College of Horticulture and Forestry. All hostels are provided with televisions, common rooms, medical facilities, indoor games, good mess (with cooks and menials), drinking water for the students.

The infrastructure of College of Agriculture *viz*., academic block, administrative block, separate hostels for boys (Fig. 20) and girls (Fig. 21), transit hostel (Fig. 22) *etc*. are under construction at the allotted site and major works are nearing completion.

Hostel	No. of rooms	No. of students
Boys		
Sindhu	15	2 students per room
Ganga	20	1 student per room
Brahmaputra	15	2 students per room
New Boys Hostel	23	1 student per room
Girls		
P.G. Hostel	20	1 student per room
Daisy	42 (41 for students and 1 office room)	3 students per room
Daffodil (Exclusively for girls of B.Sc. Agriculture)	24	2 students per room

Silvia	16	3 students per room
Lily	21 (18 for students and 3 for guests)	1 student per room

Basic medical facilities are centrally available at the Medical Unit of the college where basic medical amnesties such as antipyretics, antibiotics, antidiarrheal etc. are available. Also, facilities for I.V. injections and fluids and suture needles and materials are available for minor suturing. First aid kits are issued to all hostels. Time to time health awareness campaigns are organized by the NSS units. Medical experts are invited to deliver special lectures on self-hygiene, tobacco and its toxicity, nutritious foods for healthy living etc.

14. College of Horticulture, Thenzawl, Mizoram

College of Horticulture, Thenzawl has a total campus area of 120.38 hectare and the total area covered by building infrastructure is 1.42 hectare. The College of Horticulture has pre-fabricated and permanent buildings each of academic cum administrative block, hostels for boys and girls. The college also has Type-II quarter for accommodating its staff. The permanent academic cum administrative block, and transit hostel are under construction at the allotted site and major works are nearing to completion.

Particulars	Plinth Area (Sq. m)	Number of rooms
Permanent Administrative cum Academic Block	8000	
Pre-fabricated Administrative cum Academic Block	696	10
Permanent Boys Hostel	1500	32
Permanent Girls Hostel	1500	32
Pre-fabricated Boys Hostel	500	12
Pre-fabricated Girls Hostel	500	12
Transit hostel	1500	37
Type-II Quarter	132	2

6.6.7.2. IT Infrastructure. A brief report on University ARIS Cell shall be given. Give the information on LAN connectivity, Wi-Fi/internet facilities in campus and hostels; Computer based library management, videoconferencing facilities, smart class rooms and workshops etc.

- Under NAHEP project, the university is well equipped with smart class room. 1Gigabit ethernet LAN is connecting throughout the HQ and colleges with 144mbps Leased NKN connection. University is equipped with WiFi both 5GHz and 2.5GHz connectivity.
- For online classes, faculties use google meet whose participants limit is upto 250. University has subscribed to GSUIT and Premium Zoom for virtual meetings and workshops.
- There is no ARIS(Agricultural Research Information System) Cell at the University as well as at College but all the colleges have computer laboratories equipped with internet facilities.

6.6.7.3. Students and Staff Amenities: Give brief report on the sporting and recreational activities, employment and career advice, child care, financial advice and food services, entertainment avenues etc. available in the campus.

- All constituent colleges of the university have well managed games and sports infrastructures including all season indoor and outdoor sports facilities, auditorium, gymnasium. A separate cell for

co-curricular activities was opened in the Directorate of Instruction w.e.f. 1st November, 2013 to co-ordinate and improve various Games and Sports & Cultural activities of the University. To inculcate the sense of competitiveness among the students in a camaraderie atmosphere, the constituent colleges organized the co-curricular activities in the form of annual college week, sports and games and social/cultural meets. All constituent colleges have well organized hygienic canteens located within the campus. The food prepared is assessable to the students and staff of the college at a nominal rate. A Committee monitors the hygienic and nutritional food prepared in the canteen. The University has a placement cell and availed placement for the students in different agri allied sectors including banks, private establishment, NGO's, industry etc.

6.6.8. FINANCIAL RESOURCE MANAGEMENT:

6.6.8.1. Budget allocation: Give the budget allocation (College wise) for salary, contingency and amount received through the ICAR development grant during last five years. Give a note on the sufficiency of the fund to meet the academic requirement in last five years.

6.6.8.1. Budget allocation (Unit wise) (Rs. In lakh)

6.6.9. ACCOMPLISHMENTS

6.6.9.1 : Awards for the University :

National :

- Received ICAR JRF award for securing 2nd position twice (for the year 2012 and 2014) in All India Ranking in ICAR-JRF examination.
- Received ICAR-Junior Research Fellowship (JRF) Award for the year 2016 for obtaining 2nd position under the programme category of "Horticulture and Forestry"
- . A student of College of Fisheries, Lembucherra, Tripura, Ms. Bullo Angkha, bagged 1st rank in ICAR Junior Fellowship exam-2016.
- Two students, viz. Keisham Geenita and D. Bernice Ekhe topped the in the ICAR AIEEA JRF examination-2019 in the streams of Fisheries Science and Community Science respectively
- The University was conferred FICCI Higher Education Excellence Award, 2018(University of the Year in existence for 11 to 30 years) in recognition of all round achievements in Higher education.
- Mahindra Samriddhi India Agri Award-2017 (National Award) has been conferred to the Central Agricultural University, Imphal by Mahindra and Mahindra Co. Ltd. in recognition for its purposeful and noteworthy contribution to the field of agriculture, having a positive impact on the farming communities, thus enabling them to rise through successful large scale demonstration on "Zero tillage cultivation of rapeseed-mustard with bee pollination and non-chemical method of plant protection" in more than 1000 ha in rice fallow.
- Pandit Deendayal Upadhyay Rastriya Krishi Vigyan Protsahan Puraskar by KVK East Siang, Arunachal Pradesh, 2016-2017
- Best Exhibition Stall Award at Krishi Unnati Mela-2017 has been conferred to KVK, East Siang, Arunachal Pradesh by ICAR, New Delhi
- IARI Innovative Farmer Award and NEH Innovative Mushroom Farmer Award by KVK East Siang, Arunachal Pradesh, 2017-2018
- IARI Innovative Farmers Award by KVK Aizawl, Mizoram**,** 2016-17
- Mahindra Samridhi India Agri Award KVK Aizawl, Mizoram**,** 2018-19
- Best Senior Scientist cum Head Award KVK Aizawl, Mizoram**,** 2019-20
- Best Extension Professional Award KVK Aizawl, Mizoram**,** 2020-21
- Pandit Deendayal Upadhyay Rastriya Krishi Vigyan Protsahan Puraskar 2019, KVK, Imphal East, Manipur, 2019-20
- Best Centre Award of AICRP-PHET, 2019 at TNAU, Coimbatore.
- Best Centre Award of AICRP-PHET, 2020 at JNKV, Jabalpur.

Regional :

1. Best KVK award in implementation of CFLD programme by KVK East Siang, Arunachal Pradesh, 2018-2019.
2. Best Exhibition Award for State Agricultural Fair 2017 organized by SAMETI, Dept. of Agriculture, GOM, KVK, Imphal East, Manipur 2016-2017.
3. Best KVK for implementation of CFLD Pulses under Zone VII, ATARI, KVK, Imphal East, Manipur, 2018-19
4. Second best stall award during State Level Farmers Fair- 2019, Directorate of Extension Education, 2019-2020

AWARDS RECEIVED BY THE FACULTY MEMBERS OF THE UNIVERSITY:

Awards and recognition of faculty members. (2015-16)

Sl.no	Name of the College	Details of Awards
1.	**College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl , Mizoram**	

	Dr. Gunjan Das	Best oral presentation award (2nd) for the presentation on "wound healing property of two herbal plants by *in vivo* assessment in rats", 34th annual convention of ISVM on "Newer Approaches in diagnosis and management of animal diseases for sustainable health and production" during 17th – 19th February 2016 at GADVASU, Ludhiana, Punjab.
	Dr. Devajani Deka	Best oral research paper award for the paper " Serotyping and antibiotic sensitivity pattern of *Escherichia coli* from chicken and human sources" in National conference on Prospects and Challenges in Indigenous foods and drink sector, 11-12 April, 2015, organized by AFST (I), Manipur chapter at CAU, Imphal.
2.	**College of Fisheries, Lembucherra, Tripura**	
	Dr. K.V. Radhakrishnan	Best Oral Presentation Award in the National Seminar on Fisheries and Aquaculture: Livelihood security, Sustainability and Conservation, held at College of Fisheries, Lembucherra, Agartala, Tripura from 21-22nd January 2016
	Dr. Sagar Chandra Mandal	Best Paper presentation award during National Seminar on Fisheries and aquaculture: livelihood security, sustainability and conservation during 21-22 Jan. 2016 held at College of Fisheries, Lembucherra.
	Mr. Himadri Saha	Third Best Poster Presentation Award in the National Seminar on Fisheries and Aquaculture: Livelihood security, Sustainability and Conservation, held at College of Fisheries, Lembucherra, Agartala, Tripura from 21-22nd January 2016
	Dr. Janmejay Parhi	Dr. Hiralal Chaudhury Young Scientist Award by CIFE-ICAR, DBT Overseas Award for 6 months
3.	**College of Horticulture & Forestry, Pasighat, Arunachal Pradesh**	
	Dr. P. Debnath, Associate Professor	Best poster presentation in the National Conference on Horticulture in North Eastern region, held during January 16-18,2016 at CHF, CAU, Pasighat
	Dr. S.K. Pattanaaik, Assistant Professor	Govinda Chandra Sahu Award by the Institution of Engineers (India) for the paper "Flood frequency Prediction using Gumbel's and Log-Pearson method for Siang river"
		SECOND position in the POSTER presentation in National Conference on Horticulture in North East Region, which was held at CHF, Pasighat from 16-18 January 2016.
	Dr. S. Romen Singh, Assistant Professor	Best poster presentation in national conference on "National conference on horticulture in North eastern region" 16-18 January, 2016 on the topic "Genetic diversity of rambutan (*Nepheliumlappaceumlinn.*) in East Siang district of Arunachal Pradesh" organized by CHF, CAU, Pasighat.
4.	**College of Home Science, Tura, Meghalaya**	
	Dr. BiswajitLahiri	'Rapporteur' in the State Level Seminar on "Constraints Faced by Differently Abled Women in Their Access to Service and Education", organized by Department of Human Development

		and Family Studies, College of Home Science, Central Agricultural University on 6th November'2015.
		Appointed as external question paper setter for 2nd year B.Sc. Home Science, II Semester 2015-2016, Assam Agricultural University, Jorhat for the course Children with Developmental Challenges, CSK Himachal Krishi, Vishvavidyalaya, College of Home Science, Palampur HHD-355 Children with Special Needs and St. Terasa's College, Ernakulum, Kerala for the course of Psychology 2015.
	College of Post Graduate Studies, UmiamBarapani, Meghalaya	
5.	Dr. Ram Singh	Rapporteur in Indian Society of Agricultural Marketing, ANGRAU, Hyderabad (India) during 29th National Conference, MPUAT, Udaipur held on 28-30th, 2015 at RCA, MPUAT, Udaipur
		Elected as the MemberExecutive Committee in Indian Society of Agricultural Marketing, ANGRAU, Hyderabad (India) during 29th National Conference, MPUAT, Udaipur held on 28-30th, 2015 at RCA, MPUAT, Udaipur
	Dr. S.M. Feroze	Best paper award at National Seminar on Youth for Climate Change Transformation during 28-29th July 2015 at IIFM, Bhopal.
		Best paper award on "What influences the farmers' decision to adapt to climate change in hill? A case study of East Sikkim" authored by DayohimiRymbai, S.M. Feroze and Ram Singh
	Dr. Dwipendra Thakuria	External Member of the "Institutional Biosafety Committee" in the Institute of Advanced Study in Science and Technology, DST, GoI, Guwahati, Assam.
		Secretary in the soil "The Shillong Chapter of ISSS".

Awards and recognition of faculty members

Sl. No.	Name of the College	Name of the faculty	Designation	Details of Awards
1	College of Agriculture, Imphal, Manipur	Dr. Daya Ram	Assistant Professor (Department of Extension Education)	Certificate of Merit during Summer School from 7th Sept. To 27th Sept. 2016 at BCKV, West Bengal.
				Young Scientist Award-2017, by Society of Human Resources and Innovation, Agra during 1st National conference on Advances in Global Research in Agricultural Technology from 18 to 19 March, 2017 at Agra.
		Dr. MangsatabamNorjit Singh	Assistant Professor (Department of Animal Sciences)	Dr. V.S. Alwar Best Article Award. (Research paper entitled "Sero-diagnostic potential of *Babesiagibsoni*recombinant Thrombospondin Related Adhesive

				Protein (TRAP)" during the 26th National Congress of Veterinary Parasitology held at Veterinary College, Shivamogga, from 15-17th Feb, 2017 organised by Indian Association for the Advancement of Veterinary Parasitology.
		Dr. Th. Ranadhir Singh	Associate Professor (Animal Science)	Dr. N.S.R. Sastry Award (Indian Society of Animal Production and Management (ISAPM) awarded for the best LPM research work in North East India.
2	College of Post Graduate Studies, Umiam, Meghalaya	Dr. Sanjay Swami	Associate Professor (School of Natural Resource Management)	Best Paper Presentation Award: 8th National Extension Education Congress, 2017 on Nutrition-Sensitive Agriculture: Changing Role of Extension, January 28-31, 2017 at ICAR-NAARM, Hyderabad
				Best Worker Award in 8th National Extension Education Congress, 2017 on Nutrition-Sensitive Agriculture: Changing Role of Extension, January 28-31, 2017 at ICAR-NAARM, Hyderabad for extending extra-ordinary assistance in all the Congress related assignments.
		Dr. D. Majumder	Assoc. Prof. (School of Crop Protection)	Councillor for East Zone of the Indian Society of Plant Pathologists Executive Council (2013-15)
		Dr. Ram Singh	Associate Professor (School of Social Sciences)	North-East Extension Meritorious award and it was presented by Hon'ble Vice-Chancellor, CAU, Imphal jointly with Dr. R.P. Singh, Former VC, MPUAT, Udaipur and President of SEE, Agra during 8th NEE Congress on 28-31 January, 2017 at ICAR-NAARM, Hyderabad.
				Reviewer excellence award as reviewer of Indian Journal of Agricultural Research and Legume research-An international Journal, ARCC, Karnal during 2016-17
				Indian Society of Agricultural Economics, Mumbai, (India) during 76th Annual Conference, AAU, Jorhat held on 21-23rd November, 2016

3	College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram	Dr. P. C. Kalita	Associate Professor	"Reviewer Excellence Award" as reviewer of Indian Journal of Animal Research and Asian Journal of Dairy and Food Research. ARCC Journals during 2016.
		Dr. T. K. Rajkhowa	Associate Professor	Overseas Research associateship at University of Connecticut, Storr, CT, USA, awarded by DBT, Ministry of Science and Technology, GOI, New Delhi from 01-09-16 to 30-11-16
		Dr . A. K.Samanta	Associate Professor &Head	Received second best paper(Oral) award for the research paper "Effect of Feeding Palm Oil (*Elaeisguineensis*) Sludge as a Partial Replacement of Maize on the Performance of Growing crossbred (Large White Yorkshire xZovawk) Pigs" presented at X Biennial Animal Nutrition Association Conference held at CVSc, Sri Venkateswara Veterinary University, Tirupatiw.e.f. 9th to 11th November,2016.
4	College of Agricultural Engineering and Post Harvest Technology, Gangtok, Sikkim	Dr. Deepak Jhajharia	Associate Professor	Distinguished Alumni award-2016 by CTAE MPUAT, Udaipur Rajasthan
		Dr. Mahendra S. Seveda	Associate Professor	Received Young Scientist Award-2017 during National Congress-2017
				Received Best paper Presentation Award-2017 during National Congress-2017
		Dr. G. T. Patle	Assistant Professor	Received Distinguished Service Certificate Award- 2016 for the significant contributions in the field of Soil and Water Conservation Engineering by The Indian society of Agricultural Engineers, New Delhi
5	College of Home Science, Tura, Meghalaya	Dr. B. Lahiri	Assistant Professor	Young Scientist Award from SEEA
				Best Paper Presentation Award at 8th NEEC 2017
				Best Paper Presentation Award in National Seminar organized by NEHU and KVK, Tura
		Dr. S. Sarkar	Assistant Professor	Best Paper Presentation Award (Oral) in National Seminar organized by NEHU and KVK, Tura
6	College of Fisheries,	Dr.AtanuSarkar	Professor	'RahtriyaGaurav Award' along with Certificate of Excellence during the Annual Ceremony of India

	Lembucherra, Tripura			International Friendship Society on 1st October,2016 in New Delhi.
	College of Horticulture & Forestry, Pasighat, Arunachal Pradesh	Dr.A.K. Pandey	Dean	Life Time Achievement Award, 2016 Conferred by Society of Biological Sciences and Rural Development, Allahabad on the occasion of National Symposium on "Natural Resource Management for Sustainable Agriculture and Rural Development" held at Allahabad on Nov. 5-6, 2016
7		Dr. B N Hazarika	Professor	Recognised as Member, Joint Inspection Team,Dept. of Agriculture,Cooperaion& Farmers Welfare,(Mission for Inegrated Development of Horticulture), KrishiBhawan, New Delhi
		Dr. B.P. Mishra and Dr. M.M. Kumawat	Assistant Professor	Scientist of the Year Award by The Society of Biological Sciences and Rural Development, Allahabad, Uttar Pradesh

Awards and recognition of faculty members. (2017-18)

Sl. No.	Name of the Faculty	Details of Awards/recognition received
(i) College of Post-Graduate Studies, Umami, Meghalaya		
1.	Dr. Ram Singh Associate Professor	Vice-president of Indian Society of Agricultural Economics, Mumbai, (India) during 77th Annual Conference at CPGS, CAU (Imphal), Umiam held on 12-14th October, 2017
(ii) College of Agricultural Engineering and Post Harvest Technology, Gangtok, Sikkim		
1	Dr. G. T. Patle Assistant Professor	Awarded ***Certificate of Appreciation*** from ICAR-NRC for Orchids, Pakyong, Sikkim. for the contribution towards the Development of a concept of drip irrigation in orchids cultivation on 05.10.2017
		Received best paper (Poster Award) for the paper on "Ensuring the water security in Sikkim through climate smart water technologies: A training and field demonstrations approach" during the session on doubling the farmer's income through horticulture/floriculture.
3	Er. S. K. Satpathy Asst. Prof.	Certified as Trainer for the job role-Tractor Operator by ASCI
4	Dr.Mahendra S. Seveda Professor	Certified as Trainer for the job role-Solar Pump Operator by ASCI
5	Dr.Rakesh Kumar Raigar	Awarded for Gandhian Young Technological Innovation Appreciation Award 2018. The award is given by Dr Harsh Vardhan, Hon'ble Minister of Science and Technology and Earth Sciences on March 19 2018 at Rastrapati Bhavan, New Delhi.

	Assistant Professor	
(iii) College of Horticulture & Forestry, Pasighat, Arunachal Pradesh		
1.	Dr. A.K. Pandey; Dr. S.K. Pattannaik; Dr. P. Sarma; Dr. P. Debnath Dean; Assistant Professor; Associate Professor; Associate Professor	Best Paper Award for the paper entitled Technology for conserving and utilizing rainwater for crop production presents in the 26th National Conference on Natural Resource Management for Climate Smart Sustainable Agriculture (NRMCSSA-2017), organized by Soil Conservation Society of India, New Delhi in collaboration with Central Agricultural University, Imphal, Imphal at College of PG Studies, CAU, Barapani, Meghalaya from 11-13 September, 2017
2.	Dr. A.K. Pandey; Dr. P. Heisnam; Dr. P. Debnath; S.K. Pattannaik Dean; Assistant Professor; Associate Professor; Assistant Professor	Best Paper Award for the paper entitled Growth and Development parameters of vegetable cowpea (*Vignaungiculata*(L.) Walp) as influenced by mulching in the 26th National Conference on Natural Resource Management for Climate Smart Sustainable Agriculture (NRMCSSA-2017), organized by Soil Conservation Society of India, New Delhi in collaboration with Central Agricultural University, Imphal, Imphal at College of PG Studies, CAU, Barapani, Meghalaya from 11-13 September, 2017
3.	Dr. A.K. Pandey& Dr. S.K. Pattnaik	Banabihari Mohanty Memorial Award for the paper entitled "Deficit Irrigation under Drip System- A potential option for enhancing water productivity in fruit crop" by the Institution of Engineers , India, Odisha State Centre, Bhubaneswar during the 59th Annual Technical Session held on 21st January, 2018
4.	Dr. Anil Kumar Assistant Professor (Forest Products and Utilization)	Awarded 2nd Position in Best Research Paper ward category along with Two Year membership of International Research Group on Wood Protection, Sweden (2017-19) Received Scientific assistance Programme (SAP) Award for IUFRO Div-5 Forest Product Conference, Vancuover, Canada
(iv) College of Veterinary Sciences & A.H., Selesih, Aizawl, Mizoram		
1.	Dr. Suvendu Kumar Behera Assistant Professor	1.Best Oral Presentation in 35th Annual Convention of ISVM 2. Overseas Associateship fellowship, DBT, India, 2017
2.	Dr.Gunjan Das Assoc. Professor	1. Main Nominee of CPCSEA for the Institutional Animal Ethics Committee (IAEC) of CPCSEA of Mizoram University (MZU), Mizoram & Tripura University, Agartala 2. Executive Committee member for Indian Veterinary Medicine Association (Mizoram Chapter) election held

		on 30th May' 2015 during Annual General Body Meeting of IVA-Mizoram for the term 2017 – 2019.
3.	Dr.Kalyan Sarma Assoc. Professor	1. Executive member (Regional Secretaries, North East Region) of Indian Society of Veterinary Medicine 2. Member of Project Screening Committee of Govt. of Mizoram underRKVY 3. Level-ll Expert for veterinary Medicine in project entitled "Development and Deployment of Mobile Based Agro-Advisory system in North-East India(m4agriNEl) - Phase II (Garo Hills)", funded by Media Lab Asia, MCIT, GOI, New Delhi 'which was commenced on 4th Ju1y'2015 at College of Home Science, CAU, Tura Meghalay
4.	Dr.Laltlankimi; Dr. T. K. Rajkhowa; Dr. R. Ravindran M.V.Sc. scholar ; Professor & Head; Assistant Professor	Dr. B. S. Raya award, 2016 for best non- oncology short communication in Indian journal of veterinary pathology.
5.	Dr. Y. Damodar Singh, Asst. Prof	Bharat Jyoti Purskar 2018 (From Best Citizen Publishing House, New Delhi)
6.	Dr Parthasarathi Behera Assistant Professor (SS)	"Best Oral Presentation award" at the national seminar on Opportunities and Challenges of Translational Research in the Frontier Areas of Animal Biotechnology held during 22nd to 23rd September 2017 at CVSc& A.H., OUAT, Bhubaneswar.
7.	Dr.N. Shyamsana Singh Assoc. Prof.	Awarded by ICAR for breed recognition of "Zovawk"
		Expert member for formulating Mizoram state pig breeding policy
8.	Dr. T.C. Tolenkhomba Asst. Prof.	Expert member for formulating Manipur state pig breeding policy
(v) College of Horticulture, Bermiok, South Sikkim		
1.	Dr S.K.Sharma Dean	Nominated as member of Board of Studies for College of Horticultural and Forestry, Jhalwar, Rajasthan by Hon'ble Vice-Chancellor, Kota Agricultural University, Kota, Rajasthan
		Awarded fellowship by the International Society for Noni Science, Chennai in a function held at Pune on 24th March 2018.
(vi) College of Home Science, Tura, Meghalaya		
1	Dr.Lokesh Kumar Mishra Assistant Professor, BioChem	Mishra, L.K., Christopher, A.C., Sarkar, D., Shetty, K. "Aronia Berry Juice: antioxidant and anti-hyperglycemic properties and its comparison with other commercial juices, "3rd International conference on Food for Health, July 16th - 19th, 2017, North Dakota State University, Fargo, ND, USA. ***(Won Best Oral Presentation Award)***.
(vii) College of Fisheries, Lembucherra, Tripura		
1	Dr.DibyenduKamilya Asst. Professor	Dr. M.S Swaminathan award for Best Indian Fisheries Scientist awarded by Professional Fisheries Graduate Forum, India

2	Dr.Arun B. Patel Prof. & Head	Invited Member of Expert panel "GAqP for Fresh Water Aquaculture' under Fish, Fisheries and Aquaculture Sectional Committee, FAD 12"
3	Dr. N.K. Mehta Asst. Prof.	Best Ph. D. Thesis Award from CIFE, Mumbai.
(viii) College of Agriculture, Pasighat, Arunachal Pradesh		
1	Dr.L.Geetarani Devi Assistant Professor (Contract)	Dr.N.A.Mujumdar Prize Award (By ISAE, Mumbai) for Best paper presenter award, 2017
		Young Scientist Award (by Endling conference, 2018) for best presentation
2	Dr.PunabatiHeisnam Assistant Professor (Contract)	Best Paper Award (by Soil Conservation Society of India, 2017)

Recognition of faculty members and staff through their excellence during 2018-19

Sl. No.	Name of the Faculty	Designation	Details of Awards/recognition received
College of Agriculture, Imphal			
1	Dr. Daya Ram	Assistant Professor	1. Young Scientist Award-2018, by Society of Exte Education, Agraon NEEC-2018 form 15 to 18 M at CAEPHT Sikkim 2. Young Scientist Award-2018by Indian of Extens Education, New Delhi on National Seminar-20 to 8 Dec.,2018 at WBUAF West Bengal
2	Dr. Ng. Joykumar Singh	Assistant Professor	1. Recognition of outstanding contribution in Development of Technologies in Post-Harvest Engineering and Technology. 2. Best paper presentation award on "development and performance evaluation of makhana in international conference on technological innovation for integration of food and health (TIIFH 2019) - Association of Food Scientist and Technologist, Tezpur University, Assam.
3	Dr. Bireshwar Sinha	Assistant Professor	1. Best oral presentation on "Indian Phytopathological North East Zone- National symposium - 2019, Tripura 2. Certificate of appreciation for contribution to Tricoderma research from North East India by UTU, Gujarat 3. Conferred Fellow Member- "FSARSD" for contribution to Agriculture Research by Society of Agricultural Research and Social Development, New Delhi
College of Veterinary Science & A.H., Selesih, Aizawl			

1.	Dr. Prava Mayengbam	Associate Professor	2nd Prize in Poster presentation under 30 during International Conference on Bio-diversity, Environment and Human Health: Innovations and Emerging Trends (BEHIET 2018) on 12-14 November, 2018 held at Mizoram University, Mizoram.
2.	Dr. Y. Damodar Singh	Assistant Professor (SG)	"The Bharat Jyoti Puraskar 2018" was conferred by the Best Citizen Publishing House, New Delhi.
3.	Dr.Parimal Roy Choudhury	Associate Professor	DBT overseas associateship
4.	Dr. O. P. Choudhary,	Assistant Professor	Late Dr. D. S. Grover Memorial Award for "Clinical Anatomy & Multidisciplinary Approach". during XXXIII ANNUAL CONVENTION OF IAVA & NATIONAL SYMPOSIUM at C.V.Sc.& A.H., CAU, Selesih, Aizawl
5.	Dr. Dibyajyoti Talukdar	Assistant Professor	IJRULA Title awards 2018" for best research article. Awarded by, International Journal for Research Under Literal Access
College of Horticulture & Forestry, Pasighat			
1	Dr. T.S.Mehra	Assiciate Professor	"Adarsh Vidya Saraswati Rashtriya Puraskar" by Global Management Council, Ahmedabad 2018.
			Conferred Fellowship of International Society of Noni Sciences, Perungudi, Chennai, India
2	Dr.Ng. Piloo	Associate Professor	'Scientists of the Year Award' for outstanding contribution in the field of Post harvest Management by the Society of Biological Sciences and Rural Development, Prayagraj on the occasion of "National Symposium on Innovations in Agriculture, Environment and Technology for Inclusive Development" on 17th-18th March, 2019.
3	Ms. M. Bishwapati Devi	Assistant Professor	'Scientists of the Year Award' for outstanding contribution in the field of Computer Science by the Society of Biological Sciences and Rural Development, Prayagraj on the occasion of "National Symposium on Innovations in Agriculture, Environment and Technology for Inclusive Development" on 17th-18th March, 2019.
4	Dr. Shivani Dobhal	Assistant Professor	Young Scientist Award, by COBACAS, Uttar Banga Viswavidyalaya, Pundibari Cooch Bihar, West Bengal India
5	N. Devachandra	Assistant Professor	Successfully Completed and Passed the Massive Open Online Course (MOOC) on Dynamic of Teaching-Learning held during 01-30, November,

			2018 organized by ICAR-NAARM, Rajendranagar, Hyderabad, Telangana.
6	Dr.Helen Soibam	Assistant Professor	Best Scientist National Award in field of Teaching, research and publications by IRDP Group of Journals, Chennai, India on 28th October,2018
College of Fisheries, Lembucherra, Tripura			
1	Dr.Anindya Sundar Barman	Assistant Professor	Zoology Congress Medal
2	Dr. S. Khagen Singh	Assistant Professor	Zoology Congress Medal
3	Mrs. BahniDhar	Assistant Professor	2nd prize for oral presentation on International Symposium
4	Dr.S.SMahanand	Assistant Professor	2nd prize for oral presentation on International Symposium
College of Agricultural Engineering & PHT, Ranipool, Sikkim			
1.	Prof. P. P. Dabral	Dean	Agricultural Engineering Division Prize (Gold Medal and Certificate) from The Institution of Engineers (India), for his research paper titled "Economic Evaluation and Overall Assessment of Water Harvesting Ponds based on Scorecard System : a Case Study" published in the Journal of The Institution of Engineers, Series A(Springer), Volume 98,2017.
2.	Prof.Mahendra S. Seveda	Professor	Society of Extension Education (SEE) Fellow Award during 9th National Extension Education Congress-2018 on Climate Smart Agricultural Technologies: Innovations and Interventions during November 15- 17, 2018
3.	a) Dr. Deepak Jhajharia b) Dr. G. T. Patle c) Dr.Kh. Lily Devi d) Dr.Rakesh Kumar Raiger	a) Associate Professor b) Assistant Professor c) Junior Research Scientist d) Assistant Professor	Received Young Scientist Award during 9th National Extension Education Congress-2018 on Climate Smart Agricultural Technologies: Innovations and Interventions during November 15- 17, 2018
4.	a) Dr.Mahendra S. Seveda b) Dr. Deepak Jhajharia c) Dr. A. K. Vashisht d) Dr. G. T. Patle e) Dr.Kh. Lily Devi	a) Professor b) Associate Professor c) Associate Professor d) Assistant Professor e) Junior Research Scientist	Received the Best Paper Award during 9th National Extension Education Congress-2018 on Climate Smart Agricultural Technologies: Innovations and Interventions during November 15- 17, 2018

	f) Dr.Rakesh Kumar Raiger	f) Assistant Professor	
5	Dr. Deepak Jhajharia	Associate Professor	Received Best Extension Scientist of AICRP-PET for 2017-18 during the XIVth Annual workshop of the AICRP on PET held at ICAR-VPKAS, Almora (Uttarakhand) from 18-19th December 2018.
6	Dr. Rakesh Kumar Raiger	Assistant Professor	Received Gandhian Young Technological Innovation (GYTI) appreciation Award 2018 from Ministry of Science & Technology on March 19, 2019 at Rastrapati Bhavan, New Delhi
College of Post Graduate Studies, Barapani, Meghalaya			
1.	Dr. KonjengbamNoren Singh	Professor	Bharat Ratna Indira Gandhi Gold Medal Award conferred by GEPRA, New Delhi for their excellency in Education and Research on 9th March, 2019.
2.	Dr.R.K.Tombisana Devi	Professor	Chaired the technical session National Symposium on "Role of Plant Pathology in empowering and doubling farmers' income". 25-27 October, ICAR Research Complex for NEH Region, Umiam, Meghalaya
3.	Dr. Sanjay Swami	Associate Professor	SCSI Leadership Award: Soil Conservation Society of India (SCSI), New Delhi honoured for consistent contribution in the field of Natural Resource Management, especially Soil and Water Resource Management in Hilly tracts during 27th National Conference of SCSI on "Sustainable Management of Soil and Water Resources for Doubling Farmers' Income" held at AAU, Jorhat, Assam w.e.f. October 25-27, 2018.
			Best Oral Paper Award, paper entitled "Doubling Tribal Farmers' Income through Location Specific Integrated Farming Systems in North Eastern Hill Region of India" during Technical Session VI of the 27th National Conference of SCSI on "Sustainable Management of Soil and Water Resources for Doubling Farmers' Income" held at AAU, Jorhat, Assam w.e.f. October 25-27, 2018.
			Young Scientist Award: Society of Extension Education conferred for consistent contribution in the field of Extension of Natural Resource Management Practices, especially Soil and Water Resource Management in Hilly tracts during 9th National Extension Education Congress-2018 on "Climate Smart Agriculture Technologies: Innovations and Interventions" at held at

			CAEPHT, Ranipool, Sikkim w.e.f. November 15-17, 2018.
			Best Poster Award: paper entitled "Biochar for enhancing crop productivity and sustaining soil health" in the Technical Session –IV of the 27th National Conference of SCSI on "Sustainable Management of Soil and Water Resources for Doubling Farmers' Income" held at AAU, Jorhat, Assam w.e.f. October 25-27, 2018.
			Oral Paper Presentation Prize: research paper entitled "Biochar: Managing acidic soil in North Eastern Hill region of India" 3rd in the Technical Session on Managing Soil Health and Quality of the All India Post Graduate Students' Research Convention in Soil Science held at BAU, Sabour, Bhagalpur w.e.f. March 15-16, 2019.
4.	Dr. Dwipendra Thakuria	Professor	Recognized as Editor of the Journal of the India Society of Soil Science for a period of 2 years (2017 and 2018).
			Supervisor of the DBT-Research Associateship Programme on the topic "Endophyte metabolomics of rice in response to habitat-adaptive fitness against abiotic stresses" by the Indian Institute of Sciences, Bangalore.
			Mr. Sagolshem Kalidas-Singh was awarded Young Investigator's Award for the research presentation on "Phosphorus Management for Transplanted Rice in Acid Soil: Seedling-Root-Dipping in SSP-Soil Slurry Method" authored by Kalidas-Singh S. and Thakuria D. in the 3rd International Symposium on Rice Science in Global Health, 2018, Kyoto Japan.
5.	L. Devarani Student: Neyoni Nkululeko	Assistant Professor	Best Paper Award during the National Agri - Business Entrepreneurship Conclave held at ICAR-RC-NER during 9-11 February 2019
6.	Dr. Ram Singh,	Professor	Elected as Vice-president of Indian Society of Agricultural Economics for 3 years
			Elected as an executive member in the Indian Society of Agricultural Marketing at ISEC, Bengaluru November, 2018
			Reviewer Excellence Award as Reviewer of the journal *Agricultural Science Digest* by Agricultural Research Communication Center, Karnal, Haryana
College of Home Science, Tura, Meghalaya			

1	Dr. Biswajit Lahiri	Assistant Professor	Best Paper Award & Young Scientist Award' from Indian Society of Extension Education, New Delhi in ISEE National Seminar-2018 organized by Indian Society of Extension Education, New Delhi on December 5-7, 2018 at WBUAFS, Kolkata, West Bengal
College of Agriculture, Pasighat			
1	Dr. L.Geetarani Devi	Assistant Professor (C)	Young Professional Award (for research quality, novelty and significance) & Young Scientist Award(for research quality)
College of Horticulture, Bermiok, Sikkim			
1	Dr. P. Bhumita	Assistant Professor (C)	Eminent Scientist Award-2018 conferred by Agro-Environmental Development Society
College of Agriculture, Kyrdemkulai, Meghalaya			
1	Dr. U.K.Behera	Dean	Gold Medal in the XXI Biennial National Symposium on "Doubling Farmers Income through Agronomic Interventions under Changing Scenario" from 24-26 October, 2018 which was organized at Rajasthan College of Agriculture, MPUAT, Udaipur, Rajasthan. President, Indian Science Congress Association (ISCA), Agriculture and Forestry Science, 2019-2020 for 107 Indian Science Congress during 3-7 January, 2020.

Awards and recognition of faculty members (2019-20)

Sl. No.	Name of the Faculty	Designation	Details of Awards/recognition received
College of Horticulture and Forestry, Pasighat, Arunachal Pradesh			
1	Prof. B.N. Hazarika	Dean, Professor	ISHRD Fellowship: Indian Society of Horticultural Research and Development (ISHRD), Uttararhand
			Outstanding contribution to science Award-2019. Dr. B. Vasantharaj David Foundation, Chennai, India
			Dr. H.K. Jain- CAU Award (2016-17), Central Agricultural University, Imphal (awarded in 2019)
2	Dr. D.B. Ahuja	Professor	Best Research Project Award in CAU Regional Fair 2019 - 20 Integrated Bee Keeping Development
3	Dr. Sunil Kumar	Professor	Outstanding Academic Leader Award 2020 from Eudoxia Education Private Limited, Guwahati.
			Best Research paper award in Current Horticulture-2019
			Best Academician Award 2019 in Agriculture from Scholars Academic and Scientific Society, Borhawar, Murajhar, Hojai, Assam
			Best Faculty Award from EET CRS 7th Faculty Branding Awards-2019
5	Dr.A.S.Mailappa	Associate Professor	Best Agricultural Academician Award *(Best KrishiShikshak Award) during* National Conference on Challenges and Innovative Approaches in Agriculture &

			Allied Sciences Research, organized by SBER (Society for Biotic and Environmental Research), on 26.07.19 & 27.07.2019 at Sona College of Arts & Science, Salem, Tamil Nadu.
6	Dr. Shivani Dobhal	Assistant Professor	Young Scientist Award, by COBACAS, Uttar Banga Viswavidyalaya, Pundibari Cooch Bihar, West Bengal India
7	Dr. Barun Singh	Assistant Professor	Distinguished Service Award for outstanding contribution in the field of Pomology. Conferred by Society of Biological Sciences and Rural Development, Prayagraj, U.P. India
8	Dr. Nangsol Dolma Bhutia	Assistant Professor	Awarded with Jagar Nath Raina Memorial for All India Best Research Award at Doctorate Level 2019 by Society for Advancement of Human and Nature (SADHNA) , Himachal Pradesh
			Awarded with Dwarika Nath Memorial Award-2018 for best Ph.D. Thesis by Indian Society of Vegetable Science, Varanasi, Uttar Pradesh
9	Mr. Premaradhya, N	Assistant Professor	Best Paper Presentation during Regional Seminar of Indian Society of Agricultural Economics (ISAE) on "Perspectives of Horti-Business in Development of North Easter Region" 24-25th February, 2020
College of Fisheries, Lembucherra, Tripura			
1.	Dr. Himadri Saha	Assistant Professor	Young Scientist Award-2019
2.	Dr. Amitava Ghosh	Assistant Professor	CWSS- Young Scientist Award-2020
3.	Dr. A.S. Barman	Assistant Professor	Best Oral presentation award in National Seminar on "Biodiversity –Issues challenges and opportunity" 16-17th July 2019, organized by CCSHAU, Hisar, Haryana
4.	J. Parhi,	Asst. Professor	Prof Harswarup Medal -2020 by Zoological Society of India for academic contribution in the field of Fish Genetics and Biotechnology
		Asst. Professor	Dr. S. Ayyappan Gold Medal by Inland Fisheries Society of India (IFSI), Barrackpore
College of Community Science, Tura, Meghalaya			
1	Prof. Puspita Das	HOD & Dean In-charge	Conferred "**Excellence in Research Award**" by Astha Foundation, Meerut (U.P.) during International Conference on Innovative and Current Advances in Agriculture and Allied Sciences held from 27th January to 1st February 2020, ICAAAS – 2020 at Bangkok, Thailand
College of Post Graduate Studies in Agricultural Sciences, Barapani, Meghalaya			
1	Dr. Mahesh Pathak	Professor Entomology	Best KVK Award for effective Implementation of Cluster Frontline Demonstration (CFLD) programme in Toria (*Rabi* 2018-19)conferred by ICAR-ATARI, Zone-VI, Guwahati, Assam in Annual Review Meeting of

			KVKs 2019-20 held at ATARI Guwahati, Assam, 29-31st May, 2019.
2	Dr. Kennedy Ningthoujam	Assistant Professor Entomology	Appreciation certificate for outstanding participation on "Production Protocol for Biocontrol agents (Predators, Parasitoids and Microbial Bio pesticides) and Biofertilizers" held at NIPHM, Hyderabad
3	Dr. Pranab Dutta	Associate Professor	Best Poster Presentation Award (Jointly) for the paper "Green synthesis of silver nanoparticles , its characterization and study the efficacy against Fusariumoxysporum in IPSCONF 2020 held at ICAR-IARI, New Delhi, India during January 16-20, 2020
7	Dr. Dwipendra Thakuria	Professor	American Phytopathological Society Travel Grant (North Eastern Zone, IPS) was awarded to Mr. Hubert Jones Shullai in the symposium "Sustainable Plant Health Management on North East India" during 6-7 November, 2019 at ICAR-RC for NEH Region, Umiam, Meghalaya
8	Dr. Dwipendra Thakuria	Professor	Best Poster Presentation Award by Miss Lipa Dev in the 7th International Conference "Phytopathology in achieving UN Sustainable Development Goals" (IPSCONF2020) held on January 16-20, 2020 at ICAR-IARI, New Delhi, India
9	Dr. Sanjay Swami	Professor	Outstanding Achievement Award during 3rd International Conference on "Global Initiatives in Agricultural and Applied Sciences for Eco Friendly Environment (GIASE-2019)" held at Tribhuvan University, Kathmandu, Nepal w.e.f. June 16-18, 2019 organized by(ATDS), Ghaziabad
			Distinguished Scientist Award during International Conference on "Sustainable Agriculture Production for Food, Nutritional and Livelihood Security: A Challenge for Asian Farmers" held at Pattaya, Thailand w.e.f. September 25-27, 2019.
			Appreciation Award by the Soil Conservation Society of India (SCSI) New Delhi in recognition of his sincere, dedicated and hard work for successful organization of the 4th International Conference of Soil Conservation Society of India (SCSI) on "Soil and Water Resources Management for Climate Smart Agriculture, Global Food and Livelihood Security" at NASC Complex, New Delhi during November 05-09, 2019.
			Best Oral Presentation in the 4th International Conference of Soil Conservation Society of India (SCSI) on "Soil and Water Resources Management for Climate Smart Agriculture, Global Food and Livelihood

			Security" at NASC Complex, New Delhi during November 05-09, 2019.
			The Visitor of Manipur University, His Excellency, The President of India nominated as a Member of the Fifth Court of Manipur University under Section 22(1) read with Amended Statute 10(5) of Manipur University Act, 2005 for a term of three years
26	Dr. N. J. Singh	Asstt. Professor	Best Master Thesis Award-2019 from International Conference on "Global Perspective in Agricultural and Applied Sciences for Food and Environment Security (GAAFES 2019)"1-2 December, 2019 held at UGC-HRDC Hall, Kumaun University, Nainital, UK, India
College of Veterinary Science & A.H., Selesih, Aizawl			
1	Dr. J. B. Rajesh,	Assistant Professor	Adarsh Vidya Saraswati Rashtriya Puraskar Glacier Journal Research foundation, Global Management Council: 2019
			Young Faculty award from EET, CRS (Academic Brilliance Award): 2020
4	Dr. Suvendu Kumar Behera	Assistant Professor	DBT overseas associateship
5	Dr. Chethan G E	Assistant Professor	1st prize in poster presentation (session 3 & session 4) under 38th Annual Convention and National Symposium of ISVM (Feb 5th to 7th , 2020) held at Veterinary college, KVAFSU, Hebbal, Bengaluru
			1st prize in poster presentation (under 38th Annual Convention and National Symposium of ISVM (Feb 5th to 7th , 2020) held at Veterinary college, KVAFSU, Hebbal, Bengaluru
7	Dr. M. Ayub Ali	Professor	**Best paper Award** in technical session on Clinical and Nutritional Biochemistry during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on 4-5th Feb, 2020.
8	Dr. Parthasarathi Behera	Assistant Professor	**Best paper Award** in technical session on Biochemical interventions and Metabolomics during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on 4-5th Feb, 2020.
9	Dr. A. K. Samanta	Professor	Received best presentation (oral) award for the research paper entitled 'Effect of Supplementation of Plant Extracts and Essential Oils on Immune Status and Intestinal Microbial Population of Weaned Piglets' in the International Conference of Animal Nutrition 2019 on 'Nutritional strategies for improving farm profitability and clean milk production', 17-19 Dec., 2019 organised

			by Department of Animal Nutrition, West Bengal University of Animal and Fishery Sciences, Kolkata, India
10	Dr. Pragati Hazarika	Asst.Prof. (Selection grade)	3rd Prize for oral paper presentation on the topic "Effect of Nisin on qualitative and sensory aspects of cured Vawksa Rep – a traditional pork product of Mizoram" in the International Symposium & 9th conference of Indian Meat Science Association" organized by . Dr. G.C. Negi College of Veterinary & Animal Sciences, CSK HPKV, Palampur – HP, India.
11	Dr. T. K. Rajkhowa Dr. Y. Damodar Singh, Dr. Ravindran R. Dr. Rahul Singh Arya,	Professor Asst. Professor (SG) Asst. Professor (SS) Asst. Professor	IAVP-Savithree Jibachch Sinha Third Best Poster Presentation Award, 2019 for the Poster "Histopathological investigation of pathology of mushy chick disease in Gramapriya and Srinidhichicks"in Veterinary Pathology Congress-2019 and National symposium on *"Advances in veterinary pathology for fostering one health, food security and environment protection"*Selesih, Aizawl, Mizoram (November 6-8, 2019).
12	Dr. T. K. Dutta,	Prof.	Dr. C. M. Singh best research paper award-2020.Awarded by the Indian Association of Veterinary Microbiologists, Immunologists and Specialists in Infectious Diseases (IAVMI) for the research paper published in the Indian Journal of Comparative Microbiology, Immunology and Infectious Diseases, Vol 40(2), 2019: 90-94
			Reviewer Excellence Award by the ARCC journal in recognition to significant and outstanding contribution to the journal and reviewing the article in January, 2020
14	Dr. P. K. Subudhi	Asst. Prof. (SS)	Awarded best oral presentation for paper "Serum Diagnostic Enzyme Profile of Khaki Campbell Ducks is improved by Eclipta alba as Feed Supplement in the face of Salmonellosis" in technical session II - Clinical and Nutritional Biochemistry in Annual Convention of SVBBI and 4th National Seminar on "Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production" from 4th – 5th February, 2020; at College of Veterinary Science, SVVU, Tirupati – 517502, A.P., India
College of Agricultural Engg. & P.H.T., Ranipool, Sikkim			
1	Prof. Mahendra S. Seveda	Professor	ISAE Commendation Medal Award during the 54th Annual Convention of Indian Society of Agricultural Engineers (ISAE) & International Symposium on "Artificial Intelligence Based Future Technologies in Agriculture during January 07-09, 2020 at Hyatt Regency, Vimannagar, Pune, Maharashtra.

2	Prof. D. Jhajharia	Professor	Fellow (Indian Water Resources Society)
			Best paper award in Regional Seminar on "Perspectives of Horti-business in development of north eastern region" of Indian Society of Agriculture Economics at CoHF, Pasighat from 24-25 February, 2020
4	Dr. A. K. Vashisht	Associate Professor	Fourth Dr. H.K. Jain CAU Award, 2017-18
5	Er. S.S. Das	Assistant Professor	Best paper award at the ICMMRE-2019 conference, 6-7, December, 2019 at SMIT Sikkim
6	Dr. Abujam Anuradha Devi	Assistant Professor	Best Paper presentation in Regional Seminar of Indian Society of Agricultural Economics (ISAE) on Perspectives of Horti-Business in Development of North Eastern Region at CoH& F, Pasighat on 24 – 25 February, 2020.
College of Agriculture, Kyrdemkulai, Meghalaya			
1	U.K. Behera	Dean	Elected president for Agriculture and Forest Sciences of 107th Indian Science Congress held during 03.01.2020 to 07.01.2020
College of Agriculture, Pasighat, Arunachal Pradesh			
1	Dr. Kh. Lily Devi	Assistant Professor	Best paper presentation award on the paper entitled "Enhancing the farmers income through Low-cost polyhouse intervention in Soureni Village of East Sikkim- A Case Study during Reginal seminar on "Perspectives of horti-business development of north eastern region", February 24-25, 2020, at CHF,Pasighat, Arunachal Pradesh.
College of Agriculture, Imphal, Manipur			
1.	Dr. Th. Ranadhir Singh	Associate Professor	ICAR-Breed Conservation Award – 2019 for conservation of Manipur Pony and Development

6.6.9.2. Accreditation Report from ICAR/Other Agencies: Whether the University and its Colleges were accredited by the ICAR and other agencies in the past? What was the recommendation of the accreditation agencies? Whether the University has taken the action taken report and submitted the reply to the accreditation agencies? Provide the detailed action report for each observation.

- The University & its 7(seven) constituent Colleges have been accredited by the NAEAB, ICAR, New Delhi during March 2017. B.Sc.(Forestry) programme of the College of Horticulture and Forestry, Pasighat, Arunachal Pradesh is accredited by the Accreditation Board of the Indian Council of Forestry Research & Education(ICFRE), Dehradun, Uttrakhand. Action taken report on the recommendation of the NAEAB, ICAR, New Delhi had been submitted. Detailed action report for each observation is enclosed herewith ***(Annexure-C)***

6.6.9.3. Inter Institutional Standings: Status of the University in the ranking announced by agencies for academics, research, extension, sports/games, cultural events etc.

Sl No.	NIRF	YEAR	Ranking Status
1.	ICAR Ranking of Agricultural Universities	2017	13th rank
2.	ICAR Ranking of Agricultural Universities	2018	25th rank
3.	NIRF by MHRD in Overall category	2019	151-200th rank
4.	ICAR Ranking of Agricultural Universities	2019	25th rank

6.6.9.4. Socio-economic Impact: Elaborate data based impact of various activities/ recommendation on upliftment of the economics and social status of the farmers.

Extension Output in last 5 (five year) by Directorate of Extension Education, CAU, Imphal:

1. 4600 nos. of farmer registered under m4agri project implemented in Tripura, Mizoram, Manipur and Arunachal Pradesh and Mizoram.
2. 12 starts up in 3 states, *viz.,* Tripura, Arunachal Pradesh and Mizoram developed under RKVY-RAFTAR project.
3. 104 nos. of entrepreneurs develop through KVKs in Manipur, Tripura, Aizwal, Arunachal Pradesh, Meghalaya.
4. Formation and promotion 98 nos. of women SHGs and Farmers Clubs in Manipur, Tripura, Aizwal, Arunachal Pradesh, Meghalaya though KVKs.
5. 390 nos. of individuals were trained under skill development programme sponsored by PFC in 6 states of NEH region.
6. Credit linkage of Rs. 87,00,000/- through KCC, DED programme, ED and EG, piggery loan and Mudra Loans benefiting 47 beneficiaries

6.6.9.5. International Collaboration: Mention the list of collaboration taken place during last five years with international agencies/universities/institutes for academic, research and others.

- MoU Signed between Western Sydney University, Australia & CAU, Imphal in the year 2019 (which is valid for a period of 5 years) for development of collaborative research project, exchange of academic staff for teaching & research activities, exchange of students to undertake study/participate in research program. The MOU is signed under the flagship of Institutional development plan granted to CAU, Imphal under National Agricultural Higher Education Project of ICAR.
- MoU Signed between IRRI, Philippine and CAU, Imphal for implementation of the project entitled " Direct Seeded Rice Consortium (DSRC) in19th November 2020 for development of collaborative Research project, exchange of academic staff for teaching & research activities, exchange of students to undertake study/participate in research program.

IRRI

AGREEMENT NO. 1 to the
LETTER OF AGREEMENT
between
International Rice Research Institute (IRRI)
and
Central Agricultural University (CAU)

I. Project description

Project Title:	Direct Seeded Rice Consortium (DSRC)
FULL ID:	G-2017-174
Agreement no:	A-2017-174
Name and address of partner institution:	Central Agricultural University (CAU)
Name of CAU Scientist/Project Leader and contact details:	Dr. Ranjan Bhattacharya Senior Scientist (Agronomy), Soil Science and Coordinator of Direct Seeded Rice Consortium Sustainable Impact Platform International Rice Research Institute (IRRI) Email: r.bhattacharya@irri.org Dr. Ramkrushna Gogoi Assistant Professor (Agronomy), Soil Science and Agronomy (SSA) Senior Scientist (Agronomy), Sustainable Impact Platform ICAR-North East Regional Centre (NERC) Umiam, Ri-Bhoi, Meghalaya, India Email: ramkrushna.gogoi@icar.gov.in
Corresponding MANR scientist/position responsible for DSRC:	Dr. U.K. Behera Dean, College of Agriculture, Pusa College of Post Graduate Studies (Campus) Central Agricultural University Umiam, Meghalaya-793103, India Tel: +91-9402130091, 9485311503 Email: ukbehera@gmail.com dean.agriculture@cau.ac.in
Project Activities:	1. Site selection and characterization for methane and GHG emission monitoring (Jan-Dec)

Inter-Institutional Memorandum of Understanding

1	2. Developing Integrated Asset Management (IAM) plans for [illegible]
Effectiveness date:	01 December 2020
New End date:	31 December 2021
Additional budget:	USD 3,000

II. Reporting Schedule

	Due date	Report type	Time of Report
1	30 June 2021	Technical	Narrative Progress Report
2	30 June 2021	Financial	Liquidation report of Fund Received
3	31 December 2021	Technical	Final Progress Report
4	31 December 2021	Financial	Final Liquidation Report

III. Payment Schedule

	Currency	Amount	Due Date
1	US Dollar	3,000	Upon receipt of the signed agreement

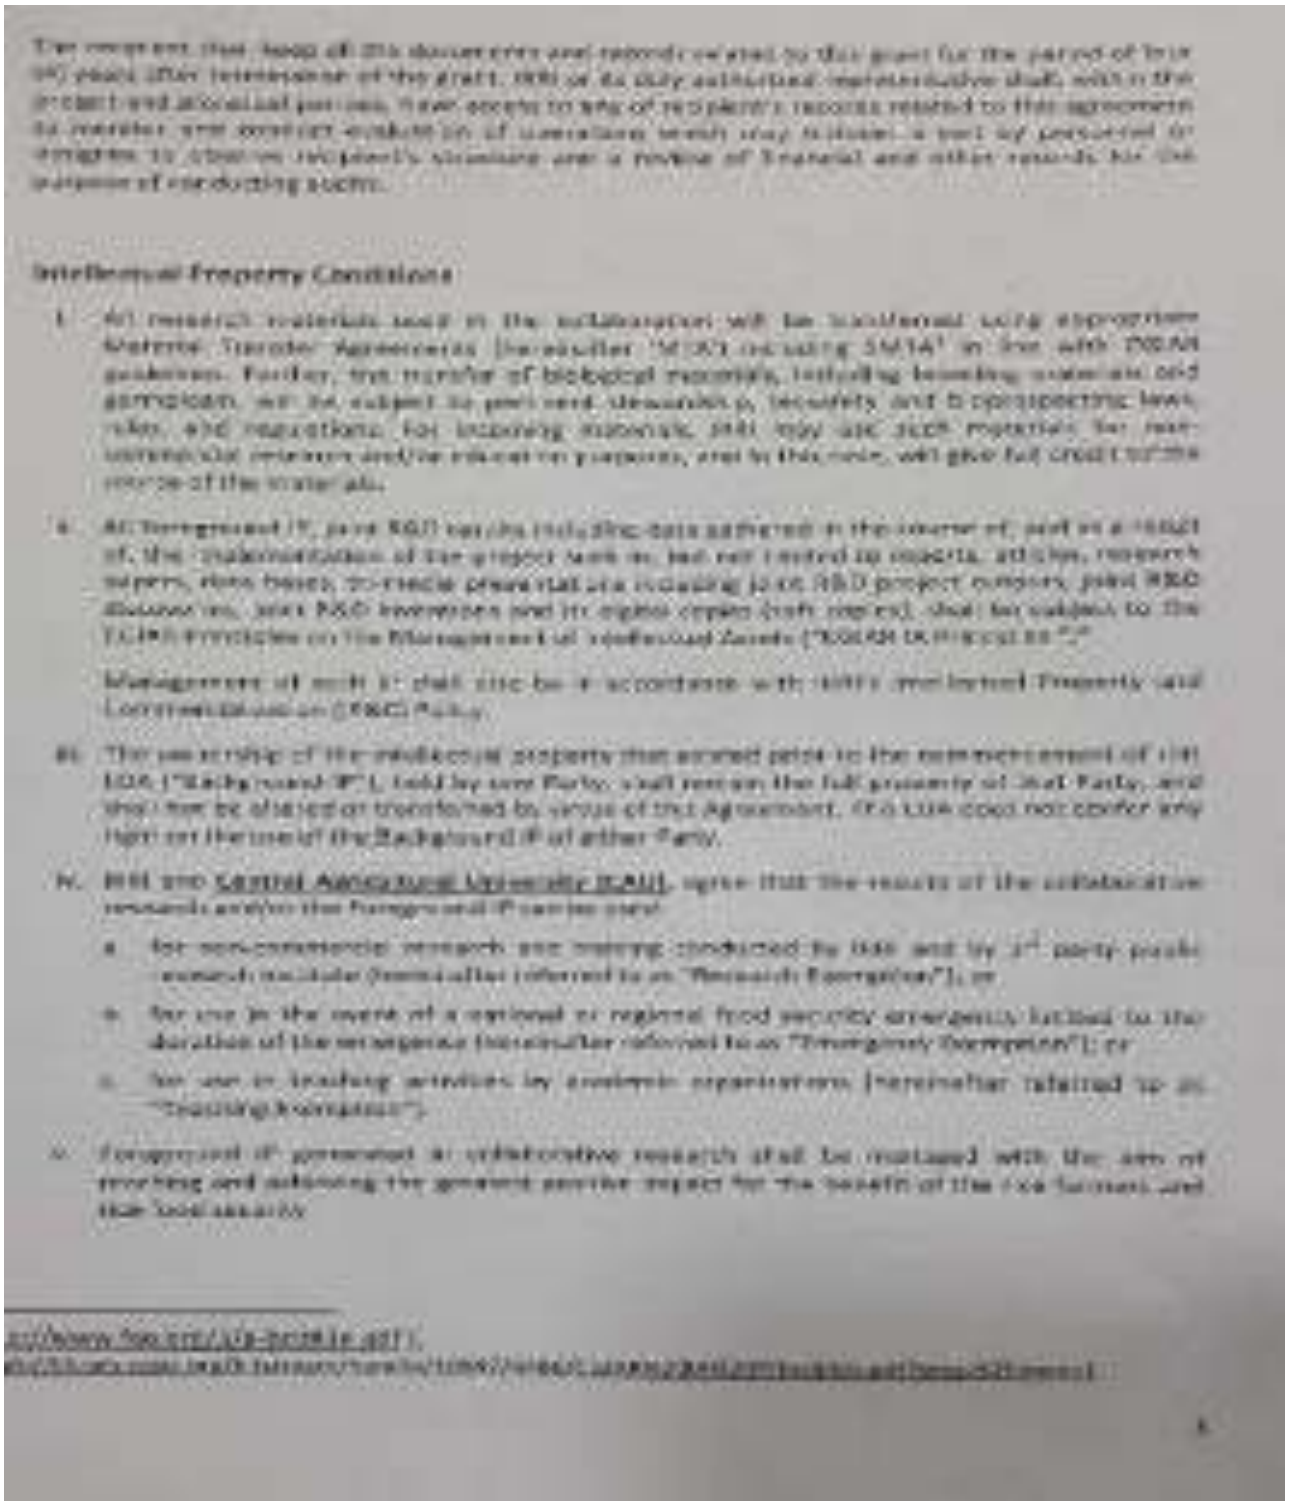
3.1 Funds shall be used exclusively for the purpose of implementing the project activity. Within thirty (30) days after completion of the activity, Central Agricultural Laboratory (CAL) shall return to PPD any unutilized funds, which must be reflected in the financial statements. Financial report must follow the template as in the attached Annex 1 duly signed by the person's authorized signatory for Finance. All financial reports must be submitted via email to the following email addresses: [illegible]

3.2 Final payment shall be undertaken upon receipt of the signed COR, subject to availability of funds. Subsequent releases, if any, will be subject also to availability of funds from the DBM Members. liquidation of at least 75% of the released funds, satisfactory delivery of agreed outputs/deliverables and satisfactory narrative and financial reports.

3.3 The partner institution shall not spend more than the amount of this agreement unless amended by an amendment.

IV. General conditions

4.1 Results of the collaborative research will be jointly published in the widely accessible journals to maximize impact. In each use of the names, logos or pictures of the parties, the parties will agree on suitable timeframe for publication.



The recipient shall keep all its documents and records related to this grant for the period of five (5) years after termination of the grant. IRRI or its duly authorized representative shall, within the project and allocated period, have access to any of recipient's records related to this agreement to monitor and oversee evaluation of operations which may include a visit by personnel or designee to observe recipient's operations and a review of financial and other records for the purpose of conducting such.

Intellectual Property Conditions

i. All research materials used in the collaboration will be transferred using appropriate Material Transfer Agreements (hereinafter "MTA") including SMTA[1] in line with ITPGRFA guidelines. Further, the transfer of biological materials, including breeding materials and germplasm, will be subject to genetic use restrictions, biosafety and biosecurity laws, rules, and regulations for receiving countries, and may use such materials for non-commercial research and/or educational purposes, and in this case, will give full credit to the source of the material.

ii. All foreground IP, pre-R&D results including data gathered in the course of, and as a result of, the implementation of the project such as, but not limited to reports, articles, research papers, data bases, technical presentations including all R&D project outputs, joint R&D discoveries, joint R&D inventions and its rights (both registrable) shall be subject to the [CAU] Principles on the Management of Intellectual Assets ("IP Principles").

Management of such IP shall also be in accordance with IRRI's Intellectual Property and Communications Policy.

iii. The ownership of the intellectual property that existed prior to the commencement of this MOA ("Background IP") held by one Party, shall remain the full property of that Party, and shall not be altered or transferred by virtue of this Agreement. This MOA does not confer any right on the use of the Background IP of either Party.

iv. IRRI and Central Agricultural University (CAU), agree that the results of the collaborative research and/or the Foreground IP can be used:

a. for non-commercial research and training conducted by IRRI and by 3rd party public research institutes (hereinafter referred to as "Research Exemption"); or

b. for use in the event of a national or regional food security emergency limited to the duration of the emergency (hereinafter referred to as "Emergency Exemption"); or

c. for use in breeding activities by academic organizations (hereinafter referred to as "Breeding Exemption").

v. Foreground IP generated in collaborative research shall be managed with the aim of protecting and advancing the genuine public aspect for the benefit of the rice farmers and rice consumers.

Jurisdiction 6. (1) The jurisdiction and responsibility of the University with respect to teaching, research and programmes of extension education at the University level, in the field of agriculture shall; extend to the States of Arunachal Pradesh, Manipur, Meghalaya, Mizoram , Sikkim and Tripura.

(2) All colleges, research and experimental stations or other institutions coming under the jurisdiction and authority of the University shall be its constituent units under the full management and control of its officers and authorities and no such units shall be recognized as affiliated units.

(3) The University may assume responsibility for the training of field extension workers and others and may develop such training centres as may be required in

various parts of the States under its jurisdiction.

7. The University shall be open to persons of either sex and of whatever caste, creed, race or class, and it shall not be lawful for the University to adopt or impose on any person, any test whatsoever of religious belief or profession in order to entitle him to be appointed as a teacher of the University or to hold any other office therein or be admitted as a student in the University or to graduate thereat or to enjoy for exercise any privilege thereof; University opens to all classes, castes and creed.

Provided that nothing in this section shall be deemed to prevent the University from making special provisions for the employment or admission of women, handicapped or of persons belonging to the weaker sections of the society and, in particular, of the Scheduled Castes, the Scheduled Tribes and other backward classes.

8. (1) The President of India shall be the Visitor of the University. The Visitor.

(2) Subject to the provisions of sub-sections (3) and (4), the Visitor shall have the right to cause an inspection to be made, by such person or persons as he may direct, of the University, its buildings, laboratories, libraries, museums, workshops and equipment, and of any institution or college and also of the examination, instruction and other work conducted or done by the University, and to cause an inquiry to be made in like manner in respect of any matter connected with the administration and finances of the University.

(3) The Visitor shall, in every case, give notice to the University of his intention to cause, an inspection or inquiry to be made and the University shall, on receipt of such notice, have the right to make, within thirty days from the date of receipt of the notice or such other period as the Visitor may determine, such representations to him as it may consider necessary.

(4) After considering the representations, if any, made by the University, the Visitor may cause to be made such

inspection or inquiry as is referred to in sub-section(2).

(5) Where an inspection or inquiry has been caused to be made by the Visitor, the University shall be entitled to appoint a representative who shall have the right to appear in person and to be heard on such inspection or inquiry.

(6) The Visitor may address the Vice-Chancellor with reference to the results of such inspection or inquiry together with such views and advice with regard to the action to be taken thereon as the Visitor may be pleased to offer and on receipt of the address made by the Visitor, the Vice-Chancellor shall communicate forthwith to the Board the results of the inspection or inquiry and the views of the Visitors and the advice tendered by him upon the action to be taken thereon.

(7) The Board shall communicate through the Vice-Chancellor to the Visitor such action, if any, as it proposes to take or has been taken by it upon the results of such inspection or inquiry.

(8) Where the Board does not, within reasonable time, take action to the satisfaction of the Visitor, the Visitor may, after considering any explanation furnished or representation made by the Board, issue such directions as he/she may think fit and the Board shall be bound to comply with such directions.

(9) Without prejudice to the foregoing provisions of this sections, the Visitor may, by an order in writing annul any proceeding of the University which is not in conformity with this Act, the Statutes or the Ordinances. Provided that before making any such order, he shall call upon the University to show cause why such an order should not be made and, if any cause is shown within a reasonable time, he/she shall consider the same.

(10) The Visitor shall have such other powers as may be specified by the Statutes.

Officers of the University.

9. The following shall be the officers of the University, namely:-

(1) The Chancellor;

(2) The Vice-Chancellor;

(3) Deans;

(4) Directors;

(5) The Registrar;

(6) The Comptroller; and

(7) such other officers as may be prescribed by the Statutes.

The Chancellor.

10. (1) The Chancellor shall be appointed by the Visitor in such manner as may be prescribed by the Statutes.

(2) The Chancellor shall, by virtue of his office, be the Head of the University.

(3) The Chancellor shall, if present, preside at the convocations of the University held for conferring degrees.

The Vice-Chancellor.

11. (1) The Vice-Chancellor shall be appointed by the Visitor in such manner as may be prescribed by the Statutes.

(2) The Vice-Chancellor shall be the principal executive and academic officer of the University and shall exercise general supervision and control over the affairs of the University and give effect to the decisions of all the authorities of the University.

(3) The Vice-Chancellor may, if he is of opinion that immediate action is necessary on any matter, exercise any power conferred on any authority of the University by or under this Act and shall report to such authority the action taken by him on such matter;

Provided that if the authority concerned is of opinion that such action ought to have been taken, it may refer the matter to the Visitor whose decision thereon shall be final;

Provided further that any person in the service of the University who is aggrieved by the action taken by the Vice-Chancellor under this sub-section shall have the right to appeal against such action to the Board within three months from the date on which decision on such action is communicated to him and there upon the Board may confirm, modify or reverse the action taken by the Vice-Chancellor.

(4) The Vice-Chancellor, if he is of opinion that any decision of any

authority of the University

ty is beyond the powers of the authority conferred by the provisions of this act, the Statutes or the Ordinances or that any decision taken is not in the interest of the University, may ask the authority concerned to review its decision within sixty days of such decision and if the authority refuses to review the decision either in whole or in part or no decision is taken by it within the said period of sixty days, the matter shall be referred to the visitor whose decision thereon shall be final.

Deans and Directors.

(5) The Vice-Chancellor shall exercise such other powers and perform such other duties as may be prescribed by the Statutes or the Ordinances.

12. Every Dean and every Director shall be appointed in such manner and shall exercise such powers and perform such duties as may be prescribed by Statutes.

13. (1) The Registrar shall be appointed in such manner as may be prescribed by the Statutes.

The Registrar.

(2) The Registrar shall have the power to enter into agreements, sign documents and authenticate records on behalf of the University and shall exercise such powers and perform such duties as may be prescribed by the Statutes.

14. The Comptroller shall be appointed in such manner and shall exercise such powers and perform such duties as may be prescribed by the Statutes.

The Comptroller.

15. The manner of appointment and powers and duties of the other officers of the University shall be prescribed by the Statutes.

Other Officers.

Authorities of the University.

16. The following shall be the authority of the University, namely

(1) The Board;

(2) the Academic Council;

(3) the Finance Committee;

(4) the Research Council;

(5) the Extension Education Advisory Committee;

(6) the Board of Studies; and

(7) such other authorities as may be prescribed by the Statutes.

The Board.

17. (1) The Board shall be the principal executive body of the University.

(2) The constitution of the Board, the term of office of its members and its powers and functions shall be prescribed by the Statutes.

The Academic Council.

18. (1) The Academic Council shall be the principal academic body of the University and shall, subject to the provisions of this Act, the Statutes and Ordinances, have the control and general regulation of, and be responsible for, the maintenance of standards of learning, education, instruction, evaluation and examination within the University and shall exercise such other powers and perform such other functions as may be conferred or imposed upon it by the Statutes.

(2) The constitution of the Academic Council and the term of office of its members shall be prescribed by the Statutes.

The Finance Committee.

19. The constitution, powers and functions of the Finance Committee shall be prescribed by the Statutes.

The Research Council

20. The constitution, powers and functions of the Research Council shall be prescribed by theStatutes.

The Extension Education Council

21. The constitution, powers and functions of the Extension Education Council shall be prescribed by the Statutes.

The Board of Studies.

22. The constitution, powers and functions of the Board of Studies shall be prescribed by the Statutes.

Faculties

23. The University shall have such Faculties as may be prescribed by the Statutes.

Other authorities.

24. The constitution, powers and functions of other authorities of the University referred to in clause (7) of Section 16 shall be such as may be prescribed by the Statutes.

Power to make Statutes.

25. Subject to the provisions of this Act, the Statutes may provide for all or any of the following matters, namely:-

(a) the constitution, powers and functions of the authorities of the University, as may be constituted from time to time;

(b) the appointment and continuance in office of the members of the said authorities, the filling up of vacancies of members, and all other matters relating to those authorities for which it may be necessary or desirable to provide;

(c) the appointment, powers and duties of the officers of the University and their emoluments;

(d) the appointment of teachers, academic staff and other employees of the University and their emoluments;

(e) the appointment of teachers and academic staff working in any other University or organisation for a specific periods for undertaking a joint project;

(f) the conditions of service of employees including provision for pension, insurance and provident fund, the manner of termination of service and disciplinary action.

(g) the principles governing the seniority of service of employees of the University;

(h) the procedure for arbitration in cases of dispute between employees or students and the University;

(i) the procedure for appeal to the Board by any employee or student against the action of any officer or authority of the University;

(j) the establishment and abolition of Departments, Centres, colleges andinstitutions;

(k) the conferment of honorarydegrees;

(l) the withdrawal of degrees, diplomas, certificates and other academicdistinctions;

(m) the institution of fellowships, scholarships, studentships, medals andprizes;

(n) the delegation of powers vested in the authorities or officers of the University;

(o) the maintenance of discipline among the employees andstudents;

(p) all other matters which by this Act are to be, or may be, prescribed by theStatutes;

26. (1) The first Statutes are those set out in theSchedule.

Statutes how to be made.

(2) The Board may from time to time make Statutes or may amend or repeal the Statutes referred to in sub-section(1);

Provided that the Board shall not make amend or repeal any Statute affecting the status, powers or constitution of any authority of the University until such authority has been given an opportunity of expressing an opinion in writing on the proposed changes and any opinion so expressed shall be considered by the Board.

(3) Every Statute or any amendment or repeal of a Statute shall require the assent of the Visitor who may assent thereto or withhold assent there from or remit it to the Board for consideration.

(4) A Statute or a Statute amending or repealing an existing Statute shall have no validity unless it has been assented to by the Visitor.

(5) Notwithstanding anything contained in the foregoing sub-sections, the Visitor may amend or repeal the Statutes referred to in sub-section (1) during the period of three years immediately after the commencement of this Act.

(6) Notwithstanding anything contained in the foregoing sub-sections, the Visitor may direct the University to make provisions in the Statutes in respect of any matter specified by him and if the Board is unable to implement such direction within sixty days of its receipt, the Visitor may, after considering the reasons, if any, communicated by the Board for its inability to comply with such direction, make or amend the Statutes suitably.

Power to make Ordinances.

27. (1) Subject to the provisions of this Act and statutes, the Ordinances may provide for all or any of the following matters, namely:-

(a) the admission of students to the University and their enrolment as such;

(b) the courses of study to be laid down for all degrees, diplomas and certificates of the University;

(c) the medium of instruction and examination;

(d) the award of degrees, diplomas, certificates and other academic distinctions, the qualifications for the same and the means to be taken relating to the granting and obtaining of the same;

(e) the fees to be charged for courses of study in the University and for admission to the examinations, degrees, diplomas and certificates of the University.

(f) the conditions for award of fellowships, scholarships, studentships, medals and prizes;

(g) the conduct of examinations, including the term of office and manner of appointment and the duties of examining bodies, examiners and moderators;

(h) the conditions of residence of the students;

(i) the special arrangements, if any, which may be made for the residence, discipline and teaching of women students and the prescribing of special courses of studies for them;

(j) the appointment and emoluments of employees other than those for whom provision has been made in the Statutes;

(k) the establishment of special centres, specialized laboratories and other committees;

(l) the manner of co-operation and collaboration with other Universities and authorities including learned bodies or associations;

(m) the creation, composition and functions of any other body which is considered necessary for improving the academic life of the University;

(n) such other terms and conditions of service of teachers and other academic staff as are not prescribed by the Statutes;

(o) the management of colleges and institutions established by the University;

(p) the setting up of a machinery for redressal of grievances of employees; and

(q) all other matters which by this Act or the Statutes may be provided for by the Ordinances.

(2) The first Ordinances shall be made by the Vice- Chancellor with the previous approval of the Central Government and the Ordinances so made may be amended or repealed at any time by the Board in the manner prescribed by the Statutes.

Regulations.

28. The authorities of the University may make Regulations, consistent with this Act, the Statutes and the Ordinances for the conduct of their own business and that of the committees appointed by them and not provided for by this Act, the Statutes or the Ordinances in the manner prescribed by the Statutes.

Annual report.

29. (1) The annual report of the University shall be prepared under the direction of the Board, which shall include, among other matters, the steps taken by the University towards the fulfilment of its objects and shall be submitted to the Board on or after such date as may be prescribed by the Statutes and the Board shall consider the report in its annual meeting.

(2) The Board shall submit the annual report to the Visitor along with its comments, if any.

(3) A copy of the annual report as prepared under the sub-section(1), shall also be submitted to the Central Government, which shall, as soon as may be, cause the same to be laid before both Houses of Parliament.

Annual accounts

30. (1) The annual accounts of the University shall be prepared under the directions of the Board and shall, once at least every year and at intervals of not more than fifteen months, be audited by the Comptroller and Auditor-General of India or by such persons as he may authorize in this behalf.

(2) A copy of the annual accounts together with the audit report thereon shall be submitted to the Board and the Visitor along with the observations of the Board.

(3) Any observations made by the Visitor on the annual accounts shall be brought to the notice of the Board and observations of the Board, if any, shall be submitted to the Visitor.

(4) A copy of the annual accounts together with the audit report as submitted to the Visitor, shall also be submitted to the central Government, which shall, as soon as may be, cause the same to be laid before both Houses of Parliament.

(5) The audited annual accounts after having been laid before both Houses of Parliament shall be published in the Official Gazette.

31. (1) Every employee of the University shall be appointed under a written contract, which shall be lodged with the University and a copy of which shall be furnished to the employee concerned. Conditions of service of employees

(2) Any dispute arising out of the contract between the University and any employee shall, at the request of the employee, be referred to a Tribunal of Arbitration consisting of one member appointed by the Board, one member nominated by the employee concerned and an umpire appointed by the Visitor.

(3) The decision of the Tribunal shall be final, and no suit shall lie in any civil court in respect of the matters decided by the Tribunal.

Every request made by the employee under sub-section (2) shall be deemed to be a submission to arbitration upon the terms of this section within the meaning of the Arbitration Act, 1940. 2 of 1940

(4) The procedure for regulating the work of the Tribunal shall be prescribed by the Statutes.

Procedure of appeal and arbitration in disciplinary case against students.

32. (1) Any student or candidate for an examination whose name has been removed from the rolls of the University by the orders or resolution of the Vice- Chancellor, Discipline Committee or Examination Committee, as the case may be, and who has been debarred from appearing at the examinations of the University for more than one year, may, within ten days of the date of receipt of such orders or copy of such resolution by him appeal to the Board and the Board may confirm, modify or reverse the decision of the Vice-Chancellor or the Committee, as the case maybe.

(2) Any dispute arising out of any disciplinary action taken by the University against a student shall, at the request of such student, be referred to a Tribunal of Arbitration and the provisions of sub-section (2),(3),
(4) and(5) of Section 31 shall, as far as may be, apply to a reference made under this sub-section.

Right to appeal.

33. Every employee or student of the University or of a college or institution maintained by the University shall, notwithstanding anything contained in this Act, have a right to appeal, within such time as may be prescribed by the Statutes, to the Board against the decision of any officer or authority of the University or any college or an institution, as the case may be, and thereupon the Board may confirm, modify or reverse the decision appealed against.

Provident and pension funds.

34. (1) The University shall constitute for the benefit of its employees such provident or pension fund or provided such insurance schemes as it may deem fit in such manner and subject to such conditions as may be prescribed by the Statutes.

(2) Where such provident fund or pension fund has been so constituted, the Central Government may declare that the provision of the Provident, funds, Act. 1925, shall apply to such fund, as if it were a Government provident fund. 19 of 1955.

Disputes as to constitution of University authorities

35. If any question arises as to whether any person has been duly appointed as, or is entitled to be, a member of any authority of the University; the matter shall be referred to the Visitor whose decision thereon shall be final.

Constitution of Committees.

36. Where any authority of the University is given power by this Act or the Statutes to appoint Committees; such Committees shall, save as otherwise provided, consist of the members of the authority concerned and of such person, if any, as the authority in each case may think fit.

Filling of casual vacancies.

37. All casual vacancies among the members (other than EX-OFFICIO members) of any authority of the University shall be filled, as soon as may be, by the person who appointed or co-opted the member whose place has become vacant and person appointed or co- opted to a casual vacancy shall be a member of such authority or body for the residue of the term, for which the person whose place he fills would have been a member.

Proceedings of the University authorities not invalidated by vacancy.

38. No act or proceedings of any authority of the University shall be invalid merely by reason of the existence of a vacancy or vacancies among its members.

Protection of action taken in good faith.

39. No suit, prosecution or other legal proceeding shall lie against the Board, any authority or officer or other employee of the University for anything which is in good faith done or intended to be done in pursuance of any of the provisions of this Act, the Statutes or the Ordinances.

40. A copy of any receipt, application, notice, order, proceeding, resolution of any authority or Committee of the University, or other documents in possession of the University, or any entry in any register duly maintained by the University, if verified by the Registrar, shall be received as PRIMA FACIE evidence of such receipt, application, notice, order proceeding, resolution or documents or the existence of entry in the register and shall be admitted as evidence of the matters and transactions therein where the original thereof would, if produced, have been admissible in evidence, notwithstanding anything contained in the Indian Evidence, Act, 1872 or in any other law for the time being in force.

Mode of proof of University records.

41. (1) If any difficulty arises in giving effect to the provision of this Act, the Central Government may, by order published in the Official Gazette, make such provisions, not inconsistent with the provisions of this Act, as appear to it to be necessary or expedient for removing the difficulties.

Power to remove difficulties.

Provided that no such order shall be made under this section after the expiry of three years from the commencement of this Act.

(2) Every order made under this section shall be laid, as soon as may be after it is made, before each House of Parliament.

42. Notwithstanding anything contained in this Act, and the Statutes,-

Transitional provisions.

(a) the first Chancellor and the first Vice-Chancellor shall be appointed by the Visitor and shall hold office for a term of five years;

(b) the first Registrar and the first Comptroller shall be appointed by the Visitor and each of the said officers shall hold office for a term of three years;

(c) the first members of the Board shall be nominated by the Visitor and shall hold office for a term of three years;

the first members of the Academic Council shall be nominated by the Visitor and shall hold office for a term of three years;

Provided that if any vacancy occurs in the above offices or authorities, the same shall be filled by appointment or nomination, as the case may be, by the Visitor, and the person so appointed or nominated shall hold office for so long as the officer or member in whose place he is appointed or nominated would have held office, if such vacancy had not occurred.

Statutes, Ordinances and Regulations to be publishedint he Official Gazette and to be laid before Parliament.

43. (1) Every Statute, Ordinance or Regulation made under this Act shall be published in the Official Gazette.

(2) Every Statute, Ordinance or Regulation made under this Act shall be laid, as soon as may be after it is made, before each House of Parliament, while it is in session for a total period of thirty days which may be comprised in one session or in two or more successive sessions, and if, before the expiry of the session immediately following the session or the successive sessions aforesaid, both Houses agree in making any modification in the Statute, Ordinance or Regulation or both Houses agree that the Statute, Ordinance or Regulation should not be made, the Statute, Ordinance or Regulation shall thereafter have effect only in such modified form or be of on effect, as the case may be so however, that any such modification or annulment shall be without prejudice to the validity of anything previously done under that Statute, Ordinance or Regulation.

(3) The power to make Statutes, Ordinances or Regulations shall include the power to give retrospective effect from a date not earlier than the date of commencement of this Act, to the Statutes, Ordinances or Regulations or any of them but no retrospective effect shall be given to any Statute, Ordinance or Regulation so as to prejudicially affect the interests of any person to whom such statutes, Ordinances or Regulations may be applicable.

THE SCHEDULE

(vii) The Vice-Chancellor shall be entitled to the benefit of leave encashment at the time of laying down the office as per rules of Government of India..

(6) If the office of the Vice-Chancellor becomes vacant due to death, resignation or otherwise, or if he is unable to perform his duties due to ill health or any other cause, the senior-most Dean or Director, as the case may be, shall perform the duties of the Vice-Chancellor until a new Vice-Chancellor assumes office or until the Vice- Chancellor attends to the duties of his office, as the case maybe.

Power and duties of the Vice-Chancellor:

3 (1) The Vice-Chancellor shall be ex-officio Chairman of the Board, the Academic Council, the Finance Committee, the Research Council and the Extension Education Council and shall in the absence of the Chancellor preside over the Convocation held for conferring degrees.

(2) The Vice-Chancellor shall be entitled to be present at, and address, any meeting of any authority of the University, but shall not be entitled to vote there at unless he is a member of such authority.

(3) It shall be the duty of the Vice-Chancellor to see that this Act, the Statutes, the Ordinances and the Regulations are duly observed, and he shall have all the powers necessary to ensure such observance.

(4) The Vice-Chancellor shall exercise control over the affairs of the University and shall give effect to the decisions of all the authorities of the University.

(5) The Vice-Chancellor shall have all the powers necessary for the proper maintenance of discipline in the University and he may delegates any such powers to such person or persons as he may deem fit.

(6) The Vice-Chancellor shall have the power to convene or cause to be convened the meetings of the Board, the Academic Council, the Research Council, the Extension Education Council and the Finance Committee.

Dean of Colleges/Faculties

4 (1) Each Faculty shall have a Dean who shall also be the head of the College concerned. However, if any Faculty has more than one college, the Vice-Chancellor may nominate one of the Deans as Dean of the Faculty

The Dean of the college shall be appointed by the Board on the recommendation of the Selection Committee constituted for the purpose as per Clause 18 of the Statutes and he shall be a whole time salaried officer of the University.

The Dean shall be entitled to rent free and unfurnished residential accommodation.

Provided that a Dean on attaining the age of sixty five years shall cease to hold Office as such.

The Dean shall hold the office for a term of five years and shall be eligible for re-appointment, provided that a Dean on attaining the age of sixty five years shall cease to hold office.

(2) When the office of the Dean is vacant or when the Dean is, by reason of illness, absence or any other cause, unable to perform duties of his office, the duties of the office shall be performed by such persons as the Vice-Chancellor may appoint for the purpose.

(3) The Dean shall be responsible to the Vice-Chancellor for the conduct and maintenance of the standards of teaching in the college/faculty and shall perform such other functions as may be prescribed by the Ordinance.

(4) The Dean shall be the ex-officio Chairman of the Board of Studies of the Faculty, a member of the Academic Council, the Research Council and the Extension Education Council of the University.

Director Instruction

5 (1) The Director Instruction shall be appointed by the Board on the recommendation of a Selection Committee constituted for the purpose and he shall be a whole time salaried officer of the University.

The Director of Instruction shall be entitled to rent free and unfurnished residential accommodation.

(2) The Director Instruction shall hold office for a term of five years and shall be eligible for reappointment;

Provided that Director of Instruction on attaining the age of sixty five years shall cease to hold office as such.

(3) The Director Instruction shall be responsible for planning, co-ordination and supervision for all educational programmes in the various faculties of the University.

The Director of Research

6 (1) The Director of Research shall be appointed by the Board on the recommendation of a Selection Committee constituted for the purpose and he shall be a whole time salaried officer of the University.

The Director of Research shall be entitled to rent free and unfurnished accommodation

(2) The Director of Research shall hold office for a term of five years and shall be eligible for reappointment;

Provided that the Director of Research on attaining the age of sixty five years shall cease to hold office as such.

(3) The Director of Research shall be responsible for supervision and co-ordination of all research programmes of the University and shall be responsible to the Vice-Chancellor for performance of his duties.

(4) The Director of Research shall be ex-officio Member-Secretary of the Research Council of the University.

The Director of Extension Education

7 (1) The Director of Extension Education shall be appointed by the Board on the recommendation of a Selection Committee constituted for the purpose and he shall be a whole time salaried officer of the University.

The Director of Extension Education shall be entitled to rent free and unfurnished accommodation.

(2) The Director of Extension Education shall hold office for a term of five years and shall be eligible for reappointment;

Provided that the Director of Extension Education on attaining the age of sixty five years shall cease to hold office as such.

(3) The Director of Extension Education shall be responsible for supervision and co-ordination of all Extension Education Programmes in the University and shall be responsible to the Vice-Chancellor for performance of his duties.

(4) The Director of Extension Education shall be ex-officio Member-Secretary of the Extension Education Council of the University.

Registrar

8 (1) The Registrar shall be appointed by the Board on the recommendation of a duly constituted Selection Committee under Clause 18 of the Statutes and he shall be a whole time salaried officer of the University. He shall be responsible to the Vice- Chancellor for performance of his duties.

(2) He shall be appointed for a term of five years and shall be eligible for reappointment

He may also be appointed on deputation for a specified period not exceeding five year.

(3) The emoluments and other terms and conditions of service of the Registrar shall be such as may be prescribed by the Ordinances:

Provided that the Registrar shall retire on attaining the age of sixty years.

Para 3 : Deleted.

In case of a person appointed on deputation his tenure, emoluments and other terms of service shall be according to the terms of deputation.

(4) When the office of the Registrar is vacant or when the Registrar is, by reason of illness, absence, or any other cause, unable to perform the duties of his office, the duties of the office shall be performed by such person as the Vice-Chancellor may appoint for the purpose.

(5) (a) The Registrar shall have power to take disciplinary action against such of the employees excluding teachers, as may be specified in the order of the Board and to suspend them pending inquiry, to administer warnings to them or to impose on them the penalty of censure or the with-holding of increment;

Provided that no such penalty shall be imposed unless the person concerned has been given a reasonable opportunity of showing cause against the action proposed to be taken in regard to him.

(b) An appeal shall lie to the Vice-Chancellor against any order of the Registrar imposing any of the penalties specified in sub-clause(a).

(c) In a case where the inquiry discloses that a punishment beyond the power of the Registrar is called for, the Registrar shall, upon conclusion of the inquiry, make a report to the Vice-Chancellor along with his recommendations;

Provided that an appeal shall lie to the Board against an order of the Vice- Chancellor imposing any penalty.

(6) The Registrar shall be ex-officio Secretary of the Board and the Academic Council, but shall not be deemed to be a member of any of these authorities.

(7) It shall be the duty of the Registrar-

(a) To be the custodian of the records, the common seal and such other property of the University as the Board shall commit to his charge;

(b) To issue all notice convening meeting of the Board, the Academic Council and of any committees appointed by those authorities;

(c) To keep the minutes of all the meetings of the Board, the Academic Council and of any committees appointed by those authorities;

(d) To conduct the official correspondence of the Board and the Academic Council;

(e) To arrange for the examinations of the University in accordance with the manner prescribed by the Ordinances/notifications;

(f) To supply to the Visitors, copies of the agenda of the meetings of the authorities of the University as soon as they are issued; and the minutes of such meetings;

(g) To represent the University in suits or proceedings by or against the University, sign powers of attorney and verify pleadings or depute his representatives for the purpose; and

(h) To perform such other duties as may be specified in the Statutes, the Ordinances or the Regulations or as may be required, from time to time, by the Board or the Vice-Chancellor.

The Comptroller

9 (1) The Comptroller shall be appointed by the Board on the recommendation of a duly constituted Selection Committee under Clause 18 of the Statutes and he shall be a whole time salaried officer of the University.

Provided that the meetings of the Selection Committee shall be fixed after prior consultation with the nominees of the Visitor.

Provided further that the proceedings of the Selection Committee shall not be valid unless at least two members, not in the service of the University are present in the meeting.

(a) Deleted.
(b) Deleted.

(4) The meeting of a Selection Committee shall be convened by the Vice- Chancellor or in his absence by his nominee.

(5) The procedure to be followed by the Selection Committee in making recommendations shall be decided by the Committee prior to the interview.

(6) If the Board is unable to accept the recommendations made by a Selection Committee, it shall record its reasons and submit the case to the Visitor for final orders.

(7) Appointments to temporary posts shall be made in the manner indicated below:-

(i) The Vice-Chancellor shall have the authority to appoint a person on ad-hoc basis for period not exceeding six months extendable by a further period of six months with the approval of the Board;

Provided that if the Vice-Chancellor is satisfied that in the interest of work it is necessary to fill the vacancy, the appointment may be made on a purely temporary basis by the local Selection Committee referred to in Sub-clause (ii) for the period not exceeding six months.

(ii) If the temporary vacancy is for a period less than a year, an appointment to such vacancy shall be made on the recommendation of a local Selection Committee consisting of the Dean of the college concerned, the Head of the Department and a nominee of the Vice-Chancellor;

Provided that if the same person holds the offices of the Dean and the Head of the Department, the Selection Committee may contain two nominee of the Vice- Chancellor:

Provided further that in case of sudden casual vacancies of teaching posts caused by death or any other reason, the Dean may, in consultation with the Head of the Department concerned, make a temporary appointment for a month and report to the Vice-Chancellor and the Registrar about such appointment.

(iii) No teacher appointment temporarily shall, if he is not recommended by a regular Selection Committee for appointment under the Statutes, be continued in service on such temporary employment, unless he is subsequently selected by a local Selection Committee or a regular Selection Committee, for a temporary or permanent appointment, as the case maybe.

(8) Mode of Constitution of the Selection Committee for non-academic staff, not prescribed in the statutes, shall be prescribed by the Ordinances(s).

Special Mode of Appointment

19 (1) Notwithstanding anything contained in Statute 18, the Board may invite a person of high academic distinction and professional attainments to accept a post of Professor or Associate Professor or any other academic post in the University,

as the case may be, on such terms and conditions as it deems fit, and on the person agreeing to do so appoint him to the post.

(2) The Board may appoint a teacher or any other academic staff working in any other University or organization for undertaking a joint project in accordance with the manner laid down in the Ordinances.

Appointment for a fixed tenure

20 The Board may appoint a person selected in accordance with the procedure laid down in Statute 18 for a fixed tenure on such terms and conditions as it deems fit.

Recognized Teachers

21 (1) (a) Qualifications of Director, Dean, Professor, Associate Professor and Assistant Professor of different faculties and their equivalents in Research and Extension Education shall be as prescribed by the Ordinance(s).

(b) Qualification of Non- Academic Staff shall be prescribed by the Ordinances(s).

(2) Deleted.
(3) Deleted.
(4) Deleted.
(5) Deleted.
(6) Any person aggrieved by an order of withdrawal under clause (5) may, within three months from the communication to him of such order, appeal to the Board which may pass such orders thereon as it thinks fit.

Committees

22 (1) The authorities of the University specified in section 16 may appoint as many standing or special committees as it may deem fit, and may appoint to such committees persons who are not members of such authority.

(2) Any such committee appointed under clause (1) may deal with any subject delegated to it subject to confirmation by the authority appointing it.

Terms and conditions of service and code of conduct of the teachers, etc.

23 (1) All the teachers and other academic staff of the University shall, in the absence of any agreement to the contrary, be governed by the terms and conditions

of service and code of conduct as are specified in the Statutes, the Ordinance and the Regulations.

(2) Every teacher and other staff of the University shall be appointed on a written contract, the term of which shall be prescribed by the Ordinances.

(3) A copy of every contract referred to in clause (2) shall be deposited with the Registrar.

Terms and conditions of service and code of conduct of other employees

24. All the non-academic employees of the University, shall in the absence of any contract to the contrary, be governed by the terms and conditions of service and code of conduct as are specified in the Statutes, the Ordinances and the Regulations as made from time to time

Seniority list

25 (1) Whenever, in accordance with the Statutes, any person is to hold an office or be a member of an authority of the University by rotation according to seniority such seniority shall be determined according to the length of continuous service of such person in his grade and, in accordance with such other principles as the Board may, from time to time, prescribe.

(2) It shall be the duty of the Registrar to prepare and maintain, in respect of each class of persons to whom the provisions of these Statutes apply, a complete and up-to- date seniority list in accordance with the provisions of clause(1).

(3) If two or more persons have equal length of continuous service in a particular grade or the relative seniority of any persons is otherwise in doubt, the Registrar may, on his own motion and shall, at the request of any person, submit the matter to the Board whose decision thereon shall be final.

Removal of employees of the University

26 (1) Where there is an allegation of misconduct against a teacher, a member of the academic staff or other employee of the University, the Vice-Chancellor, in the case of the teacher or member of the academic staff and the authority competent to appoint (hereinafter referred to as the appointing authority) in the case of other employee, may, by order in writing, place such teacher, member of the academic staff or other employee, as the case may be, under suspension and shall forthwith report to the Board the circumstances in which the order was made;

Provided that the Board may, if it is of the opinion, that circumstances of the case do not warrant the suspension of the teacher or a member of the academic staff, revoke such order.

(2) Notwithstanding anything contained in the terms of the contract of appointment or of any other terms and conditions of service of the employees, the Board in respect of teacher and other academic staff and the appointing authority, in respect of other employees, shall have the power to remove a teacher or a member of the academic staff, or other employees as the case may be on grounds of misconduct.

(3) Save as aforesaid, the Board or the appointing authority as the case may be, shall not be entitled to remove any teacher, member of the academic staff or other employee except for a good cause and after giving three months notice or on payment of three months salary in lieu thereof.

(4) No teacher, member of the academic staff or other employee shall be removed under clause (2) or clause (3) unless he has been given a reasonable opportunity of showing cause against the action proposed to be taken in regard to him

(5) The removal of a teacher, member of the academic staff or other employee shall take effect from the date on which the order of removal is made;

Provided that where the teacher, member of the academic staff or other employee is under suspension at the time of his removal, such removal shall take effect from the date on which he was placed under suspension.

(6) Notwithstanding anything contained in the foregoing provisions of this Statutes, a teacher/member of the academic staff or other employee may resign :-

(a) If he is a permanent employee, only after giving three months' notice in writing to the Board or the appointing authority, as the case may be, or by paying three month's salary in lieu there of;

(b) If he is not a permanent employee, only after giving one month's notice in writing to the Board or, the appointing authority as the case may be, or by paying one month's salary in lieuthereof;

Provided that such resignation shall take effect only on the date from which the resignation is accepted by the Board or the appointing authority, as the case may be.

Honorary degrees

27 (1) The Board may, on the recommendation of the Academic Council and by a resolution passed by a majority of not less than two-thirds of the members present and voting, make proposals to the Visitor for the conferment of honorarydegrees;

Provided that in case of emergency, the Board may; on its own motion, make such proposals.

(2) The Board may, by a resolution passed by a majority of not less thantwo-thirds of the members present and voting, withdraw, with the previous sanction of the Visitor, any honorary degree conferred by the University.

Withdrawal of degrees etc.

28 The Board may, by a special resolution passed by a majority of not less than two-thirds of the members present and voting, withdraw any degree or academic distinction conferred on, or any certificate or diploma granted to, any person by the University for good and sufficientcause;

Provided that no such resolution shall be passed until a notice in writing has been given to that person calling upon him to show cause within such time as may be specified in the notice why such a resolution should not be passed and until his objections, if any, and any evidence he may produce in support of them, have been considered by theBoard.

Maintenance of discipline among students of the University

29 (1) All powers relating to discipline and disciplinary action in relation to students of the University shall vest in theVice-Chancellor.

(2) The Vice-Chancellor may delegate all or any of his powers as he deems proper to such Officers as he may specify in thisbehalf.

(3) Without prejudice to the generality of his powers relating to the maintenance of discipline and taking such action, as may seem to him appropriate or the maintenance of discipline, the Vice-Chancellor may, in exercise of his powers, by order, direct that any student or students be expelled, or rusticated, for a specified period, or be not admitted to a course or courses of study in a college, institution or Department of the University for a stated period, or be punished with fine for an amount to be specified in the order, or be debarred from taking an examination or examinations conducted by the University, college, institution or Department for one or more years, or that the results of the student or students concerned in the examination or examinations in which he or they have appeared

becancelled.

(4) The Dean of colleges, institutions and Heads of the teaching Departments in the University shall have the authority to exercise all such disciplinary powersover

thestudents in their respective colleges, institutions and teaching Departments in the University as may be necessary for the proper conduct of such colleges, institutions and teaching in theDepartments.

(5) Without prejudice to the powers of the Vice-Chancellor, the Deans and other persons specified in Clause (4), detailed rules of discipline and proper conduct shall be made by the University. The Deans of the colleges, institutions and Heads of the teaching Departments in the University may also make the supplementary rules as they deem necessary for the aforesaidpurposes.

(6) At the time of admission, every student shall be required to sign a declaration to the effect that he submits himself to the disciplinary jurisdiction of the Vice- Chancellor andother authorities of the University.

Maintenance of discipline among students of colleges, etc.

30 All powers relating to discipline and disciplinary action in relation to the students of the college or an institution maintained by the University, shall vest in the Dean of the College or institution, as the case may be, in accordance with theprocedure prescribed by theOrdinances.

Advisory Committee

31. Deleted.

Convocations

32. Convocations of the University for the conferring of the Degrees or for other purposes shall be held in such manner as may be prescribed by theOrdinances.

Acting Chairman

33. When no provision is made for a Chairman to preside over a meeting of any Committee or when the Chairman so provided for is absent or the Vice-

Chancellor has not in writing made any arrangement, the members shall elect one from among themselves to preside overmeeting.

Resignation

34 Any member, other than an ex-officio member of the Board, Academic Council or any other authority of the University or any Committees of such Authority may resign by letter addressed to the Registrar and the resignation shall take effect as soon as such letter is received by theRegistrar.

35 (1) A person shall be disqualified for being chosen as, and for being, a member of any of the Authorities of the University:-
(i) If he is of unsoundmind;
(ii) If he is an un dischargedinsolvent;
(iii)if he has been convicted by a court of law of an offence involving moral turpitude and sentenced in respect thereof to imprisonment for a period of not less than six months.

(2) If any question arises as to whether a person is or had been subjected to any of the disqualification mentioned in clause (1), the question shall be referred to the Visitor and his decision thereon shall be final and no suit or other proceeding shall be in civil court against suchdecision.

Residence Condition for Membership and Office

36. Notwithstanding anything contained in the Statutes, a person who is not ordinarily resident in India shall not be eligible to be an Officer of the University or a member of any authority of the University.

Membership of authorities by virtue of membership of other bodies

37. Notwithstanding anything contained in the Statutes, a person who holds any posts in the University or is a member of any authority of the University in his capacity as a member of a particular authority or as the holder of a particular appointment shall hold such office or membership only for so long as he continues to be a member of that particular authority or the holder of that particular appointment, as the case maybe.

Alumni Association

38 (I) There shall be an Alumni Association for the University.

(2) The subscription for membership of the Alumni Association shall be prescribed by theOrdinances.

(3) No member of the Alumni Association shall be entitled to vote or stand for election unless he has been a member of the Association for at least one year prior to the date of the election and is degree holder of the University of at least five years standing;

Provided that the condition relating to the completion of one year's membership shall not apply in the case of the firstelection.

Students' Council

39(1) There shall be, in each College of the University a Students' Council for each academic session for the purpose of making recommendations to the authorities of the University with regard to various activities relating to students welfare, including games, sports, dramatics, debates, cultural activities etc. and such Council shall consist of:

(i) The Dean of the College-Chairperson

ii) All HostelWardens

iii) Campus EstateOfficer

iv) Five Heads of the Departments to be nominated by theDean

v) HostelPrefects

vi) One student from each class/year who has secured the highest Overall Grade Point Average in the previous academicsession.

vii) Students Welfare Officer – MemberSecretary

(2) Deleted.

(3) The Students Council shall meet at least once in eachsemester.

Ordinances how made

40 (1) The first ordinances made under sub-section (2) of Section27may be amended or repealed at any time by the Board in the manner specifiedbelow.

(2) No Ordinance in respect of the matters enumerated in section 27, other than those enumerated in clause (n) of sub-section (1) thereof shall be made by the Board unless a draft of such Ordinance has been proposed by the AcademicCouncil.

(3) The Board shall not have power to amend any draft of any Ordinance proposed by the Academic Council under clause (2), but may reject the proposal or return the draft to the Academic Council for reconsideration either in whole or in part, together with any amendment which the Board maysuggest.

(4) Where the Board has rejected or returned the draft of an Ordinance proposed by the Academic Council, the Academic Council may consider the question afresh and in case the original draft is reaffirmed by a majority of not less than two-thirds of the members present, and voting and more than half the total member of numbers of the Academic Council, the draft may be sent back to the Board which shall either adopt it or refer itto the Visitor whose decision shall be final.

(5) Every Ordinance made by the Board shall come into effectimmediately.

(6) Every Ordinance made by the Board shall be submitted to the Visitor within two weeks from the date of its adoption. The Visitor shall have the power to direct the University within four weeks of the receipt of the Ordinance to suspend theoperation of any such Ordinance and he shall, as soon as possible, inform the Board about his objection to the proposed Ordinance. The Visitor may, after receiving the comments of the University, either withdraw the order suspending the Ordinance, or disallow the Ordinance, and his decision shall befinal.

Regulations

41 (1) The Authority of the University may make Regulations consistent with the Act, the Statutes andthe Ordinances for the following matters, namely:-

(i) Laying down the procedure to be observed at their meeting and the number of members required to form aquorum.;

(ii) Providing for all matters which are required by the Act, the Statutes or the Ordinances to be prescribed by theRegulations;

Imphal, the 27th December, 2019

Sub: Specific guidelines to undertake the course of Special Problems for PG & Ph.D. students in the CAU Academic Regulations, 2016.

No. CAU/Reg/1188/ATR-AC/19/6965: In pursuance of the decision of the Academic Council accorded in its 19th Meeting held on 27.06.2019 at College of Agril. Engg. & PHT, Ranipool, Sikkim under **Agenda Item No. 29**, the Vice-Chancellor, CAU, Imphal is pleased to issue notification for incorporation of the following guidelines under Clause No. 2.13(Plan of work) of CAU Academic Regulations-2016 for Master and Ph.D. Degree Programmes.

2.13 Plan of work

2.13.5 'The course of **Special Problem** will be offered by the Adviser of Student's Advisory Committee in the **second semester or later**. The student has to submit a brief synopsis of the work to be done through the Chairman of the Student's Advisory Committee to Dean within 30 days of offering the course. A final report on the special problem will be submitted by the student to his/her guide, which will be sent to Dean along with the evaluation report indicating marks in prescribed format'.

The incorporated clause shall be applicable from the ensuing academic session 2019-20.

NOTIFICATION

Imphal, the 27th December, 2019

No. CAU/Reg/1108/ATR-AC/19/[illegible] In pursuance of the decision of the Academic Council accorded in its 19th Meeting held on 27.06.2019 at College of Agril. Engg. & PHT, Ranipool, Sikkim under **Agenda Item No. 47 (a) & (b)**, the Vice-Chancellor, CAU, Imphal is pleased to issue notification to amend the **Sub-Clause No. 3.4.2 & 3.5.1** of CAU Academic Regulation-2016 for Master & Ph.D. Degree programme and the amended sub-clause may be read as below:

3.4.2: Comprehensive Qualifying Examination:

a).

Subject/Details	Master's Degree Programme	Doctoral Degree Programme
Major Subjects	One paper	One paper
Minor Subject	One paper	One paper
Question Paper Setting	External	External
Evaluation	External	External
Viva-voce exam	Internal (within the School/ Department along with the Dean's nominee who may be senior faculty from other School/Department within the same college).	External with Advisory Committee Members.
Qualifying marks	60%	
Grading	Satisfactory/Unsatisfactory*	

b) There will be one paper in major field and one paper in minor field for Master's and two papers in major field (in which one paper will be from core course and the other paper from optional course) and one paper in minor field for Ph.D. programme. The question paper of Written Comprehensive Examination should be of 100 marks with the pattern of 30% Objective, 20% Short Answer and 50% Subjective and of three hours duration for major and minor papers. The question papers shall be so designed that these tests judge the overall comprehension of the student in the major/minor field. In case of unsatisfactory performance both in major and minor subjects, the student will have appear in repeat written examination conducted only after two months of the declaration of result and new examiner will be appointed for the repeat exam from the panel submitted earlier.

	4	**General Suggestion:**	
1	3	The following suggestion of the Board need to be fulfilled by the University and a compliance report requested to be submitted to the Board before 31.01.2017 for its consideration	
		i) Vacant Positions of teaching and non-teaching staff	
		● Positions of senior and middle level faculty as well as non-teaching staff are largely vacant. These need to be filled on priority.	As detailed below

- University filled up senior and middle level faculty as well as non teaching staffs after the visit of Peer Review Team as suggested to acquire the needs on priority basi.

Details of Faculties and non-teaching positions filled are:

Faculties

Dean	**Chairman**	**Professor**	**Associate Professor**	**Assistant Professor**	**SWO**
2	1	15	11	26	3

Non-Teaching Staffs

Director	**Dy. Director**	**Group-A**	**Group-B**	**Group-C**	**Group-D/(C)**
1	3	2	6	36	49

		● The current position of teaching and non-teaching staff is inadequate and these should be strengthened in accordance with the recommendations of the Deans' committee/Minimum standards for Higher Agricultural	● To solve the present inadequate positions of faulty and non-teaching positions University advertised most of the vacant positions and are likely to fill up at the earliest possible in accordance with the recommendations of the Deans Committee. ● The College of Fisheries(CF), CAU Lembuchera, Agartala, Tripura has been

		Education(MSHAE) of the ICAR	accredited in respect of both UG and PG courses except that the name of Department of Fishery Resource Management is not mentioned for MFSc. Courses without assigning any reason. So, perhaps it is presumed that PRT did not consider accreditation of this department in view of the faculty position at that time which was only Assistant Professor. But now, University has already filled up the post of Professor and Associate Professor as a result, the present faculty position of FRM Department is as follows: Professor-1 Associate Professor-1 Assistant Professor-2 Total -4. Now, besides adequate faculty position, the Department of FRM is fully equipped in respect of infrastructural facilities to offer MFSc.(FRM) has already passed out. Moreover, First batch of MFSc.(FRM) students likely to be passed out during academic year 2016-17 from this department. Therefore, the case may be considered for the accreditation of the MFSc.(FRM) course under the Department of Fishery Resource Management in due course of time.
		● PRT noted that many faculty members are leaving the University to take better career options in other Universities. Thus, the following steps need to be taken on priority.	
		1) Timely promotions need to be provide through career advancement scheme	1) Timely promotions given under Career Advancement Scheme adopted in the University to those who fulfilled the criteria for year up to 2014-15. Further, University is processing for next promotion for those left out faculties due to shortage of required eligibility criteria for the year 2015-16. This will be continued for every year as a continuous process.
		2) Study leave for Ph.D. to be extended to the faculty with two years experience instead of five years of experience	2) Regarding suggestion for extending study leave for Ph.D. to those faculties with 2 (two) years experience instead of 5 (five) years shall ne placed before the next Academic Council and Board of Management for further necessary action. University extended

			for Ph.D. program based on the availability of the faculty (20%) in the particular department.
		3) Provision of two increments at the time of joining as Assistant Professor to attract the talent to CAU(on par with ICAR)	3) As regard for grant of two advance increments at the time of joining as Assistant Professor it is not implemented in the University. Instead, five advance increments are given to those Assistant Professors who possessed Ph.D. at the time of joining as Assistant Professor. For those who acquired Ph.D. after joining the service University granted three advance increments which is at par with ICAR/UG norms.
		ii) Wider issue of unfilled seats in UG and PG programmes across the University	
		● There are vacant seats in various UG programmes for want of eligible candidates in the reserved categories specifically in OBC category and it needs to be addressed by the University	**Comments:** From the current academic session 2016-17, the nominating State Department/Directorates of the States under CAU's jurisdiction have been issued instruction to the effect that "if the State Govt. Does not find the candidates from OBC category, the vacant OBC seats shall be converted into general category i.e. unreserved seats". This is compliance to the judgement and Order (oral) received from the Assistant Registrar (Judl). Guwahati High Court, Aizawl Permanent Branch, Aizawl, Mizoram in c/w Writ Petition (c) No. 156 of 2015 and as per decision of the Hon'ble Supreme Court in the matter of P.V. Inderesan Vs Union of India and Others: In view of the above relaxation, the vacant seats in the OBC category have been filled up/nominated by the States under CAU's jurisdiction an accordingly the overall vacant seats in various UG programme have been remarkably decreased. May kindly see comparative statement of students admitted in UG courses during the academic session 2015-16 and 2016-17 **(at Annexure-A)**
		● It has been observed that several seats in PG Programmes are not filled in the colleges and one of the reasons could be the entrance examination is being conducted at the respective colleges only. Hence, steps may be taken to	**Comments:** No. Of applications for admission to MVSc, & M.Tech. Programmes are very less in comparison to number of seats available in the concerned Colleges. In addition, candidates qualifying in the ICAR's AIEEA have not fully opted for the above courses in CAU. Hence there are vacant/unfilled seats every year. CAU Entrance Examination for M.Sc.(Agri) courses at CAU,

		conduct either online examination or seats may be filled through AIEEA conducted by ICAR.	Imphal, CPGS, Barapani, M.Sc.(Hort) courses at CoH&F, Pasighat is being conducted at a single campus from the introduction of CAU Entrance Test either at CAU Hqts, Imphal or College of Post Graduate Studies, Barapani as decided by the competent authority excepting for MVSc, MFSc. & M.Tech. Courses which are being conducted at the campus of the respective Colleges. However, there has been substantial increase in the no. Of candidates admitted through CAU Entrance Test as well as ICAR's AIEEA (PG) counseling. Even the candidates in the waiting list in ICAR's PG counselling have been admitted in constituent Colleges of the University as per ICAR guidelines. May kindly see comparative statement of students admitted in PG courses during the academic session 2015-16 and 2016-17**(at Annexure A)** Further, steps have been taken to introduce Online submission of application form for CAU Entrance Test from the academic session 2017-18. Online examination may be conducted after ICAR's implementation. As desired by the Accreditation Board/PRT, it is proposed to conduct CAU Entrance Test at a single venue from the academic session 2017-18 excepting MVSc. Course since the commencement of academic session for MVSc. Programme is different as per Academic Calender as well as ICAR's PGs counseling for the same is held at a later stage every year.
		● University fellowships for G programmes should be made on par with the fellowships in ICAR Deemed Universities.	**Comments:** University Institutional Fellowship @ Rs. 3,000/- pm and @ Rs. 5,000/- pm admissible to all PG & Ph.D. students had been implemented from the academic session 2014-15 onwards. National Talent Scholarship (NTS) to the non-JRF candidates @ Rs. 3,000/- admissible to every ICAR nominees admitted to different PG programmes of the University has been implemented from the academic session 2016-17 onwards as per ICAR guidelines
		iii) Compliance with the ICAR Guidelines	
		● Separate Board of Studies is to be constituted for each faculty and conduct of its regular meetings should be ensured.	Separate Board of studies for seven constituent collehes of the University were already formed prior to the visit of PRT, and its regular meeting has regularly been held.
		● Nomenclature of the degree programmes is not in	**Comments:** Change of nomenclature of the degree programmes has been approved by the statutory

		conformity with the guidelines of ICAR. It needs to be modified as prescribed by the Deans, Committee of the ICAR/Broad subject Matter Committee on Agricultural, especially inclusion of " Honours" in the degrees.	bodies of the University and it shall be implemented as per 5th Deans' Committee and ICAR guidelines from the current academic session 2016-17
		• National Talent Scholarships (NTS) and stipend during internship of UG students need to be implemented as per the ICAR guidelines.	**Comments:** It has been implemented as per the ICAR guidelines
		iv) Decentralization of administration	
		Keeping in view the mandate and geographic spread of constituent colleges of CAU across north-east States, it would be appropriate to decentralize the university administration. The decentralization in the following areas is recommended to bring out efficiency and performance of the university.	
		• Academic Administration- Some of the academic functions of Registrar may be delegated to Deans of constituent colleges.	Nil
		• Establishment Administration- Some of the function of establishment may be delegated to Dy. Registrar/Assistant Registrar of the respective constituent colleges.	Nil
		v) The objectives set by the constituent colleges need to be revised in compliance with the University mandate to fulfil the specific needs of NEH region.	CA, Imphal-Yes
		vi) A separate Cell/Unit may be established to identify various	CA, Imphal-Yes CF, Agartala-College of Fisheries, CAU, Lembucherra has established two Cell namely (i)

		programmes/schemes of different Departments/ministries for tapping grants available under NEH category.	Project Monitoring Evaluation Cell, and (ii) CRAC. The assignment to identify various programmes/schemes of different Department/Ministries for tapping grants available under NEH category is assigned to project Monitoring Evaluation Cell.
		vii) The Positions of Physical Instructor may be created and units like Placement Cell, Women Cell, Grievance Redressal Cell, SC/ST Cell, NCC & NSS Units need to be strengthened.	CA, Imphal-1 Physical instructor is engaged on guest lecture basis. College is having Placement Cell and NSS Cell under the guidance of one Associate Professor. CF, Agartala- One physical instructor has been appointed on contractual basis and Unit like Placement Cell, Women Cell, Sc/ST Cell & NSS are already established and functioning properly. Grievance Redressed Cell is existed in University level. The college has already applied for opening NCC unit.
		viii) The University in general lacks adequate facilities for instructional farms, laboratories, sports, hostel, Wi-Fi and library. They need to be strengthened.	CA, Imphal: Instructional farms of the college is yet to be strengthened and developed. Laboratories, sports and library facilities are strengthened and well appreciated by the students. All the hostels are equipped with 24*7 Wi-Fi connections. CF, Agartala- Facilities for instructional farms, laboratories, sports, hostel Wi-fi and Library already exist.
		ix) Automation of library system in respect of accessions, issue of books etc. Is not in place and it needs to be implemented immediately.	CA, Imphal: One library management software (LMS) namely KOHA which is using by all ICAR institutions is going to be installed. Accessioning issue of books, etc in automated system will be done soon. CF, Agartala- College library have collection of 9430 books in the field of fisheries and agriculture allied, 74 theses/sissertations, number of CDs, training manuals, annual reports of academic and research programms, library has been subscribing 24 journals, one e-journals, 17 popular magazines and 5 news papers. In addition, College has accessible e-journal and e-books through Cera(Consortium for e-Resources in Agriculture). Library Automation: Library is using e-Granthalaya which is an integrated library management software from NIC. The record of the books and others documents were entered in the computer. And up to date are also recorded in FoxPro.
		x) Four new academic programmes have been	

		initiated by the university as per the XII plan EFC and these have been implemented at Imphal, Ranipool, Barapani and Paisghat without having required infrastructures and faculty in place. The university is place. The University is required to address these issues at appropriate level.	
		College-wise specific Recommendations	
		College of Agriculture (CA), Imphal, Manipur	
		● PRT expresses its deep disappointment that despite having infrastructure, laboratories, adequate equipments and new farmarea, these resources remain largely under-utilized. As a consequence the student community expressed wider feeling of not getting proper practical training both in the field and in the laboratories. Despite having adequate human resources, PRT was unanimous in observing that the scientific staff of the college was largely indifferent and under performing. Therefore, the university authority must take urgent steps to change this inertia in the college.	As the college has good infrastructure, laboratories, adequate equipments and new farm area, all faculty members started to use properly in both laboratory practical classes and field. Further, the University Authority is also trying very hard to implement steps for timely incentives/promotions to deserving teachers.
		College of Veterinary and Animal Sciences, Selesih, Aizawl	
		● As the number of clinical cases brought to the hospital at Veterinary College, Aizawl is very low and insufficient to to offer adequate opportunities for hands-on training of Under Graduates, alternative	● To overcome the less numbers of clinical cases in the teaching veterinary clinical complex (TVCC), college has been arranging the clinical practice in nearby hospital cum dispensary under state veterinary department. Students are visiting the hospital regularly for clinical practice. Moreover, animal health camp, mobile

		arrangements should be made by adopting sate veterinary hospitals/government farms on few select location to enable the students get more exposure of handling clinical cases. The students may be deputed to other Veterinary colleges for three months during internship period	ambulatory service and farm visit are regularly being organized to increase the exposure of the students to more number of clinical cases. During the internship training programme, final year students are being sent to their respective state for clinical training/livestock product services/wild life medicine for 3 months.
		● Faculty positions need to be created as per VCI guidelines	● Faculty positions for the college is as per the VCI, MSVE-2016
		● Internship allowance should be provided as per VCI guidelines.	● Internship allowance of the students undergoing compulsory six months internship programme has been increased from Rs. 750/- to Rs. 3000/- per month w.e.f. 2016 as per ICAR norms. At present, VCI has not given any specific direction about allowance for the internship training programme.
		College of Post Graduate Studies, Barapani, Meghalaya	
		● The concept of Schools is being followed by having two departments in each School. In view of the guidelines prescribed by Deans committee/Minimum Standard fro Higher Agricultural Education(MSHAE) of the ICAR, the concept of Schools may be revised.	● The concept of school was started to promote integrated researches within the line disciplines. Being a PG college the concept definitely has relevance with a wider outlook in the development of agricultural sciences. However, identity of individual disciplines should be retained for the interest of the students as the employment opportunists in agricultural sectors are still quite specialized including the specific jobs under ICAR. Disciplines need to be strengthened in for academic and research facilities for achieving excellence. The post of Chairman of the school should be tenure (for a period of at least 3 years) and may be filled up from senior faculty of the respective school having desired administrative experiences.

SELF-STUDY REPORT

College of Agriculture, Central Agricultural University, Imphal

Submitted to
National Agricultural Education Accreditation Board
ICAR, New Delhi

PREFACE

India faced the challenge of providing food security to millions of its people soon after independence. The Research and Development initiatives taken by the Government of India resulted in the 'Green revolution' in the late 60s and early 70s. As a result of 'Green revolution', India has made significant achievement through production of food grains, fruits and vegetables, milk, livestock production, fish production and gained self-sufficiency in most of the areas of Indian Agriculture. But considering the nutritional security, economic sustainability and high generation of employment, Agricultural sector plays an important role.

Keeping in view the importance of Agriculture in improving the agricultural scenario in the state in particular and the North Eastern Hill (NEH) region in general, the College of Agriculture, Imphal which was the erstwhile Manipur Agricultural College was established in 1979 and became the first constituent college of the Central Agricultural University, Imphal, Manipur which has been established by an act of Parliament and came into effect on 26th January, 1993; later M.Sc. (Agri.) and Ph.D. degree programme started in some major disciplines.

At B. Sc. (Agri.) level, mostly students are admitted from all the State of NEH with ICAR nominee (15%) bases through ICAR quota. The quota of various States is fixed. The State Governments recommend students (on the basis of competitive examinations within their state) for admission. Similarly ICAR nominate (on the basis of all India competitive examination) students for their quota. At M. Sc and Ph. D. level, students are admitted on the basis of All India competition conducted by the University. Out of the total seats allotted in each discipline, additional 25% seats are filled through ICAR quota at M.Sc. level on the basis of all India competitive examination.

Students of this college have excelled not only in curriculum but also in extracurricular activities and national level competitive examinations and the college is making continuous efforts to improve the quality of education offered here. The ICAR has introduced the procedure of accreditation, which help in assessing facilities available to impart the quality education offered by the college. The college was accredited by ICAR Peer Review committee for a period of **five years (up to March, 2021).** Since the college is due for further accreditation, the present report provides all the necessary information about the college activities performed during **last five years.**

The University Level Task Force and the College Level Task Force have done a great job in compiling information and bringing out this report to be submitted to Accreditation Board of ICAR. I convey my heartfelt thanks to all those, who are involved in preparation of this report.

(Indira Sarangthem)
Dean

6.5 Goals and objectives

The College of Agriculture, Central Agricultural University, Iroisemba, Imphal was established as first constituent College of Central Agricultural University, Imphal after taking over the erstwhile Manipur Agricultural College affiliated to Manipur University in November, 1993. The College is situated in an extensive area of Iroisemba at a distance of about 6 km from the Imphal city. The college campus sprawls in an area of 94 acres (approx.) surrounded by Langol hills to its western and northern sides and Lamphelpat and Iroisemba village in the eastern and southern side respectively.

The College since its establishment has continuously strived to impart Education, Research and Extension activities in the field of agriculture and its allied subjects in the North Eastern Hill Region. Students from the North Eastern States viz., (a) Manipur, (b) Mizoram, (c) Meghalaya, (d) Arunachal Pradesh, (e) Tripura, (f) Nagaland and (g) Sikkim are admitted in the college. In addition to this, students from other parts of the country are also admitted through ICAR quota in both Undergraduate and Postgraduate courses. Admissions under Undergraduate courses are also given under the Higher Fee category. Eight departments of the college offers M.Sc. (Ag) programme. Further, the Ph.D. program in five departments of the College admits students based on entrance test.

Satellite view image of College of Agriculture Campus (Source: Google Maps)

The College of Agriculture has 12 departments *viz*., [Agronomy, Agricultural Economics, Animal Husbandry, Agricultural Engineering, Basic Science, BPME (Biochemistry, Microbiology, Plant Physiology and Environmental Science), Entomology, Extension Education, Horticulture, Plant Pathology, Plant Breeding & Genetics (PBG) and Soil Science & Agricultural Chemistry (SSAC)]. These departments collectively work to cater to the academic and research needs of the NE region, provide technical support, inputs to farmers and contribute to overall agricultural development in the region.

The College also offers short-term, vocational courses and training programme for the benefit of the Officials of line departments, farmers, entrepreneurs, SHGs, NGOs etc. from time to time. The college is also engaged in dissemination of technologies from laboratory to farmer's field.

The College has started several new initiatives namely: location specific Intra-Mural Research Projects, Extension Demonstrations in New Technologies & Exhibitions, Informal Education Programmes for Farmers, Farm Women, Students Placement Cell, Experiential Learning and formal Training programmesfor line departments to equip the masses.

Goals and Objectives

College of Agriculture, CAU, Iroisemba, Imphalisanationally renowned, premier institution for teaching, research and extension programmes in the field of agriculture, which is serving the farming community, extension functionaries of state governments, entrepreneurs and policy makers in the state and the northeastern region of the country.

Goals

- Tocreateanintellectuallystimulatingcampusenvironment.
- Act as a hub of technological base and train work force for supportin gagriculture and allied activities in the NE states.
- To plan and implement the strategies and programmes to achieve excellence in UG, PG and Ph.D agriculture education, need based research and extension activities, reinforcing one another.

Objectives

- To train and develop outstanding personnel in agriculture leading to B.Sc. (Hons.) Agriculture graduates, M.Sc. (Ag.) graduates and Ph.D. scholars so as to keep pace with latest developments in the field.
- To develop improved technologies forvarious agri/horticultural crops with respect to

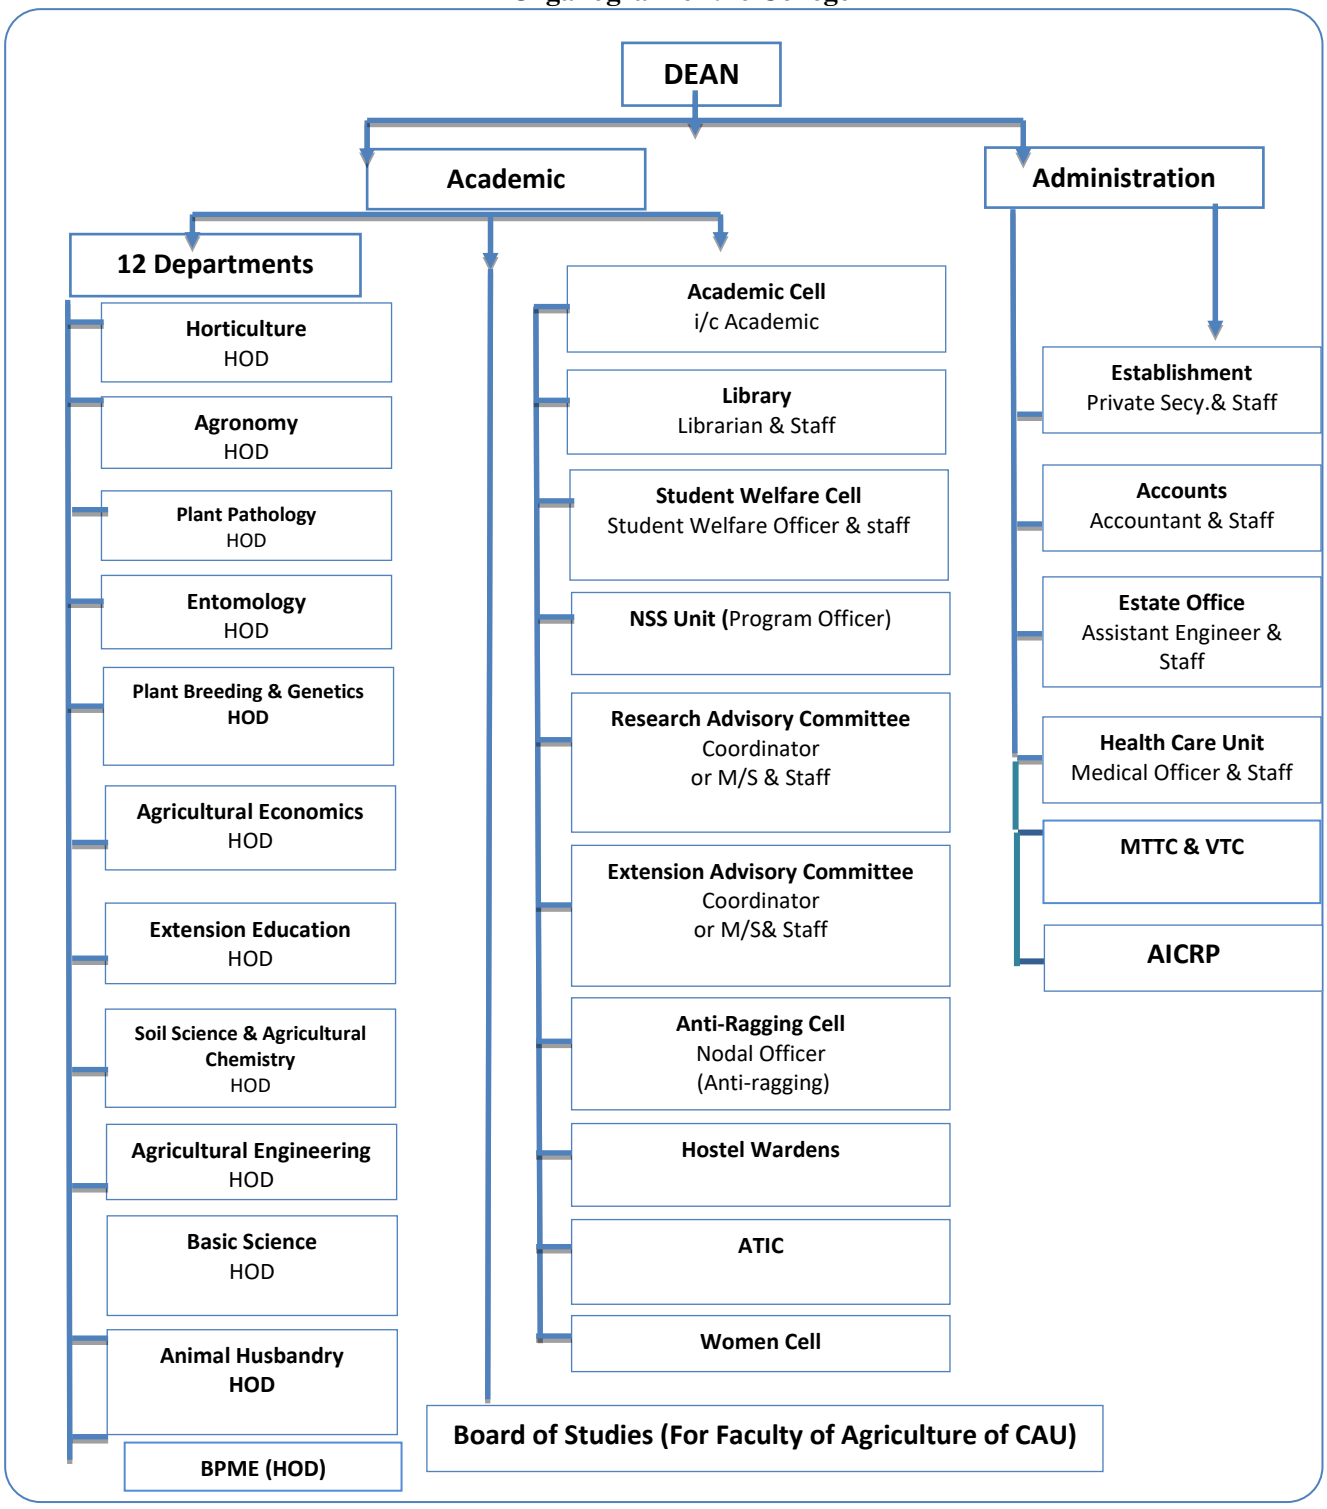
cropimprovement, production, protection, post-harvest management and marketing.

- To disseminate the improved technology to the farming community.
- To share the technological knowhow among extension functionaries, line department officials of state government of NE states through various outreach activities.

6.5.1 College Administration

The Dean is the Head of the institution, appointed by the University for a tenure of fiveyears, and he/she is eligible for second term. The Dean looks after the administration and provides leadership for the overall functioning of the College. Hemonitors teaching, research and extension programmes of the college in coordination with Head of Departments, Academic In-charge, Research Coordinator, and Extension Coordinator,in the best interest of the College.

Organogram of the College



6.5.1.1. College Dean's Office Establishment

The Dean's post has been sanctioned as per the model act of the ICAR adopted by theCentral Agricultural University, Imphal, Manipur. The mode of selection of Dean post is by direct selection. The college is headed by Prof. Indira Sarangtham since 08.8.2019.

: **Prof. Indira Sarangtham**
Dean
College of Agriculture,
Imphal, Manipur

TelephoneNo : 0385 – 2410427

Email : dean_collegeagri@yahoo.co.in

The Dean is assisted by technical assistant, stenographer, assistant cum computer operator and messenger at Dean Office level.

The Dean is assisted by Academic In-charge, Assistant Registrar, Assistant Comptroller, Assistant Executive Engineer and Assistant Professor (Farms) inrespect of academics, administration, accounts, college and farm up keep respectively at the college level.

6.5.1.2. Monitoring Mechanism for Quality Education (on-line and off-line)

- Academic information and regulations (AI & R's) are prepared based on ICAR Dean's committee and BSMA recommendations are scrupulously followed.
- Academic Management System (AMS) is Web Enabled application Software for Management of various academic activities of the College. The System caters to there quirements of different users Dean, Registrar, Heads, Guides, Faculty, Teachers, Students, Administrators and officials for performing their assigned tasks. The System isuser friendly and can be accessed ubiquitously. The online capabilities of the system allowthe students, faculty members and administrators to publish and retrieve the information from the irrespective disciplines. Ithas modules like Course Management, Student Management, Faculty Management, Administration Management, E-Learning, Online fee Collection
- E-course material is provided for all the courses and internet facility and projectors are being used to effectively deliver the information.
- Students after their admission are allotted to different counselors, each teacher being allotted with 4-8 students. The counselor's meetings are regularly conducted where students are monitored and enquired about the courses and quality of education being imparted.
- Counselor records are maintained and the progress of the students is intimated to their parents.
- A centralized examination system is being followed in the college and examinations including evaluation are conducted with stricts upper vision and under CCTV surveillance installed in smart classroom.
- Library is under digitization process and well equipped with adequate books, and plagiarism

detecting tools for the reference of students.

- All classrooms are under CCTV surveillance, monitored directly by Dean.
- Regular supervision of the classrooms by the heads of the departments & Dean.
- Laboratory manuals are provided by the course instructors for few UG courses.
- Decently equipped laboratories withcharts/ specimens/ teaching aids for conducting the practical classes are functional.
- Exposure visits to state/ central institutes/ private organizations and progressive farmers' fields are organized.
- Staff and student inter action meetings conducted regularly.
- PG students are allocated to the teachers based on their area of specialization along withstudent's merit and their area of research interest. External qualifying examination system is being followed for PG.
- Regular monitoring of PG research progress by the HOD's and quarterly monitoring is done by Dean and university officers.

Monitoring of Teaching, Research and Extension (TRE)

- TRE of teaching faculty is monitored by the Dean annually by obtaining reports.
- In Research and Extension advisory/formulation workshop new research proposals and technology outcomes arecritically analyzed in coordination with state agriculture/ horticulture/ forestry/ sericulture departments, central institutes and progressive farmers.

Impact of monitoring on the outcomes

College of Agriculture, CAU, Imphal, since its inception has contributed significantly for the development of quality human resource which can be evidenced in the form of number of graduate, postgraduate and doctoral students, JRF's, SRF awardees, students employed in state government, SAU's, centralinstitutes, banking sector, private firms, and entrepreneurs.

Career Development Centre under the aegis of National Agriculture Higher Education Project (NAHEP) of the college is facilitating carrier guidance and personality development programmes that aim at increasing employability of the students. Faculty are also encouraging students to appear for various competitive exams like ASRB, UPSC and other competitive examinations organized by different agencies**.**

6.5.1.3. Board of Studies

The College of Agriculture, Iroisemba, Imphal is a constituent college of Central Agricultural University, Imphal and is governed by decisions of the statutory bodies *viz.,* Board of Studies (BOS) and Academic Council represented by Professors, AssociateProfessors, of all the constituent colleges alongwith University officers.

Boards of Studies meeting are conducted where various academic issues are discussed and academic progress monitored.

Committee for Board of Studies

Vice Chancellor of Central Agricultural University	Chairman
Director of Instructions	Member
Registrar	Member
Director of Research	Member

Director of Extension Education	Member
Deans of all constituent colleges under CAU	Member
Two external experts	Member
Academic In-charges of all constituent colleges under CAU	Member

The major recommendations of BOS for the preceeding years are as follows:

S. No.	Particulars of the meetings	
1.	**Board of studies meeting Date: 25th May 2017**	
	Agenda	**Resolution/Recommendation**
	Proposal for development and installation of Agro meteorological observation for the college.	The Board of studies discussed the proposal in details and resolved that to constitute a committee to find out the location, list of available instruments and required instruments. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for opening of Ph.D. Programme in the Department of Extension Education, College of Agriculture, CAU, Imphal.	The Board of studies discussed the proposal in details and resolved that the matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for fillup one post of Assoc. Prof. and Asst. Prof.	The Board of studies discussed the proposal in details and resolved that the matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for strengthening experimental plots for P.G. students.	The Board of studies discussed the proposal in details and Dean, COA will provide mini bus twice in a week except Saturday.
	Agenda	**Resolution/Recommendation**
	Strengthening of laboratory facility.	The Board of studies discussed the proposal in details and Dean, COA will provide the said instruments or facilities after shifting the Department of Horticulture to the New Academic Building.
	Agenda	**Resolution/Recommendation**
	Additional requirement of staff for teaching the Plant Physiology courses and Molecular Biology.	The Board of studies discussed the proposal in details and resolved to propose One Assistant Professor in Molecular Biology which is a vacant sanctioned post to the Academic Council for further Approval.
	Agenda	**Resolution/Recommendation**
	Modification of the rule number	The Board of studies discussed the proposal in details

	3.5.1 "Written Comprehensive Qualifying Examination" of Academic regulations -2016 for master and Ph.D. degree programmes.	and resolved to come up with a modified proposal and model question paper. Then it may put up to Academic Council for further Approval.
	Agenda	**Resolution/Recommendation**
	Clarification for award of University Institutional fellowship to PG/Ph.D. students who got "F" grade in a semester.	The Board of studies discussed the proposal in details and resolved that to put up to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Comprehensive viva voce of M.Sc. students to be internal whereas paper setting to be external as usual.	The Board of studies discussed the proposal in details and resolved that to further submit to Academic Council for approval.
	Agenda	**Resolution/Recommendation**
	Proposal for setting rules and regulations for Hostels.	The Board of studies discussed the proposal in details and resolved that to put up to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Fixing the fees for PhD/ Training/ Experiencing/ or other programme for the student from other Universities.	The Board of studies discussed the proposal in details and resolved that to further submit to Academic Council for approval.
	Agenda	**Resolution/Recommendation**
	Proposal for Ph. D. admission twice in a year, COA, CAU, Imphal.	The Board of studies discussed the proposal in details and resolved not to further proceed.
	Agenda	**Resolution/Recommendation**
	Proposal for recruitment of Teachers with specialization in Insect Taxonomy/Ecology/Toxicology)	The Board of studies discussed the proposal in details and resolved that AICRP Scientist of this University Campus may be utilized after proper permission from the Hon'ble VC, CAU, Imphal. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Approval for extension of the Farm area of the Department of Animal Sciences for the focus area	The Board of studies discussed the proposal in details and resolved that to proceed with a request to Hon'ble VC, CAU, Imphal to provide some of the Developed

	such as pig, pony and dairy farming.	land for the same purpose. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Strengthening the laboratory facility such as laboratory equipments / implements in the Dept. of Agril. Engg. for teaching.	The Board of studies discussed the proposal in details and resolved the matter should be discussed in details HOD, Dept. of Agril. Engg. and Dean, COA to finalize the required instruments on priority basis only. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Shifting of course Agril. Engg. 122 from 2nd Semester to 5th Semester	The Board of studies discussed the proposal in details and resolved that the course may be shifted to the 4th Semester. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for establishment of a medicinal plant garden.	The Board of studies discussed the proposal in details and resolved that to proceed with a request to Hon'ble VC, CAU, Imphal to provide some of the Developed land for the same purpose. Then the matter should be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for establishment of crop cafeteria/museum in which all the crops/varieties grown in the region/countries should be grown.	The Board of studies discussed the proposal in details and resolved that to proceed with a request to Hon'ble VC, CAU, Imphal to provide some of the Developed land for the same purpose. Then the matter should be put to Academic Council for further approval.

2.	**Board of studies meeting Date: 2nd May 2018**	
	Agenda	**Resolution/Recommendation**
	Clear guidelines for conduct of written comprehensive examination of PG and Ph.D. students.	The Board of studies discussed the proposal in details and resolved that there will be two separate papers i.e. one for major and one for minor subject each carrying 100 marks and all the questions should be of descriptive/ long type question. And the matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for evaluation of	The Board of studies discussed the proposal in details

	comprehensive answer books/scripts by a teacher not the course teacher in the concerned dept.	and resolved that for Ph.D. programme, question setting as well as evaluation of the paper will be done externally and for M.Sc. programme, question setting will be external while paper evaluation will be internal by a teacher nominated by the Head of the department. It was also agreed to put at the Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Recognition of Dr K.D. Sah as guide of the University	The Board of studies discussed the proposal in details and resolved that the College should initiate to sign an MoU (Memorandum of Understanding) with either NBSS Johrat or Kolkata Centre with the approval of the Academic Council.
	Agenda	**Resolution/Recommendation**
	Proposal for opening of new departments in the line of 5th Deans' Committee report.	The Board of studies discussed the proposal in details and resolved that all the colleges of Agriculture should have 14 departments with uniform course outline and credit hours and resolved to put up to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for splitting of the course, Fundamentals of plant biochemistry and biotechnology in UG agriculture.	The Board of studies discussed the proposal in details and resolved to put up to Academic Council for further approval after attaching the detail course outline.
	Agenda	**Resolution/Recommendation**
	Changes for Credit hours from 2(2+0) to 3(2+1) for course Problematic Soils and their Management SSAC-242 (2+0)	The Board of studies discussed the proposal in details and resolved to change the credit hour from 2 (2+0) to 2(1+1). Accordingly the syllabus of theory portion and practical is to be prepared to submit to the Academic Council for approval.
	Agenda	**Resolution/Recommendation**
	No. of seats that can be filled for M.Sc. and Ph. D. in the College of Post Graduate Studies for the Academic Year 2018-19	The Board of studies discussed the proposal in details and resolved to put up to Academic Council for further approval after proper indication of the total number of faculty members, number of students already admitted and approved intake capacity in each discipline.
	Agenda	**Resolution/Recommendation**
	Introduction of best Thesis award at the University level across all the disciplines in the Faculty of Agriculture	The Board of studies discussed the proposal in details and resolved that best thesis award will be given for all schools and submit to Academic Council for approval.
	Agenda	**Resolution/Recommendation**
	Pre-Requisite Courses for Agri-	The Board of studies discussed the proposal in details

	Business Management in CPGS	and resolved that the matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Setting up of Smart Class rooms in the college	The Board of studies discussed the proposal in details and resolved that the matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Renaming of College of Post Graduate Studies as Post Graduate College in Agricultural Sciences (PGCAS)	The Board of studies discussed the proposal in details and resolved that the name of the college should be College of Post Graduate Studies of Agricultural Sciences and matter may be put to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Transfer of teaching post (Hort.) available in CPGS to COA, CAU, Imphal.	The Board of studies discussed the proposal in details and resolved the matter may be put to Academic Council for further approval to transfer two sanctioned posts of Horticulture department to College of Agriculture, Imphal and one sanctioned post (Hort.) to College of Agriculture, Kyrdemkulai.
	Agenda	**Resolution/Recommendation**
	Proposal for common question paper for End-Term examination of different schools.	The Board of studies discussed the proposal in details and resolved that uniform question papers, answer scripts and examination time-table to be introduced and put up to Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for inclusion of M.Sc. degree programme in Organic Farming	The Board of studies discussed the proposal in details and resolved that the committee formed earlier for course designing should discuss in detail with its members and put up in Academic Council for further approval. And in case, it is not approved by the Academic Council, then it will propose to open as a course (organic farming) in all the degree programme of the University (Agriculture, Veterinary, Fisheries, Horticulture, Forestry, etc.)
	Agenda	**Resolution/Recommendation**
	Proposal for providing proper training to laboratory technician to assist the student during research work. (Proposed by student member)	The Board of studies discussed the proposal in details and resolved to put to the Academic Council for further approval.
	Agenda	**Resolution/Recommendation**
	Proposal for providing fully	The Board of studies discussed the proposal in details

	equipped lab and research field for M.Sc. and Ph.D. students. (Proposed by student member)	and resolved that there should be one Central Instrumentation Facility (CIF) in all the colleges and to put up to Academic Council for further approval.

3.	**Board of studies meeting of Faculty of Agriculture, CAU, Imphal Date: 22nd May 2019** **Summary of the second board of studies of the faculty of agriculture, Central Agricultural University, Imphal held on 22nd may, 2019 at the College of Agriculture, Central Agricultural University, Imphal, Manipur**	
	Agenda	**Resolution/Recommendation**
	Availing the service of scientists of AICRP (Fodder) and AICRP (Dryland agriculture) for teaching the course AGRON – 509 (Agronomy of fodder & forage crops) and AGRON – 512 (Dryland agriculture) respectively.	The committee felt that utilization of AICRP scientist for teaching purpose is allowed on genuine proposals by the competent authority. Respected Deans may seek permission of the authority on specific cases with proper justification. Hence the proposal is deferred.
	Agenda	**Resolution/Recommendation**
	Creation of infrastructure facilities for climate change studies.	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Awarding degree in M.Sc.(Hort.) instead of M.Sc.(Agri.) in Horticulture.	The committee decided to dropped agenda as the matter has already discussed so many times and not approved by the council by giving reference that as College of Agriculture is giving the degree, so it cannot be given degree as M.Sc.(Hort.) instead of M.Sc.(Agri.) in Horticulture.
	Agenda	**Resolution/Recommendation**
	Creation of 2 (two) posts (Assistant Professor/ Teaching Associate)	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Creation of a Central Common	The committee decided that it is under the jurisdiction

	Laboratory.	of the concerned Dean.
	Agenda	**Resolution/Recommendation**
	Filling up of vacant post (2 in nos.) in Horticulture Dept.	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	New rule for the need of publication of paper in high rating journals before thesis submission.	The committee decided to drop this agenda as it is as per UGC guidelines.
	Agenda	**Resolution/Recommendation**
	Development of Infra-Structure of the Department of BPME	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Lack of regular teaching faculty of the Department of BPME	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Proposal for modernization and upgradation of Computer Lab.	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Proposal for sanctioning and filling up the post of an Assistant Professor (in Computer Application/Computer Science/ relevant field).	The committee decided that as it is related to the financial matter, so it can be discussed in the Senior Officers Meeting of CAU, Imphal with proper documents and justification.
	Agenda	**Resolution/Recommendation**
	Proposal to cut down the duration of the examination time.	The committee decided to continue with the existing system. Hence agenda is deferred.
	Agenda	**Resolution/Recommendation**
	Proposal to provide an equal opportunity in making the selection	The committee decided to continue with the existing system.

	criteria of all the teachers of CAU, Imphal for "Best Teacher Award (CAU, Imphal)"	
	Agenda	**Resolution/Recommendation**
	Improvement of Ph. D. research in collaboration with other Universities/Research Institutes	The committee felt that such type of system is already existing in CAU. Dean of the respective colleges can initiate the process. Hence, the agenda is deferred.
	Agenda	**Resolution/Recommendation**
	Evaluation of answer scripts of comprehensive examination locally.	The committee decided to continue the existing system. However, the committee suggested to send the electronic versions of answer books instead of hard copies and marks can also be received electronically. Hence the agenda is deferred.
	Agenda	**Resolution/Recommendation**
	Synchronization of academic calendar and start of classes with the admission procedure of ICAR.	The committee decided to drop the agenda as there was problem in ICAR admission in the previous year only due to Kerala flood.
	Agenda	**Resolution/Recommendation**
	Centralized evaluation of UG examination answer scripts.	The committee decided to proceed elaborately in the Academic Council with details of the procedures, remuneration per paper etc.
	Agenda	**Resolution/Recommendation**
	Introduction of concept of University head of department.	The committee decided to drop the agenda.
	Agenda	**Resolution/Recommendation**
	The University should notify a unified time table of practical and theory examinations across the agricultural campuses.	The committee decided that Deans of the concerned Colleges can notify within his jurisdiction for the practical examinations while notifications for theory exam is already done by the University
	Agenda	**Resolution/Recommendation**
	Increase of Thesis evaluation fee of Ph D Students	The committee decided that this matter can be discussed at the Senior Officers meeting with proper proof and justification from other University as well as ICAR

4.	**Board of studies meeting of Faculty of Agriculture, CAU, Imphal Date: 27th May 2020 Summary of the third board of studies of the faculty of agriculture, Central Agricultural University, Imphal held on 27th may, 2020 through video conferencing**	
	Agenda	**Resolution/Recommendation**
	Permission for allotment of research topic of PG student (M.Sc. Agri. Programme) beyond the prioritised area	After thorough discussion, the members of the BOS approved to propose for permission for allotment of research topic of PG student (M.Sc. Agri Programme) beyond the priotised area as adopted by University Research Council in exceptional cases.
	Agenda	**Resolution/Recommendation**
	Evaluation of comprehensive examination answer scripts of M.Sc. (Agri.) and Ph.D. courses internally	After thorough discussion, all the members of the BOS agreed to drop this proposal
	Agenda	**Resolution/Recommendation**
	Inclusion of the practical class of the PhD Plant Pathology course Pl path - 605 (Principles and Procedures of Certification)	The house rejected the proposal.
	Agenda	**Resolution/Recommendation**
	Introduction of 2-year PG course in Biochemistry and Plant Physiology [M.Sc. (Agri) Plant Physiology and M.Sc. (Agri) Biochemistry] from next academic year with intake capacity of 01 students for each discipline (Physiology and Biochemistry).	After thorough discussion, it is agreed to put up the proposal of opening PG in Biochemistry with detailed justification to the next Academic Council.
	Agenda	**Resolution/Recommendation**
	Change in credit hours of course GP 243 Principles of Seed Technology	The proposal is agreed and may be put up in the next academic council for approval.
	Agenda	**Resolution/Recommendation**
	Modification of course content of Agron-114 (Fundamentals of Agronomy)	The proposal was declined by the BOS.
	Agenda	**Resolution/Recommendation**
	Shifting of the course "Fundamental of	In view of the above facts, the members of the house

	Plant Biotechnology GPB (Biotech)112" from 1st year 1st semester to 2nd year 1st semester of B. Sc. (Ag.) UG programme	agreed to approve the proposal and agreed to place as an agenda in the next academic council with proper justification
	Agenda	**Resolution/Recommendation**
	Experiential Learning Programme-Taking decisions for completion of ELP programme under present scenario	The proposal was dropped.
	Agenda	**Resolution/Recommendation**
	Increase of the student's strength to 60 numbers for COA, Kyrdemkulai	The agenda was dropped
	Agenda	**Resolution/Recommendation**
	Internal question paper and internal evaluation for B. Sc (Ag) students for the second semester of Academic session 2019-20	The proposal was agreed to be put up as an agenda of next Academic Council for approval.
	Agenda	**Resolution/Recommendation**
	Extension of 2nd semester Academic Session 2019-20	The Agenda was accepted.
	Agenda	**Resolution/Recommendation**
	Cancellation of All India Tour Programme	The Agenda was accepted.
	Agenda	**Resolution/Recommendation**
	Internal setting of question paper and evaluation	The Agenda was accepted.
	Agenda	**Resolution/Recommendation**
	Combining Mid Term and End Term Examination of 2nd Semester of Academic session 2019-20	The Agenda was accepted
	Agenda	**Resolution/Recommendation**
	Evaluation of answer scripts of comprehensive examination locally.	The committee decided to continue the existing system. However, the committee suggested to send the electronic versions of answer books instead of hard copies and marks can also be received electronically. Hence the agenda is deferred.
	Agenda	**Resolution/Recommendation**

	Proposal for Postgraduate programme M.Sc. (Agri.) in Agricultural Economics at COA, Pasighat, Arunachal Pradesh	The Agenda was dropped.
	Agenda	**Resolution/Recommendation**
	Number of seats for M.Sc. and Ph.D. in the College of Post Graduate Studies for the Academic Year 2020-21	The Agenda was accepted with little modification that the number of seats in Agricultural Nematology should be only two seats.
	Agenda	**Resolution/Recommendation**
	Limiting seats to be filled by students from outside North Eastern Hill states in PG and PhD admissions	The Agenda was accepted with little modification that the supportive documents should be put up in the Academic Council.
	Agenda	**Resolution/Recommendation**
	Starting Ph.D. programme in Entomology	The Agenda was accepted to be put up in the Academic Council
	Agenda	**Resolution/Recommendation**
	Starting M.Sc. programme in Agricultural Nematology	The Agenda was accepted to be put up in the Academic Council with two seats only.
	Agenda	**Resolution/Recommendation**
	Recognition of adjunct faculty in the discipline of Agricultural Economics, School of Social Sciences, CPGS-AS, CAU (Imphal), Umiam	The Agenda was accepted to be put up in the Academic Council.
	Agenda	**Resolution/Recommendation**
	Recognition of adjunct faculty in the discipline of Plant Pathology (Virology), School of Crop Protection, CPGS-AS, CAU (Imphal), Umiam	The Agenda was accepted to be put up in the Academic Council.
	Agenda	**Resolution/Recommendation**
	Allotting 3 days for conducting Mid-term Exam just prior to End Term Examination for the 2nd Semester of Academic Session 2019-20	The Agenda was dropped.
	Agenda	**Resolution/Recommendation**
	Adjunct faculty in Soil Physics in COA, Imphal, Manipur	The Agenda was accepted to be put up in the Academic Council with relevant documents and modalities.

	Agenda	**Resolution/Recommendation**
	Teaching Assistant of Agricultural Economics in COA, Imphal, Manipur	The Agenda was declined by the BOS.

From 2019 onwards the Central Agricultural University has created the Board of Studies for Faculty of Agriculture. The current composition of BOS for Faculty of Agriculture is as follows:

6.5.1.4. Anti-Ragging Cell

- Directions and guidelines of the UGC issued from time to time are strictly implemented in this college to curb the menace of ragging. The college is taking all precautionary measures and formalities atthe time of admission.
- Ragging incidents have not happened in this college during the last five years because of the precautionary measures taken from time to time by the college administration.

The following measures are taken to curb the menace of ragging.

- The Dean, Staff advisor, SWO and Wardens of all hostels regularly address all the students and educate them about the consequences of involving in ragging related activities.
- Newly admitted students and parents are well oriented about the punishments for ragging and they are sensitized about the ragging and its prevention.
- Anti ragging committee has been constituted which conducts regular meetings with members of teaching, non-teaching staff, local police staff and local social activists.

- Two anti-ragging squads are constituted, one during office hours and another for after office hours to make surprise visits to sensitive areas like hostel premises, canteen, corridors, class rooms, fields and play ground. Another special committee has also been constituted for day wise supervisions. Strict vigilance is done during holidays as well as atlate hours.
- Every teaching and non-teaching staff, employees of mess/canteen are given necessary instructions to keep strict vigilance and to report any incidence of ragging to the collegeauthorities.
- Both administrative and college building as well as hostels are under CCTV surveillancewhich is monitored by the office of the Dean at college level and wardens at hostel level which have greatly enabled to curb the ragging menace.
- As per the UGC guidelines all the students are registered themselves on the website http://www.amanmovement.organd http://www.antiragging.in and give an undertakingthat they will not involve/indulge in any type of ragging activities. This has to be endorsed by their parents or guardians.
- Regular video clips, flex boards and banners have been displayed in the college highlighting guidelines, warnings, punishments and its harmful consequences.
- Students are encouraged to involve in the sports / games / co-curricular activities in thehostels. The students are given psycho-social support through yoga camps, health camps, awareness programmes, sports and other activities for raising confidence, amity and friendship among themselves.
- Counseling of both freshers and seniors is conducted by their respective counselors.
- The newly admitted students are encouraged to be free to submit their complaints and problems to authorities.
- Periodical reports of ragging incidents if any or nil reports are submitted to MHRD and UGC Secretariats of Government of India through the University.

CCTV MONITOR CONTROL ROOM

6.5.1.5. Biological waste disposal Facility

- Chemical, Biological and recyclable wastes generated througha variety of research activities, maintenance and cleaning operation at the college level have been disposed systematically. Field wastes are converted to compost. Food waste is used for feeding farm animals and also converted to compost. Incineration unit has been installed in ladies hostel and soak pit facilities are being used.
- Compost and vermicompost units are established for converting biological wastes.
- The laboratory chemical wastes are disposed by burying deep into the soil.
- Waste bins and Dustbins are maintained at regular distance.
- Regular cleaning and burying activities of the wastes accumulated are done by the field staff and NSS students.
- Regular cleaning activities under the "Swach Bharat Abhiyann" is carried out in the College Campus by students, staff and faculties

6.5.1.6. Institutional Ethics Committee for Experiment on Animals

Experimentation on animals in course of veterinary/medical research and education is not being taken up at our campus hence, no such committee was formed.

6.5.1.7. Committee for Prevention of Sexual Harassment of Women at Work Places

The University has taken measures for prevention of sexual harassment of women at work place. The college has constituted a committee on 25th February 2021 vide order no. COA/CAU/191-ORDER/2019 dated 25th Feb 2021 that acts on complaints of sexual harassment of Women at work places. The composition of the committee is given below:

COLLEGE OF AGRICULTURE
CENTRAL AGRICULTURAL UNIVERSITY
IROISEMBA, IMPHAL – 795 004

No. COA/CAU(I)/ Office Order (iv) Imphal, the 25th February, 2021

OFFICE ORDER

An "Internal Complaint Committee" consisting of the following Officers of this College is newly constituted with immediate effect.

Sl. No.	Name of Officials	Position
1.	Dr. Ph. Subhas Devi, Prof. Dept. of Plant Pathology	Chairman
2.	Dr. A.N. Bijaya Devi, Prof. Dept. of Entomology	Member
3.	Ms. Rangpi Khaidukpam, Asst. Prof. Clinical Psychology, RIMS	Member
4.	Dr. N. Subhas Chn, Asst. Prof., Dept. of Agril.	Member
5.	Shri N. Arvi Singh, Asstt. Comptroller	Member
6.	Dr. K. Mahendrajit, Asst. Prof., Dept. of Home Science	Member Secy.

The Committee is responsible for inquiring into complaints of sexual harassment cases of working women in the workplace in accordance with the Section 4(1) of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The tenure of the committee shall be of 3 years from the date of this order.

Prof. Subha Sarangthem
Dean

No. COA/CAU(I)/ Office Order (iv) Imphal, the 25th February, 2021

Copy to:-
1. All [illegible] for kind information of the Hon'ble Vice-Chancellor, Central Agricultural University, Lamphelpat, Imphal.
2. The Registrar, Central Agricultural University, Imphal for information.
3. All persons concerned by name ..... for kind information and necessary action.
4. Guard file

Prof. Subha Sarangthem
Dean

Duties of the committee

- Regular conduct of meetings
- Receive the complaints and take appropriate action

6.5.2.4: Technical and Supporting Staff

The college has been sanctioned with adequate technical and supporting staff to meet therequirement of teaching, research and extension, administration and academic activities. The vacancies are filled through direct selection/contractual/ outsourcing. The details are presented in the following table.

Staff Type	**Sanctioned**	**Filled**	**Vacant**
Technical	50	31	19
Administrative & Supporting Staff	97	53	44
Total	**147**	**84**	**63**

6.5.3. LEARNING RESOURCES

Learning Resources

Faculties are provided with computers to access the online open courseware and online portal to use it for the curriculum delivery. Faculty members access various resources for use in teaching, research and extension activities. Students are also encouraged to access various software applications in agriculture. Learning resources are texted, video lessons, and other ICT related materials that teachers used to guide students to meet the expectation for learning defined by ICAR recommended

curriculum

6.5.3.1. College Library

- Location of Library: It is located with the Admistrative block of the College in its main campus of the campus.
- Present Staff Position (in place): Presently Library is working with one Librarian, Two Library Assts, one Library Asst and one MTS under one Prof i/c Library.
- Availability of Wi-fi: Library is having Wi Fi facility.
- Books/Reading Material (in number): Library is having its collection of 21021 print books in its custody for use by its users.
- Periodicals/Research Journals (in number): Library is having its collection of 120 above print journals for use by its Sclients in total, with 18 present subscribed journals. The List is attached below:

Viewof College Library

- Internet facility: LAN and Wi-fi available
- No of Computers: 02
- Seating Capacity: 20
- Latest Technology in the library: Plagiarism software, CeRA online resources
- Stocking arrangements: Cupboards, Racks
- Collection of volumes on different subject: See the above Table
- Latest publications in the field of relevant subjects: See the above table
- Automation & user services through computer: Has been started
- Opening hours: 9:00 – 5:00
- Subscription of journals of national & international reputenational dailies/ magazines (provide list): See the above list.

Computer and Teaching Aids

The College has two computer centers at Academic Block – I and II.At present, there are 32 computers in computer labs with printer facility and internet wi-fi facility. The departments are also provided with computers and teaching aids.

6.5.3.2. Laboratories, Instructional farm, Workshops, Dairy Plant, Veterinary Clinic, Hatchery, Ponds etc.

i) The college has UG programme, 12 departments' *viz*., [Agronomy, Agricultural Economics, Animal Husbandry, Agricultural Engineering, Basic Science, BPME (Biochemistry, Microbiology, Plant Physiology and Environmental Science), Entomology, Extension Education, Horticulture, Plant Pathology, Plant Breeding & Genetics (PBG) and Soil Science & Agricultural Chemistry (SSAC)]. eight PG departments and five doctoral degree courses So

adequate number of classrooms and laboratories have been established at this college.

ii) The Instructional Farm for students to conduct field trial are spread over different locations in the College campus. The details of these farms is given below:

Details of Fields Allotted for Student Trials at College of Agriculture

SI. No.	Name of Department	Area of Farm/Field Alloted
1	UG Students Field (Agronomy ELP Farm)	490 sqm
2	Agronomy	4297.4 sqm
3	Plant Breeding and Genetics	2597 sqm
4	Plant Pathology	1543 sqm
5	Horticulture	660 sqm
6	Entomology	2050.5 sqm
7	Soil Science and Agriculture Chemistry	2466 sqm

iii) In addition to this college has honey processing unit, mushroom unit, vermicomposting unit and animal husbandry unit housing a poultry, piggery and dairy unit for ELP training of the students.

6.5.3.3. Student READY/ In-Plant Training / Internship / Experiential Learning Programmes

The college has already implemented the Student's READY Programme as per the directions and guidelines of Central Agricultural University, Imphal. The Rural Agricultural Work Experience Programme (RAWEP), Agro-industrial Attachment (AIA) and Experiential Learning Programme (ELP) are under the Students READY Programme for B.Sc. (Hons.) Agriculture. Through this programme, students are given hands on experience and practical training in agriculture and allied areas. The programme helps to develop confidence, skills and to acquire knowledge of agricultural systems.

RAWE & AIA programme: RAWE is organized for every year for the undergraduate students of College of Agriculture in the 4th Year, 1st semester of every academic session the with a credit load of 0+10. The objective of the RAWEP is provide opportunities to the students to study the rural agricultural system through direct farm experiences by personally visiting the farms and interacting with the farmers. The students also gain experience and knowledge about the extension activities carried out by the Govt. and private agencies and non-governmental organizations. The students undergoing the programme are expected to learn different components of agriculture and allied activities, conduct method demonstration and training, organize exhibition and prepare reports on their experiences gained. The students are expected to learn day to day farming activities of farmers and general village conditions during their stay at the villages.

The AIA programme (credit load of 0+10) provides hands on training to students about the managerial and commercial aspects of Agri-based business. Interaction with experienced entrepreneurs/businessman helps them to understand the practical aspects of business and motivates students to become entrepreneurs themselves. The students are placed in fertilizer industries, bio-fertilizer production units, vermicomposting units, food processing units etc. The students are expected to undertake the following activities:

- Acquaintance with industry and staff
- Study of structure, functioning, objective and mandates of the industry
- Study of various processing units and hands-on trainings under supervision of industry staff
- Ethics of industry
- Employment generated by the industry
- Contribution of the industry promoting environment
- Learning business network including outlets of the industry
- Skill development in all crucial tasks of the industry
- Documentation of the activities and task performed by the students
- Performance evaluation, appraisal and ranking of students

The details of the programme are as:

Sl. No.	RAWE & AIA		
	Activities	**Weeks**	**Credit hrs**
1.	General orientation & on campus training by different faculties	1	14
2.	Village attachment	8	
3.	Unit attachment in Univ./ College KVK/ Research Station	5	
4.	Plant clinic	2	2
5.	Agro-Industrial Attachment	3	4
6.	Project Report Preparation, Presentation and Evaluation	1	
Total weeks for RAWE & AIA		**20**	**20**

- Agro- Industrial Attachment: The students would be attached with the agro-industries for a period of 3 weeks to get an experience of the industrial environment and working
- Educational tour will be conducted in break between IV & V Semester or VI & VII Semester

RAWE Component-I

Village Attachment Training Programme

Sl. No.	Activity	Duration
1.	Orientation and Survey of Village	1 week
2.	Agronomical Interventions	1 week
3.	Plant Protection Interventions	1 week
4.	Soil Improvement Interventions (Soil sampling and testing)	1 week
5.	Fruit and Vegetable production interventions	1 week
6.	Food Processing and Storage interventions	1 week
7.	Animal Production Interventions	1 week
8.	Extension and Transfer of Technology activities	1 week

RAWE Component –II

Agro Industrial Attachment

- Students shall be placed in Agro-and Cottage industries and Commodities Boards for 3Weeks
- Industries include Seed/Sapling production, Pesticides-insecticides, Post harvest-processingvalue addition, Agri-finance institutions, etc

Activities and Tasks during Agro-Industrial Attachment Programme

- Acquaintance with industry and staff
- Study of structure, functioning, objective and mandates of the industry
- Study of various processing units and hands-on trainings under supervision of industry staff
- Ethics of industry
- Employment generated by the industry
- Contribution of the industry promoting environment
- Learning business network including outlets of the industry
- Skill development in all crucial tasks of the industry
- Documentation of the activities and task performed by the students
- Performance evaluation, appraisal and ranking of students

Modules for Skill Development and Entrepreneurship: A student has to register 20 credits opting for two modules of (0+10) credits each (total 20 credits) from the package of modules in the VIII semester

Sl. No.	Name of Module	Course Number
1	A. Food Processing	Ag. Engg–4A PP
	B. Seed Production Technology	CPB–4BSP
2	A. Commercial Bee Keeping	Ento–4B BK
	B. Commercial Sericulture	Ento–4BCS
3	A. Commercial Horticulture	Hort–4BCH
	B. Floriculture & Land Scaping	Hort–4B FL
4	A. Production Tech. for Biogents & Biofertilizers	PP–4BBB
	B. Mushroom Production Technology	PP–4BMP
5	A. Agriculture Waste Management	SSAC–4BWM
	B. Organic Production Technology	SSAC–4BOP
6	A. Poultry Production Technology	AH–4BPP
	B. Organic Production Technology	AH4BOP

Evaluation of Experiential Learning Programme

Sl. No.	Parameters	Maximum Marks
1.	Project Planning and Writing	10
2.	Presentation	10
3.	Regularity	10
4.	Monthly Assessment	10
5.	Output delivery	10
6.	Technical Skill Development	10
7.	Entrepreneurship Skills	10
8.	Business networking skills	10
9.	Report Writing Skills	10
10.	Final Presentation	10
	Total	**100**

Profit sharing mechanism (AMOUNT) should be mentioned for each ELP unitfor last 5 year

FOR GENETICS AND PLANT BREEDING (GPB)

ELP Course of **GPB-48 SP** was started from the year 2019-20 in the **Genetics and Plant Breeding Department**.

Number of students involved: 12 during 2019-20 and carried out seed production

Profit sharing mechanism **(AMOUNT):**

1. ELP Students group (75%) = **Rs. 6091.5/-**
2. Department of GPB (10%) = **Rs. 812.2/-**
3. College of Agriculture, CAU, Imphal (15%) = **Rs.1218.3/-**
4. Profit per student**: Rs. 507.63/-**

FOR ANIMAL SCIENCE

Years	**2016-17**	**2017-18**	**2018-19**	**2019-20**	**2020-21**
Pig rearing	Student-75% (Rs.3500/- x 4 students) Department-10% (Rs.1869/-) Faculty-15% (Rs.2800/-)	-	-	-	-
Poultry rearing	-				

6.5.3.4. Curricula Delivery through IT (smart classrooms / interactive board etc.)

Instructional methods used

- The classrooms are equipped with high-resolution LCD projectors, smartboards, internet facilities and other ICT facilities are being used. The teachers are making Power Point presentations for effective teaching. In view of recent COVID-19 pandemic that has halted the physical classes across the globe the faculties at the College have adopted to online classes through various platforms like YouTube, Google meet, Zoom etc.

Online classes by Faculties during COVID-19 Pande

ICT tools for various courses

- Online video lectures and group discussion
- Online training manuals
- Virtual lab resources
- Electronic Resource Management package for e-journals through CeRA ICAR (Consortia for e-Resources in Agriculture) at www.cera.jccc.in
- CAB data base access facility (CAB data from 1972 to 2005)
- Access to Krishikosh (e-theses etc. Institutional Repository of ICAR) at Krishikosh.egranth.ac.in
- Access to SWAYAM and NEPTEL Virtual learning platforms

  If Yes, Name few most important equipment available.
- Retreat and other facilities/ student interaction forums.

Please indicate briefly if the college has retreats for faculty and students to provide opportunity for free interaction and communication of ideas.

1. Student advisory system
2. Student Council
3. Student Placement and Career counseling cell
4. Student Advisory Council

6.5.4.3. Admission Process

Admission requirement

- The candidates should have passed 10+2 examination with English as one of the subjects of study. The candidates much have attained 17 years of age on 31st December in year of admission. The selection or nomination of candidates is done through National Eligibility cum Entrance Test (NEET) conducted by the National Testing Agency (NTA). Students seeking admission to the above degree programme shall be permanent resident or domicile of any one of the north eastern states of India *i.e*., Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura. The number of students to be admitted for each of the north eastern states is notified by CAU from time to time
- The candidates to be sponsored for admission shall be from the merit list based on the entrance test
- 15% of the approved number of seats in the UG programme shall be filled by the candidates selected on the basis of All India Entrance Test conducted by ICAR or as amended from time to time by ICAR. The ICAR nominees shall be governed by the eligibility as prescribed by ICAR

Date of admission

- The date of admission to a bachelor's degree programmeevery year is as per the announcement made in the prospectus or academic calendar or semester calendar which is duly notified by the Registrar**,** CAU

Registration process

- On admission, a student is provided four copies of registration cards having different colours; one for the student, one for the advisor, one for the Dean and one for the Registrar which is filled up and registered for the prescribed process for the first semester. The registration card shall be signed by the student, his advisor, Assistant Registrar (academic) and countersigned by the Dean of the college.

- On admission and registration, the students are provided with college identity cards with his/her photograph. The identity card is returned to the college by the students when the students leave the college after completion or discontinuation of the course
- Newly admitted students are given an admission number by the Dean of the college. This admission number is valid till individual registration number is allotted by the Registrar, CAU to the students
- An orientation programme is organized by the Dean of the college for the benefit of the newly admitted students immediately at the beginning of the first semester

6.5.4.4. Conduct of Practical and Hands on Training

Practical classes, field visits and hands on training are conducted by most of the departments of College of Agriculture with the existing facilities available at College campus. InadditiontoregularpracticalclassesinallthecoursesextensiveandexclusiveExperientialLearningProgrammeandRuralWorkExperienceProgrammeunderstudentREADYprogrammeareconductedduringfinalyeargraduateprogramme.

6.5.4.5. Examination and Evaluation Process

The college strictly adheres to the examination and evaluation system as recommended by the Vth Deans' Committee. As such, the college follows Uniform Grading system with uniform OGPA requirements for award of degrees at all levels. A uniform conversion formula is followed for declaration of Ist, IInd and IIIrd divisions, distinctions etc.

Examination

The students are evaluated middle of the semester as well end of the semester through mid and end term examinations. Also, the students are evaluated continuously through class exercises and assignments. The examination system is a combination of 50% internal and 50% external components. The weightage to the theory and practical examinations are in the same proportion as the theory and practical credits allotted to different courses. Total marks obtained for a course for practical and theory examination are added and converted into percentage for calculating the cumulative grade point average.

Courses with Theory and Practical

- Mid-term Exam (30%) + Assignment (5%) in practical oriented courses + Practical (15%)

Courses with only Theory

- Mid-term Exam (40%) + Assignment (10%)

Courses with only Practical

- 100% Internal

Keeping this in view, the schedule and weightage to different examination are as follows:

Particulars	**Course credits**									
	2+1		**1+1/2+2**		**1+2**		**1+0/2+0**		**0+1/0+2**	
	T	**P**	**T**	**P**	**T**	**P**	**T**	**P**	**T**	**P**
Mid-term exam	30	-	30	-	30	-	30	-		
Quiz/Continuous evaluation	20	30	20	30	20	30	20	-	-	30
End-term exam	50	70	50	70	50	70	50	-	-	70
Maximum marks	100	100	100	100	100	100	100	100	-	100

* At least 4 number of quizzes are conducted for each course

The question papers are set by externals while HODs of concerned departments ensure the coverage of syllabus. If needed, moderations are done accordingly.

Duration of exams

Mid-term theory exam	:	1½ hours
End-term theory exam	:	2½ hours
End-term practical exam	:	3 hours

Evaluation

B.Sc. (Hons.) Agriculture Programme

Evaluation is done internally by the faculty other than the Course Instructor. Syllabus of the concerned course is sent to an external examiner, who prepares the question papers. For practical, the examination is conducted by the course instructor(s) and one teacher nominated by the HOD. The answer books of end term theory exams are evaluated by external examiners nominated by the Hon'ble Vice Chancellor, CAU.A Ten-point grading system is adopted with minimum Grade Point Average (GPA) of 5.00 for passing a subject and Overall Grade Point Average (OGPA) of 5.50 for obtaining the degree.

Post-graduatedegreeprogramme

A student admitted for Master's and Ph.D. programmes in the college shall complete aminimum of 55 credits and 75 credits, respectively, to be eligible for the award of thedegree. This comprises of coursesin core, optional and supportingsubjects, seminar, researchandqualifyingexamination.

**There shall be atleast four quizzes in a course.*

Calculation of percentage of marks and Grade Point

- Marks secured in a course in theory and practical shall be multiplied by number of theory credit(s) and practical credit(s) of the course respectively and added together. This sum shall be divided by total credits (Theory + Practical) of the saidcourse to get percentage of marks, which shall be divided by 10 to obtain Grade Point (GP).

Duration of Examinations

Mid-term theory Exam –1 ½hours
End-term theory Exam –2 ½hours
End-term practical Exam–3 hours

Internal and External Components for Question Setting and Evaluation

Coursework

i) Major, Minor & Supporting Courses

- Quiz and mid-term (Question setting and evaluation) — Internal
- Final Theory (Question setting and evaluation) — External
- Final Practical — External

Comprehensivequalifyingexamination

(Separate examination for major, minor & supporting courses)

i) Questionsetting — External
ii) Evaluation — Internal
iii) Viva-voceExamination — External (With Advisory Committee)

Thesis

S. No.	Particulars	Master's Programme	Doctoral Programme
1	Submission	After thesis seminar and submission of manuscript for one research paper	a.Afterthesisseminar **b. One research paper should have been accepted and second submitted or one application for patent filed outof thesis work.**

2	Evaluation	One external examiner	Two external examiners
3	VivaVoce	External (with Advisory Committee)	External (with Advisory Committee)

Evaluation of seminar

The student shall present the seminar in the last one or two weeks of the semester before the audience comprising the Head of Department, Advisory Committee members and all the teaching staff and the PG students of the department in which the student is majoring his study.

The performance of the student in the seminar shall be evaluated by the CourseIn-chargebased on the followingnorms:

i)	Coverage of literature on the aspects of topic & submission of write-up	25
ii)	Mode of presentation	25
iii)	Use of audio visual aids	25
iv)	Ability to answer the questions	25

Qualifying Examination

Written Comprehensive Qualifying Examination

a) After completion of 75 percent of course work requirement separately inmajor and minor subjects and on completion of minimum two semesters, the student shall be eligible to appear in the comprehensive qualifying examination. The qualifying examination shall be conducted as per the extant rules

b) The written comprehensive examination shall be of two papers, one for major and the other for minor and supporting courses.

c) The question papers for the written examination shall be set externally and evaluated internally by the concerned teacher.

d) A student shall score a minimum of 60 percent marks (separately in Paper-I and II) to qualify the Comprehensive Qualifying Examination.

Qualifying Viva-voce examination

i) On successful completion of the comprehensive qualifying written examination by scoring a minimum of 60 per cent marks, the student(s) shall be eligible for the comprehensive qualifying viva-voce examination, which shall be conducted by the Advisory Committee of the concerned student alongwith an External Examiner.

ii) The performance of the student(s) in the qualifying viva-voce examinationshall be graded as “Satisfactory” or “Unsatisfactory”. The Examination Committee may point out deficiencies, if any, in student‟s performance inany course(s) with specific recommendations to overcome deficiencies.The Examination Committee shall also recommend whether the student shall be re-examined for viva-voce in case the result is“Unsatisfactory”.

iii) A student failing in the comprehensive qualifying written/viva-voce examination shall apply to the Dean through his/her Chairperson for permission to appear the failed examination again. Re-examination shall be held after a period of three months from the date of the first examination and a student can avail two chances including the first re-examination. A student, if becomes unsuccessful for the third time he/she shall be debarred from studentship and shall not be eligible for the degree.

Thesis Examination:

Thesis Evaluation

The thesis submitted by a student shall be evaluated by 1 (one) External Examiner (Master‟s Degree Programme) 2(two) External Examiner (Ph.D. Degree Programme), specialized in student‟s major field of study.The External Examiner(s) shall be required to send the report(s) to the Dean of the College with his/her/their opinion on the overall standard ofthe thesis clearly indicating whether it shall be accepted for award of Master‟ /Ph.D Degree of the student. In case the External Examiner(s) suggest som ecorrection and modifications, his/her/their detailed comments shall be endorsed to the student‟s Chairperson who shall instruct the student to bring out necessary corrections and modifications in the light of the examiner suggestions and resubmit the thesis for re-evaluation by the concerned examiner(s).

ThesisViva-voceexamination

i On receiving the report with the recommendation of acceptance of thethesis for award of degree, the Chairperson shall arrange the viva-voce examination and shall take into account the suggestions of the External Examiner, if any, and the Chairperson shall give a certificate to the effect that necessary corrections/modifications have been made by the student as per suggestion of the External Examiner. The results of the viva-voce examination in the prescribed format, duly signed by all the members ofthe Advisory Committee and the External Examiner shall be forwarded to the Dean of the College through theHead of theDepartment.

ii Upon completion of the viva-voce examination the student shall submitfour hardbound copies and one soft copy of the thesis to the Advisor.Unless final thesis copies are submitted, the results of the concerned student shall not be declared.

iii In case the student’s performance in the viva-voce examination is unsatisfactory, he/she shall appear the examination again after a period ofone month. For the repeat examination the student shall deposit the re-examination fee and apply to the Dean through the Chairperson seeking permission for he repeat examination.

Grading System

Undergraduate Programme

Degree	Percentage of Marks Obtained	Conversion into Points
B.Sc. (Hons.) Agriculture	100	10 Points
	90 to <100	9 to <10
	80 to <90	8 to <9
	70 to <80	7 to <8
	60 to <70	6 to <7
	50 to <60	5 to <6
	<50 (Fail)	<5

	Example 80.76	8.076
	43.60	4.360
	72.50 (but shortage in attendance)	Fail (1 point)
M.Sc. (Ag.)	100	10 Points
	90 to <100	9 to <10
	80 to <90	8 to <9
	70 to <80	7 to <8
	60 to <70	6 to <7
	50 to <60	5 to <6
	<50 (Fail)	<5
	Example 80.76	8.076
	43.60	4.360
	72.50 (but shortage in attendance)	Fail (1 point)
Ph.D.	100	10 Points
	90 to <100	9 to <10
	80 to <90	8 to <9
	70 to <80	7 to <8
	60 to <70	6 to <7
	50 to <60	5 to <6
	<50 (Fail)	<5
	Example 80.76	8.076
	43.60	4.360
	72.50 (but shortage in attendance)	Fail (1 point)

The following ranking pattern is adopted to award the degrees:

OGPA	**Division**
5.000-5.999	Pass
6.000-6.999	II division
7.000-7.999	I division
8.000 and above	I division with distinction

GPA, CGPA and OGPA are calculated as follows:

GPA	=	Total points scored / Total credits (for 1 semester)
CGPA	=	∑ Total points scored / Course credits
OGPA	=	∑ Total points scored (after excluding failure points)/ Course credits
Percentage of Marks	=	OGPA × 100/10

Detentionof students

i) A student securing less than 6.00/10.00 GPA/CGPA at the end of anysemester shall not be allowed to go to the next semester till he/she clears the semester.

ii) A student securing CGPA of 6.00/10.00 or more but having "F" grade in more than two courses in a semester.

iii) A student falling short of attendance and unable to clear the semester shall be detained.

iv) A student on academic probation if fails to secure 60% or more marks both in theory and practical section in special examination shall be detained.

6.5.4.6. NCC/NSS/RVC Units

NSS cell has existed in the college of Agriculture, CAU, Iroisemba. All the 1st B.Sc students are NSS volunteers and it is one of the credit courses in the first semester. During the NSS period students are involved in different activities. A brief report has given below:

A Coordinator is the incharge of NSS Cell. All the NSS activities are organised under the guidance of the coordinator. During the NSS period students are engaged in two types of activities i.e. Regular and Special programmes.

Activities are:

- Cleaning
- Plantation
- Observation of National important days
- Training on First Aid
- Training on Vermi-compost pit preparation
- Surveyed to find out Socio-economic status and different issues related with health, hygiene sanitation conditions of the selected village.

Volunteers presents awareness programmes to the village or local people and school students of such issues as social problems like nutrition related problems, traffic rules, consumer education, environment and cleanliness through Skit play, Poster, Chart and model display.

FNSS Social service

NSS Social service

6.5.4.7. Language Laboratory

The language lab was set up with the main objective of helping the students, especially the UG students, of the college to become efficient communicators and encourage them to become dynamic individuals. So, the courses offered are not focused only on English but includes foreign language as well. So far, the courses conducted using this facility include a) Communicative Skills and Personality Development course: Basic and Intermediary Level, b) Remedial Course and c) French language course. The Language Instructor (Reena Ashem, PhD in Linguistics, IIT Delhi) is in charge of overseeing and teaching the course of Communication skills and Personality development course while Dr. K. Maheshwari (PhD in English, Guwahati University), Assistant Professor of English, Department of Basic Science handles the Remedial course as well as co-ordinates the French language course. Workshops, trainings and talks on Communication and Soft skills has also been

conducted utilizing this facility in addition to the above mentioned regular courses. Some of the major events conducted are "Workshop on Soft Skills" conducted by Mr. Kushal Raut, Director, CommuniCare, Pune on 1st, 2nd, 3rd and 5th October, 2020 and "Training on Communication Skills, Soft Skills and Entrepreneurial Skills" conducted by Skills World Overseas Point, Manipur during 22nd to 24th March, 2021. The lab is equipped with 31 computer systems (i5) which are pre-installed with language software (SANAKO) and backed up with 15 KVA UPS, 30 revolving chairs as well as a projector and screen. Each of the computer is connected with a high speed internet connection and are attached with a headphone that has microphone as well. To warrant a somewhat secluded space that will help the students concentrate better, each and every system is placed inside a half cabin space. The lab was designed with a specific aim of ensuring balance between the use of technology and human interaction within the lab. To elaborate, all the computer systems are placed against three walls of the lab which helps to create a big open space in the middle of the room where interaction between the students takes place with skits performance, presentation and so on. The overall functioning of the language lab takes place under the supervision of Dr. K. Maheshwari.

6.5.4.8. Cultural Center

The College has no specific cultural centre but Students' Cultural secretaries are selected every year. Students can practice any kind of cultural performance in the college Auditorium after taking permission from the competent authority. The College regularly organizes cultural activities like Annual college week. Cent percent of the students encouraged to participate in the programme. Students participated in singing, dancing, mime, drama, rangoli, collage work, poster making and many more cultural events. Students also encouraged to participate in the district level, Intercollegiate and Inter University level competitions.

6.5.4.9. Personality Development

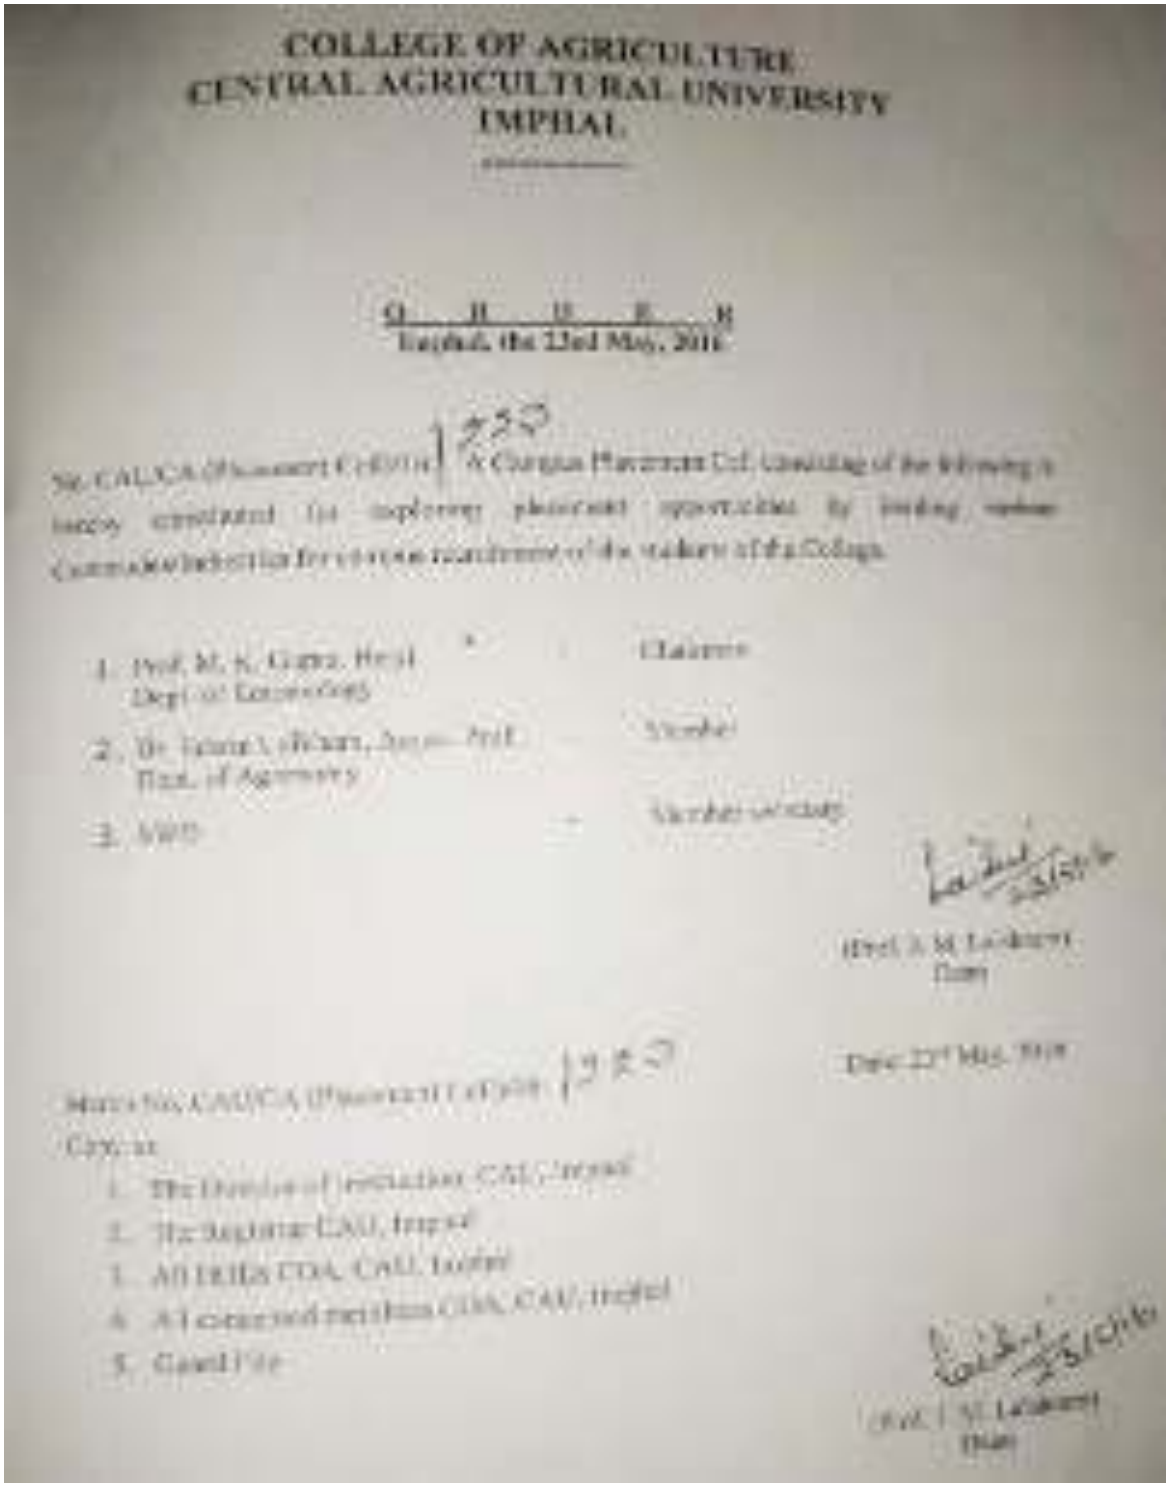
As part of the Communicative Skills and Personality development course offered to the students of the college under the NAHEP-IDP program, multiple topics on Personality development have been taught. Some of the topics taught in this line are Interview Skills, Self Introduction Manner, Presentation skills, Conversation Turn-Taking, Information Taking Skills and Request/Need-Based Conversation. In addition to the regular classes covered by the Language Instructor, multiple talks on Personality Development have also been conducted under the NAHEP-IDP project. For this, experienced individuals as well as established academician were invited speaker of the talks. The details of some of the talks organized for students are as follows:

S. No.	Theme	Title of Talks	Speaker and Designation	Date	Participants
1.	Computer Skills for students	Power using MS-Word and MS-Excel	Prof. EVD Sastry, Department of PBG, College of Agriculture, CAU, Imphal	8th August 2018	UG/PG/Ph.D. students
2.	SWOT Training for students	Same as theme title	Variable speakers	4th May 2019	4th Year UG Students
3.	Soft Skills and Personality Development	Getting Ready for Interview	Dr VK Khanna, Ex-Professor and Chairman, CPGSAS, CAU, Umiam	18th September 2020	UG/PG/Ph.D. students
		Personality and Attitude	Dr VK Khanna, Ex-Professor and Chairman, CPGSAS, CAU, Umiam	19th September 2020	UG/PG/Ph.D. students

4.	Leadership skills	Opportunities and Experiences of studying in foreign countries	Dr. Suchismita Raha, Gyeongsang National University, Republic of Korea	10th Jan 2020	UG/PG/Ph.D. students
		Experiences of studying aboard	Puyam Tondonba Singh, PhD Scholar, National Taiwan University, Taiwan	4th September 2020	UG/PG/Ph.D. students

Placement Cell of College of Agriculture, CAU, Imphal

The College has constituted a Placement Cell with the following details:



COLLEGE OF AGRICULTURE
CENTRAL AGRICULTURAL UNIVERSITY
IMPHAL

O R D E R

PG Girls' Hostel (presently occupying Farmers' Hostel)

A. Facilities provided:

i. 19 rooms (12 rooms with attached bathroom, 1 common bathroom at ground floor)
ii. One Dining Hall
iii. One kitchen
iv. One Washing machine, 7.2 kg
v. One Sony TV
vi. One refrigerator (not working condition)
vii. Wi-Fi connection
viii. One Treadmill (manual)
ix. One Water cooler
x. One Sanitary pad dispenser
xii. One Sanitary pad incinerator

B. Furniture items:

i. Bed (61 nos.)
ii. Table (53 nos.)
iii. Almirah (24 nos.)
iv. Chair (47 nos.)
v. Dining table (2 nos.)

6.5.5.2. Examination hall

The college has an assembly hall on top floor of Academic Block – I which is now utilized as examination hall. It has a seating capacity of 65-70 students. Recently under the NAHEP project the hall has be partitioned to create a smart classroom and separate hall used for conduct of examination. Due to large number of students the classrooms (4 No.s) at Academic Block – I are also used as examination halls for mid-term and end-term examinations.

6.5.5.3. Sports and Recreation Facilities

Sports and recreation facilities

Indoor sports facilities: Table Tennis board, Badminton, Volleyball, Carom, Chess.

Outdoor sports facilities: Play ground, Javelin, Discus, Shotput, Long jump, Triple jump.

GYMNASIUM

The College of Agriculture, Central Agricultural University provides Gym facility to the students of the College of Agriculture, CAU Imphal. The Gym is located inside the Gymnasium, students are doing gym activities both in morning and evening session and it was guide by a gym instructor. The Gymnasium is also provided with Badminton court, Table Tennis facility. Sometime yoga classes are also performed in this hall. During the Annual college week and inter class competition various indoor games were played inside the gymnasium.

6.5.5.5. Exhibition Hall/Museum

The Agriculture technology and information center (ATIC) of the College of Agriculture had a museum cum exhibition hall. ATIC is a single window support system lining the various units of a research institution with intermediary

users and end users (farmers) in decision making and problem solving exercise. In this hall various achievement of the college were displayed. Visitor (Farmers, entrepreneurs, extension worker, NGOs and other private sector organization) can get farm worthy techniques/ technologies/ knowledge materials that had developed by our college. This also provides information through published literature, banner and communication materials as well as audio-visual aids. Sometime seeds and planting materials were also given to farmers and other organization for taking up the frontier technologies to the field. A museum is also present in the department of agriculture engineering college of agriculture which displayed different equipment or materials of agricultural engineering.

Displaying various farm products and technology (ATIC)

Varieties of Seed were displayed in ATIC

6.5.6.2. Research Contingency

The College of Agriculture is presently offering only one under graduate programme in Agriculture, PG programme in eight departments and Ph.D. programme in five departments. The funds received from CAU and externally funded schemes are used for conducting undergraduate educational activities, especially for practical classes, wherever applicable. Adequate funds are available for meeting the recurring expenses incurred during the education programme. The year wise funds received for various education related activities are distributed among the departments by the Dean office depending on need and proper justification.

6.5.7. Outcome/Output

The College of Agriculture takes paramount interest in the performance of its students in the field of studies, sports, other extracurricular activities, employment and career growth. Alumni of the University are regularly consulted to get feedbacks on employment, performance in competitive exams, job selection process etc. Regular interactive talks are arranged between alumni and students so that students can get insights on different exams and personal interviews.

6.5.7.4. Employability

The Placement Cell under the Student Welfare Cell of College of Agriculture also look after the students of the College of Agriculture. The students are provided with ample opportunity enabling them to develop their overall personality. The Faculty of Language guides the students regarding preparation and updating resumes and biodata for the students. Interaction sessions organized for the personality development by inviting motivators, social worker, and entrepreneur inspire our students to be more employable. The college is regularly organising sufficient co-curricular and extracurricular activities for the students making them physically fit enough to take up any job challenges. The engagement of students in the READY Program- RAWE, KVK and Village attachment provide ample exposure enabling them to face real life situation on placement. Exposure visit of students to Agro-based industries, tea factories, nurseries, artisans, banks and financial institutions help them understand the expectation of the industries. Interaction sessions with Subject Matter Specialists of KVKs motivated the students with the aspiration towards agri-professionals. An excellent opportunity is given to the students through ELP of the course curricula that enable them to take up their economically viable agri-preneurship such as commercial nurseries, agri-clinic agri-business centre (ACABC) under GoI initiative, primary processing units, agri start-ups etc. The degree program nurtures a student with the knowledge and skills that will help them to manage agri-entrepreneurship, to conduct research, work in agricultural field, conduct field surveys and manage different areas of farming practices. Alumni of the college are invited to guide the students of the college to share various scopes available after the UG and higher studies in their courses.

6.5.8. SSR of the College must have the SSR of all its Degree Programmes (following section 6.4), then the report of the Colleges shall be considered

6.5.9. Certificate (Applicable when SSR is submitted for Programmes& College)

I, the **Dean College of Agriculture, Iroisemba, Imphal, Manipur** hereby certify that the information contained in Sections 6.4 and Section 6.5.1 to 6.5.7.4 are furnished as per the records available in the college and degree awarding university.

Signature of the Dean of the college with Date & Seal

6.4.1. Brief History of the Degree Programme:

The College of Agriculture, Central Agricultural University, Iroisemba, Imphal was established as first constituent College of Central Agricultural University, Imphal after taking over the erstwhile Manipur Agricultural College affiliated to Manipur University on 22nd November, 1993. The College is situated in an extensive area of Iroisemba at a distance of about 6 km from the Imphal city. The college campus sprawls in an area of 94 acres (approx.) surrounded by Langol hills to its western and northern sides and Lamphelpat and Iroisemba village in the eastern and southern side respectively.

Goals and Objectives

College of Agriculture, CAU, Iroisemba, Imphal is a nationally renowned, premier institution for teaching, research and extension programmes in the field of agriculture, which is serving the farming community, extension functionaries of state governments, entrepreneurs and policy makers in the state and the north eastern region of the country.

Goals

- To create an intellectually stimulating campus environment.
- Act as a hub of technological base and train workforce for supporting agriculture and allied activities in the NE states.
- To plan and implement the strategies and programmes to achieve excellence in UG, PG and Ph.D agriculture education, need based research and extension activities, reinforcing one another.

Objectives

- To train and develop outstanding personnel in agriculture leading to B.Sc. (Hons.)Agriculture graduates, M.Sc. (Ag.) graduates and Ph.D. scholars so as to keep pace with latest developments in the field.
- To develop improved technologies for various agri/horticultural crops with respect to crop improvement, production, protection, post-harvest management and marketing.
- To disseminate the improved technology to the farming community.
- To share the technological knowhow among extension functionaries, line department officials of state government of NE states through various outreach activities.

Since, its inception of the College of Agriculture, CAU, Imphal has established a robust networking throughout the North Eastern Region, National and other International organizations to cater the emerging issues of the Agriculture and allied sectors of NE Region of India. Thus, **College has the following major missions and mandates:**

1. To forge ahead in teaching, research and extension services in Agriculture and its allied sciences.
2. The College intends to strengthen contemporary knowledge of the Agricultural science to develop a strong and efficient work force that would cater the needs of the rural areas in particular and the society. To strengthen this, College under CAU, Imphal is determined to employ highly qualified faculties and assigning target to develop human resources, innovative and need based technologies and their dissemination to serve the rural masses especially farming community of this remote region having rich biodiversity, diverse traditional knowledge and unexplored flora and fauna of nutritional significance.

The College since its establishment has continuously strived to impart Education, Research and Extension activities in the field of agriculture and its allied subjects in the North Eastern Hill Region. Students from the North Eastern States viz., (a) Manipur, (b) Mizoram, (c) Meghalaya, (d) Arunachal Pradesh, (e) Tripura, (f)Nagaland and (g) Sikkim are admitted in the college. In addition to this, students from other parts of the country are also admitted through ICAR quota in both Undergraduate and Postgraduate courses. Admissions under Undergraduate courses are also given under the Higher

Fee category. Eight departments of the college offers M.Sc. (Ag) programme. Further, the Ph.D. program in five departments of the College admit students based on entrance test.

6.4.2.Faculty Strength:

The faculty strength of the Degree Programme is given cadre-wise, both sanctioned and in-place in the table given below

S. No.	Faculty	Sanctioned Faculty	Faculty in place	Vacant position	Faculty recommended by The ICAR/ UGC/ VCI/ other regulatory bodies

77.	Digital Light Meter Model HTC LX-103	Working
78.	Gas Set	Working
79.	Plastic Desiccator	Working
80.	Soil Moisture Meter Model KS-D1 DELMHORST INST.CO.	Working

6.4.5. Conduct of Practical and Hands-on-Training:

It is important to have a sound grasp of the theory that underlies any professional degree. But there are some skills that can only be learned through hands-on-practice. It is important that much of the learning material in any given course should be provided in a way that allows students to get as involved as possible to increase their knowledge and abilities. Clearly mention how far students are getting desired practical and hands-on-training as per the curriculum and meeting above mentioned requirements.

Details of Agricultural Tools and Implements

Sl. No.	Name of tools & Implements	Number	Status of equipment
1	Hedge Cutter	1	Working
2	Lawn Mover	1	Working
3	Ladder	1	Working
4	Cutting Knife	15	Working

Details of Implements, Farm Infrastructure and facilities

Sl. No.	Name of Implements at Farm Infrastructure	Number	Status of equipment
1.	Tractor	02	Working
2.	Disc harrow	01	Working
3.	Cultivator	01	Working
4.	Rotavator	01	Working
5.	MB plough	01	Working
6.	Four-wheel trolley	01	Working
7.	Power tiller	01	Working
8.	Storehouse	01	Working
9.	Implement shade	02	Working
10.	Green Net Shade	02	Working

The details information regarding how far students are getting desired practical and hands-on-training as per the curriculum and meeting above mentioned requirements area sunder

Level	Practical Class Rooms	No. of students getting hands-on-training	Courses as per Vth Dean's Committee	Practical Classes
UG	07	370	All Courses of UG	All the students of each session is divided in two split batches and practical conducted as per syllabus

Class-wise average number of students in theory and practical classes

Name of the Degree Programme	Class	Batch of Students in theory class	Batch of Students in practical class
B.Sc.(Agri.) Hons	B.Sc.(Agri.) Hons IV year	78	39
	B.Sc.(Agri.) Hons III year	85	43
	B.Sc.(Agri.) Hons II year	94	47
	B.Sc.(Agri.) Hons I year	113* (05 students are yet to join the campus after lockdown due to COVID-19 pandemic	54
Total UG Students		**370**	

6.4.6. Supervision of students in PG/PhD programmes: Number of students being supervised by Faculty in case of Masters/Ph.D Programme (as per ICAR/UGC guidelines). Mention the realistic figure number of qualified faculty in relation to the intake of students, as per the guidelines in the matter.

(NOT APPLICALBE FOR UG PROGRAMME)

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.):

Mention the feedback mechanism (duly supported by the documents) from different stakeholders of the degree programme. What action the University has taken in last five years to address the issues raised in the feed back?

Feedbacks to teaching, training and extension activities have always been collected from respective stakeholders.

a) Students' corners: The college organizes a one day awareness programme for the newly admitted students to make them aware about the college, its education system, anti-ragging acts, andother rules and regulations of the academic at the initial stage of start of every academic session. All the faculty member of college, all hostel wardens, Student welfare officer, Medical unit staff, are compulsorily present during the programme to explain their parts and roles in the college.

b) Orientation Programme: Programmes are always being organized for the betterment of farming and rural youth. Farmers are also motivated by giving them farmers awards.

Couples of feedbacks from students received are presented below as sample:

College of Agriculture
Central Agricultural University, Imphal, Manipur

STUDENT FEEDBACK FORM

1. Name of the student: Rom Prasad Singh
2. Admission No.: 14A-1391
3. Academic Year: 2021-23
4. Name of programme studied: M.Sc. Ag (Horticulture)
5. Designation: Student
6. Mobile No: - 8132462775

6.4.8. Student intake and attrition in the programme for last five years: Year wise information on sanctioned strength, actual intake and attrition in the last five years of the Degree Programme, in the tabular form, shall be provided.

Name of the Degree Programme	Actual student admitted in last five years					Attrition (%)				
	(16-17)	(17-18)	(18-19)	(19-20)	(20-21)	(16-17)	(17-18)	(18-19)	(19-20)	(20-21)
B.Sc. (Ag) Hons	82	94	103	95	113	nil	nil	8.8.73 (09 student)	1.05 (01 student)	15.92 (18 students)

6.4.9. ICT Application in Curricula Delivery: The ICT is now integral part of the teaching programme. ICAR has also been promoting the use of ICT in teaching and practical. Mention whether the Degree Programme is meeting the expectations. If there is any shortfall, it shall be clearly mentioned.

The College has two computer centers at Academic Block – I and II. At present, there are 32 computers in computer labs with printer facility and internet wi-fi facility. The departments are also provided with computers and teaching aids. Faculties are well versed with tools of ICT and therefore they incorporate video, photos and tutorial for easy and clear cut understanding of teaching syllabus. Faculties have developed their online test system to provide real atmosphere of quality examination using tools like Google Form, Google Meet, Zoom etc.

6.4.10. The information pertaining to 6.4.1to 6.4.9 shall be provided for each one of UG, PG and PhD Degree Programmes, separately, and to be presented College-wise.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificate (Applicable when SSR is submitted for Programme)

I, the Dean College of Agriculture, Central Agricultural University, Iroisemba, Imphal, Manipur hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date &Seal

SSR REPORT OF DEPARTMENT OF AGRICULTURAL ECONOMICS

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1 Brief History of the Degree Programme

Background information

The department has started in the year 2003-04 with admission of 2 students and till date total 29 students have received the MSc degree in Agricultural Economics. The objective of the Department is, to become a centre of excellence in teaching, research and extension education in the discipline of Agricultural Economics. The Department envisages in supplying human resources to the north eastern as well as other states of India and provides solution to different economic issues vis-à-vis agriculture which helps the farmers of the north eastern region and policy makers. The Department offers courses to BSc (Ag) and MSc (Ag) Students. The department admits students from ICAR-JRF and CAU entrance examination. The MSc students receive NTS as well as University merit scholarship.

The mission, vision, mandate, goal objectives and thrust areas of the Department is given below.

Mission

i) To create manpower in area of specialization to Agricultural Economics

ii) To achieve sustainable socio-economic development of the farming community

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Agricultural Economics.
- Survey and suggest suitable measure for socio-economic development of farmers.

Thrust Areas

With respect to human resource development, research and extension education activities the College has setup following thrust areas

i) Human Resource Development

Human resource development in the discipline of Agricultural Economics

ii) Research

- Economics of natural resources, animal products and impact studies of Covid-19 Pandemic and ICTs
- Reforms in Agricultural Policies and gender equity, finance, livelihood security through agriculture & allied sectors
- Value chain of Agri and allied products and Rural Development
- Organic Food business and its potential analysis in domestic and international markets.
- Economic Valuation of Organic Farming, Rural Tourism and indigenous agri and allied products in North East Hill Regions of India
- Economic analysis of different successful models like; kiwi cultivation, *Jebo*, *apatani*, rubber plantation, *jhum*, and CAU R1
- Studies on jhum and implications of climate change on jhuming including the applicability of adoption of climate resilient and climate smart technology in which researcher may consider the economies and diseconomies of scale
- As the region is highly deficit in infrastructural aspects therefore, studies on infrastructural changes especially in agricultural sector of the region need to study
- District level cluster wise cropping pattern optimization plan should be developed for next 5-

10 years

M. Sc. Degree Programme

The Department of Agricultural Economics is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Agricultural Economics is engaged in teaching of the B.Sc. (Agri) students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on M.Sc. (Agri), Agricultural Economics started with admission of students from ICAR-JRF and as well by CAU entrance examination.

Department of Agricultural Economics

The mission of the Agricultural Economics Department of COA, Iroisemba to be a centre of excellence in teaching and research in the discipline so as to suggest suitable policy measures in NEH region.

With the help of two permanent and two guest faculty and one Faculty from headquarters the Department is contributing for the running of B.Sc. (Agriculture) and M.Sc. (Agricultural Economics) programme. The M.Sc. (Agri) students are getting the following scholarships & Fellowships.

Scholarships & Fellowships

- ICAR-JRF including NTS - CAU
- University fellowship

* temporary

6.4.4. CLASSROOMS & LABORATORY

PG Class room: 1 in number which is sufficient to complete course curricula as the PG student strength is only 7 per batch. The room is also used for different seminars.

PG Lab: The department has at present one PG Economics Laboratory. The lab is equipped with furniture, and 7 computers with UPS. The students use R, GRETL softwares in the laboratory. The laboratory facility is sufficient for PG students. The department also uses the common computer lab facility for using SAS, SPSS etc.

Number of M.Sc. student qualified SRF during the last 5(five) years (2016-2020)

Sl. No.	Name of the student	ARS /JRF / SRF	Year
1	Mr. O. Krishnadas Singh 37A-17(M) **/ U-17-MN-01-002-M-A-664**	ICAR SRF qualified with Fellowship at PAU, Ludhiana	2019

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. The PG students are given hands on training using laptops. Emphasis is given on imparting training on how to handle statistical tools and develop problem solving capabilities. The practical notebook is filled up in the practical class itself and signed by the teacher so as to reduce the burden of students.

Average number of students in theory and practical classes

S. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical
1.	M.Sc. (Agricultural Economics)	1	1

6.4.6 SUPERVISION OF STUDENTS IN M.Sc. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding MSc students in the area of Agricultural Economics. The names of the faculties who are entitled to guide MSc students are given below along with the number of students guided and currently guiding. The

university norms for becoming a research guide is followed to allow a faculty to guide a student.

S. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided		No. of students guiding	
					MSc	PhD	MSc	PhD
1)	Y Chakrabarty Singh	Professor	Ph.D.	32 years	15	-	3	-
2)	SM Feroze	Assoc. Professor	PhD	10 years	12	2	2	-
3)	S. Basanta Singh	DI*, CAU	Ph.D.	28 years	2	0	1	-
4)	Rishikanta Singh	Senior Scientist	Ph D	10 Years	2	0	1	-

* DI =Director of Instruction

Number, name and thesis title of MSc (Ag) Agricultural Economics in last five years

S.No.	Name	Year		Title	Supervisor
1	Mr. H. Lalnunsanga 49(A)-16M / CAU/327-A/16(M)	2016-17	Nov. 2018	Economics of Pig Production and Marketing in Imphal West District of Manipur	Dr. Y. Chakrabarty Singh
2	A. Elavarson 5A-17(M) / 1-17-MN-01-002-M-A-634	2017-18	June 2019	Economics of Winter Vegetables Marketing in Bishnupur District of Manipur	Dr. Y. Chakrabarty Singh
3	O. Krishnadas Singh 37A-17(M) / U-17-MN-01-002-M-A-664	2017-18	June 2019	Economics of Milk production and Marketing in Thoubal District of Manipur	Dr. Y. Chakrabarty Singh

5	Kenjit Tongbram 32(A)-18M	2018-19	Cont.	Production and marketing of French Bean in Bishnupur district of Manipur - An economic analysis.	Dr. Y. Chakrabarty Singh
6	Sushnim Golay 40A-18(M)	2018-19	2021	Production and marketing of organic large Cardamom in Sikkim - An economic analysis.	Dr. S. Basanta Singh
7	H. Gayathri 48A-18(M)	2018-19	2021	Economics of production of Rapeseed and Mustard in Imphal West district of Manipur.	Dr. Y. Chakrabarty Singh

6.4.7 FEED BACK OF STAKE HOLDERS

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem. Six monthly student-teacher interactions are held specifically to understand the issues related to student. After each semester our students and parents give their feedbacks. Some of them are given below

6.4.8 STUDENT INTAKE AND ATTRITION IN THE PROGRAMMEFOR LAST FIVE YEARS

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection. All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc. of students. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

The teachers use PPTs in delivery of lectures. The students are taught the use of different statistical softwares like SPSS, EVIEWS etc for completing their curricula.

6.4.10 The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* M.Sc. (Agri) in Agricultural Economics of College of Agriculture, Iroisemba, Manipur is correctly.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date &Seal

M.SC. (Ag) PROGRAMME IN AGRONOMY

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1Brief History of the Degree Programme

Back ground information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region blessed with abundant natural resources and to address to the issues of shortage of trained human resource in Agronomy, the than Manipur Agriculture College was upgraded to College of Agriculture, under Central Agricultural University (CAU) by an act of parliament in 1993. The first batch of PhD programme was started in the year 2015 with admission of two students, one is from ICAR-SRF and another is from CAU entrance examination.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

To be the centre of excellence in teaching, research and extension activities in the discipline of Agronomy for increasing the productivity and quality of crop and maintaining the soil health.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Agronomy.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has set up following thrust areas;

i) Human Resource Development

Human resource development in the discipline of Agronomy.

ii) Research

- Development of suitable Agro-techniques for different crops to increase the production,quality and income
- Suitable technology for organic farming of selected crops like aromatic black aromatic rice.
- Alternative/ improve system in Jhum cultivation
- Development of suitable cropping system which are remunerative and eco-friendly

iii) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved Agro- techniques for higher productivity and profitability to the farming community of the region.

M.Sc . Degree Programme

Agronomy is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Agronomy is engaged in teaching of graduate, Post-graduate and Ph.D students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. M.Sc in Agronomy started since inception of the Central Agricultural University in 1993 with the admission of students from ICAR-JRF as well as by CAU entrance examination during the last five years.

Department of Agronomy

The mission of the Agronomy Department of COA, Imphal to be a centre of excellence in teaching, research and extension education in the discipline of weed management, water management, nutrient management of different field crops, cropping system, organic farming with special reference to NEH region.

Statistics of M.Sc. (Agronomy) degree programe (2015-16 to 2020-21)

Year of Admission	Admitted			Dropped			Passed			Remarks
	Boys	Girls	Total	Boys	Girls	Total	Boys	Girls	Total	
2015-16	3	3	6							All Completed
2016-17	2	4	6							All Completed
2017-18	3	3	6	-	-	-	-	-	-	All Completed except 1
2018-19	3	5	8	-	-	-	-	-	-	All Completed except 1
2019-20	4	2	6	-	-	-	-	-	-	Yet to complete
2020-21	1	2	3	-	-	-	-	-	-	Yet to complete
Total	16	19	35	-	-	-	10	14	24	

6.4.2. FACULTY STRENGTH

At the Department of Agronomy, College of Agriculture, Imphal the following Faculty members/Scientists and staffs are associated in teaching and guiding the students of B.Sc(Ag), M.Sc (Ag) and Ph.D level courses during 2015-2020.

Faculty	Number	Permanent	On contract/ from other sister organizations/guest	Faculties involved in teaching of M.Sc Agronomy
Professor	4	4	-	4
Associate Professor	1	1	-	1
Assistant Professor	1	1	-	1

**All the faculty were assigned the responsibility for the multiple programme (Bachelor level, PG level and Ph.D Levels)*

Information regarding the designation and qualification of various faculty members are given below

Information regarding faculties teaching and guiding M.Sc.(Agronomy) programme

Classification of Courses	Title of Course	Faculty	Qualification
Major Subject	Modern concept in crop production	Dr. M Sumarjit Singh, Prof Dr K. Nandini Devi, Prof	Ph.D
	Principles and practices of soil fertility and nutrient management	Dr. M Sumarjit Singh,Prof. Dr K. Nandini Devi, Prof	Ph.D
	Principles and practices of weed management	Dr K. Nandini Devi, Prof Dr L. Nabachandra Singh,Prof.	Ph.D

	Principles and practices of water management	Dr. Edwin Luikham,Prof. . Dr K. Nandini Devi, Prof	Ph.D
	Agronomy of major cereals and pulses	Dr L. Nabachandra Singh,Prof Dr. J. Lhungdim, Asst Prof	Ph.D
	Agronomy of oilseed, fibre and sugar crops	Dr. Edwin Luikham,Prof. Dr. J. Lhungdim, Asst Prof.	Ph.D
	Principles and practices of organic farming	Dr. M Sumarjit Singh,Prof Dr. Edwin Luikham,Prof.	
Minor Subject	Soil erosion and conservation	Dr. A. Herojit Singh, Prof	Ph.D
	Soil water and air pollution	Dr. A. Herojit Singh, Prof	Ph.D
	Management of problematic soils and water	Dr N. Surbala Devi	Ph.D
Supporting Subjects	Statistical methods for applied sciences	Shri. N Gopimohan Singh, Assoc. Prof.	Ph.D
	Experimental designs	Dr. N. Oken Singh, Prof.	PhD
Seminar	Master's Seminar (1+0)	Dr. J. Lhungdim, Asst Prof	Ph.D
Research	Master's Research(**0+20**)	Dr Edwin Luikham, Prof. Dr L Nabachandra Singh, Prof. Dr M. Sumarjit Singh. Prof. Dr Nandini Devi. Prof. Dr. J. Lhungdim, Astt.Prof.	Ph.D Ph.D PhD PhD

6.4.3. TECHNICAL AND SUPPORTING STAFF

S. No.	Name of the post	Number
1.	Lab- cum- field Assiatant	1
2.	MTS	1

6.4.4. CLASS ROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of M Sc. (Agronomy). There are various labs which are being utilized by different UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

List of the Equipment's at Department of Agronomy, College of Agriculture, CAU(I)

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manage able number of students who are kept in one batch during Theory & Practical

S No	Name of the equipment
1.	Electronic balance
2.	water distillation set
3.	Hot air oven
4.	Mechanical shaker
5.	N-analyzer set
6.	Spectrophotometer
7.	Flame photometer
8.	pH meter
9.	BOD incubator
10.	Tensiometer
11.	Leaf area meter
12	Infra-red thermometer
13.	Luxmiter

classes to ensure better delivery of information, encourage students 'participation and active monitoring. Students conducted their practical training in Laboratory, research field of the college, visit experimental fields of other institutes.

Average number of students in theory and practical classes

Sl. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical
1.	**M.Sc.(Agronomy)**	Full strength	Full strength

A. 6.4.6 SUPERVISION OF STUDENTS IN M.SC. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding M.Sc. students in the area of Agronomy. The names of the faculties who are entitled to guide M.Sc students are given below.

S. No	Name of the faculty	Designation	Qualification	Experience	No. of students guided/guiding	
					Guided	Guiding
1)	Dr. Edwin Luikham	Professor	Ph.D.	29 years	18	4
2)	Dr. L.Nabachandra Singh	Professor	Ph.D.	31 years	21	2
3)	Dr.M.Sumarjit Singh	Professor	Ph.D.	31 years	19	2
4)	Dr. K. Nandini Devi	Professor	Ph D	16 Years	11	2
5.	Dr. J. Lhungdim	Asstt. Prof.	Ph D	12 Years	6	2

a. MSc students have completed their degree programme in the last five years

S. No.	Name & Admission No.	Thesis title
1	Aswin C 2A-15(M)	Agronomic Manipulation of Indain Mustard *(Brassica junces L.)* for Yield Optimization under Protected Irrigation of late Sown Condition
2	Nilanjana Halder 34A-15(M)	Studies on the Effect of Sowing Techniques and Seed rate on the Productivity, Economics and Energetic of Direct Seeded Rice (*Oryza satva* L.) Rainfed Medium land Condition
3	Langpei Pamei 18A-15(M)	Yield Performance of Different Summer Mung (*Vigna radiate* L.) Varieties Sown at Different Dates under Manipur Valley Condition
4	Mary Chongtham 15A-16(M)	Studies on Pea (*Pisum sativum* L.) based Intercropping System with Indian Mustard (Brassica juncea L.) on Growth, Yield an
5	Devaraja 46A-16(M)	Response of Broad Bean (*Vcia faba* L.) to Tilage and Crop Establishment Mathods in Conjunction with Nutrient Management on Growth, Yield and Economics
6	A Abel Arche 3A-16(M)	Effect of Rice Husk Mulching on the Yield of Local Variety Pea (Makhatmubi) *Pisum satvum* L.
7	Naorem Meena Devi 31A-16(M)	Influence of Phosphorus and Potassium on Growth and Yield of Black Aromatic Rice (Chak-hao)
8	Tophia Yumnam 25A-16(M)	Influence of Phosphorus on Growth and Yield of Promising Varieties of Lentil (*Lens culinaris* L. Medik)
9	T Malemnganbi 26A-16(M)	Influence of Different Doses of Pyrazosulfuron-Ethyl and Establishment methods on the Yield of lowland Rice (*Oryza sativa* L.)
10	Nurina Shahni 15A-17(M)	Studies on Different Crop Establishment Techniques and Nitrogen Management on Basmati Rice variety (*Pusa basmati* 1509)
11	Tabuiliu abonmai 14A-17(M)	Influence of Sowing Time and Integrated Nitrogen Management on Growth and Yield of local Glutinous Maize (*Zea mays* L)
12	Kamwenes Kazamba 46A-17(M)	Effect of Integrated Nitrogen Management on Yield of Potato (*Solanum tuberosum* L.) local Cultivar Alu Amubi
13	Kumar Sambhavgiri 13A-17(M)	Nitrogen Management in Direct Seeded Black Rice (*Oryza sativa* L.) Under Different Establishment Methods
14	N. Ananda kumar 25A-15(M)	Systematic approach on Agronomic research of SRI system of rice cultivation in Manipur
15	Emmanuel Sonkarlay 39A-18(M)	Influence of integrated phosphorus management on growth, yield and quality of lentil (Lens culinaris L. Medik.)
16	Mutum Dinamani 12A-17(M)	Effect of spacing and root trimming on growth, yield and economics of water mimosa (Neptunia prostrata L)
17	KPE Mounika 22A-18(M)	Resource conservation technology in pigeonpea (Cajanus cajan L. Millsp.) through tillage and mulching
18.	Thoudam Anupama Devi 19A-18(M)	Effect of chemical priming on drought tolerance and its impact on a few varieties of rice (Oryza sativa L.) under moisture stress condition.
21	Buru yalung 12A-18(M)	Effect of tillage and weed management practices on growth and yield of direct seeded rice under rainfed condition
22	Deva Daniel Anand 27A-18(M)	Effect of mulching on the performance of soyabean (Glycine max L. Merill)

23	Barnali Narayan 43A-18(M)	Influence of different nutrient management practices on the performance of rice variety CAU-R1 under different moisture regimes.
24	Bala Mani Kanta 47A-18(M)	Influence of nitrogen sources and application methods on nodulation and yield of soybean (Glycine max L. Merill)

b. List of students presently pursuing MSc (Agronomy) programme

1. Manish Pradhan, 24A-17(M)
2. Sorokhaibam Bijayalakshmi devi, 10A-18(M)
3. M. Prashant Singh, 10A-19(M)
4. N. Bhargavi Naga Kalyani, 23A-19(M)
5. M. Rabichandra Singh, 32A-19(M)
6. N. Sanatomba Singh, 33A-19(M)
7. V. Sathavahana Reddy, 40A-19(M)
8. Khomdrom Monika Devi, 55A-19(M)
9. Saithala Mounika, 2A-20(M)
10. Shandhini J, 38A-20(M)
11. Rupesh Dnyaneshwar Ganjare, 39-20(M)

d. Research project completed/ongoing during last five years

1. System approach on Agronomic research for adoption of SRI in Manipur (Funding agency- TATA TRUST)
2. Tribal sub plan project, Enhancing socio-economic status and livelihood security of tribal farmers of NEH states though Agricultural interventions (Funding agency - ICAR)
3. Identification of climate resilient food crops, traditional rice varieties of Manipur and their production enhancement through scientific manipulation having least impact to climate change. (Funding agency -DST)
4. Influence of mulching on production potential and economic of rainfed rice based cropping system in Manipur. (Funding agency - CAU)

5. Weed management study on direct seeded and transplanted rice under lowland condition of Manipur. . (Funding agency -CAU)
6. Field configuration and weed management techniques for Soybean production for enhancing socio-economic status of *Jhum* farmers of Manipur influenced by different tillage systems under rice fallow condition. (Funding agency -CAU)
7. Study on yield and economics of rapeseed-mustard as influenced by different tillage systems under rice fallow condition. (Funding agency -DST)

B. 6.4.7 FEED BACK OF STAKE HOLDERS

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem.

There was / is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.).The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures.

During Farewell of the final year students they sometimes raised the problem faced by them during their stay of four years in the college. After knowing their problems Dean and Faculty tried to implement their suggestions.

In every Semester there was a meeting of Dean with representative of Students to discuss their problems related to teaching, hostels, etc. Generally Students raised their issue which used to be discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice-Chancellor were sent to him for satisfactory solution.

CAU organized Agricultural Fair every year in various states of NEH. During these fair many parents visited these fairs. Many times parents also visited the college or talked to various officials over phone.During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions. Many times college implemented these suggestions. Every Year College also organized Technology Demonstration Mela/ Farmers 'Agriculture Fair. Many farmers of NEH region visited these Mela /Fair. During their visit interaction between various faculties and farmers were held and we got their opinion regarding various academic works, hostels and other facilities of the college.

Extension council meeting of the college and University were regularly held every year. During these meeting, progressive farmers, members of FPO, members of SHG, state government officials, entrepreneurs etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers during last five years in Agronomical aspects from various funded external as well as internal project.

The feedback received from few students are attached below:

College of Agriculture

Central Agricultural University, Imphal, Manipur

STUDENT FEEDBACK FORM

1. Name of the Student: SAITHALA MOUNIKA

2. Admission No: 2A-20(M)

3. Academic year: 2020-21

4. Name of the programme studied: M.Sc Ag(Agronomy)

5. Designation: Student

6. Mobile No: 8465901278

7. Email id: mouni.saithala@gmail.com

8. Feedback:

S.No.	Parameters	Rating
1.	Curriculum & Syllabi of the courses provide sufficient knowledge in the area of study, has good balance between theory and application and fulfilling your expectation.	**1**
2.	Usage of teaching aids and ICT in the class by faculty to facilitate teaching and give quality education	**2**
3.	Teaching quality, fairness in the assessment processes (internal evaluation, quiz, assignment ect.) and freedom to adopt new techniques/education tools.	**1**
4.	Opportunities in the college for research activities& relevance with practical / lab work	**1**
5.	Curriculum has prospects for supporting higher education career oriented/ employability.	**2**
6.	Overall learning experience.	**2**

Select your ranking on the scale of 1 to 5 for each of the above- mentioned parameters

(1-excellent, 2- very good, 3- good, 4- fair, 5- poor)

Recommended if any for course improvement:

College is having a well-equipped Computer Lab with Internet Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc of students. The college is having a system(e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including classrooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

6.4.10. The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e,* M.Sc.(Agriculture) in Agronomy of College of Agriculture, Iroisemba, Manipur is correct.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section6.4 is liable to the verification at any stage.

6.4.12. Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

M.SC. (AG) PROGRAMME IN ENTOMOLOGY

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1. Brief History of the Degree Programme

Background information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Entomology, College of Agriculture, Iroisemba, Central Agricultural University (CAU), Imphal. Initially this present Department was named as Zoology and Entomology, later on as per the ICAR-Deans committee norms, changed to Department of Entomology with teaching students of B.Sc. (Agri) and later M.Sc. (Ag), Entomology started with admission of students from ICAR-JRF and as well by CAU entrance examination.

Started M. Sc. programme: 1999

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

i) To create manpower in area of specialization to Entomology

ii) To achieve sustainable Plant Protection strategies

iii) To train farmers/ extension functionaries on Insect Pest Management

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Entomology.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has setup following thrust areas;

i) Human Resource Development

Human resource development in the discipline of Entomology.

ii) Research

- Finding the solution for the hill agriculture with conservation approach having organic base to increase production and productivity of crops by adoption/refinement/development of plant protection measures.
- Adoption/refinement/development of improved insect pest diagnosis.
- Adoption, promotion and development of improved techniques of pest management, in relation to climate change in the region.
- Adoption and promotion of use of different appropriate sustainable sources of Plant protection strategies in relation to crop specific, region specific.

iii) Extension Education

Undertaking variety of extension, education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved techniques of pest management strategies for higher productivity and profitability with reduced losses ensuring higher net returns to the farming community of the region.

M. Sc. Degree Programme

The Department of Entomology is one of the major departments under Agricultural teaching

system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Entomology is engaged in teaching of the B, Sc. (Agri) students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on M. Sc. (Agri), Entomology started in 2003 with admission of students from ICAR-JRF and as well by CAU entrance examination.

Department of Entomology

The mission of the Entomology Department of COA, Iroisemba to be a centre of excellence in teaching, research and extension education in the discipline of pest management, diagnosis, so as to reduce losses in crops in NEH region.

With the help of well-established labs including biocontrol laboratory, insecticide residue laboratory, molecular laboratory and honey bee disease diagnosis laboratory this Department is contributing for the running of B.Sc. (Agriculture), M. Sc. (Entomology) and Ph.D. (Entomology) programme. The M.Sc. (Agri) students are getting the following scholarships & Fellowships.

Scholarships & Fellowships

ICAR-JRF including NTS -CAU -University fellowship

6.4.2. FACULTY STRENGTH

At the Department of Entomology, College of Agriculture, Iroisemba the following Faculty members/Scientists and staffs are associated in teaching and guiding the students of B.Sc. (Agri), M.Sc. (Agri) and Ph.D. level courses during 2015-2020.

S. No.	Sanctioned faculty	Faculty in place	Vacant position	AICRP Scientists /Guest Faculty/ Teaching Contract
1	Professor	1	-	
2	Associate Professor	2	-	1(DDR, CAUImphal)
3	Assistant Professor	1	-	3(2Scientists-AICRP,CAU, Imphal) and 1(Scientist-ICAR asGuest Lecturer),
	Total	4	-	4

** All the faculty were assigned the responsibility for the multiple programme (Bachelor level, P.G. level and Ph. D. Levels)*

Information regarding faculties teaching and guiding M.Sc. (Entomology) programme

Classification of Courses	Title of Course	Faculty	Qualification
Major Subject	Insect Morphology	Dr. Nilima Karam (Junior Entomologist, AICRP)	Ph.D
	Insect Anatomy, Physiology and Nutrition	Smt. Th. Bina Devi, Asstt. Prof.(S.G.)	M.Sc. (Agri)
	Classification of Insects	Smt. Th. Bina Devi, Asstt. Prof. (S.G.) & Dr. K. I. Singh, Associate Professor	M.Sc. (Agri) &Ph.D.
	Principles of Integrated Pest Management	Dr. K. I. Singh, Associate Professor	Ph.D
	Pests of Field Crops	Dr. K. I. Singh, Associate Professor & Dr. Th. Robindro Singh, DDR, CAU, Imphal	Ph.D
	Techniques in Plant Protection	Smt. Th. Bina Devi, Asstt. Prof.(S.G.)	M.Sc. (Agri)
	Insect Ecology	Smt. Th. Bina Devi, AssistantProfessor (S.G.)	M.Sc. (Agri)
	Biological Control of Crop Pests & Weeds	Dr. K. I. Singh, Associate Professor	Ph.D
	Toxicology of Insecticides	Smt. Th. Bina Devi , Asstt. Pro. (S.G.) & Dr. Nilima Karam(Junior Entomologist, AICRP)	M.Sc. (Agri) &Ph.D.
Minor Subject	Plant Virology	Dr. Bireswar Sinha, Assistant Professor	Ph.D
	Principles Plant Pathology	Dr Ph Sobita Devi, Professor & Dr. Bireswar Sinha, Assistant Professor	Ph.D

	Diseases of Field and medicinal Crops	Dr. Bireswar Sinha, Assistant Professor.	Ph.D
	Principles of Plant Disease management	Dr. L. Nongdrenkhomba Singh, Associate Professor	Ph.D
Supporting Subjects	Experimental Design	Dr. N. Okendro Singh Professor	PhD
	Statistical Methods for Sciences	Dr. N. Okendro Singh Professor	PhD
Seminar	Master Seminar-I (1+0)	Dr. K. I. Singh, Associate Professor	Ph.D
Research	Master Research (**0+20**)	Dr. M.K.Gupta, Professor (Retired in 2019& Dr. K. I. Singh, Associate Professor	Ph.D

6.4.3. TECHNICAL AND SUPPORTING STAFF

Technical/ Supporting Staff of the Department of Entomology

S. No.	Name of the posts and number	Remarks
1.	Field cum Lab. Assistant-1	Looking after the laboratory, field works and PG and Ph.D. research works
2.	MTS -1	-do-
3.	Contractual labour -3	-do-
4.	Contractual SRF-3	-do-
5.	Contractual Bee Professional-1	-do-

6.4.4. CLASSROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of M. Sc. (Entomology). The smart class room facility is being also utilized by the students of M.Sc. (Entomology). There are various labs which are being utilized by various UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

Details of the Laboratory and the equipment's being used are given below:

S . No.	Name of the Laboratory
1.	UG Laboratory (consisting of microscopes, insect display box & plastic boards, dry and digital)
2.	P.G./Ph.D. (consisting of well-equipped operational lab)
3.	Bio-control-Trichogramma Laboratory (well established with equipments for Trichogramma mass production)
4.	Bio-insecticide preparation Unit (consisting of all facilities required for the uroinsecticide production)
5.	Green house (One)
6.	Net house (Two)
7.	Honey processing Unit -2 (1 for 250 litre capacity & another for 500 litre capacity
8.	Honey bee disease diagnostic Unit-One
9.	One big Training Hall
10.	Research Plot (Sufficient Research area for M.Sc. students are available)

List of the Equipment's at Department of Entomology, College of Agriculture, CAU, Imphal

S. No	Name of the equipment	Total no.
1.	Laminar Flow	02
2.	BOD Incubator	04
3.	Hot Air Oven	02
4.	Autoclave	01

Number of M. Sc student qualified SRF during the last 5(five) years (2015-2020)

S. No.	Name of the student	ARS /JRF / SRF	Year
1.	Mr. Arun Debbarma (Adm No. 40A-10(M))	ICAR SRF qualified with Fellowship at TNAU, Coimbatore & presently working as an Assistant Professor in a Private University, South India State	2015
2.	Mr. M. Vignesh (Adm No. 41A-14(M))	ICAR SRF qualified with Fellowship at UAS, Dharwad & presently working as an Assistant Professor, , SBAC & RF, Karaikudi	201**6**
3.	Chethan Kumar N (Adm No. **7A-15(M))**	ICAR SRF qualified with Fellowship	2017

Awards/ Recognition / Certificates (M.Sc. students in last five years)

Year	Name of the Student	Details of the recognition
2015	Mir. Roshna Gazmer (Adm No. 12A-12(M))	Received Rajeev Gandhi Senior Fellow and Presently working asADO, ATMA, Agri. Dept., Sikkim

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active

monitoring. Students conducted their practical training in various Laboratory, research field of the college. The M. Sc. students are time to time sent to ICAR Research Imphal centre for NE Region for various hands-on- trainings on Modern Techniques of Crop Pest Management. To impart knowledge about beekeeping, students are allowed to join the several 7 and 3 days hands-on- training programmes on "Scientific Methods of Beekeeping" organized by the Department under IBDC Project (sponsored by NBB, New Delhi) & AICRP Project on Honey Bees & Bee pollinators (sponsored by ICAR, New Delhi).

Average number of students in theory and practical classes

S. No.	Name of the degree programme	Batch of student intheory	Batch of student inpractical
1.	M.Sc. (Entomology)	Full strength	Full strength

6.4.6 SUPERVISION OF STUDENTS IN M.Sc. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding M. Sc. And Ph.D. students in the area of Entomology. The names of the faculties who are entitled to guide Ph.D students are given below. Each year given maximum 2 students per guide.

S. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided/guiding	
					M. Sc.	Ph. D
1	Smt. Th. BinaDevi	Assistant Professor (S.G.)	M.Sc.(Agri)	40 years	5	-
2	Dr.K.I.Singh	Associate Professor	Ph.D.	20 years	16	1
3	Dr. K. M. Singh	Professor	Ph.D.	20 years	6	2
4	Dr S.M. Haldhar	Associate Professor	Ph D	2 Years	1	1

Number, name and thesis title of MSc (Ag) Entomology in last five years

S. No	Thesis Title	Name of the Student
2015-16		
1	Studies on Growth, Development and Host Specificity Test of *Galerucella placida* Baly on some Polygonaceous plant	Mr. Depanker Dey
2	Effect of Gamma Radiation on the Growth and Development of Cabbage Aphid, *Brevicoryne brassicae* Linnaeus,(Homoptera:Aphidae)	Mr. Mangal Deep Singh
3	Laboratory efficacy of certain indigenous plant powders and edible oils against *Callusobrucheus chenensis* Linnaeus infesting pea grains	Mr. Kh. Julia
4	Effect of Cow Urine Decoctions of against Cabbage Aphid, Botanicals *Brevicoryne brassicae* Linnaeus,(Homoptera:Aphidae)	Miss. Konsam Linda Devi
5	Management of Thrips and Leafminer Using Eco- friendly Insecticides in Onion- crop- ecosystem of Manipur Valley	Miss Sunanda Devi Tongbram
6	Studies on Bioefficacy of New Molecular Insecticides against Major Insect Pestsof *Kharif* Rice under Manipur Agro-Climatic Conditions	Miss.A. Rajshree

2016-2017		
1	Evaluation of extracts of some fern plants against DBM, *Plutella xylostella* (Lepidoptera: Plutellidae)	Miss Murasing Jyotirnoyee
2	Studies on varietal screening and efficacy of new molecular insecticides for the management of major insect pests of *Kharif* rice- crop – ecosystem	Miss. Mukta Das
3	Laboratory Evaluation of Some Plant Oils Against *Piris brassicae* Linn. (Pieridae; Lepidoptera)	Miss. Bhowmi Madhumita
4	Cosumption and utilization of food by *Galerucella placida* Baly on some Polygonaceous plants	Mr. Rakesh Debbarma
5	Biology and Eco-friendly Management of Diamond Back Moth in Manipur Valley Agro-Climatic Conditions	Mr. M. Vignesh
2017-2018		
1	Effect of Maleic Hydrazide and Gibberellic Acid on the Biology of Melon fly, Bactrocera cucurbitae Coquilett (Diptera:Tephritidae)	Mr. Chethan Kumar N
2	Bio-efficacy of certain eco-friendly insecticides against yellow stem borer and rice leaf folder under *Kharif* Rice-crop ecosystem of Manipur valley	Mr.I.Yimjenjang Longkumer
3	Biology and Biometrics of Melon fly, *Bacterocera cucurbitae* Coquillett on Some Cucurbitaceous crops	Mr. Yona Pradhan
4	Efficacy of some insecticides for the control of pulp weevil (*Sternochetus frigidus* Fabricius (Coleoptera:Curculionidae) and fruit fly, *Bactrocera dorsalis* Hendel(Diptera: Tephritidae) infesting Mango	Miss. Sukanya Sougaijam
5	Biology of Potato Tuber Moth,*Phthorimaea operculella* (Zeller)(Lepidoptera:Gelechiidae) on Some Potato Varieties and Management	Miss. Lapynbiang Khongrymmai
6	Effect of some plant oils against major insect pests of soybean, *Glycine max* (Linn.) Mbrril	Mr. Thangjam Leonard Singh
2018-2019		
1	Studies on the Reproductive Organs of Diapausing and Non-Diapausing Leaf Beetle, *Galerucella placida* Baly(Coleptera: Chrysomelidae)	Miss. Christina Borang.
2	Screening of indigenous rice chak-hao Rice genotypes of Manipur for resistance reaction against major insect pests of Rice	Miss. Punam Bagang
3	Influence of dietary constituents on development of reproductive organs and some life history parameters of Melon fly, *Bactrocera cucurbitae* Coquillet (Diptera:Tephritidae)	Mr. Somala Karthik
4	Effect of some plant volatile oils on pulse beetle, *Callosobruchus maculatus* (Fab.)	Miss. Sushmita Thokchom
5	Eco-friendly management of *Brevicoryne brassicae* Linn. In cabbage using indigenous plant extracts under Manipur valley situation	Miss. Heisnam Bideshwori Devi
6	Screening of indigenous rice genotypes of Manipur for their resistance reaction	Mr. Mohan Ganesh

	against major insect pests of Rice	
2019-2020		
1	Microbial control of cabbage butterflies under cabbage crop-agro-ecosystem	Miss. Maryir Basar
2	Comparative Biology and Ovipositional Preference of pulse beetle, *Callosobruchus maculates* Fabricius (Coleoptera:Bruchidae) on different storedpulses	Mr. R. Karthik
3	Study on the Biology of Papaya Mealybug (*Paracoccus marginatus* Williams) and its Management in Brinjal Using Biopesticides under Manipur conditions	Miss. Shobha Laishram
4	Effect of planting dates and newer insecticides on the incidence of major insect pests under *Kharif* Rice-crop-ecosystem of Manipur valley	Mr. B. Naveen Kumar
5	Study on the Arthropod Pest Complex of King Chilli (*Capsicum chinense* Jacquin) and Their Eco-friendly Management in Manipur	Mr. M. Somorjit Singh
6	Influence of gibberilic acid and maleic hydrazide on some biological parameters of *Bactercera cucurbitae* Coquillet (Diptera;Tephritidae)	Mr. Akshay Mishra
2020-2021		
1	Biology and eco-friendly management of pulse beetle, *Callosobruchus chinensis* Linn. Under the stored condition	Mr. Gopi. N
2	Effect of planting dates and certain molecular insecticides on the incidence of *Scirpophaga incertulas* Walk. & *Cnaphalocrocis medinalis* Guen. Under *Kharif* Rice- crop- ecosystem of Manipur	Miss. Monika. M
3	Management of pulse beetle, *Callosobruchus maculatus* Fab. On stored chickpeagrains through the use of some edible oils	Mr. Said Nuredin
4	Study on the effect of some microbial insecticides on larval growth & development of diamond back moth (*Plutella xylostella* Linn.) (Submitted during March, 2021)	Mr. Subhadip Sen
5	Study on the insect pest complex of leafy mustard vegetables in the valley of Manipur (Submitted during March, 2021)	Miss. D. Rajeshwari

C. 6.4.7 FEED BACK OF STAKE HOLDERS

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem.

There was / is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.). The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures.

During Farewell of the final year students they sometimes raised the problem faced by them during their stay of four years in the college. After knowing their problems Dean and Faculty tried to implement their suggestions.

In every Semester there was a meeting of Dean with representative of Students to discuss their problems related to teaching, hostels, etc. Generally Students raised their issue which used to be

discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice-Chancellor were sent to him for satisfactory solution.

CAU organized Agricultural Fair every year in various states of NEH. During these fair many parents visited these fairs. Many times parents also visited the college or talked to various officials over phone. During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions. Many times college implemented these suggestions. Every Year College also organized Technology Demonstration Mela/ Farmers 'Agriculture Fair. Many farmers of NEH region visited these Mela /Fair. During their visit interaction between various faculties and farmers were held and we got their opinion regarding various academic works, hostels and other facilities of the college.

Extension council meeting of the college and University were regularly held every year. During these meeting, progressive farmers, members of FPO, members of SHG, state government officials, entrepreneurs etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers during last five years in Entomological aspects from various funded external as well as internal projects.

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc of students. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

6.4.10 The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* M. Sc. (Agri) in Entomology of College of Agriculture, Iroisemba, Manipur is correctly.

6.4.11 Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12 Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

M.SC. (Ag) PROGRAMME IN EXTENSION EDUCATION

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1 Brief History of the Degree Programme

Background information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Extension Education, the College of Agriculture, Iroisemba, Central Agricultural University (CAU), Imphalwas established in 1979 erstwhile (Manipur Agriculture College) under Manipur University, later in 1993, which became one of the constituent colleges of Central Agricultural University (CAU), Imphal at Iroisemba, Manipur with only B.Sc. (Agri.) degree programme.

Initially, this Department was running only UG programme due to acute shortage of extension experts. Later on, it was assumed that mere imparting agricultural education and conducting need-based agricultural researches will not solve/address the problems of local farmers and the mandate of agricultural university will not be fulfilled. In addition, there was too much scarcity of highly qualified agricultural experts in almost all the states of the NEH region. Therefore, after having three faculty members in the Department of Extension Education, PG programme in this subject was started in the year 2003 with the admission of only one student.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below:

Mission

i) To create manpower in the area of specialization of Extension Education.
ii) To achieve sustainable development of rural mass through continuous transfer of technology in a systemic way.
iii) To train farmers/ extension functionaries in behavioural aspects.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors to livelihood and food/nutritional security.

Mandate

- Providing basic principles and methods in the disciplineof Extension Education
- Conducting need-based extension education research for improving the rural livelihood with a special preference to the North East India in particular and the whole country in general.
- Developing a system of reaching to the farmers' community in coordination with all departments of the College, Directorate of Extension Education, KVKs, ICAR and land-based departments of the State of Manipur.

Thrust Areas

With respect to human resource development, research and extension education activities the College has setup following thrust areas:

i) Human Resource Development

Human resource development in the discipline of Extension Education.

ii) Research

- Finding bottlenecks for transfer of available technologies and suggesting appropriate ways for the purpose.
- Finding the solution for the problems of hill agriculture with the conservation approach having organic base to increase production and productivity of crops by adoption of improved agricultural technologies.

- ❖ Adoption of high yielding varieties /alteration ofdifferent crops and improved breeds of livestock to increase production in the State.
- ❖ Adoption, promotion and development of improved techniques of crops raising, animal / livestock rearing and pest management in relation to climate change in the region.

iii) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries of KVKs, ICAR and state development departments for promoting adoption of improved technologies for higher productivity and profitability with reduced losses ensuring higher net returns to the farming community of the State.

M. Sc. Degree Programme

The Department of Extension Education is one of the major departments under agricultural teaching system as per the 5th Deans Committee. Since the establishment of the College of Agriculture, Iroisemba, Imphal, the Department of Extension Education is engaged in teaching of the B,Sc.(Agri.) students as per the course curriculum of ICAR and latest report of the 5th Deans Committee. The M. Sc. (Agri) in Extension Education has been started with the admission of students from ICAR-JRF and as well as by CAU entrance examination and the ICAR approved syllabus is also followed for teaching the discipline at PG level.

Department of Extension Education

The mission of the Department of Extension Education, College of Agriculture, Iroisembais to be a Centre of Excellence in teaching, research and basics of extension education in the discipline of rural sociology, ICT, educational psychology, agricultural communication, diffusion and adoption of agricultural information, entrepreneurship development, market-led extension and different aspects of social research etc.so as to make the State prosper with trained extension personnel to meet the future challenges of agricultural development.

With the help of available infrastructure and ATIC of the College, this Department is contributing in teaching of **B.Sc.** (Agriculture) and **M. Sc.** (Extension Education).

Future Planning of the Department

i. Opening of Ph.D. programme for increasing quality human resource in the field of Extension Education.
ii. Establishment of two Class Rooms and one Seminar/Meeting Room.
iii. Development of Inter Departmental Mechanism at College level to execute the extension education activities for the welfare of the farmers and reporting on time.
iv. Preparation of database of the students of Extension Education along with their research work(s) completed.

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection. All the departments and various externally funded Projects are having Computer facilities which are used for teaching, practical, project work analysis etc. of the students. The College is having a system (e-Collection) through which students deposit their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects are deposited in the College account through Public Finance Management System (PFMS). Wi-Fi availability and internet services are also available in the whole campus (Academic buildings including class rooms, hostels, residential colonies etc.).

Our Library is having sufficient books for use by the students. It is also having various facilities where student can go through various journals, books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying &printing facilities are also available in the Library. Students use all these facilities during their stay in the campus.

Meeting of the Extension Education Council is organized in the College and University every year. During these meetings, progressive farmers, members of FPOs, members of SHGs, state government officials, entrepreneurs etc. participate and give their feedback and suggestions for further improvement.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers during last five years in coordination with other Departments under different external as well as intramural projects.

6.4.10 The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme*i.e.,* M. Sc. (Agri) in Extension Education of the College of Agriculture, Iroisemba, Manipur is correct.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore, the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the College, and degree awarding university.

Signature of Dean of the College with Date &Seal

M.SC. (Ag) PROGRAMME IN GENETICS AND PLANT BREEDING

6.4. SELF STUDY REPORT FOR POST GRADUATE DEGREE PROGRAMME

6.4.1 Brief History of the M.Sc. Ag. (Genetics and Plant Breeding)

Background information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Genetics and Plant Breeding, College of Agriculture, Iroisemba, Central Agricultural University (CAU), Imphal the M.Sc. Ag. (Plant Breeding and Genetics) was open in the year 1990. Initially this present Department was named as Plant Breeding and Genetics, later on as per the ICAR-Deans committee norms; it is changed to Department of Genetics and Plant Breeding with teaching students of B.Sc. (Hons) Agriculture and later M.Sc. Ag. (Genetics and Plant Breeding) started with admission of students from All India Competitive Examination for ICAR's JRF and admission to Master's programmes of IARI, NDRI, CIFE, CAU and SAU's as well as by CAU, Imphal entrance examination.

The mission, vision, mandate, and thrust areas of the college is given below:

Mission

i) To create manpower in area of specialization to Genetics and Plant Breeding.
ii) To identify and breed varieties suitable to agro-climatic conditions of the state in particular and NE Region in general.
iii) To train farmers/ extension functionaries on adoption and result demonstration of the identified and bred varieties.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Iroisemba is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Genetics and Plant Breeding.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India.

Thrust Areas

With respect to human resource development, research and extension education activities the College has setup following thrust areas;

i) Human Resource Development

Human resource development in the discipline of Genetics and Plant Breeding.

ii) Research

- Identifying and breeding varieties suitable for different agro-climatic conditions of major crops.
- Maintenance breeding of the released varieties of the University.
- Replacement of age old varieties released by the state department and other Institutes with new varieties.
- Utilization and conservation vast biodiversity in major crops for identifying and breeding varieties which will solve the problem arises due to climate resilient conditions.
- To undertake basic, applied and adaptive research to seek appropriate solutions to emerging problems in agriculture and develop suitable varieties to improve socio-economic conditions of the farming community.

iii) Extension Education

Undertaking variety of extension, education activities for transfer of technology through involvement of farmers, researchers and extension education functionaries for promoting adoption of improved varieties of major crops for higher productivity and profitability ensuring higher net returns to the farming community of state in particular and NEH region in general. Front line demonstration and result demonstration of the identified and bred varieties of the major crops in the farmers' filed and adopted village of the College so that farmers are convinced themselves to adopt the varieties.

M. Sc. Degree Programme

The Department of Genetics and Plant Breeding is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Genetics and Plant Breeding is engaged in teaching of the B.Sc.(Hons) Agriculture students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on M. Sc. Ag. (Genetics and Plant Breeding) started with admission of students from All India Competitive Examination for ICAR's JRF and admission to Master's programmes of IARI, NDRI, CIFE, CAU and SAU's as well as by CAU, Imphal entrance examination.

Department of Genetics and Plant Breeding

The mission of the Genetics and Plant Breeding Department of College of Agriculture, Iroisemba to be a centre of excellence in teaching, research and extension education in the discipline of crop improvement, adaptive research and strategic research, so as to help in increasing crop productivity in the state in particular and NEH region in general.

With the help of well-established labs including biotechnology laboratory, this Department is contributing for the running of B.Sc. (Hons) Agriculture, M. Sc. Ag. (Genetics and Plant Breeding) and Ph.D. (Genetics and Plant Breeding) programme; and internship programme of students from other Universities.

2	Associate Professor	2	0	-
3	Assistant Professor	2	0	6(5 AICRP Scientists and 1 guest lecturer from College of Food Technology, Imphal)
	Total	**5**	**0**	**6**

Note: *All the faculties and Scientists were assigned the responsibility for the multiple programme (Bachelor level, PG level and Ph.D. level.*

* 2 Assistant Professors are promoted to Professor under career advancement scheme (CAS); 1 Assoc. Prof. promoted to Professor has retired on 28th February, 2021.

Information regarding faculties teaching and guiding M.Sc. Ag. (Genetics and Plant Breeding)

Area	Course title and credit hours	Faculty	Qualification
Major Courses (Core)	Principles of Genetics [2+1=3]	Dr. N. Brajendra Singh	Ph.D.
	Principles of Cytogenetics [2+1=3]	Dr.EV Divakara Sastry	Ph.D.
	Principles of Plant Breeding [2+1=3]	Dr. (Mrs.) Th. Renuka Devi Dr. Ph. Ranjit Sharma	Ph.D. Ph.D.
	Principles of quantitative genetics [2+1=3]	Dr.EV Divakara Sastry	Ph.D.
	Cell Biology and Molecular Genetics [2+1=3]	Dr.EV Divakara Sastry	Ph.D.
	Biotechnology and crop improvement [2+1=3]	Dr. N.Brajendra Singh ; Dr. Samuel Jeberson; Dr.Punyakishore Maibam	Ph.D. Ph.D. Ph.D.
Major Courses (Optional)	Mutagenesis and mutation breeding [2+1=3]	Dr. J. M. Laishram Dr. (Mrs.) Th. Renuka Devi	Ph.D. Ph.D.

	Maintenance breeding, concepts of variety release and seed production [1+1=2]	Dr. E V Divakara Sastry	Ph.D.
	Heterosis Breeding [1+1=2]	Dr. N. Brajendra Singh; Dr.Sonika Yumnam	Ph.D. Ph.D.
	Master's Seminar [1+0=1]	Dr. (Mrs.) Th. Renuka Devi	Ph.D.
	Master's Research [20]	Respective guides	

6.4.3. TECHNICAL AND SUPORTIVE STAFF

S. No.	Name of the post and Number	Remarks
1	Field cum Lab Assistant - 1	Looking after the Field works and Laboratory works for Departmental and P.G. and Ph. D. research
2	Multi tasking staff -1	Looking after the Laboratory works and Field works for PG and Ph.D. classes
3	Computer Operator (Contractual) -1	Typing and other official works

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. CLASSROOMS AND LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of M. Sc. Ag. (Genetics and Plant Breeding). The smart class room facility is being also utilized by the students of M.Sc. Ag. (Genetics and Plant Breeding). There are various labs which are being utilized by various UG, PG and Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

S. No.	Name of the laboratory
1	Genetics and Plant Breeding Laboratory
2	Biotech Laboratory

Major Equipments

Sl. No.	Name of the equipment
	Biotechnology Laboratory
1.	Stereo microscope
2.	Laminar flow

12.	Electrical water bath
13.	Micro Kjeldahl with accessory
14.	Laminar flow

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory and Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. Students conducted their practical training in various Laboratories, research field of the college. Exposures trip to the farm and laboratories of the other research institutes and private institutes are regular features. The M. Sc. students are time to time sent to ICAR Research Imphal centre for NE Region for various hands-on- trainings on Modern Techniques of Molecular Biology.

Average number of students in theory and practical classes

Sl. No.	**Name of the degree programme**	**Batch of student in theory**	**Batch of student in practical**

Laminar Flow

6.4.6. SUPERVISION OF STUDENTS IN M.Sc. PROGRAMME

There are sufficient numbers of qualified and experienced faculties and scientists who are guiding PG students in the area of Genetics and Plant Breeding. The names of the faculties and scientists who are currently guiding M.Sc. Ag. (Genetics and Plant Breeding) students are given below:

Sl.No.	Name of the faculty	Designation	Qualification	Experience	Number of students guiding
1	Dr. EVD Sastry	Professor	Ph.D.	37years	2
2	Dr. Ph. Ranjit Sharma	Professor	Ph.D.	32 years	2
3	Dr. N. Brajendra Singh	Professor	Ph.D.	32 years	2
4	Dr. Th. Renuka Devi	Associate Professor	Ph.D.	20 years	3
5	Dr. Samuel Jeberson	Scientist	Ph.D.	15 Years	1
6	Dr. Pramesh Khoyumthem	Scientist	Ph.D.	15 Years	1
7	Dr. H. Nanita Devi	Scientist	Ph.D.	15 Years	1
8	Dr. Sonika Yumnam	Scientist	Ph.D.	8 Years	1
9	Dr. Pushparani Senjam	Scientist	Ph.D.	7 Years	1

Number, name and completed thesis title of M.Sc. Ag. (Genetics and Plant Breeding) in last five years

Sl. No.	Thesis Title	Name of the Student

2015-16		
1	"Assessment of Genetic Diversity in Indian Mustard (*Brassica juncea* L. Gzern and Coss) Genotypes for Agro-morphological Parameters"	Nongmaithem Devshini Devi
2	"Combining Ability Studies in Field Pea (*Pisum sativum* L. var. *arvense*) for Yield and its Attributes"	Manish Kumar
3	"Character association and variability studies and trait on mungbean (*Vigna radiata* L.)Wilzeck."	Konsamcha Shyamananda
4	"Genetic divergence in black gram (*Vigna mungo*)"	Sunder Nongthombam
2016-17		
5	"Analysis of gene effects controlling yield contributing traits in grasspea (*Lathyrus sativus* L.)"	Roda Gonmei
6	"Induced Variability in Adapted Cultivars/Varieties of Indian Mustard (*Brassica juncea* L. Czern and Coss) by using Gamma Rays"	Takhellambam Julia
7	"Agro-morphological and Quality Characterization of Some Rice (*Oryza sativa* L.) Genotypes in Manipur"	Bomit Lourembam
8	"Combining ability analysis of yield and yield contributing characters of groundnut (*Arachis hypogea* L.)"	Hijam Premila Chanu
9	"Genetic diversity among soybean [Glycin max (L.) Merrill] genotypes based on agro-morphological parameters under rainfed condition of Manipur"	Homichon Sareo
2017-18		
10	"Combining ability studies in lentil for yield ant its attributes"	Supriya Majumder
11	"Study of mutagenic effects of sodium azide on field pea (*Pisum sativum* L. arvense)"	Th. Nepolian Singh
12	"Genetic variability study using SSR markers in chickpea (*Cicer arietinum* L.)"	Krishna Murari Prasad
13	"Molecular characterization of soybean [*Glycine max* (L.) Merrill] genotypes using SSR markers"	Daisy Zirthansangi
2018-19		
14	"Line x Tester Analysis For Yield And Its Contributing Characters In Field Pea"	Soibam Tampha Devi
15	"Genetic Diversity Analysis of Indian Mustard Genotypes Using SSR Markers"	Haobam Kholchandra Singh
16	"Variability and stability of yield and related traits in baby corn (*Zea mays* L.)"	Magudeeswari P.
2019-20		
17	"Genetic variability for yield related traits and resistance to late leaf spot in Groundnut (*Arachis hypogea* L.)"	Vanlalrohlupuii
18	"Screening of hill rice (*Oryza sativa* L.) Genotypes of Manipur through agro-morphological, biochemical analysis and genetic diversity analysis"	Sophia Longjam
19	"Genetic Variability and Character Association Analysis in Quality Protein Maize "	Takhellambam Thjasana Devi
20	"Characterization and Evaluation of Aromatic Rice Genotypes of	Lalrinchhani

	North East Region for Agronomic and Quality Traits"	Chhangte
21	"Selection Indices for Improving Seed Yield in Soybean (*Glycine max* (L.) Merrill under Manipur Condition"	P. Manjunath
22	"Genetic Variability and Character Association Studies for Higher Grain Yield and its Component Traits in M4 Mutant Lines of Indian Mustard (*Brassica juncea* L. Czern and Coss)	Ippa Srujan Kumar
23	"Variation for Seed Vigour and Seedling Establishment Traits in Rice (*Oryza sativa*) Genotypes from North East India"	Sushilkumar S.
24	"Genetic divergence in lentil (*Lens culinaris* M.)"	Sakthivel G.
2020-21		
25	"Mutagenesis in Indigenous Semi-Glutinous Rice Genotypes of Manipur"	Elreev Rai
26	"Variation for aluminum tolerance in Indigenous genotypes of rice from Manipur"	Kanala Sai Sreelekha
27	"Variation and character association for seed yield and related traits among indigenous rice (*Oryza sativa* L.) Genotypes of Manipur"	Prapakaran M
28	"Genetic Variability and Character Association Analysis in Quality Protein Maize "	Danisa Dube

6.4.7 FEED BACK OF STAKE HOLDERS

The feedback is received from the students, parents and employer. The feedback is used to improve the curriculum delivery, course evaluation process, and development of infrastructure in the different laboratories and sections of the department, availability of chemical and reagents and other research facilities.

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem.

The alumni of the department have expressed their satisfaction regarding various theoretical as well as practical knowledge that they have gained during their degree programme. One in- service African student studied in this department and recently passed out and expressed his overall satisfaction about his academic as well as stay in the campus.

There is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.).The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures. At the University level there is Student Advisory Council which discuss and solve the appropriate demand raised by the student representatives of different constituent colleges.

During Farewell of the final year students they sometimes raised the problem faced by them during their stay of four years in the college. After knowing their problems Dean, Faculty and Officers tried to implement their suggestions.

In every Semester there was a meeting of Dean with representative of Students to discuss their problems related to teaching, hostels, etc. Generally Students raised their issue which has to be discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice-Chancellor were sent to him for satisfactory solution.

CAU, Imphal organized Agricultural Fair every year in various states of NEH region. During these fair many parents visited these fairs. Many times parents also visited the college or talked to various officials over phone. During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions. Many times college implemented these suggestions. Every Year College also organized Technology Demonstration Mela/ Farmers 'Agriculture Fair. Many farmers of NEH region visited these Mela /Fair. During their visit interaction between various faculties and farmers were held and we got their opinion regarding various academic works, hostels and other facilities of the college.

Extension council meeting and Interface meeting of the college and University were regularly held every year. During these meeting, progressive farmers, members of Farmer Producer Organization (FPO), members of Shelf Help Groups (SHG), entrepreneurs, officials from line departments of the State Government etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs , farmers and students from other Universities during last five years in Genetics and Plant Breeding and Tissue culture aspects from various funded external as well as internal projects.

6.4.9. ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc of students. The University is having online Academic Management System (AMS) through which students made their online research advisory committee registration. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

The nodal officer of the Academic Management System conducted regular training for the newly admitted students to use the system effectively. Under the IDP- NAHEP project of CAU, Imphal the faculty were trained by the experts to use the online platform for conducting classes in online mode especially during pandemic.

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying and Printing facilities are also available in the library. Students used all these facilities during the period under report.

To check the percentage of plagiarism the college library has installed the software and student has to get the certificate from the Librarian before initial submission of their thesis.

For data analysis of the students the Department of Agricultural Statistics provide the software for different analysis.

6.4.10. The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* M. Sc. Ag. (Genetics and Plant Breeding) of College of Agriculture, Iroisemba, Manipur is correct.

M.SC. (Ag) PROGRAMME IN HORTICULTURE

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1Brief History of the Degree Programme

Back ground information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region blessed with abundant natural resources and to address to the issues of shortage of trained human resource in Horticulture the then Manipur Agriculture College was upgraded to College of Agriculture, under Central Agricultural University (CAU) by an act of parliament in 1993. The M.Sc programme was started in Department of Horticulture, before upgrading the then Manipur Agricultural College to College of Agriculture.

The mission, vision, mandate, goal, objectives and thrust areas of the college is given below**.**

Mission

i) To be the centre of excellence in teaching, research and extension activities in the discipline of Horticulture

ii) To increase the productivity and quality of crop and maintaining the soil health.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global standard, have analytical abilities and for making career in government organisations and even as entrepreneurship of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Horticulture.
- Utilization of the natural resources for the sustainable agriculture, specially horticulture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has set up following thrust areas; Human Resource Development in the discipline of Horticulture.

iv) Research

- Development of suitable Agro-techniques for different horticultural crops to increase the production, quality and income
- Suitable technology for organic farming of selected horticultural crops
- Alternative/ improve system in Jhum cultivation
- Development of suitable cropping system which are remunerative and eco-friendly

v) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved Agro- techniques and value addition for higher productivity and profitability to the farming community of the region.

M.Sc. Degree Programme

Horticulture is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Horticulture is engaged in teaching of graduate and Post-graduate students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. M.Sc. in Horticulture started with the admission of students from ICAR-JRF as well as by CAU entrance examination.

Department of Horticulture

The mission of the Horticulture Department of COA, Imphal is to be a centre of excellence in teaching, research and extension education in the discipline of production technology, Hi-tech horticulture, post-harvest management including value addition, nutrient management of different horticulture crops, cropping system, organic farming with special reference to NEH region.

Scholarships & Fellowships

- ICAR –JRF including NTS
- CAU university fellowship

Statistics of M.Sc. (Agri) degree programmee (2015-16 to 2020-21)

Year of Admission	Admitted			Dropped			Passed			Remarks
	Boys	Girls	Total	Boys	Girls	Total	Boys	Girls	Total	
2015-16	1	5	6	-	1	1		4	4	
2016-17	3	4	7	2	-	2	1	1	2	
2017-18	2	3	5	-	-	-	2	2	4	
2018-19	2	4	6	-	-	-	1	3	4

Accomplishments:

a) Following M.Sc. students have completed their degree programme in the last 5 years

Sl. No.	Thesis Title	Name of the Student
2015-16		
1.	Evaluation of Greater yam (*Dioscorea alata* L.) germplasm on growth, yield and quality	Loitongbam Sulochana Devi
2.	Effect of Grafting Height and Scion Length on Growth of Citrus reticulata. var. Nagpur Mandarin	Amrita Thokchom
3.	Effect of nitrogen and phosphorus on growth flowering and yield of African Marigold (*Tagetes erecta L*) cv. Pusa Narangi Gainda –	Koso Chokhoni

4.	Effect of different levels and mode of application of potassium on growth flowering and yield of African Marigold (*Tagetes erecta L*) cv. Pusa Narangi Gainda –	Lumlin Mary Lamare
2016-2017		
1.	Effect of planting time and spacing of king chilli (*Capsicum chinense*) under polyhouse condition	Satya Prakash Barik
2.	Effect of Ethrel in the Flower Induction of Ratoon Pineapple (Ananascomosus L. Merrill) cv. Kew	Leishangthem Hemabati Devi
2017-2018		
1.	Effect of introducing knoll khol (*Brassica oleracea L.* var. *gongylodes*) and intercrops on growth and yield of cabbage (*Brassica oleracea* L. var. *capitata*) cv. Rareball	Ashwini Ananda
2.	Effect of Growth Regulator and Different Diameter of Cuttings on Rooting and Growth of Grapes (Vitus vinifera) cv. Thompson Seedless Un	Hannah Lalrohlui Betlu
3.	Effect of integrated nutrient management on growth, flowering and yield of tuberose (*Polianthes tuberosa L.*) cv. Prajwal	Usham Gautam
4.	Effect of foliar application of Zn, Cu and B on growth, flowering and yield of African Marigold (*Tagetes erecta* L.) Pusa Narangi Gainda	Devika Thangjam
2018-2019		
1.	Effects of Different Length of Cuttings and IBA Concentration in Rooting and Growth Performance of Dragon Fruit Cuttings (Hylocereus undatus Haw.)	Omekali
2.	Response of Gibberellic Acid and Benzyladenine on Growth, Flowering and Yield of Tuberose (*Polianthes tuberosa* L.) cv. Prajwal.	Sukanta Biswas
3.	Efficacy of Foliar spray of IAA, GA_3 and Daminozide on Growth, Flowering and Yield of Gladiolus (*Gladiolus grandiflorus* L.) cv. Oscar.	Rajkumari Sweety Devi
4.	Effect of Different Sources of Nitrogen on Growth, Flowering and Yield of African Marigold (*Tagetes erecta* L.) cv. Summer Sugat	Meikam Ichancha
2019-2020		
1.	Effect of organic source of Nitrogen on growth and yield of Local onion (*Allium cepa* L. var *aggregatum* Don.)	Nishita T.M
2.	Effect of short duration vegetable crops on growth, yield and quality of cabbage (*Brassica oleracea* L. var. *capitata*) cv. Rareball	Justy D.Varughese
3.	Characterization and evaluation of Swamp taro [*Colocasia esculenta* var. *stoloniferum* (L.)Schott] under Manipur condition	Joyshree Laishram
4.	Effect on Different Levels of Potassium on Growth, Flowering and Yield of Gladiolus (*Gladiolus grandiflorus* L.) cv. Oasis in Acidic Soil Condition of Manipur"	Lourembam Tinibala Devi,42A-17(M) -
2020-2021		
1.	Effect of organic sources of nitrogen on growth, yield and quality of King chilli (*Capsicum chinense* Jacq.) under polyhouse condition	Humtu Rangai
2.	Effect of different levels of nitrogen and potassium on growth, yield and quality of sweet potato [*Ipomoea batatas* (L.) Lam.] cv. NFSP-1	Rudolph D. Nongkhlaw
3.	Effect of planting time and spacing on Growth and yield of Multiplier Onion (*Allium cepa L. var aggregatum* Don.) cv Meitie Tilhou under Manipur condition	Poovama B.C

b) Publication of student's research work:

1. Lourembam Dhanapati, R.K. Dilip Singh: Effect of desuckering on yield and quality of banana cv. Grand Naine under Manipur condition ". *J.Interacad*.16 (1):26-30, 2012. NAAS rating :- 3.0
2. R.K. Dilip Singh, S.Monita and Yogita Yambem : "Effect of manuring on the Vegetative growth of passion Fruit (*Passiflora edulis var.Kaveri)". J.Interacad*. 17(3): 412-417,2013: NAAS rating:- 2.34
3. R.K Dilip Singh L.Sani Khrasi and Yogita Yambemv: "Effect of different levels of Nitrogen on Vegetataive growth of Guava (Pasidium guajava L.) During the pre bearing stage ". *J.Interacad*. 17(3):451-458,2013 : NAAS rating: - 2.34
4. Ravi Kiran Thirumdasu, A.K. Bijaya Devi, Momoko Thokchom (2015) Analysis on growth, physiological aspects and yield of elephant foot yam, *Amorphophallus campanulatus* Roxb Blume cv. Gajendra in spice intercropping system under sloppy foot hills of Imphal East. *Inter J. of Farm Sciences* 5 (4): 118-126, 2015 NAAS: 3.54
5. Ravi Kiran Thirumdasu, A.K. Bijaya Devi, Momoko Thokchom (2015) Elephant foot yam (*Amorphophallus campanulatus* Roxb Blume) CV Gajendra Introduction with Spice Intercropping: Yield Efficiency Under sloppy foot hills of Imphal East. *The Bioscan* 10 (3): 1327-1329, 2015 NAAS: 4.57
6. Thokchom, R and Singh, U.C. (2015) Effect of time and depth of planting on growth, flowering and yield of tuberose (*Polianthes tuberosa* L.) cv. Single. *Indian Journal of Horticulture* 72(4): 581-585 NAAS rating: 6.13
7. Ngangbam Piloo and Jahangir Kabir (2016). Effect of nitrogen and biofertilizer on fruit quality and storage behavior of okra (Abelmoschus esculentus L. Moench). Green Farming, 7(1): 143-147. (NAAS-4.38)
8. Ravi Kiran Thirumdasu, A.K. Bijaya Devi, Momoko Thokchom (2016) Corroborated Economic Viability of Acridity Free Elephant Foot Yam Introduction with Spice Intercropping under Sloppy Foot Hills of Imphal-East. *International Journal of Current Research in Biosciences and Plant Biology* 3(3):30-33, 2016 NAAS: 2.99
9. Ravi Kiran Thirumdasu, A.K. Bijaya Devi, Momoko Thokchom (2016) Yield Attributes and Quality Assessment of Elephant Foot Yam (*Amorphophallus campanulatus* Roxb. Cv Gajendra) in Spice Intercropping System under Sloppy Foot Hills of Imphal-East. Environment & Ecology, 2016, 34(4C):2297-2300 NAAS:4.09
10. Kh. Swarnalata Devi, K. James Singh, A.K. Bijaya Devi, Joydip Mandal and H. Birkumar Singh (2016) Morphological Evaluation of Taro (*Colocasia esculenta* Linn.) Genotypes Collected from Manipur State of India and their Yield Performance. *Journal of Root Crops*, 2016, 42(2):18-23 NAAS:4.05
11. *Premi Devi Mayengbam and* R.K.D. Singh (2016). Effect of different levels of BAP on In vitro culture of pineapple {Ananas comosus L. (Merr)} var. Kew. *J.Interacad.20(4):441-447,2016 NAAS rating :- 2.34*
12. SP Barik, AKB Devi, A Ananda and J Konthoujam. Effect of planting time and spacing on reproductive growth and physiological changes in King chilli (*Capsicum chinense*) under poly house condition. *The Pharma Innovation Journal* 2017;6(10): 342-344 NAAS : 5.03
13. Kenny Thangjam, A.K. Bijaya Devi and Premi Mayengbam (2017) Evaluation of (White Flesh) sweet potato (*Ipomoea batatas*. L.) cultivar under Manipur condition. *International Journal of Agricultural Science and Research* 2017; 7 (6) : 151-158 NAAS : 4.13
14. Kenny Thangjam and A.K. Bijaya Devi (2017) Study on yield, yield parameters and tuber quality of (Orange flesh) sweet potato (*Ipomoea batatas.* L.) cultivars. *International Journal of Agricultural Science and Research* 2017; 7 (6) : 139- 142 NAAS : 4.13
15. Ashwini Ananda, AK Bijaya Devi, Abhinandan Singh, Satyaprakash Barik and Mukesh Kumar

Bairwa (2017) Cabbage (*Brassica oleracea* L. var. *capitata*) cv. Rareball introduction with Knolkhol and Broad bean intercropping: yield efficiency under foot hills of Imphal west. *The Pharma Innovation Journal* 2017;6 (10): 339-341 NAAS : 5.03

16. NM Devi, A Moirangthem, P Heisnam, N Devchandra, K Duhlian, R.K.D. Singh and WI Meitei (2017). Response of Local Banana Cultivars of Manipur on Application of Organic Manures towards Uptake of Macro-Nutrients ad Total Soluble Solid .Trends in Biosciences 10(45), NAAS rating :- 3.94

c) Research Project by the faculties (Ongoing)

1. **AICRP-TC** – Funding Agency: ICAR – Central Tuber Crops Research Institute, Sreekariyam, Thiruvananthapuram, Kerala
2. **AICRP-F (Mango)** – Funding Agency: ICAR- Indian Institute of Horticultural Research, Bengaluru
3. **M4 Agri.** - Funding Agency: Ministry of Electronics and Information Technology, MEITY, Govt. of India
4. **PFDC** – Funding Agency: Mission for Integrated Development of Horticulture
5. **Tribal Sub Plan Project** - Funding Agency: ICAR

6.4.2. FACULTY STRENGTH

At the Department of Horticulture, College of Agriculture, Iroisemba the following Faculty members/Scientists and staffs are associated in teaching and guiding the students of B.Sc. (Agri.), M.Sc. (Agri.) courses during at present.

S.No.	*Sanctioned Faculty*	*Faculty in Place*	*Vacant Position*
1.	Professor	3	-
2.	Associate Professor	1	-
3.	Assistant Professor	3	-

** All the faculty were assigned the responsibility for the multiple programme (Bachelor level, P.G. level)*

Information regarding the designation and qualification of various faculty members are given below.

Information regarding faculties teaching programme for M.Sc. courses

Classification of Courses	Title of Course	Faculty	Qualification
Major & Minor Subjects	Biodiversity & Conservation of Fruit Crops	Dr. R.K. Dilip Singh Dr. Ps .Mariam Anal	Ph.D.
	Propagation and Nursery Management of Fruit Crops	Dr. R.K. Dilip Singh Dr. Ng. Piloo Dr. M. Chanchan	Ph.D.
	Production Technology of Warm Season Vegetable Crops	Dr. AK. Bijaya Devi Dr. M. Chanchan Dr. Ps. Mariam Anal	Ph.D.
	Production Technology of Underutilized Vegetables	Dr. AK. Bijaya Devi Dr. Ng. Piloo Dr. Ps. Mariam Anal	Ph.D.

	Production Technology of Loose flowers	Dr. U. Chaoba Singh Dr. Abhinash M. Dr. Gayatri Kh.	Ph.D.
	Protected Floriculture	Dr. U. Chaoba Singh Dr. Abhinash M. Dr. Gayatri Kh.	Ph.D.
	Tropical and Dry Land Fruit Production	Dr. R.K. Dilip Singh	Ph.D.
	Subtropical and Temperate Fruit Production	Dr. R.K. Dilip Singh	Ph.D.
	Post-Harvest Technology of Fruit Crops	Dr.Ng. Piloo	Ph.D.
	Production Technology of Cool Season Vegetable Crops	Dr. Ak. Bijaya Devi Dr. Mariam Anal	Ph.D.
	Breeding of Vegetable Crops	Dr. Ak. Bijaya Devi	Ph.D.
	Systematics of Vegetable Crops	Dr. Ak. Bijaya Devi Dr.Ng. Piloo & Dr. Mariam Anal	Ph.D.
	Organic Vegetable Production Technology	Dr. Ak. Bijaya Devi Dr.Ng. Piloo & Dr. Meinam Chanchan	Ph.D.
	Production Technology of Cut Flowers	Dr. U. Chaoba Singh & Dr. Abhinash Moirangthem	Ph.D.
	Landscaping and Ornamental Gardening	Dr. U. Chaoba Singh, Dr. Abhinash Moirangthem & Dr. Gayatri Khangjarakpam	Ph.D.
	Protected Floriculture	Dr. U. Chaoba Singh & Dr. Gayatri Khangjarakpam	Ph.D.
	Value Addition in Flowers	Dr. U. Chaoba Singh and Dr.Ng. Piloo	Ph.D.
Supporting Subjects	Agricultural Statistics	Dr. N. Okendro Singh Shri N.Gopimohan Singh	Ph.D. M.Sc.
Seminar	**Master Seminar-I (1+0)**		
	FSC 591	Dr. R.K. Dilip Singh	Ph.D.
	VSC 591	Dr. Ak. Bijaya Devi Dr.Ng. Piloo	Ph.D.
	FLA 591	Dr. U. Chaoba Singh	Ph.D.

Research	Masters' Research – FSC 599	Dr. R.K. Dilip Singh Dr. Ng. Piloo	Ph.D.
	Masters' Research – VSC 599	Dr. AK Bijaya Devi Dr. M. Chanchan Dr. Ps. Mariam Anal	Ph.D.
	Masters' Research – FLA 599	Dr. U. Chaoba Singh Dr. Abhinash M.	Ph.D.

6.4.3. TECHNICAL AND SUPPORTING STAFF

Technical Staff of the Department of Entomology

S No	Name of the Posts & No	Remarks
1	Field cum Lab Assistant- 1	Looking after the Field works for both Departmental and P.G. research
2	MTS (Multitasking Staff)-1	Look after extra works on P.G. & Lab and helps in operating computer works.

6.4.4. CLASSROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of M. Sc. (Horticulture). The smart class room facility is being also utilized by the students of M.Sc. (Horticulture). There are various labs which are being utilized by various UG & PG Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

Details of the Laboratory and the equipment's being used are given below:

S. No.	Name of the Laboratory
1.	**UG Laboratory**
2.	**P.G. Laboratory**
3.	**Green house (2)**
4.	**Research Plot** (Sufficient Research area for M.Sc. students are available)

List of the Equipment's at Department of Horticulture, College of Agriculture, CAU

Sl. No.	Name of the equipments	Quantity
1.	Frost Freeze	01
2.	BOD Incubator Automatic – 610 Malhotra Brothers, Delhi	01
3.	Thermostat Blower Lunar Comp. Sl.No. 0312317 (230v)	01
4.	Hot Air Oven Model: ACM-220661 Comp. SHIVAKI	01
5.	Digital FPM – 125 Sl.No. 2190 SYSTRONICS	01
6.	FPM Compressure Unit -122 Sl.No. 5040 SYSTRONICS	01
7.	Autoclave Calton	01
8.	Autoclave Vertical NSW -227	01
9.	BOD Incubator Super Delux Automatic NSW – 152 Calton Ref.No. COA-4-165/122-04	01

10.	a) pH/mv/Temp. meter – WEIBER b) Digital pH meter 335 - SYSTRONICS c) Electronic Voltz Stablizer – SMART CARE d) Load (Comp. BHANU) Infusil India pvt Ltd. – e) Decicator glass - 01 f) Electronic Balance: i) Sartorius – COA-4-165/122-04 ii) ANAMED INST. PVT. LTD. Model No. MX7210A	01 01 01 02 01 01

Number of M.Sc. student qualified SRF during the last 5(five) years (2015-2020)

Sl. No.	Name of the student	ARS /JRF / SRF	Year
1.	Satya Prakash Barik	SRF	2016
2.	Ashwani Ananda	SRF	2017

Awards/ Recognition / Certificates (M.Sc. students in last five years)

Year	Name of the Student	Details of the recognition
2020	P. Manoj Reddy	2nd position in Poster presentation under the theme "Post Harvest Management, value addition and marketing" during National Seminar on "**Conservation and Commercialization of Citrus Biodiversity in NEH Region**" organized by Central Agricultural University, Imphal in collaboration with ICAR-Central Citrus Research Institute, Nagpur, Maharashtra from 18th to 19th February, 2021.
2020	Haobam Neljosh Meetei	3rd position in Poster presentation under the theme "Post Harvest Management, value addition and marketing" during National Seminar on "**Conservation and Commercialization of Citrus Biodiversity in NEH Region**" organized by Central Agricultural University, Imphal in collaboration with ICAR-Central Citrus Research Institute, Nagpur, Maharashtra from 18th to 19th February, 2021.
2020	Deepak Singh	2nd position in Poster presentation under the theme "Genetic resources, diversity, conservation and utilization of Citrus fruits" during National Seminar on "**Conservation and Commercialization of Citrus Biodiversity in NEH Region**" organized by Central Agricultural University, Imphal in collaboration with ICAR-Central

		Citrus Research Institute, Nagpur, Maharashtra from 18th to 19th February, 2021.

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. Students conducted their practical training in various Laboratory, research field of the college.

Average number of students in theory and practical classes

Sl. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical

6.4.6 SUPERVISION OF STUDENTS IN M.Sc. PROGRAMME

As per Central Agricultural University Academic Regulations - 2016 for Master and Ph.D. Degree Programmes, the chairperson of a students advisory committee shall be a recognized PG teacher eligible to guide PG research and thesis work. At any given time, professor, associate professor and assistant professor shall not be a chairperson for more than 6, 5 and 4 P.G. students (Master's and Ph.D. combined), respectively. The chairperson should be a recognized P.G. teacher with 5 years of experience and 5 NAAS rating publications or possesses Ph.D. with good publications, made after joining the university.

There are sufficient numbers of qualified and experienced faculties who are guiding M.Sc. students in the area of horticulture. The details of which are given below:

Sl. No.	Name of the faculty	Designation	Qualification	Experience	No. of M. Sc students guided/guiding	
					Guiding	Guided
1.	Dr. Ak. Bijaya Devi	Professor	Ph.D.	35 years	3	21
2.	Dr. U.Chaoba Singh	Professor	Ph.D.	35 Years	3	16
3.	Dr. RK. Dilip Singh	Professor	Ph.D.	27 Years	5	11
4.	Dr. Ng. Piloo	Associate Professor	Ph.D.	12 years	3	-
5.	Dr. M. Chanchan	Assistant Professor	Ph.D.	5 years	1	-
6.	Dr. Mariam Anal	Assistant Professor	Ph.D.	5 years	2	1
7.	Dr. Abhinash Moirangthem	Assistant Professor	Ph.D.	3 years	1	-

6.4.7 FEED BACK OF STAKE HOLDERS

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors in which students raised their various problems (academic, personal etc.). The Advisors helped the students to solve their problem and if needed, help is also taken from other faculty member/staff/Dean to solve the problem.

A register is maintained by the Student Welfare Officer of the College, where any student can raise their problems and the Student Welfare Officer brings the problem to the notice of the Dean of the College. The Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures.

Further, in every Semester, Dean conducts a meeting with representative of Students to discuss their problems related to teaching, hostels, etc. The issues which can be solved at the College

level are settled in the College itself and those which needed the attention of the Vice-Chancellor are sent to him for satisfactory solution.

CAU organized Agricultural Fair every year in various states of NEH where many parents visited these fairs. Also parents also visit the college or talked to various officials over phone. During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions which are implemented by the college. Every Year College also organized Technology Demonstration Mela/ Farmers 'Agriculture Fair in which many farmers of NEH region visit and interact with the faculties of the college.

Extension council meeting of the college and University are regularly held every year. During these meeting, progressive farmers, members of FPO, members of SHG, state government officials, entrepreneurs etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers during last five years in Horticultural aspects in the college.

The feedback form (4 nos.) collected from various stakeholders viz. students, farmers, parents etc. are attached below:

1. Students Feedback form - 1:

STUDENT FEEDBACK FORM

1.	Name of the student	:
2.	Admission No.	:
3.	Academic Year	: 2018-20
4.	Name of the programme studied	:
5.	Designation	: Student
6.	Mobile No.	:
7.	Email ID	:
8.	Feedback	:

Sl.No.	Parameter	Rating
1.	Curriculum is in syllabi of the course provide sufficient knowledge in the area of study, has good balance between theory and application and fulfilling your aspirations	1
2		2
3		1
4.	Opportunities in the College for Research Activities & Relevance with Practical Job work	2
5		2
6		2

* Select your rating on the scale of 1 to 5 for each of the following parameters. (1- Excellent, 2-Very Good, 3- Good, 4-Fair, 5-Poor)

I believe that practical or performance help in better understanding of the subject. Therefore, it's important for the institute to focus on the availability of the laboratory equipments and also to ensure that all equipments are in working conditions.

Signature of the student

2. Students Feedback form - 2:

STUDENTS FEEDBACK FORM

1. **Name of the student: Haobam Neljosh Meetei**
2. **Admission no.: 43A- 17 (M)**
3. **Academic Year: 2017-21**
4. **Name of the programme studied: Pomology**
5. **Designation: M.Sc. (Agri.) Horticulture**
6. **Mobile No.: 9774351551**
7. **Email id: neljoshh@gmail.com**
8. **Feedback:**

S.No.	Parameters	Rating
1.	Curriculum & Syllabi of the courses provide sufficient knowledge in the area of study, has good balance between theory and application and fulfilling your expectation.	2
2.	Usage of teaching aids and ICT in the class by faculty to facilitate teaching and give quality education.	3
3.	Teaching quality, fairness in the assessment processes (Internal evaluation, Quiz, Assignments, etc.) and freedom to adopt new techniques/education tools	2
4.	Opportunities in the College for Research Activities & Relevance with Practical / Lab work	3
5.	Curriculum has prospects for supporting higher education, career orientated/employability	2
6.	Overall Learning Experience	2

*Select your ranking on the scale of 1 to 5 for each of the following parameters. (1- Excellent, 2- Very good, 3- Good, 4- Fair, 5- Poor)

Recommendations if any for course improvement:

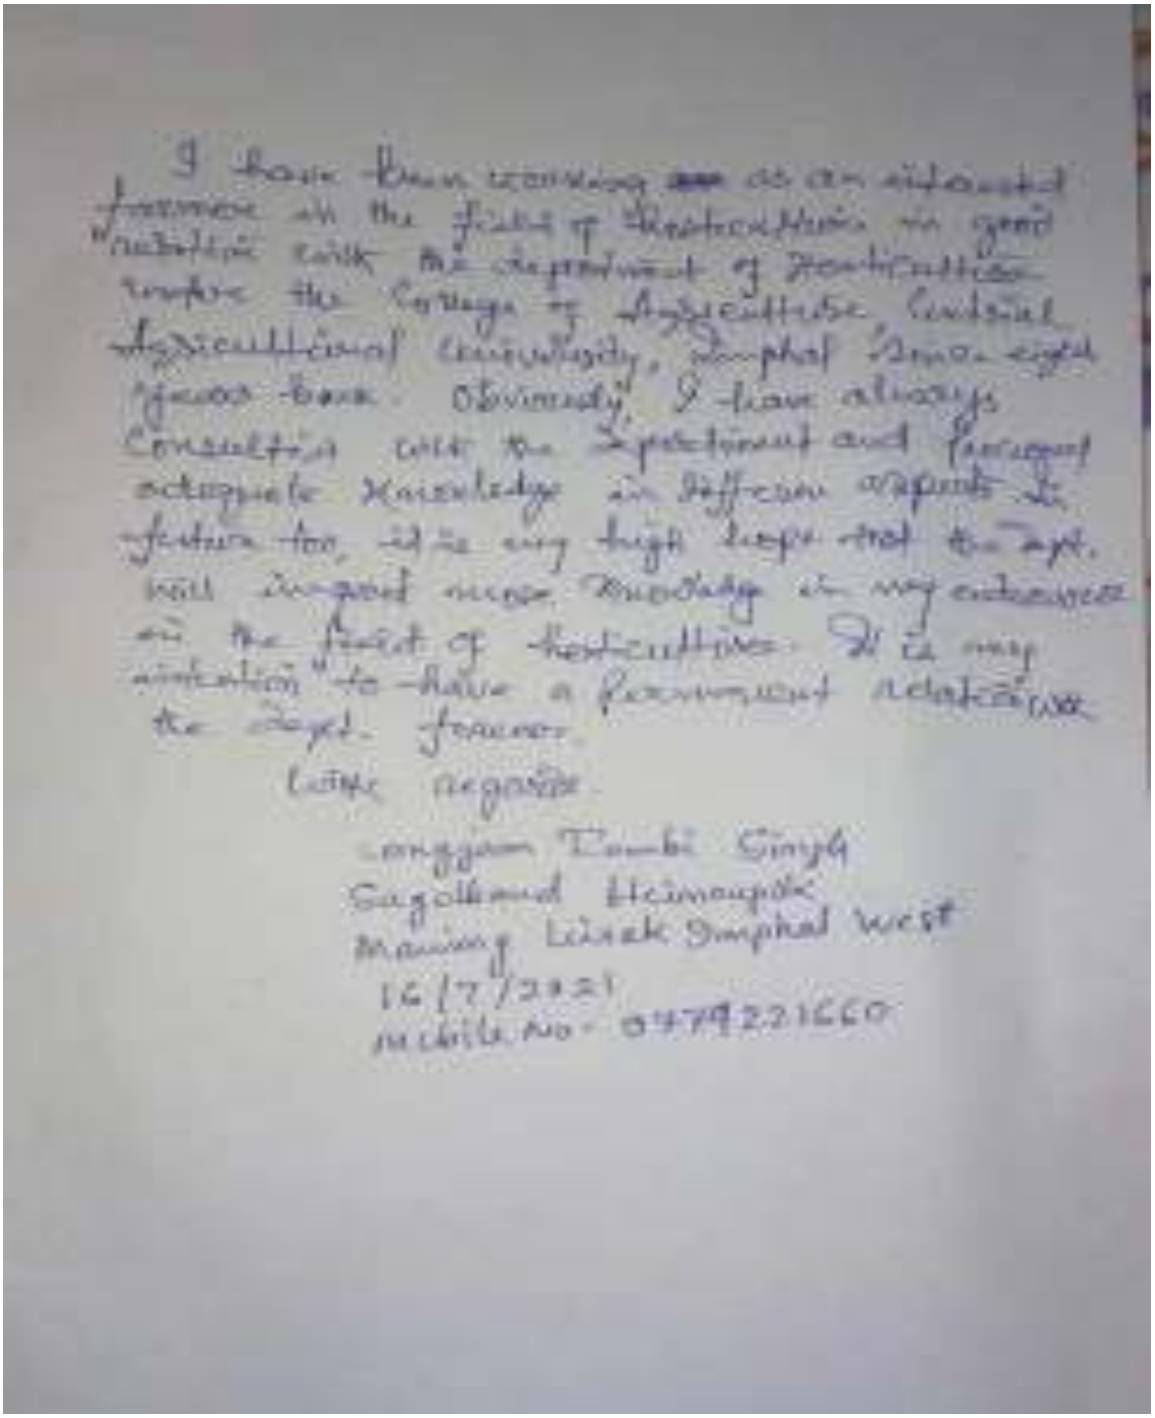
If proper upto-date laboratory for horticulture is set up/provided for practical hands on knowledge to go alongside with theory classes would be better.

If transportation facility is provided for students having experimental field at Andro it would be convenient in carrying out the research.

Date: 17/7/21 Signature of the student

Action taken on: Action has been initiated to procure new laboratory equipments as well as to repair those which are not in working condition. Further the number of departmental laboratory has also been increased to 2 (only one laboratory earlier) as UG and PG laboratory to facilitate the practical works of UG and PG degree programmes in the lab.

3. Farmer's Feedback:



I have been working as an interested farmer in the field of Horticulture in good relation with the department of Horticulture under the College of Agriculture, Central Agricultural University, Imphal since eight years back. Obviously, I have always consulting with the Scientist and getting adequate knowledge in different aspects in future too, it is my high hope that the dept. will suggest more knowledge in my endeavour in the field of horticulture. It is my intention to have a permanent relation with the dept. forever.

Thank regards.

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet LAN Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis, etc. of students. The college is having a system (e-

collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

6.4.10 The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* M. Sc. (Agri) in Horticulture of College of Agriculture, Iroisemba, Manipur.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificates of the Awards

I, the Dean, Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree is awarded by the university.

Signature of Dean of the College with Date &Seal

M.SC. (Ag) PROGRAMME IN PLANT PATHOLOGY

6.4. SELF STUDY REPORT FORDEGREEPROGRAMME

6.4.1. Brief History of the Degree Programme

Back ground information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Plant Pathology, College of Agriculture, Central Agricultural University (CAU), Imphal. Initially this present Department was named as BPP(Botany and Plant Pathology), later on as per the ICAR-Deans committee norms, changed to Department of Plant Pathology with teaching students of B.Sc (Agri) and later MSc(Ag), Plant Pathology started with admission of students from ICAR-JRF and as well by CAU entrance examination. In the Year 1990, the first batch of MSc (Ag), Plant Pathology was admitted.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

i). To create manpower in area of specialization to Plant Pathology
ii). To achieve sustainable Plant Protection strategies
iii). To train farmers/ extension functionaries on Plant Disease Management

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower indiscipline(s) of Plant Pathology.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has set up following thrust areas;

vi) Human Resource Development

Human resource development in the discipline of Plant Pathology.

vii) Research

- Finding the solution for the hill agriculture with conservation approach having organic base to increase production and productivity of crops by adoption / refinement/development of plant protection measures.
- Adoption/refinement/development of improved Plant disease diagnosis.
- Adoption, promotion and development of improved techniques of plant disease management, in relation to climate change in the region.
- Adoption and promotion of use of different appropriate sustainable sources of Plant protection strategies in relation to crop specific, region specific.

viii) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved techniques of Plant disease management strategies for higher productivity and profitability with reduced losses ensuring higher net returns to the farming community of the region.

M. Sc. Degree Programme

The Department of Plant Pathology is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Plant Pathology is engaged in teaching of the BSc (Ag) students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on MSc (Ag), Plant Pathology started with admission of students from ICAR-JRF and as well by CAU entrance examination.

Department of Plant Pathology

The mission of the Plant Pathology Department of COA, Iroisemba to be a Centre of excellence in teaching, research and extension education in the discipline of Plant disease management, diagnosis, so as to reduce losses in crops in NEH region due to Plant pathogens.

With the help of well-established labs including molecular diagnostics, mushroom laboratory and Biocontrol laboratory this Department is contributing for the running of B.Sc. (Agricultural), M. Sc (Plant Pathology) and Ph.D. (Plant Pathology) programme. The MSc. students are getting the following scholarships & Fellowships.

Scholarships & Fellowships

ICAR-JRF including NTS

CAU-University fellowship

Seminar	Master Seminar-I(1+0)	Dr Bireswar Sinha, Asst., Prof.	Ph.D
Research	Master Research(**0+20**)	Dr Ph Sobita Devi, Prof. Dr L Nongdrenkhomba Singh, Assoc., Prof. Dr Bireswar Sinha, Asst. Prof.	Ph.D Ph.D PhD

6.4.3. TECHNICALANDSUPPORTINGSTAFF

E. Technical Staff of the Department of Plant Pathology are:

S. No.	Name of the Posts & No	Remarks
1	Field cum Lab Assistant- 1	Looking after field works as well as laboratory during practical
2	MTS (Multitasking Staff)-2	Look after extra works on Mushroom Lab and Biocontrol lab.

** The numbers of technical and supporting staff will looks after by the competent authority.

6.4.4. CLASSROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of M. Sc. (Plant Pathology). The smart class room facility is being also utilized by the students of M.Sc. (Plant Pathology). There are various labs which are being utilized by various UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

Details of the Laboratory and the equipment's being used are given below.

S No.	Name of the Laboratory
1.	UG Laboratory (consisting of microscope, herbarium- wet, dry and digital)
2.	PG/PhD (consisting of well-equipped operation lab)
3.	Molecular Plant Pathology Lab (consisting of well equipped molecular biology unit etc.)
4.	Mushroom Unit (consisting of all equipment required for the mushroom spawn and mushroom production with a big seminar hall)
5.	Biocontrol-Trichoderma Laboratory (well established with equipment for Trichoderma mass production)
6.	Green house (One)

7.	Research Plot (Sufficient Research area for MSc students are available)

List of the Equipment's at Department of Plant Pathology, College of Agriculture, CAU, Imphal

S No	Name of the equipment and Model No
1.	Laminar Flow (Model no.-1500c-24-24-24, S.r. no. 112/0705)
2.	Laminar Air Flow(Kenz Flo) (Model no. 15000-36-24-24)
3.	Shaker Cum BOD Incubator Model no. LEIL S.R. NO. 2009400007

41.	Laminar flow , project(DBT) (in Trichoderma lab.)
42.	B.O.D. from project (DBT)(in Trichoderma lab.)
43.	Autoclave digital, project (Vocational training on mushroom) (Mushroom unit)
44.	Straw cutter, project (Vocational training on mushroom) (Mushroom unit)

Number of MSc student qualified SRF during the last 5(five) years (2015-2020)

S. No.	Name of the student	ARS /JRF / SRF	Year
1	Mr Ch InaoKhaba(Adm No 17A-15M)	SRF selected without Fellowship at AAU, Jorhat	2017
2	Mr Pratik Ranjan Behera	26thRank SRF, Selected with fellowship at OUAT, Orissa	2017
2	Mr K Dinesh(Adm No 8A-16M)	4rd Rank SRF, Selected with fellowship at UAS, Dharwad	2018
4	Miss Bhubaneswari	16thRank SRF, Selected with fellowship at AAU, Jorhat	2019
3	Miss Poorvasandhya R (Adm No 1A-18M)	SRF without fellowship at HPKV, Himachal Pradesh	2020

MSc Student performing research work in Plant Pathology Laboratory

Awards/Recognition/Certificates (MSc students in last five years)

Year	Name of the Student	Details of the recognition
2019	Mr Kota Chakrapani, M Sc Adm No. 16A-17(M)	Best Master thesis Award-2019 in the 3rd International Conference of GIASE, Trubhuvan University, Katmandu, Nepal
2019	Miss Linda lalduhzuali, MSc	Best Research Scholar Award 2019, at International Conference of AETDS, Kumaun University, Nainital, India.
2020	Miss Poorvasandhya R, MS	Secured III position at the ANVESHAN 2019-20(East Zone), Jadavpur University, Kolkata. (12-13 February 2020).

6.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. Students conducted their practical training in various Laboratory, research field of the college. The MSc students are time to time sent to ICAR institutes for hands on training on modern molecular biotechnology like IARI. We have provided practical as well as hands on training to our students and also various other universities, such as Bharathiar University Coimbatore, Hemwati Nandan Bahuguna Garhwal University etc.

Average number of students in theory and practical classes

S. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical
1.	**M.Sc.(Plant Pathology)**	Full strength	Full strength

F. 6.4.6. SUPERVISION OF STUDENTS IN M.Sc. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding M.Sc. students in the area of Plant Pathology. The names of the faculties who are entitled to guide M.Sc. students are given below.

S. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided /guiding	
					Guided	Presently Guiding

1)	Dr. N. I. Singh	Professor (Retired 2017)	Ph.D.	38years	22	Retired (2017)
2)	Dr. Ph Sobita Devi	Professor	Ph.D.	35years	20	-
3)	Dr. L Nongdrenkhomba Singh	Associate Professor	Ph.D.	15 years	3	1
4)	Dr Bireswar Sinha	Asst Prof	Ph D	11 Years	10	2

Eligible criteria for Guidance of PG Research

Master's Programme:

a) Associate Professor and above and their equivalents or

b) Assistant Professor and equivalent with Ph.D. degree in the discipline/ subject who has published two research papers other than his/her Master's and Ph.D. theses. or

c) Assistant Professor and equivalent without Ph.D. degree, provided he/she has at least two years of PG teaching experiences and 5 (five) research papers published in referred journals with minimum NAAS rating of 4 (other than his/her Master's thesis).

Number of students permitted to guide by a teacher

At any given time, Professor, Associate Professor and Assistant Professor shall not be a Chairperson for more than 6, 5 and 4 P.G. students (Master's and Ph.D. combined), respectively. The Chairperson should be a recognized P.G. teacher with 5 years of experience and 5 NAAS rating publications or possesses Ph. D. with good publications, made after joining the University.

Number, name and thesis title of M.Sc. (Ag) Plant Pathology in last five years

Sl No	Thesis Title	Name of the Student
2015-16		
1.	Management of Tikka disease of Groundnut (*Arachis hypogaea*).	Miss Rosangpuii
2.	Reaction of *Albugo candida* to local cultivars of rapeseed and Mustard in Manipur.	Miss Tusichakma
3.	Morphological ,Physiological and Molecular Characterization of *Alternaria alternate* Isolates Causing Brinjal Fruit Rot.	Mr Marjit Chandam
4.	Characterization, Genetic Diversity and Development of Immunocapture-Reverse Transciption -PCR based Diagnostics for *Papaya ring spot virus* , prevalent in Manipur.	Mr Prateek Ranjan Behera
5.	A study on Pod Blight of Soybean (*Glycire max* L.) and its Management by Native *Trichoderma* Spp. In Valley Areas of Manipur.	Miss C. Lalhruaitluangi
6.	Variability & Molecular Characterization of *Pestalotiopsismangiferae* Bult. Causing Grey Leaf Spot of Mango	Mr Ch. InaoKhaba
2016-2017		
1.	Morphological and Molecular Variability of Collectrotrichumcapsici causing Anthracnose of Chilli in Valley Districts of Manipur and its Management	Miss Roseline Salam
2.	Post Harvest Diseases of Mango (*Mangifera indica* L.)	Miss Rahee Bui
3.	Morphological and Molecular Variability of *Sclerotium rolfsii.* Sacc and *in vitro* Management.	Miss K. Dinesh

4.	Morphological and Molecular Characterization of *Alternaria* spp. Causing Alternaria Blight of Marigold an d its Management.	Miss Tokmem Siram
2017-2018		
1.	Studies on Variability of Native *Trichoderma* spp. ad Their *In-vitro* Effect on *Sclerotium rolfsii*Sacc. Causing Collar Rot of Chilli.	Miss V. Bhuvaneswari
2.	Studies on Aggregate Sheath spot disease of Rice and *In-Vitro* Management.	Mr Vignesh P.
3.	Morphological and Molecular Variability of *Rhizoctonia solani* Caused Sheath Blight of Rice and its *in-vitro* management.	Mr Kota Chakrapani
4.	Studies on Tree Bean (*Parkia roxbhurgii*) Decline in Perspective of Plant Pathology in Manipur.	Miss Linda Lalduhzuali
2018-2019		
1.	Effect of Native *Trichoderma* Spp. on Management of Important Fungal Diseases of Potato in Manipur.	Mr Ravi Regar.
2.	Studies on *Fusarium* wilt of Pigeon pea and *In vitr*o Management	Miss Poorvasandhya R.
3.	Effect of Native *Trichoderma* Spp. on Management of Important Fungal Diseases of Tomato in Manipur.	Mr Hanumantha Rao

6.4.7 FEEDBACK OF STAKEHOLDERS

In our University most of the faculty members are made Advisor of about 10 students. There has to be at least one meeting (mostly on Saturday) of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member /staff /Dean were needed, Advisors took their help and solved the problem.

There is time to time feedback received from students, parents, staffs as well as stakeholders and farmers. The feed back received from all the sources were analyzed and try to solve in Departmental levels and later submitted to the competent authority which are beyond the Departmental limit. The feed back is used for the understanding the drawbacks of the present system. As a result, it is utilized to improve teaching methods, infrastructure, research any other relevant subjects to improve.

Few feedbacks received from students is attached below:

6.4.9 ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc. of students. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

6.4.10 The information pertaining to6.4.1to6.4.9hasbeen provided for PG programme *i.e.,* MSc. (Agri,) in Plant Pathology of College of Agriculture, Iroisemba, Manipur is correct.

6.4.11 Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12 Certificates of the Awards

I , the Dean Prof. Indira Sarangthem here by certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date &Seal

M.SC. (Ag) PROGRAMME IN SOIL SCIENCE AND AGRICULTURAL CHEMISTRY

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1. Brief History of the Degree Programme

Background information

Keeping in view of the potential of applications of agricultural technological interventions in improving the agricultural scenario of the NEH region and to increase the trained human resources in Soil Sc.& Agril. Chemistry the College of Agriculture, CAU, Iroisemba, Imphal was established. Initially, the department started teaching M.Sc.(Agri) in Soil Sc.& Agril. Chemistry in 1999 and subsequently Ph.D.programme started in 2012. The mission, vision, mandate, goal, objectives and thrust areas of the College are as:

Mission

- To create the manpower specialized to the subject,
- To equip the knowledge of soil fertility and sustainability,
- To train the farmers and extension functionaries of the region on soil fertility related to crop production.

Vision : In accordance the vision of the CAU, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self employment and as contributors to livelihood and food/nutritional security.

Mandate : Fill the gap of shortage of manpower in the discipline of Soil Sc.&Agril. Chemistry

- Utilization of natural resources for sustainable agriculture of the region.

Thrust Area

With respect to human resource development, research and extension education activities, College of Agriculture, CAU, Imphal was setup with the following thrust areas:

i) **Human resource development** in the discipline of Soil Sc.&Agril. Chemistry,

ii) **Research**

- Finding the solution to increase economic crop production through balanced fertilization,
- Adoption/refinement and development of critical levels of nutrients in soils and plants for effective fertilization for economic yield and
- Adoption of integrated nutrient management for sustainability.

iii) **Extension Education**

Extension activity is one of the most important techniques for transfer of technology from the improved research findings to the farmers and extension functionaries of the region. The knowledge of this discipline will definitely enhance the economic crop production for long period of time with least environmental pollution.

M.Sc. (Agri) Degree Programme

The Department of Soil Science and Agricultural Chemistry, College of Agriculture, Central Agricultural university, Iroisemba, Imphal is one of the major department under the agricultural teaching system as per 5th Deans' Committee. Since the establishment of the College of Agriculture, CAU, Iroisemba, Imphal, the Department of Soil Science and Agricultural Chemistry is engaged in teaching of B.Sc.(Agri) students as per course curriculum of ICAR and latest by as per 5th Deans' Committee. Later on M.Sc.(Agri) in Soil Science and Agricultural Chemistry started with the admission of students from ICAR-JRF and CAU entrance examination.

Department of Soil Science and Agricultural Chemistry

The mission of the Department of Soil Science and Agricultural Chemistry, College of Agriculture, CAU, Iroisemba, Imphal is to be a centre of excellence in teaching, research and

extension education in the line of nutrition, soil fertility management and diagnosis of nutrients through soil testing.

The department has well-established laboratory with AAS facility for micronutrients analysis. The M.Sc. (Agri) and Ph.D. students are getting the following scholarships and fellowships.

Scholarships and Fellowships

- ICAR-JRF including NTS
- CAU-University fellowship

Seminar	SOILS -591	MASTER'S SEMINAR	1+0=1	Dr. N. Surbala Devi	Ph.D.
Supporting Courses	STAT-511	STATISTICAL METHODS FOR APPLIED SCIENCES	3+1=4	Shri. N. Gopimohan Singh & Dr. N. Okendro Singh	M.Sc.(Stats) Ph.D.
	STAT-512	EXPERIMENTAL DESIGNS	2+1=3	Shri. N. Gopimohan Singh	M.Sc.
Research	Master Research		0+20=20	Dr. R.K. Kumarjit Singh (Retired), Dr. A. Herojit Singh, Dr. Indira Sarangthem (Dean) and Dr. N. Surbala Devi	Ph.D.

6.4.3. Technical and supporting staff

Sl. No.	Name of the posts and number	Remarks
1.	Field cum Lab. Assistant-2	Looking after the laboratory, field works and PG and Ph.D. research works
2.	MTS -1	-do-
3.	Contractual labour -1	-do-

6.4.4. Classrooms and Laboratory

There are sufficient classrooms which are utilizedfor PG class. The department is having laboratories, one for UG and another for PG and Ph.D. students. Separate rooms for AAS and digestion chamber are also there in the department. These laboratories are well-equipped for soil and plant analyses.

Details of laboratories and equipments

Sl. No.	Name of the laboratory	
1.	**UG & PG laboratory**	AAS, HPLC, Spectrophotometer, Flame photometer, N-analyser, pH meter, EC meter, Hot-air oven, Hot plate, Electronic balances, Electric stirrer, Centrifuge, Hot water bath, Turbidity meter, Yonder sieve shaking machine, Horizontal shaker, Hot water shaker, Quartz double distillation units, Hydrometers, Muffle Furnace, BOD Incubator, Deep freezer, Refrigerator, Centrifuge machine, etc.

Number of M.Sc.(Agri) students qualified during the last 5 (five) years (2015-20)

Sl.No. Name of the student ARS/JRF/SRF Year

NIL

Awards/Recognition/Certificates (M.Sc. students for last five years)

Year	Name of the student	Detail of recognition
2018	Sudip Sarkar	Best poster presentation award in the 1st farm innovation congress, 2018 and national conference on "Innovative farming for food and livelihood security in changing climate" during 12-14th January, 2018 at BCKV, Kalyani, Naia, West Bengal
2021	NakeerthaVenu	Second position in poster presentation in the national seminar on "Conservation and commercialization of citrus biodiversity in NEH region" during 18-19th February, 2021 at College of Agriculture, Imphal, Manipur

6.4.5. CONDUCT OF PRACTICAL AND HAND-ON-TRAINING

The maximum number of student per batch is less than ten including Agronomy students. So, there is no problem for conducting practical class in the laboratory for PG students.

Average number of students in theory and practical classes

S.No.	Name of the degree programme	Theory	Practical
1.	M.Sc.(Agri)	Full strength	Full strength

6.4.6. SUPERVISION OF STUDENTS IN M.Sc. (Agri) PROGRMME

There are sufficient numbers of qualified and experienced faculties who are guiding the PG students in the discipline of Soil Sc. &Agril. Chemistry. The name of the faculties who are entitled to guide the PG students are given below.

S. No.	**Name of the faculty**	**Designation**	**Experience**	**No. of students supervised as major advisor**		**No. of students presently supervising as major advisor**

2020-21		
20.	Phosphorus Transformation in Rock Phosphate Fertilized Soil Applied with Phosphorus Solubilizing Bacteria and Farm Yard Manure	AkhilDev Tamalam
21.	Boron Transformation in an Acid Soil Applied with Boron and Lime	Hiren Das
22.	Effect of Nitrogen and Molybdenum on Soil Properties and Yield of Pea (*Pisumsativum* L.)	Ch. Karuna Chanu
23.	Effect of zinc on soil properties and yield under rice-rapeseed sequence	Sanjeev Kumar
24.	Status of zinc in the soils of Imphal East district, Manipur	Pawan Kumar
25.	Status and distribution of zinc in the soils of Thoubal district, Manipur	Lalitha Gollapudi

6.4.7. FEED BACK OF STAKE HOLDERS

In the college, all the faculty members are made advisor of the students. There has at least one advisory meeting with the students. Sometimes the students raised their problems particularly academic matter during the meeting and every advisor tried to solve the problems. If the problem is beyond capacity of the advisor, then the matter is put up to the higher authority to solve the problems.

There is a register with the Student Welfare Officer (SWO) of the College in which any student can raised the problems related to academic, hostel, etc. The SWO brought the problem to the notice of the Dean of the College. The Dean of the College discussed the issues with the students along with the advisor to solve the problems if it is needed.

In every semester, there was a meeting with the student representatives and advisors appointed by the Dean, College of Agriculture to discuss the problems faced by the students to put up to the academic council meeting of the University. Academic Council Meeting was held every year.

CAU organized Inter Collegiate Youth Festival and CAU Agri-Fair every year at different constituent colleges of the University. During the Agri-Fair, there were many technological

demonstrations in which the farmers/stakeholders made various queries related to agriculture and university authority tried to solve the problem faced by them. There were interaction programme with the farmers and scientists everyday during the Agri-Fair.

Research Council Meeting and Extension Council Meeting were held every year along with the progressive farmers, FPO members, SHGs, related officials of state government, entrepreneurs, etc. and their problems and suggestions were noted for further actions.

The Department of Soil Science & Agricultural Chemistry have trained the extension functionaries of the Directorate of Agriculture, Government of Manipur about the Hands-on-practical on soil testing.

Feedback received from the students, parents and employer are used to improve curriculum delivery, course evaluation process, infrastructure in the laboratories and sections of the department, chemicals and reagent availability and other research facilities.

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1Brief History of the Degree Programme

Back ground information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region blessed with abundant natural resources and to address to the issues of shortage of trained human resource in Agronomy, the than Manipur Agriculture College was upgraded to College of Agriculture, under Central Agricultural University (CAU) by an act of parliament in 1993. The first batch of PhD programme was started in the year 2015 with admission of two students, one is from ICAR-SRF and another is from CAU entrance examination.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

To be the centre of excellence in teaching, research and extension activities in the discipline of Agronomy for increasing the productivity and quality of crop and maintaining the soil health.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Agronomy.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has set up following thrust areas;

ix) Human Resource Development

Human resource development in the discipline of Agronomy.

x) Research

- Development of suitable Agro-techniques for different crops to increase the production, quality and income
- Suitable technology for organic farming of selected crops like aromatic black aromatic rice.
- Alternative/ improve system in Jhum cultivation
- Development of suitable cropping system which are remunerative and eco-friendly

xi) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved Agro- techniques for higher productivity and profitability to the farming community of the region.

Ph.D. Degree Programme

Agronomy is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Agronomy is engaged in teaching of graduate, Post-graduate and Ph.D students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. In the year 2015, admission of PhD students started with intake of two students.

Department of Agronomy

The mission of the Agronomy Department of COA, Imphal to be a centre of excellence in teaching, research and extension education in the discipline of weed management, water management, nutrient management of different field crops, cropping system, organic farming with special reference to NEH region.

The Ph.D. students are getting the following scholarships &Fellowships.

Scholarships & Fellowships

1. UGC Fellowship- 1
2. ICAR-SRF (Without Fellowship)-
3. CAU university fellowship- 10
4. SC/ST FellowShip -1

35.4.2. FACULTY STRENGTH

At the Department of Agronomy, College of Agriculture, Imphal the following Faculty members/Scientists and staffs are associated in teaching and guiding the students of B.Sc(Ag), M.Sc (Ag) and Ph.D level courses during 2015-2020.

Faculty	Number	Permanent	On contract/from other sister organizations/ guest	Faculties involved in teaching of Ph.D Agronomy
Professor	4	4	-	4
Associate	1	1	-	-

Professor				
Assistant Professor	1	1	-	1

**All the faculty were assigned the responsibility for the multiple programme (Bachelor level, PG level and Ph.D Levels)*

Information regarding the designation and qualification of various faculty members are given below.

Information regarding faculties teaching and guiding Ph.D. (Agronomy) programme

Classification of Courses	Title of Course	Faculty	Qualification
Major Subject	Current trends in Agronomy	Dr. M Sumarjit Singh, Prof. Dr K. Nandini Devi, Prof.	Ph.D
	Crop Ecology	Dr. M Sumarjit Singh, Prof. Dr. Edwin Luikham, Prof.	Ph.D
	Advances in crop growth and productivity	Dr. Edwin Luikham,Prof. Dr. M Sumarjit Singh,Prof.	Ph.D
	Irrigation Management	Dr. Edwin Luikham,Prof. Dr. J. Lhungdim, Asst Prof.	Ph.D
	Advances in weed management	Dr K. Nandini Devi, Prof. Dr L. Nabachandra Singh,Prof	Ph.D
	Soil conservation and watershed management	Dr L. Nabachandra Singh,Prof Dr. J. Lhungdim, Asst Prof.	Ph.D
	Integrated farming system	Dr L. Nabachandra Singh,Prof Dr. J. Lhungdim, Asst Prof Dr K. Nandini Devi, Prof.	PhD
Minor Subject	Fertilizer technology	Dr. N.Surbala Devi Asst. Prof	Ph.D
	Land degradation and restoration	Dr. N.Surbala Devi Asst. Prof	Ph.D
	Land use planning and watershed management	Dr. A Herojit Singh, Prof.	Ph.D
	Advance in soil fertility	Dr. Indira Sarangthem Devi Prof.	Ph.D
Supporting Subjects	Data analysis using statistical packages	Dr. N. Oken Singh .Prof.	Ph.D
	Advances in Breeding of Major field crops	Dr. Ph. Ranjit Sharma, Prof.,Dr EVD Sastry, Prof. Dr. Renuka Assoc. Prof.	PhD
	Plant Bio-security and Bio-safety	Dr. Bireshwor Singha, Asstt. Prof. Dr.Sumitra	PhD
Seminar	Doctoral Seminar-I(1+0)	Dr K.Nandini Devi., Prof.	Ph.D
	Doctoral Seminar-II(1+0)	Dr K.Nandini Devi., Prof.	Ph.D

Research	Doctoral Research(**0+45**)	Dr Edwin Luikham, Prof. Dr L Nabachandra Singh, Prof. Dr M. Sumarjit Singh. Prof. Dr Nandini Devi. Prof. Dr. J. Lhungdim, Astt.Prof.	Ph.D Ph.D PhD PhD

35.4.3. TECHNICAL AND SUPPORTING STAFF

The college is employing staff as per the recommendations of various Dean's Committee. All the Technical, Supporting, Administrative and Ministerial Staffs are having responsibilities for multiple programs (B.Sc, M.Sc and Ph.D.).Along with the various teaching facilities the college is also having well furnished/equipped and well staffed, separate hostels(including Mess) for Boys and Girls, Medical Unit(including one Medical Officer, Pharmacist, Male and Female Nurses), Gymnasium in Boys and Girls Hostel, Sports facilities(Indoor within the college and Out door in College) ,Guest House, Canteen, Auditorium, Mini Auditorium, ATIC, Library, Business Incubator, Academic Unit, Audit & Account Unit, Establishment Unit, Purchase Unit, Vehicle section, Estate Section, Security section, parking space, separate toilets (for ladies and gents)within the buildings and outside the buildings etc. All these facilities are available to the students. The hostels are managed by wardens. There are facilities for Yoga and Meditation, Self Defense etc. A student welfare Officer had guided and helped the students during the period under report. Various laboratory/facilities are having one Field-cum-Lab Assistant and Multi-Tasking Staff. There are various outside funded projects including All India Coordinated Research Projects. Many University projects are also running in the various departments of the college. In these projects many technical personals and Multi Tasking staff are also working. Similarly, many technical and supporting staffs are working in the college on contract. All these staff/manpower are available to the students during course of their Practical Work and Project Work.

35.4.4. CLASS ROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of Ph.D. (Agronomy). There are various labs which are being utilized by different UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

List of the Equipment's at Department of Agronomy, College of Agriculture, CAU(I)

Awards/Recognition/Certificates (PhD students in last five years)

Year	Name of the Student	Details of Award/Recognition
2015	Priyanka Irungbam (1A-15 Ph D)	ICAR-NET Qualified
2017	Priyanka Irungbam (1A-15 Ph D)	Best poster Award, CAU National seminar on Horticulture
2015	Kh. Lenin Singh (7A-15 Ph D)	ICAR-NET Qualified
2017	Anju Keisham (5A-18 Ph D)	ICAR-NET Qualified
2017	Ksh. Manishwari Devi 7A-19(Ph.D)	ICAR-NET Qualified
2018	Ph. Maneka Sharma (6A-18 Ph D)	ICAR-NET Qualified
2018	Keisham Dony Devi 1A-20 (Ph.D)	Gold medalist of CAU 2018 completed
2021	Thoudam Anupama Devi 2A-20 (Ph.D)	3rd Best poster award, CAU conference

35.4.5. CONDUCT OF PRACTICAL AND HANDS-ON-TRAINING

There are manage able number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students 'participation and active monitoring. Students conducted their practical training in Laboratory, research field of the college, visit experimental fields of other institutes.

Average number of students in theory and practical classes

S. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical
1.	**Ph.D.(Agronomy)**	Full strength	Full strength

6.4.6 SUPERVISION OF STUDENTS IN Ph.D. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding Ph.D. students in the area of Agronomy. The names of the faculties who are entitled to guide Ph.D students are given below.

Sl. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided/guiding	
					Guided	Guiding
1)	Dr. Edwin Luikham	Professor	Ph.D.	29 years	1	2
2)	Dr. L.Nabachandra Singh	Professor	Ph.D.	31 years	1	2
3)	Dr.M.Sumarjit Singh	Professor	Ph.D.	31 years	1	1
4)	Dr. K. Nandini Devi	Professor	Ph D	16 Years	-	2
5)	Dr. J. Lhungdim	Asstt. Prof.	Ph D	12 Years	-	1

a. Ph.D students completed their degree programme in the last five years

S. No.	Name and admission No.	Thesis title
1.	Priyanka Irungbam 1A-15 (Ph.D)	Effect of integrated weed and nutrient management on weed dynamics and productivity of rice (Direct seeded)- Rapeseed (Zero tilled) cropping system under rainfed condition
2.	Yumnam Sanatombi Devi 6A-16 (Ph.D)	Effect of crop establishment methods and organic manures on the performance of Black aromatic rice-pea cropping system
3.	Khwairakpam Lenin Singh 7A-15 (Ph.D)	Comparative performance of rice establishment methods under different nitrogen management practices in rice- rice cropping system

b. List of students presently pursuing (Ph.D) (Agronomy)programme

1. Ranjam Hijam, 1A-16 (Ph.D)
2. Y.Bebila Chanu, 11A-16 (Ph.D)
3.Meghna Gogoi, 6A-17 (Ph.D)
4.Anju Keisham, 5A-18 (Ph.D)
5.Ph. Menaka Sharma, 6A-18 (Ph.D)
6. Tabuiliu Abonmai, 3A-19 (Ph.D)
7.Kshetrimayum Manishwari, 7A-19 (Ph.D)
8.Keisham Dony Devi, 1A-20 (Ph.D)
9.Thoudam Anupama Devi, 2A-20 (Ph.D)

c. Publication (From student's research work during last five years)

1. Priyanka, I; L.N. Singh; E. Luikham; N.Okendro Singh; H. Punabati and Y.Bebila Chanu (2019) Effect of different weed and nutrient management practices on the growth and yield of kharif rice in Manipur Valley. Int. J. Curr. Microbiol.App.Sci. 8(4): 128 – 137.
2. Singh Khwairakpam Lenin, E. Luikham, K. Nandini Devi and Priyanka Irungbam (2019). Effect of Crop Establishment Methods and Nitrogen Management on Growth, Yield Attribute and Yield of Rice (*Oryza sativa* L.) under Lowland Condition of Manipur Valley. *Int.J.Curr.Microbiol.App.Sci 8*(11): 47-58.
3. Singh Khwairakpam Lenin, E. Luikham and K Nandini Devi (2019). Studies on physiological characteristic of rice (*Oryza sativa* L.) as influence by crop establishment methods and nitrogen management under lowland condition of Manipur valley. *International Journal of Chemical Studies 7(6): 282-287*
4. Yumnam Sanatombi Devi, MS Singh, Indira Sarangthem, N Okendro and Meghna Gogoi *(2019).* Effect of crop establishment methods and organic manures on the yield of black aromatic rice and chemical properties of soil. *IJCS, 7(6):1342-1345*
5. . Yumnam Sanatombi Devi, MS Singh, J Lhungdim, L Nabachandra Singh, Bebila Chanu *(2019),*. Effect of crop establishment methods and organic manures on growth of black aromatic rice. *JPP,8(6):470-474,*

d. Research project completed/ongoing during last five years

1. System approach on Agronomic research for adoption of SRI in Manipur (Funding agency- TATA TRUST)
2. Tribal sub plan project, Enhancing socio-economic status and livelihood security of tribal farmers of NEH states though Agricultural interventions (Funding agency - ICAR)
3. Identification of climate resilient food crops, traditional rice varieties of Manipur and their production enhancement through scientific manipulation having least impact to climate change. (Funding agency -DST)
4. Influence of mulching on production potential and economic of rainfed rice based cropping system in Manipur. (Funding agency - CAU)
5. Weed management study on direct seeded and transplanted rice under lowland condition of Manipur. . (Funding agency -CAU)
6. Field configuration and weed management techniques for Soybean production for enhancing socio-economic status of *Jhum* farmers of Manipur influenced by different tillage systems under rice fallow condition. (Funding agency -CAU)
7. Study on yield and economics of rapeseed-mustard as influenced by different tillage systems under rice fallow condition. (Funding agency -DST)

6.4.7 FEEDBACK OF STAKEHOLDERS

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem.

There was / is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.). The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures.

During Farewell of the final year students they sometimes raised the problem faced by them during their stay of four years in the college. After knowing their problems Dean and Faculty tried to implement their suggestions.

In every Semester there was a meeting of Dean with representative of Students to discuss

their problems related to teaching, hostels, etc. Generally Students raised their issue which used to be discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice-Chancellor were sent to him for satisfactory solution.

CAU organized Agricultural Fair every year in various states of NEH. During these fair many parents visited these fairs. Many times parents also visited the college or talked to various officials over phone. During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions. Many times college implemented these suggestions. Every Year College also organized Technology Demonstration Mela/ Farmers 'Agriculture Fair. Many farmers of NEH region visited these Mela /Fair. During their visit interaction between various faculties and farmers were held and we got their opinion regarding various academic works, hostels and other facilities of the college.

Extension council meeting of the college and University were regularly held every year. During these meeting, progressive farmers, members of FPO, members of SHG, state government officials, entrepreneurs etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers during last five years in Agronomical aspects from various funded external as well as internal project.

Few feedbacks received from students are attached below:

6.4.11 ICT APPLICATIONIN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc. of students. The college is having a system(e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including classrooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities during the period under report.

6.4.13 The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* Ph.D.(Agriculture) in Agronomy of College of Agriculture, Iroisemba, Manipur is correct.

6.4.13. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section6.4 is liable to the verification at any stage.

6.4.14. Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

PH.D PROGRAMME IN ENTOMOLOGY

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1. Brief History of the Degree Programme

Background information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Plant Pathology, College of Agriculture, Central Agricultural University (CAU), Imphal. Initially this present Department was named as Zoology and Entomology, later on as per the ICAR-Deans committee norms, changed to Department of Entomology with teaching students of BSc (Agri), MSc (Ag), Entomology and in the Year 2017, first batch of PhD programme was started with admission of two students, one is from ICAR-SRF and another is from CAU entrance examination.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

i) To create manpower in area of specialization to Entomology

ii) To achieve sustainable Plant Protection strategies

iii) To train farmers/ extension functionaries on Insect Pest Management

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Entomology.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has setup following thrust areas;

i) Human Resource Development

Human resource development in the discipline of Entomology.

ii) Research

- Finding the solution for the hill agriculture with conservation approach having organic base to increase production and productivity of crops by adoption/refinement/development of plant protection measures.
- Adoption/refinement/development of improved Insect Pest diagnosis.
- Adoption, promotion and development of improved techniques of plant pest management, in relation to climate change in the region.
- Adoption and promotion of use of different appropriate sustainable sources of Plant protection strategies in relation to crop specific, region specific.

iii) Extension Education

Undertaking variety of extension, education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved techniques of pest management strategies for higher productivity and profitability with reduced losses ensuring higher net returns to the farming community of the region.

Ph.D. Degree Programme

The Department of Entomology is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Entomology is engaged in teaching of the B.Sc. (Ag) students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on there is opening of the M.Sc. (Ag) in Entomology. In the year 2017, admission of Ph.D. students started with intake of two students, one is from ICAR-SRF and another is by CAU entrance examination.

Department of Entomology

The mission of the Entomology Department of COA, Iroisemba tobe a centre of excellence in teaching, research and extension education in the discipline of pest management, diagnosis, so as to reduce losses in crops in NEH region.

With the help of well-established labs including biocontrol laboratory, Insecticide residue laboratory, molecular laboratory and honey bee disease diagnosis laboratory this Department is contributing for the running of B.Sc. (Agricultural), M. Sc (Entomology) and Ph.D. (Entomology) programme. The Ph.D. students are getting the following scholarships & Fellowships.

Scholarships & Fellowships

G. 6.4.3. TECHNICAL AND SUPPORTING STAFF

The college is employing staff as per the recommendations of various Dean's Committee. All the Technical, Supporting, Administrative and Ministerial Staffs are having responsibilities for multiple programs (B.Sc, M.Sc and Ph.D.). Along with the various teaching facilities the college is also having well furnished/ equipped and well staffed, separate hostels (including Mess) for Boys and Girls, Medical Unit (including one Medical Officer, Pharmacist, Male and Female Nurses), Gymnasium in Boys and Girls Hostel, Sports facilities (Indoor within the college and Outdoor in College) , Guest House, Canteen, Auditorium, Mini Auditorium, ATIC, Library, Business Incubator, Academic Unit, Audit & Account Unit, Establishment Unit, Purchase Unit, Vehicle section, Estate Section, Security section, parking space, separate toilets(for ladies and gents) within the buildings and outside the buildings etc. All these facilities are available to the students. The hostels are managed by wardens. There are facilities for Yoga and Meditation, Self Defense etc. A student welfare Officer had guided and helped the students during the period under report. Various laboratory/facilities are having one Field-cum-Lab Assistant and Multi- Tasking Staff. There are various outside funded projects including All India Coordinated Research Projects. Many University projects are also running in the various departments of the College. In these projects many technical personals and Multi Tasking staff are also working. Similarly many technical and supporting staffs are working in the college on contract. All these staff/ man power are available to the students during course of their Practical Work and Project Work.

S. No.	Name of the posts and number	Remarks
1.	Field cum Lab. Assistant-1	Looking after the laboratory, field works and PG and Ph.D. research works
2.	MTS -1	-do-
3.	Contractual labour -3	-do-
4.	Contractual SRF-3	-do-
5.	Contractual Bee Professional-1	-do-

6.4.4. CLASSROOMS & LABORATORY

There are sufficient classrooms in various divisions, which are being used by the students of Ph.D. (Entomology). The smart class room facility is being also utilized by the students of Ph.D. (Entomology). There are various labs which are being utilized by different UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee.

Details of the Laboratory and the equipment's being used are given below:

S. No.	Name of the Laboratory
1.	UG Laboratory (consisting of microscopes, insect display box & plastic boards, dry and digital)
2.	P.G./Ph.D. (consisting of well-equipped operational lab)
3.	Bio-control-*Trichogramma* Laboratory (well established with equipments for *Trichogramma* mass production)
4.	Bio-insecticide preparation Unit (consisting of all facilities required for the uroinsecticide production)
5.	Green house (One)
6.	Net house (Two)
7.	Honey processing Unit -2 (1 for 250 litre capacity & another for 500 litre capacity
8.	Honey bee disease diagnostic Unit-One
9.	One big Training Hall
10.	Research Plot (Sufficient Research area for Ph. D. students are available)

H. 6.4.5. CONDUCT OF PRACTICAL ANDHANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. Students conducted their practical training in various Laboratory, research field of the college. The Ph.D. students are time to time sent to ICAR institutes for hands on training on modern molecular biotechnology.

Average number of students in theory and practical classes

Sl. No.	Name of the degree programme	Batch of student in theory	Batch of student in practical
1.	Ph.D. (Entomology)	Full strength	Full strength

35.4.6. SUPERVISION OF STUDENTS IN Ph.D. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding Ph.D. students in the area of Entomology. The names of the faculties who are entitled to guide Ph. D students are given below.

Sl. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided/guiding	
					M. Sc	Ph. D
1	Smt. Th. Bina Devi	Assistant Professor(S.G.)	M.Sc. (Agri)	40 years	5	-
2	Dr. K.I. Singh	Associate Professor	Ph.D.	20 years	16	1
3	Dr. K. M. Singh	Professor	Ph.D.	20 years	6	2
4	Dr S.M. Haldhar	Associate Professor	Ph D	15 Years	7	2

35.4.7. FEEDBACK OF STAKE HOLDERS

In our University most of the faculty members are made Advisor of about 10 students. There has to be at least one meeting (mostly on Saturday) of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/ staff/ Dean were needed, Advisors took their help and solved the problem.

There was / is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.). The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/ Group of Students/faculties/ officials and took remedial measures.

During Farewell of the final year students they sometimes raised the problem faced by them during their stay of four years in the college. After knowing their problems Dean and Faculty tried to implement their suggestions.

In every Semester there was a meeting of Dean with representative of Students to discuss their problems related to teaching, hostels, etc. Generally Students raised their issue which used to be discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice- Chancellor were sent to him for satisfactory solution.

CAU organized Agricultural Fair every year in various states of NEH. During these fair many parents visited these fairs. Many times parents also visited the college or talked to various officials over phone. During these visits and discussions they appreciate the facilities and academic atmosphere of the college. Sometimes they also made various suggestions. Many times college implemented these suggestions. Every Year College also organized Technology Demonstration Mela / Farmers' Agriculture Fair. Many farmers of NEH region visited these Mela /Fair. During their visit interaction between various faculties and farmers were held and we got their opinion

regarding various academic works, hostels and other facilities of the college. Extension council meeting of the college and University were regularly held every year.

During these meeting, progressive farmers, members of FPO, members of SHG, state government officials, entrepreneurs etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs & farmers (around 1200 numbers) during last five years in plant disease management, biocontrol production, mushroom spawn production and mushroom production from various funded external as well as internal project.

35.4.9. ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc. of students. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or
from various funding agencies for various outside funded projects were/are deposited in the college account through Public Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying & Printing facilities are also available in the library. Students used all these facilities duringthe period under report.

6.4.10. The information pertaining to 6.4.1 to 6.4.9 has been provided for PG programme *i.e.,* Ph.D. (Agriculture) in Entomology of College of Agriculture, Iroisemba, Manipur is correctly.

Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.11. Certificates of the Awards.

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

PH. D. PROGRAMME IN GENETICS AND PLANT BREEDING

6.4. SELF STUDY REPORT FOR Ph.D. DEGREE PROGRAMME

6.4.1 Brief History of the Ph. D. (Genetics and Plant Breeding)

Background information

Keeping in view the high potential of applications of agricultural technological interventions in improving the agricultural scenario of NEH region and to address to the issues of shortage of trained human resource in Genetics and Plant Breeding, College of Agriculture, Iroisemba, Central Agricultural University (CAU), Imphal the Ph.D. (Plant Breeding and Genetics) was open in the year 2012. Initially this present Department was named as Plant Breeding and Genetics, later on as per the ICAR-Deans committee norms; it is changed to Department of Genetics and Plant Breeding with teaching students of B.Sc. (Hons) Agriculture; later M.Sc. Ag. (Genetics and Plant Breeding) started with admission of students from All India Competitive Examination for ICAR's JRF and admission to PG programmes of IARI, NDRI, CIFE, CAU and SAU's as well as by CAU, Imphal entrance examination; and Ph.D. (Genetics and Plant Breeding) through CAU, Imphal entrance examination.

The mission, vision, mandate, and thrust areas of the college is given below.

Mission

i) To create manpower in area of specialization to Genetics and Plant Breeding.
ii) To identify and breed varieties suitable to agro-climatic conditions of the state in particular and NE Region in general.
iii) To train farmers/ extension functionaries on adoption and result demonstration of the identified and bred varieties.

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Iroisemba is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/nutritional security.

Mandate

- Shortage of trained manpower in discipline(s) of Genetics and Plant Breeding.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India.

Thrust Areas

With respect to human resource development, research and extension education activities the college has setup following thrust areas;

i) Human Resource Development

Human resource development in the discipline of Genetics and Plant Breeding

ii) Research

- Identifying and breeding varieties suitable for different agro-climatic conditions of major crops.
- Maintenance breeding of the released varieties of the University.
- Replacement of age old varieties released by the state department and other Institutes with new varieties.
- Utilization and conservation of vast biodiversity in major crops for identifying and breeding varieties which will solve the problem arises due to climate resilient conditions.
- To undertake basic, applied and adaptive research to seek appropriate solutions to emerging problems in agriculture and develop suitable varieties to improve socio-economic conditions of the farming community.

iii) Extension Education

Undertaking variety of extension education activities for transfer of technology through involvement of farmers, researchers and extension education functionaries for promoting adoption of improved varieties of major crops for higher productivity and profitability ensuring higher net returns to the farming community of the state in particular and NEH region in general. Front line demonstration and result demonstration of the identified and bred varieties of the major crops in the farmers' filed and adopted village of the College so that farmers are convinced themselves to adopt the varieties.

Ph. D. Degree Programme

The Department of Genetics and Plant Breeding is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Genetics and Plant Breeding is engaged in teaching of the B.Sc.(Hons) Agriculture students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on M. Sc. Ag. (Genetics and Plant Breeding) started with admission of students from All India Competitive Examination for ICAR's JRF and admission to Master's programmes of IARI, NDRI, CIFE, CAU and SAU's, as well as by CAU, Imphal entrance examination and Ph.D. (Genetics and Plant Breeding) by CAU, Imphal entrance examination.

Department of Genetics and Plant Breeding

The mission of the Genetics and Plant Breeding Department of College of Agriculture, Iroisemba to be a centre of excellence in teaching, research and extension education in the discipline of crop improvement, adaptive research and strategic research, so as to help in increasing crop productivity in the state in particular and NEH region in general.

With the help of well-established labs including biotechnology laboratory, this Department is contributing for the running of B.Sc. (Hons) Agriculture, M. Sc. Ag. (Genetics and Plant Breeding) and Ph.D. (Genetics and Plant Breeding) programme; and internship programme of students from other Universities.

8	Dr. Sonika Yumnam	Scientist	Ph.D.	8 Years	-
9	Dr. Pushparani Senjam	Scientist	Ph.D.	7 Years	-

Eligible criteria to become research guide:

As per clause no. 2.12.2 of existing Academic regulations the eligible criteria to become research guide is as below:

i). Master's Programme:

a) Associate Professor and above and their equivalents

or

b) Assistant Professor and equivalent with Ph.D. degree in the discipline/ subject who has published two research papers other than his/her Master"s and Ph.D. theses.

or

c) Assistant Professor and equivalent without Ph.D. degree, provided he/she has at least two years of PG teaching experiences and 5 (five) research papers published in referred journals with minimum NAAS rating of 4 (other than his/her Master's thesis).

ii) Ph. D. Programme :

a. Ph.D. in the concerned/related discipline

b. All Professors are eligible to guide Ph.D. students

c. A teacher other than Professor must have must guided or is guiding 2 (two) Master‟s students and has published four research papers in NAAS rated journals (other than his/her Masters‟ or Ph.D. thesis)

or

A teacher must have guided 3 (three) Masters‟ students successfully as a Major Advisor.

Maximum number of student/guide at a time:

According to clause no. 2.8.1 (iii) of the existing academic regulations the maximum number of student/guide at a time is as follow:

At any given time, Professor, Associate Professor and Assistant Professor shall not be a Chairperson for more than 6, 5 and 4 P.G. students (Master‟s and Ph.D. combined), respectively. The Chairperson should be a recognized P.G. teacher with 5 years of experience and 5 NAAS rating publications or possesses Ph. D. with good publications, made after joining the University.

6.4.7. FEED BACK OF STAKE HOLDERS

The feedback is received from the students, parents and employer. The feedback is used to improve the curriculum delivery, course evaluation process, and development of infrastructure in the different laboratories and sections of the department, availability of chemical and reagents and other research facilities.

In our University most of the faculty members are made Advisor of students. There has to be at least one meeting of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member/staff/Dean were needed, Advisors took their help and solved the problem.

There is a register with the Student Welfare Officer of the College, in which any student can raise their problems (related to academic, hostels etc.).The Student Welfare Officer brought the problem to the notice of the Dean of the College. Dean discussed the issue with the Student/Group of Students/faculties/officials and took remedial measures. At the University level there is Student Advisory Council which discuss and solve the appropriate demand raised by the student representatives of different constituent colleges.

In every Semester there was a meeting of Dean with representative of Students to discuss their problems related to teaching, hostels, etc. Generally Students raised their issue which has to be discussed in the meeting. The issues which can be solved at the College level were settled in the College itself. The issues which needed the attention of the Vice-Chancellor were sent to him for satisfactory solution.

Extension council meeting and Interface meeting of the College and University were regularly held every year. During these meeting, progressive farmers, members of Farmer Producer Organization (FPO), members of Shelf Help Groups (SHG), entrepreneurs and officials from line departments of the State Government etc. participated and gave their feedbacks and suggestions.

We have trained (through demonstration, short duration training, vocational training, training in the field etc.) many entrepreneurs, farmers and students from other Universities during last five years in Genetics and Plant Breeding and Tissue culture aspects from various funded external as well as internal projects.

Few feedbacks received from students are attached below:

6.4.8. STUDENT INTAKE AND ATTRITION IN THE PROGRAMME FOR LAST FIVE YEARS

Ph.D. (Genetics and Plant Breeding)	-	2	2	2	2	1						

6.4.9. ICT APPLICATION IN CURRICULA DELIVERY

College is having a well-equipped Computer Lab with Internet Lan Connection, All the departments and various externally funded Projects are having Computer facilities which were used for teaching, practical, project work analysis etc of students. The University is having online Academic Management System (AMS) through which students made their online research advisory committee registration. The college is having a system (e-collection) through which students deposited their fees etc. online itself. All the funds either from the University or from various funding agencies for various outside funded projects were/are deposited in the college account through Public

Finance Management System. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, residential colony).

The nodal officer of the Academic Management System conducted regular training for the newly admitted students to use the system effectively. Under the IDP- NAHEP project of CAU, Imphal the faculty were trained by the experts to use the online platform for conducting classes in online mode especially during pandemic.

Our Library is having sufficient Books for use by the Students. It is also having various facilities where student can go through various Journals, Books etc. online either in the Library or Class Rooms or Departments or in their Hostel rooms etc. The Library provides Circulation and reference services. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA. Photocopying and Printing facilities are also available in the library. Students used all these facilities during the period under report.

To check the percentage of plagiarism the college library has installed the software and student has to get the certificate from the Librarian before initial submission of their thesis.

For data analysis of the students the Department of Agricultural Statistics provide the software for different analysis.

6.4.10. The information pertaining to 6.4.1 to 6.4.9 has been provided for Ph.D. programme *i.e.,* Ph.D. (Genetics and Plant Breeding) of College of Agriculture, Iroisemba, Manipur is correct.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificates of the Awards

I, the Dean Prof. Indira Sarangthem hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding University.

Signature of Dean of the College with Date &Seal

PH.D. PROGRAMME IN PLANT PATHOLOGY

6.4. SELF STUDY REPORT FORDEGREEPROGRAMME

6.4.1. Brief History of the Degree Programme

Back ground information

Keepinginviewthehighpotentialofapplicationsofagriculturaltechnologicalinterventionsinimpro vingtheagriculturalscenario of NEH region and to address to the issues of shortage of trained human resource in Plant Pathology, College of Agriculture, Central Agricultural University (CAU), Imphal. Initially this present Department was named as BPP (Botany and Plant Pathology), later on as per the ICAR-Deans committee norms, changed to Department of Plant Pathology with teaching students of B.Sc (Agri), M.Sc. (Ag), Plant Pathology and in the Year 2015, first batch of PhD programme was started with admission of two students, one is from ICAR-SRF and another is from CAU entrance examination.

The mission, vision, mandate, goal objectives and thrust areas of the college is given below.

Mission

i) To create manpower in area of specialization to Plant Pathology
ii) To achieve sustainable Plant Protection strategies
iii) To train farmers/ extension functionaries on Plant Disease Management

Vision

In accordance with the vision of CAU, Imphal the vision of College of Agriculture, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors, to livelihood and food/ nutritional security.

Mandate

- Shortage of trained man power indiscipline (s) of Plant Pathology.
- Utilization of the natural resources for the sustainable agriculture with a special preference to the North East India, a hub of organic farming.

Thrust Areas

With respect to human resource development, research and extension education activities the college has setup following thrust areas

i) Human Resource Development

Human resource development in the discipline of Plant Pathology.

ii) Research

- Finding the solution for the hill agriculture with conservation approach having organic base to increase production and productivity of crops by adoption/ refinement/ development of plant protection measures.
- Adoption/refinement/development of improved Plant disease diagnosis.
- Adoption, promotion and development of improved techniques of plant disease management in relation to climate change in the region.
- Adoption and promotion of use of different appropriate sustainable sources of Plant protection strategies in relation to crop specific, region specific.

iii) Extension Education

Undertaking variety of extension, education activities for transfer of technology through involvement of farmers, researchers, manufactures and extension education functionaries for promoting adoption of improved techniques of Plant disease management strategies for higher productivity and profitability with reduced losses ensuring higher net returns to the farming community of the region.

Ph. D. Degree Programme

The Department of Plant Pathology is one of the major departments under Agricultural teaching system as per the 5th Deans committee. Since the establishment of the College of Agriculture, Iroisemba, the Department of Plant Pathology is engaged in teaching of the BSc(Ag) students as per the course curriculum of ICAR and latest by as per 5th Deans Committee. Later on there is opening of the M.Sc. (Ag) in Plant Pathology. In the year 2015, admission of PhD students started with intake of two students one is from ICAR-SRF and another is by CAU entrance examination.

Department of Plant Pathology

The mission of the Plant Pathology Department of COA, Iroisemba to be a centre of excellence in teaching, research and extension education in the discipline of Plant disease management, diagnosis, so as to reduce losses in crops in NEH region.

With the help of well-established labs including molecular diagnostics, mushroom laboratory and Biocontrol laboratory this Department is contributing for the running of B.Sc. (Agricultural), M. Sc (Plant Pathology) and Ph. D. (Plant Pathology) programme. The Ph.D. students are getting the following scholarships & Fellowships.

Scholarships & Fellowships

UGC Fellowship- 1
ICAR-SRF(Without Fellowship)- 2
CAU university fellowship- 5

6.4.2. FACULTYSTRENGTH

At the Department of Plant Pathology, College of Agriculture, Iroisemba the following Faculty members/Scientists and staffs are associated in teaching and guiding the students of B.Sc. (Ag), M.Sc. (Ag) and Ph.D. level courses during 2015-2020.

Sl. No.	**Sanctioned Faculty**	**Faculty in place**	**Vacant position**	**AICRP Scientists/Guest Faculty/ Teaching Contract**
1	Professor	1	1	1(Principal Scientist from ICAR as guest)
2	Associate Professor	1	0	1
3	Assistant Professor	2	0	4 [1(Scientist-ICAR as guest) 2(Scientist-AICRP), 1(MTCC-VTC)]
	Total	4	1	6

**All the faculty were assigned the responsibility for the multiple programme (Bachelor level, PG level and Ph.D Levels)*

Information regarding the designation and qualification of various faculty members are given below.

Information regarding faculties teaching and guiding Ph. D. (Plant Pathology) programme

Classification of Courses	**Title of Course**	**Faculty**	**Qualification**
Major Subject	Advanced Mycology	Dr L Nongdrenkhomba Singh, Assoc., Prof.	Ph.D
	Advanced Virology	Dr Bireswar Sinha Asst., Prof	Ph.D
	Advanced Bacteriology	Dr Ph Sobita Devi, Prof. Dr Sumitra Phurailatpam Asst.Prof.	Ph.D
	Molecular Basis of Host Pathogen Interaction	Dr Bireswar Sinha Asst Prof.	Ph.D

		Dr S K Shamra(Scientist-ICAR)	
	Principles and Procedures of Certification	Dr Ph Sobita Devi, Prof. Dr I M Singh Principal Scientist-ICAR	Ph.D
	Plant Biosecurity and Biosafety	Dr Bireswar Sinha, Asst. Prof. Dr Sumita Ksh, Scientist-AICRP	PhD
Minor Subject	Recent Trends in Biological Control	Dr K I Singh Assoc. Prof	Ph.D
	Advanced host Plant Resistance	Dr M K Gupta Prof.(Retired 2019)	Ph.D
	Molecular Approaches in Entomological Research	Dr S Haldhar Assoc. Prof Dr Nilima Karam Scientist-AICRP	Ph.D PhD
	Advanced Integrated Pest Management	Dr K I Singh Assoc. Prof	PhD
Supporting Subjects	Biotechnology for Crop Improvement	Dr N Brojendra Singh Prof.	Ph.D
	Data Analysis Using Statistical Packages	Dr N Okendro Singh Prof	PhD
Seminar	DoctoralSeminar-I(1+0)	Dr L Nongdrenkhomba Singh, Assoc., Prof.	Ph.D Ph.D
	DoctoralSeminar-II(1+0)	Dr L Nongdrenkhomba Singh, Assoc., Prof.	Ph.D Ph.D
Research	DoctoralResearch(**0+45**)	Dr Ph Sobita Devi, Prof. Dr L Nongdrenkhomba Singh, Assoc., Prof. Dr Bireswar Sinha, Asst. Prof.	Ph.D Ph.D PhD

6.4.3. TECHNICAL AND SUPPORTING STAFF

Technical Staff of the Department of Plant Pathology are:

6.4.4. CLASSROOMS & LABORATORY

I. Sl No	**J. Name of the Posts & No**	**K. Remarks**
L. 1	M. Field cum Lab Assistant- 1	N. Looking after field works as well as laboratory during practical
O. 2.	P. MTS (Multitasking Staff)-2	Q. Look after extra works on Mushroom Lab and Biocontrol lab.

There are sufficient class rooms in various divisions, which are being used by the students of Ph.D. (Plant Pathology). The smart class room facility is being also utilized by the students of Ph.D.(Plant Pathology).There are various labs which are being utilized by various UG, PG & Ph.D. Programs. These labs are well equipped as per the recommendations of various Dean's Committee

Details of the Laboratory and the equipments being used are given below.

S. No.	Name of the Laboratory
1.	UG Laboratory (consisting of microscope, herbarium- wet, dry and digital)
2.	PG/PhD (consisting of well-equipped operation lab,
3.	Molecular Plant Pathology Lab (consisting of well equipped molecular biology unit etc.)
4.	Mushroom Unit (consisting of all equipment required for the mushroom spawn and mushroom production with a big seminar hall)
5.	Biocontrol-Trichoderma Laboratory (well established with equipment for Trichoderma mass production)
6.	Green house (One)
7.	Research Plot (Sufficient Research area for PhD students are available)

List of the Equipment's at Department of Plant Pathology, College of Agriculture, CAU(I)

Sl. No.	**Name of the equipment and Model No**
1	Laminar Flow (Model no.-1500c-24-24-24, S.r. no. 112/0705)

34	Jiotech Microprocessor Incubator Code No.AAH2H22K SR R049056,Model No.1B-15G
35	Orbital shaker (DST) SLM-OS-250D
36	Refrigerators (i)L.G.Model no. GL-295TMG, (ii)L.G. Model no. GL-244GP, (iii)L.G.-FF & (iv)Godrej Eon, Model no. GFE25/2010(in Mushroom unit)
37	Elite Panaboard
38	Xerox Canon2420L
39	Glass House
40	Laminar flow , project(DBT) (in Trichoderma lab.)
41	B.O.D. from project (DBT)(in Trichoderma lab.)
42	Autoclave digital, project (Vocational training on mushroom) (Mushroom unit)
43	Straw cutter, project (Vocational training on mushroom) (Mushroom unit)

Awards/Recognition/Certificates (PhD students in last five years)

Year	Name of the Student	Details of Award/Recognition
2017	Mr Y Herojit Singh, Ph D Regd No: CAU/03-PhD(COA)/15	Best poster Award, Indian Phytopathological Society(IPS)
2017	Mr Y Herojit Singh, Ph D Regd No: CAU/03-PhD(COA)/15	ICAR-NET Qualified
2017	Mr Y Herojit Singh, Ph D Regd No: CAU/03-PhD(COA)/15	APS Travel Grant Award- NEZ, Indian Phytopathological Society(IPS)
2019	Miss W Tampakleima Chanu, Ph D RegdNo:CAU/274-A/14(M)	APS Travel Grant Award- NEZ, Indian Phytopathological Society(IPS)
2019	Miss W Tampakleima Chanu, Ph D RegdNo:CAU/274-A/14(M)	Best Poster Award, Indian Society of Seed Technology (ISST)
2019	Mr Y Herojit Singh, Ph D Regd No: CAU/03-PhD(COA)/15	Plantica Best Thesis Award 2019(PhD) , Association of Plant Science Researcher, Plantica

		Foundation, Uttarakhand, India
2019	Mrs K Sarda Devi, PhD student	ICAR-NET Qualified
2019	Mrs Chandrajini Devi, PhD student	ICAR-NET Qualified
2019	Mr Y Herojit Singh, Ph D Regd No: CAU/03-PhD(COA)/15	Selected as SMS, KVK(Tura)
2021	Miss W TampakleimaChanu, Ph D RegdNo:CAU/274-A/14(M)	Selected as Assistant Prof.,(Contact), Arunachal Pradesh
2021	Miss Tusi Chakma, PhD	Selected as SMS, KVK, Dhalai, Govt. of Tripura.

6.4.5. CONDUCTOFPRACTICALANDHANDS-ON-TRAINING

There are manageable number of students who are kept in one batch during Theory & Practical classes to ensure better delivery of information, encourage students' participation and active monitoring. Students conducted their practical training in various Laboratory, research field of the college. The PhD students are time to time sent to ICAR institutes for hands on training on modern molecular biotechnology. We have provided practical as well as hands on training to our students and also various other universities, such as Bharathiar University Coimbatore, Hemwati Nandan Bahuguna Garhwal University etc.

Average number of students in theory and practical classes

S. No.	Name of the degree programme	Batch of student in Theory	Batch of student in practical
1.	**Ph.D.(Plant Pathology)**	Full strength	Full strength

6.4.6 SUPERVISION OF STUDENTS IN Ph.D. PROGRAMME

There are sufficient numbers of qualified and experienced faculties who are guiding Ph.D. students in the area of Plant Pathology. The names of the faculties who are entitled to guide Ph.D students are given below.

S. No.	Name of the faculty	Designation	Qualification	Experience	No. of students guided/guiding	
					Guided (Completed)	Guiding
1)	Dr. N. I. Singh	Professor (Retired 2017)	Ph.D.	38years	3	- (Retired 2017)
2)	Dr. Ph Sobita Devi	Professor	Ph.D.	35years	-	4
3)	Dr.L Nongdrenkhomba Singh	Associate Professor	Ph.D.	15years	1	1
4)	Dr Bireswar Sinha	Asst Prof(Senior Scale)	Ph D	11 Years	2	1

Eligibility criteria for Guidance of PG Research

Ph. D. Programme :

a. Ph.D. in the concerned/related discipline

b. All Professors are eligible to guide Ph.D. students

c. A teacher other than Professor must have must guided or is guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Masters or Ph.D. thesis)

Or

A teacher must have guided 3 (three) Masters‟ students successfully as a Major Advisor.

Number of students permitted to guide by a teacher

At any given time, Professor, Associate Professor and Assistant Professor shall not be a Chairperson for more than 6, 5 and 4 P.G. students (Master‟s and Ph.D. combined), respectively. The Chairperson should be a recognized P.G. teacher with 5 years of experience and 5 NAAS rating publications or possesses Ph. D. with good publications, made after joining the University.

R. 6.4.7 FEEDBACK OF STAKEHOLDERS

In our University most of the faculty members are made Advisor of about 10 students. There has to be at least one meeting (mostly on Saturday) of the students with their Advisors. Students raised their various problems (academic, personal etc.) with the Advisor. The Advisors helped the students to solve their problem. In case, help of some particular faculty member /staff /Dean were needed, Advisors took their help and solved the problem.

There is time to time feedback received from students, parents, staffs as well as stakeholders and farmers. The feed back received from all the sources were analyzed and try to solve in Departmental levels and later submitted to the competent authority which are beyond the Departmental limit. The feed back is used for the understanding the drawbacks of the present system. As a result, it is utilized to improve teaching methods, infrastructure, research any other relevant subjects to improve.

PH. D. PROGRAMME IN SOIL SCIENCE & AGRICULTURAL CHEMISTRY

6.4. SELF STUDY REPORT FOR DEGREE PROGRAMME

6.4.1. Brief History of the Degree Programme

Background information

Keeping in view of the potential of applications of agricultural technological interventions in improving the agricultural scenario of the NEH region and to increase the trained human resources in Soil Sc.& Agril. Chemistry the College of Agriculture, CAU, Iroisemba, Imphal was established. The department started Ph.D. programme in the year 2012.

The mission, vision, mandate, goal, objectives and thrust areas of the College are as:

Mission

- To create the manpower specialized to the subject,
- To equip the knowledge of soil fertility and sustainability,
- To train the farmers and extension functionaries of the region on soil fertility related to crop production.

Vision

In accordance the vision of the CAU, Imphal is to produce world class professionals who are equipped to meet the demands of global outfit, have analytical abilities and entrepreneurship for making career of self-employment and as contributors to livelihood and food/nutritional security.

Mandate

- Fill the gap of shortage of manpower in the discipline of Soil Sc.& Agril. Chemistry
- Utilization of natural resources for sustainable agriculture of the region.

Thrust Area

With respect to human resource development, research and extension education activities, College of Agriculture, CAU, Imphal was setup with the following thrust areas:

iv) Human resource development in the discipline of Soil Sc.& Agril. Chemistry,

v) Research

- Finding the solution to increase economic crop production through balanced fertilization,
- Adoption/refinement and development of critical levels of nutrients in soils and plants for effective fertilization for economic yield and
- Adoption of integrated nutrient management for sustainability.

vi) Extension Education

Extension activity is one of the most important techniques for transfer of technology from the improved research findings to the farmers and extension functionaries of the region. The knowledge of this discipline will definitely enhance the economic crop production for long period of time with least environmental pollution.

Ph.D. Degree Programme

The Department of Soil Science and Agricultural Chemistry, College of Agriculture, Central Agricultural university, Iroisemba, Imphal is one of the major department under the agricultural teaching system as per 5th Deans' Committee. Since the establishment of the College of Agriculture, CAU, Iroisemba, Imphal, the Department of Soil Science and Agricultural Chemistry is engaged in teaching of B.Sc.(Agri) students as per course curriculum of ICAR and latest by as per 5th Deans' Committee. Later on M.Sc.(Agri)and Ph.D. in Soil Science and Agricultural Chemistry started with the admission of students from ICAR and CAU entrance examination.

Department of Soil Science and Agricultural Chemistry

The mission of the Department of Soil Science and Agricultural Chemistry, College of Agriculture, CAU, Iroisemba, Imphal is to be a centre of excellence in teaching, research and

extension education in the line of nutrition, soil fertility management and diagnosis of nutrients through soil testing.

The department has well-established laboratory with AAS facility for micronutrients analysis. The M.Sc. (Agri) and Ph.D. students are getting the following scholarships and fellowships.

Scholarships and Fellowships

- ICAR-JRF including NTS
- CAU-University fellowship

	SOILS-692	DOCTORAL SEMINAR II	1+0 =1	Dr. N. Surbala Devi	Ph.D.
Supporting Courses	STAT-513	SAMPLING TECHNIQUES	2+1=3	Shri. N. Gopimohan Singh	M.Sc.
	STAT-531	DATA ANALYSIS USING STATISTICAL PACKAGES	2+1=3	Dr. N. Okendro Singh	Ph.D.
Research	Doctoral Research		0+45= 45	Dr. R.K. Kumarjit Singh (**Retired**), Dr. A. Herojit Singh, Dr. Indira Sarangthem (**Dean**) and Dr. N. Surbala Devi	Ph.D.

6.4.3. Technical and supporting staff

S. No.	Name of the posts and number	Remarks
1.	**Field cum Lab. Assistant-2**	**Looking after the laboratory, field works and PG and Ph.D. research works**
2.	**MTS -1**	**-do-**
3.	**Contractual labour -1**	**-do-**

6.4.4. Classrooms and Laboratory

There are sufficient classrooms which are utilized for PG and Ph.D. classes. The department is having laboratories, one for UG and another for PG and Ph.D. students. Separate rooms for AAS and digestion chamber are also there in the department. These laboratories are well-equipped for soil and plant analyses.

Details of laboratories and equipments

Sl. No.	Name of the laboratory	
1.	UG & PG laboratory	AAS, HPLC, Spectrophotometer, Flame photometer, N-analyser, pH meter, EC meter, Hot-air oven, Hot plate, Electronic balances, Electric stirrer, Centrifuge, Hot water bath, Turbidity meter, Yonder sieve shaking machine, Horizontal shaker, Hot water shaker, Quartz double distillation units, Hydrometers, Muffle Furnance, BOD Incubator, Deep freezer, Refrigerator, Centrfuge machine, etc.

Number of Ph.D. students qualified during the last 5 (five) years (2015-20)

Sl.No.	Name of the student	ARS/JRF/SRF	Year
	NIL		

Awards/Recognition/Certificates (Ph.D. students for last five years)

Year	Name of the student	Detail of recognition
	NIL	

6.4.5. CONDUCT OF PRACTICAL AND HAND-ON-TRAINING

The maximum number of student per batch is less than six including Agronomy students. So, there is no problem for conducting practical class in the laboratory for Ph.D. students.

Average number of students in theory and practical classes

Sl.No.	**Name of the degree programme**	**Theory**	**Practical**
1.	Ph.D.	Full strength	Full strength

6.4.6. SUPERVISION OF STUDENTS IN Ph.D. PROGRMME

There are sufficient numbers of qualified and experienced faculties who are guiding the PG students in the discipline of Soil Sc. & Agril. Chemistry.

The name of the faculties who are entitled to guide the PG students are given below.

Sl. No.	**Name of the faculty**	**Designation**	**Experience**	**No. of students supervised as major advisor**		**No. of students presently supervising as major advisor**	
				PG	**Ph.D.**	**PG**	**Ph.D.**
1.	Dr. Indira Sarangthem	Professor and Dean	30 years	12	2	1	4
2.	Dr. R. K. Kumarjit Singh	Professor (Retired-2020)	40 years	7	2	Nil	Nil
3.	Dr. A. Herojit Singh	Professor and HOD	32 years	12	1	2	2
4.	Shri. O. Nirmalkumar Singh	Assoc.Prof. (Retired-2020)	40 years	Nil	Nil	Nil	Nil
5.	Dr. N. Surbala Devi	Assistant Professor (Sr. Scale)	10 years	8	Nil	4	Nil

6.4.7. FEED BACK OF STAKE HOLDERS

In the college, all the faculty members are made advisor of the students. There has at least one advisory meeting with the students. Sometimes the students raised their problems particularly academic matter during the meeting and every advisor tried to solve the problems. If the problem is beyond capacity of the advisor, then the matter is put up to the higher authority to solve the problems.

There is a register with the Student Welfare Officer (SWO) of the College in which any student can raised the problems related to academic, hostel, etc. The SWO brought the problem to the notice of the Dean of the College. The Dean of the College discussed the issues with the students along with the advisor to solve the problems if it is needed.

In every semester, there was a meeting with the student representatives and advisors appointed by the Dean, College of Agriculture to discuss the problems faced by the students to put up to the academic council meeting of the University. Academic Council Meeting was held every year.

CAU organized Inter Collegiate Youth Festival and CAU Agri-Fair every year at different constituent colleges of the University. During the Agri-Fair, there were many technological

demonstrations in which the farmers/stakeholders made various queries related to agriculture and university authority tried to solve the problem faced by them. There were interaction programme with the farmers and scientists everyday during the Agri-Fair.

Research Council Meeting and Extension Council Meeting were held every year along with the progressive farmers, FPO members, SHGs, related officials of state government, entrepreneurs, etc. and their problems and suggestions were noted for further actions.

The Department of Soil Science & Agricultural Chemistry have trained the extension functionaries of the Directorate of Agriculture, Government of Manipur about the Hands-on-practical on soil testing.

Feedback received from the students, parents and employer are used to improve curriculum delivery, course evaluation process, infrastructure in the laboratories and sections of the department, chemicals and reagent availability and other research facilities. Few feedbacks received from students are attached:

College of Agriculture

Central Agricultural University, Imphal, Manipur

STUDENT FEEDBACK FORM

1. Name of the Student:
2. Admission No:
3. Academic year:
4. Name of the programme studied:
5. Dedgarden Session:
6. Mobile No:

6.4.9. ICT APPLICATION IN CURRICULA DELIVERY

The College is having a well-equipped computer Lab with Internet Lan connection. All the departments are having computer facilities with internet connection. Wi-Fi availability and internet services are available in the whole campus (Academic buildings including class rooms, hostels, guest house, residential colony, etc). Library of the College is having sufficient books and journals for students as well as faculties. The library has also access to online e-journals through CERA (Consortium for e-Resources in Agriculture) and IP address has been activated to access the online journals through CERA.

6.4.10. All the information pertaining to 6.4.1. to 6.4.9. provided for Ph.D students i.e. Ph.D. in Soil Science & Agricultural Chemistry, College of Agriculture, Central Agricultural University, Imphal (Manipur) is correct.

6.4.11. Since the accreditation of programme is related to the All India Admission from ICAR and also having weightage of the college accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificates of Awards

I, Prof. Indira Sarangthem, Dean, College of Agriculture, CAU, Iroisemba, Imphal hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college and degree awarding University.

Signatureof Dean of the College with Date &Seal

6.5. Self study report of College

About the college:

The College of Veterinary Sciences & Animal Husbandry, one of the constituent Colleges of the Central Agricultural University was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995). The College of Veterinary Sciences & Animal Husbandry, is located at Selesih, North Aizawl, i.e., about 12 km away from Aizawl, the capital city of Mizoram. The campus is spread over 168.61 acres of land, mostly of hilly terrain at an altitude of 965 meter above MSL. The climate of Aizawl is very pleasant round the year. The minimum and maximum temperature ranges from 7-8^{0}C to 30-32^{0}C. It rains heavily from May to September with an average annual rainfall of about 2500 mm. The jurisdiction of the college extends to seven North-Eastern Hill states comprising of the states of Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Tripura, Nagaland and Sikkim.

The college became functional with the admission of first batch of B.V.Sc. & A.H. degree programme in the year 1997-98. P.G. programme was introduced from the academic session 2006-07. The College has also started Ph.D. programme from the academic session 2011-12. All the academic programmes i.e. BVSc & AH, MVSc &PhD programmes are accredited by ICAR, New Delhi and VCI, New Delhi. Collaboration with few renounced institutes like IVRI, Izatnagar, NDRI, Karnal, Haryana, Assam Agricultural university, Jorhat ,GADVASU, Ludhiana, ICAR-NRC-Mithun, Nagaland, ICAR-NRC on YAK, Arunachal Pradesh ,ICAR NRC on Pigs, ICAR- NRC on meat, Hyderabad has been established to strengthen the academics and research activity. The College has very good infrastructural facilities, well equipped laboratories and a team of dedicated faculty.

Mandate

- ✓ The mandates of the College of Veterinary Sciences & Animal Husbandry include:
- ✓ To impart education in different branches of Veterinary Sciences & Animal Husbandry;
- ✓ To further the advancement of learning and prosecution of research on Veterinary Sciences & Animal Husbandry;
- ✓ To undertake programmes of extension education in the States under its jurisdiction;
- ✓ To undertake such other activities in the fields of Veterinary Sciences & Animal Husbandry as it may deem fit from time to time.

Vision

The vision of the College is to be a “Centre of Excellence” in teaching, research and extension education in the field of Veterinary and Animal Sciences.

Mission

The mission of the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl is to provide teaching, research and extension programmes that benefit the animals, people and environment of the North Eastern Hill states, the Nation and the world, through promotion of animal health, alleviation of animal sufferings, efficient and profitable animal production, conservation of animal species and broader ecological resources and protection of public health.

6.5.1. College Administration: Administartion of teaching, research, extension and other activities of the college is done by Dean of the collge. Teaching, technical and non technical staffs of the college assist Dean to run the collge smoothly.

6.5.1.1. College Dean's Office Establishment:

The Deans post of the college is sanctioned by the appropriate authority as per the ICAR Model act. The present Dean Dr. Lalnuntluangi Hmar was appointed as Dean of the college on 19th January 2019 vide appointed order number VC/CAU/54/95(A)/Vol-V/9138 dated Imphal the 17th January 2019. Her tenure is up to 5 years i.e. 18th January 2024.

Particulars	Response
Date of selection	19/01/2019
Mode of selection	Direct selection by the interview panel and with the approval of the Board of Management, CAU, Imphal.
Tenure of the post	5 years from the date of appointment. Her tenure is up to 5 years i.e. 18th January 2024.

- Staff availablity in the Dean's Secretariat.

Establishment:

Sl. No.	Name of the staff	Designation
1.	L. Kipgen	Head Assistant
2.	Lucy Lalrinchhani	Assistant
3.	H. Lalngaihawma	Multi-Tasking Staff (MTS)
4.	K. Henhnamawai	FCLA

6.5.1.2. Monitoring Mechanism for Quality Education (on-line):

At present the college is fulfilling an internal quality assurance system.

Teaching: Academic Management System is being implemented at college level, CVSc. & A.H., CAU Aizawl as part of Student Portal, an initiative of Agricultural Education Division of ICAR. The data generated by the system is used for generating the reports of the university.The registration of the students for all the programme is done at the beginning of the Professional year for BVSc & AH and at the beginning of each semester for MVSc & Ph D programme.

BVSc & AH degree programme

The examination system is a combination of internal and external i.e. (1) Internal assessment (2) External (Annual Composite examination). Examiantion and Evaluation of Annual Comosite examination are done by external examiner from learned faculty members outside the University as per VCI, Minimum standard Veterinary Education, 2008 &2016.

Students are asked to submit assignment in each subject. Academic progress of each student is monitored and supervised by a faculty as Advisor.

PG & Ph D programme:

The examination system is a combination of internal and external (1) internal (Quiz, Midterm examination) and (2) External (End term examination). Evaluation of internal examination done by the course teachers and End term examination evaluation is done by external examiner from learned faculty members/ Scientist outside the University as per CAU Academic regulations for PG & PhD programme,2016. At the end of course work, PG students appear in the Comprehensive Qualifying (written) examination.

Comprehensive Qualifying Examination & evaluation are done by External examiner and on successful completion of Comprehensive theory examination; Viva voce is conducted by Advisory committee along with Dean's nominee for MVSc programme and Advisory committee along with External examiner for PhD programme. Before submission of thesis, thesis is checked for plagiarism status. Thesis evaluation for MVSc & Ph D programme is done by external examiner and Viva voce is conducted by Advisory committee along with Dean's nominee for MVSc programme and Advisory committee along with External examiner for PhD programme

Research: There is an active College Research Advisory Committee (CRAC) has been functioning in the college for monitoring research activities of PG research works, Institutional Research Project and various DBT, DST, ICAR, etc. funded/ sponsored research Projects.
Student's research: Every student presents Synopis and prethesis seminar before faculties, CRAC, PG & PhD students. Student's research work is monitored by chairman of the advisory committe. Periodical review of the research work is done by the Advisory commite members. Publication of researh findings in peer reviewed journals is mandatory for submission of the thesis by the PG students.
Faculty research: Resaerch project proposal submitted by faculty is first evaluated by College Research Advisory Committee.The progress of sanctioned research project is periodically reviewed by College research review committee.

Extension: At college level, Extension advisory committee is functional to monitor the extension related activities conducted by the college. The committee comprises of All HOD/ In-Charges, Directors of all line departments of state Governments, NGO and progressive farmers. According to the resolution of the meeting, College used to organize Animal Health camp and Awareness programme in different districts of the State. Final year and fourth year students of BVSc & AH and MVSc students of related departments are also allowed to take part in the said events. So far, College has completed three (03) Societal development programme sponsored by DBT, Government of India and and one programme sponsored by Ministry of Information & Technology, Government of India entitled 'Mobile Based Agro Advisory System (m4agri) in Mizoram' is ongoing.

Impact of monitoring on students excellance in teaching and research

- ✓ Improved academic performance with higher OGPA.
- ✓ Admission to National Institutes, CAU and reputed SAUs for pursuing higher studies
- ✓ Better performance in national level examinations
- ✓ Better placement records of the passed out sudents.
- ✓ Publications of research finding in journals of national and International repute
- ✓ Bagging Awards by presenting the research finding in Natinal and international Conferences, Symposium etc.

6.5.1.3. CC/Board of Studies:
College has duly constituted Board of studies. Board of studies has been functional since 2010-11. Composition of Board of Studies and major recommendation made by BOS for last five years are annexed in Annexure **6.5.1.3**

6.5.1.4. Anti Ragging Cell: In pursuance to the Judgment of the Hon'ble Supreme Court of India dated 08.05.2009 in Civil Appeal No. 887/2009, the University Grants Commission has framed "UGC Regulations on curbing the menace of ragging in higher educational institutions, 2009" which have been

notified on 4th July, 2009 in the Gazette of India. Accordingly, College has been following this regulation and subsequent guidelines are issued in every year. Every student compulsorily registered to the Anti ragging cell of UGC and submits Affidavit signed by student and parents in this regard. Anti-ragging committees were formed in the last five years (2016-2021) for prohibiting the ragging offenses in the college campus as per the U.G.C. "Regulations on curbing the menace of ragging in Higher Educational Institutions, 2009". The following anti-ragging committees were formed in the last five years (2016-2021) for prohibiting the ragging offenses in the college campus as per the U.G.C. "Regulations on curbing the menace of ragging in Higher Educational Institutions, 2009". Anti ragging squad is constuted every year with Dean as chairman and under the supervision of senior professors, squad members were assigned to monitor the fresher round the clock.

Details of the notification issued to prevent the menace of ragging are annexed in 6.5.1.4

6.5.1.5. Biological waste disposal facility:

The wastes generated after a variety of research, such as chemical, biological, universal and recyclable wastes usually disposed of as per the state government guidelines.

1. The wastes generated after a variety of research, such as chemical, biological, universal and recyclable wastes usually disposed of as per the state government.
2. There is a facility at the college level after postmortem the wastes and carcasses incinerated. One incinerator had been installed under IDP, NAHEP.
3. All the infectious sample/ cell culture of different laboratories of the college are destroyed by the standard protocol of autoclaving.

6.5.1.6. Institutional Ethics Committee for Experiment on Animals:

The college is following the CPCSEA guidelines and constituted an Institutional Ethics Committee for Experiment on Animals (IACEC). The committee has been approved vide order number F.NO. 25/209/2010-AWD dated 12.06.2019 by Ministry of Animal Husbandry, Dairying and Fisheries, Government of India. All the postgraduate students prior to start of their research have to obtain permission from the college IAEC subsequently IAEC issue approval for the same. This is compulsory for all the postgraduate students.

Internal IAEC Members

Sl. No.	Name of the member	Designation	Qualifications	Mobile	Organization
1.	Dr. Lalnuntluangi Hmar	Professor and Dean	Ph.D.	946140180	C.V.Sc. & AH, Aizawl
2.	Dr. Tapan Kumar Dutta	Professor	Ph.D.	9862335294	C.V.Sc. & AH

1.	Dr. Amit Kumar Trivedi	Scientist from outside of the Institute	Assistant Professor, Dept of Zoology, Mizoram University, Aizawl,	Mizoram University	9650883836
2.	Dr. Pritam Mohan	Main Nominee	Associate Professor, Pharmacology & Toxicology, College of Veterinary Science, Assam Agricultural University, Khanapara, Guwahati, Assam	College of Veterinary Science, Member, Veterinary Commission, Eastern Himalayan Ride, endurance event, Member, IAEC, GIPS, Guwahati	09436354207
3.	Dr. Himangshu Baruah	Link Nominee	Dept. Of Pharmacology & Toxicology, College of Veterinary Science, Khannapara, Guwahati - 781022, Assam	College of Veterinary Science, Assam Agricultural University	9678010522
4.	Pavan Kumar Samudrala	Socially aware Nominee	C/o Netes Institute of Technology & Science, NH-37, Shantipur, Mirza, Assam-781125.	National Institute Of Pharmaceutical Education and Research-Guwahati	8876430896

Circular regarding College Institutional Ethic Committee is annexed in Annexure .**6.5.1.6.**

6.5.1.7. Committee for Prevention of Sexual Harassment of Women at Work Places:

There is a committee for Prevention of Sexual Harassment of Women of Works. A Committee for prevention of Sexual Harassment of Women at Workplace was established on 21st September 2005.

Last five-year details of Committee for Prevention of Sexual Harassment of Women of Works:

1. A Committee for prevention of Sexual Harassment of Women at Workplace was established on 21st September 2005.
2. Committee on 'Safety and Security of Girls and Women was constituted on 19th May 2015 to deal with gender-based violence and gender sensitization program to evaluate, assist and support girls and women in this college.

Details of measures taken up by the committee on 'Safety and Security of Girls and Women'

Proceedings of a meeting held on 25-06-2015

1. Duty of security guards for 24 hours in girls' hostels

2. Hostel Gate Closure Time is 6.00 pm in summer and 5.30 pm in winter in girls' hostels. No girls are permitted to go outside the hostel after gate closure without permission from the warden.
3. Security guards to be posted at 4 exits of the campus for 24 hours and night patrolling in the campus.
4. One lady MTS is to be posted in girl's hostel to look after the welfare of the borders in addition to her normal duty as a cook.
5. One non-credit course on 'Women safety in the campus and gender sensitization' B.V. Sc. & A.H.
6. Prof. Zokaitluangi, HOD of Psychology of Mizoram University is to be invited to deliver a lecture on the topic 'Women safety in the campus and gender sensitization'.
7. Regular counseling of girl students by student advisors.
8. One Complaint Register is to be maintained at Dean's office for lodging complaints of sexual harassment.
9. CCTV to be installed at the hostel entrance

Action taken report on 30th June 2015

1. Duty of security guards for 24 hours in girls' hostels
2. Hostel Gate Closure Time is 6.00 pm in summer and 5.30 pm in winter in girls' hostels. No girls are permitted to go outside the hostel after gate closure without permission from the warden.
3. Security guards are posted at 4 exits of the campus for 24 hours and night patrolling in the campus.
4. One non-credit course on 'Women safety in the campus and gender sensitization' has been made compulsory in 1st Year B.V. Sc. & A.H. since 2013 as a part of the implementation of SAKSHAM, prescribed by UGC.
5. Regular counseling of girl students by student advisors has been in practice.
6. Committee also resolved certain measures for the safety of girls and women in the campus

Activities being performed/practiced to prevent Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) in last five years

1. Duty of security guards for 24 hours in girls' hostels
2. Hostel Gate Closure Time is 6.00 pm in summer and 5.30 pm in winter in girls' hostels. No girls are permitted to go outside the hostel after gate closure without permission from the warden.
3. Security guards are posted at 4 exits of the campus for 24 hours and night patrolling in the campus.
4. One non-credit course on 'Women safety in the campus and gender sensitization' has been made compulsory in 1st Year B.V. Sc. & A.H. since 2013 as a part of the implementation of SAKSHAM, prescribed by UGC.
5. One lady MTS is to be posted in girl's hostel to look after the welfare of the borders in addition to her normal duty as a cook.
6. Regular counseling of girl students by student advisors.

6.5.2. Faculty: The College has seventeen departments namely Veterinary Anatomy(VAN), Veterinary Physiology & Biochemistry(VPB), Animal Nutrition(ANN), Animal Genetics & Breeding(AGB), Livestock Production & Management(LPM), Veterinary Parasitology(VPA), Veterinary Pathology(VPP),Veterinary Microbiology(VMC), Veterinary Pharmacology & Toxicology(VPT),

Veterinary Public Health & Epidemiology(VPE), Veterinary Medicine(VMD), Veterinary Surgery & Radiology(VSR), Veterinary Gynaecology & Obstetrics(VGO), Livestock Products Technology(LPT), Veterinary & AH Extension(VAE), Teaching Veterinary Complex(TVC) and Livestock Farm Complex(LFC). All the departments have the regular faculties as per sanctioned strength of the University exceprt TVC & LFC where regular faculties have not been recruited so far.

6.5.2.1. Faculty Strength:

Department-wise Faculty Positions:

Sl. No.	Department	Number of faculty positions sanctioned			Faculty position filled (No)		
		Professors	Assoc. Professors	Assistant Professors	Professors	Assoc. Professors	Assistant Professors
1	Veterinary Anatomy	Nil	1	3	1 (CAS)	NIL	3
2	Veterinary Physiology & Biochemistry	Nil	2	5	1 (CAS)	1	4

11	LPT	2	1	Nil
12	VGO	1	1	Nil
13	VSR	1	2	Nil
14	VMD	2	1	Nil
15	VAE	1	1	Nil
16	TVCC	1	2	Nil
TOTAL		21	23	04

6.5.3. Learning resources: 04

Information on the following are given below.

6.5.3.1. College Library (digital): Mention the following information

Location : The library is located at College of Veterinary Sciences & A. H, Central Agricultural University, Selesih, Aizawl, Mizoram.

- Present staff position (in place) :

	Position	Present status
1.	I/C Library(Professor & Head, Dept. of Veterinary Anatomy & Histology)	01
2.	Library Assistant	02
3.	MTS	02

- Availability of Wi-Fi: **Yes Available**
- Books and other reading materials, periodicals and research journals available.

1.	Books	Current holdings 10502(09.02.2021)
2.	Other reading materials	Newsletter, Bulletin
3.	Periodicals and research journals	12 (2021)

- Internet with sufficient number of computers, seating capacity, employing the latest technology in library sciences,

1.	Internet with no.of computers	08
2.	Seating capacity	50
3.	Latest technology in library sciences	Library Automation

- Stocking arrangements: Subject wise (DDC Classification)

- Collection of volumes on different subjects, latest publications in the fields of relevant subjects, automation and user services through computer:

1. Collection of volumes on different subjects	Encyclopaedias, Dictionary, Directory, Yearbook
2. Latest pub.in the fields of relevant subject	-
3. Automation and user services through computers	Under Process

- Opening hours: 9:30AM-4:30PM (Winter) and 9:30AM-5:30PM(Summer)
- Subscription of journals of national and international repute, national dailies, magazines etc.

During 2016-17

6.5.3.2. Laboratories, Instructional farm, Workshops, Dairy Plant, Veterinary Clinic, Hatchery, Ponds etc.: Cleary mention about laboratories, instructional farm, workshops, dairy plant, veterinary clinic, hatchery, ponds etc facilities available in the College with its numbers, space, speciality to conduct practical/hands on training.

i. The college is having 17 independent departments and every department having well equipped laboratories to impart teaching undergraduate students and post graduate students and to conduct reasrch works for PG students
ii. Livestock farm complex (LFC). The farm complex (with 1793 Sq.m) having separate unit for each species of animals i.e. cattle, pig, goat and poultry. Each unit is well equipped demonstration/animal examination room/ Trevis. The College is also having one hatchery unit of ten thousand egg capacity incubator.
iii. Veterinary clinical complex (VCC). VCC (with 1094 Sq.m) is having facility of separate OT for small and large animals, in-patient unit, out-patient unit, vaccination unit for small animals, physiotherapy, ultrasonograpy, X-ray, endoscopy, ECG, registration and pharmacy units, one changing room, one doctors' room, one conference hall. TVCC also having well equipped laboratory for sample/specimen evaluation. For smooth functioning of the TVCC, the authority deputed one In-charge of senior Professor, hospital superintendent of senior teacher not below the rank of Associate Professor, In-charge of all imaging units not below the rank of Associate Professor and three faculties from each department of Animal Reproduction, Gynaecology & Obstetrics, Veterinary Medicine and Veterinary Surgery and Radiology.
iv. Lab. animal house (130 Sq.m).

6.5.3.3. Student READY/ In-Plant Training / Internship / Experiential Learning Programmes: The following programmes are being run regularly for the BVSc & AH degree programmes as per VCI (MSVE regulations) 2008 & 2016.

Entrepreneurship: As per VCI (MSVE regulations) 2008, Students of 3rd year undertake Entrepreneurship training programme in the areas of Poultry Farming, Livestock Product Technology and Animal feed Formulation. This training is aimed at developing entrepreneurial skill for self employment. **The collge provide interest free loans out of a revoloving funs to students' groups undertaking a specific entrepreneurial training programme. Technical support and Infra structures are provided by the college. The profit, if any, is kept by the students. Dean of the college along with Entrepreneurship training committee shall evaluate the programme for loss, if any and compensate**

the same, if the reason is anadvertent. The said training programme is supervised teachers of the concerned departments. According to VCI (MSVE regulations) 2016, Entrepreneurial training programme is compulsory component of Internship traing programmes which are being conducted for 1st batch of BVSc & AH students. Each intern shall submit a detailed project report on completion of Entrepreneurship training programme.

Internship:

Every final year students after completing their required compulsory courses, they bound to do internship for six months. Recently the period of internship is increased for one year according to new VCI (MSVE regulations) 2016. The module is implemented by the Dean with the chairmanship of one senior Professor along with members from each clinical, para-clinical, production and ILFC departments. The students admitted to 5th year B.V.Sc. & A.H. degree programme are divided into five groups in where hands on training are given on animal handling, disease diagnosis, treatment, vaccination, sample collection, sample processing, laboratory evaluation of different samples/specimens, animal farm management etc. After completion of six months internship (earlier duration was 3 months) in the college itself; all the interns deputed in their respective State Veterinary Department for five months (earlier duration was 3 months) to learn/handle the clinical cases under field condition. According to VCI, MSVE, 2016 regulation, the interns are deputed to other institution in order to undergo internship programme for the last month of their programme. All the students are provided with an advisor, who guides the students in "Hands-on Training". The evaluations of the interns are conducted by the Internship Evaluation Committee constitute by the Dean.

6.5.3.4. Curricula Delivery through IT (smart class rooms/interactive board etc.):

College has following facilities for the delivery of the curricula through IT

Facilities	Number
Number of class rooms with computers, LCD projectors, Internet connectivity	05
Smart class room	One (70 Capacity)

6.5.4. Student Development:

6.5.4.1. Student Intake and Attrition: The information about student intake, passed out and attrition, for UG, PG and PhD programmes are given below

Students Intake and passed out

1. UG (BVSc & AH Degree programme):

6.5.4.2. Average Number of Students in Theory and Practical Classes: Mention the Degree Programme-wise number of students sitting in a class for theory and practical, separately in tabular form. **College has intake capcity of 80, 66 and 14 for BVSc & AH, MVSc and Phd respectively in the academic session 2020-21**

Degree Programme	Professional year	Number of students sitting in theory class	Number of students Sitting in practical class(group wise number)
BVSc & AH	1st Professional	75	Gr A:38 students Gr B:37 students
	2nd Professional	79	Gr A :40 Gr B: 39
	3rd Professional	72	Gr A :36 Gr B: 36
	4th Professional	45	Gr A :23 Gr B: 22
	5th Professional	Undergoing Internship training programme	
MVSc	1st & 2nd year	Theory classes are conducted in the respective department. Theory classes of Non-credit compulsory courses are conducted in a common class room with seating capacity of Sixty	Practical classes are conducted in the respective department. Practical classes of Non-credit compulsory courses are conducted in library and class room
PhD	1st, 2nd &3rd year		

6.5.4.3. Admission Process: Clearly give complete mechanism of admission for UG, PG and PhD programmes, fee payment mechanism, registration procedure, academic schedule publication at the start of the semester etc. Write information in one page only.

Admission procedures:

B.V.Sc. & A.H. Degree programme

The present intake capacity is 80 students per academic year. The University allocates the seats and seeks nominations from the respective North Eastern Hill States. The concerned Departments of the respective State Government nominate the students on the basis of competitive entrance examinations conducted by them for the admission. Fifteen per cent of total seats are reserved for the candidates nominated by the Veterinary Council of India, New Delhi through All India Pre Veterinary Test (AIPVT)/NEET for admission to B.V.Sc. & A.H. Degree programme. The reservations of various Degree programme have been adopted by the University as per the directives received from the Ministry of Human Resource Development, Govt. of India. Seat allotment to different N-E States and VCI for UG Programme is as follows

1. Arunachal Pradesh-12
2. Manipur-9
3. Meghalaya-9
4. Mizoram-12
5. Nagaland-4
6. Sikkim-6
7. Tripura-11
8. Veterinary Council of India nominated candidates-12
9. J&K Migrant-2
10. High fee category-03

Students are informed to pay the admission fee through online mode. On payment of admission fee and submission of duly filled in admission form, students are provided with Course registration cards. Students are instructed to submit the duly filled in Registration cards to academic section with in seven days. Academic calendar is published and circulated before the start of the academic year for all degree programmes.

M.V.Sc. Degree programmes:

The candidates for admission to Master's programme must have Bachelor's Degree in Veterinary Science in the concerned discipline from a recognized University with OGPA of 6.00 out of 10.00 or equivalent percentage of marks. SC/ST candidates with OGPA of 5.5 in the Bachelor's degree shall be eligible for admission.

Admission for MVSc programme is done on the basis of all India Competitive Examination conducted by Central Agricultural University, Imphal, Manipur. Candidates are selected based on the performance in the Entrance examination and academic record. All the candidates including sponsored (in-service) for seeking admission to MVSc programme must have to appear in the written Examination. 25 % of seat of MVSc programmes in most of the department are reserved for Candidates qualified in ICAR PG entrance test and subsequently nominated through counselling. The College had introduced M.V.Sc. Degree programmes in all disciplines Veterinary Anatomy, Veterinary Physiology, Veterinary Biochemistry, Animal Nutrition, Animal Genetics & Breeding, Livestock Production & Management, Veterinary Parasitology, Veterinary Pathology,Veterinary Microbiology, Veterinary Pharmacology & Toxicology, Veterinary Public Health & Epidemiology, Veterinary Medicine, Veterinary Surgery & Radiology, Veterinary Gynaecology & Obstetrics, Livestock Product Technology, Veterinary & AH Extension

Ph.D. Degree programme

Taking into consideration the availability of well qualified and competent faculty and state-of-the art laboratory facilities and increasing demand of manpower in region and the country, Ph. D programme in selected disciplines have been introduced from the academic session 2011-12.The candidates for admission to Ph.D programme must have Master's Degree in Veterinary & Animal Science in the concerned discipline from a recognized University with OGPA of 6.50out of 10.00 or equivalent percentage of marks.SC/ST candidates with OGPA of 6.0 in the Master's degree shall be eligible for admission.

Admission for Ph.D programme is done on the basis of all India Competitive Examination conducted by Central Agricultural University, Imphal, Manipur. All the candidates including sponsored (in-service) for seeking admission to MVSc programme must have to appear in the written Examination. Few seats of Ph.D programmes in selected department are reserved for Candidates qualified in ICAR Ph.D entrance test and subsequently nominate through counselling.

Ph.D programmes have been introduced in the following Disciplines i.e, Animal Nutrition, Veterinary Microbiology, Veterinary Pathology, Veterinary Gynaecology & Obstetrics, Livestock Production & Management, Veterinary Medicine, Veterinary Anatomy, Veterinary Biochemistry and Veterinary Parasitogy

6.5.4.4. Conduct of Practical and Hands on Training:

Practical training to the students are designed and planned in such a way that it covers the entire prescribed syllabus and individual student gets hands on training on the subjects. Multiple numbers of specimen are maintained in the department so that students in small group can get access to the materials for study. Most of the practical sessions are conducted by allowing students individually to prepare the reagents and perform analysis individually. Each student are supervised by concerned teacher and discuss about the interpretation of findings. Practical sessions related to basic veterinary science courses are performed in healthy animal populations starting from farm premises to collection of samples and analysis in the laboratory. In Department of Anatomy, skeleton specimens of cattle, horse, pig, dog and bird were displayed for students learning. Skeleton specimen of animals of regional importance such as Yak has also been assembled and displayed in the laboratory for performing practical sessions. Special assignment in small groups were given to the students within the semester for collection, analysis and interpretation of results related to their subjects.Individual students are engaged in the day to day farm practices such as feeding and management of large and small animals including poultry. Practical exposure in Clinical and para-clinical subjects are more focused on clinical cases encountered in the TVCC (teaching veterinary clinical complex). Samples were collected from the clinical cases and are further analysed in the laboratory for conclusive diagnosis. Students were also given training for animal food processing and value addition of animal food products, its packaging and storing of processed food. Maximum exposures are given to the students pursuing clinical courses to access the medicine, surgery and gynaecological intervention required for the diseases animals. X-ray, ultrasound ECG training is included in the clinical training. Students are also trained up for performing artificial insemination in cattle and pigs. Surgical Ambulatory clinical sessions were also conducted to address situation in the farm complex and field conditions.

6.5.4.5. Examination and Evaluation Process: A brief report on examination and evaluation process for UG, PG and PhD is mentioned below

Examination and Evaluation system

BVSc & AH programme:

The examination system is a combination of internal and external i.e. (1) Internal assessment (2) External (Annual Composite examination). Examiantion and Evaluation of Annual Comosite examination are done

by external examiner from learned faculty members outside the University as per VCI, Minimum standard Veterinary Education,2008 &2016. The weightage of theory and practical is in the ratio of 60:40 respectively. The distribution of marks for objective and subjective questions in each subject is in the ratio of 40:60 respectively in annual examinations. There are four professional examinations- one each after 1st, 2nd, and 3rd year, and the fourth after one and half year and these professional examinations shall have only the theory component with external system and the practical component shall be dealt with internally. The examination for Livestock Farm Complex and Veterinary Clinical Complex is conducted twice a year i.e. first practical exam after completion of 50% syllabus and the second one, when the course is completed but the second exam shall comprise of entire syllabus and annual professional examination are held after the completion of 100% course content in each subject and the result of the best of two internal assessments is accounted for. The practical examinations are conducted by a Board of Examiners consisting of concerned Head of the Department, teacher(s) and a representative of the Dean and the teachers while evaluating practical, taking into account the followings,

(i) A record or log book maintained by each student as practical records;

(ii) Written test or observation and recording of the skill with which each student executes the Practical.

(iii) Assessment of the comprehensive skill and knowledge of each student through an oral examination (viva- voce).

The schedule of examination during Bachelor of Veterinary Science and Animal Husbandry course consists of internal assessment and annual examinations as detailed below,

Internal Assessment	**Course coverage**	**Max. Marks**	**Weightage**
First	30%	40	10
Second	60%	40	10
Third	90%	40	10
Annual examination (Theory)	Paper-I	Max. Marks	Weightage 20
	Paper-II	100 Max. Marks 100	Weightage 20
Annual examination (Practical)	Paper-I	Max. Marks 60	Weightage 20
	Paper-II	Max. Marks 60	Weightage 20

The evaluation of answer books of internal examinations shall be done by the concerned teacher(s) whereas evaluation of answer books of annual theory examinations shall be done by the external examiner(s).

PG & Ph. D programme:

The examination system is a combination of internal and external (1) internal (Quiz, Midterm examination) and (2) External (End term examination). Evaluation of internal examination done by the course teachers and End term examination evaluation is done by external examiner from learned faculty members/ Scientist outside the University as per CAU Academic regulations for PG & PhD programme,2016.

Examination

Examination	**MVSc & PhD programme**
Internal (percentage)	a) Theory: Quiz : 20

	Mid Term : 30 b) Practical :30
External (percentage)	End Term : 50 Practical : 70

Student Evaluation

Examination	Evaluation
Quiz	Internal
Mid Term	internal
End Term	External
Comprehensive qualifying examination	Comprehensive Qualifying Examination & evaluation (External) and Viva voce (Advisory committee along with Dean's nominee for MVSc programme) and Advisory committee along with External examiner for PhD programme)
Thesis evaluation	Thesis evalauation(External) and Viva Voce(Advisory committee along with Dean's nominee for MVSc programme) and Advisory committee along with External examiner for PhD programme)

6.5.4.6. NCC/NSS/RVC Units: NSS and NCC activities are being done at college. Details are given below.

Activities of NCC

The strength of NCC in our college is ninety cadets including 50 boys and 40 girls. Enrolment to NCC will be there in every April. *ie*. during the second semester of every academic year. NCC parade or class in NCC subjects will be taken every Monday at 3 pm. The following are the aims of NCC in our college: To develop character, commandership, discipline, leadership, secular outlook, spirit of adventure and the ideals of selfless service amongst the youth of the country and to create a human resource of motivated youth to provide leadership in all walks of life and always available for the service of the nation. The students are attending Annual Training Camp (ATC), Leadership Camps, Rock Climbing Camps, National Integration Camps (NIC) and Army attachment camps. The following training are done for the cadets of our college: Institutional training, camp training, attachment training (Service Unit), social service and community development activities, career counseling and personality development, conduct of 'B' and 'C' certificate examinations and conduct of adventure activities. Further we are conducting the Independence Day and Republic Day activities. The meritorious cadets will be pinned with suitable ranks during these ceremonies. The students who are attending different camps have participated in various events. In 2019, our cadets won two gold medals in individual events. Two cadets from our college scored highest marks in the B certificate examination.

NSS activities of the college (2016-21) : NSS activities conducted by the college during last five years are presented below.

NSS SPECIAL CAMPING (2016 - 2020)

Sl. No.	PLACES & FINANCIAL YEAR	DATE	ACTIVITIES

1.	Selesih village (2016 - 2017)	2nd - 8th March, 2017	1. Free Animal health cum anti-rabies vaccination camp (3 times) 2. Construction of public urinals (9 nos.) 3. Construction of public waiting sheds (2 nos.) 4. Construction of water reservoir (1 no.) 5. Tree plantations (25 nos.) 6. Construction of sitting benches (14 nos) 7. Awareness campaign on zoonotic diseases to public and students (10 times) 8. Distribution of leaflets regarding animal diseases, management, etc (11 times) 9. Cleanliness drives (11 times) 10. Farmers - Scientist's interaction (3 times)
2.	Falkawn village (2016 - 2017)	2nd - 8th February, 2017	
3.	Tuirial village (2016 - 2017)	10th - 16th January, 2017	
4.	Edenthar colony (2017 - 2018)	9th - 15th January, 2018	
5.	Phunchawng village (2017-2018)	19th - 25th February, 2018	
6.	Selesih village (2017 - 2018)	12th - 18th March, 2018	
7.	Mualpui, Aizawl (2018 - 2019)	7th - 13th January, 2019	
8.	ITI colony, Aizawl (2018 - 2019)	1st - 7th, February, 2019.	
9.	Bawngkawn colony, Aizawl (2018 - 2019)	4th - 10th, March, 2019	
10.	North Hlimen village (2019 - 2020)	19th - 25th September, 2019	
11.	Muthi village (2019 - 2020)	22nd - 28th October, 2019	
12.	Leisenzo village (2020 - 2021)	11th - 17th January, 2021	
13.	Selesih village (2020 - 2021)	1st - 7th February, 2021	

Regular NSS activities of college is annexed in **6.5.4.6**

6.5.4.7. Language Laboratory: The college has a well furnished Language Laboratory. At present the language laboratory is equipped with 32 computers, each pre installed with Language learning software. All the computers are connected internet facility (50 Mbps) and with power supply from a 15 KVA online UPS. The Language Laboratory is administered by the Language Instructor, who is taking care of the language proficiency of the students. Apart from the language laboratory learning, regular Language classes are conducted to help the students improve their command in English. The topics which are covered in the language classes include English Grammar, Speaking skills, Phonetics and Writing skills.

6.5.4.8. Cultural Center: Student welfare section headed by a student welfare officer is maintaining cultural center for all round cultural development of the students. Facility created by the section was utilized by the students and staff for practising and organizing cultural programme in the college campus. Considering the students cultural diversity; as most of our students are from different north eastern states of India as well as few are from different states of India, the section is keeping traditional as well as modern electronic instruments as well as costumes. This section is organizing cultural events/contest among the students in various plateform such as annual college week, state festivals etc. They are also responsible for trained up students for participation in the university as well as inter university youth festivals. Cultural center is closely attached with a 250 seater modern auditorium with hi-tech sound

facility for organizing the events. Center also provides a plateform for students, teacher, staff interaction and under the guidance of trained experts different training programmes for drama, mono-acting and modern art are organized time to time.

6.5.4.9. Personality Development: The personality development programme of the students is taken care in the college. The language classes conducted by the language instructed covers the topics of English Grammar, Speaking skills, Phonetics and Writing skills. Besides the language classes the college is conducting many training programmes on like personality development, development of entrepreneurship skills, networking and negotiation skills, development of effective communication skills etc under the IDP-NAHEP project of the college. 15th National Youth Parliament Competition was organized in the college campus on 17th October,2018 to boost up the knowledge on parliamentary activities and to rejuvenate the students potentials.

6.5.5. Physical facilities:

6.5.5.1. Hostels:

S. No.	Name of the Hostel	Area (Sq. m.)	Type of Hostel	Capacity	Students per room accommodated
1	Boys' (Lyon's) Hostel-I	1600 Sq.m	Boys'	82	02
2	Boys' Hostel-II	1508 Sq.m	Boys'	64	02
3	PG Boys' Hostel	690 Sq.m	Boys'	54	02
4	U.G. Girls' Hostel-I	1600 Sq.m+ 1017 Sq.m	Girls'	120	02
5	U.G. Girls' Hostel-II (Temporary)	807 Sq.m	Girls'	40	02
6	P.G. Girls' Hostel (Temporary)	730 Sq.m	Girls'	42	02

All hostels are having spacious kitchen, dining hall, reading room, common room etc. with all facilities like table tennis, carom, chess, TV etc. Each Hostel is having a mess run by the students under the supervision of respective Wardens. The College authority has provided sufficient menials to cook quality and hygienic food in the mess.

Each and every Hostel has been provided with Water Filtration system and other kind of water filters for clean and safe drinking water.Facilities for indoor games are also available in the hostels e.g. carom, chess, T.T., dumbbell etc. Girl hostel is also provided with treadmill over and above the mentioned facilities.All the hostel premises are regularly cleaned by engaged sweepers in the each Hostel.Transport facility is also extended as and when required for all the boarders residing in the Hostel.

Medical facility is available centrally in the College Medical Unit. Moreover, each Hostel is provided with some general medicine in the hands of Sick monitors. For emergency, facilities with well equipped Ambulance service are also available for 24 hours.

6.5.5.2. Examination Hall:

There are total 7 (seven) lecture cum examination hall (area 1410 sq.m.) in the College with capacity of accommodating 420 students at a time for any examination purpose.

6.5.5.3. Sports and recreation Facilities:

The College is having 1 (one) multipurpose indoor stadium (470 sq.m.) with facilities for badminton, T.T., Carrom and multigym. One outdoor playground (2200 Sq.m) with a basketball cum volleyball ground (140 sq.m.).

College has established a student welfare section under supervision of student welfare officer who is looking after different activities like Sports and cultural events, NSS programmes and NCC activities along with placement cell. There are different in-charges for NSS and NCC activities. Different facilities developed at college campus for encouraging the students to participate in different extracurricular and co-curricular activities. The College has represented at University level, at Inter University meet and State level sports meeting.

6.5.5.4. Auditorium:

The College is having a well equipped modern auditorium constructed and inaugurated in the year 2009 with a sitting capacity of approx. 300 persons(568 Sq.m). The facility has been used throughout the year for different activities like celebration of Annual College Week, Freshers' day, Farewell day of the final year students, world veterinary day, world anti rabies day, world milk and egg day, White coat ceremony for the 4th year students, Inauguration of National Seminar, Celebration of Diwali, Pre-Christmas, any training programme inauguration, visit of any high dignitaries etc. The Auditorium is also having a community hall (415 Sq.m) adjacent to it, which is very useful for reception and arrangement of meals for students, faculties and other dignitaries etc.

6.5.5.5. Exhibition Hall/Museum:

The College is having 1 (one) exhibition hall at ATIC building (600 Sq.m). The different College activities and achievement have been displayed in that exhibition hall. All the high dignitaries visiting the College are taken to the unit to briefly apprise about different activities and achievement of the College.

Over and above, the College is also having the following facilities for specific purposes e.g. Administrative block (1592 Sq.m), Academic block-I (4763 Sq.m), Academic block-II (461 Sq.m), Academic block-III (2455 Sq.m), New Academic Block (7000 Sq. m), Library (770 Sq.m),Teaching veterinary clinical complex (1094 Sq.m), Instructional livestock farm complex (1793 Sq.m), Lab. animal house (130 Sq.m), KVK building (2650 Sq.m), ATIC building (600 Sq.m), Guest house (740 Sq.m), Dean's residence (266 Sq.m), Type-V Qtrs 4 units (807 Sq.m),Type IV Qtrs 23 units (2616 Sq.m),Type III Qrts 24 units (2287 Sq.m)Type II Qtrs 20 units (2017 Sq.m), Transit accommodation of 30 units of 2 rooms flat (1460 Sq.m), shopping complex (470 Sq.m), Medical unit (410 Sq.m) and Garage & workshop (205 Sq.m).

6.5.6. Research Facilities

6.5.6.1. Postgraduate Laboratories and Equipments: Clearly mention the department wise PG laboratories and equipment housed in individual laboratory in the Colleges along with any other research unit.

Department	Laboratories and section	High end equipment
Animal Nutrition	**1.**Feed Technology laboratory 2. PG laboratory 3. UG laboratory	Muffle Furnace, Ultrasonic Bath, Microprocessor Based Flame Photometer, Micro Kjeldahl Nitrogen Distillation apparatus, Spectrofluorometer, UV Spectrophotometer, Rotary Vacuum Evaporator, Vacuum Freeze Dryer, High

	4.Mineral Nutrition Laboratory 5.Feed processing and mixing plant 6Complete feed block unit 7.Digestion trial unit	speed Refrigerated Centrifuge, Deep freeze -20°C, Electronic KEL-PLUS, Electronic Automatic KEL PLUS Microprocessor Based Twelve Macro Block Digestion System, Electronic SOCS Plus Automatic Six Place Solvent Extraction System, Electronic Fibra Plus Automatic Six Place Fibre Extraction System, Rusi E Tek, Atomic Absorption Spectrophotometer, Metabolic cages, Urea Mineral Molasses Block making machine, Compressed complete feed block making machine
Department of Animal Reproduction, Gynaecology & Obstetrics	1.Undergraduate laboratory 2.Post graduate laboratory 3.Andrology laboratory	Cold Handling cabinet, Stereozoom Microscope, Trinocular Phase contrast Microscope, CASA, Doppler ultrasound, Electric ejaculator, Pregnancy detector, Heat detector, Laparoscope, Compound microscope
Department of Veterinary Surgery and Radiology	1.Undergraduate laboratory 2.Post graduate laboratory **3.**Small Animal Operation Theatre 4.Large Animal Operation theatre room	Hydraulic Operating Theatre Table for Small Animal Operation,500 mA X-ray machine with Fluoroscopy unit, Computerised Radiography System, USG Unit, Electro Cautory Unit, Small Animal Anaesthesia Machine with Ventilator.
Department of Pharmacology & Toxicology	1.UG Laboratory 2.Experimental Laboratory 3.Analytical Laboratory	HPLC (Binary-Pump) with UV/VIS and Fluorescence detector, Fluorescence –Spectrophotometer, UV/VIS spectrophotometer, ELISA reader, Passive avoidance apparatus, Plethysmometer, Analgesiometers (Tail flick apparatus, hot and cold apparatus), Lyophilizer, Precision digital weighing machine, Centrifuge machines, Cold centrifuge machine, Organ bath with physiograph, Convulsiometer, Ultrasonicator, Microwave digester, Deep freezer..
Department of Animal Genetics and Breeding	1.Molecular laboratory 2.Cytogenetics laboratories 3. Computer section	PCR, Gel Documentation system, UV Trans- illuminator with face shield, High Speed Table Top centrifuge machine, Phase contrast microscope, Deep freezer, Semi Dry Electroblot unit, Laminar Flow, Electrophoresis system, Computer lab. with internet connection (The department is also having the necessary software packages for carrying the data analysis of breeding data as well as molecular genetics data)
Department of Livestock Product Technology	1. Meat processing laboratory 2. Analytical Laboratory 3. Quality Control Laboratory 4. Cooking unit	Food texture analyser, Bowl chopper, Meat mincer, Hamburger forming machine, Meat slicer, Sausage filler, Smoking unit, Captive bolt pistol, Band saw , Deep freezer, Vacuum packaging machine, Defeathering machine, Laminar flow, Bacteriological colony counter, Gerber's centrifuge, Brine injector , Electric stunner ,

	5. Smoke Unit 6. Dairy practical Laboratory	
Department of Veterinary Microbiology	1. Undergraduate Laboratory 2. Bacteriology& immunology Laboratory 3. Virology including tissue/cell culture laboratory 4. Molecular biology laboratory 5. Transboundary animal diseases diagnosis laboratory 6. Institutional biotech Hub laboratory for instrumentation facilities	Biosafety cabinet Class II A2, Biosafety cabinet Class III, Work station Class II A2,Laminar Air Flow, -80C Deep freezer, -20C Deep freezer, Refrigerated centrifuge, High speed centrifuge, Trinoculor microscope, Inverted microscope with fluorescence, Students microscope binocular, PCR machine,Real time PCR, Gel documentation system, Electrophoresis system, Lyophilizer, Phoenix automated bacterial identification system, Shaker incubator, BOD incubator, Hybridization oven,CO2 incubator, Egg incubator, Ultrasonicator, UV Visible multimode reader, Ice flaking machine, Incubation cum hatchery room.
Veterinary Public Health and Epidemiology	1. Milk and meat hygiene 2. food safety and Public Health lab. 3.Zoonoses& Epidemiology lab. 4.Environmental hygiene lab. 5. Under graduate lab.	Thermal Cycler (Bio-RAD-T100), Deep freezer (-20^{0}C), Laminar Flow Chamber (Horizontal), Vertical Midi Gel Electrophoresis System (Regular Model) with Power Supply, Cell Sonicator/Ultrasonic Homogenizer, Trinocular Research Microscope, Refrigerated centrifuge machine.
Animal Husbandry Extension	The ICT lab of the Department established under the project entitled, “Mobile Based Agro Advisory System in Mizoram”, financed by Ministry of Electronics and Information Technology, GOI	Direct Projector, computer, Overhead Projector, Slide Projector, LCD data Projector, Amplifiers Television (coloured), Video Camera (Complete Set), Camera 35 mm, Projection Screens (fixed and portable)
Department of Livestock Production Management	1.UG laboratory 2. PG laboratory 3.Pig Farm 4.Cattle farm 5.Poultry farm 6.Sheep and goat farm	Animal weighing platform. 1000kg capacity, Refrigerator LG 310Lit, Refrigerator LG 350Lit, Deep freezer (-20) vertical, Deep freezer (horizontal), Digital weighning balance, 300kg capacity, Colony counter, Sheep-Goat pregnancy detector, Pregnancy tester with secondary head set, Electronic estrous detector, LCD projector (Ricoh),

		Milking machine, Digital camera, Digital hay tester, Silage tester, Battery brooder (electrically operated), Setter cum hatcher, Incubator (hatcher & setter)
Department of Veterinary Biochemistry	1.Under Graduate Laboratory 2. Post Graduate Laboratory 3.Molecular biology laboratory 4.Analytical biochemistry laboratory 5.Animal cell culture laboratory 6.Biotechnology laboratory 7.Post Graduate Classroom cum Seminar Room	PCR, Transilluminator, Gel electrophoresis (AGE & PAGE), Eelectroporator, Semi-dry western blot, orbital shaker incubator, refrigerated centrifuge, -20 deep freezer, Refrigerator, Water bath,HPLC, Clinical chemistry analyzer, Plate reader, Spectrophotometer, -20 deep freezer, Refrigerator, refrigerated centrifuge, Water bath, Vortex mixer, Incubator, Hot air oven, pH meter, Shaker CO_2 incubator, Biosafety cabinet, Inverted microscope, Double door side-by-side refrigerator, Centrifuge,Isoelectric focusing, Maxi gel electrophoresis apparatus, Refrigerator
Department of Veterinary Medicine	1)Undergraduate Laboratory: 01 No 2)Postgraduate Laboratory : 02 Nos	Laminar Flow , Refrigerator,Deep freeze –02, AAS (Atomic Absorption Spectrophotometer with accessories, Blood Analyzer (Model Ruby Plus), Vertical Autoclave (Hospital Model), BOD Incubator Sanco Make, Elisa Reader (Bio Rad 680), Hot Air Oven, Vortex, Magnetic Stirrer, Centrifuge, Electronic Balance, Vacuum Evaporator, Soxhlet Extractor, Refrigerated Centrifuge, Biochemistry Analyser, Laboratory Centrifuge, Homocytometer, Trinocular Fluorescent Microscope, Computer Sets
Department of Veterinary Parasitology	1.Undergraduate laboratory 2.Post graduate laboratory 3.Molecular Parasitology laboratory	Refrigerated Centrifuge Machine, Gradient Thermal Cycler, Gel Documentation system, Submarine electrophoresis system with power pack, Microscope with photographic facility Online UPS (5 KV), Stereozoom microscope, Compound Microscope, Freeze (-80 and -20^{o} C), BOD incubator, Electronic Balance, Refrigerator
Department of Veterinary Physiology	1.Undergraduate laboratory 2.Post graduate laboratory	PCR, Transilluminator, Gel electrophoresis (AGE & PAGE), Eelectroporator, Semi-dry western blot, orbital shaker incubator, refrigerated centrifuge, -20 deep freezer, Refrigerator, Water bath,HPLC, Clinical chemistry analyzer, Plate reader, Spectrophotometer, -20 deep freezer, Refrigerator, refrigerated centrifuge, Water bath, Vortex mixer, Incubator, Hot air oven, pH meter, Shaker CO_2 incubator, Biosafety cabinet, Inverted microscope, Double door side-by-side refrigerator, Centrifuge,Isoelectric focusing, Maxi gel electrophoresis apparatus, Refrigerator,Automatic Weather Station
Veterinary	1.Gross Anatomy	Cryostat Microtome, Automatic deluxe Semi-Motorized

Anatomy & Histology	laboratory 2.Histology and Histochemistry laboratory	Rotary Microtome, Deep Freezer (-20°C), Digital magnetic Stirrer hot plate, Digital Imaging Device, LCD Multimedia Projector, Automatic tissue processor, Autoclave Vertical, Bone Decalcifier, Centrifuge- Remi, Distillation Apparatus,Digital SLR Camera (E-620), Deep Freezer (-20°C), Electric Weighing balance, Hot Air Oven, Incubator, Microscope (Monocular), Microscope (Binocular), Microscope (Trinocular),Overhead Projector, Octagon Magnetic Stirrer, Paraffin Embedding bath,P^H Meter, Precision Rotary Microtome,Slide Warming table, Tissue Floatation Bath, Bone and meat cutting machine,Cadaver Injector.
Veterinary Pathology	1.UG Laboratory 2.PG Laboratory 3.Molecular Biology Laboratory 4.Cell culture laboratory	Real time PCR machine (Qiagen), Thermal cycler (Eppendorf) , Bio safety level 2 cabin , CO2 incubator , Deep Freeze -80ºC ,Deep Freeze -45ºC ,Lyophilizer,Shaker incubator ,Ice flaker ,Monopan balance ,Gel electrophoresis system ,Cooling centrifuge machine ,Digital water bath ,Gel documentation system,Bio photometer,Trinocular research microtome , Inverted research microscope, Cryostate , Binocular Microscope, Semi-automatic Microtome,Serological water bath, Spectrophotometer , Phase Contrast Microscope with Camera Colour Imaging (CCTV) System, Unit for histopathological work, Post mortem unit for large , small & poultry.

6.5.6.2. Research Contingency: Amount of Research contingency is sufficient to meet the students demand of research work of PG & PhD programme**.** College has the provision of research contingency amounting Rs 50000/ and Rs 200000/- for each MVSc & PhD students.

Research contingency spent by the college for last five years work

Sl.No	Heads of Account	2016-17(Rs)	2017-18(Rs)	2018-19(Rs)	2019-20(Rs)	2020-21(Rs)
1	Resaerch Work	806869.00	1025818.00	965750.00	35100.00	335024.00
2	Lab consumables	3834215.00	3382973.00	2681028.00	314876.00	1324284.00

6.5.7. Outcome/Output

6.5.7.1. Student Performance in National Examinations: Student performance in JRF/SRF/NET/ARS/and other national examinations for last five years is given below.

Particulars	2016-17	2017-18	2018-19	2019-20	2020-21
JRF	06	0	02	02	02
NET	13	07	07	06	04
ARS	-	-	02	01	-

Scientist-C, Wildlife Institute of India, Deradhun	-	-	01	-	-

6.5.7.2. Students Placement Profile:

Every year students passed out from this institute with high spirit and enthuasim join various state and central government organization including teaching institute, defence sector, administrative position as well as in private sectors and render their services in different capacity.Many of the trained up students are placed as Veterinary officer to serve the people in their respective states. Student placement cell, headed by a senior professor has been assisting the newly passed outgraduate and conducting in campus placement opportunity by inviting private sector companies every year. A remarkable numbers of passed out graduate has started their own enterpreuner programme and are establishing clinics, farm complexes as well as slaughtering units and processed food production units.

Placement profile of Passed out is mentioned below

Student's placement (overall since inception)

Sl. No.	Position	Total Number
1	AGRICULTURAL RESEARCH SCIENTIST	14
2	**SCIENTIST C, WILDLIFE INSTITUTE OF INDIA, DEHRADUN**	01
3	ASSISTANT PROFESSOR	44
4	CIVIL SERVANT	20
5	AGRICULTURAL TECHNOLOGY MANAGEMENT AGENCY	17
6	VETERINARY OFFICER	126
7	PROGRAMME COORDINATOR, SMS OF KVK	13
8	RA, SRF, JRF	14
9	FARM MANAGER	01
10	BANK OFFICIALS	07
11	ASSISTANT COMMANDANT (ITBP)	02

DETAILS OF PLACEMENT (year wise):

1. No. of students placed employed in government organizations during the last five years

2015	2016	2017	2018	2019	2020	Total
16	8	21	25	37	9	116

2. No. of students gone for higher studies during the last five years:

2015	2016	2017	2018	2019	2020	Total
32 (30 PG + 2 PhD)	**39** (39 PG)	**23** (23PG)	**22** (19 PG + 3 PhD)	**30** (20 PG + 10 PhD)	**33** (20 PG + 13 PhD)	**179** (PG 151+ PhD28)

6.5.7.3. Awards/Recognitions/Certificates: Awards/recognitions/certificates received by faculties for last five years are mentioned below

2015-16	
Dr. Gunjan Das	Best oral presentation award (2nd) for the presentation on "wound healing prop- erty of two herbal plants by *in vivo* assessment in rats", 34th annual convention of ISVM on "Newer Approaches in diagnosis and management of animal diseases for sustainable health and production" during 17th – 19th February 2016 at GADVASU, Ludhiana, Punjab.
Dr. J. B. Rajesh	Best Teacher award from Rotary International
Dr.Devajani Deka	Best oral research paper award for the paper " Serotyping and antibiotic sensitivity pattern of *Escherichia coli* from chicken and human sources" in National confer- ence on Prospects and Challenges in Indigenous foods and drink sector, 11-12 April, 2015, organized by AFST (I), Manipur chapter at CAU, Imphal. Pp 17.
2016-17	
Dr. P. C. Kalita	**"Reviewer Excellence Award"** as reviewer of Indian Journal of Animal Research and Asian Journal of Dairy and Food Research. ARCC Journals during 2016.
Dr. T. K. Rajkhowa	Overseas Research associateship at University of Connecticut, Storr, CT, USA, awarded by DBT, Ministry of Science and Technology, GOI, New Delhi from 01-09-16 to 30-11-16
Dr A. K.Samanta	Received second best paper(Oral) award for the research paper **"**Effect of Feeding Palm Oil (*Elaeisguineensis*) Sludge as a Partial Replacement of Maize on the Performance of Growing crossbred (Large White Yorkshire xZovawk) Pigs" presented at X Biennial Animal Nutrition Association Conference held at CVSc, Sri Venkateswara Veterinary University, Tirupati w.e.f. 9 th to 11th November,2016.
Dr.Pragati Hazarika	Best Oral Paper Presentation Award in National Seminar on "Food: Safety, Health and Environment" on 25th & 26th February, **2016,** Chennai. Organized by Department of Livestock Products Technology (Meat Science), Madras Veterinary College, Chennai – 600 007.
2017-18	
Dr. Suvendu Kumar Behera	1..Best Oral Presentation in 35th Annual Convention of ISVM 2. Overseas Associateship fellowship, DBT, India 2017
Dr. Gunjan Das	1. Main Nominee of CPCSEA for the Institutional Animal Ethics Committee (IAEC) of CPCSEA of Mizoram University (MZU), Mizoram. 2. Main Nominee of CPCSEA for the Institutional Animal Ethics Committee (IAEC) of CPCSEA of Tripura University, Agartala. 3. Executive Committee member for Indian Veterinary Medicine Association (Mizoram Chapter) election held on 30th May' 2015 during Annual General Body Meeting of IVA-Mizoram for the term 2017 – 2019. 4. Executive Committee member (Gen Secy) for Rotary Club of Aizawl, DI-3240 under Rotary International 5. Executive Committee member (Vice-President) for Rotary Club of Aizawl, DI-3240 under Rotary International.

	Member of Editorial Board: I. Journal of Animal Research and Veterinary Science, Herald Scholarly Open Access, 2561 Cornelia Rd, #205, Herndon, VA 20171, USA. Tel: +1-646-661-6626. II. Associate Editor of International Journal of Agriculture Sciences (ISSN: 0975-3710 EISSN: 0975-9107) - Bioinfo Publications. Source Journal of Veterinary Science (SJVS), 4722 E Bell Rd, Suite # 2159, Phoenix, AZ, USA, Email: contact@researchsource.org.
Dr. Kalyan Sarma	1. Executive member (Regional Secretaries, North East Region) of Indian Society of Veterinary Medicine 2. Member of Project Screening Committee of Govt. of Mizoram underRKVY 3. Level-ll Expert for veterinary Medicine in project entitled "Development and Deployment of Mobile Based Agro-Advisory system in North-East India(m4agriNEl) - Phase II (Garo Hills)", funded by Media Lab Asia, MCIT, GOI, New Delhi 'which was commenced on 4th Ju1y'2015 at College of Home Science, CAU, Tura Meghalaya 4. Member of editorial board of the national and international journal i. Associate Editor of Basic Research Journal of Animal Science ii. Member of the Editorial Bard of Veterinary Research International
Dr. Laltlankimi, Dr. T. K. Rajkhowa, Dr. R. Ravindran	Dr. B. S. Raya award, 2016 for best non- oncology short communication in Indian journal of veterinary pathology.
Dr. Y. Damodar Singh	Bharat JyotiPurskar 2018 (From Best Citizen Publishing House, New Delhi)
Dr Parthasarathi Behera	"Best Oral Presentation award" at the national seminar on Opportunities and Challenges of Translational Research in the Frontier Areas of Animal Biotechnologyheldduring 22nd to 23rd September 2017 at CVSc& A.H., OUAT, Bhubaneswar.
Dr.N. Shyamsana Singh	Awarded by ICAR for breed recognition of "Zovawk"
Dr.N. Shyamsana Singh	Expert member for formulating Mizoram state pig breeding policy
Dr. T.C. Tolenkhomba	Expert member for formulating Manipur state pig breeding policy
Dr. T.C. Tolenkhomba	Member committee to design a new course of M.Sc. in Organic Farming including conservation of precision agriculture and mushrooming bio-diversity along with cooperation with native animal and plant
2018-19	
Dr. Prava Mayengbam	2nd Prize in Poster presentation under 30 during International Conference on Biodiversitry, Environment and Human Health: Innovations and Emerging Trends (BEHIET 2018) on 12-14 November, 2018 held at Mizoram University, Mizoram.
Dr. Y. Damodar Singh	"The Bharat JyotiPuraskar 2018" was conferred by the Best Citizen Publishing House, New Delhi.
Dr.Parimal Roychoudhury	DBT overseas associateship
Dr. O. P. Choudhary,	Late Dr. D. S. Grover Memorial Award for "Clinical Anatomy &

	Multidisciplinary Approach". during XXXIII ANNUAL CONVENTION OF IAVA & NATIONAL SYMPOSIUM at C.V.Sc.& A.H., CAU, Selesih, Aizawl
Dr. DibyajyotiTalukdar	IJRULA Title awards 2018" for best research article. Awarded by, International Journal for Research Under Literal Access
2019-20	
Dr. J. B. Rajesh,	Adarsh Vidya Saraswati Rashtriya Puraskar Glacier Journal Research foundation, Global Management Council: 2019
Dr. J. B. Rajesh,	Young Faculty award from EET, CRS (Academic Brilliance Award): 2020 Best Faculty Award from EET, CRS – 9 th Science and Technology Awards 2020 Veterinarian's Achiever's Award (2020) -- Indian Veterinary Association, Chennai Best PhD Thesis Award from Dr. Ram Avatar Shiksha Samiti, Puranpur, Pilibhit, Uttar Pradesh CPCSEA Nominee of Government of India (2020).
Dr. J. B. Rajesh,	Received 3rd prizefor oral presentation in 38th Annual convention and National Symposium of ISVM, Bengalore
Dr. Suvendu Kumar Behera	DBT overseas associateship
Dr. Chethan G E	1st prize in poster presentation (session 3) under 38th Annual Convention and National Symposium of ISVM (Feb 5th to 7th , 2020) held at Veterinary college, KVAFSU, Hebbal, Bengaluru
Dr. Chethan G E	1st prize in poster presentation (session 4) under 38th Annual Convention and National Symposium of ISVM (Feb 5th to 7th , 2020) held at Veterinary college, KVAFSU, Hebbal, Bengaluru
Dr. M. Ayub Ali	**Best paper Award** in technical session on Clinical and Nutritional Biochemistry during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on 4-5th Feb, 2020. Acted as **Chairman** in technical session on Biochemical interventions and Metabolomics during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on **4-5th Feb, 2020**
Dr. Parthasarathi Behera	1. **Best paper Award** in technical session on Biochemical interventions and Metabolomics during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on 4-5th Feb, 2020. 2. Acted as **Rapporteur** in technical session on Industrial and Environmental Biochemistry during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production

	held at CVSc, SVVU, Tirupati on **4-5th Feb, 2020**
Dr. A. K. Samanta	Received best presentation (oral) award for the research paper entitled 'Effect of Supplementation of Plant Extracts and Essential Oils on Immune Status and Intestinal Microbial Population of Weaned Piglets' in the International Conference of Animal Nutrition 2019 on 'Nutritional strategies for improving farm profitability and clean milk production', 17-19 Dec., 2019 organised by Department of Animal Nutrition, West Bengal University of Animal and Fishery Sciences, Kolkata, India
Dr. Pragati Hazarika	a. 3rd Prize for oral paper presentation on the topic "Effect of Nisin on qualitative and sensory aspects of cured Vawksa Rep – a traditional pork product of Mizoram" in the International Symposium & 9th conference of Indian Meat Science Association" organized by . Dr. G.C. Negi College of Veterinary & Animal Sciences, CSK HPKV, Palampur – HP, India. b. Best Oral Paper Presentation (3rd) in 8h IMSACON and International Symposium on "Advances in production, processing and quality assuranceof muscle foods for improved health and Nutritional security" on 6th to 8th November, 2019, organized by Dr. G.C.Negi College of Veterinary and Animal Sciences , CSK, Himachal Pradesh , Agricultural University, Palampur (H.P.)
Dr. T. K. Rajkhowa Dr. Y. Damodar Singh, Dr. Ravindran R. Dr. Rahul Singh Arya,	IAVP-Savithree Jibachch Sinha Third Best Poster Presentation Award, 2019 for the Poster "Histopathological investigation of pathology of mushy chick disease in Gramapriya and Srinidhi chicks"in Veterinary Pathology Congress-2019 and National symposium on *"Advances in veterinary pathology for fostering one health, food security and environment protection"* Selesih, Aizawl, Mizoram (November 6-8, 2019). (**Authors:**Vanlalnunpuii Khawlhring, Rahul Singh Arya, Jenifa Ahmed, Y. Damodar Singh, Beatrice R. Marak, T.K. Rajkhowa, Ravindran R., Ishita Maity and Pinaki Bhattacharya).
Dr. T. K. Dutta,	Dr. C. M. Singh best research paper award-2020. Awarded by the Indian Association of Veterinary Microbiologists, Immunologists and Specialists in Infectious Diseases (IAVMI) for the research paper published in the Indian Journal of Comparativve Microbiology, Immunology and Infectious Diseases, Vol 40(2), 2019: 90-94
Dr. T. K. Dutta,	Reviewer Excellence Award by the ARCC journal in recognitioin to significant and outstanding contribution to the journal and reviewing the article in January, 2020
Dr. P. K. Subudhi	Awarded best oral presentation for paper "Serum Diagnostic Enzyme Profile of Khaki Campbell Ducks is improved by Eclipta alba as Feed Supplement in the face of Salmonellosis" in technical session II - Clinical and Nutritional Biochemistry in Annual Convention of SVBBI and 4th National Seminar on "Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production" from 4th – 5th February, 2020; at College of Veterinary Science, SVVU,

	Tirupati – 517502, A.P., India
2020-21	
Dr.Kalyan Sarma	1. Best teacher Award, 2020, Institute of scholar 2. Outstanding Scientist Award, 12th International Scientist Awards on Engineering, Science and Medicine, Vdgood Technology factory,2020 3. Excellence Award by Agriculture Research Communication centre on 16/3/21
Dr.Parthasarathi Behera	Awarded "Best paper Award" for the paper entitled **"**Comparative proteomic analysis of *Salmonella* Typhimurium wild type and its isogenic *fnr* null mutant during anaerobiosis" presented in technical session on Biochemical interventions and Metabolomics during the 4th National seminar and Annual Convention of SVBBI on Current Research in Veterinary Biochemistry and Biotechnology in the improvement of Animal Health and Production held at CVSc, SVVU, Tirupati on 4-5th Feb, 2020.
Dr A K Samanta	Received ANA- Dr M S Rahal Best Resaerch Paper award in Centennial Symposium organized by Animal Nutrition Association of India at ICAR-IVRI, Izatnagar w.ef March 11-12,2021
Dr. P. C. Kalita	Acted as Reviewer for WILEY journal (Anatomia, Histologia Embryologia) and received the reviewer certificate. During 2020. a) " Reviewer Excellence Award" during **2020** as a Reviewer from Indian Journal of Animal Research, ARCC, Karnal, Haryana. b) "Certificate of Appreciation" as a Member of Scientific Advisory Board during 2020-21 from International Journal of Livestock Research.
Dr.Rajat Buragohain	1. Outstanding Scientist Award – 2020 in the field of Animal Nutrition by Agricultural & Environmental Technology Development Society (AETDS), Uttarakhand, India 2. Young Researcher Award – 2020 By Institute of Scholars, Karnataka, India 3. Best Researcher & Innovation Award – 2020 in the fields of teaching, research & publications by IRDP groups of Journal, Chennai, India 4. Academic Excellence Award – 2020 by Institute of Scholars, Karnataka, India 5. Best oral presentation award for the research paper "*Effect of fermented liquid feed on growth, nutrient digestibility and economics of grower-finisher Large White Yorkshire pigs*" presented in the International Web Conference on "*Perspective on agricultural and applied sciences in Covid-19 scenario (PAAS 2020)*" held on 4-6 October, 2020 organised by Environmental Technology Development Society (AETDS), Uttarakhand, India

Awards/Recognitions/Certificates: Awards/recognitions/certificates received by students for last five years are mentioned below

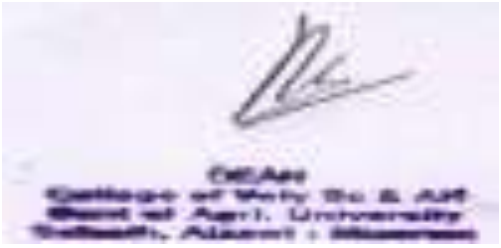
Name of the student	Awards
Dr Nanda Kumar Roy	Received Dr NSR Sastry eight siser Award for best LPM research in NE region(ISAPM-2020, Jaipur)
Dr G Lolinlu Kabui	Received ICAR SRF in Veterinary Pathology in ,2018
Dr Temjennungsang	Received ANA- Dr M S Rahal Best Resaerch Paper award in Centennial Symposium organized by Animal Nutrition Association of India at ICAR-IVRI, Izatnagar w.ef March 11-12,2021
Miss Anu Lakandri	Bagged second position in Badminton at 20th All India Inter Agricultural University games and Sports meet at Tirupati in the year 2019-20

6.5.7.4. Employability: Placement & Counselling cell of the college is actively working to organize expert lectures for improvement of student's employability skills. English Language instructor of the college conducts sessions on preparation of resume and participation in personal interview and group discussions. Alumni of the college interact with the students and share their experience about how to achieve goals in life.As a consequence of sustained efforts of the faculty, many of our passed out students got placement as Assistant Professors, ARS- Scientist, Veterinary Assistant Surgeon, Civil servants etc. Students gain lot of hands on training experience during their Entrepreneurial and internship training programme. During Internship programme, students also gain experience on Organizational set up of various deparrtemnts of Agriculture and Allied sector, Government policies, which become very useful in discharging their duties in future. Field visits, North Eat ad All India Study tour expose the students to widen their thought process enable them for better career option. Students build up their confidence and get motivated to perform better in their future endeavour by participating in different literary, cultural and sports events during college week, Universiry youth festval, Inter University Youth festivals. Differnt expert lectures organized by college are annexed in Annexure **6.5.7.4**

6.5.8. SSR of the College must have the SSR of all its Degree Programmes (following section 6.4), then the report of the Colleges shall be considered. (Attached)

6.5.9. Certificate (Applicable when SSR is submitted for Programmes & College).

I, the Dean, Dr. L Hmar, hereby certify that the information contained in Sections 6.4 and Section 6.5.1 to 6.5.7.4 are furnished as per the records available in the college and degree awarding university.



Signature of the Dean

Composition of Board of Studies

Year 2016

1. Dean, College of Veterinary Sciences and Animal Husbandry, Aizawl
2. Director of Instructions, CAU, Imphal
3. Director of Research, CAU, Imphal
4. Director of Extension Education, CAU, Imphal
5. Dean, College of Fisheries, Tripura
6. Dr. R. Roychoudhury, Professor, Deptt of LPM, AAU, Khanapara
7. Dr. Arunasis Goswami, Professor and COE, WBUAFS, Kolkata
8. All the head of the departments\
9. Dr. Satayaki Chakraborty, Final Year PG student Department to VMC, College of Veterinary Sciences and Animal Husbandry, Aizawl.
10. Incharge Academics, College of Veterinary Sciences and Animal Husbandry, Aizawl.

Year 2017

1. Dean, College of Veterinary Sciences and Animal Husbandry, Aizawl
2. Director of Instructions, CAU, Imphal
3. Director of Research, CAU, Imphal
4. Director of Extension Education, CAU, Imphal
5. Dean, College of Fisheries, Tripura
6. Dr. R. Roychoudhury, Professor, Deptt of LPM, AAU, Khanapara
7. Dr. Arunasis Goswami, Professor and COE, WBUAFS, Kolkata
8. All the head of the departments
9. Dr. Mekha Chandran, Final Year PG student Department to VSR, College of Veterinary Sciences and Animal Husbandry, Aizawl.
10. Incharge Academics, College of Veterinary Sciences and Animal Husbandry, Aizawl.

Year 2018

1. Dean, College of Veterinary Sciences and Animal Husbandry, Aizawl
2. Director of Instructions, CAU, Imphal
3. Director of Research, CAU, Imphal
4. Director of Extension Education, CAU, Imphal
5. Dean, College of Fisheries, Tripura
6. Dean, College of Veterinary Sciences and Animal Husbandry, Jalukie, Nagaland
7. Professor, Department of Anatomy, College of Veterinary Sciences and Animal Husbandry, Jalukie, Nagaland.
8. Professor, Department of LPM, College of Veterinary Sciences and Animal Husbandry, Jalukie, Nagaland
9. Dr. R. Roychoudhury, Professor, Deptt of LPM, AAU, Khanapara
10. Dr. Arunasis Goswami, Professor and COE, WBUAFS, Kolkata
11. All the head of the departments
12. Dr. Supritam Das, Final Year PG student, College of Veterinary Sciences and Animal Husbandry, Aizawl.
13. Incharge Academics, College of Veterinary Sciences and Animal Husbandry, Aizawl.

Year 2019

1. Dean, College of Veterinary Sciences and Animal Husbandry, Aizawl
2. Director of Instructions, CAU, Imphal
3. Director of Research, CAU, Imphal
4. Director of Extension Education, CAU, Imphal
5. Dean, College of Fisheries, Tripura
6. Dean, College of Veterinary Sciences and Animal Husbandry, Jalukie, Nagaland
7. Dr. R. Roychoudhury, Professor, Deptt of LPM, AAU, Khanapara
8. Dr. Arunasis Goswami, Professor and COE, WBUAFS, Kolkata
9. All the head of the departments
10. Dr. Gisha Tresa Binny, Final Year PG student, Deptt of ARGO, College of Veterinary Sciences and Animal Husbandry, Aizawl.
11. Incharge Academics, College of Veterinary Sciences and Animal Husbandry, Aizawl.

Year 2020

1. Dean, College of Veterinary Sciences and Animal Husbandry, Aizawl
2. Director of Instructions, CAU, Imphal
3. Director of Research, CAU, Imphal
4. Director of Extension Education, CAU, Imphal
5. Dean, College of Fisheries, Tripura
6. Dean, College of Veterinary Sciences and Animal Husbandry, Jalukie, Nagaland
7. Dr. R. Roychoudhury, Professor, Deptt of LPM, AAU, Khanapara
8. Dr. Arunasis Goswami, Professor and COE, WBUAFS, Kolkata
9. All the head of the departments
10. Dr. Zonthangupii, Final Year PG student, Deptt of AHE, College of Veterinary Sciences and Animal Husbandry, Aizawl.
11. Incharge Academics, College of Veterinary Sciences and Animal Husbandry, Aizawl.

Sl. No	Particulars of the meetings	
1.	**Date of Board of Studies Meeting:** 12th August 2016	
	Agenda	**Resolution/ recommendation**
	Confirmation of Proceedings of Sixth Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 3rd August, 2015 at College of Veterinary Sciences & Animal Husbandry, CAU, Aizawl	The Board of Studies unanimously confirmed the proceedings of confirm the proceedings Sixth Board of Studies of College of Veterinary Sciences & Animal Husbandry
	Review of the actions taken on the decisions of Sixth Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 3rd August, 2015 at College of Veterinary Sciences & Animal Husbandry, CAU, Aizawl	The action taken on various resolutions of the Sixth Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 3rd August, 2015 was presented and Board of Studies took note of it.
	Approval to implement Veterinary Council of India Minimum Standards of Veterinary Education- (Bachelor of Veterinary Science and Animal Husbandry - Degree Course) Regulations, 2016 at the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram from the academic session 2016-17.	The Board of Studies approved the proposal to implement Veterinary Council of India Minimum Standards of Veterinary Education- (Bachelor of Veterinary Science and Animal Husbandry - Degree Course) Regulations, 2016 at the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram from the academic session 2016-17 and recommended to forward the agenda to next Academic council for approval.
	Approval to start Ph.D Degree Programme in Veterinary Surgery & Radiology form Academic Session 2017-18 at the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram.	After detailed deliberations, considering the need of trained persons in the NER and strength of the department, Board of Studies approved the proposal to start Ph.D. degree Programme in Veterinary Surgery & Radiology from the Academic Session 2017-18. proposal and recommended to forward the agenda to next Academic council for approval
	Approval to start One Year Post Graduate Diploma Course in "Veterinary Anaesthesiology and Surgery" (TWO semesters) from Academic Session, 2017-18 at the College of Veterinary Sciences and Animal Husbandry, Selesih, Aizawl, Mizoram.	After detailed discussions on the agenda, Board of studies resolved that introduction of One Year Post Graduate Diploma Course in "Veterinary Anaesthesiology and Surgery" in the department of Veterinary Surgery &Radiology may be deferred considering the less number of faculties available in the said department
	Approval to change the CODE title of the course offered in MVSc & Ph.D Degree Programme in Veterinary Public Health & Epidemiology from Academic Session 2017-18 at College of Veterinary Sciences & A.H., Selesih, Aizawl.	After detailed discussions, Board of Studies resolved not to approve the change the course code as VPH& E instead of present code 'VPE' for MVSc. and Ph.D courses offered in the Department of Veterinary Public Health & Epidemiology.

	Introduction of New Department of Animal Biotechnology under College of Veterinary Sciences & AH, CAU, Aizawl, Mizoram for Postgraduate Degree of MVSc. in Animal Biotechnology	The Board of studies discussed the proposal in details and the expressed their concern over the availability of faculty & staff to run the department. It was resolved not to introduce new Department of Animal Biotechnology under College of Veterinary Sciences & A.H., CAU, Aizawl, Mizoram for postgraduate degree of MVSc. and Ph.D in Animal Biotechnology.
	To decide the core courses for Ph. D degree programme in the department of Veterinary Pathology and Veterinary Biochemistry	The Board of Studies approved the core courses of the Ph.D programme in the department of Veterinary Pathology and Veterinary Biochemistry.
	Approval for creation and filling up the posts of teaching, Technical and supporting staff for the Livestock farm complex and Teaching Veterinary Clinical Complex at C.V.Sc. & A.H., Selesih.	Board of Studies resolved not to approve the proposal considering the agenda is related to policy matter of the University. It was further suggested that Dean may send the proposal to the competent authority of the CAU, Imphal for further necessary action.
	To make provision for attending national seminar and conference for the student of M.V.Sc. & Ph. D. Degree programme once during the during the MVSC/ Ph.D programme	After detailed discussions, Board of Studies resolved not to approve proposal for reimbursement of expenditure incurred (Registration and Travelling) for attending national seminar and conference for the student of M.V.Sc. & Ph. D. Degree programme, as there is no provision for the same in the CAU Academic regulations.
	To increase the existing remuneration of Rs.300/- for question papers setting for MVSc End term Examination paper setter to Rs 500/-.	Board of Studies resolved not to discuss the agenda, as the same has already been considered and incorporated in the revised CAU Academic regulations for PG & Ph.D programme.
	To revise the syllabus and credit hours of the compulsory supporting credit course on statistics entitled “Design of Experiments for Biological Sciences” for M.V.Sc. & Ph. D. Degree	After detailed discussions, Board of Studies resolved not to approve the change in the syllabus and credit hours of the compulsory supporting credit course on statistics entitled “Design of Experiments for Biological Sciences” for M.V.Sc. & Ph. D. Degree.
	Supplementary agenda: To make changes in the procedure to conduct comprehensive qualifying(written) examination for MVSc programme	Board of studies discussed the agenda in details and suggested to send the proposal to next academic council meeting of the University for Kind Perusal and discussion.
2.	**Date of Board of Studies Meeting:** 22nd May 2017	

	Agenda	Resolution/ recommendation
	Confirmation of Proceedings of seventh Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 12th August, 2016 at College of Veterinary Sciences & Animal Husbandry, CAU, Aizawl.	The Board of Studies unanimously confirmed the proceedings of confirm the proceedings Seventh Board of Studies of College of Veterinary Sciences & Animal Husbandry
	Review of the actions taken on the decisions of seventh Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 12th August,2016 at College of Veterinary Sciences & Animal Husbandry, CAU, Aizawl	The action taken on various resolutions of the Seventh Board of Studies of College of Veterinary Sciences & Animal Husbandry held on 12th August, 2016 was presented and Board of Studies took note of it.
	Approval to continue external examination system as per Veterinary Council of India Minimum Standards of Veterinary Education- (Bachelor of Veterinary Science and Animal Husbandry - Degree Course) Regulations, 2008 at the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram.	The Board of Studies approved the proposal to continue external examination system as per Veterinary Council of India Minimum Standards of Veterinary Education- (Bachelor of Veterinary Science and Animal Husbandry - Degree Course) Regulations, 2008 at the College of Veterinary Sciences & Animal Husbandry, Selesih, Aizawl, Mizoram for the students of BVSc. & A.H. admitted under the VCI Regulations, 2008 to conduct practical examination and evaluation of theory paper and evaluation of theory paper for 2016-17 admission batch as per VCI Regulation, 2016 and recommended to forward the agenda to next Academic council for approval.
	Approval to start Ph.D degree programme in Veterinary Anatomy from Academic Session, 2017 -18 at College of Veterinary Sciences & A.H., Selesih	The Board of studies discussed the proposal and accord the approval to start Ph. D. Degree Programme in Veterinary Anatomy and Histology from the Academic Session 2017-2018 and recommended to forward the agenda to next Academic council for approval.
	Approval to start Ph.D degree programme in Veterinary and Animal Husbandry extension from Academic Session, 2017 -18 at College of Veterinary Sciences & A.H., Selesih.	The Board of Studies discussed the proposal and accords the approval to start Ph.D. degree programme in Veterinary Extension Education from the academic Session 2017-18 and recommended to forward the agenda to

		next Academic council for approval.
	Request to make changes in the Academic regulation for PG and Ph D programme-2016 with regard to temporary withdrawal of the students	The Board of Studies approved the proposal suggesting that MVSc student may be permitted temporary withdrawal from the University after the successful completion of at least one semester as the regular student of the university and Ph.D. student may be allowed for temporary withdrawal from the university on getting a permanent government job after successful completion of 100% course work and comprehensive exam and recommended to forward the agenda to next Academic council for approval.
	Request for uniform time schedule and guidelines in the Academic regulation for PG and Ph D programme-2016 with regard to submission of thesis by the PG and Ph.D students.	After detailed deliberations, the Board of Studies decided the time schedule for submission of thesis within the minimum prescribed duration shall be: (i) On the last date of 4th semester but not before 15th week of the same semester for Master's degree programme. (ii) On the last date of 6th Semester but not before the 15th week of the same semester for Ph.D degree Programme and recommended to forward the agenda to next Academic council for approval.
	Request to make changes in the existing academic regulation for PG and Ph D programme with regard to comprehensive qualifying examination of PG and Ph.D programmes as per ICAR common academic regulations.	The Board of Studies approved the proposal to make changes in the procedure to conduct comprehensive qualifying (written) examination in respect to Paper –II for only minor courses for PG & PhD as per ICAR common academic regulation and recommended to forward the agenda to next Academic council for approval.
	Request to make provision for award of institutional JRF/SRF at per IVRI and NDRI for MVSc and PhD students	The Board of Studies approved the proposal to make request to Academic Council to enhance the CAU Institutional fellowship at par ICAR Deemed University for MSc/ MVSc and PhD students and recommended to forward the agenda to next Academic council for approval.
	Request to reserve seat for In- service candidate for	The Board of Studies discussed the

	PhD programme at CVSc & AH.	agenda in details and resolved that as member of Academic Council did not approve the same agenda in previous meeting, the proposal need not to be sent again to Academic Council.
	Request for the budgetary provision for construction of examination hall at College of Veterinary Sciences & Animal Husbandry	The Board of Studies approved the proposal to make request to the authority for budgetary provision for construction of common examination hall at college of Veterinary sciences & Animal Husbandry and recommended to forward the agenda to Academic council for approval.
	To change the course title and revise the syllabus of the compulsory supporting credit course on statistics entitled "Design of Experiments for Biological Sciences" for M.V.Sc. & Ph. D. Degree Programme.	The Board of Studies discussed the agenda in details and resolved that course title and syllabus may be followed as such without any change.
	Requirement of a registered institutional email ID at least for the faculty	After detailed deliberations, the Board of Studies approved the proposal and recommended the agenda to send to Academic Council for further discussion and consideration.
	Request to make provision to conduct online examination or more number of entrance examination centre for MSc/ MVSc Programme.	The agenda was discussed in details. CIRCULAR

This is for information to all the faculty that College Institutional Ethic Committee has been reconstituted and approved by CPCSEA vide letter No.F.No.: 25/209/2010-AWD, dated:12/June /2019. Following are the details of the new registration number and committee members.

New Registration Number: 1476/GO/Re/SL/11/CPCSEA

Sl. No.	**Name and Designation**	**IAEC designation**
1.	Dr.Lalnuntluangi Hmar, Dean	Chairperson, Scientist from different biological discipline
2.	Dr. Tapan Kumar Dutta, Professor & Head, Department of Veterinary Microbiology	Biological Scientist
3.	Dr. K. Lalrintluanga, Professor, Department of Animal Reproduction Gynecology and Obstetrics	Veterinarian
4.	Dr.Pranab Chandra Kalita, Professor & Head, Department of Veterinary Anatomy and Histology	Scientist In-charge of Animal House Facility
5.	Dr. Parimal Roychoudhury, Associate Professor, Department of Veterinary Microbiology	Member Secretary, Scientist from different biological discipline
6.	Dr. Pritam Mohan, Associate Professor, Pharmacology & Toxicology, College of Veterinary Science, Assam Agricultural University, Khanapara, Guwahati, Assam	Main Nominee
7.	Dr. Himangshu Baruah Dept. Of Pharmacology & Toxicology, College of Veterinary Science, Khannapara, Guwahati, Assam	Link Nominee
8.	Dr. Amit Kumar Trivedi Assistant Professor, Dept of Zoology, Mizoram University, Aizawl, Mizoram	Scientist from outside the Institute
9.	Pavan Kumar Samudrala Netes Institute of Technology & Science, NH-37, Shantipur, Mirza, Assam.	Socially Aware Nominee

(Dr.Lalnuntluangi Hmar)
DEAN

NSS ACTIVITIES (2016 – 2020)

ACTIVITIES	PLACE/VILLAGES	DATE	Remarks
1. Free Animal Health cum Anti-rabies vaccination camp	1. Sesawng village	24th August 2016	
	2. Sairang village	14th September 2016	
	3. Sihphir village	21st November 2016	
	4. Kelsih village	29th December 2016	
	5. Durtlang Ramthar	29th April 2017	
	6. Luangmual, Aizawl	15th January 2018	• 220 animals treated • 4 animals operated • 75 dogs vaccinated
	7. Ailawng village	9th February 2018	• 117 animals treated • 9 dogs vaccinated • 4 animals operated
	8. Sihphir village	27th February 2018	• 283 animals treated • 8 dogs vaccinated
	9. Chungtlang &Rulpuihlim villages	24th May, 2018	
	10. ITI colony	23rd March, 20019	
	11. Recreation Hall, 3rd Battalion MAP, Mualpui	29th March, 20019	
	12. Durtlang Ramthar	27th April, 20019	World Veterinary Day
	13. Lengte village	18th September, 2019	
	14. Sakawrtuichhun, Aizawl	30th January, 2020	
	15. Tuirial village	19th February, 2020	
	16. Nisapui village	6th March, 2020	
	17. Thingdawl village	15th October, 2020	
	18. Nausel village	11th November, 2020	
2. Free Antirabies vaccination	1. Hlimen village	25th May, 2016	18 dogs vaccinated
	2. Durtlang	6th July, 2016	21 dogs vaccinated
	3. Ramhlun N' community Hall, Aizawl	28th September 2016	75 dogs vaccinated
	4. MC Hall, Durtlang village	5th July 2017	63 dogs vaccinated

	5. Ramhlun N' community Hall, Aizawl	28th September 2017	82 dogs vaccinated
	6. Leitan village	6th July 2018	76 dogs vaccinated (World Zoonoses Day)
	7. MC Hall, Durtlang	5th July, 2019	111 dogs vaccinated (World Zoonoses Day)
	8. YMA Hall, Republic Veng, Aizawl	28th September, 2019	119 dogs vaccinated
3. Voluntary Blood donation	1. Community Hall, C.V.Sc & AH, Selesih	10th November 2017	35 units of blood donated to Synod Hospital, Durtlang
	2. Civil Hospital, Aizawl	18th June, 2020	16 units of blood donated to Civil Hospital, Aizawl
	3. Civil Hospital, Aizawl	27th January	21 units of blood donated to Civil Hospital, Aizawl
4. Cleanliness drive	1. Hlimen village	25th May, 2016	
	2. Phunchawng village	18th July, 2016	
	3. C.V.Sc & AH, Selesih	15th August, 2016	Swacchata campaign
	4. Sairang village	14th September, 2016	
	5. C.V.Sc & AH, Selesih	1st October 2016	Eve of Gandhi Jayanti
	6. Selesih village	31st October 2016	
	7. Sihphir village	21st November 2016	
	8. Chanmari to Bazaar, Aizawl	22nd September 2017	NSS Day observation
	9. C.V.Sc & AH, Selesih	26th September 2017	
	10. C.V.Sc & AH, Selesih	15th January 2018	
	11. C.V.Sc & AH, Selesih	5th May 2018	
	12. C.V.Sc & AH, Selesih	13th September 2018	
	13. C.V.Sc & AH, Selesih	3rd November 2018	
	14. C.V.Sc & AH, Selesih	18th January, 2019	
	15. C.V.Sc & AH, Selesih	16th March 2019	
	16. C.V.Sc & AH, Selesih	16th March 2019	
	17. C.V.Sc & AH, Selesih	14th August, 2019	Swacchta Pakhwada
	18. C.V.Sc & AH, Selesih	7th September, 2019	
	19. C.V.Sc & AH, Selesih	2nd October, 2019	Swatch campus & Jal Shakti campus & Jal Shakti gram
	20. C.V.Sc & AH, Selesih	29th September, 2020	

	21. C.V.Sc & AH, Selesih	19th February, 20212	
5. Installation of iron benches	1. C.V.Sc & AH, Selesih	17th July 2018	
6. Help desk for newly admitted B.V.Sc. & A.H. students	CVSc & AH (2016 - 2020)	1st August, 2016 1st August, 2017 1st August, 2018 1st August, 2019 16th September, 2020	
7. TTree plantations	1. CCVSc & AH (2016)	5th June, 2016	30 saplings planted
	2. Damdiai	11th June 2019	Green Mizoram Day
8. FFencing and cleaning of plantation sites	3. Damdiai (2016)	3rd June, 2016	25 saplings planted
	4. Damdiai (2017)	24th February 2017	
9. AAwareness campaigns	1. KSelesih (2017)	29th December 2016	
	2. HHoly Angels School, Sihphir	3rd February, 2020	Soil Borne Parasitic diseases
	3. MSelesih	10th February, 2020	Soil Borne Parasitic diseases (National Deworming day)
	4. CCVSc & AH	11th – 13th March, 2020	Three (3) days training of butchers on the theme 'Hygienic slaughter of food animals and control of food borne zoonoses'
	5. CCollege of Horticulture, CAU	2nd December, 2017	Awareness campaign on NSS by NSS PO
10. WWhitewashing of cement benches	CVSc & AH	3rd December, 2019	
11. RRenovation of public urinals	Selesih village	12th January, 2021	
12. CCleaning and repair of drainage system	CVSc & AH		
13. FFarmers Visit	Durtlang North	7th August, 2020	
14. OObservation of World Milk Day	Special Blind School, Durtlang & Hermon Children's Home, Durtlang	1st June 2019	
15. DDistribution of leaflets regarding animal diseases, management, etc.	1. SSelesih	31st October 2016	
	2. KSelesih	29th December 2016	
16. PParticipation in	Itanagar, Arunachal	6th – 10th March, 2017	4 NSS volunteers

North East NSS Festival, 2017, Itanagar	Pradesh		participated. Thyam Vrubranata (3rd year) bagged 1st prize in Extempore speech
17. PProgramme officer training	Guwahati	12th – 18th. June, 2016	Dr. Lallawmzuali Ralte attended the training

Annexure :6.5.7.4

List of Entrepreneurial training, Motivational organized by college

Sl. No.	Social theme/ concept	Name of the facilitators
01	Entrepreneurship Development (4-Days Training programme on 1. Entrepreneurship: Need, Relevance, Facts and constrains. 2. Scope and Prospects of Entrepreneurship development to boost rural economy. 3. Motivation for Entrepreneurship and Successful Entrepreneurs. 4. Business Entrepreneurship with special reference to local vs vocal)	Dr. Pradip Kumar Sarmah Dr. AshisSaikia Dr. Pankaj Bharati Mr. Tonmoy Chatterjee
02	Motivational Talk (Vaccinology: An Overview)	Dr. Jonathan Vanlalsiamthara
03	Motivational Talks 1. Veterinarians Beyond Boundary 2.Cytokine Storm	Dr. Thokchom Santa Dr. RinmuanpuiiRalte
04	Motivational Talk on Personality Development	Mr. Anurag Zomuana
05	Interaction with Entrepreneur	Dr. Priya Chettri Dr. PadamlalLutiel
06	Innovation and Leadership Development (7-Days Training grogramme on Intellectual Property Rights)	Dr. M. Ayub Ali (An overview of Intellectual Property Rights)
		Dr. Parthasarathi Behera (Basic features of IPR and its Prospects in India)
		Mr. C. Laltlanzuala (Overview of IPR: With Special Emphasis to Patent)
		Dr. Pritam Mohan (Geographical Indicators)
		Dr. Sudhir Mehrotra (Intellectual Property Rights and its relevance in Modern Era)
		Dr. Pritam Mohan (Technology Transfer)

07	Communication Skill Development (21st Century Media and Communication Strategies)	Mr. Pratik Ali
08	Motivational Talk (International Webinar on "Broadly neutralizing anti-HIV monoclonal antibody prophylaxis confers long-term protection against SHIV infection in macaques"	Dr. Rajiv Gautam
09	Communication Skills and Personality Development (4-Days training programme)	Mrs. Radha Sangkarnarayan 3 Habits, 3 thirty-minute rule
		Mrs. Radha Sangkarnarayan How to set Goals
		Mrs. Radha Sangkarnarayan How to Achieve Goals
		Mrs. Radha Sangkarnarayan How to Achieve Goals
10	Motivational Talk (International Webinar on "Antimicrobial Resistance and Potential Challenges of Superinfection with COVID 19")	Dr. Sidhartha Thakur
11	Motivational Talk (International Webinar on "Canine babessiosis: A perspective on clinical complication, biomarkers, diagnosis anf treatment")	Dr. Gad Baneth
12	Motivational Talk (International Webinar on "Importance of Nanobiotechnology with Development of Advanced Technological tools in Modern Society")	Dr. GolapKalita
13	Motivational Talk (Opportunities in Foreign for Veterinarians) (Rabies)	Dr. JullyGogoi Tiwari Dr. Harish Tiwari

14	Motivational Talk (From College to Career)	Dr. PranjalKalita
15	Entrepreneurship Development (5-Days Training Programme)	Dr. Mahesh Chader (Entrepreneurship opportunities in Livestock sector)
		Dr. SanjitMaiti (Opportunities of Integrated Livestock Farming in NEH region of India)
		Dr. Sunil Kumar (Prospects and Potentiality of improving pig farming in NEH region)
		Dr. Lalchamliani (Prospects of Meat and Milk products and their business opportunities in NEH region)
		Dr. Vivek Kumar Nayek (Role of Banking Institutions in promoting employment opportunities)
16	Motivational Talk (International Webinar on "Living with Hepes Simplex Virus")	Dr. BapiPahar
17	Entrepreneurship Development	Dr. M.O. Kurien
18	Networking and Negotiation Skills	Mr. Anurag Zomuana
19	Entrepreneurship Development 3-Days Training programme on 1. Values and Developments in Agripreneurs. 2. Networking and Negotiation skills. 3. Business management skills	Dr. Kushal Raut
20	Innovation and Leadership Development (Opportunities of Veterinarians and Pig Farming in New Zealand)	Dr. Shaji Antony
21	Workshop on Entrepreneurship and Startup	Dr. Saravanan Raj

	(3-Days Training Programme)	Dr. Bishor Ibrahim Dr. Sagar Deshmukh Dr. Jose James
22	Gender Analysis Skills (2-Days Training Programme)	Dr. Surya Rathore Dr. Veenita Kumari
23	Motivational Talk (2 days Training Programme)	Dr. N.N Pandey *"Opportunities for Veterinarians"*
		Dr. Rajesh Chandra
24	Entrepreneurship Development (4-Days Training Programme on Disease Investigation with Diagnostic Tools	Dr. S.K. Borthakur (Role of endoparasites in disease pathogenesis and its diagnosis with various methods)
		Dr. Hemen Das (Application of biochemical techniques for disease diagnosis)
		Dr. T.K. Dutta (Molecular diagnostic technique for diagnosis of disease)
		Dr. Rahul Singh Arya (Pathological investigation to diagnose a disease with various tools and techniques)
		Dr. BedangaKonwar (Imaging techniques for diagnosis of disease)
		Dr. K. Lalrintluanga (Dystocia and its management)
		Dr. Kalyan Sarma (Diagnosis of haemoprotozoan disease in livestock and companion animals and its management)
		Dr. J.B. Rajesh (Prevention and control of infectious diseases in livestock)

6.4. Self study report of the UG (BVSc &AH) programme

6.4.1.Brief history of the degree programme

The College of Veterinary Sciences & Animal Husbandry, one of the constituent Colleges of the Central Agricultural University, Imphal catering to the need of 7 North Eastern Hill states (Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Sikkim , Tripura and Nagaland) of India under its jurisdiction was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995). The College is located at Selesih, 12 kilometers North of Aizawl, the capital city of Mizoram state on the Aizawl-Sihphir-Silchar state highway. The Campus of the College is spread over 168.61 acres of land, mostly hilly terrain, at an altitude of 965 meters above the mean sea level. The climate of Aizawl is very pleasant, generally cool in summer and not very cold in winter. The minimum and maximum temperature ranges from 7-8º C to 30-34 º C. It rains heavily from May to September and the average annual rainfall is about 2500 mm.

The college became functional with the admission of first batch of 10 students to B.V.Sc. & A.H. degree programme in the year 1997. The intake capacity of the students in BVSc &AH per year has risen to 80 in the academic session 2020-21.During the year 1998, the campus formally started functioning at present location, Selesih in 24 Assam Type Houses taken over from the Department of Animal Husbandry and Vet.erinary, Govt. of Mizoram with 5 Assistant Professor deputed from the state department. At present the college is having a total faculty strength of 50 (Professors-10, Associate Professors-08, Assistant Professor-32). The College has seventeen departments namely Veterinary Anatomy, Veterinary Physiology & Biochemistry, Animal Nutrition, Animal Genetics & Breeding, Livestock Production & Management, Veterinary Parasitology, Veterinary Pathology,Veterinary Microbiology, Veterinary Pharmacology & Toxicology, Veterinary Public Health & Epidemiology, Veterinary Medicine, Veterinary Surgery & Radiology, Veterinary Gynaecology & Obstetrics, Livestock Products Technology, Veterinary & Animal Husbandry Extension, Teaching Veterinary Complex and Livestock Farm Complex. The college is recognized by Veterinary Council of India.

Students Intake and passed out

1. UG (BVSc & AH Degree programme):

Sl.No.	Degree Programme	Academic Year	Intake Capacity	No. of Student Admitted	No. of Students Passed out
01	Bachelor of Veterinary Sciences & Animal Husbandry (B.V.Sc. & A.H.)	2016-17	77	61	43
		2017-18	76	66	41
		2018-19	76	63	55
		2019-20	80	70	45
		2020-21	80	75	Current Year. Not yet completed degree degree

Present enrolment in different professional year of BVSc & Ah degree programme

Major achievements during last five years

a) No of students graduated during last 5 years: Total 232 students completed their graduation in last 5years.
b) Number students secured JRF for PG programme through ICAR entrance examination: Total 133 students got qualified in ICAR Entrance examination during last 5 years and 12 students have been awarded with ICAR JRF for pursuing MVSc programme in different institute.
c) Placement of passed students in last 5 years:Total 100 passed out students have been employed in various state and central government institution/ organization during last five years. Two

students have joined ICAR –ARS service and one student joined in Wild life Institute of India as Scientist –C. During the reporting period ten (10) students have been employed as Assistant professor in different SAU and Central Agricultural University. Others are employed in State Veterinary departments, BSF, ITBP, SMS, state civil services.

d) Research paper published by the faculty & students and patent granted during last five years: Total 600 research articles have been published in referred national and international journal by the students and faculty of the college in last five years. One patent (Patent number: 2020102879, Patent office of Australia dated 2nd December, 2020) is granted to one faculty for the invention of 'Diagnostic assay for Porcine Circovirus2 infection in pigs' during this period

e) Recognition and awards received by the students and faculty in last 5 years: Faculty and students have received 30 awards conferred by different Professional Society and Association in recognition of their academic & research excellence. Five faculties have been selected for Overseas Associate ship programme sponsored by DBT, GOI, India for laboratory exposure in abroad.

6.4.2. Faculty strength

Supporting staffs			
Sl. No	**Sanctioned**	**Filled up**	**Vacant**
1	**142**	**91**	**52**

6.4.4. Classrooms and Laboratories

i. Classrooms: There are total 7 (seven) lecture cum examination hall in the College with capacity of accommodating 420 students at a time for any examination purpose.All the classrooms are equipped with computer and LCD projectors and connected with internet.

ii. Laboratories : The college is having 17 independent departments and every department having well equipped laboratories to impart teaching undergraduate students. All the department have required equipments as prescribed by Veterinary Council of India to impart undergraduate teaching leading to BVSc & Ah degree.Most of the department have sophicticated equipments for teaching and research of PG & PhD prgrammes

iii. Livestock farm complex (LFC). The farm complex having separate unit for each species of animals i.e. cattle, pig, goat and poultry. Each unit is well equipped demonstration/animal examination room/ Trevis. The College is also having one hatchery unit of ten thousand egg capacity incubator.

iv. Veterinary clinical complex (VCC). VCC is having facility of separate OT for small and large animals, in-patient unit, out-patient unit, vaccination unit for small animals, physiotherapy, ultrasonograpy, X-ray, endoscopy, ECG, registration and pharmacy units, one changing room, one doctors' room, one conference hall. VCC also having well equipped laboratory for sample/specimen evaluation. For smooth functioning of the VCC, the authority deputed one In-charge of senior Professor, hospital superintendent of senior teacher not below the rank of Associate Professor, In-charge of all imaging units not below the rank of Associate Professor and three faculties from each department of Animal Reproduction, Gynaecology & Obstetrics, Veterinary Medicine and Veterinary Surgery and Radiology.

6.4.5. Conduct of practical and Hands on training

Practical training to the students are designed and planned in such a way that it covers the entire prescribed syllabus and individual student gets hands on training on the subjects. Multiple numbers of specimen are maintained in the department so that students in small group can get access to the materials for study. Most of the practical sessions are conducted by allowing students individually to prepare the reagents and perform analysis individually. Each student are supervised by concerned teacher and discuss about the interpretation of findings. Practical sessions related to basic veterinary science courses are performed in healthy animal populations starting from farm premises to collection of samples and analysis in the laboratory. In Department of Anatomy, skeleton specimens of cattle, horse, pig, dog and bird were displayed for students learning. Skeleton specimen of animals of regional importance such as Yak has also

been assembled and displayed in the laboratory for performing practical sessions. Special assignment in small groups were given to the students within the semester for collection, analysis and interpretation of results related to their subjects. Individual students are engaged in the day to day farm practices such as feeding and management of large and small animals including poultry. Practical exposure in Clinical and para-clinical subjects are more focused on clinical cases encountered in the TVCC (teaching veterinary clinical complex). Samples were collected from the clinical cases and are further analysed in the laboratory for conclusive diagnosis. Students were also given training for animal food processing and value addition of animal food products, its packaging and storing of processed food. Maximum exposures are given to the students pursuing clinical courses to access the medicine, surgery and gynaecological intervention required for the diseases animals. X-ray, ultrasound ECG training is included in the clinical training. Students are also trained up for performing artificial insemination in cattle and pigs. surgical Ambulatory clinical sessions were also conducted to address situation in the farm complex and field conditions.

6.4.6. Supervision of the students

There is a provision of advisory systems for Undergraduate degree programme. The Dean of the college nominates a teacher as the advisor for a group of 5-10 students within 10 days of the admission. The advisor once nominated continues till the concerned students complete their degree programme. The advisor explains students about various academic regulations and guides them in planning their academic programme. The meeting of individual advisory group of the UG students under each teacher is conducted for one hour in every week by the advisor. Combined meeting of all advisory group of individual departments is conducted by HOD once in two months. Combined meeting of all advisory group of all departments is conducted by Dean in each semester.

6.4.7. Feed back of stakeholders: The feedback is received from the students, parents, employer and other stake holders. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, development of amenities in the hostel and library facilities. College is also getting feedback from Department of Veterinary & Animal Husbandry of different NE states during their Internship programme as well as during their permanent posting in state (Annexure 6.4.7)

6.4.8. Students intake and attrition in the programme: Number of students who left the programme is very less. It is observed that very few students left the degree programme in order to join Medical or Engineering courses

Degree Programme	Academic Year	No. of Student Admitted	No. of students who left the degree programme	Attrition %
BVSc & AH	2016-17	61	01	1.63
	2017-18	66	04	6.06
	2018-19	63	04	6.34
	2019-20	70	01	1.42
	2020-21	75	02	2.66

6.4.9. **ICT application in Curricula delivery**: Various ICT tools are being used for conducting Theory and practical classes of BVSc & AH degree programme. All the faculties of the department are digitally literate.

6.4.10. The information pertaining to 6.4.1 to 6.4.9 shall be provided for UG Degree Programmei.e.,B.Sc (Hons.) Horticulture, College of Horticulture, CAU (Imphal), Thenzawl, Mizoram is given correctly.

6.4.11. Since the accreditation of Programmes is related to the All India Admission from ICAR and also having weightage for College accreditation, therefore the data presented in the section 6.4 is liable to the verification at any stage.

6.4.12. Certificate (Applicable when SSR is submitted for Programme)

I, the Dean, College of Veterinary Sciences & Animal Husbandary, Aizawl hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date & Seal

6.4 Self study report for PG programme

The College of Veterinary Sciences & Animal Husbandry, one of the constituent Colleges of the Central Agricultural University, Imphal catering to the need of 7 North Eastern Hill states (Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Sikkim and Tripura and Nagaland) of India under its jurisdiction was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995).
The college became functional with the admission of first batch of B.V.Sc. & A.H. degree programme in the year 1997-98. P.G. programme was introduced from the academic session 2006-07. The College has also started Ph.D. programme from the academic session 2011-12. All the academic programmes i.e. BVSc & AH, MVSc &PhD programmes are accredited by ICAR, New Delhi and VCI, New Delhi. Collaboration with few renounced institutes like IVRI, Izatnagar, NDRI, Karnal, Haryana, Assam Agricultural university, Jorhat ,GADVASU, Ludhiana, ICAR-NRC-Mithun, Nagaland, ICAR-NRC on YAK, Arunachal Pradesh ,ICAR NRC on Pigs, ICAR- NRC on meat, Hyderabad has been established to strengthen the academics and research activity.
The College had introduced M.V.Sc. Degree programmes in all disciplines Veterinary Anatomy, Veterinary Physiology, Veterinary Biochemistry, Animal Nutrition, Animal Genetics & Breeding, Livestock Production & Management, Veterinary Parasitology, Veterinary Pathology,Veterinary Microbiology, Veterinary Pharmacology & Toxicology, Veterinary Public Health & Epidemiology, Veterinary Medicine, Veterinary Surgery & Radiology, Veterinary Gynaecology & Obstetrics, Livestock Product Technology, Veterinary & AH Extension

DEPARTMENT OF ANIMAL NUTRITION

6.4.1. Brief History of degree programme: The department of Animal Nutrition has been offering Courses of BVSc & AH as per guidelines of Minimum Standards of Veterinary Education (BVSc &AH regulations),2008 &2016 since the inception i.e 1997-98..MVSc programme was introduced in the year **2007** and thereafter PhD programme in **2011-12**. ICAR revised and restructured curricula, 2009 are being followed for MVSc &PhD programme. The nomenclature of the degree programme is also same as prescribed ICAR.

Accomplishments:

a) Following MVSc & PhD students have completed their degree programme

MVSc (Animal Nutrition)

Sl. No.	Name & Admission No.	Thesis title
1	Dr. Pawar Shivaji Pandurang 2007-V-07(M)	Studies on mineral status of soil, plant-animal system for augmenting livestock productivity in Aizawl District of Mizoram
2	Dr. Suzanne Malsawmthangi 2009-V-06(M)	Effect on the growth performance, nutrient utilization and carcass characteristics of indigenus growing pigs by feeding diet containing sweet potato (*Ipomoea batatas*) meal
3	Dr. James Lalthansanga 2009-V-07(M)	Effect of feeding chayote (*Sechium edule*) fruits and leaves on growth, nutrient utilization and carcass characteristics of indigenous breed of pigs
4	Dr. K. Lalrinsangi 2009-V-10(M)	Growth performance, nutrient utilization and carcass characteristics of broilers fed diet containing cassava meal as a substitute of maize
5	Dr. P.C. Lalsangzuala 2009-V-11(M)	A study on nutritional constraints and possibilities for augmentation of pig production in Mizoram.
6	Dr. Y. Mery Chanu 2012-V-11(M)	Performance of Local Growing Pig (Zovawk) Fed on Maize-replaced Wheat Bran and Rice Bran Based Diet.
7	Dr. Salem Lallawmawmi 2013-V-03(M)	Effect of Low Crude Protein Diets Supplemented with Synthetic Amino Acids on Performance of Growing Cross-Bred (Yorkshire and Zovawk) Pigs
8	Dr. Eneth Lalhuthangi 2013-V-04(M)	Performance of Growing Pigs (Large White Yorkshire) Fed Rations with Varying levels of Japn Hlo (*Mikania micrantha Kunth*) Meal as Protein Source.
9	Dr. Kekiepeu Nza 2015-V-05(M)	Study on the performance of broioler chicken fed on partially Maize replaced diet with Palm oil (*Elaeis guineensis*) sludge
10	Dr. Jagadish Hazarika 2015-V-34(M)	Effect of dietary supplementation or organic acids blend and garlic on performance of broiler birds
11	Dr.Pebam Chandrima Devi	Effect of plant extracts and essential oil blend as alternatives to

	2016-V-04(M)	antibiotic growth promoters on performance of broiler birds
12	Dr.Sagarika Barman 2016-V-05(M)	Effect of dietary supplementation of probiotic and aloe vera on performance of broiler birds
13	Dr.Vaisakh V.P. 2017-V-03(M)	Effect of fermented dried feed on growth performance, nutrient utilization and carcass characteristics of Broiler birds.
14	Dr David Lalthlamuana 2017-V-04(M)	Effect of dietary supplementation of Chicory root powder (Cichorium Intybus) and Probiotic on the growth performance, nutrient utilization and carcass characteristics of broiler birds.
15	Dr Juli Chakma 2018-V-04(M)	Effect of *Moringa oleifera* leaf extract and clove bud oil as alternative to Antibiotic growth promoter on performance of broiler birds.
16	Dr Diptanu Das 2018-V-06(M)	Effect of feeding rubber seed (*Hevea brasiliensis*) meal on growth, nutrient utilization & blood biochemical parameters in growing pigs
Ph D (Animal Nutrition)		
1.	Dr. Suzanne Malsawmthangi 2012-V-01(D)	Studies on Soil-Plant-Animal Interrelationship in Relation to Macro and Micro Mineral status and effect of formulated area specific mineral mixture supplementation on production performance of Dairy Cattle in Mizoram.
2.	Dr. Temjennungsang 2015-V-01(D)	Effect of feeding palm oil (Elaeis guineensis) sludge as a partial replacement of maize on the performance of growing – finishing Pigs.

b) List of students presently pursuing MVSc(Animal Nutrition) programme

1. Dr. Jayanta Banik
2. Dr. Suraj Das
3. Dr Pankaj Prasad
4. Dr Akash Paul
5. Dr Gourav Debbarma

K and Kalita, G(2020) Effect of Feeding Palm Oil Sludge as Partial Replacement of Maize in Growing-Finishing Pigs on the Growth Performance, Nutrient Digestibility and Blood Profiles Journal of Oil Palm Research (Accepted)DOI: https://doi.org/10.21894/jopr.2020.0000.
15. Chakma,J.,Samanta A.K.,Dutta, T.K and Arya, R.S.(2020) Effect of supplementing Moringa oleifera leaf extract and clove bud oil to the diet on microflora population and intestinal morphology of broiler birds. Indian Journal of Animal Health.59(2)-special issue:222-227.

d) Research Projects by the faculties (completed) :

1. Evaluation of tree fodders used as livestock feed in Mizoram. (University funded)
2. Identification and Evaluation of indigenous/local feed resources of pig and formulation of economic balanced ration for sustainable productivity in Aizawl District of Mizoram. (University funded)
3. Evaluation of wild sunflower (Tithonia diversifolia) as substitute of conventional feed ingredients for broiler in Mizoram. (University funded)
4. Effect of feeding compressed complete feed block on nutrient utilization, blood biochemical constituents and milk production in lactating cow (University funded)
5. Studies on phytochemical properties of tree leaves commonly fed to milch cattle/buffaloes in Mizoram (University funded).

6. Development of Small Scale Bamboo-Based Silage Making Technology and Effect of Feeding Silage on Performance of Growing Cattle (University funded)
7. Role of phytobiotics as alternative to antibiotic growth promoters on performance of weanling pig and poultry (Funding agency: DBT,Govt. of India)

6.4.2. Faculty strength of the department

Sl. No.	Faculty in place	Vacant position	Faculty recommended by VCI, 2016
1. Professor	01	Nil	01
2. Associate Professor	01	01	01
3. Assistant Professor	02	Nil	01

6.4.3. Technical and supporting staffs of the department

S No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
1. FCLA	01	Nil	Not specified
2. MTS	01	nil	Not specified

6.4.4. Laboratories :

Name of the functional laboratories and major equipments

a.Under graduate laboratory

S.No.	Name of Equipments
1	Hot Air Oven
2	Muffle Furnace
3	Laboratory Feed Grinder
4	Electronic Balance
5	Ultrasonic Bath
6	Microprocessor Based Flame Photometer

b. Post Graduate laboratory

S.No.	Name of Equipments
1	Clinical Centrifuge
2	Suction Pump 0.5 HP Precivac-ISP85
3	Micro Kjeldahl Nitrogen Distillation apparatus (
4	Digital pH Meter
5	Muffle Furnace

6	Spectrofluorometer
7	Hot Air Oven
8	Incubator
9	Water Bath Incubator Shaker
10	UV Spectrophotometer
11	Rotary Vacuum Evaporator
12	Vacuum Freeze Dryer
13	High speed Refrigerated Centrifuge
14	Deep freeze -20ºC

c. Feed Technology laboratory

S. No.	Name of Equipments
1	Electronic KEL-PLUS
2	Electronic Automatic KEL PLUS Microprocessor Based Twelve Macro Block Digestiion System.
3	Electronic SOCS Plus Automatic Six Place Solvent Extraction System (
4	Electronic Fibra Plus Automatic Six Place Fibre Extraction System
5	Rusi E Tek
6	Electronic Balance

d. Mineral Nutrition Laboratory

S. No.	Name of Equipments
1	Atomic Absorption Spectrophotometer

e. Other Units of Department of Animal Nutrition

Sl. No	Units	Name of Equipments
1	Feed processing and mixing plant	1. Feed grinder (Hammer mill)
		2. Feed mixer (Horizontal)
2	Complete feed block unit	1. Feed and Fodder mixer
		2. Compressed complete feed block making machine
		3. Urea Mineral Molasses Block making machine

3.	Digestion trial unit	1. Metabolic cages

6.4.5. Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual. Students are also taken to feed mill and complete feed block preparation unit to get practical exposure about the operational procedure of different feed mill machinaries. Demonstration of conducting feeding experiments and digestion trial are also done in the concerned courses practical classes.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents OR Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis OR Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6, 5 and 4 PG students(Master's and PhD combined0 respectively

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr A K Samanta, Prof & Head	MVSc	11	03
	PhD	02	01
Dr Rajat Buragohain, Assistant Prof (SS)	MVSc	01	02
	PhD	nil	Nil
Dr Biren Kr Das, Assistant Prof	MVSc	01	Nil
	PhD	nil	Nil

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I)** from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students

are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (Programme wise)

MVSc programme

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	05	05	05	05	05
Actual admitted	02	02	02	02	05
Attrition %	0	0	0	0	40%*

*Two students got PG seat at the university of their respective states

6.4.9. **ICT application in Curricula delivery**: Various ICT tools are being used for conducting Theory and practical classes of BVSc, MVSc & PhD programme. All the faculties of the department are digitally literate. The department uses CD-ROMs for better understanding animal feeding and nutrition by postgraduate students. The department also informs students about various websites related to feeding and Nutrition of livestock and poultry. Students are informed about the use of modern information technology to record growth and feed conversion efficiency of livestocks. Animal Nutrition ebooks are made available to the students for better understanding of Animal Nutrition subjects. Students are also informed about use of different software and mobile App to calculate nutrient requirements and prepaeration of ration for livestock and poultry.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF ANIMAL GENETICS AND BREEDING

6.4.1. Brief History of degree programme:

a)	Year in which the degree programme was initiated,	:	2011-12
b)	whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR,2009	:	Yes
c)	Accomplishments in brief.	:	

i) MVSc students passed out since introduction of the programme

	Name & Admission No.	**Thesis title**	**Year**
1.	Nakambam Manoranjan Singh	DNA polymorphism in milk protein genes in local cattle of North-east India	2013
2.	Andrew Lalremruata	Phenotypic characterization of Mizo Desi (Zovawk) pig in its home tract in Mizoram	2013
3.	Kshetrimayum Mahesh Singh	Phenotypic characterization of local chicken of Manipur in its home tract	2013
4.	Warngam Anal	Phenotypic characterization of local cattle (*Bos indicus*) of Mizoram	2015
5.	Lisham Anandakumar Singh	Morphological characterization of indigenous (Zovawk) and its crosses with Large White Yorkshire under organised farm condition	2016
6.	Timothy Lalmalsawma	Genetic characterization of native cattle of Manipur, Nagaland and Assam using DNA microsatellite markers	2017
7.	Rebecca Lalkhawngaihsangi	Genetic characterization of Meghalaya, Mizoram and Assam indigenous cattle using DNA microsatellite markers	2017
8.	Chukham Gohain	Genetic polymorphism of Toll like receptor 4 gene in indigenous cattle of North east India *vis-a-vis* crossbred cattle	2018
9.	Lalhruaitluangi	Polymorphism of genes associated with production traits in local cattle of North east India *vis-a-vis* crossbred cattle	2018
10.	Keyolenu Yore	Polymorphism of genes associated with reproductive traits in local cattle of North East India vis-à-vis crossbred cattle	2018
11.	Kaiho Kaisa	Characterization of Toll-like receptor-4 (TLR-4) gene in Swamp buffalo of Manipur (*Bubalus bubalis*) of Manipur	2019
12.	C. Lalhlimpuia	Phenotypic characterisation of local chicken of Mizoram in its home tract	2020
13.	Arindom Bora	Genetic polymorphisms of reproductive and productive genes in swamp buffalo (*Bubalus bubalis*) of Assam and Manipur, India	2020

14.	Princelina Bora	Polymorphism of genes associated with Economic Traits in Native Chicken 'ZOAR' (*Gallus gallus domesticus*) of Mizoram	2020
15.	Surita Majumder	Phenotypic characterization of local cattle (*Bos indicus*) of Tripura, India	2020
16.	Rohit Sharma	Regression tree analysis on lactation milk yield and forecasting of milk production in crossbred cows	2020

ii) Ph. D. students passed out since introduction of the programme: Nil (Ph. D. Programme is yet to be introduced in the department).

iii) Publications

iv). Any other accomplishment which will justify the degree programme to be accrediatated by ICAR (Mostly academic and research related accomplishments)

a). The MVSc students who passed out could get the placement such as Assistant Professor, SMS, Public Service commission etc.

PLACEMENT RECORD OF PG & PhD STUDENTS (Since inception):

Sl. No.	Name of the student/ Registration No. / Email address/ contact no.	Year of placement	Designation/ Rank	Address of the institution/ organization where placed
1.	Kshetrimayum Mahesh Singh , Regd No. CAU/202-V/06(B),	01.08.2016	Assistant Professor	Dept. of Animal Genetics & Breeding, CVSc & AH, CAU ,Jalukie, Peren, Nagaland
2.	Nakambam Manoranjan Singh Regd. No. Cau/201-V/06(B)/2011-V-08(M),	2019	SMS (Animal Science)	KVK, Dima Hasao, Gadain Razi road, Near Govt. Boy's High School, Assam, 788819
3.	Andrew Lalremruata, Admn. No. 2011-V-10 (M),	2015 to 2020 (died)	BDO)	Govt. of Mizoram
4.	Lisham Anandakumar Singh, Regd. No.-CAU/200-V/06(B),	26.10.2015 to 30.09.2019	SRF	AICRP on pig, Livestock Production Division, ICAR, Barapani, Meghalaya
		01.10.2019	Consultant (Vety. & AH)	Agriculture and Allied Sector, NEC Secretariat, Govt. of India, Ministry of DoNER, Shillong, Meghalaya
5.	Rebecca Lalkhawngaihsangi , Regd. No.-CAU/47-V/15(M),	15.10.2020	State Resource Person	FAO, Mizoram
6.	Chukham Gohain , Regd. No.-CAU/83-V/16(M),	09.01.2019	VO	AH & Vety. Dept., Assam
7.	Lalhruaitluangi , Regd. No.-CAU/465-V/11(B),	20.7.2018	Project Associate	NEIDA
8.	Keyolenu Yore , Regd. No. CAU/84-V/16,	05.07.2018	Assistant Prof. (Contractual)	Dept. of LFC, CVSc & AH, CAU ,Jalukie,
9.	C. Lalhlimpuia, Admn. No. 2017-V-02 (M),	08.03.2021	Manager	Boar Semen Station, DVO Champhai, FOCUS, Govt. of Mizoram

b). Many of the passed out MVSc students got admission in reputed Deemed Universities like IVRI, NDRI and other State Universities.

RECORD ON HIGHER STUDIES OF PG / PhD STUDIES:

Sl. No.	Name of the student/ Registration No. / Email address/ contact no.	Academic session of the student	Degree programme of higher studies enrolled for	Address of the institution/ organization where enrolled
1.	Kshetrimayum Mahesh Singh , Regd No. CAU/202-V/06(B),	2013-14 to 2015-16	Ph. D.	Dept. of Animal Genetics & Breeding, NDRI, Karnal
2.	Warngam Anal, Regd. No. CAU/289-V/08(B) ,	2015-16 onward	Ph. D.	AGB Dept., IVRI, Bareilly, UP

3.	Kaiho Kaisa, Admn. No. 2017-V-01 (M),	2019-20 onward	Ph. D.	AGB Dept., IVRI, Bareilly, UP
4.	Timothy Lalmalsawma , Regd. No.-CAU/424-V/10(B),	2018-20 onward	Ph. D.	AGB Dept., CVSc & AH, Guwahati
5.	Surita Majumder, Admn. No. 2018-V-03 (M),	2020-2021 onward	Ph. D.	Dept. of AGB, CVSC, Odisha
6.	Rohit Sharma, Admn. No. 2018-V-43 (M),	2020-21 onward	Ph. D.	Lala Lajpat Rai Univ. Of Vety. & AS, Hisar, Haryana

c). The MVSc Degree programme is very helpful to the department in carrying out the researchable issues of NE region of the country. Due to their research activities along with the research projects of the faculty members, the labs. are under the working conditions.

Research Projects completed by the Faculty Members:

1. Investigation on growth hormone gene polymorphism and its association with performance trait in Mizoram Local Pig "Zovawk" (University funded)
2. Physical characterization of local cattle of North East India (DBT funded)
3. Molecular characterization and development of breed signature of indigenous cattle of North-east India (ICAR funded)
4. TLR-Ligands: to design novel vaccines adjuvants against New Castle Disease in indigenous chicken (DBT funded)
5. ICAR- AICRP on pig (ICAR funded)
6. Estimation of economic losses and analysis of morbidity and mortality of important diseases of swine in Mizoram state

6.4.2. Faculty strength of the department

S No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
4. Professor	Nil	One	One
5. Associate Professor	One	Nil	One
6. Assistant Professor	Two	Nil	One

6.4.3. Technical and supporting staffs of the department

S No	Sanctioned	Vacant position	Staffs recommended by VCI, 2016
3. FCLA	One	Nil	Not specified
4. Farm Manager	Nil	Nil	Not specified
5. MTS	One	Nil	Not specified

6.4.4. Laboratories :

a) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

i) The department is having one molecular and one cytogenetics laboratories. The molecular lab. is well equipped to carry out the PG student's research. However, time to time upgradation with the latest equipments will provide better facilities for carrying out the research.

ii) The department is also having the necessary software packages for carrying the data analysis of breeding data as well as molecular genetics data.

b) List of major equipment, instructional units and facilities.

Sl. No.	Name of the equipment		Qty.
1.	PCR	:	02
2.	Gel Documentation system	:	01
3.	UV Trans- illuminator with face shield	:	01
4.	High Speed Table Top centrifuge machine	:	01
5.	Phase contrast microscope	:	01
6.	Deep freezer	:	01
7.	Regrigerator	:	01
8.	Semi Dry Electroblot unit	:	01
9.	Laminar Flow	:	01
10.	Electrophoresis system	:	01
11.	Computer lab. with internet connection	:	01

6.4.5. Conduct of practical and hands on training: The practical classes are is of two hours duration for all the courses offered to students of PG programme. Students are explained before doing the practical by themselves about the importance and procedures to be followed. Then they used to do the practical by themselves under the supervision of the faculty/ course instructor. The practical topics completed are noted in the practical manual, which are checked regularly by the concerned instructor. Students are also taken to the College farm to get practical exposure about the livestock / poultry breeds and also about the selection of superior animals for breeding use.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes.

Master's Programme:

Associate Professor and above and their equivalents OR Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis OR Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6, 5 and 4 PG students(Master's and PhD combined respectively

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr. N. Shyamsana Singh	MVSc	8	3
	PhD	Nil	Nil
Dr. T. C. Tolenkhomba	MVSc	7	2
	PhD	Nil	Nil
Dr. J. K. Chaudhary*	MVSc	1	2
	PhD	Nil	Nil

*Joined the Department in 2016; No Ph. D. Programme in the Department

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as Annexure -I) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years(Programme wise)

	2016-17	2017-18	2018-19	201920	2020-21
Sanctioned seat	5	5	5	5	5
Actual admitted	3	2	4	3	4
Attrition %	0	0	0	0	0

6.4.9. ICT application in Curricula delivery:

ICT applications which are being used in curricula delivery in the department of Animal Genetics and Breeding are as follow:

a. LCD for offline teaching

b. Google meet / zoom for conducting online classes, online viva-voce etc.

c. WhatsApp Groups of faculty and students for exchanging the reading, research etc. materials and other related information.

d. Computer lab. with internet facilities for accessing academic information by the students

e. Softwares packages such as SPSS, R, Systat, Harvey for practical learning of the students.

f. Bioinformatic tools for analysing the molecular genetics data.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY ANATOMY & HISTOLOGY

6.4.1. Brief History of degree programme:

a) Degree Programmme initiated: **M. V. Sc. 2013-2014; Ph.D. 2018**

b) Curricula or syllabus of the degree programme followed **as per guidelines of ICAR,2009**

c) Accomplishments in brief.

i) Four M. V. Sc. Student passed out and **two students** are continuing.

i) **One Ph. D.** Student is continuing since introduction (2018).

ii) **Eighteen Research Publication** made by P.G. Student**.**

iii) Other accomplishment which will justify the degree programme to be accreditated by ICAR (Mostly academic and research related) accomplishments):

The College of Veterinary Sciences and Animal Husbandry, one of the constituent College of the Central Agricultural University was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995) and became functional with the admission of first batch of students to B. V. Sc. and A.H. degree programme in the year 1997. During the year 1998, the campus formally started functioning at present location, Selesih in 24 Assam Type Houses taken over from the Department of Animal Husbandry and Veterinary, Govt. of Mizoram with 5 Assistant Professor deputed from the state department. Dr. P. C. Kalita was appointed as first Assistant Professor in the department of Veterinary Anatomy and Histology on adhoc basis in November 1998 (15/11/1998). The Department of Veterinary Anatomy and Histology trains students of undergraduate, postgraduate and doctorate level. Keeping with the National mainstream, the department is imparting B.V.Sc. & A.H. degree programme according to the curriculum of the Veterinary Council of India (MSVE, 2016). The students came to appreciate immediately the power of knowing basic anatomical details in clinical practice whenever they are exposed to live animals. These efforts provide a strong educational environment and foundation of support for students. Through the regional teaching, the faculty are embracing new ways to foster engagement in the classroom, assist with deep understanding and improved information retrieval, and promote successful life-long learning. Post Graduate programme was started in the academic session 2013-2014. It is the year 2018, the competent authority has given the approval to start the Ph. D. degree programme. The department is imparting M. V. Sc. and Ph.D. degree programme as per guidelines of ICAR, 2009. Till date four M.V.Sc students (i.e. Dr. A. Lalramliana, Dr. Swarup Debroy, Dr. Thokchom Shitarjit Singh and Dr.Vanlalrozami) have completed their postgraduate studies and presently one Ph. D. student (Dr. Swarup Debroy) and two M. V. Sc student (Dr. Keneisenuo and Dr. Rupan Sarkar) are undergoing for their degree programme. At the department, teaching and research are closely linked, and there is continuous supervision for graduate and postgraduate students. The department houses an extensive collection of anatomical specimens of domestic and wild animals. During the year 1999 few skeletons of cattle, horse,

pig, dog and bird were purchased from Nagpur Veterinary College who were running a ICAR project for skeleton preparation under the dynamic leadership of Dr. V. R. Bhamburkar, Professor and Head cum General Secretary, IAVA. Thereafter, Dr. P. C. Kalita mounted the skeleton of Yak and Mithun in the department during 2005 and 2010 after collection of bones from carcasses of the NRC on Yak, Dirang, Arunachal Pradesh and NRC on Mithun, Jharnapani, Nagaland.

The research focus of the department is on establishing a database of the specific anatomy of Zo-Vawk (Mizo local pig), Mithun, Yak, Sloth Bear, Sun Bear, Hoolock Gibbon and Slow –Loris. The department has successfully completed eight intramural research projects of central Agricultural University including four on Zo-Vawk, the unique animal of Mizoram. The faculty of the department has published more than 115 research paper in journal of National and International repute. Dr. P. C. Kalita acted as a referee for Anatomia Histologia Embryologia (published by Wiley Online Library), Indian Journal of Animal Sciences (published by ICAR), and Indian Journal of Agricultural Research (published by ARCC); and Dr. Arup Kalita acted a referee for Indian Journal of Animal Sciences and Indian Journal of Agricultural Research. Dr. P. C.Kalita has been working as Consultant Indian Wuildlife Year Book since 2010 to till date.

The histology and Histochemistry laboratory provides biopsy, histochemistry, and high quality slide preparation. In 2003, Dr. P. C. Kalita and his co-worker Dr. H. C. Kalita and late Dr. R. N. Bhattacharyaa has been awarded the IAVA best paper award at the Anand Convention. In 2009, Dr. Arup Kalita has been awarded the coveted Md. Hiffiudin award for Best paper in Gross Anatomy. In 2010, Dr. P. C. Kalita has been awarded Dr. A. M. Srivastava Gold Medal in recognition of his best Ph.D thesis at IAVA, Puducherry Convention. In 2014, Dr. P. C. Kalita has been awarded with DBT overseas fellowship to work on alternate animal use technology at TUFT University Cummings School of Veterinary Medicine, Massachusetts, Boston, United States of America. The XXXIII ANNUAL CONVENTION OF INDIAN ASSOCIATION OF VETERINARY ANATOMISTS & NATIONAL SYMPOSIUM was organized during 28th-30th November, 2018 by the Department of Veterinary Anatomy & Histology in collaboration with Indian Association of Veterinary Anatomists. Dr. H. D. Sarma from Bhaba Atomic Research Centre, Trombay delivered a talk on Bioethics and Animal Experimentation during the Symposium to Students, Faculty and Participants. The faculty of the department are also offering their expertise pertaining to various aspects of Veterinary Anatomy including clinical Anatomy, histochemistry and Ultrastructure to other departments, Mizoram University, RIPAN, NEHU and Forensic Science Laboratory.

Dr. P.C. Kalita, Professor and Head of the department, has published 89 publications with a total SCI citation 116 (since 2015) with an H index of 6, i-10 index-2. RG Score- 17.95. He is also a reviewer of various prestigious national and international journals. Dr. Arup Kalita, Assistant Professor (SG), published 107 research publications with a total of SCI citation 138 with an H index of 6, i-10 index-2. He also published his recent publication with an impact factor of 0.94 in the prestigious journal Folia Morphologica published from Poland. RG score- 19.13. Dr. O.P. Choudhary, Assistant Professor, published 92 publications with a total of SCI citations 293 as with an H index-10, i-10 index-10. He has also published two recent articles as a corresponding author with an impact factor of 4.589 equivalent to NAAS 10.59 in the prestigious journal Travel Medicine and Infectious Diseases published from Zurich, Switzerland. RG score- 21.53. He is a member of the International Advisory Board of the International Journal of Morphology with an impact factor of 0.499 published from Chile. Dr. P.J. Doley also published various national and international publications in the prestigious journal. He is also a reviewer of various prestigious national and international journals.

Therefore, the ICAR may give accreditation to the M. V. Sc. And Ph. D. Programme of the department considering the above mention human resources pertaining to the academic and research activities.

6.4.2.Faculty strength of the department

S No		Faculty in position	Vacant position	Faculty recommended by VCI, 2016 (MSVE, 2016 Regulation for B. V. Sc. & A. H.)
7.	Professor	One	Nil	One
8.	Associate Professor	-	One	One
9.	Assistant Professor	Three	Nil	Two

6.4.3. Technical and supporting staffs of the department

S No		Sanctioned	Vacant position	Staffs recommended by VCI, 2016
7.	FCLA	Two	Nil	Two
8.	Farm Manager	Nil	Nil	Nil
9.	MTS	One	Nil	One

6.4.4. Laboratories:

a. Name of Laboratory: **Gross Anatomy laboratory**
   i. Bone and meat cutting machine
   ii. Cadaver Injector

b. Name of Laboratory: **Histology and Histochemistry laboratory**
   i. Cryostat Microtome, Automatic deluxe
   ii. Semi-Motorized Rotary Microtome
   iii. Deep Freezer (-20°C)
   iv. Digital magnetic Stirrer hot plate
   v. Digital Imaging Device
   vi. LCD Multimedia Projector
   vii. Automatic tissue processor
   viii. Autoclave Vertical
   ix. Bone Decalcifier
   x. Centrifuge- Remi
   xi. Distillation Apparatus
   xii. Digital SLR Camera (E-620)
   xiii. Deep Freezer (-20°C)
   xiv. Electric Weighing balance
   xv. Hot Air Oven
   xvi. Incubator
   xvii. Microscope (Monocular)
   xviii. Microscope (Binocular)
   xix. Microscope (Trinocular)
   xx. Overhead Projector
   xxi. Octagon Magnetic Stirrer
   xxii. Paraffin Embedding bath
   xxiii. P^H Meter
   xxiv. Precision Rotary Microtome
   xxv. Slide Warming table
   xxvi. Tissue Floatation Bath

6.4.5. Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offererred to students of PG programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).
Guidance of PG (Master's Programme; CAU, Academic Regulations-2016, clause 2.12.2):: Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

Name of the faculty	**Programme**	**Number of Students supervised as a Major Advisor**	**Number of Students being supervise as a Major Advisor**
Dr. P. C, Kalita	**M. V. Sc.**	**Four**	**One**
	Ph. D.	No	**One**
Dr. Arup Kalita	**M. V. Sc.**	No	**Two**
	Ph. D.	No	No
Dr. O. P. Choudhary	**M. V. Sc.**	**One**	No
	Ph. D.	No	No

Sl. No.	**Name of Student**	**Name of Adviser**	**Degree Programme**	**Remarks**
01.	Dr. A. Lalramliana	Dr. P. C, Kalita	**M. V. Sc.**	Completed in **2016**
02.	Dr. Swarup Debroy	Dr. P. C. Kalita	**M. V. Sc.**	Completed in **2017**
03.	Dr. Thokchom Shitarjit Singh	Dr. P. C. Kalita	**M. V. Sc.**	Completed in **2018**
04.	Dr. Vanlalrozami	Dr. P. C. Kalita	**M. V. Sc.**	Completed in **2018**
05.	Dr. Swarup Debroy	Dr. P. C. Kalita	**Ph. D.**	Continuing
06..	Dr. Keneisenuo	Dr. O. P. Choudhary	**M. V. Sc.**	Completed in **2020**
07.	Dr. Rupan Sarkar	Dr. Arup Kalita	**M. V. Sc.**	Continuing
08.	Dr. Lalrinawma Khiangte	Dr. P. C, Kalita	**M. V. Sc.**	Continuing

09.	Dr.Monalisha Debbarma	Dr. Arup Kalita	**M. V. Sc.**	Continuing

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (MVSC Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	03	03	03	03	03
Actual admitted	02	nil	01	01	03
Attrition %	0%	NA	0%	0%	33.34

6.4.9. ICT application in Curricula delivery: The Department of Veterinary Anatomy and Histology is using various ICT tools for a better understanding of theories, principles, ideas and concepts. The department uses CD-ROMs for a better understanding of the histological and embryological slides by undergraduate and postgraduate students. The department is also using various websites for the students to understand better gross anatomy (in 3D mode). The department faculty members also provided the link (https://play.google.com/store/apps/details?id=net.imaios.vetanatomy&hl=en_IN&gl=US) for the app IMAIOS vet-Anatomy, which is an atlas of veterinary anatomy for veterinary physicians, radiologists, teachers, veterinary students. During Covid-19 pandemic (w. e. f. March, 2020 to September,2020) the theory and practical clases were conducted through Google meet, goggle classroom and Zoom.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY BIOCHEMISTRY

6.4.1. Brief History of degree programme: The Department of Veterinary Biochemistry has been offering courses of BVSc & AH since the inception of this college i.e. 1998-99. MVSc programme was introduced in the year 2011-12 and thereafter PhD programme in 2016-17 though the Department is offering the minor courses to MVSc students of other Departments since 2007. The nomenclature of the degree programme and syllabi of MVSc & PhD programme is as per ICAR Revised Postgraduate Course Curricula-2009. The department is well equipped with some state-of-the-art facilities viz. High performance liquid chromatography, clinical chemistry analyzer, CO_2 incubator, isoelectric focusing, plate reader, PCR etc.

a) List of the MVSc & PhD students passed out

MVSc (Veterinary Biochemistry)		
Sl. No.	**Name & Admission No.**	**Thesis title**
1	Dr. Lalsangpuii 2011-V-01(M)	Studies on Haemato-Biochemical Profile of Mizoram strain female Mithun (*Bos frontalis*).
2	Dr. P. Kirthika 2012-V-12(M)	Dynamics of Mitogen stimulated cytokine gene expression in peripheral blood mononuclear cells of local and exotic breeds of pigs reared in MIzoram
3	Dr. Laxmi Noatia 2018-V-16(M)	Assessment of *in vitro* growth kinetics and pathogenicity of recorded mutant of *Salmonella Typhimurium.*
4	Dr. Monti Das 2018-V-17 (M)	Comparative salivary proteome analysis to identify early pregnancy-specific protein biomarkers in pigs.
Ph D (Veterinary Biochemistry)		
1.	Dr. Ankan De 2016-V-03(D)	Exploration of serum protein biomarkers for early pregnancy diagnosis in pigs.

b) List of students presently pursuing MVSc (Veterinary Biochemistry) programme

1. Dr. Ashmita Debnath, 2020-V-44(M)
2. Dr. Kekungwi Newmai, 2020-V-46(M)
3. Dr. R. Zapaw Azyu, 2020-V-47(M)

c) Publication: Out of MVSc & PhD research works: 07

1. Lalsangpuii, Ali M.A., Devi L.I., Behera P. and Ralte L. **2015**. Effect of age and season on the thyroid hormone activity of Mizoram strain female mithun (*Bos frontalis*). ***Veterinary World***, 8(12): 1375-1378.

2. Kirthika, P., Ali M.A., Behera P, Subudhi, P.K., Tolenkhomba, T.C., Gali, J.M. **2017.** Dynamics of cytokine gene expression in peripheral blood mononuclear cells of indigenous and exotic breeds of pigs in India. ***Animal Science Journal***, 88, 1794–1800.

3. Lalsangpuii, Ali M.A. and Devi L.I. **2018**. Serum biochemical profile of Mizoram strain female Mithun (*Bos frontalis*) at different age and season. ***Biological Rhythm Research*.** https://doi.org/10.1080/09291016.2018.1474989

4. De, A., Ali, M.A., Chutia, T., Onteru, S.K., Behera, P., Kalita, G., Kumar, S., Gali, J.M. **2018**. Comparative serum proteome analysis reveals potential early pregnancy-specific protein biomarkers in pigs. ***Reproduction, Fertility and Development***, 31(3): 613-631.

5. De, A., Dutta, T.K., Ali, M.A., Behera, P., Gali, J.M. **2019**. Systematic evaluation of species-independent serum pre-fractionation strategies revealed cost-effective methods to reduce proteome complexity. ***Analytical Biochemistry***, 584: 113388.

6. De, A., Ali, M.A., Behera, P., Chutia T., Das, H., Hmar, L., Gali, J.M. (2020). Generation of reference serum proteome map for monitoring swine health. ***Indian Journal of Animal Sciences*** 90 (6): 871–872.

7. De, A., Ali M.A., Behera P, Chutia, T., Saikia, P., Das, H., Mayengbam, P., Gali, J.M. **2017.** Analysis of serum biochemical constituents during early pregnancy in pigs. ***International Journal of Livestock Research***, 7 (12): 43-48.

d) Achievements of passed out PG & PhD students:

Dr. Lalsangpuii – Currently working as Assistant Professor at CVSc, CAU, Jalukie, Nagaland

Dr. P. Kirthika – Currently working as post-doctoral research Scientist College of veterinary medicine, Jeonbuk National University, Iksan, Republic Korea.

Dr. Ankan De - Currently working as Assistant Professor at CVSc, R.K.Nagar, Tripura.

e)Research Projects by the faculties:

Ongoing:

PI or Co-PI	Extramural or intramural	Funding agency	Title of the project	Duration	Total budget
Principal Investigator	Extramural	ICAR	All India Network Project on Pesticide Residues	Continuing since 2011	Allotted yearly
Principal investigator	Extramural	SERB, DST	Identification of key determinant(s) of immune competence of pigs through proteomic approach	2019-22	Rs. 51,86,695/-
Co-PI	Extramural	SERB, DST	Molecular epidemiological studies of canine parvovirus-2 variant(s) from clinical cases of dogs and cats in seven	2019-22	51.43 lakhs

			North Eastern States of India and its management.		
Co-PI	Extramural	DBT	Evaluation of anti-diarrhoeal properties of herbs and its therapeutic potential on pig performance	2017-2020	
Principal investigator	Intra-mural	CAU	Evaluation of blood biochemical profile and antioxidant status of Mizo non-descript local cattle *(Zobawng)"*	2019-20	Rs. 1,98,550.00

Completed:

PI or Co-PI	**Extramural or intramural**	**Funding agency**	**Title of the project**	**Duration**	**Total budget**
PI	Extramural	DBT	Hemoglobin variants and hemoglobinopathies screening in Mizoram population	2012-15	60.45 lakhs
Co-PI	Extramural	DBT	Genetic Characterization of indigenous cattle of North East India	2013	8.92 lakhs
Co-PI	Extramural	DBT	TLR-ligands: To design novel vaccines adjuvant in indigenous chicken	2014-17	64.82 lakhs
Co-PI	Extramural	ICAR-NASF	Alfatoxin resistant Duck strain development in North East region	2017-20	56.23 lakhs
PI	Extramural	DBT	Manipulating the anaerobic respiration to attenuate the pathogenicity of Salmonella Typhimurium".	2017-20	60.73 lakhs
Co-PI	Extramural	DBT	Advanced Animal Diseases Diagnosis and Management Consortium (ADMaC)	2014-19	Rs. 2.37 crores
Co-PI	Extramural	DBT	Role of phyto-biotics as alternative to antibiotic growth promoters on performance of weanling pig and poultry	2015-18	Rs. 61.57 lakhs
PI	Intra-mural	CAU	Evaluation of fodders in Aizawl district for their lectin content	2010-11	Rs. 1.13 lakhs
PI	Intra-mural	CAU	Comparative serum proteome analysis of pigs during different stages of early pregnancy	2019-20	Rs. 1.98 lakhs
PI	Intra-mural	CAU	Pregnancy diagnosis in pigs by analyzing salivary progesterone levels during early pregnancy	2015-16	Rs. 1.48 lakhs
Co-PI	Intra-mural	CAU	Effect of season and age on selected haemato-biochemical profile of local	2010-11	Rs. 1.50 lakhs

			pig (*Zovawk*) of Mizoram		
Co-PI	Intra-mural	CAU	Screening of some medicinal plants in Mizoram for their immunomodulatory and/ or growth promoting activity in chicken	2004-05	Rs. 34,500.00
Co-PI	Intra-mural	CAU	Evaluation of wild sunflower (*Tithonia divercifolia*) as substitute of conventional feed ingredient in broiler in Mizoram		
Co-PI	Intra-mural	CAU	Development of PCR based (real time and multiplex) diagnostic technique for diagnosis of PRRS and differential diagnosis with CSF and PCVAD	2015-16	
PI	Intra-mural	CAU	Isolation of Salmonella species from chicken and their virulence gene detection.	2016-17	1.97 lakhs.
PI	Intra-mural	CAU	Effect of age, sex and different physiological stages on hematological and biochemical profile of Mizo local pig- 'Zovawk' (*Sus Scrofa Scrofa*)	2017-18	1.74 LAKHS
Co-PI	Intra-mural	CAU	Clinico-epidemiological and patho-biochemical studies on canine parvovirus-2 infection in dogs	2014-15	1.47 lakhs
Co-PI	Intra-mural	CAU	Molecular characterization of Canine parvo virus in clinical cases of dogs	2017-18	64.83 lakhs

- **Total number of research articles published by the faculty members: 166**
- **Number of training programmes organized by the department: 01**
- **Number of training programmes attended by the faculty members: 06**
- **Number of national awards received by the faculty members: 03**

6.4.2. Faculty strength of the department

S No	Sanctioned Faculty	Current Position	Faculty recommended by VCI, 2016*	Vacant position
Professor	-	01	01	-
Associate Professor	01	-	01	-
Assistant Professor	03	03	03	-

* Faculty recommended mentioned here is the combine for Veterinary Physiology & Veterinary Biochemistry and strength shown (sactioned Faculty, Current position) is for Veterinary Biochemistry only (exclusive of Veterinary Physiology).

6.4.3. Technical and supporting staffs of the department

S No	Present position	Vacant	Staffs recommended by VCI, 2016
FCLA	01	-	Not specified
Farm Manager	-	-	Not specified
MTS	01	-	Not specified

6.4.4. Laboratories:

c) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Name of the laboratory	**Remarks**
Under Graduate Laboratory	For conducting the Practical classes of the undergraduate students
Post Graduate Laboratory	For conducting the Practical classes of the Post graduate students
Molecular biology laboratory	All the laboratories mentioned are functional and routinely used for ongoing PG and Ph.D. research works and also research works of projects of Veterinary Biochemistry department as well as other departments. They are sufficient to meet the course curricula requirement.
Analytical biochemistry laboratory	
Animal cell culture laboratory	
Biotechnology laboratory	
Post Graduate Classroom cum Seminar Room	For conducting departmental seminars and also conducting the Post graduate classes.

d) List of major equipment, instructional units and facilities.

Name of the laboratory	Major equipment	Remarks
Molecular biology lab	PCR, Transilluminator, Gel electrophoresis (AGE & PAGE), Eelectroporator, Semi-dry western blot, orbital shaker incubator, refrigerated centrifuge, -20 deep freezer, Refrigerator, Water bath	High-end equipments mentioned are functional and routinely used for ongoing PG research and project research work of Veterinary Biochemistry department as well as other departments.
Analytical biochemistry lab	HPLC, Clinical chemistry analyzer, Plate reader, Spectrophotometer, -20 deep freezer, Refrigerator, refrigerated centrifuge, Water bath, Vortex mixer, Incubator, Hot air oven, pH meter, Shaker	
Animal cell culture lab	CO_2 incubator, Biosafety cabinet, Inverted microscope, Double door side-by-side refrigerator, Centrifuge	
Biotechnology lab	Isoelectric focusing, Maxi gel electrophoresis apparatus, Refrigerator	

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offerered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes
Master's Programme:
Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty
As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr M. Ayub Ali	MVSc	2	2
	PhD	1	-
Dr Parthasarathi Behera	MVSc	01	-
	PhD	nil	Nil
Dr Jagan Mohanarao Gali	MVSc	01	-

Dr Hemen Das	MVSc	nil	1
	PhD	nil	nil

a) No. of Ph. D. Students guided by Faculty members as Major Advisor: **01**
b) No. of Ph. D. Students guided by Faculty members as Member Advisory committee: **09**
c) No. of MVSc Students guided by Faculty members as Major Advisor: **04 (2 pursuing)**

d) No. of MVSc. Students guided by Faculty members as Member Advisor committee: **71**

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as Annexure -I) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (MVSCProgramme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	5	5	5

Attrition %	-	-	0	-	0

6.4.9. ICT application in curricula delivery:

All the teachers of the department are digitally literate and trained to use ICT. All the teachers have been utilizing a diverse set of ICT tools to communicate, disseminate, and manage information to undergraduate, post-graduate and Ph.D. students. These approaches can lead to higher order thinking skills, provide creative and individualized options for students to express their understandings, and leave students better prepared to deal with ongoing technological change in society and the workplace.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY PHYSIOLOGY

6.4.1. Brief History of degree programme: The department of Veterinary Physiology has been offering courses of BVSc & AH since the inception i.e 1998-99. MVSc programme was introduced in the year 2013-14. The nomenclature of the degree programme and syllabi of MVSC & PhD programme are as per ICAR Revised Postgraduate Course Curricula-2009. There is so far no PhD programme in in the department. The department is well equipped with some state-of-the-art facilities viz. high-performance liquid chromatography, clinical chemistry analyzer, CO_2 incubator, isoelectric focusing, plate reader, PCR, Automatic Weather Station, etc.

a. **List of the MVSc student passed out**

MVSc (Veterinary Physiology)		
Sl. No.	**Name & Admission No.**	**Thesis title**
1	Dr. Vanlalngilneii Ralte 2014-V-12(M)	Expression analysis of HSPs and TLR of indigenous chicken of Mizoram in response to heat and cold stress

b. **List of students presently pursuing MVSc (Veterinary Physiology) programme**

i. Dr. Joycy Seiba Khukhodziinai 2018-V-31(M)

ii. Dr. Sopun Jyoti Bhuyan 2019-V-34(M)

iii. Dr. Sushmita Majumder 2019-V-35(M)

c. <u>Achievements of passed out PG & PhD student</u>

Dr. VanlalngilneiiRalte is presently pursuing PhD at CVScKhanapara, AAU, Guwahati, Assam through placement under SRF, ICAR.

d. **<u>Research Projects by the faculties:</u>**

Ongoing:

PI or Co-PI	**Extramural or intramural**	**Funding agency**	**Title of the project**	**Duration**	**Total budget**
Co-Principal investigator	Extramural	ICAR	All India Network Project on Pesticide Residue (Voluntary Centre for North East Region) and Monitoring of Pesticide Residues at National Level (MRPNL)	Since 2011	Funds are allocated year wise
Principal	Intramural	CAU,	Analysis of seasonal variation in	2018-21	1.999

investigator		Imphal	expression of stress marker genes of Aseel and local indigenous chicken of Mizoram		lakhs

Completed:

PI or Co-PI	Extramural or intramural	Funding agency	Title of the project	Duration	Total budget
Principal investigator	Intramural	CAU, Imphal	Effect of Season and Age on the Selected Haemato-biochemical profile of Local pig (Zovawk) of Mizoram.	2011-2012	1.5 lakh
Co-PI	Extramural	DBT	Physical characterization of indigenous cattle of North eastern region of India	2014-15	8.93
Co-PI	Extramural	DBT	TLR Ligands: To Design Novel Vaccines Adjuvants against New Castle Disease in Indigenous Chicken	2014-18	64.99
PI	Intramural	CAU, Imphal	Effect of age on selected haemato-biochemical profile of local chicken of Mizoram.	2015-2017	1.5 lakh
Co-PI	Extramural	ICAR	Molecular characterization and development of breed signature of indigenous cattle of north-east India.	2016-17	30 lakh

- **Total number of research articles published by the faculty members: 64**
- **Number of training programmes attended by the faculty members: 7**
- **Number of international awards received by the faculty members: 01**
- **Number of national awards received by the faculty members: 02**

6.4.2 Faculty strength of the department

S No	Sanctioned Faculty	Current Position	Faculty recommended by VCI, 2016	Vacant position
Professor	-	01	01*	-
Associate Professor	01	01	01	-
Assistant Professor	02	01	02	01

* Faculty recommended mentioned here is combined for Veterinary Physiology & Veterinary Biochemistry

6.4.3 Technical and supporting staffs of the department

S No	Sanctioned	Present position	Staffs recommended by VCI, 2016
FCLA		01	Not specified
Farm Manager		-	Not specified
MTS		01	Not specified

6.4.4 Laboratories

Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Name of the laboratory	**Remarks**
Under Graduate Laboratory	For conducting the Practical classes of the undergraduate students
Post Graduate Laboratory	For conducting the Practical classes of the Post graduate students
Molecular biology laboratory	All the laboratories mentioned are functional and routinely used for ongoing PG and Ph.D. research works and also research works of projects of Veterinary Biochemistry department as well as other departments. They are sufficient to meet the course curricula requirement.
Analytical biochemistry laboratory	
Animal cell culture laboratory	
Biotechnology laboratory	
Post Graduate Classroom cum Seminar Room	For conducting departmental seminars and also conducting the Post graduate classes.

e) List of major equipment, instructional units and facilities.

Name of the laboratory	Major equipment	Remarks
Molecular biology lab	PCR, Transilluminator, Gel electrophoresis (AGE & PAGE), Eelectroporator, Semi-dry western blot, orbital shaker incubator, refrigerated centrifuge, -20 deep freezer, Refrigerator, Water bath	High-end equipments mentioned are functional and routinely used for ongoing PG research and project research work of Veterinary Physiology as well as other departments.
Analytical biochemistry lab	HPLC, Clinical chemistry analyzer, Plate reader, Spectrophotometer, -20 deep freezer, Refrigerator, refrigerated centrifuge, Water bath, Vortex mixer, Incubator, Hot air oven, pH meter, Shaker	
Animal cell culture lab	CO_2 incubator, Biosafety cabinet, Inverted microscope, Double door side-by-side refrigerator, Centrifuge	
Biotechnology lab	Isoelectric focusing, Maxi gel electrophoresis apparatus, Refrigerator	
Instructional unit above college library building	Automatic Weather Station	

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offererred to students of PG & PhD programme. Students do the practicals by themselves under the supervision of the faculty/ course instructor. Students record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr Prava Mayengbam, Associate Professor	MVSc	1	03
	PhD	Nil	Nil
Dr M.C. Lallianchhunga, Assistant Prof	MVSc	Nil	2
	PhD	Nil	Nil

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as Annexure -I) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8 .Students intake and attrition in programme for last five years (Programme wise)

DEPARTMENT OF LIVESTOCK PRODUCTION MANAGEMENT

6.4.1. Brief history of the Department

Dr. Lalnuntluangi Hmar was appointed on deputation as first Assistant Professor in the department of Livestock Production Management (LPM) in November 1998. Besides teaching all the courses, she started to build up the department. First few years, Department was in the old Assam Type buildings (presently college canteen and broiler farm buildings) and later on (in 2001) it was shifted to present Academic Block along with other departments of the college. Three sitting rooms and one practical room were allotted for the department of LPM. In 2001, Dr. Lalnuntluangi Hmar joined as permanent member in the college and two more faculty members namely Dr. Girin Kalita and Dr. (Mrs) Ranjana Goswami joined the department. All the members of the department started to plan for development of the department as well as the livestock farm buildings. Floor plan of the present Cattle, Poultry, Pig and Goat farms were drawn along with consultation of the construction company during the year 2003-04. In the year 2008, construction some of the farm buildings are completed and handed over to the college and in the same year, department was shifted to one of the farm building in the farm complex (present one). In the year 2007, Dr. Lalnuntluangi Hmar promoted to the rank of Associate Professor. Dr. Prasant Saikia joined as Assistant Professor in October 2009 and further strengthens the department. From August 2009 to July 2012, Dr. Girin Kalita and from August 2011 to July 2014 Dr.(Mrs) Ranjana Goswami was on study leave for their Ph.D. study. During their leave, Dr. Hmar and Dr. Saikia have taught all the courses of the department and other office works.

Far imparting practical training, pigggery unit was initiated with only five animals (Burmese pig) during 2002-03 and were reared in the old Assam type sheds as new sheds were constructed at that time. Few more Large White Yorkshire and Zovawk (local pig of Mizoram) pigs were purchased in the year 2007-08 to increase the strength. The stock was increased up to about 80 animals and was shifted to new pig farm sheds in 2007-08. To avoid inbreeding, 10 more pigs (Burmese pig) was purchased in 2009. However, do to outbreak of swine fever in the farm, whole stock of pigs was disposed and new stock of Large White Yorkshire pigs were brought to the farm in the year 2010. Mentionably, during that year, there was wide spread outbreak of swine fever in state of Mizoram and in the country as a whole and thousands of pigs were lost. Presently more than 150 pigs (Large White Yorkshire) are there in the pig farm. Establishment of AICRP on pig centre in the College also further strengthen the pig farm. Dairy unit of the department was initiated with purchase of 5 animals from the local market. After construction of dairy cattle shed, few more animals (crossbred Holstein Friesian and Jersey) were purchased for the farm in the year 2010-11. Presently the dairy farm is having more than 30 animals (including cows, calves, heifers, bull) with 70-100 litres of milk production per day. Poultry unit of the department was initiated with rearing of broilers for teaching purposes from 2002-03 and were reared in the old Assam Type shed. With the help of DBT funded project, small hatchery and Quail unit was established during 2004-05. The poultry farm shed (present poultry farm shed) was constructed during 2010-2011 and stocks of dual-purpose poultry birds like Giriraja, Banraja were purchased with a motto to distribute dual purpose chicks to the farmers. Presently more than 2000 poultry birds are reared in the farm. For imparting practical training, few goats were purchased during 2003-04 and were reared in the old Assam Type Shed. The Department is having small unit of sheep and goat with a capacity of 40 animals. Along with the faculty members of the department, faculties of other related departments namely Dr. Biren Kumar Das (Asstt. Prof.,Department of Animal Nutrition), Dr. T.C. Tolenkhoma (Asstt. Prof.,Department of Animal Genetics and Breeding and Dr. N.S. Singh (Assoc. Prof.,Department of Animal Genetics and Breeding) are also worked or working as I/C Farm or Farm Manager and helping in managing the different livestock farms. Supports of the other faculty members of the College and staff of AICRP on pigs and the persons related with other research projects of the department are also enormous in maintaining the livestock farms.

M.V.Sc. programme was started with only one student in the academic session 2006–07 and so far, 20 students were awarded the M.V.Sc. degree and 6 students are pursuing M.V.Sc. under the department. In the year 2012, Dr. L. Hmar promoted to the rank of Professor, and the authority has given the approval to start the Ph.D. programme in the year 2013. So far no student has enrolled for Ph.D. programme in the

department. However, Ph.D. courses have been offered for students taken LPM as minor subject. Presently, department is following the ICAR syllabus for the post graduate students.

Along with M.V.Sc. research work, few other research projects (intramural and extramural) have been completed in the department. Main focus of research work of the department is to study the livestock production systems followed in the North Eastern States and to evolve new technologies to improve the livestock production. Besides this, faculty members of the department are involved in many other research projects as member of advisory committee or as Co-PI of research projects.

As a part of extension programme, department is organizing short term (2-3 days) , long term (14-50 days) and Vocational training programmes on regular basis in the field of livestock management. Hand on training on broiler farming was started since 2004, where in undergraduate students are trained in practical aspects of broiler farming. As per new VCI syllabus, entrepreneurship training programme on broiler farming was started in the department since 2010, wherein inputs are given to rear the broiler birds, so that the students can learn the practical aspects of management. The programme is run in whole year, where in different batches of broilers are reared by the students under the supervision of one of the faculty members of the department and the profit earn from sale of broilers are distributed equally among the participating students. Every year 20-25 students of 3rd Year register for the programme.

- Year of introduction of MVSc : 2006
- Year of introduction of PhD : 2013
- Number of MVSc students passed out: 20 nos.
- Number of MVSc students on roll: 6 nos.

6.4.2. Faculty strength of the department

i) Research project undertaken in the Department of LPM

Sl. No.	Title of the project/Programme	Principal Investigator	Funding organization	Duration of the project	Present status
1	Study of potential of quails farming in Mizoram	Dr. L.Hmar	DBT	4 years	Completed

3	Augmenting pig production through effective microbial technolgy	Dr. Prasanta Saikia	DBT	3 years	Completed
4	Skill Enhancement and Generation of Sustainable Livelihood for Pig Farmers in Kolasib District of Mizoram	Dr.Prasanta Saikia	DBT	3 years	Completed
5	Techno-economic empowerment of rural woman through piglet production	Dr. Girin Kalita	DBT	3 years	Completed
6	Studies on performance of pigs in low input traditional system	Dr.Prasanta Saikia	CAU	1 year	Completed
7	Effect of early weaning management on performance of Yorkshire sow and piglets	Dr. Girin Kalita	CAU	1 year	Completed
8	Effect of maize and rice based-heat treated and untreated diets on performance of young pigs during nursing and post weaning period	Dr. Girin Kalita	CAU	1 year	Completed
9	Performance of Goats under Field Conditions of Mizoram	Dr Ranjana Goswami	CAU	1 year	Completed

ii) Research project of PG students

Sl no	Name of student	Research title
1.	Dr Rody Lalrinfeli Fanai	Comparisons of Broiler performance under intensive system and backyard system
2.	Dr H.Lalliankimi	Effect of Zinc supplementation on the performance of Japanese Quails
3.	Dr Jamlianthang	Effect of water quality and its sources on the performance of Broilers
4.	Dr C.Lalremruata	Performance of piglets under filed condition of Mizoram
5.	Dr Aba Liptos Marak	A study on management practices of Local pigs under field condition of West Garo Hills district if Meghalaya
6.	Dr F. Laldinthara	Effect of early weaning on the performance of Piglets and sow in Mizo Local pig (Zovawk)
7.	Dr Elizabeth Lalbiaknungi Leihang	Effect of feeding frequency on the performance of broilers
8.	Dr Elangbam Shitaljit Singh	Studies on pig farming systems under field condition in Imphal West district of Manipur
9.	Dr C. Lalchhuanawma	Studies on backyard Fattener pig production system in Aizawl and Kolasib district of Mizoram
10.	Dr Angela L. Renthlei	Effect of age and rearing system in the performance of Broilers
11.	Dr Kha Lovingson	Performance of early weaned pigs under cage system of rearing.
12.	Dr Menalsh Laishram	Use of effective Microbial Technology in fattening pigs

		in deep litter housing system
13.	Dr Karuna Saikia	Effect of early weaning management on performance of Large White Yorkshire pigs
14.	Dr Sharon Vikram Pratap Dewan	Studies on performance and behaviour of growing kids managed with or without concentrate supplementation.
15.	Dr Chandra Debbarma	Effect storage period and egg weight on hatchability of Japanese Quail eggs and subsequent growth performance of chicks
16.	Dr Lakshya Jyoti Kakati	"Effect of herbal supplement Shatavari (*Asparagus racemosus*) on performance of Large White Yorkshire Sow
17.	Dr Nanda Kumar Roy	Effect of Nutritional Supplementation of Neonatal Pig on Growth and Survivability during Pre-weaning Period
18.	Dr Vanlalhmangaihsanga	Comparative Efficacy of Different Methods of Castration on the Growth Performance and Certain Carcass Characteristics of Growing Finishing Pigs
19.	Dr Malsawmkima Pachuau	Effect of Dietary supplementation of garlic and ginger on the performance of weaner pigs
20.	Dr Bidyut Sarma	Effect of Dietary Supplementation of Vitamin E on Egg Quality, Hatchability and Growth Performance of Quail Chicks

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offerered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:
Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

The faculty members supervised 20 MVSc students since inception of the programme. So far , No students got admitted in PhD programme of the department

Sl no	Name of student	Name of Supervizer
1.	Dr Rody Lalrinfeli Fanai	Dr. L.Hmar
2.	Dr H.Lalliankimi	Dr. L.Hmar
3.	Dr Jamlianthang	Dr. R.Goswami
4.	Dr C.Lalremruata	Dr. L.Hmar
5.	Dr Aba Liptos Marak	Dr. P. Saikia
6.	Dr F. Laldinthara	Dr. P. Saikia
7.	Dr Elizabeth Lalbiaknungi Leihang	Dr. L.Hmar
8.	Dr Elangbam Shitaljit Singh	Dr. P. Saikia
9.	Dr. C. Lalchhuanawma	Dr. G.Kalita
10.	Dr Angela L. Renthlei	Dr. L.Hmar
11.	Dr Kha Lovingson	Dr. G.Kalita
12.	Dr Menalsh Laishram	Dr. P. Saikia

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as Annexure -I) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (Programme wise)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	5	5	5
Actual admitted	2	4	5	4	4
Attrition %	0	0	0	0	0

6.4.9 ICT application in Curricula delivery: Various ICT tools are being used for conducting Theory and practical classes of M.V.Sc. programme. To explain different farm practicals, Video CD is also shown time to time. Excel sheets in computers are frequently used to teach least cost ration formulation, record keeping and farm economic evaluation practicals. Soft copies of different study materials are shared at regular intervals. All the faculties of the department are digitally literate to use ITC in teaching.

DEPARTMENT OF VETERINARY & ANIMAL HUSBANDRY EXTENSION

6.4.1 Brief History of degree programme:

The Department of Veterinary & Animal Husbandry Extension Education has been started with the joining of one Assistant Professor in 2001. It is imparting teaching on Veterinary and Animal Husbandry Extension Education at Undergraduate level since its inception. Presently it is offering 4 (3+1) credits hour at Undergraduate level. The MVSc degree programme in Veterinary Extension Education has been introduced from academic session 2013-14. At present 5 (five) students are pursuing MVSc degree. The Department has been offering minor courses and supporting courses for the MVSc students of other disciplines since 2011-12. The Department is having qualified and experienced faculty members to conduct teaching and research works of Ph.D. programme. Nomenclature, curricula or syllabus of the degree programme are as per guidelines of ICAR,2009

Accomplishments in brief.

i) MVSc students passed out since introduction of the programme:

Sl. No.	Name of students	Topics of Research
1.	Dr. Reuben Malsawmdawngliana 2013-V-09(M)	Status of Dairy Farming in Mizoram: An Exploratory Study
2.	Dr. Francis Lalrinmawia Sailo 2013-V-11(M)]	Backyard Poultry Farming in Mizoram: An Exploratory Study
3.	Dr. Hmingthanzuala 2013-V-10(M)]	A study on Self-help Groups engaged in pig rearing in Mizoram
4.	Dr. (Ms.) Debbie Lalngaihawmi 2014-V-11(M)	Information Needs of the Piggery Farmers of Aizawl District of Mizoram
5.	Dr. Lalruatfela Sailo 2014-V-10(M)	Status of Broiler Farming in Mizoram: An Exploratory Study
6	Dr. Dorothy Lalchhanhimi 2015-V-17(M)	The Role of Rural Women in Household Food Security Activities in Mizoram
7	Dr. Lalhmunmawia 2015-V-16(M)	A Study on Social Structure, Animal Husbandry and Livelihood in a Village of Mizoram
8	Dr. Supritam Das 2016-V-10(M)	Navigation of Duck Farming System in Tripura
9	Dr. Biswajit Chutia 2017-V-05(M)	Utilization of Information and Communication Technology (ICT)Tools by Krisihi Vigyan Kendra Functionaries in Mizoram
10	Dr. K. Joshua Kath 2017-V-07(M)	A Study on Animal Husbandry Practices of *Tenyivo* Pig Farmers of Nagaland
11	Dr. Zothanpuii 2018-V-08(M)	Critical Success Factors of Small Scale Piglet production in Mizoram
12	Dr. Nancy Lalruatfeli 2018-V-09(M)	Dairy Farming Practices amongst Cooperative Milk Producers in Aizawl District of Mizoram: An analysis.

ii) PhD students passed out since introduction of the programme: NA

			Post held	Department	From	To
1.	Dr. Reuben Malsawmdawngliana	MVSc	Manager (Technical)	PIGFED Ltd, Aizawl	2017	Till date
2.	Dr. Francis Lalrinmawia Sailo	MVSc	Staff at Circle (SAC)	Dept. of Agri. FOCUS project	2018	Till date
3.	Dr. Hmingthanzuala	MVSc	District Information Officer	I &RPR Dept Govt. of Mizoram	2018	Till date
4.						
5.	Dr. Lalruatfela Sailo	MVSc	Animal Husbandry Manager	Dept. of Agri. FOCUS project	2020	Till date

6.	Dr. (Ms). Dorothy Lalchhanhimi	MVSc	Consultant/ Visiting Doctor	JB Paws/ Dept of Pharmacy, RIPANS	2018	Till date
7	Dr. Lalnunmawia	MVSc	Staff at Circle	Dept. of Agri. FOCUS project	2018	Till date
8	Dr. Supritam Das	MVSc	Scientist,	KVK, Dholai, Tripura	2021	Till date
9	Dr. Biswajit Chutia	MVSc	Veterinary Officer,	Primium Hatchery	2020	Till date
10	Dr. K. Joshua Kath	MVSc	JRF	ICAR, AICRP on Pig	2019	Till date

6.4.2.Faculty strength of the department

Sl. No.	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
Professor	Nil	NA	1
Associate Professor	1	Nil	1
Assistant Professor	2	Nil	1

6.4.3.Technical and supporting staffs of the department

S No	Sanctioned	Vacant position	Staffs recommended by VCI, 2016
1. FCLA (Audio-visual Technician)	1	Nil	Not specified
2. Farm Manager	Nil	Vacant	Not specified
3. MTS	1	Nil	Not specified

6.4.4.Laboratories :

f) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.
   i. Audio-Visual Lab,
   ii. ICT Lab
   iii. Group Discussion room

g) List of major equipment, instructional units and facilities.

Sl. No.	**Item***	**Available Quantity**
1	Computer	3 Nos.
2	Direct Projector	1 No.
3	Overhead Projector	1 No.
4	Slide Projector	2 Nos.
5	LCD data Projector	1 No.
6	Amplifiers	3 Nos.
7	Television (coloured)	1 No.
8	Video Camera (Complete Set)	1 no.
9	Camera 35 mm	1 No.
10	Projection Screens (fixed and portable)	2 No.

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practical by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

The faculty members supervised 12 students since inception and presently guiding 5 students.

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students presently supervising as major advisor
Dr. Saidur Rahman	MVSc	08	03
Dr. Samares Kumar Das*	MVSc	03	-
Dr. Lalhumliana Tochhawng	MVSc	01	02

* Presently working in College of Veterinary Sciences & AH, CAU, Jalukie, Nagaland

** Joined in the Department in 2018.

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (Programme wise)

DEPARTMENT OF VETERINARY MICROBIOLOGY

6.4.1 Brief History of degree programme: Please mention the following

1) Year in which the degree programme was initiated: 2009-10
2) whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009: Yes
3) Accomplishments in brief.
   i) MVSc students passed out since introduction of the programme: 18
   ii) PhD students passed out since introduction of the programme: 04
   iii) Publications by students and faculty members of the department:
      - Research articles: 127
      - Review articles: 13
      - Popular articles: 05
      - Research reports: 13
      - Laboratory manuals: 04
      - Books and chapters: 04
   iv) Any other accomplishment which will justify the degree programme to be accredited by ICAR (Mostly academic and research related accomplishments):
      - Externally funded research projects concluded: 08
      - Externally funded research projects under progress: 01
      - Externally funded research projects approved: 02
      - Externally funded research projects under review: 02
      - University funded research projects concluded: 04
      - DBT funded Star College Scheme is in effect for BVSc&AH degree program.

6.4.2. Faculty strength of the department

Sl No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
10. Professor	01	00	1
11. Associate Professor	01	00	1
12. Assistant Professor	01	01	2

6.4.3. Technical and supporting staffs of the department

Sl No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
1. FCLA	01	00	Not specified
2. Farm Manager	00	00	NA
3. MTS	02	00	Not specified

6.4.4. Laboratories:

h) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.
   - Undergraduate Laboratory
   - Bacteriology & immunology Laboratory
   - Virology including tissue/cell culture laboratory
   - Molecular biology laboratory
   - Transboundary animal diseases diagnosis laboratory

- Institutional biotech Hub laboratory for instrumentation facilities
- Washing and sterilization room
- Conference hall
- Office rooms for faculties
- Office room
- Students' sitting room

The entire office and laboratory space is optimum to conduct the teaching and research work for BVSc&Ah, MVSc (Microbiology) and PhD (Microbiology) courses.

i) List of major equipments, instructional units and facilities.

Major Equipments

- Biosafety cabinet Class II A2: 03
- Biosafety cabinet Class III: 01
- Work station Class II A2: 01
- Laminar Air Flow: 01
- -80C Deep freezer: 02
- -20C Deep freezer: 04
- Refrigerator: 08
- Refrigerated centrifuge: 04
- High speed centrifuge: 02
- Clinical centrifuge: 01
- Trinoculor microscope: 02
- Inverted microscope with fluorescence: 01
- Students microscope binocular: 02
- Students microscope: 10
- PCR machine: 03
- Real time PCR: 01
- Gel documentation system: 03
- Electrophoresis system: 03
- Lyophilizer: 01
- Phoenix automated bacterial identification system: 01
- Shaker incubator: 02
- BOD incubator: 02
- Universal incubator: 02
- Hot air oven: 02
- Autoclave: 03
- Hybridization oven: 01
- CO2 incubator: 02
- Egg incubator: 01
- Ultrasonicator: 01
- UV Visible multimode reader: 02
- Ice flaking machine: 01

Instructional Units

- Undergraduate Laboratory: to conduct the practical classes of BVSc&AH students

- Bacteriology & immunology Laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for bacteriology and immunology.
- Virology including tissue/cell culture laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for virology.
- Molecular biology laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for molecular biology and biotechnology.
- Transboundary animal diseases diagnosis laboratory: To conduct the research work of the post graduate students on transboundary animal diseases.
- Institutional biotech Hub laboratory for instrumentation facilities: To provide the basic instrumentation facilities to the UG and PG students for instruction, demonstration and research work.
- Washing and sterilization room: For washing the laboratory wares, sterilization, packaging and preparation of reagents, media etc.
- Conference hall: To conduct the meetings, seminars, theory classes of PG students.
- Office rooms for faculties: Separate office rooms for each faculty to carry out the official work.
- Office room: Departmental office work.
- Students' sitting and study room: Separate space for PG students for their study and leisure

Other facilities

- Incubation cum hatchery room: Facility for hatching the eggs
- Store room: To store the laboratory wares and other materials
- Laboratory animal room: To maintain the laboratory animals including mice, rat, rabbits etc. for experimental work.

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offererred to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

As per the Central Agricultural University Academic Regulation-2016 for Master and PhD degree programs vide Clause No. 2.8.1.iii, the chairperson (major advisor) should be a PG tacher with 5 years experience and 5 NAAS rating publications or possesses PhD degree with good publications, made after joining the University.

At any given time, Professor, Associate Professor and Assistant Professor shall not be a Chairperson for more than 6, 5 and 4 PG students (Master's and PhD combined), respectively.

Name of the faculty members	Designation	MVSc students guided	PhD students guided

Dr. T. K. Dutta	Professor & Head	Awarded: 09 On Roll: 03	Awarded: 04 On Roll: 01
Dr. P. Roychoudhury	Associate Professor	Awarded: 04 On Roll: 02	Nil
Dr. P. K. Subudhi	Assistant Professor (SS)	Awarded: 03 On Roll: 01	On Roll: 01

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (Programme wise)
MVSc programme

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	5	5	5	5	5

Attrition %	0	60	0	0	0

6.4.9. **ICT application in Curricula delivery**:
The information and communication tools were used for all the courses judiciously for most effective way of communication as mentioned below-

- The PG students are being taught to explore the webs for visiting various websites to search the scientific publications, nucleic acid and protein sequence services.
- Exploration of e-books, e-journals and in-silico techniques for effective learning.
- Training on Bioinformatic tools including DNA STAR, NCBI-PubMed and analysis of DNA sequence data through online tools.
- Designining of primers using online tools.

Signature of Dean of the College with Date and Seal

DEPARTENT OF VETERINARY PATHOLOGY

6.4.1 Brief History of degree programme:

The department of veterinary pathology, CVSc & AH, CAU, Selesih, Aizawl, Mizoram started was initiated in 12th February 1999, with the joining of Dr. T. K. Rajkhowa, Assistant Professor as the first faculty in the Department. Since then, the Department has progressed to the level of accreditation for PhD programme by ICAR, GOI, from 2017 to 2021 . Through different externally funded projects and with continuous support of the CAU, the department has improved the infrastructure and laboratory facilities for research to the level of cell culture work and molecular characterization of pathogens. Besides, the department is actively involved in providing diagnostic services to the farmers of NER, India. The department has in its credit of reporting first outbreak of PRRS, in India, in the year 2013. Recently, the department has also reported the first outbreak of ASF in pig population of Mizoram.

1) Year in which the degree programme was initiated : **1999**
2) Whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009 : **Yes**
3) Accomplishments in brief.
   - **i)** M.V.Sc. students passed out since introduction of the programme : **19**
   - ii) Ph.D. students passed out since introduction of the programme: **Nil (3 students in different academic year are pursuing PhD presently)**
   - iii) Publications:

     Books : **9** Book chapters : **7**

     Research articles : **100** Popular articles : **2**
   - iv) Any other accomplishment which will justify the degree programme to be accreditated by ICAR (Mostly academic and research related accomplishments)
     a) Completed five externally funded research projects.
     b) Presently running **R&D project funded by National Agricultural Science Fund (NASF)**, ICAR with budget allotment of Rs. 201 lakhs for three years.
     c) **Reported first outbreak of Porcine reproductive and respiratory syndrome (PRRS) outbreak in India**.
     d) Reported **PCV2g genotype for the first time in India**.
     e) Reported prevalence of **very virulent Infectious bursal disease** for the first time in NER, India.
     f) **Reported first outbreak of African swine fever (ASF) in pig population of Mizoram** in the year Aril 2021.
     g) A total of 19 students have completed their M. V. Sc. Degree in veterinary pathology from the department.
     h) Presently three students are pursuing their PhD in the department. All the students joined the department through ICAR counselling.

6.4.2 Faculty strength of the department

Sl. No.	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
1. Professor	1	-	1
2. Associate Professor	-	1	2
3. Assistant Professor	3	1 (on lien for one year and joined GADVASU)	3

6.4.3.Technical and supporting staffs of the department

Sl. No.	Staff in position	Vacant position	Staffs recommended by VCI, 2016
4. FCLA (Lab. Technician / Specimen Curator)	2	-	2
5. Lab. Assistant / Attendant	1	-	2
6. Post Mortem/Animal attendant	-	-	2
7. Sweeper-cum-attendant	-	-	1

The deficient supporting staffs are managed through the project assistant recruited under different externally funded projects.

6.4. 4. Laboratories :

j) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Sl. No.	Name of laboratory	Justifications
1	UG Laboratory	All requirements are provided
2	PG Laboratory	-do-
3	Molecular Biology Laboratory	-do-
4	Cell culture laboratory	-do-

k) List of major equipment, instructional units and facilities.

Sl. No.	Name of the Equipment
1	Real time PCR machine (Qiagen) - 1
2	Thermal cycler (Eppendorf) - 2
3	Bio safety level 2 cabin - 4
4	CO2 incubator - 2
5	Deep Freeze -80ºC - 2
6	Deep Freeze -45ºC - 2
7	Lyophilizer - 1
8	Shaker incubator -1
9	Ice flaker - 1
10	Monopan balance -1
11	Gel electrophoresis system – 3 sets
12	Cooling centrifuge machine - 2
13	Digital water bath - 1
14	Gel documentation system - 1
15	Bio photometer (Eppendorf)
16	Trinocular research microtome - 1
17	Inverted research microscope -1
18	Cryostate - 1
19	Binocular Microscope
20	Semi-automatic Microtome
21	Serological water bath
22	Spectrophotometer (Jenway)
23	Phase Contrast Microscope with Camera
24	Colour Imaging (CCTV) System

25	Unit for histopathological work
26	Post mortem unit for large , small & poultry.

6.4.5 Conduct of practical and hands on training:

The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Different practical are first demonstrated in the laboratory by trained laboratory assistant and also by the SRF/ RA working in different externally funded projects in the department. Later, students are allowed to conduct the practical's by themselves under the supervision of the faculty/ course instructor/ RA/ SRF/ FCLA. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme : Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Sl. No.	Name of faculty & designation	No. of M.V.Sc. students guided	No. of Ph.D. students guided
1	Dr. T.K. Rajkhowa Professor & Head	8	3 Pursuing
2	Dr. Y. Damodar Singh Assistant Professor (SG)	5	Nil
3	Dr. Ravindran R. Assistant Professor (SS)	5	Nil
4	Dr. Rahul Singh Arya Assistant Professor	1	Nil

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8 .Students intake and attrition in programme for last five years (Programme wise)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	MVSc = 5	MVSc = 5	MVSc = 5	MVSc = 5	MVSc = 5
Actual admitted	MVSc = 3	MVSc = 4	MVSc = 3	MVSc = 5	MVSc = 5
Attrition %	MVSc= 0%	MVSc=0%	MVSc=0%	MVSc=0%	MVSc=0%

6.4.9. ICT application in Curricula delivery: All the faculties of the department are digitally literate. Various ICT tools are being used for conducting Theory and practical classes of BVSc & AH, MVSc & PhD programme. The information and communication tools were used for all the courses judiciously for most effective way of communication between.

DEPARTMENT OF VETERINARY PHARMACOLOGY & TOXICOLOGY

6.4.1 Brief History of the Department:

The mandate of the Department of Pharmacology & Toxicology is teaching, research and extension activities. The department is having three different laboratories having ample space which are well furnished with almost all the necessary equipments to conduct practical classes and also to run many different research works. This department is offering UG and PG courses. Postgraduate programme was started in the year 2007. As of now, a total of nine Post Graduate students of this department successfully completed their course and all of them got good placement in different sectors.

Besides teaching, the department is also engaged in research and extension activities regularly. So far, one intra-mural and three extra-mural projects have been sanctioned and conducted in this department. Out of which, two extra-mural projects are still running in the department.

The prioritize researchable areas of this department are herbal medicine, drug and pesticide residue analysis and pharmacokinetic and pharmacodynamic studies of drugs.

Year of Introduction of M.V.Sc./Ph.D Programme : 2007

4. No. of M.V.Sc. and Ph.D students passed out : 09

5. No. of M.V.Sc. and Ph.D students on roll : Nil

Research Project and Publication from PG and Ph.D research work

Research Projects:

i) Analysis of Selected Antimicrobial Drug Residues in Meat Samples collected from Aizawl Local Markets
ii) Outreach Programme on Ethnoveterinary Medicine, ICAR
iii) All India Network Project(AINP) on Pesticide Residue and Monitoring of Pesticide Residues at National Level (MPRNL)
iv) To develop standardized poly-herbal formulation of medicinal plants for use as anti-coccidial agent for poultry

Publications:

6.4.4 Laboratories

l) 1 Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement:

i) UG Laboratory
ii) Experimental/PG Laboratory
iii) Analytical Laboratory

The laboratories in the department of pharmacology & toxicology are well equipped with the following list of equipments and each laboratory is having ample space. All the three laboratories are also having continuous water supply. Power back-up provision is available for most of the equipments.

m) List of major equipment, instructional units and facilities.

The major equipments available in the department are as follows:

1) HPLC (Waters)
2) Spectrophotometer (UV/VIS)
3) Fluorescent spectrophotometer
4) Ultrasonicator
5) Automatic Clinical Analyser
6) Lyophilizer
7) Power-Lab with organ bath
8) Passive avoidance apparatus
9) Plethysmometer
10) Analgesiometers (Tail flick apparatus, hot and cold apparatus)
11) Convulsiometer
12) ELISA reader
13) Microwave digester
14) Oven
15) Deep Freeze
16) Weighing machines including precision digital weighing machin
17) Centrifuge machine including Cold centrifuge machine

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

iv)Any other accomplishment which will justify the degree programme to be accrediatated by ICAR (Mostly academic and research related accomplishments)

- The MVSc students who pass out could get the placement such as Assistant Professor,V.O. ,SMS ,etc .Annexure -1
- The MVSc degree programme is very helpful to the department in carrying out the researchable issues of NE region of the country and due to their research activities along with the research projects of the faculty members ,the laboratories of the department are under the working condition.

6.4.2. Faculty strength of the department

Sl No	Faculty Post	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
1.	Professor	Nil	Nil	One
2.	Associate Professor	One	Nil	One
3.	Assistant Professor	Three	Nil	One

6.4.3. Technical and supporting staffs of the department

Sl No	Name of the post	Technical and supporting staffs in position	Vacant position	Staffs recommended by VCI, 2016
1.	FCLA	One	Nil	N.A
2.	Farm Manager	Nil	Nil	N.A
3.	MTS	One	Nil	N.A

6.4.4. Laboratories:

n) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

The department is having the following laboratories to carry out the U.G students classes and P.G.students research :

a) Milk and meat hygiene , food safety and Public Health lab.

b) Zoonoses & Epidemiology lab.

c) Environmental hygiene lab.
d) Under graduate lab.
e) Post graduate lab.

However ,time to time upgradation with the latest equipments will provide better facilities for carrying out the research work .

o) List of major equipment, instructional units and facilities.

Sl. No.	Name of the equipments	Qty.
1	Deep freezer (-20^{0}C).	1
2	Thermal Cycler (Bio-RAD-T100)	1
3	Laminar Flow Chamber (Horizontal)	1
4	Vertical Midi Gel Electrophoresis System (Regular Model) with Power Supply (PS-500)	1
5	Cell Sonicator/Ultrasonic Homogenizer (OMNI RUPTOR-400)	1
6	Trinocular Research Microscope	1
7	Refrigerated centrifuge machine.	1
8	Revolutionary Centrifuge machine.	1

6.4.5 Conduct of practical and hands on training:

The course VPH is taught in 3rd year and the content in practical is divided in four units namely Unit I (Veterinary Public Health and Food safety), Unit II (Veterinary epidemiology), Unit III (Zoonotic diseases) and Unit IV (Environmental hygiene). Practical classes are mostly taken by hands on training in the laboratory on different units.

The unit I and IV are started with collection of samples of different foods of animal origin (milk, meat, fish and their products) and water and air samples. The different practicals are conducted for detection of microbiological qualities, detection of specific pathogens, drug residues, preservatives and adulteration of milk and meat, detection of mastitis, antimicrobial sensitivity of common pathogens etc. The demonstration of hygienic slaughtering practice, purification and milk and milk product processing is regularly done by visiting the organized slaughter house(at Mualpui), milk processing plant (MULCO at Thuampui)and water purification plant(at Tlawng river) under Govt of Mizoram.

The Unit II mostly emphasizes on the sampling in population for disease investigation and research, use of different epidemiological tools for estimating or measuring the disease occurrence, detection of sensitivity and specificity of diagnostic tests and detection of efficacy of vaccines, methods of displaying the epidemiological data, disease outbreak investigation, preparation of questionnaire for disease outbreak investigation, soft wares used for digital collection and transmission of disease status by different national and international agencies. The mathematical formulae for estimations of rates, ratios, proportion , sensitivity and specificity and vaccine efficacy are being practiced by the students with real time problems in field.

The students used to conduct an epidemiological survey on different zoonotic diseases of Aizawl as hands on training.

In Unit III, the methods of collection, preservation and dispatch of samples for bacterial, viral, parasitic and protozoal zoonotic diseases and detection of important bacterial and parasitic zoonoses are demonstrated in the laboratory. However, the viral zoonoses are discussed through online/ offline vidoes.

The students are also given assignments and seminars on related topics after collection of samples from the nearby areas and analysis by them as hands on training.

6.4.6. Supervision of students in PG / Ph.D programme : Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

The eligible criteria to become research guide of PG student

a) Associate Professor and above and their equivalents

or

b) Assistant Professor and equivalent with Ph.D.degree in discipline/subject who has published two research papers others than his or her Masters and Ph.D.theses.

or

c) Assistant Professor and equivalent with Ph.D. degree provided he/she has atleast two tears of PG teaching experiences and 5 (five) research papers published in referred journals with minimum NAAS rating of 4 (other than his/her Master's thesis).

The Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Sl.no.	Name of faculty	Programme	Number.of students supervised as major advisor	Number.of students being supervised as major advisor
1.	Dr. E. Motina	M. V. Sc	7	2
		Ph.D		
2.	Dr. Devajani Deka	M. V. Sc	5	2

6.4.7: Feed back of stakeholders(students, parents, industries, employers, farmers etc):
The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8:Students intake and attrition in programme for last five years(Programme wise):

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	4	4	6
Actual admitted	3	1	2	1	6
Attrition %	0	0	0	0	0

6.4.9 ICT application in Curricula delivery :

1. LCD projector.-Classes were taken by using LCD projector wherever necessary.
2. Computer -By using computer informations were collected from Net for updating the class notes.
3. Online classes were taken during the lock down period and whenever necessary

Signature of Dean of the College with Date and Seal

DEPARTMENT OF LIVESTOCK PRODUCTS TECHNOLOGY

6.4.1 Brief History of degree programme: Pl. mention the following

1) Year in which the degree programme was initiated, : M.V.Sc. programme in 2011
2) whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR,2009 : Yes
3) Accomplishments in brief.
   i) MVSc students passed out since introduction of the programme: 12 till date
   ii) PhD students passed out since introduction of the programme: Yet to be introduced
   iii) Publication: 5
   iv) Any other accomplishment which will justify the degree programme to be accrediatated by ICAR(Mostly academic and research related accomplishments)

6.4.2. Faculty strength of the department

S No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
1. Professor	1 (Contractual)	1	1
2. Associate Professor	Nil	1	1
3. Assistant Professor	1	1	2

There were two Assistant Professors(Dr. Pragati Hazarika and Dr. Kevimese Khate) upto March, 2018. Dr. Kevimese Khate was transferred to C.V.Sc & A.H. Jalukie, Nagaland in the month of April 2018 and a Professor (Dr. Altaf Hussain Malik) was appointed on contract basis w.e.f. June 2018 to January 2020. Recently, Dr. V.V. Kulkarni, Professor, has joined on February, 2021, on contract basis and all of them have been helping in taking undergraduate and postgraduate classes and also in guiding M.V.Sc scholars.

6.4.3. Technical and supporting staffs of the department

Sl. No.	Staff in position	Vacant position	Staffs recommended by VCI, 2016
1. FCLA	2	-	
2. Farm Manager	-	-	
3. MTS	2	-	

6.4.4. Laboratories :

p) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.
   i) Meat processing laboratory
   ii) Analytical Laboratory
   iii) Quality Control Laboratory
   iv) Cooking unit
   v) Smoke Unit
   vi) Dairy practical Laboratory

q) List of major equipment, instructional units and facilities.
   i) Food texture analyser

ii) Bowl chopper
iii) Meat mincer
iv) Hamburger forming machine
v) Meat slicer
vi) Sausage filler
vii) Smoking unit
viii) Captive bolt pistol
ix) Band saw
x) Deep freezer
xi) Vacuum packaging machine
xii) Defeathering machine
xiii) Laminar flow
xiv) Bacteriological colony counter
xv) Gerber's centrifuge
xvi) Centrifuge
xvii) Distillation apparatus
xviii) Brine injector
xix) Electric stunner
xx) Incubator

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6.Supervision of students in PG / PhD programme : Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes
Master's Programme:
Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty
As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Name of faculty member	2015-16	2016-17	2017-18	2018-19	2019-20
Dr. Pragati Hazarika, Ph. D. in Livestock Products Technology		1	1	3	3
Dr. Kevimese Khate, Ph. D. in Livestock Products Technology*	1		1		

- Transferred to C.V.Sc. & A.H., C.A.U., Jalukie, Nagaland, in 2018

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years(Programme wise)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	5	5	5
Actual admitted	1	2	3	3	4
Attrition %	0	0	0	0	40

6.4.9. ICT application in Curricula delivery :

- Use to take classes supported with visual presentation by detail PowerPoint slides
- Showing videos of related topics
- Students are asked to present class seminars with the help of material collected by them from the Internet, e journals and books

Updated and modern technologies available in Internet are informed to the students by providing the sites to visit.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY SURGERY AND RADIOLOGY

6.4.1. Brief History of degree programme: Pl. mention the following

1. Year in which the degree programme was initiated: **In the year 2006.**
2. Whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009. **Yes.**
3. Accomplishments in brief.
   a) MVSc students passed out since introduction of the programme: **24 numbers.**
   b) PhD students passed out since introduction of the programme: **Not yet started**
   c) Publication: **16**
   d) Any other accomplishment which will justify the degree programme to be accrediatated by ICAR (Mostly academic and research related accomplishments): **Three students already cleared the NET examination conducted by ICAR for the subject and.**

Accomplishments:

Following MVSc students have completed their degree programme

MVSc (Veterinary Surgery and radiology)		
Sl. No.	**Name of the student**	**Thesis title**
1	***Dr. Thangzadinga***	Management of wounds and wounds infection in veterinary patients
2	***Dr. Kalpana Deb Barma***	Pre-emptive use of analgesics in anaesthesia and pain management in pigs.
3	***Dr. V. Lalzawmliana***	Comparative evaluation of diazepam and midazolam as preanaesthetic to xylazine and ketamine for balance anaesthesia in pigs
4	***Dr. Vanlalchhandama***	Evaluation of lignocaine, bupivacaine, ketamine and bupivacaine-ketamine combination of epidural anaesthesia in pigs.
5	***Dr. Ashimi Das***	Evaluation of propofol and its combination with preanaesthetics for total intravenous anaesthesia (TIVA) in cat.
6	***Dr. John Bezalaisa Khithie***	Studies of incidence and surgical management of canine neoplasm
7	***Dr. Daniel Kakki***	Wound healing potential of ***Bidens pilosa*** and ***Cassia tora*** leaves in rabbits.
8	***Dr. Nayan Bagawati***	Ventral hernia in pigs with special reference to their surgical management using herniorrhaphy and hernioplasty techniques
9	***Dr. Andrew Lalremruata***	Studies on incidence and surgical management of canine bone fracture
10	***Dr. L.H.Lalrosanga***	Acepromazine and midazolam with butorphanol as preanaesthetics to propofol anaesthesia in pigs
11	***Dr. Tage Rina***	Evaluation of acepromazine and midazolam as preanaesthetics to ketamine in yak
12	***Dr. Mekha Chandran***	Continuous rate infusion (cri) of dexmedetomidine with isoflurane in dexmedetomidine-butorphanol premedicated dogs
13	***Dr. Meme Cheda***	Risperidone-butorphanol as premedicants to propofol and isoflurane anaesthesia in dogs.
14	***Dr. Nengneikim Baite***	Intralesional application of bone marrow derived mononuclear cells (BMMNCs) embedded with hydroxyapatite (HA) scaffold in canine long bone fracture management

15	***Sr. Sherin Shah S***	Comparison of ovariectomy by laparoscopic and conventional open methods in dogs
16	***Dr. M. Lalhmangaihzuala***	Diagnosis and surgical management of pyometra in bitches
17.	***Dr. Analisha Debbarma***	Comparison of right flank and caudal midline approaches for ovariectomy in gilts.
18.	***Dr. Nirmali Sarma.***	Contrast enhanced ultrasonography (CEUS) for diagnosing urinary system disorders in canine
19.	***Dr. Chang L***	Intraperitoneal Application of Honey and Pectin-Honey Hydrogel (phhs) for Preventing Postoperative Peritoneal Adhesion in Rabbits
20.	***Dr. Rahul Paul***	Evaluation of Propofol, Ketofol and Etomidate as Induction Agent in Dogs Premedicated with Glycopyrrolate and Maintained with Isoflurane Anaesthesia.
21.	***Dr. Thangjam Reena Devi***	Total Intravenous Anaesthesia (TIVA) with Propofol and Ketofol in Glycopyrrolate and Dexmedetomidine premedicated Pigs
22.	***Dr. Chaithra S N***	Pre-emptive Analgesia with Tramadol, Pentazocine lactate and Meloxicam in Pain Management of Canine Ovariohysterectomy
23.	***Dr. Champak Jyoti Das***	Lumbosacral Myelography with or without Ultrasound-Guidance to Detect Spinal Cord Abnormalities in Canines and Their Management with Special Reference to Physiotherapy
24.	***Dr. H. Zorinpuii***	Epidural Analgesia using Dexmedetomidine with or without Lidocaine and Ropivacaine for Elective Ovariohysterectomy in Dogs

6.4.2. Faculty strength of the department

S No	Sanctioned Faculty (Faculty in place)	Vacant position	Faculty recommended by VCI, 2016
1. Professor	**Nil**	**1**	**1**
2. Associate Professor	**1**	**Nil**	**1**
3. Assistant Professor	**2**	**1**	**3**

6.4.3. Technical and supporting staffs of the department

S No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
1. FCLA	**1**	**0**	Not specified
2. Farm Manager	**0**	**0**	NA
3. MTS	**2**	**0**	Not specified

3.4.3. Laboratories :

r) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

a) **Two fully equipped Small Animal Operation Theatre.**
b) **One Large Animal Operation theatre room.**
c) **One X-ray room.**
d) **One Computerised Radiography System room.**
e) **One dark room for X-ray processing.**

s) List of major equipment, instructional units and facilities.

i) **Hydraulic Operating Theatre Table for Small Animal Operation- one**.
ii) **Shadowless lamp- two**

iii) **500 mA X-ray machine with Fluoroscopy unit- one.**
iv) **Computerised Radiography System- one.**
v) **USG Unit- one.**
vi) **Electro Cautory Unit- one.**
vii) **Small Animal Anaesthesia Machine with Ventilator- one.**

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6 Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters / PhD programme (as per ICAR guidelines):

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes
Master's Programme:
Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty
As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Number of studenys completed the MVSc in Veterinary Surgery and radiology: **24**

Number of studenys continuing the MVSc in Veterinary Surgery and radiology: **7**

Total students guided by the faculty:

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as minor advisor
Dr Bedanga Konwar	MVSc	8 (Completed) 2 (Continuing)	10 (Completed) 9 (Continuing)
	PhD	Nil	2 (Continuing)
Dr Basanta Saikia	MVSc	7 (Completed) 2 (Continuing)	8 (Completed) 6 (Continuing)
	PhD	Nil	Nil
Dr Hitesh Bayan	MVSc	4 (Completed) 3 (Continuing)	5 (Completed) 3 (Continuing)
	PhD	Nil	Nil

Following 24 MVSc students had completed and 7 have continuing their degree programme in Veterinary Surgery and Radiology

Sl. No.	Name of the PG student	Major Subject	Year of completion	Superviser
1.	*Dr. Thangzadinga*	Veterinary Surgery and Radiology	2008	Dr. Gaj Raj Singh

- Popular articles: 10
- Research reports: 11

- Laboratory manuals: 06
- Books and chapters: 06

viii) Any other accomplishment which will justify the degree programme to be accredited by ICAR (Mostly academic and research related accomplishments):

- Externally funded research projects concluded: 03
- Externally funded research projects under progress: 04
- Externally funded research projects approved: 00
- Externally funded research projects under review: 01
- University funded research projects concluded: 08
- DBT funded Star College Scheme is in effect for BVSc & AH degree program.

6.4.2 Staff Strength:

Sl No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
Professor	01	00	
Associate Professor	01	00	
Assistant Professor	03	00	

6.4.3 Technical and supporting staffs of the department

Sl No	Staff inposition	Vacant position	Staffs recommended by VCI, 2016
4. FCLA	01	00	Not specified
5. MTS	02	00	Not specified

6.4.4 Laboratories
Infrastructure availabilities:

1) Name of Laboratory	1) Undergraduate Laboratory : 01 No 2) Postgraduate Laboratory : 02 Nos
2) Equipments	1) Laminar Flow – 02 Nos. 2) Refrigerator – 03 nos. 3) Vestfrost – 02 Nos. 4) AAS (Atomic Absorption Spectrophotometer with accessories 5) Blood Analyzer (Model Ruby Plus) 6) Vertical Autoclave (Hospital Model) 7) BOD Incubator Sanco Make 8) Elisa Reader (Bio Rad 680) 9) Hot Air Oven 10) Vortex 11) Magnetic Stirrer 12) Centrifuge 13) Electronic Balance 14) Vacuum Evaporator

		15) Soxhlet Extractor 16) Refrigerated Centrifuge 17) Biochemistry Analyser 18) Laboratory Centrifuge 19) Homocytometer 20)Trinocular Fluorescent Microscope 21) Computer Sets : 05 Nos.

6.4.5. **Conduct of practical and hands on training**: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. **Supervision of students in PG / PhD programme**: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Name of the faculty	Number of students supervised as major Advisor MVSc	Number of students supervised as major Advisor PhD
Dr. Hridayesh Prasad	Awarded: 9 On Roll:	Awarded: 1 On Roll: 2
Dr. Gunjan Das	Awarded: 6 On Roll:	0
Dr. Kalyan Sarma	Awarded: 7 On Roll: 2	Awarded: 0 On Roll: 2
Dr. S. K. Behera	Awarded: 1 On Roll: 1	0
Dr. J. B. Rajesh	Awarded: 0 On Roll: 3	0

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are

made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years(MVSC Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	5	5	5
Actual admitted	4	3	3	4	2
Attrition %	0	0	0	0	0

6.4.9. ICT application in Curricula delivery: Various ICT tools are being used for conducting Theory and practical classes of BVSc, MVSc & PhD programme. All the faculties of the department are digitally literate. LCD projectors are used for teaching in the classroom. The students are provided with reading material as softcopy. PPT presentations were also shared to the students through their email.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY PARASITOLOGY

6.4.1. Brief History of the Departments:

The Department of Veterinary Parasitology, College of Veterinary Sciences and Animal Husbandry, Selesih, has been functioning since 1998 for under graduate studies. The department has been offering Veterinary Parasitology courses strictly as per VCI guidelines for UG programme. Further, the department has been offering minor and supporting courses for MVSc programme since 2008-2009. Subsequently, PG courses leading to MVSc degree programme in Veterinary Parasitology has been approved by the competent authority of CAU, Imphal. This was notified vide Memo No. CAU.Rag/550/ATR/04(Vol-I)/2796 dated 9th December, 2013 to start the MVSc degree programme from the academic year 2014-15 with three seats including ICAR nominee.

Major Achievements

1. Year of introduction of M.V.Sc. / Ph.D Programme: MVSc degree was introduced in the year, 2014-2015.
2. PhD degree courses programme has been approved from the academic session 2020-21
3. Number of MVSc. and Ph.D students passed out: Till date, 3 scholars have obtained MVSc degree in Veterinary Parasitology.
4. Number of MVSc. And Ph.D students on roll : 0ne (1) MVSc scholar on roll.

Till date, three (3) PG scholars have obtained MVSc degree from this department including 1 deputed Veterinary Officer from Government of Manipur. At present, one (1) PG scholar is undergoing MVSc degree programme in this department.

The department of Veterinary Parasitology, College of Veterinary Sciences and Animal Husbandry, CAU, Selesih is well equipped with spacious UG and PG laboratories having modern instrumentation including studies on molecular technologies.

Research Project:

Externally Funded Projects

PI/Co-PI/Other	Title	Year of sanction	Amount	Funding Agency	Status of the Project
PI	Molecular and sero diagnosis of surra in Livestock in North Eastern States of India	2017 Vide Sanction No. T/PR16895/NER/95/342/2015 Dated 12/01/2017	57.22 Lakh	DBT	Completed
Co-PI	NER Centre for Advanced Animal Disease Diagnosis and Management Consortium	2014 Vide Sanction No DBT-NER/LIVS/11/2012	215 Lakh	DBT	Completed

Inter-Institutional Projects

PI/Co-PI/Other	Title	Institution	Year of Sanction	Duration	Amount	Funding Agency	Status of the Project
PI	Surveillance of helminthic fauna and helminth related disease in cattle and pig in Aizawl district of Mizoram	CVSc&AH, Selesih, Aizawl	2003-04	01 year	Rs.33,619/-	CAU	Completed
Co-PI	Arthropods of Veterinary importance and arthropod borne protozoan diseases in Aizawl District of Mizoram.	CVSc&AH, Selesih, Aizawl	2003-04	01 year	Rs.29,675/-	CAU	Completed
Co-PI	Seroprevalence and therapeutic management of sarcoptic infestation of Pig in Aizawl District of Mizoram and its effect on pathological, haemato-biochemical and oxidative stress	CVSc&AH, Selesih, Aizawl	2013-14	01 year	Rs. 1,47,000/-	CAU	Completed
PI	"Molecular detection of haemoparasites of canine in Aizawl, Mizoram".	CVSc& AH, Selesih, Aizawl	2015-16	01 year	Rs. 1.5 Lakh	CAU	Completed
PI	Assessment of zoonotic helminth contamination of environment in Aizawl, Mizoram".	CVSc& AH, Selesih, Aizawl	2015-16	01 year	Rs. 1.5 Lakh	CAU	Completed

Research topic completed under MVSc programme:

1. Surveillance of parasitic fauna and parasitic diseases of pigs in Mizoram.
2. Parasitic fauna and diseases in manipuri ponies with special reference to cutaneous habronemiosis.
3. Studies on ticks and tick-borne haemoprotozoa of cattle in Aizawl and Kolasib Districts of Mizoram.

Research Publication:

a. Out of MVSc thesis: 04 nos (Three National and one international publication)
b. Departmental publication: About 50 nos.

Placement of passed out PG and Ph. D students:

Sl. No	Name	Year of Passing	Placement
1.	Dr. Freedy H Siamthara	2017	Private Veterinary Practitioner / establishing self Veterinary Clinic
2.	Dr. Chirom Nishita Devi	2017	Veterinary Officer in State Disease Diagnostic Laboratory, Gov't of Manipur.
3.	Dr. Subhamoy Ghosh	2018	Veterinary Officer in Animal Resources Development Departmet, Gov't of West Bengal.

6.4.2. Faculty strength of the department: At present the department of Veterinary Parasitology, College of Veterinary Sciences and Animal Husbandry, CAU, Selesih is running with the following teaching staffs with Ph.D

Sl. No.	Sanctioned Faculty	Current Position	Faculty recommended by VCI, 2016*	Vacant position
Professor	01	01 Having more than 19 years of teaching experiences.	01	Nil
Associate Professor	01	Nil	01	01
Assistant Professor	02	**02** One is having more than 19 years of teaching experiences & Another is having more than 03 years of teaching experiences	02	Nil

* Faculty recommended mentioned here is as per MSVE-2016 (BVSc & AH Degree Courses) published in the Gazette Notification Part-III, section IV page No. 147

6.4.3. Technical and supporting staffs of the department

Sl. No.	Present position	Vacant position	Staffs recommended by VCI, 2016
FCLA	01	0	Not specified
MTS	01	0	Not specified

6.4.4. Infrastructure availabilities:

1) Name of the Laboratory:
    a. Undergraduate Laboratory : 1
    b. Postgraduate Laboratory : 1
    c. Molecular Parasitology Laboratory : 1
2) Equipments
    a. Refrigerated Centrifuge Machine
    b. Gradient Thermal Cycler
    c. Gel Documentation system
    d. Submarine electrophoresis system with power pack
    e. Microscope with photographic facility
    f. Online UPS (5 KV)
    g. Stereozoom microscope
    h. Compound Microscope
    i. Freeze (-80 and -20°C)
    j. BOD incubator
    k. Electronic Balance
    l. Refrigerator

6.4.5. Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

This is presently being followed as per guidelines of CAU's Academics Regulations-2016 for Master and Ph.D. Degree Programmes vide clause No. 2.8.1(at any given time, Professor, Associate Professor and Assistant Professor shall not be a chairperson for more than 6, 5 and 4 P.G. students(Masters and PhD combined) and 2.12.2: Guidance of PG Research

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor/chairperson	Eligible Criteria to become research guide
Dr Sonjoy Kumar Borthakur, PhD Professor & HoD	MVSc	02	01	Professor
Dr Gautam Patra, PhD Assistant Professor(SG)	MVSc	01	01	Assistant Professor with PhD and published more than two (02) research papers other than his Master's and PhD thesis.
Dr H Lalrinkima, PhD Assistant Professor	MVSc	-	01	Assistant Professor with PhD and published more than two (02) research papers other than his

				Master's and PhD thesis.

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. **Students intake and attrition in programme for last five years(Programme wise)**

MVSc programme

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	03	03	03	03	03
Actual admitted	01	01	-	01	02
Attrition %	0	100	0	0	0

6.4.9. ICT application in Curricula delivery: Various ICT tools are being used for conducting Theory and practical classes of BVSc , MVSc. All the faculties of the department are digitally literate.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF ANIMAL REPRODUCTION, GYNAECOLOGY AND OBSTETRICS

6.4.2. Brief History of degree programme:

The Department of Animal Reproduction, Gynaecology & Obstetrics has been offering Courses of B.V.Sc. & A.H. degree programme since the inception i.e 1997-98. M.V.Sc. degree programme was introduced in the year 2011 and thereafter Ph.D programme in 2014-15. The nomenclature of the degree programme and syllabi of M.V.Sc. & Ph.D. programme has been adopted as per ICAR Revised Postgraduate Course Curricula-2009. The Department is well equipped with some state of the art facilities viz. Computer Assisted Sperm Analyser, Laparoscope, Trinocular Research Microscope, Cryocans, Phantom Box, Draminisky Pregnancy and Heat Detector, Doppler Ultrasound Machine, Colour Doppler USG etc. The faculty of this department have completed 4 Intra Mural Research Project (IRP) funded by CAU Imphal as PI.

a) List of the MVSc & PhD students passed out

Sl. No.	Name & Regd. No. of the students	Topics of the thesis with year of submission	Major Advisor	Year of completion
	MVSc Programme:			
1.	**Dr. Peter Malsawmtluanga** 2011-V-15(M)	"Periparturient behavioural, physical and haemato-biochemical characteristics in female Mithun (*Bos frontalis)* of Mizoram" (2013).	Dr. F.A. Ahmed	2013
2.	**Dr. Amy Zorinkimi** 2011-V-14(M)	"Characteristics and preservation on Mongrel Dog Semen in Mizoram" (2014).	Dr. F.A. Ahmed	2014
3.	**Dr. Lalhruaitlunga** 2011-V-13(M)	"Characteristics and preservation of semen of Mizo local pig *(Zovawk)* in liquid state"	Dr. K. Lalrintluanga	2014
4.	**Dr. Anup Kumar Das** 2012-V-13(M)	"Semen cryopreservation of indigenous pig *(Zovawk)* of Mizoram "	Dr. K. Lalrintluanga	2014
5.	**Dr. Vanlalhriatpuia** 2013-V- 05 (M)	"Effect of Antibiotic and Prostaglandin on Involution of Uterus in Crossbred Dairy Cows"	Dr. F.A. Ahmed	2016
6	**Dr. Nekibuddin Ahmed** 2013-V-06 (M)	"Effect of Ovsynch and Ovsynch based GnRH treatments on conception rate in repeat breeding crossbred cows"	Dr. D. Kathiresan (Dean)	2015
7	**Dr. Aniyang Lego** 2014-V-13 (M)	"Induction of oestrus and its effect on conception in acyclic female yaks (*Poephagus grunniens L.*)"	Dr. K. Lalrintluanga	2016
8	**Dr. K. Lalchhanhima** 2015-V-07 (M)	"Effect of Semen Packaging Materials and A.I. Catheters on Fertility of Sows"	Dr. K. Lalrintluanga	2017
9	**Dr. M.S. Dawngliana** 2015-V-06 (M)	"Effect of melatonin on quality of boar semen during liquid preservation"	Dr. F.A. Ahmed	2017

10	**Dr. Moon Moon Haji** 2015-V-07 (M)	"Application of colour Doppler ultrasonography for diagnosis of pregnancy in bitch (*canis familiaris*)"	Dr. F.A. Ahmed	2017
11	**Dr. Dhrubajyoti Borpujari** 2016-V-06 (M)	"Assessment of Postpartum Health Status for Cyclicity and effect of Ovsynch and G6G Protocol on conception rate in Crossbred Anestrus Cow"	Dr. F.A. Ahmed	2018
12	**Dr. John Rozarliana** 2016-V-07 (M)	"Effect of Amides on Cryopreservation of Boar Semen".	Dr. K. Lalrintluanga	2018
13	**Dr. Ng. Saratchandra** 2016-V-08 (M)	"Application of B-mode and colour Doppler ultrasonography in early pregnancy detection in doe (*capra hircus)*"	Dr. K. Lalrintluanga	2019
14	**Dr. N. Linda** 2017-V- 23 (M)	"Study on Certain Aspects of Reproduction in female Manipuri ponies (*Equus ferus caballus)"*	Dr. F.A. Ahmed	2019
15	**Dr. Gisha Tresa Binny** 2017-V- 38 (M)	"An Approach to Predict the Date of Parturition in Canine"	Dr. F.A. Ahmed	2019
16	Dr. Sushmita Das 2018-V- 25 (M)	Studies of Reproductive Parameters in Local Female Cattle of Mizoram (Zobawng)	Dr. F.A. Ahmed	
17	Dr. Ashiho Kayina 2018-V- 26 (M)	Studies on sexual behaviour and semen characteristics of indigenous cattle of Mizoram.	Dr. K. Lalrintluanga	
18	Dr. Utpal Boro 2018-V- 27 (M)	Assessment of suitable protocols for fixed time A.I. *vis-à-vis* early pregnancy diagnosis on crossbred cattle.	Dr. D. Talukdar	
19	Dr. Dhanu Kumar Murasing 2018-V- 28 (M)	Studies on albumin separation of sperm to improve the quality of cross-bred boar semen	Dr. K. Lalrintluanga	
20	Dr. Saddamhusen M.N. 2018-V- 40 (M)	Studies on characteristics and freezability of mithun semen collected through electro-ejaculator.	Dr. F.A. Ahmed	
		Ph.D. Programme:		
1	**Dr. Tukheswar Chutia** 2015-V-02 (D)	"Reproductive performance of weaned sows after fixed time artificial insemination"	Dr. F.A. Ahmed	2018

b) List of students presently pursuing MVSc programme

1. Dr. Ningthoukhongjam Linda- 2019-V-02 (D)
2. Dr. Value Debbarma- 2020-V- 05(D)
3. Dr. Roland R. Songate - 2019-V- 25 (M)
4. Dr. Athokpam Donin Luwang - 2019-V- 27 (M)

5. Dr. Bhagiratha D. Sharma - 2019-V- 28 (M)
6. Dr. Anurag Garg- 2019-V- 48 (M)
7. Dr. Dipan Rudra Paul- 2020-V- 33(M)
8. Dr. Esther Vanlalchhanchhuahi- 2020-V- 35(M)
9. Dr. Atokali Sumi- 2020-V- 36(M)

d) Acheivement of Passed out PG & PhD students:

State Civil Service	=1	
Faculty		=3
Scientist (KVK)	=1	
Pursuing Higher Studies	=4	
VO		=2
Private Clinics		=8

e) Research Projects by the faculties (completed) :

1. "Studies on characteristics and preservation of semen of local Mizo pig (Zovawk)"
2. Studies on success of A.I. in Pigs in field condition of Mizoram.
3. Studies on successof A.I. in cattle in field condition of Mizoram.
4. Pregnancy diagnosis in pigs with available techniques.

6.4.2. Faculty strength of the department

S No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
13. Professor	02	Nil	01
14. Associate Professor	-	01	01
15. Assistant Professor	01	Nil	03

6.4.3. Technical and supporting staffs of the department

S No	Staff inposition	Vacant position	Staffs recommended by VCI, 2016
10. FCLA	01	nil	
11. MTS	01	nil	

6.4.4. Laboratories:

Name of the functional laboratories and major equipments

i) Under graduate laboratory

1. Electrical Sterilizer
2. Cold Handling cabinet
3. Triple glass distillation set
4. Heat detector
5. Water bath
6. Hot air oven
7. Obstetrical instruments
8. Gynaecological instrument
9. Surgical instruments
10. AI equipments
11. Compound microscope
12. Cryocans
13. Electronic weighing balance
14. Ph meter
15. Autoclaves etc.

ii) Post Graduate laboratory

1. Trinocular Phase contrast Microscope
2. CASA
3. BOD incubator
4. Laparoscope
5. Stereozoom Microscope
6. Doppler ultrasound
7. Electric ejaculator
8. Pregnancy detector

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practical's by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6 Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Recognition for guiding of students (PG & PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Master's Programme:

Associate Professor and above and their equivalents **OR** Assistant Professor and equivalents with Ph. D. degree in the discipline/ subject who has published two research papers other than his /her Master's and Ph. D. thesis **OR** Assistant Professor and equivalents without Ph. D. degree, provided he/she has at least two years of PG teaching experiences and 5 (Five) research papers published in referred journals with minimum NAAS rating of 4 (other than his /her Master's thesis.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhDdegree programmes, at any given time, Professor, Associate Professor and Assistant Professor shal not be a chairperson for more than 6,5 and 4 PG students (Master's and PhD combined) respectively

Name of the faculty	Programme	Nos. of students supervised as Major Advisor	No. of students being supervised
Dr. F.A. Ahmed, Professor & HOD	MVSc	10	03
	PhD	01	01
Dr. K. Lalrintluanga Professor	MVSc	08	02
	PhD	Nil	01
Dr. D. Talukdar Assistant Professor	MVSc	01	02
	PhD	Nil	Nil

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format. Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, avaialbility chemical and reagents and research facilities. Feedback is

also received from parents, other institutes, Concerned Directorate of State Government time to time.Some students feedback are annexed .

6.4.8. Students intake and attrition in programme for last five years (Programme wise)

MVSc programme

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	4	4	5	5	5
Actual admitted	3	3	5	4	3
Attrition %	0	33%	0	0	0

6.4.9. ICT application in Curricula delivery: Various ICT tools are being utilised for conducting online classes for UG, PG and Ph.D. students. All the faculties of the Department are having sufficient ICT knowledge for application in curricula delivery.

Signature of Dean of the College with Date and Seal

Suggestions for improvement (If any): Updating service centers like health center, student counseling services to care about mental and physical well-being. Better access and retrieval of packages convenient for students, staff and faculty to improve experience in the campus. And also keeping the campus grounds clean.

Suggestions for improvement (if any)

There is no internet facility which is actually very much required for research work or e-learning center present. Deteriorating condition of hostels. No CIF facility or technical lab present, needs upgradation of stationary stores, medical centre. There is no bank facility in the University. Requires upgradation of gym and indoor stadium. Upgradation of the above mentioned points would help students to focus more and do better work.

	Annexure I	329-340

6.4. Self study report for PhD programme

`

The College of Veterinary Sciences & Animal Husbandry, one of the constituent Colleges of the Central Agricultural University, Imphal catering to the need of 7 North Eastern Hill states (Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Sikkim and Tripura and Nagaland) of India under its jurisdiction was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995).
The college became functional with the admission of first batch of B.V.Sc. & A.H. degree programme in the year 1997-98. P.G. programme was introduced from the academic session 2006-07. The College has also started Ph.D. programme from the academic session 2011-12. All the academic programmes i.e. BVSc & AH, MVSc &PhD programmes are accredited by ICAR, New Delhi and VCI, New Delhi. Collaboration with few renounced institutes like IVRI, Izatnagar, NDRI, Karnal, Haryana, Assam Agricultural university, Jorhat ,GADVASU, Ludhiana, ICAR-NRC-Mithun, Nagaland, ICAR-NRC on YAK, Arunachal Pradesh ,ICAR NRC on Pigs, ICAR- NRC on meat, Hyderabad has been established to strengthen the academics and research activity.
Ph.D programmes have been introduced in the following Disciplines i.e, Animal Nutrition, Veterinary Microbiology, Veterinary Pathology, Veterinary Gynaecology & Obstetrics, Livestock Production & Management, Veterinary Medicine, Veterinary Anatomy, Veterinary Biochemistry and Veterinary Parasitology

DEPARTMENT OF ANIMAL NUTRITION

6.4.1.Brief History of degree programme: The department of Animal Nutrition has been offering Courses of BVSc & AH as per guidelines of Minimum Standards of Veterinary Education (BVSc &AH regulations),2008 &2016 since the inception i.e 1997-98.PhD programme was introduced in the year in **2011-12**. ICAR revised and restructured curricula, 2009 is being followed for PhD programme. The nomenclature of the degree programme is also same as prescribed ICAR.

Accomplishments:

iv) **Sixteen M. V. Sc.** Students passed out and **five students** are continuing.

v) **Two Ph. D.** Student have completed their degree programme.

Following PhD students have completed their degree programme

PhD (Animal Nutrition)

Sl. No.	Name of the student	Thesis title
1.	Dr. Suzanne Malsawmthangi 2012-V-01(D)	Studies on Soil-Plant-Animal Interrelationship in Relation to Macro and Micro Mineral status and effect of formulated area specific mineral mixture supplementation on production performance of Dairy Cattle in Mizoram.
2.	Dr. Temjennungsang 2015-V-01(D)	Effect of feeding palm oil (Elaeis guineensis) sludge as a partial replacement of maize on the performance of growing – finishing Pigs.

iii) Publications (From student's research work)

16. Lalthansanga, J. and Samanta, A.K. (2015). Effect of feeding chayote (Sechium edule) meal on growth performance and nutrient utilization in indigenous pig (Zovawk) of Mizoram. Veterinary World. 8(7): 918-923.
17. Malsawmthangi, S., Kukde. R.J. and Samanta. A.K. (2016). Effect of diet containing sweet potato (Ipomoea batatas) meal on nutrient utilization and growth performance of indigenous growing pigs. Indian Journal of Animal Research. 50(5):717-720
18. Mery Chanu, Y and Samanta, A.K. (2016) Influence of substitution of maize with wheat bran and rice bran in the rations on growth performance and nutrient utilization in local pig (Zovawk) of Mizoram. Indian journal of Animal Nutrition,33(2) :197-202.
19. Malsawmthangi, S and Samanta, A.K. (2017). Feeding management, mineral status and blood biochemical profile of dairy cattle in Mizoram. Indian journal of Animal Nutrition, 34(3):256 -263.
20. Malsawmthangi, S and Samanta, A.K. (2017). Mineral interrelationship among soil, forage and dairy cattle in temperate sub-alpine zone of Mizoram Asian Journal of Dairy &Food research, 36(3):184-190.
21. Chandrima Devi, P., Samanta, A.K., Das, B.K., Kalita, G.,Behra, P.S. and. (2018).Effect of plant extracts and essential oil blend as alternatives to antibiotic growth promoters on growth performance, nutrient utilization and carcass characteristics of broiler chicken. Indian Journal of Animal Nutrition. 35 (4): 421-427.
22. Barman, S., Samanta, A.K. and Boro, P. (2019). Effect of dietary supplementation of Aloe vera and Lactobacillus acidophilus on hematological, biochemical and immune parameters of broiler birds. International Journal of Chemical Studies, 7(1): 1604-1611.

23. Lalthansanga, L. and Samanta A.K. (2018) Effect of feeding Chayote (Sechium edule) fruits and leaves on carcass characteristics of indigenous pig of Mizoram (Zovawk). Indian Vterinary Journal. 95(04) :20-22.
24. Temjennungsang and Samanta.A.K. (2019). Effect of Partial Replacement of Maize with Palm Oil Sludge on Growth Performance, Nutrient Digestibility and Blood Profiles of Finishing Pigs. Animal Nutrition and Feed Technology, 19 : 229-240.
25. Lalthlamuana,D., Samanta, A.K., Hmar, L., Behera, P., Buragohain,R., Ayub Ali M. and Vaisakh, V P.(2019) Effect of Dietary Supplementation of Chicory Root Powder and Avian Specific Lactobacillus spp on the Hematology, Blood Biochemical, Lipid, Enzyme and Antioxidant Profile of Broiler Birds Int.J.Curr.Microbiol.App.Sci. 8(10): 1511-1521.
26. Barman,S., A. K. Samanta,A.K., Biren Das,B.K., Goswami,R., Gali, J. M. R. and P.Chandrima Devi,P. (2019) Effect of Dietary Supplementation of Aloe vera and Lactobacillus acidophiluson Growth Performance, Nutrient Utilization and Carcass Characteristics Of Broiler Birds. International Journal of Livestock Research, 9(5): 102-112.
27. Vaisakh, V.P., Samanta,A.K., Buragohain, R., Goswami,R., Gali,J.M.R., Ayub Ali, M. and Lalthlamuana, D.(2019). Effect of Solid State Fermented Dried Feed with Avian Specific Lactobacillus species and Bacillus subtilis on Haematological, Blood Biochemical and Anti-oxidant Profile of Broiler Birds Int.J.Curr.Microbiol.App.Sci . 8(9): 150-160
28. Lalhuthangi, E and Buragohain, R (2020). Effect of *Mikania micrantha* Kunth. Meal as protein source on the performance of growing Large White Yorkshire pigs in Mizoram, India. *Journal of Entomology and Zoology Studies*. 8(1): 425-428.
29. Temjennungsang, Samanta, A K., Ali, M A., Das, B. K and Kalita, G(2020) Effect of Feeding Palm Oil Sludge as Partial Replacement of Maize in Growing-Finishing Pigs on the Growth Performance, Nutrient Digestibility and Blood Profiles Journal of Oil Palm Research (Accepted)DOI: https://doi.org/10.21894/jopr.2020.0000.
30. Chakma,J.,Samanta A.K.,Dutta, T.K and Arya, R.S.(2020) Effect of supplementing Moringa oleifera leaf extract and clove bud oil to the diet on microflora population and intestinal morphology of broiler birds. Indian Journal of Animal Health.59(2)-special issue:222-227.

iv) Research Projects by the faculties (completed)

1. Evaluation of tree fodders used as livestock feed in Mizoram. (University funded)
2. Identification and Evaluation of indigenous/local feed resources of pig and formulation of economic balanced ration for sustainable productivity in Aizawl District of Mizoram. (University funded)
3. Evaluation of wild sunflower (Tithonia diversifolia) as substitute of conventional feed ingredients for broiler in Mizoram. (University funded)
4. Effect of feeding compressed complete feed block on nutrient utilization, blood biochemical constituents and milk production in lactating cow (University funded)
5. Studies on phytochemical properties of tree leaves commonly fed to milch cattle/buffaloes in Mizoram (University funded).
6. Development of Small Scale Bamboo-Based Silage Making Technology and Effect of Feeding Silage on Performance of Growing Cattle (University funded)
7. Role of phytobiotics as alternative to antibiotic growth promoters on performance of weanling pig and poultry (Funding agency: DBT,Govt. of India)

15.4.2. Faculty strength of the department

S No	Faculty in place	Vacant position	Faculty recommended by VCI, 2016
7. Professor	01	Nil	01
8. Associate Professor	01	01	01
9. Assistant Professor	02	Nil	01

15.4.3. Technical and supporting staffs of the department

S No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
6. FCLA	01	Nil	Not specified

6.4.10. Laboratories :

Name of the functional laboratories and major equipments

a. Under graduate laboratory

S.No.	Name of Equipments
1	Hot Air Oven
2	Muffle Furnace
3	Laboratory Feed Grinder
4	Electronic Balance
5	Ultrasonic Bath
6	Microprocessor Based Flame Photometer

b. Post Graduate laboratory

S.No.	Name of Equipments
1	Clinical Centrifuge
2	Suction Pump 0.5 HP Precivac-ISP85
3	Micro Kjeldahl Nitrogen Distillation apparatus (
4	Digital pH Meter
5	Muffle Furnace
6	Spectrofluorometer
7	Hot Air Oven

8	Incubator
9	Water Bath Incubator Shaker
10	UV Spectrophotometer
11	Rotary Vacuum Evaporator
12	Vacuum Freeze Dryer
13	High speed Refrigerated Centrifuge
14	Deep freeze -20°C

c. Feed Technology laboratory

S. No.	Name of Equipments
1	Electronic KEL-PLUS
2	Electronic Automatic KEL PLUS Microprocessor Based Twelve Macro Block Digestiion System.
3	Electronic SOCS Plus Automatic Six Place Solvent Extraction System
4	Electronic Fibra Plus Automatic Six Place Fibre Extraction System
5	Rusi E Tek
6	Electronic Balance

d. Mineral Nutrition Laboratory

S. No.	Name of Equipments
1	Atomic Absorption Spectrophotometer

e. Other Units of Department of Animal Nutrition

S No	Units	Name of Equipments
1	Feed processing and mixing plant	3. Feed grinder (Hammer mill)
		4. Feed mixer (Horizontal)
2	Complete feed block unit	4. Feed and Fodder mixer
		5. Compressed complete feed block making machine
		6. Urea Mineral Molasses Block making machine
3.	Digestion trial unit	2. Metabolic cages

6.4.11. Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by

themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual. Students are also taken to feed mill and complete feed block preparation unit to get practical exposure about the operational procedure of different feed mill machineries. Demonstration of conducting feeding experiments and digestion trial are also done in the concerned courses practical classes.

6.4.12. Supervision of students in PG / PhD programme : Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Recognition for guiding of students (PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Ph. D. Programme :

a. All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhD degree programmes, at any given time, Professor, Associate Professor and Assistant Professor shall not be a chairperson for more than 6,5 and 4 PG students(Master's and PhD combined) respectively

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr A K Samanta, Professor	MVSc	11	03
	PhD	02	01*
Dr Rajat Buragohain, Assistant Prof.(SS)	MVSc	01	02
	PhD	nil	Nil
Dr Biren Kr Das, Assistant Prof.	MVSc	01	Nil
	PhD	nil	Nil

*As Co- major Advisor

6.4.13. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format and filled up feedback of students attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical

and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.14. Students intake and attrition in programme for last five years (PhD Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	02	02	02	02	02
Actual admitted	-	-	-	-	-
Attrition %	NA	NA	NA	NA	NA

6.4.15. **ICT application in Curricula delivery**: Various ICT tools are being used for conducting Theory and practical classes of BVSc, MVSc & PhD programme. All the faculties of the department are digitally literate. The department uses CD-ROMs for better understanding Animal feeding and nutrition by postgraduate students. The department also inform students about various websites related to feeding and Nutrition of livestock and poultry. Students are informed about the use of modern information technology to record growth and feed conversion efficiency of livestocks. Animal Nutrition e-books are made available to the students for better understanding of Animal Nutrition subjects. Students are also informed about use of different software and mobile App to calculate nutrient requirements and preparation of ration for livestock and poultry.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY ANATOMY & HISTOLOGY

11.4.1. Brief History of degree programme:

d) Degree Programmme initiated: **M. V. Sc. 2013-2014; Ph.D. 2018**

e) Curricula or syllabus of the degree programme followed **as per guidelines of ICAR,2009**

f) Accomplishments in brief.

vi) **Four M. V. Sc.** Student passed out and **two students** are continuing.

vii) **One Ph. D.** Student is continuing since introduction (2018).

viii) **Eighteen Research Publication** made by P.G. Students

C. M. V. Sc: 12 (Twelve)

13. Lalramliana A, Kalita PC, Kalita A, Choudhary OP, Doley PJ, Das H (2018). Electron microscopic studies on the skin of Zovawk (Mizo Local Pig). *International Journal of Livestock Research*. 8(4): 202-205.
14. Lalramliana A, Kalita PC, Kalita A, Doley PJ, Das H and Choudhary OP (2018). Light microscopic studies on the skin thickness of Zavawk pig. *Life Sciences Leaflets*, 100: 14-18.

ix) Any other accomplishment which will justify the degree programme to be accreditated by ICAR (Mostly academic and research related accomplishments):

The College of Veterinary Sciences and Animal Husbandry, one of the constituent College of the Central Agricultural University was established through the promulgation of an Ordinance (No. M-2 of 1995; dated 20th February 1995) and became functional with the admission of first batch of students to B. V. Sc. and A.H. degree programme in the year 1997. During the year 1998, the campus formally started functioning at present location, Selesih in 24 Assam Type Houses taken over from the Department of Animal Husbandry and Veterinary, Govt. of Mizoram with 5 Assistant Professor deputed from the state department. Dr. P. C. Kalita was appointed as first Assistant Professor in the department of Veterinary Anatomy and Histology on adhoc basis in November 1998 (15/11/1998). The Department of Veterinary Anatomy and Histology trains students of undergraduate, postgraduate and doctorate level. Keeping with the National mainstream, the department is imparting B.V.Sc. & A.H. degree programme according to the curriculum of the Veterinary Council of India (MSVE, 2016). The students came to appreciate immediately the power of knowing basic anatomical details in clinical practice whenever they are exposed to live animals. These efforts provide a strong educational environment and foundation of support for students. Through the regional teaching, the faculty are embracing new ways to foster engagement in the classroom, assist with deep understanding and improved information retrieval, and promote successful life-long learning. Post Graduate programme was started in the academic session 2013-2014. It is the year 2018, the competent authority has given the approval to start the Ph. D. degree programme. The department is imparting M. V. Sc. and Ph.D. degree programme as per guidelines of ICAR, 2009. Till date four M.V.Sc students (i.e. Dr. A. Lalramliana, Dr. Swarup Debroy, Dr. Thokchom Shitarjit Singh and Dr.Vanlalrozami) have completed their postgraduate studies and presently one Ph. D. student (Dr. Swarup

Debroy) and two M. V. Sc student (Dr. Keneisenuo and Dr. Rupan Sarkar) are undergoing for their degree programme. At the department, teaching and research are closely linked, and there is continuous supervision for graduate and postgraduate students. The department houses an extensive collection of anatomical specimens of domestic and wild animals. During the year 1999 few skeletons of cattle, horse, pig, dog and bird were purchased from Nagpur Veterinary College who were running a ICAR project for skeleton preparation under the dynamic leadership of Dr. V. R. Bhamburkar, Professor and Head cum General Secretary, IAVA. Thereafter, Dr. P. C. Kalita mounted the skeleton of Yak and Mithun in the department during 2005 and 2010 after collection of bones from carcasses of the NRC on Yak, Dirang, Arunachal Pradesh and NRC on Mithun, Jharnapani, Nagaland.

The research focus of the department is on establishing a database of the specific anatomy of Zo-Vawk (Mizo local pig), Mithun, Yak, Sloth Bear, Sun Bear, Hoolock Gibbon and Slow –Loris. The department has successfully completed eight intramural research projects of central Agricultural University including four on Zo-Vawk, the unique animal of Mizoram. The faculty of the department has published more than 115 research paper in journal of National and International repute. Dr. P. C. Kalita acted as a referee for Anatomia Histologia Embryologia (published by Wiley Online Library), Indian Journal of Animal Sciences (published by ICAR), and Indian Journal of Agricultural Research (published by ARCC); and Dr. Arup Kalita acted a referee for Indian Journal of Animal Sciences and Indian Journal of Agricultural Research. Dr. P. C.Kalita has been working as Consultant Indian Wuildlife Year Book since 2010 to till date.

The histology and Histochemistry laboratory provides biopsy, histochemistry, and high quality slide preparation. In 2003, Dr. P. C. Kalita and his co-worker Dr. H. C. Kalita and late Dr. R. N. Bhattacharyaa has been awarded the IAVA best paper award at the Anand Convention. In 2009, Dr. Arup Kalita has been awarded the coveted Md. Hiffiudin award for Best paper in Gross Anatomy. In 2010, Dr. P. C. Kalita has been awarded Dr. A. M. Srivastava Gold Medal in recognition of his best Ph.D thesis at IAVA, Puducherry Convention. In 2014, Dr. P. C. Kalita has been awarded with DBT overseas fellowship to work on alternate animal use technology at TUFT University Cummings School of Veterinary Medicine, Massachusetts, Boston, United States of America. The XXXIII ANNUAL CONVENTION OF INDIAN ASSOCIATION OF VETERINARY ANATOMISTS & NATIONAL SYMPOSIUM was organized during 28th-30th November, 2018 by the Department of Veterinary Anatomy & Histology in collaboration with Indian Association of Veterinary Anatomists. Dr. H. D. Sarma from Bhaba Atomic Research Centre, Trombay delivered a talk on Bioethics and Animal Experimentation during the Symposium to Students, Faculty and Participants. The faculty of the department are also offering their expertise pertaining to various aspects of Veterinary Anatomy including clinical Anatomy, histochemistry and Ultrastructure to other departments, Mizoram University, RIPAN, NEHU and Forensic Science Laboratory.

Dr. P.C. Kalita, Professor and Head of the department, has published 89 publications with a total SCI citation 116 (since 2015) with an H index of 6, i-10 index-2. RG Score- 17.95. He is also a reviewer of various prestigious national and international journals. Dr. Arup Kalita, Assistant Professor (SG), published 107 research publications with a total of SCI citation 138 with an H index of 6, i-10 index-2. He also published his recent publication with an impact factor of 0.94 in the prestigious journal Folia Morphologica published from Poland. RG score- 19.13. Dr. O.P. Choudhary, Assistant Professor, published 92 publications with a total of SCI citations 293 as with an H index-10, i-10 index-10. He has also published two recent articles as a corresponding author with an impact factor of 4.589 equivalent to NAAS 10.59 in the prestigious journal Travel Medicine and Infectious Diseases published from Zurich, Switzerland. RG score- 21.53. He is a member of the International Advisory Board of the International Journal of Morphology with an impact factor of 0.499 published from Chile. Dr. P.J. Doley also published

various national and international publications in the prestigious journal. He is also a reviewer of various prestigious national and international journals.

Therefore, the ICAR may give accreditation to the M. V. Sc. And Ph. D. Programme of the department considering the above mention human resources pertaining to the academic and research activities.

6.4.2.Faculty strength of the department

S No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016 (MSVE, 2016 Regulation for B. V. Sc. & A. H.)
16. Professor	One	Nil	One
17. Associate Professor	-	One	One
18. Assistant Professor	Three	Nil	Two

6.4.3. Technical and supporting staffs of the department

S No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
12. FCLA	Two	Nil	Two
13. Farm Manager	Nil	Nil	Nil
14. MTS	One	Nil	One

6.4.4.Laboratories :

c. Name of Laboratory: **Gross Anatomy laboratory**

iii. Bone and meat cutting machine
iv. Cadaver Injector

d. Name of Laboratory: **Histology and Histochemistry laboratory**

xxvii. Cryostat Microtome, Automatic deluxe
xxviii. Semi-Motorized Rotary Microtome
xxix. Deep Freezer (-20°C)
xxx. Digital magnetic Stirrer hot plate
xxxi. Digital Imaging Device
xxxii. LCD Multimedia Projector
xxxiii. Automatic tissue processor
xxxiv. Autoclave Vertical
xxxv. Bone Decalcifier
xxxvi. Centrifuge- Remi
xxxvii. Distillation Apparatus
xxxviii. Digital SLR Camera (E-620)
xxxix. Deep Freezer (-20°C)
xl. Electric Weighing balance
xli. Hot Air Oven
xlii. Incubator
xliii. Microscope (Monocular)
xliv. Microscope (Binocular)
xlv. Microscope (Trinocular)
xlvi. Overhead Projector

xlvii. Octagon Magnetic Stirrer
xlviii. Paraffin Embedding bath
xlix. P^H Meter
l. Precision Rotary Microtome
li. Slide Warming table
lii. Tissue Floatation Bath

6.4.5.Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme : Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Eligible criteria to become research guide, and maximum number of student/guide of Ph. D. Programme (CAU, Academic Regulations-2016, clause 2.12.2): All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

Name of the faculty	**Programme**	**Number of Students supervised as a Major Advisor**	**Number of Students being supervise as a Major Advisor**

6.4.9. ICT application in Curricula delivery: The Department of Veterinary Anatomy and Histology is using various ICT tools for a better understanding of theories, principles, ideas and concepts. The department uses CD-ROMs for a better understanding of the histological and embryological slides by undergraduate and postgraduate students. The department is also using various websites for the students to understand better gross anatomy (in 3D mode). The department faculty members also provided the link (https://play.google.com/store/apps/details?id=net.imaios.vetanatomy&hl=en_IN&gl=US) for the app IMAIOS vet-Anatomy, which is an atlas of veterinary anatomy for veterinary physicians, radiologists, teachers, veterinary students.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY BIOCHEMISTRY

6.4.1.Brief History of degree programme: The Department of Veterinary Biochemistry has been offering courses of BVSc & AH since the inception of this college i.e. 1998-99. MVSc programme was introduced in the year 2011-12 and thereafter PhD programme in 2016-17 though the Department is offering the minor courses to MVSc students of other Departments since 2007. The nomenclature of the degree programme and syllabi of MVSc & PhD programme is as per ICAR Revised Postgraduate Course Curricula-2009. The department is well equipped with some state-of-the-art facilities viz. High performance liquid chromatography, clinical chemistry analyzer, CO_2 incubator, isoelectric focusing, plate reader, PCR etc.

c) List of the MVSc & PhD students passed out

MVSc (Veterinary Biochemistry)		
Sl. No.	**Name & Admission No.**	**Thesis title**
1	Dr. Lalsangpuii 2011-V-01(M)	Studies on Haemato-Biochemical Profile of Mizoram strain female Mithun (*Bos frontalis*).
2	Dr. P. Kirthika 2012-V-12(M)	Dynamics of Mitogen stimulated cytokine gene expression in peripheral blood mononuclear cells of local and exotic breeds of pigs reared in MIzoram
3	Dr. Laxmi Noatia 2018-V-16(M)	Assessment of *in vitro* growth kinetics and pathogenicity of recorded mutant of *Salmonella Typhimurium.*
4	Dr. Monti Das 2018-V-17 (M)	Comparative salivary proteome analysis to identify early pregnancy-specific protein biomarkers in pigs.
Ph D (Veterinary Biochemistry)		
1.	Dr. Ankan De 2016-V-03(D)	Exploration of serum protein biomarkers for early pregnancy diagnosis in pigs.

d) List of students presently pursuing MVSc (Veterinary Biochemistry) programme

3. Dr. Ashmita Debnath, 2020-V-44(M)
4. Dr. Kekungwi Newmai, 2020-V-46(M)
3. Dr. R. Zapaw Azyu, 2020-V-47(M)

c) Publication: Out of MVSc & PhD research works: 07

e) Achievements of passed out PG & PhD students

Dr. Lalsangpuii – Currently working as Assistant Professor at CVSc, CAU, Jalukie, Nagaland

Dr. P. Kirthika – Currently working as post-doctoral research Scientist College of Veterinary Medicine, Jeonbuk National University, Iksan, Republic Korea.

Dr. Ankan De - Currently working as Assistant Professor at CVSc, R.K.Nagar, Tripura.

e) Research Projects by the faculties:

Ongoing:

PI or Co-PI	Extramural or intramural	Funding agency	Title of the project	Duration	Total budget
Principal Investigator	Extramural	ICAR	All India Network Project on Pesticide Residues	Continuing since 2011	Allotted yearly
Principal investigator	Extramural	SERB, DST	Identification of key determinant(s) of immune competence of pigs through proteomic approach	2019-22	Rs. 51,86,695/-
Co-PI	Extramural	SERB, DST	Molecular epidemiological studies of canine parvovirus-2 variant(s) from clinical cases of dogs and cats in seven North Eastern States of India and its management.	2019-22	51.43 lakhs
Co-PI	Extramural	DBT	Evaluation of anti-diarrhoeal properties of herbs and its therapeutic	2017-2020	

			potential on pig performance		
Principal investigator	Intra-mural	CAU	Evaluation of blood biochemical profile and antioxidant status of Mizo non-descript local cattle *(Zobawng)"*	2019-20	Rs. 1,98,550.00

Completed:

PI or Co-PI	**Extramural or intramural**	**Funding agency**	**Title of the project**	**Duration**	**Total budget**
PI	Extramural	DBT	Hemoglobin variants and hemoglobinopathies screening in Mizoram population	2012-15	60.45 lakhs
Co-PI	Extramural	DBT	Genetic Characterization of indigenous cattle of North East India	2013	8.92 lakhs
Co-PI	Extramural	DBT	TLR-ligands: To design novel vaccines adjuvant in indigenous chicken	2014-17	64.84 lakhs
Co-PI	Extramural	ICAR-NASF	Alfatoxin resistant Duck strain development in North East region	2017-20	56.23 lakhs
PI	Extramural	DBT	Manipulating the anaerobic respiration to attenuate the pathogenicity of Salmonella Typhimurium".	2017-20	60.73 lakhs
Co-PI	Extramural	DBT	Advanced Animal Diseases Diagnosis and Management Consortium (ADMaC)	2014-19	Rs. 2.37 crores
Co-PI	Extramural	DBT	Role of phyto-biotics as alternative to antibiotic growth promoters on performance of weanling pig and poultry	2015-18	Rs. 61.57 lakhs
PI	Intra-mural	CAU	Evaluation of fodders in Aizawl district for their lectin content	2010-11	Rs. 1.13 lakhs
PI	Intra-mural	CAU	Comparative serum proteome analysis of pigs during different stages of early pregnancy	2019-20	Rs. 1.98 lakhs
PI	Intra-mural	CAU	Pregnancy diagnosis in pigs by analyzing salivary progesterone levels during early pregnancy	2015-16	Rs. 1.48 lakhs
Co-PI	Intra-mural	CAU	Effect of season and age on selected haemato-biochemical profile of local pig (*Zovawk*) of Mizoram	2010-11	Rs. 1.50 lakhs
Co-PI	Intra-mural	CAU	Screening of some medicinal plants in Mizoram for their immunomodulatory and/ or growth promoting activity in chicken	2004-05	Rs. 34,500.00

Co-PI	Intra-mural	CAU	Evaluation of wild sunflower (*Tithonia divercifolia*) as substitute of conventional feed ingredient in broiler in Mizoram		
Co-PI	Intra-mural	CAU	Development of PCR based (real time and multiplex) diagnostic technique for diagnosis of PRRS and differential diagnosis with CSF and PCVAD	2015-16	
PI	Intra-mural	CAU	Isolation of Salmonella species from chicken and their virulence gene detection.	2016-17	1.97 lakhs.

Co-PI	Intra-mural	CAU	Molecular characterization of Canine parvo virus in clinical cases of dogs	2017-18	64.85 lakhs

- **Total number of research articles published by the faculty members: 166**
- **Number of training programmes organized by the department: 01**
- **Number of training programmes attended by the faculty members: 06**
- **Number of national awards received by the faculty members: 03**

6.4.2. Faculty strength of the department

S No	Sanctioned Faculty	Current Position	Faculty recommended by VCI, 2016*	Vacant position
Professor	-	01	01	-
Associate Professor	01	-	01	-
Assistant Professor	03	03	03	-

* Faculty recommended mentioned here is the combine for Veterinary Physiology & Veterinary Biochemistry and strength shown (sactioned Faculty, Current position) is for Veterinary Biochemistry only (exclusive of Veterinary Physiology).

6.4.3. Technical and supporting staffs of the department

S No	Sanctioned	Present position	Staffs recommended by VCI, 2016
FCLA		01	Not specified
Farm Manager		-	Not specified
MTS		01	Not specified

6.4.4. Laboratories:

t) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Name of the laboratory	Remarks
Under Graduate Laboratory	For conducting the Practical classes of the undergraduate students
Post Graduate Laboratory	For conducting the Practical classes of the Post graduate students
Molecular biology laboratory	All the laboratories mentioned are functional and routinely used for ongoing PG and Ph.D. research works and also research works of projects of Veterinary Biochemistry department as well as other departments. They are sufficient to meet the course curricula requirement.
Analytical biochemistry laboratory	
Animal cell culture laboratory	
Biotechnology laboratory	
Post Graduate Classroom cum Seminar Room	For conducting departmental seminars and also conducting the Post graduate classes.

u) List of major equipment, instructional units and facilities.

Name of the laboratory	Major equipment	Remarks
Molecular biology lab	PCR, Transilluminator, Gel electrophoresis (AGE & PAGE), Eelectroporator, Semi-dry western blot, orbital shaker incubator, refrigerated centrifuge, -20 deep freezer, Refrigerator, Water bath	High-end equipments mentioned are functional and routinely used for ongoing PG research and project research work of Veterinary Biochemistry department as well as other departments.
Analytical biochemistry lab	HPLC, Clinical chemistry analyzer, Plate reader, Spectrophotometer, -20 deep freezer, Refrigerator, refrigerated centrifuge, Water bath, Vortex mixer, Incubator, Hot air oven, pH meter, Shaker	
Animal cell culture lab	CO_2 incubator, Biosafety cabinet, Inverted microscope, Double door side-by-side refrigerator, Centrifuge	
Biotechnology lab	Isoelectric focusing, Maxi gel electrophoresis apparatus, Refrigerator	

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines).

Eligible criteria to become research guide, and maximum number of student/guide of Ph. D. Programme (CAU, Academic Regulations-2016, clause 2.12.2): All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

Name of the faculty	Programme	Number of students supervised as major Advisor	Number of students being supervised as major advisor
Dr M. Ayub Ali	MVSc	2	2
	PhD	1	-
Dr Parthasarathi Behera	MVSc	01	-
	PhD	nil	Nil
Dr Jagan Mohanarao Gali	MVSc	01	-
	PhD	nil	Nil
Dr Hemen Das	MVSc	nil	1
	PhD	nil	nil

e) No. of Ph. D. Students guided by Faculty members as Major Advisor: **01**
f) No. of Ph. D. Students guided by Faculty members as Member Advisory committee: **09**
g) No. of MVSc Students guided by Faculty members as Major Advisor: **04 (2 pursuing)**
h) No. of MVSc. Students guided by Faculty members as Member Advisory committee: **71**

6.4.7. Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format and filled up format from students attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (PhD Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	1	1	1	1	1
Actual admitted	1	-	-	-	-
Attrition %	0	NA	NA	NA	NA

6.4.9. ICT application in curricula delivery:

All the teachers of the department are digitally literate and trained to use ICT. All the teachers have been utilizing a diverse set of ICT tools to communicate, disseminate, and manage information to undergraduate, post-graduate and Ph.D. students. These approaches can lead to higher order thinking skills, provide creative and individualized options for students to express their understandings, and leave students better prepared to deal with ongoing technological change in society and the workplace.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF LIVESTOCK PRODUCTION MANAGEMENT

6.4.1. Brief history of the Department

Dr. Lalnuntluangi Hmar was appointed on deputation as first Assistant Professor in the department of Livestock Production Management (LPM) in November 1998. Besides teaching all the courses, she started to build up the department. First few years, Department was in the old Assam Type buildings (presently college canteen and broiler farm buildings) and later on (in 2001) it was shifted to present Academic Block along with other departments of the college. Three sitting rooms and one practical room were allotted for the department of LPM. In 2001, Dr. Lalnuntluangi Hmar joined as permanent member in the college and two more faculty members namely Dr. Girin Kalita and Dr. (Mrs) Ranjana Goswami joined the department. All the members of the department started to plan for development of the department as well as the livestock farm buildings. Floor plan of the present Cattle, Poultry, Pig and Goat farms were drawn along with consultation of the construction company during the year 2003-04. In the year 2008, construction some of the farm buildings are completed and handed over to the college and in the same year, department was shifted to one of the farm building in the farm complex (present one). In the year 2007, Dr. Lalnuntluangi Hmar promoted to the rank of Associate Professor. Dr. Prasant Saikia joined as Assistant Professor in October 2009 and further strengthens the department. From August 2009 to July 2012, Dr. Girin Kalita and from August 2011 to July 2014 Dr.(Mrs) Ranjana Goswami was on study leave for their Ph.D. study. During their leave, Dr. Hmar and Dr. Saikia have taught all the courses of the department and other office works.

Far imparting practical training, pigggery unit was initiated with only five animals (Burmese pig) during 2002-03 and were reared in the old Assam type sheds as new sheds were constructed at that time. Few more Large White Yorkshire and Zovawk (local pig of Mizoram) pigs were purchased in the year 2007-08 to increase the strength. The stock was increased up to about 80 animals and was shifted to new pig farm sheds in 2007-08. To avoid inbreeding, 10 more pigs (Burmese pig) was purchased in 2009. However, do to outbreak of swine fever in the farm, whole stock of pigs was disposed and new stock of Large White Yorkshire pigs were brought to the farm in the year 2010. Mentionably, during that year, there was wide spread outbreak of swine fever in state of Mizoram and in the country as a whole and thousands of pigs were lost. Presently more than 150 pigs (Large White Yorkshire) are there in the pig farm. Establishment of AICRP on pig centre in the College also further strengthen the pig farm. Dairy unit of the department was initiated with purchase of 5 animals from the local market. After construction of dairy cattle shed, few more animals (crossbred Holstein Friesian and Jersey) were purchased for the farm in the year 2010-11. Presently the dairy farm is having more than 30 animals (including cows, calves, heifers, bull) with 70-100 litres of milk production per day. Poultry unit of the department was initiated with rearing of broilers for teaching purposes from 2002-03 and were reared in the old Assam Type shed. With the help of DBT funded project, small hatchery and Quail unit was established during 2004-05. The poultry farm shed (present poultry farm shed) was constructed during 2010-2011 and stocks of dual-purpose poultry birds like Giriraja, Banraja were purchased with a motto to distribute dual purpose chicks to the farmers. Presently more than 2000 poultry birds are reared in the farm. For imparting practical training, few goats were purchased during 2003-04 and were reared in the old Assam Type Shed. The Department is having small unit of sheep and goat with a capacity of 40 animals. Along with the faculty members of the department, faculties of other related departments namely Dr. Biren Kumar Das (Asstt. Prof.,Department of Animal Nutrition), Dr. T.C. Tolenkhoma (Asstt. Prof.,Department of Animal Genetics and Breeding and Dr. N.S. Singh (Assoc. Prof.,Department of Animal Genetics and Breeding) are also worked or working as I/C Farm or Farm Manager and helping in managing the different livestock farms. Supports of the other faculty members of the College and staff of AICRP on pigs and the persons

related with other research projects of the department are also enormous in maintaining the livestock farms.

M.V.Sc. programme was started with only one student in the academic session 2006–07 and so far, 20 students were awarded the M.V.Sc. degree and 6 students are pursuing M.V.Sc. under the department. In the year 2012, Dr. L. Hmar promoted to the rank of Professor, and the authority has given the approval to start the Ph.D. programme in the year 2013. So far no student has enrolled for Ph.D. programme in the department. However, Ph.D. courses have been offered for students taken LPM as minor subject. Presently, department is following the ICAR syllabus for the post graduate students.

Along with M.V.Sc. research work, few other research projects (intramural and extramural) have been completed in the department. Main focus of research work of the department is to study the livestock production systems followed in the North Eastern States and to evolve new technologies to improve the livestock production. Besides this, faculty members of the department are involved in many other research projects as member of advisory committee or as Co-PI of research projects.

As a part of extension programme, department is organizing short term (2-3 days) , long term (14-50 days) and Vocational training programmes on regular basis in the field of livestock management. Hand on training on broiler farming was started since 2004, where in undergraduate students are trained in practical aspects of broiler farming. As per new VCI syllabus, entrepreneurship training programme on broiler farming was started in the department since 2010, wherein inputs are given to rear the broiler birds, so that the students can learn the practical aspects of management. The programme is run in whole year, where in different batches of broilers are reared by the students under the supervision of one of the faculty members of the department and the profit earn from sale of broilers are distributed equally among the participating students. Every year 20-25 students of 3rd Year register for the programme.

- Year of introduction of MVSc : 2006
- Year of introduction of PhD : 2013
- Number of MVSc students passed out: 20 nos.
- Number of MVSc students on roll: 6 nos.

6.4.2. Faculty strength of the department

S No	Sanctioned Faculty	Current Position	Faculty recommended by VCI, 2016*	Vacant position
Professor	1	00	01	1
Associate Professor	01	1	01	Nil
Assistant Professor	03	02	02	1

6.4.3.Technical and supporting staffs of the department

S No	Present position	Vacant position	Staffs recommended by VCI, 2016
FCLA	01	-	Not specified
Farm Manager	-	-	Not specified
MTS	01	-	Not specified

6.4.4. Laboratories:

b) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Name of the laboratory	Remarks

Under Graduate Laboratory	For conducting the Practical classes of the undergraduate students
Post Graduate Laboratory	For conducting the Practical classes of the Post graduate students

b) Equipments:

Sl no	Equipment	Qnty
19.	Animal weighing platform. 1000kg capacity	1
20.	Refrigerator LG 310Lit	1
21.	Refrigerator LG 350Lit	2
22.	Deep freezer (-20) vertical Yorco	1
23.	Deep freezer (horizontal)	4
24.	Digital weighning balance, 300kg capacity	1
25.	Colony counter	1
26.	Sheep-Goat pregnancy detector	1
27.	Pregnancy tester with secondary head set	1
28.	Electronic estrous detector	1
29.	LCD projector (Ricoh)	1
30.	Milking machine	2
31.	Digital camera	1
32.	Digital hay tester	1
33.	Silage tester	1
34.	Battery brooder (electrically operated)	2
35.	Setter cum hatcher	1
36.	Incubator (hatcher & setter)	1

7. Research project and publication from PG and Ph.D research work

i) Research project undertaken in the Department of LPM

Sl. No.	Title of the project/Programme	Principal Investigator	Funding organization	Duration of the project	Present status
1	Study of potential of quails farming in Mizoram	Dr. L.Hmar	DBT	4 years	Completed
3	Augmenting pig production through effective microbial technolgy	Dr. Prasanta Saikia	DBT	3 years	Completed
4	Skill Enhancement and Generation of Sustainable Livelihood for Pig Farmers in Kolasib District of Mizoram	Dr.Prasanta Saikia	DBT	3 years	Completed
5	Techno-economic empowerment of rural woman through piglet production	Dr. Girin Kalita	DBT	3 years	Completed
6	Studies on performance of pigs in low input traditional system	Dr.Prasanta Saikia	CAU	1 year	Completed

7	Effect of early weaning management on performance of Yorkshire sow and piglets	Dr. Girin Kalita	CAU	1 year	Completed
8	Effect of maize and rice based-heat treated and untreated diets on performance of young pigs during nursing and post weaning period	Dr. Girin Kalita	CAU	1 year	Completed
9	Performance of Goats under Field Conditions of Mizoram	Dr Ranjana Goswami	CAU	1 year	Completed

ii) Research project of PG students: No students have taken admission in PhD in LPM so far.

19.	Dr H.Lalliankimi	SRF, AICRP on Pigs, CVSc & AH,Selesih, Aizawl, Mizoram
20.	Dr Jamlianthang	Field-cum-Lab. Assistant, CVSc & AH,Selesih, Aizawl, Mizoram
21.	Dr C.Lalremruata	SMS, KVK, Mizoram
22.	Dr Aba Liptos Marak	Veterinary Officer, Govt. of Meghalaya
23.	Dr F. Laldinthara	State Mission Manager, Mizoram State Rural Livelihood Mission, Rural Development Department, Govt. of Mizoram
24.	Dr Elizabeth Lalbiaknungi Leihang	Clerical staff, State Referral Hospital,Falkawn, Govt. of Mizoram
25.	Dr Elangbam Shitaljit Singh	Veterinary Officer, Govt. of Manipur
26.	Dr C. Lalchhuanawma	Block Technology Manager, Agricultural Technology Management Agency, Mizoram
27.	Dr Angela L. Renthlei	State Co-ordinator, Agricultural Technology Management Agency, Mizoram
28.	Dr Kha Lovingson	Farm Manager, KVK, Tripura
29.	Dr Karuna Saikia	Assistant Professor, College of Vety. Sc, Assam Agriculture University, North Lakhimpur
30.	Dr Sharon Vikram Pratap Dewan	Mobile Veterinary Service, Kolkata
31.	Dr Chandra Debbarma	SRF, NICRA, ICAR, Lembucherra, Tripura.
32.	Dr Vanlalhmangaihsanga	JRF, CVSc & AH, Selesih, Aizawl, Mizoram
33.	Dr Malsawmkima Pachuau	Animal Husbandry Manager, IFAD, FOCUS, Mizoram
34.	Dr Bidyut Sarma	Veterinary Officer, Dudhdhara Dairy Co-operative, Bharuch, Gujarat

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme :

No students got admitted in PhD programme of the department.

Eligible criteria to become research guide, and maximum number of student/guide of Ph. D. Programme (CAU, Academic Regulations-2016, clause 2.12.2): All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years(PhD Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	02	02	02	02	02
Actual admitted	-	-	-	-	-
Attrition %	NA	NA	NA	NA	NA

6.4.9 ICT application in Curricula delivery: Various ICT tools are being used for conducting Theory and practical classes. To explain different farm practicals, Video CD is also shown time to time. Excel sheets in computers are frequently used to teach least cost ration formulation, record keeping and farm economic evaluation practicals. Soft copies of different study materials are shared at regular intervals. All the faculties of the department are digitally literate to use ITC in teaching.

Signature of Dean of the College with Date and Seal

DEPARTMENT OF VETERINARY MICROBIOLOGY

6.4.1 **Brief History of degree programme**: Please mention the following

4) Year in which the degree programme was initiated: 2009-10
5) whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009: Yes
6) Accomplishments in brief.
   ix) MVSc students passed out since introduction of the programme: 18
   x) PhD students passed out since introduction of the programme: 04
   xi) Publications by students and faculty members of the department:
   - Research articles: 127
   - Review articles: 13
   - Popular articles: 05
   - Research reports: 13
   - Laboratory manuals: 04
   - Books and chapters: 04

   xii) Any other accomplishment which will justify the degree programme to be accredited by ICAR (Mostly academic and research related accomplishments):
   - Externally funded research projects concluded: 08
   - Externally funded research projects under progress: 01
   - Externally funded research projects approved: 02
   - Externally funded research projects under review: 02
   - University funded research projects concluded: 04
   - DBT funded Star College Scheme is in effect for BVSc&AH degree program.

6.4.3. Faculty strength of the department

Sl No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
19. Professor	01	00	1
20. Associate Professor	01	00	1
21. Assistant Professor	01	01	2

6.4.3.Technical and supporting staffs of the department

Sl No	Sanctioned	Vacant position	Staffs recommended by VCI, 2016
6. FCLA	01	00	
7. Farm Manager	00	00	
8. MTS	02	02	

6.4.4. Laboratories :

v) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

- Undergraduate Laboratory
- Bacteriology & immunology Laboratory
- Virology including tissue/cell culture laboratory
- Molecular biology laboratory
- Transboundary animal diseases diagnosis laboratory
- Institutional biotech Hub laboratory for instrumentation facilities
- Washing and sterilization room
- Conference hall
- Office rooms for faculties
- Office room
- Students' sitting room

The entire office and laboratory space is optimum to conduct the teaching and research work for BVSc&Ah, MVSc (Microbiology) and PhD (Microbiology) courses.

w) List of major equipments, instructional units and facilities.

Major Equipments

- Biosafety cabinet Class II A2: 03
- Biosafety cabinet Class III: 01
- Work station Class II A2: 01
- Laminar Air Flow: 01
- -80C Deep freezer: 02
- -20C Deep freezer: 04
- Refrigerator: 08
- Refrigerated centrifuge: 04
- High speed centrifuge: 02
- Clinical centrifuge: 01
- Trinoculor microscope: 02
- Inverted microscope with fluorescence: 01
- Students microscope binocular: 02
- Students microscope: 10
- PCR machine: 03
- Real time PCR: 01
- Gel documentation system: 03
- Electrophoresis system: 03
- Lyophilizer: 01
- Phoenix automated bacterial identification system: 01
- Shaker incubator: 02
- BOD incubator: 02
- Universal incubator: 02
- Hot air oven: 02
- Autoclave: 03

- Hybridization oven: 01
- CO2 incubator: 02
- Egg incubator: 01
- Ultrasonicator: 01
- UV Visible multimode reader: 02
- Ice flaking machine: 01

Instructional Units

- Undergraduate Laboratory: to conduct the practical classes of BVSc&AH students
- Bacteriology & immunology Laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for bacteriology and immunology.
- Virology including tissue/cell culture laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for virology.
- Molecular biology laboratory: To carry out the practical classes of MVSc & PhD students and conducting the research work of the post graduate students for molecular biology and biotechnology.
- Transboundary animal diseases diagnosis laboratory: To conduct the research work of the post graduate students on transboundary animal diseases.
- Institutional biotech Hub laboratory for instrumentation facilities: To provide the basic instrumentation facilities to the UG and PG students for instruction, demonstration and research work.
- Washing and sterilization room: For washing the laboratory wares, sterilization, packaging and preparation of reagents, media etc.
- Conference hall: To conduct the meetings, seminars, theory classes of PG students.
- Office rooms for faculties: Separate office rooms for each faculty to carry out the official work.
- Office room: Departmental office work.
- Students' sitting and study room: Separate space for PG students for their study and leisure

Other facilities

- Incubation cum hatchery room: Facility for hatching the eggs
- Store room: To store the laboratory wares and other materials
- Laboratory animal room: To maintain the laboratory animals including mice, rat, rabbits etc. for experimental work.

6.4.5 Conduct of practical and hands on training: The practical clas is of two hours duration for all the courses offerered to students of PG & PhD programme. Students used to do the practicals by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Eligible criteria to become research guide, and maximum number of student/guide of Ph. D. Programme (CAU, Academic Regulations-2016, clause 2.12.2): All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

Name of the faculty members	Designation	MVSc students guided	PhD students guided
Dr. T. K. Dutta	Professor & Head	Awarded: 09 On Roll: 03	Awarded: 04 On Roll: 01
Dr. P. Roychoudhury	Associate Professor	Awarded: 04 On Roll: 02	Nil
Dr. P. K. Subudhi	Assistant Professor (SS)	Awarded: 03 On Roll: 01	On Roll: 01

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (PhD Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	3	3	3	3	3
Actual admitted	0	0	1	1	0
Attrition %	NA	NA	0	0	NA

6.4.9. **ICT application in Curricula delivery**:

The information and communication tools were used for all the courses judiciously for most effective way of communication as mentioned below-

- The PG students are being taught to explore the webs for visiting various websites to search the scientific publications, nucleic acid and protein sequence services.

- Exploration of e-books, e-journals and in-silico techniques for effective learning.
- Training on Bioinformatic tools including DNA STAR, NCBI-PubMed and analysis of DNA sequence data through online tools.
- Designing of primers using online tools.

Signature of Dean of the College with Date and Seal

DEPARTENT OF VETERINARY PATHOLOGY

6.4.1 Brief History of degree programme:

The department of veterinary pathology, CVSc & AH, CAU, Selesih, Aizawl, Mizoram started was initiated in 12th February 1999, with the joining of Dr. T. K. Rajkhowa, Assistant Professor as the first faculty in the Department. Since then, the Department has progressed to the level of accreditation for PhD programme by ICAR, GOI, from 2017 to 2021. Through different externally funded projects and with continuous support of the CAU, the department has improved the infrastructure and laboratory facilities for research to the level of cell culture work and molecular characterization of pathogens. Besides, the department is actively involved in providing diagnostic services to the farmers of NER, India. The department has in its credit of reporting first outbreak of PRRS, in India, in the year 2013. Recently, the department has also reported the first outbreak of ASF in pig population of Mizoram.

4) Year in which the degree programme was initiated : **1999**

5) Whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009 : **Yes**

6) Accomplishments in brief.

v) M.V.Sc. students passed out since introduction of the programme : **19**

vi) Ph.D. students passed out since introduction of the programme: **Nil (3 students in different academic year are pursuing PhD presently)**

vii) Publications:

Books	: **9**	Book chapters	: **7**
Research articles	: **100**	Popular articles	: **2**

viii) Any other accomplishment which will justify the degree programme to be accreditated by ICAR (Mostly academic and research related accomplishments)

i) Completed five externally funded research projects.

j) Presently running **R&D project funded by National Agricultural Science Fund (NASF)**, ICAR with budget allotment of Rs. 201 lakhs for three years.

k) **Reported first outbreak of Porcine reproductive and respiratory syndrome (PRRS) outbreak in India**.

l) Reported **PCV2g genotype for the first time in India**.

m) Reported prevalence of **very virulent Infectious bursal disease** for the first time in NER, India.

n) **Reported first outbreak of African swine fever (ASF) in pig population of Mizoram** in the year Aril 2021.

o) A total of 19 students have completed their M. V. Sc. Degree in veterinary pathology from the department.

p) Presently three students are pursuing their PhD in the department. All the students joined the department through ICAR counselling.

6.4.2 Faculty strength of the department

Sl. No.	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
1. Professor	1	-	1
2. Associate Professor		1	2
3. Assistant Professor	3	1 (on lien for one	3

		year and joined GADVASU)	

6.4.3.Technical and supporting staffs of the department

Sl. No.	Staff in position	Vacant position	Staffs recommended by VCI, 2016
8. FCLA (Lab. Technician / Specimen Curator)	2	-	2
9. Lab. Assistant / Attendant	1	-	2
10. Post Mortem/Animal attendant	-	-	2
11. Sweeper-cum-attendant	-	-	1

6.4. 4. Laboratories :

x) Mention the functional laboratories and justify if it is sufficient to meet the course curricula requirement.

Sl. No.	Name of laboratory	Justifications
1	UG Laboratory	All requirements are provided
2	PG Laboratory	-do-
3	Molecular Biology Laboratory	-do-
4	Cell culture laboratory	-do-

y) List of major equipment, instructional units and facilities.

Sl. No.	Name of the Equipment
1	Real time PCR machine (Qiagen) - 1
2	Thermal cycler (Eppendorf) – 2
3	Bio safety level 2 cabin – 4
4	CO2 incubator – 2
5	Deep Freeze -80ºC – 2
6	Deep Freeze -45ºC – 2
7	Lyophilizer – 1
8	Shaker incubator -1
9	Ice flaker – 1
10	Monopan balance -1
11	Gel electrophoresis system – 3 sets
12	Cooling centrifuge machine – 2
13	Digital water bath – 1
14	Gel documentation system – 1
15	Bio photometer (Eppendorf)
16	Trinocular research microtome - 1
17	Inverted research microscope -1
18	Cryostate – 1
19	Binocular Microscope
20	Semi-automatic Microtome
21	Serological water bath
22	Spectrophotometer (Jenway)
23	Phase Contrast Microscope with Camera

24	Colour Imaging (CCTV) System
25	Unit for histopathological work
26	Post mortem unit for large , small & poultry.

6.4.5 Conduct of practical and hands on training:

The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Different practical are first demonstrated in the laboratory by trained laboratory assistant and also by the SRF/ RA working in different externally funded projects in the department. Later, students are allowed to conduct the practical's by themselves under the supervision of the faculty/ course instructor/ RA/ SRF/ FCLA. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme : Number of students being supervised by faculty in case of Masters/ PhD programme (as per ICAR guidelines)

Eligible criteria to become research guide, and maximum number of student/guide of Ph. D. Programme (CAU, Academic Regulations-2016, clause 2.12.2): All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of student/guide (CAU, Academic Regulations-2016, clause 2.8.1. iii):: At any given time**, Professor, Associate Professor** and **Assistant Professor** shall not be a **Chairperson for more than Six, Five and Four P.G. students (Master's and Ph. D. Combined), respectively.**

Sl. No.	Name of faculty & designation	No. of M.V.Sc. students guided	No. of Ph.D. students guided
1	Dr. T.K. Rajkhowa Professor & Head	8	3 Pursuing
2	Dr. Y. Damodar Singh Assistant Professor (SG)	5	Nil
3	Dr. Ravindran R. Assistant Professor (SS)	5	Nil
4	Dr. Rahul Singh Arya Assistant Professor	1	Nil

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the

curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

DEPARTMENT OF VETERINARY MEDICINE

6.4.1 **Brief History of the Department**:

6.4.1 Brief History of degree programme: Please mention the following

7) Year in which the degree programme was initiated: 2009-10

8) whether nomenclature, curricula or syllabus of the degree programme as per guidelines of ICAR, 2009: Yes

9) Accomplishments in brief.

xiii) MVSc students passed out since introduction of the programme: 21

xiv) PhD students passed out since introduction of the programme: 01

xv) Publications by students and faculty members of the department:

- Research articles: 18
- Review articles: 00
- Popular articles: 10
- Research reports: 11
- Laboratory manuals: 06
- Books and chapters: 06

xvi) Any other accomplishment which will justify the degree programme to be accredited by ICAR (Mostly academic and research related accomplishments):

- Externally funded research projects concluded: 03
- Externally funded research projects under progress: 04
- Externally funded research projects approved: 00
- Externally funded research projects under review: 01
- University funded research projects concluded: 08
- DBT funded Star College Scheme is in effect for BVSc & AH degree program.

DEPARTMENT OF VETERINARY PARASITOLOGY

6.4.1. Brief History of the Departments:

The Department of Veterinary Parasitology, College of Veterinary Sciences and Animal Husbandry, Selesih, has been functioning since 1998 for under graduate studies. The department has been offering Veterinary Parasitology courses strictly as per VCI guidelines for UG programme. Further, the department has been offering minor and supporting courses for MVSc programme since 2008-2009. Subsequently, PG courses leading to MVSc degree programme in Veterinary Parasitology has been approved by the competent authority of CAU, Imphal. This was notified vide Memo No. CAU.Rag/550/ATR/04(Vol-I)/2796 dated 9th December, 2013 to start the MVSc degree programme from the academic year 2014-15 with three seats including ICAR nominee.

Major Achievements

5. Year of introduction of M.V.Sc. / Ph.D Programme: MVSc degree was introduced in the year, 2014-2015.
6. PhD degree courses programme has been approved from the academic session 2020-21
7. Number of MVSc. and Ph.D students passed out: Till date, 3 scholars have obtained MVSc degree in Veterinary Parasitology.
8. Number of MVSc. And Ph.D students on roll : 0ne (1) MVSc scholar on roll.

Till date, three (3) PG scholars have obtained MVSc degree from this department including 1 deputed Veterinary Officer from Government of Manipur. At present, one (1) PG scholar is undergoing MVSc degree programme in this department.

The department of Veterinary Parasitology, College of Veterinary Sciences and Animal Husbandry, CAU, Selesih is well equipped with spacious UG and PG laboratories having modern instrumentation including studies on molecular technologies.

DEPARTMENT OF ANIMAL REPRODUCTION, GYNAECOLOGY AND OBSTETRICS

6.4.1. Brief History of degree programme:

The Department of Animal Reproduction, Gynaecology & Obstetrics has been offering Courses of B.V.Sc. & A.H. degree programme since the inception i.e 1997-98. M.V.Sc. degree programme was introduced in the year 2011 and thereafter Ph.D programme in 2014-15. The nomenclature of the degree programme and syllabi of M.V.Sc. & Ph.D. programme has been adopted as per ICAR Revised Postgraduate Course Curricula-2009. The Department is well equipped with some state of the art facilities viz. Computer Assisted Sperm Analyser, Laparoscope, Trinocular Research Microscope, Cryocans, Phantom Box, Draminisky Pregnancy and Heat Detector, Doppler Ultrasound Machine, Colour Doppler USG etc. The faculty of this department have completed 4 Intra Mural Research Project (IRP) funded by CAU Imphal as PI.

d) List of the MVSc & PhD students passed out

Sl. No.	Name & Regd. No. of the students	Topics of the thesis with year of submission	Major Advisor	Year of completion
	MVSc Programme:			
1.	**Dr. Peter Malsawmtluanga** 2011-V-15(M)	"Periparturient behavioural, physical and haemato-biochemical characteristics in female Mithun (*Bos frontalis)* of Mizoram" (2013).	Dr. F.A. Ahmed	2013
2.	**Dr. Amy Zorinkimi** 2011-V-14(M)	"Characteristics and preservation on Mongrel Dog Semen in Mizoram" (2014).	Dr. F.A. Ahmed	2014
3.	**Dr. Lalhruaitlunga** 2011-V-13(M)	"Characteristics and preservation of semen of Mizo local pig *(Zovawk)* in liquid state"	Dr. K. Lalrintluanga	2014
4.	**Dr. Anup Kumar Das** 2012-V-13(M)	"Semen cryopreservation of indigenous pig *(Zovawk)* of Mizoram "	Dr. K. Lalrintluanga	2014

d) Acheivement of Passed out PG & PhD students:

State Civil Service	=1
Faculty	=3
Scientist (KVK)	=1
Pursuing Higher Studies	=4
VO	=2
Private Clinics	=8

e) Research Projects by the faculties (completed) :

5. "Studies on characteristics and preservation of semen of local Mizo pig (Zovawk)"
6. Studies on success of A.I. in Pigs in field condition of Mizoram.
7. Studies on successof A.I. in cattle in field condition of Mizoram.
8. Pregnancy diagnosis in pigs with available techniques.

6.4.2. Faculty strength of the department

S No	Faculty in position	Vacant position	Faculty recommended by VCI, 2016
22. Professor	02	Nil	01
23. Associate Professor	-	01	01
24. Assistant Professor	01	Nil	03

6.4.3. Technical and supporting staffs of the department

S No	Staff in position	Vacant position	Staffs recommended by VCI, 2016
15. FCLA	01	nil	
16. MTS	01	nil	

6.4.4. Laboratories:

Name of the functional laboratories and major equipments

iii) Under graduate laboratory

16. Electrical Sterilizer
17. Cold Handling cabinet
18. Triple glass distillation set
19. Heat detector
20. Water bath
21. Hot air oven
22. Obstetrical instruments
23. Gynaecological instrument
24. Surgical instruments
25. AI equipments
26. Compound microscope
27. Cryocans
28. Electronic weighing balance
29. Ph meter
30. Autoclaves etc.

iv) Post Graduate laboratory

9. Trinocular Phase contrast Microscope
10. CASA
11. BOD incubator
12. Laparoscope
13. Stereozoom Microscope
14. Doppler ultrasound
15. Electric ejaculator
16. Pregnancy detector

6.4.5 Conduct of practical and hands on training: The practical class is of two hours duration for all the courses offered to students of PG & PhD programme. Students used to do the practical's by themselves under the supervision of the faculty/ course instructor. Students used to record their observations in practical manual.

6.4.6. Supervision of students in PG / PhD programme: Number of students being supervised by faculty in case of Masters/ PhD programme(as per ICAR guidelines)

Recognition for guiding of students (PhD research) as per clause no. 2.12.2 of CAU Academic regulations-2016 for Master and PhD degree programmes

Ph. D. Programme :

a. All Professors are eligible to guide Ph. D. students. A teachers other than Professor must guided or guiding 2 (two) Master's students and has published four research papers in NAAS rated journals (other than his/her Master's or Ph. D. thesis) **OR** A teacher must have guided 3 (three) Master's students successfully as a Major Advisor.

Maximum number of students to be guided by faculty

As per clause no. 2.8.1(iii) of CAU Academic regulations-2016 for Master and PhD degree programmes, at any given time, Professor, Associate Professor and Assistant Professor shall not be a chairperson for more than 6,5 and 4 PG students(Master's and PhD combined) respectively

Name of the faculty	Programme	Nos. of students supervised as Major Advisor	No. of students being supervised
Dr. F.A. Ahmed, Professor & HOD	MVSc	10	03
	PhD	01	01
Dr. K. Lalrintluanga Professor	MVSc	08	02
	PhD	Nil	01
Dr. D. Talukdar Assistant Professor	MVSc	01	02
	PhD	Nil	Nil

6.4.7 Feedback of stakeholders: The college through a structured feedback mechanism (copy of feedback format attached as **Annexure -I**) from passed out students ensures quality teaching learning process and research work in the area of Veterinary and Animal sciences. The distribution, collection and analysis of filled feedback form passed out UG, PG & PhD students are done through online / offline mode. Students provide their feedback on Course curriculum, academic regulation, examination system, research facilities, quality of teaching and availability of infrastructures in the college by filling up a prescribed format Feedbacks are taken into consideration with utmost sincerity and corrective measures / improvements are made by the Head of the departments and Dean of the college. This feedback is used to improve the curriculum delivery, course evaluation process, development of infrastructure in the different laboratories and sections of the department, availability chemical and reagents and research facilities. Feedback is also received from parents, other institutes, Concerned Directorate of State Government time to time.

6.4.8. Students intake and attrition in programme for last five years (PhD Programme)

	2016-17	2017-18	2018-19	2019-20	2020-21
Sanctioned seat	01	01	01	01	01
Actual admitted	01	0	0	01	01
Attrition %	100	NA	NA	0	0

6.4.9. ICT application in Curricula delivery: Various ICT tools are being utilised for conducting online classes for UG, PG and Ph.D. students. All the faculties of the Department are having sufficient ICT knowledge for application in curricula delivery.

Signature of Dean of the College with Date and Seal

6.5. Self-Study Report for the College (College of Fisheries, Lembucherra)

The North Eastern region of India is well known for its rich biological and cultural diversity. People in the region are mainly dependent on agricultural and allied activities to meet their livelihood necessities. With varied climatic conditions in the region, the need for well-trained manpower to meet the regional needs and the development of location specific agricultural technologies best suited to the varying climatic conditions were considered as an urgent necessity. As such the Government of India, recognizing these needs established the Central Agricultural University (CAU) with its headquarters at Imphal, Manipur through the Central Agricultural Act. 1992, No. 40 dated 26th December 1992, the act passed in the parliament made necessary the establishment of Agricultural Education Institutes in the North Eastern States of India, covering the states of Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura.

Fisheries as a sunshine sector has contributed substantially to the country's food basket, apart from augmenting livelihood status of the people. The northeast India has enormous scope for fisheries development with the gifted bio-resources in both flora and fauna. The continuous development of the fisheries sector in the region is possible only through wise planning towards resource utilization through adoption of scientific technologies in varied climatic and topographical horizons. For this reason, trained and sound scientific/technical human resources need to be parallel to achieve an overall productivity and production enhancement. Hence, to develop efficient human resources to impart fisheries-based function in three major domains (teaching, research and education), the College of Fisheries was established in the state of Tripura, as one of the constituent colleges of the Central Agricultural University (CAU), Imphal. Initially, the college started functioning from 3rd October, 1998 at the SIPARD Building, Camper Bazar, Agartala, Tripura and became the 12th Fisheries College of the country established under the Agricultural University Education System. Thereafter, the college was shifted to its present campus at Lembucherra during September, 2001. The campus is about 10 km away from the MBB International Airport, and 15 km from the Agartala Railway Station. The campus is stretched to a total area of 54.72 acres. The college since its inception has an outstanding performance in various national level examinations which is an outcome of the quality teaching and skill-oriented training of the students. The course curriculum and syllabi for the degree programme strictly follows model academic regulations and syllabi as laid down by the 5th Dean

Committee. Curriculum are designed taking into consideration the specific theoretical and practical knowledge to meet new challenges and emerging opportunities at national and international level.

Objective of the degree programme

- To produce globally competitive graduates and post graduates in fisheries sciences.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To undertake programmes of extension education in the states under the jurisdiction.
- To undertake such others activities as it may deem fit from time to time.
- To meet the well-trained manpower needs of the North eastern states.

6.5.1 College Administration

The overall administration of the college pertaining to the academic, research, extension and other activities including the infrastructure development is headed by the Dean of the College and he is duly assisted by various teaching, technical and non-technical staff of the institution.

6.5.1.1. College Dean's Office Establishment:

S. No.	Particulars		Response
1.	Whether Dean's post is sanctioned as per ICAR model Act/UGC guidelines	:	Yes
2.	Date of selection of current Dean	:	12.05.2021
3.	Mode of selection	:	Open interview
4.	Tenure	:	5 years
5.	Total No. of Staff in Dean's office	:	
	a. Technical	:	4
	b. Non-technical	:	2
6.	Infrastructure facilities (Details on infra and networking facilities available)	:	The college has Dean's chamber and office for PA to Dean. The staff of the Dean's office include one PA to Dean, two assistants and

	one driver. Office of the Dean is equipped with computer and copier enabled with internet facility. Biometric attendance system is followed in this College to monitor the attendance of the staff. The office is also enabled with CCTV camera surveillance.

6.5.1.2. Monitoring Mechanism for Quality education (On-Line):

The college has a systematic internal quality assurance system in place, with appropriate structure and process, to ensure quality education.

TEACHING

Undergraduate degree programme

- Quizzes, mid-semester theory, and end-semester theory and practical examination are conducted to assess the students.
- Assignments related to curriculum are given to the students.
- External system of evaluation is followed for end-term examination of each course.
- Faculties are assigned for academic counselling (as advisor) for a group of students.

Postgraduate teaching programme

- Quizzes, mid-semester theory, and end-semester theory and practical examination are conducted to evaluate the students.
- Assignments related to curriculum are given to the students.
- External system of evaluation is followed for end-term examination of each course.
- Periodic assignments and seminar presentation related to the course curriculum are done by the students.
- The comprehensive qualifying written and viva-voce examination is conducted at the end of the course work to evaluate the student's understanding about the entire courses.
- Two committees (synopsis and thesis evaluation) are in place for critical evaluation before final submission of synopsis and thesis to minimize error.
- The thesis submitted by the M.F.Sc. and Ph.D. Scholars are evaluated by one and two external experts, respectively.

- The final thesis viva-voice for the M.F.Sc. and Ph.D. programme is conducted through open defense mode.

RESEARCH

Student Research

- The plan of research work is finalized after presentation in front of Advisory committee members with inputs from other faculty members.
- The students' research work is monitored by the chairman of the Advisory committee on daily basis.
- Midterm evaluation and final evaluation of research work of the students are made by Advisory committee members.
- Communication/publications of research work in peer reviewed well rated journals is mandatory.

Faculty Research

- The College Research Advisory Committee evaluates the research proposals at college level.
- The research proposals should be within the research thrust areas mandated for each department.
- Periodic review of the research progress is done by the Dean, Director of Research and the Vice Chancellor.
- The annual review and finalization of action plan is done by the CAU Research Council.

EXTENTION

- The College Extension Advisory Committee formulate and monitor the extension activities of the college.
- The evaluation of action taken (for previous year's recommended activities) and finalization of future action plans are formulated by the committee.
- Periodic review of the extension activities is done by the Dean, Director of Extension Education and the Vice Chancellor.
- The annual review and finalization of action plan is done by the CAU Extension and Education Council.

Impact of monitoring on students' excellence in academics, research and extracurricular activities

ACADEMIC

- Achieving substantially good number of students cracking ICAR JRF examination.
- More number of students qualifying for ICAR-SRF examinations for Ph.D. programme in national institutes of repute
- Higher academic performance of students with improved OGPA.
- Improved enrollment of students in post graduate programme from states other than NE states.
- Participation and selection in competitive examinations.
- Improved placement record of the students.

RESEARCH

- Publications of research results in high impact factor peer reviewed journals by the PG and PhD students and faculty members.
- Winning research proposals from external funding agencies (DBT, SERB, NFDB etc.) and bagging awards for outstanding research by the faculty members.
- Developing technologies contributed by both student and faculty research.
- In line to this, 18 farmer friendly technologies has been generated considering the existing agro-climatic regime of NE India.

EXTRACURRICULAR

- Participating in Inter-University level sports and cultural activities at state and national levels and bagging awards.
- A total of 14 students represented the university and took part at the 18th AGRI-UNIFEST 2017-18 held at Sri Venkateswara Veterinary University, Tirupati. Mr. Sourav Debnath of the stood 2nd position in Quiz team event.
- College of Fisheries, CAU team participated at the State Level Inter College & University Science Drama Competition organized by Tripura State Council for Science and Technology, Tripura.
- The students of the college won the "Overall Team Champion" title at the 4th CAU Inter Collegiate Youth Festival.

6.5.1.3. CC/Board of Studies:

The college has a Board of Studies in place comprising of two external experts in the field of fisheries and aquaculture.

Year	Date of meeting conducted	Composition	Major recommendations
2016	10/08/2016	• Dean, CoF - Chairperson ***Members:*** • Director of Instruction, CAU • Director of Research, CAU • Director of Extension & Education, CAU • All HoDs • Nominee - Academic Council Member • Nominee – Two eminent Scientist from Agri Edu System outside CAU • One final Year PG student • Assistant Registrar (Academic) – Member Secy.	• Ph.D. students of AAH can take minor courses from FGB
2017	22/05/2017		• Shifting of Student READY Experiential Module from VIII semester to VII semester in B.F.Sc. Programme • Creation of UG/PG/Ph.D. payment seats for Agri-Allied courses for students of both National and International
2018	23/04/2018		• Starting of Ph.D. programme in Fish processing Technology • Shifting of courses of B.F.Sc. from different semesters
2019	17/05/2019		• Starting of Ph.D. programme in Aquaculture
2020	23/04/2020		• Implementation of student READY

6.5.1.4 Anti Ragging Cell:

The college follow the "UGC regulations on curbing the menace of ragging in higher educational institutions, 2009" and subsequent guidelines issued in the matter in letter and spirit. For newly admitted students, an Anti-Ragging Committee (members are selected based on the stipulated guidelines of UGC) is formed every year for implementing the regulations before the admission of the new batch students. A separate anti-ragging squad is also formed each year to physically visit and monitor the hostel and campus premises on regular basis for at least 2 months after the admission of the new students vide order No. CAU-CF/4/21/Anti-Ragg./2015-Acad/Vol-2/6781, dated 02/01/2021. The ant-ragging committee Chaired by the Dean comprises the Sub-Divisional Magistrate, Mohanpur; Addl. Superintendent of Police, Agartala; SDPO, Mohanpur; Social workers; NGOs; faculty/staff; parents and student representative. Following measures have been undertaken to curb the menace.

- Separate accommodation for the new entrants
- Mandatory affidavit to be submitted by all students and their parents
- Regular counselling of students

- Awareness and general meetings to sensitize the students
- Daily monitoring of the hostels to avoid any unwanted activities in any form of ragging

6.5.1.5. Biological waste disposal facility:

The college has in place a committee chaired by a senior faculty to manage the safe disposal of chemical and hazardous substances arising out of research activities. Following measures has been undertaken in this respect:

- Separate waste disposal pits have been dug out for disposing chemicals
- Separate solid and liquid waste disposal cemented soak-pit are constructed under the NAHEP project
- State Municipality Corporation has been linked for disposing hazardous chemicals to distant and safe locations.

6.5.1.6. Institutional Ethics Committee for Experimental on Animals:

The college is following CPCSEA guidelines and an Institutional Animal Ethics Committee (IAEC) is in place. The committee is chaired by a senior faculty member and following activities are undertaken:

- Guidelines and protocols adhering to experiment s with live fishes is been circulated to researchers for strict compliance

- A register is maintained with the Chairman to document committee approval and certification for ethics on live fishes while submitting the thesis/manuscripts.

- Welfare of live specimens and euthanization process are instructed for compliance

6.5.1.7. Committee for prevention of Sexual Harassment of Women at Work Places:

The college is adhering the Prevention, Prohibition and Redressal Act, 2013 related to the sexual harassment of women at workplace in letter and spirit. An 'Internal Complaint Committee' in this regard has been constituted comprising faculty members, staff of the college (including four women members) and an advocate. However, no proceedings have been conducted in last five year. The committee arrange interactive workshop from time to time to sensitize women on safety and empowerment.

6.5.2 Faculty

6.5.2.1. Faculty strength:

As per faculty recommended by ICAR Fifth Deans' Committee the faculty strength of College of Fisheries, Lembucherra is sufficient for academic requirement of the college.

S. No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by the **ICAR**/UGC/ VCI/ other regulatory bodies
1	Professor	5	2	3	7
2	Associate Professor	10	7*	3	11
3	Assistant Professor	28	22	6	20
Total		**43**	**31**	**12**	**38**

* 2 promoted as Professor under CAS

6.5.2.2. Faculty profile (Department wise) in position:

Sl. No.	**Name of Department**	**Professor**	**Associate Professor**	**Assistant Professor**	**Total**
1	Aquaculture	1	1	3	**5**
2	Aquatic Health and Environment	-	1*	4	**5**
3	Fish Processing Technology & Engg.	-	1*	4	**5**
4	Extension & Social Sciences	1	2	4	**7**
5	Fish Genetics & Reproduction	-	1	4	**5**
6	Fisheries Resource Management	-	1	3	**4**
Total		**2**	**7**	**22**	**31**

* Promoted as Professor under CAS

6.5.2.3. Credentials of the Faculty:

1. **Department of Aquaculture**

Sl. No.	**Name of Faculty**	**Post Held**	**Highest qualification**	**Teaching/ work experience (in years)**	**Honours & awards**	**No. of students guided (PG/PhD separately)**	**No. of publications in NAAS rated journals**
1	Dr. A.B.	Professor	Ph.D.,	21 years	03	PG-10	Research

	Patel	& Head	Post Doc. (Japan)				Paper – 35
2	Dr. G. Waikhom	Associate Professor	Ph.D., Post Doc. (USA)	19 years	01	-	Research Paper – 14
3	Dr. Pradyut Biswas	Assistant Professor	Ph.D., Post Doc. (Japan)	12 years	03	PG-06	Research Paper – 19
4	Dr. S. Khogen Singh	Assistant Professor	Ph.D.	9 years	05	-	Research Paper – 24
5	Dr. Sampa Baidya	Assistant Professor	Ph.D.	7 years	01	-	Research Paper – 09

2. Department of Aquatic Health and Environment

Sl. No.	Name of faculty	Post held	Highest qualification received	Teaching/ Work experience (in years)	Honors and awards	No. of students guided (PG/PhD separately)	Publication

Total	**35**

6.5.3. Learning resources:

6.5.3.1. College Library:

Location of Library	Presently Library is housed in a single room of **22.5 x 8 mts.(180sq.mts)** at the top floor of the administrative building. The new Library extension building is still under construction.
Present staff position (in Place)	3 (Female) Library Assistant, 1 MTS
Availability of Wi-Fi	No
Books/reading material (in Number)	8737
Periodicals/ research journals(in number)	28
Internet facility	Yes
No. of computers	3
Seating capacity	30
Latest technology in the Library	None
Stocking arrangement	DDC
Collection of volumes on different subject	ASFA & Aquaculture
Latest publication in the field of relevant subject	None
Automation & users services through computer	No
Opening hours	9:30 am to 4:30pm on all working days

Subscription of journals of national & international repute national dailies magazines (provide list)

Journals	**Magazines**	**Newspaper**
1. Aqua International 2. Down to earth 3. Environment and ecology 4. Fishery technology 5. Fishing chimes 6. Indian society of agricultural marketing 7. Indian J. of biochemistry & biophysics 8. Indian J. of marine science 9. Indian J. of agriculture economics 10. Indian food industry 11. Indian research J. of extension education 12. Indian J. of Fisheries 13. J. of communication studies 14. Employment news 7. Wisdom 8. Outlook 9. Frontline 10. The week 11.Competition Refresher 12. Pragyogita Kiran 13. Sharita (Hindi)	***National papers*** 1. The Times of India 2. Telegraph 3. Sambhad (Hindi) ***Local paper*** 1. Tripura times 2. Dainik Sambad (Bengali)

6.5.3.2 Laboratories, Instructional farm, Workshops, Dairy Plant, Veterinary Clinic, Hatchery, Ponds etc.:

A total of 38 functional laboratories/Instructional farm/Workshops/Hatchery/Ponds/units are available in the college. All the academic departments have their own laboratories for conducting practical classes. The details are given below:

S. No.	Name of the Lab / Facility	Major Equipment available/Particulars
1	UG Laboratory (6 nos.) PG Laboratory (6 nos.) Water and Soil Chemistry Laboratory (1no.) Microbiology Laboratory (2 nos.) Biochemistry Laboratory (1no.) Fish Processing and Engineering Laboratory (4 nos.)	• Inorganic nutrient flow-analyzer, • UV-VIS Lux-meter. • Analytical Balance, • Moisture meter, • Muffle furnace, • Bomb calorimeter, • Multimode spectrophotometer, • Laminar Flow Bench, • CO2 incubator, • Multi Parameter Water Analyser, • Refrigerator, • Nitrogen evaporator, • Solid phase extraction unit, • Flame Photometer, • pH Meter, • S-T-C Meter, • BOD incubator, • Deep freeze -20ºC, • Bacteriological Incubator, • Auto Blood Analyzer, • Refrigerated centrifuge, • Tissue Homogenizer, • Ice-flacking machine, • TS Extruder, • Muscle Texture Analyzer, • Silent cutter, • Complete canning line, • Airblast Freezer, • Ellab thermal validation system, • Overpressure retort, • Rotary vac. Evaporator
2	Central Laboratory and Centre of Excellence Laboratory (Molecular Biology Laboratory - 2 nos.)	• HPLC, • Histopathology unit, • Fluorescent microscope, • Gene sequencer • Research Microscopes with photography, • Refrigerated Centrifuge, • ELISA reader, • High Seeped Centrifuge,

		• Gradient PCR, • Real-Time PCR, • Gel-Doc system, • Electrophoresis Unit,
3	Aquacultural Engineering workshop	• Centrifugal Pumps, • Submersible Pumps, • Engineering Tools, • Different parts of Refrigerator, • Different parts of 2 stroke engine and 4 stroke engine, • Single wheel Paddle aerators, • Double wheel paddle aerators etc.
4	Wet Laboratory (2 nos.)	• FRP Tank (1000 L) – 60 nos. • FRP Tank (500 L) – 55 nos. • Glass Aquariums – 260 nos. of different sizes
5	Freshwater Fish Farm	• Twenty-six (26) Earthen Ponds of different sizes with total water area of 2.1 ha, • Paddle Wheel Aerators, • FRP boat, • Integrated Fish Farming Models with Pig and Poultry sheds, • Water pump sets, • Nets etc.
6	Hatchery Facilities	• Carp Eco-Hatchery – 2 sets • Prawn Hatchery
7	Outdoor Research/Cement tank Facility	• Cement Tanks (20 sq. m) – 54 nos. • Cement tank (10-15 sq. m) –21 nos. • Cement Tanks (2-3 sq. m) – 30 nos. • FRP Tank (200 L) – 30 nos.
8	Feed Mill	• Twin-Screw Extruder, • Grinder, • Mixer, • Dryer, • Oil Sprayer, • Drum Roller etc.
9	Biofloc Demonstration Unit	• One Unit
10	Pabda Broodstock Unit	• Cemented Pools (10,000 L) – 3 nos. • FRP Tanks (500 L) – 12 nos.
11	Simulated poly-house breeding Unit	• Flow-through lotic simulated riverine system, • Incubation pool housed in plastic poly-house
12	Bioinformatics Lab	• 12 no. of Desktop, • Server - 2, • 5 KVA UPS, • Scanner, • Photocopier • Application software (SPSS-22, R software)

		• ASFA Database, • Bioinformatics Software • Seating facilities for 20 students • High-speed internet connectivity
13	Computer Lab	• 15 no. of Desktop, • 5 KVA UPS • Seating facilities for 30 students • High-speed internet connectivity
14	Language Lab	• 30 no. of Desktop, • 10 KVA UPS, • Language Software, • Microphone, • Computer Table and Chair with Seating capacity of 30 students • High-speed internet connectivity
15	ATIC	• Reception counter, • product sale counter, • Technology display, • Conference Room with all facilities, • Training Hall, • Fish Museum, • Fish Aquarium, • Faculty rooms, • Staff room, • High speed internet connectivity
16	Fish Museum including a barcoded fish museum	• The fish museum has 326 finfish and shellfish species • Displayed with scientific identification information. • The barcode museum contains 297 fish species.
17	Mobile Fish Clinic	• A dedicated vehicle fully furnished with water & soil quality analysis as well as disease diagnosis tools for field/mobile monitoring
18	Automated Weather Station	• A complete Automated Weather Station with Digital Monitor

6.5.3.3. Student READY/In-Plant Training/Internship/Experiential Learning Programme:

The College of Fisheries has adopted Students READY (Rural and Entrepreneurship Awareness Development Yojana) programme for B.F.Sc. students as per the Fifth Dean's Committee Report. It includes Experiential Learning programme, Rural Fisheries Work Experience Programme, In-plant Attachment, Study Tour, Skill Development and Project Work. The B.F.Sc students of the college undergo students READY Programme in Seventh and Eighth Semesters. With regard to the Experiential Learning Programme (ELP) intended to deliver

practical based entrepreneurship enthusiasm among students once they graduate from the college, the college has been performing extraordinarily well. Since its inception, the programme is run under three major modules namely Integrated Semi-intensive Aqua farming, Post-harvest Technology of Fish and Seed production of carp and fresh water prawn. This programme has been running in business mode with the guidance of faculties. As per the profit-sharing mechanism sanctioned by ICAR, the students, college and staff get 75%, 20% and 5% of the profits, respectively. The students take key roles in input purchase, production, and marketing of the produce. The decent amount of profit made by individual student is one of the key indicators of the success of the programme, besides the field knowledge acquired by the students.

6.5.3.4. Curricula Delivery through IT (smart class rooms/interactive board etc.):

Besides the regular 4 classrooms, one (**01**) smart classroom (with a seating capacity of 64) has recently been developed with all modern ICT-enabled facilities including digital podium, interactive touch panel, two movable cameras, lecture platform and CCTV.

6.5.4. Student Development

6.5.4.1. Student intake and Attrition:

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
B.F.Sc.	31	40	45	44	48	9.67%	15%	11.11%	9.09%	18.75%
M.F.Sc. (AQC)	05	05	03	04	05	0%	0%	0%	0%	0%

6.5.4.2. Average Number of Students in Theory and Practical Classes:

Sl. No	Name of the Degree programme	Batch of students in theory class	Batch of students in practical class
1.	B.F.Sc.	1	2
2.	M.F.Sc. (Aquaculture)	1	1
3.	M.F.Sc. (Aquatic Animal Health)	1	1
4	M.F.Sc. (Fish Processing Technology)	1	1
5	M.F.Sc. (Fish Resource Management)	1	1
6	M.F.Sc. (Fisheries Extension)	1	1
7	M.F.Sc. (Fish Genetics & Breeding)	1	1

6.5.4.3. Admission Process:

Bachelor of Fisheries Science (B.F.Sc.)

The four-year Bachelor of Fisheries Science (B.F.Sc.) degree program which comprises Student READY programme is being implemented as per the guidelines of ICAR, specifically the course curriculum, syllabi and other recommendations of the ICAR Fifth Deans' Committee. The Experiential Learning Programme (ELP) of the college has performed extraordinarily with consistently higher profit margins.

For admission to the B.F.Sc. course, the candidate should pass 10+2 examination with 50 % marks for UR and 40 % marks for ST/SC in PCB, should be a permanent resident or domicile of any one of the seven North East State of India namely Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura. Different NE states send their nominee on the basis of marks/common entrance examination held by the concerned NE states. Fifteen percent (15%) of the approved number of seats is filled up by the candidates nominated by ICAR, selected on the basis of All India Entrance Test (AIET) conducted by the ICAR or as amended from time to time by ICAR. In addition, another ten (10) seats for the B.F.Sc. programme are higher fee payment seats open to Indians and selected based on mark basis.

Master of Fisheries Science (M.F.Sc.)

Candidate with bachelor degree in concerned/related subject from recognized university with OGPA of 6.00 out of 10.00 or equivalent percentage of marks are eligible for admission to

master degree programme. SC/ST candidates with OGPA of 5.00 in bachelor degree shall be eligible for the admission. The basis of selection for admission to Master' degree programme shall be the merit in the qualifying entrance examination held by CAU, Imphal.

Twenty-five (25) per cent of total seats in each department shall be reserved for SC and ST candidates selected by ICAR through All India Entrance Test (AIET). Fifteen per cent (15%) and 7.5% of the total number of seats are reserved for SC and ST candidates, respectively. In case enough candidates are not available, SC/ST categories seats can interchange. Twenty-seven (27) per cent of the total numbers of seats are reserved for OBC candidates, excluding creamy layer.

Doctor of Philosophy (Ph.D.)

For admission to the Ph.D. programme course, the candidate should pass M.F.Sc. in the concern discipline from a recognized university with OGPA of 6.00 out of 10.00 or equivalent % or marks. On the basis of the result of entrance test conducted by the university (Minimum qualifying OGPA of 6.0 in 10 pt. scale or 55% marks in the traditional system at the undergraduate level for General & OBC categories and 5.50 in 10 pt. scale or 50% marks in the traditional system at the undergraduate level for SC/ST/PH categories in his/her M.F.Sc. examination from an ICAR recognized institution), merit list is prepared and candidates are admitted. The selected candidates are admitted for the degree programme after submitting the required documents and paying the requisite admission fee. During the admission date itself, the students register themselves for all the semester courses given to them in the form of Registration Card.

6.5.4.4. Conduct of Practical and Hands on Training:

The departments of the college are equipped with state-of-the-art laboratory facilities to carry out basic practical classes and hands-on training of the students as per prescribed guidelines. Each department has well trained support technical staffs to assist the faculty in conducting the classes smoothly. Besides, the designated UG laboratories, several other specific laboratories available with the departments are effectively utilized for imparting hands-on practical exposure to the students. Additionally, one state-of-the-art central laboratory and laboratory facilities under the Centre of Excellence (COE) project supports hands-on practical exposure to the students. Under the compulsory course work allotted, the students are trained on various need-based and curriculum oriented hands-on practical on various aspects. On a routine

basis the students are further exposed to field level curricula off the campus and assigned projects to orient their field-based knowledge. Besides, the students are imparted short-term trainings on operational and functional knowledge of key modern equipment under the Institute-level Biotech Hub and Bio-informatics laboratory. Overall, the on-campus and in-plant skill learning trainings enables them to build confidence for higher studies.

6.5.4.5. Examination and Evaluation Process:

Student Examination

Examination	UG	PG	Ph. D.
Internal component (percentage)	50%	50%	50%
External component (percentage)	50%	50%	50%

Frequency of Student Evaluation (Percent Weightage)

Frequency	UG	PG	Ph. D.
Monthly	20%	20%	20%
Mid-term	30%	30%	30%
End-term	50%	50%	50%

Mode of Student Evaluation (Percent Weightage)

Mode	UG	PG	Ph. D.
Quiz/ Test	20%	20%	20%
Assignment *	-	-	-
Term Papers	50%	50%	50%
Seminars*	-		
Mid-Term	30%	30%	30%

*Inclusive in course work.

6.5.4.6 NCC/NSS/RVC Units:

The college has a National Service Scheme (NSS) unit where participation of all the students has been made compulsory. NSS helps the student to grow individually and also as a group. It makes the students confident, develop leadership skills, and gain knowledge about different people from different walks of life. Students also learn other skills that help them lead a better life in various situations. It teaches them to be disciplined and organized.

Under the directive measures for initiating Swachh Bharat Abhiyan at the educational institute, the College has taken up the responsive challenge of implementing the said programme at the campus under the NSS activities. The programme flagged off on 8th February, 2015 at the Bagbari Village, Lembucherra, Bamutia R.D. Block. Major activities undertaken by the unit are highlighted below:

Sl. No.	Name of the programme and details	Activities undertaken	Participants
1.	World Environment Day (5th August, 2015)	➢ 75 plant saplings (*Casia fistula,Punica granatum* and *Citrus limetta*) were planted at the campus, in addition to 25 plant saplings planted by the NSS volunteers at the adopted village ➢ Drawing competition for children	All staffs/faculty, students and scholars, children of faculty/staff
2.	NSS Special camping (03-09 June, 2015) Location: Bagbari village, Bamutia block	➢ Cleaning of village premises ➢ Plantation programme at village site ➢ Health and hygiene sensitization drive	Students of B.F.Sc. 4th year
3.	Medical Check-up Camp (4th April, 2015)	➢ Over 200 persons were screened by doctors and consultation-cum-follow-up was provided to participants in cardiology, orthopaedics, gynaecology, gastroenterology and general medicine	All staffs/faculty, students and scholars, children of faculty/staff
4.	Swachh Bharat Abhiyan (2nd October, 2015)	➢ Various cleanliness programme were taken up by the faculty, staff and students of the college under the supervision of the respective HODs/Section in-charge	All staffs/faculty, students and scholars, children of faculty/staff

		➢ The hostel premises were also cleaned under the NSS regular activity ➢ A mini marathon race was also ran to execute a wide scale awareness to the public	
5.	NSS Special camping programme (4-10 June 2016) Location: Shankar Senapatipara village, Mohanpur Block, Tripura	➢ Cleaning work at the village site ➢ Plantation programme ➢ Visit to orphanage home and distribution of essential items ➢ Games and sports ➢ Health check-up camp along with distribution of free medicines ➢ Interaction with the villagers on technical know-how on scientific fish farming	Students of B.F.Sc. 4th year
6.	Swachhata Pakhwada (21-31, October 2016) Location: College campus and Bagbari village	➢ Cleaning of hostel and Indoor complex ➢ Debate competition ➢ Slogan writing competition ➢ Cleaning of departments/sections and its premises ➢ Cleaning of Adopted village (Bagbari village) ➢ Mass awareness rally on "cleanliness"	All staffs/faculty, students and scholars
7.	Swacchata Pakhwada (4-18, June, 2016)	➢ Respective departments/sections including the hostels were cleaned under the supervision of HODs/section in-charge, wardens.	Faculty, staff and students of the college
8.	Awareness programme on HIV/AIDS (29 April, 2016)	➢ The Red Ribbon Club in association with the Medical Unit of the college organized an awareness programme on HIV/AIDS for the students of the college to sensitize the students with the deadly disease	Students of the college
9.	World Environment Week (5-11 June, 2016) Location: College campus and Sankar Senapatipara village	➢ During the plantation drive, initiated by the NSS unit of the college, various plant saplings were planted in the college premises by the faculty, staff and NSS volunteers of the college. The volunteers also planted the plant saplings at the Sankar Senapatipara village during their	Faculty/staff, scholars and students of B.F.Sc.4th Year

		7 days NSS special camping programme	
10.	Sewa Diwas under "Swachhata Hi Sewa" campaign (17 August, 2017) Location: College campus	➢ During the cleaning programme, various departments, sections, class rooms, farm areas, feed mill, college premises, hostel and its surrounding, main road of the college were cleaned	Participated by more than 200 faculty, staff, student and scholars
11.	Swachh Bharat Mission (01October, 2017) Location: Agartala town	➢ Cleaning of Heritage park, Agartala which is maintained by the Tripura Forest Department ➢ Award of selected participants with "OutstandingPerformer" title	120 participants comprising faculty, staff, students and scholars
12.	World Environment Day (5 June, 2018)	➢ Plantation programme ➢ Slogan writing ➢ Cartooningand painting competition	All staffs/faculty, students scholarsand children
13.	World Environment Day (5 June, 2019)	➢ More than 400 tree saplings of Ashoka (*Polyalthia longifolia*) were planted	Faculty, staff and students of the college and staffs of Krishi Vigyan Kendra, Sipahijala

6.5.4.7. Language Laboratory:

The college has one language laboratory in place and it is a 'Computer Assisted Language Laboratory' supported by 30 Desktops, 10 KVA UPS, Language Software, Microphone, Computer Table and Chair with Seating capacity for 30 students and high-speed internet connectivity.

6.5.4.8. Cultural Center:

The college has a cultural unit that support and encourage students to showcase their cultural diversity. During the "Annual College Week" and "Youth festival", students take part in various cultural competitions. Apart from this scheduled event, the students also take part in related programmes organized in the college and university from time to time. The college has adequate musical instrumental and other facilities for carrying out the activities. In addition, a centralized air-conditioned auditorium (seating capacity of 300) is available for conducting the cultural programme from time to time.

6.5.4.9. Personality Development:

The college has been dedicatedly undertaking/offering some exclusive courses on Communication Skills/Personality Development/Technical Writing both for UG and PG students, covering different aspects like functional grammar, verbal and non-verbal communication skills, practical exposures to personality development and communication exercises and management games, group discussion skills, and technical know-how on scientific writing. These efforts have resulted in increased professionalism and academic performances of the students which in turn led to higher employability. Further, under the ICAR-NAHEP initiative, the college has been conducting different workshops/specialized training programmes on business communication, aiming to foster the entrepreneurial possibilities among the students.

6.5.5. Physical facilities:

6.5.5.1. Hostels:

The college has two (02) boys' and two (02) girls' hostels with total capacity of 116 rooms and one (01) transit hostel with a capacity of 24 rooms. In each hostel, two students are accommodated in each room. All the hostels are accommodated with mess, drinking water, indoor games and some other facilities (refrigerator, washing machine, geyser etc.). The hostel premises are regularly cleaned. A college bus, that ply twice a week to the city is specifically provided to the students for marketing and other purposes. The college has a Medical Centre (supplemented with ambulance) located nearby the hostels.

6.5.5.2. Examination hall:

The college has a big examination hall with a seating capacity of 100 students. Besides, 2-3 rooms are used as a makeshift examination hall whenever required.

6.5.5.3. Sports and Recreation Facilities:

The college has one indoor sport complex facility in which students regularly play badminton, basketball and table tennis. In addition to that, GYM facilities are also available to the students inside the indoor sports complex. The college also have outdoor sport facility (playing field) for playing cricket, football, volleyball, athletic events such as running etc.

6.5.5.4. Auditorium:

Yes, the college has an auditorium which was constructed in 2012 with a seating capacity of 256. The auditorium is frequently used for different college function, special lectures etc.

6.5.5.5. Exhibition Hall/Museum:

The department of Fisheries Resource Management of College of Fisheries holds a referral fish museum with 326 finfish and shellfish species displayed with scientific identifying data, collected from all over India specially covering all the states of NE India covering 322 habitats (23,036 samples) as well as from Indian marine sources which regularly cater the needs of students, researchers and scientists even from various allied institutes/ school/colleges etc. which Probably, this is the largest referral fish museum of North East India. Another remarkable achievement is establishment of a separate barcode museum, where 297 fish species (collected and identified systematically from various aquatic systems of NE India) out of which 162 species

were systematically identified with conventional and molecular methods (bar-coded) and displayed.

6.5.6. Research Facilities

6.5.6.1. Postgraduate Laboratories and Equipments:

Department of Aquaculture

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Inorganic nutrient flow-analyzer, • Kjeltec, • Soxtec, • Fibertec, • YSI multi-water quality sonde, • UV-VIS Spectrophotometer, • DO-meter, • pH-meter, • Lux-meter, • Hot Air Oven, • Muffle Furnace, • Electronic Balance, • Microscopes etc.
2	Wet Lab / Ornamental Fish Lab	• FRP Tank (1000 L) – 50 nos. • FRP Tank (500 L) – 30 nos. • Glass Aquariums – 130 nos. of different sizes
3	Freshwater Fish Farm	• Eleven (11) Earthen Ponds of different sizes with total water area of 1.3 ha, • Paddle Wheel Aerators, • FRP boat, • Integrated Fish Farming Models with Pig and Poultry sheds, • Water pump sets, • Nets etc.
4	Outdoor Research/cement tank Facility	• Cement Tanks (20 sq.m) – 54 nos. • Cement tank (10-15 sq. m) --21nos. • Cement Tanks (2-3 sq.m) – 30nos.

5	Feed Mill	• Twin-Screw Extruder, • Grinder, • Mixer, • Dryer, • Oil Sprayer, • Drum Roller etc.
6	Biofloc Demonstration Unit	• One Unit
7	Pabda Broodstock Unit (Shared facility with Dept. of FGR)	• Cemented Pools (10,000 L) – 3 nos. • FRP Tanks (500 L) – 12 nos.
8	Simulated poly-house breeding Unit	• Flow-through lotic simulated riverine system, • Incubation pool housed in plastic poly-house

Department of Aquatic Health and Environment

Name of the laboratory	**Major Equipment available/Particulars**
1. PG Teaching Laboratory	• Analytical Balance, • Moisture meter, • Muffle furnace, • Bomb calorimeter, • Multimode spectrophotometer, • ELISA reader, • CO2 incubator, • Research Microscopes with photography, • Auto Blood Analyzer, • Tissue Homogenizer.
2. Water and Soil Chemistry Laboratory	• Multi Parameter Water Analyzer, • High Seeped Centrifuge, • Refrigerator, • Nitrogen evaporator, • Solid phase extraction unit, • Flame Photometer, • pH Meter, • S-T-C Meter,

	• BOD incubator, • Deep freezer (-20ºC)
3. Microbiology Laboratory	• Laminar Flow Bench, • Bacteriological incubator, • freeze, • Cold Centrifuge,
4. Molecular Biology Laboratory	• Refrigerated centrifuge, • Gradient PCR, • Real-Time PCR, • Gel-Doc system, • Electrophoresis Unit, • Ice-flacking machine
5. Wet Laboratory	• Aquarium with stand and aeration facilities, • FRP tanks

Department of Fish Processing Technology& Engineering

Name of the laboratory	Major Equipment available/Particulars
1. PG Research laboratory for biochemistry 2. PG Research laboratory for microbiology 3. Ph.D. Research laboratory 4. UG Laboratory for Fishery Microbiology & Quality Control 5. Laboratory for fish processing and value addition 6. Laboratory for sophisticated instruments	• TS Extruder, • Muscle Texture Analyzer, • Silent cutter, • Complete canning line, • Airblast Freezer, • Ellab thermal validation system, • Overpressure retort, • Rotary vac. Evaporator, • Spectrocolorimeter, Laminar airflow, • Gradient thermal PCR, • Gel Documentation System, • Soxtec, Microcentrifuge, • Electrophoresis unit (Vertical and horizontal), • Muffle Furnace

Fish Genetics and Reproduction

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Molecular spectrophotometer, • Electrophoresis apparatus, • Gel doc, • PCR machine, • Cooling centrifuge, • pH meter, incubator, • Micropipettes, • Realtime PCR, • Blotting apparatus, • Microinjector, • water bath, • Laminar flow
2	Hatchery and wet lab	• Cistern Carp eco-hatchery • Prawn hatchery • FRP tank (500-1000L):20 nos. • Glass Aquariums – 60 nos. of different sizes
3	Freshwater Fish Farm	• Eleven (15) Earthen Ponds of different sizes with total water area of 0.8 ha, • Paddle Wheel Aerators, • FRP boat, • Water pump sets, • Nets etc.

Department of Extension and Social Sciences

Sl.No	Name of the facility	Facilities Available
1	Fisheries Extension Laboratory	• Seating facilities 30 students with white board, • Audio-Visual Aids, • OHP, • internet connectivity.
2	Fisheries	• Seating facilities 30 students with white board,

	Economics/Statistics Laboratory	• calculators and • internet connectivity.
3	Language Lab	• 30 no. of Desktop, • 10 KVA UPS, • Language Software, • Microphone, • Computer Table and Chair with Seating facilities 30 students and • high-speed internet connectivity

Dept. of Fisheries Resource Management

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Bacteriological incubator, • Blood cell counter, • Electronic balance, • Centrifuge, • Deep Freezer, • Camera Lucida, • Hot plate, • Heating mantle, • Hot air oven, • Hot water bath, • Lux meter, • Microscope • Refrigerator. • Rotamental, • UV-VIS Spectrophotometer, • Salinometer, • Scale Reader, • Dissecting microscope
2	Referral Fish Museum	• The department of Fisheries Resource Management of College of Fisheries holds a referral fish museum with 326 finfish and shellfish species displayed with scientific

		identifying data, collected from all over India specially covering all the states of NE India covering 322 habitats (23,036 samples) as well as from Indian marine sources.
3	Fish DNA Barcode Museum	• Established of a separate barcode museum with 297 fish species, collected and identified systematically from various aquatic systems of NE India and out of which 162 species were systematically identified with conventional and molecular methods (bar-coded) and displayed.
4	Fish molecular biology Lab	• All modern facilities for fish DNA bar coding

6.5.6.2 Research Contingency:

The College has a provision of research contingency of 1.5 lakhs per department per year to meet the student's research demands. However, if required, amount in excess of the stipulated one is also provided.

6.5.7 Outcome/Output:

6.5.7.1. Students Performance in Nation Examinations:

Students' performance in ICAR-JRF examinations in last five years

Sl. No.	Year	No. of students appeared for ICAR-JRF Exam	No of students selected for JRF	Total No of students joined CIFE, Mumbai with JRF/ Institutional Fellowship
1.	2016*	24	04	06
2.	2017	23	02	08
3.	2018	22	02	06
4.	2019*	26	03	07
5.	2020	27	01	06

*** ICAR-JRF All India Rank #1 in 2013, 2016 & 2019**

Student's performance in ICAR-NET Examination for last five years

SL. No.	Year of Examination	No. of students qualified
1.	2016	4
2.	2017	6
3.	2018	19
4.	2019	10

Sl. No.	Year	No. of students appeared for ICAR-SRF Exam	No of students selected for SRF	Total No of students joined CIFE, Mumbai SRF/ Institutional Fellowship
1.	2016	23	01	01
2.	2017	26	00	00
3.	2018	23	01	01
4.	2019	22	01	03
5.	2020	17	05	05

Student's performance in ICAR-SRF Examination in last five years

6.5.7.2. Students Placement profile (during past 5 Year):

Placement Profile	2016	2017	2018	2019	2020
Deputy Director of Instructions, CAU/ Associate Professor	1	-	-	1	-
Assistant Professor	-	4	3	5	-
ARS Scientist	1	1	-	-	-
Entrepreneurs	-	-	-	3	-
Deputy Manager/ Asst. Manager in Banks	-	1	-	-	-
Bank Officer	-	-	1	1	-
Subject Matter Specialist, KVKs	-	3	2	3	3

Farm Manager/ Programme Manager/ Panchayat Secy/ LDC	2	2	-	1	4
Livestock & Farm Assistant	-	-	2	2	-
Research Analyst/ Others	2	1	3	1	7

Selection of students passed out from the college (either graduated or obtained M.F.Sc. degree) to the Agricultural Research Service (ARS)

Sl. No.	Year	Number of students selected in ARS	Obtained B.F.Sc.	Obtained M.F.Sc.
1.	2016	01	-	01
2.	2017	01	01	-

6.5.7.3. Awards/ Recognitions/Certificates:

Information on awards/Recognitions/Certificate for faculty in the last five years:

Sl.No	Year	Name of the faculty	Awards
1.	2016	Dr. Atanu Sarkar Professor	Rastriya Gaurab Award
2.	2016	Dr. Dibyendu Kamilya Assistant Professor	Awarded "Certificate of Outstanding contribution in reviewing" for the Elsevier journal 'Fish and Shellfish Immunology' in 2016 by Elsevier, The Netherlands.
3.	2017	Dr. Dibyendu Kamilya Assistant Professor	(i) Dr. M.S Swaminathan award for Best Indian Fisheries Scientist award by Professional Fisheries Graduate Forum, India (ii) Awarded "Certificate of Outstanding contribution in reviewing" for the Elsevier journal

			'Aquaculture' in 2017 by Elsevier, The Netherlands.
4.	2017	Dr. Arun Bhai Patel Professor	(i) Invited member of expert panel "GAqP for fresh water Aquaculture, under Fish Fisheries and Aquaculture Sectional Committee,FAD 12 (ii) Certificate of outstanding contribution in reviewing in recognition of contributions from Aquaculture (Elsevier) made to the quality of the journal.
5.	2017	Dr. Naresh Kumar Mehta Assistant Professor	Best Ph.D. Thesis Award from CIFE, Mumbai.
6.	2018	Dr. Anindya Sundar Barman Assistant Professor	Zoology Congress Medal
7.	2018	Dr. S. Khogen Singh Assistant Professor	Zoology Congress Medal
8.	2018	Mrs. Bhani Dhar Assistant Professor	2nd prize for oral presentation on International Symposium.
9.	2018	Dr. S.S. Mahananda Assistant Professor	2nd prize for oral presentation on International Symposium.
10.	2019	Dr. Himadri Saha Assistant Professor	Young Scientist Award
11.	2019	Dr. Amitava Ghosh Assistant Professor	CWSS - Young Scientist Award.
12	2019	Mr. Tanmoy Gon Choudhury Assistant Professor	Best (first) participate in the winter school on "Advanced Molecular Techniques in Fish Disease Diagnosis and Management in Freshwater Aquaculture, Bhubaneshwar.
13.	2019	Dr. Anindya Sundar Barman Assistant Professor	Best oral presentation award in National Seminar on Biodiversity- issue challenges and opportunity.

14.	2020	Dr. Janmejay Parhi Assistant Professor	(i) Prof. Harswaruo Medal. (ii) Dr. S. Ayyappan Gold Medal.

Awards/recognition/certificates for students:

Sl. No.	Year	Events	Awards
1	2016	3rd CAU Inter Collegiate Youth Festival 2016	Runners up
2.	2017	18th AGRI-UNIFEST 2017-18	Mr. Sourav Debnath of the stood 2nd position in Quiz team event.
3.	2017	4th CAU Inter Collegiate Youth Festival	Overall Team Champion

6.5.7.4. Employability:

The foremost requisite for a professional student to succeed in their carrier is the personality development alongside, a thorough understanding of the subject with respect to their skills. The students of the college are exposed to theoretical as well as practical understanding of the subjects with the available infrastructure and laboratory facilities. The students are also very much exposed to the industry related programs during their in-plant attachment. It is also to be noted that the students' READY program, which is a part of the academic curriculum, is entrusted to learning cum doing exercise to attain self confidence in organizing and successfully running an aquaculture enterprise and to enable skill-oriented activities once they are absorbed in various organizations. Apart from this, the college also organizes various personality cum skill development short training workshops exclusively for the students to enhance their skill and to impart confidence and discipline which are necessary for appearing in various interviews. On a large, students have given a positive feedback and suggestion for more program in future too. A very important thing to mention related to this subject is the importance of rural awareness programme of the student which is targeted towards understanding the rural situation and to strengthen their decision-making abilities with respect to various socio-economic program ahead in their future career. In short, the training, skills and personality development programs imparted to the students during the entire course tenure have resulted in an enhanced employability.

I, **Prof. Ratan Kumar Saha** the Dean, College of Fisheries, Lembucherra, hereby certify that the information contained in Sections 6.4 and Section 6.5.1 to 6.5.7.4. are furnished as per the records available in the College and degree awarding university.

Signature of the Dean of the College with Date & Seal

6.4. Self-Study Report for the Undergraduate (B.F.Sc.) Programme

The four-year undergraduate programme i.e., Bachelor of Fisheries Science (B.F.Sc.) is offered by the College of Fisheries, CAU, Tripura. The programme comprises of ICAR-approved common course curriculum, syllabi, Student READY programme, Experiential Learning Programme (ELP), and other recommendations of the ICAR Fifth Deans' Committee. The programme is being implemented as per the guidelines issued by the ICAR from time to time with the due approval of the Board of Studies and Academic Council of the University. As per the stipulated guidelines, the details of the self-study report in respect of the B. F. Sc. programme are given below:

6.4.1. Brief history of the degree programme

The fisheries degree programme is being offered by the Central Agricultural University (CAU) in one of the constituent Colleges at Lembucherra, Tripura. Since Tripura has rich traditions and greater potentialities of fisheries as compared to all other North-Eastern states under its jurisdiction, the CAU, Imphal decided to establish the College of Fisheries in the state of Tripura. As per the CAU Ordinance/Statute/Act. 1992, No. 40 dated 26th December 1992, the College of Fisheries started functioning from 3rd October, 1998 at SIPARD Building, Camper Bazar, Agartala and became the 12th Fisheries College of the country established under the Department of Agricultural Research and Education (DARE), Ministry of Agriculture and Farmers' Welfare, Govt. of India. The college was shifted to its campus at Lembucherra in September 2001. The present campus of the college at Lembucherra has a total area of 54.72 acres and is about 10 km from Agartala International Airport and 15 km from the Agartala Railway Station. The college has been imparting quality education, research, and extension activities in different disciplines of fisheries and aquaculture as envisaged by the agricultural education system.

For admission to the B.F.Sc. course, the candidate should pass 10+2 examination with 50 % marks for UR and 40 % marks for ST/SC in PCB, should be a permanent resident or domicile of any one of the seven North East State of India namely Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, and Tripura. As per the allotted seats, different NE states send their nominee based on marks/common entrance examination conducted by the concerned NE states. Fifteen percent (15%) of the approved number of seats is filled up by the candidates nominated by ICAR, selected based on the All-India Entrance Test (AIET) conducted by the ICAR, or as amended from time to time by ICAR. In addition, another ten (10) seats for the B.F.Sc. programme is higher fee payment seats open to Indians and selected based on mark basis.

Objective of the degree programme

- To produce globally competitive graduates and post-graduates in fisheries sciences.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the graduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate the startups, aqua-entrepreneurship, and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

The College, which started with just five (5) students as the first batch with nine (9) faculties on deputation from the Department of Fisheries, Government of Tripura in 1998, has emerged as one of the best fisheries colleges of the country within a relatively short period, as evident by large numbers of its graduates topping/cracking ICAR-JRF examination and securing PG admission in one of the premier fisheries institutions, ICAR-CIFE, Mumbai and in other colleges/Universities as well. A large number of alumni (UG – 37; PG – 4; Total 41 nos.) of this college have also joined the highly competitive Agricultural Research Services (ARS) of the country besides occupying important positions in the developmental organizations. The college has steadfastly been catering to the diverse research needs of sustainable fisheries and aquaculture, and allied fields including value addition, value chain analysis, and socio-economic upliftment of farmers. The research efforts have resulted in the development and/or improvement of several technologies and packages of practices for improving yield and enhancing the farmers' income. On the other hand, the thematic framework of outreach components of the college has effectively contributed to the social empowerment, economic empowerment, multi-institutional partnership mode intervention, and policy advisory for addressing various issues of fisheries and aquaculture in the region.

6.4.2. Faculty strength

As per faculty recommended by ICAR Fifth Deans' Committee the faculty strength of College of Fisheries, Lembucherra is sufficient for academic requirement of the college.

S. No.	Sanctioned faculty	Faculty in place	Vacant position	Faculty recommended by the **ICAR**/UGC/ VCI/ other regulatory bodies
1	Professor	2	3	7
2	Associate Professor	7*	2	11
3	Assistant Professor	18	4	20
Total		**27**	**9**	**38**

*2 promoted as Professor under CAS

6.4.3. Technical and supporting staff

The technical staff and other supporting staff of College of Fisheries, Lembucherra are attached with the Dean's office for administrative, convenience and are being allotted to other departments as per requirements. Other than these staffs Skilled and Unskilled labours are hired on contractual basis. The administrative and accounts staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office.

Department	Technical and Supporting Staff
1. Aquaculture	06
2. Aquatic Health & Environment	05
3. Fish Processing Technology and Engineering	05
4. Fish Genetics & Reproduction	07
5. Extension and Social Sciences	06
6. Fisheries Resource Management	06
Total	**35**

6.4.4. Classrooms and laboratories

Classrooms:

Four (**04**) ICT-enabled class rooms with a sitting capacity of 50 each are available for conducting regular theory classes. The classrooms are equipped with white board/green board, overhead projectors, computer, LCD projectors, large-screen computer display system. Besides, one (**01**) smart classroom (with a seating capacity of 64) has recently been developed with all modern ICT-enabled facilities including digital podium, interactive touch panel, two movable cameras, lecture platform and CCTV.

ICT-enabled UG Class Room

Smart Classroom

Laboratories:

A total of **38** functional laboratories/units are available in the college. All the academic departments have their own laboratories for conducting practical classes. The list of major equipment, laboratories, farm facilities, workshops and other instructional units are given below:

S. No.	Name of the Lab / Facility	Major Equipment available/Particulars
1	UG Laboratory (6 nos.) Water and Soil Chemistry Laboratory Disease Microbiology Laboratory Quality Control Microbiology Laboratory Biochemistry Laboratory Fish Processing and Engineering Laboratory (4 nos.)	• Inorganic nutrient flow-analyzer • UV-VIS Lux-meter • Analytical Balance • Moisture meter • Muffle furnace • Bomb calorimeter • Multimode spectrophotometer • Laminar Flow Bench • CO_2 incubator • Multi Parameter Water Analyser • Refrigerator • Nitrogen evaporator • Solid phase extraction unit • Flame Photometer • pH Meter • S-T-C Meter • BOD incubator • Deep freeze -20ºC • Bacteriological Incubator • Auto Blood Analyzer • Dark field Microscope • Inverted Microscope • Realtime PCR • PCR • Refrigerated centrifuge • Tissue Homogenizer • Ice-flacking machine • TS Extruder • Muscle Texture Analyzer • Silent cutter • Complete canning line • Air-blast Freezer • Ellab thermal validation system • Overpressure retort • Rotary vac. Evaporator • Micromanipulator
2	Central Instrumental Facility	• HPLC • AAS • GC-MS • Histopathology unit with Automatic Tissue processing,

		• Tissue embedder • Semi-automatic microtome • Inverted microscopy with image capturing system • Fluorescent microscope with image capturing system • Deep freezer -80ºC • Auto Fiber analyzer • Auto Nitrogen analyzer • Water purification system
3	Central Molecular Biology laboratory under Centre of Excellence in Fisheries & Aquaculture Biotechnology (COE-FAB)	• Electrophoresis Unit, • Deep freezer -20ºC • Ultra-freezer -80ºC • Gene sequencer • Water purification system • Multi chamber Water bath • Hybridization Oven • Phase Contrast Microscopes with image capturing system • Stereo zoom Microscope with image capturing system • Sonicator • Refrigerated Centrifuge • Western Blot • Gradient PCR • Gel-Doc system • Nanodrop • Colour analyzer • Nutrient Auto Analyser • PCR cabinet • UV-cross linker • Rotary vac. Evapourator • Incubator
4	Biotech Hub	• Molecular spectrophotometer • Electrophoresis apparatus • Gel doc • PCR machine • Cooling centrifuge • pH meter, incubator • Micropipettes • Realtime PCR • Blotting apparatus • Microinjector • Water bath • Laminar flow

5	Aquacultural Engineering workshop	• Centrifugal Pumps • Submersible Pumps • Engineering Tools • Different parts of Refrigerator • Different parts of 2 stroke engine and 4 stroke engines • Single wheel Paddle aerators • Double wheel paddle aerators etc.
6	Aqua Wet Laboratory • Ornamental fish breeding Unit • Nutrition	• FRP Tank (1000 L) – 60 nos. • FRP Tank (500 L) – 55 nos. • Glass Aquariums – 260 nos. of different sizes • Aeration Facility • 100-liter Plastic Tanks with Lid
7	Aquatic Animal Health Wet Lab	• Glass Aquariums • Aeration facility • FRP Tanks
8	Freshwater Fish Farm	• Twenty-six (26) Earthen Ponds of different sizes with total water area of 2.1 ha • Paddle Wheel Aerators • FRP boat • Integrated Fish Farming Models with Pig and Poultry sheds • Water pump sets • Nets etc.
9	Carp Hatchery Complex	• Overhead Tanks – 80,000 liters • Breeding Pools –2 nos • Hatching Pool – 6 nos • Egg/spawn collection Chamber
10	Freshwater Prawn Hatchery	• Larval raring Tank – 12 Circular • Larval raring Tank – 8 Rectangular • Biofilter unit • Aeration unit • Artemia Hatching facility
11	Outdoor Cement tank Facility	• Cement Tanks (20 sq. m) – 54 nos. • Cement tank (10-15 sq. m) –21 nos. • Cement Tanks (2-3 sq. m) – 30 nos. • FRP Tank (200 L) – 30 nos.
12	Feed Mill (150 kg/hr)	• Twin-Screw Extruder • Grinder • Mixer • Dryer • Oil Sprayer • Drum Roller etc.
13	Biofloc Demonstration Unit	• 10,000-liter tank • Aeration Unit
14	Pabda Broodstock Unit	• Cemented Pools (10,000 L) – 3 nos. • FRP Tanks (500 L) – 12 nos.

15	Simulated poly-house breeding Unit	• Flow-through lotic simulated riverine system, • Incubation pool housed in plastic poly-house
16	Bioinformatics Lab with AC	• 12 no. of Desktop • Server - 2 • 5 KVA UPS • Scanner • Photocopier • Application software (SPSS-22, R software) • ASFA Database • Bioinformatics Software • Seating facilities for 20 students • High-speed internet connectivity
17	Computer Lab with AC	• 15 no. of Desktop • 5 KVA UPS • Seating facilities for 30 students • High-speed internet connectivity
18	Language Lab with AC	• 30 no. of Desktop • 10 KVA UPS • Language Software • Microphone • Computer Table and Chair with Seating capacity of 30 students • High-speed internet connectivity
19	ATIC	• Information cum Reception counter • Product sale counter • Technology display • Conference Room with all facilities • Training Hall • Bar coded Fish Museum • Fish Aquarium • Faculty rooms • Staff room • High speed internet connectivity
20	Fish Museum including a barcoded fish museum	• The fish museum has 326 finfish and shellfish species • Displayed with scientific information. • The barcode museum contains 297 fish species.
21	Mobile Fish Clinic	• A dedicated vehicle fully furnished with water & soil quality analysis as well as disease diagnosis tools for field/mobile monitoring
22	Automatic Weather Station	• Automatic Weather Station with Digital Monitor
23	Incubation Room	• Fully furnished with audio-visual aids, • Conference public address system • Seating capacity of 32

6.4.5. Conduct of practical and hands-on training

All the department has well established laboratories equipped with instruments and other facilities to conduct practical classes and imparting hands-on training. Besides the designated UG laboratories, several other specific laboratories available with the departments are effectively utilized for imparting hands-on practical exposure to the UG students. Additionally, one central laboratory and laboratory facilities under the Centre of Excellence (COE) project supports hands-on practical exposure to the students. Under the compulsory course work allotted, the students are trained on various need-based and curriculum oriented hands-on practical on various aspects. To assist the practical classes, all the department have laboratory assistants in place. The Student READY Programme for B.F.Sc. final year students comprised In-plant attachment, Rural Fisheries Work Experience Programme, All India Study Tour, Skill Development component as well as Experiential Learning Programme (ELP) under three departments and Project work.

6.4.6. Supervision of students in PG/Ph.D.

Not applicable

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The students give their feedbacks about the course, the quality and other attributes of the faculty at the end of the semester. The alumni of the college have expressed their satisfaction regarding various theoretical as well as practical knowledge they have gained during their degree programme. Besides student, parents also sometimes express their happiness, particularly the way their wards have been trained. The students have been well received by the professional experts during the interview for selection of positions in the developmental organizations. Additionally, the faculties of the department impart training and conduct awareness programmes for the farmers who give feedbacks after completion of the programme. The feedbacks taken from them are critically examined and necessary measures are taken to address the issues. Some of the feedback received from visiting dignitaries is enclosed as Annexure – I.

6.4.8. Student intake and attrition in the programme for the last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
B.F.Sc.	31	40	45	44	48	9.67%	15%	11.11%	9.09%	18.75%

6.4.9. ICT application in curricula delivery

Different pedagogical approaches are followed in the teaching and learning process. All the classrooms are equipped with computer with internet connectivity and presentations/videos are delivered to the students. Computer-aided methods like PowerPoint Presentation are used as per need of the topic and for interactive teaching. Sometimes multimedia aids are also used to make things more plausible to the students, particularly short animation films depicting a scientific process are shown to the students. LMS (Learning Management System) like Google Classroom are used for sharing information and study materials (ppt/notes/videos) to the students. Students are exposed to different educational videos on different aspects of fisheries. Students are encouraged to explore and enroll in different MOOC (Massive Open Online Courses) platforms (eg: swayam). Different cloud based collaborative educational tools, Open Educational Resources (OER) and online Platforms (Google Meet/ Skype/Zoom) are used and encouraged for promoting blended learning among the students.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date & Seal

6.4. Self-Study Report for Masters Programme in Aquaculture

6.4.1. Brief History of the Degree Programme

The Department of Aquaculture is one of the core departments of the College of Fisheries, CAU (I) and is at the forefront of sustainable aquaculture technologies and augmentation of aquaculture productivity in the northeastern region which is greatly deficit in local fish production as well as food and feed grain production. In this regard, the department is actively engaged in UG and PG teaching and research as well as capacity building of the line department officials and master trainers of NGOs. Emphasis is always on to make all these programmes relevant to field conditions. The department has been offering "**Master of Fisheries Science (Aquaculture)**" programme w.e.f. Academic Year 2010-11 (Intake: 05) as per the model PG syllabus of ICAR, New Delhi. Under this postgraduate degree programme, 22 credits comprising of eight major core and optional courses are offered from this discipline apart from other minor, supporting courses, along with Master's Seminar and Master's Research. The main focus of research efforts of the department of aquaculture is to develop, evaluate and refine aquaculture technologies and/or package of practices for food and ornamental fishes utilizing local aquatic and agro-bio-resource that can be adopted by farmers of the northeastern region. Towards this, the department has developed/is developing complete package of seed production, nursing, rearing and grow-out practices and feed and feeding of priority food and ornamental fishes with local bio-resources so as to make the production and productivity enhancement sustainable in true sense.

Objective of the degree programme

- To produce globally competitive postgraduates in Aquaculture.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the postgraduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate the startups, aqua-entrepreneurship, and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

The Department of Aquaculture has successfully implemented five (05) intramural and two (2) externally funded research projects while another five (05) projects sponsored by DBT, RKVY-RAFTAAR and NFDB are currently ongoing supporting the PG research programme.

Thirty-eight (38) scholars have graduated from the department and are either employed in universities, state fisheries departments, aqua-industry or pursuing higher studies. A systematic table of the pass-out scholars with their current position is annexed below.

University Faculty	State Department	NGO	Project JRF	Pursuing Ph.D.
2	26	2	2	6

6.4.2. Faculty strength

The faculty strength of the Department of Aquaculture is given below.

S. No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by the ICAR/UGC/VCI/other regulatory bodies
1	Professor	1	1	-	1
2	Associate Professor	1	1	-	2
3	Assistant Professor	3	3	-	3
Total		**5**	**5**	**0**	**6**

6.4.3. Technical and supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Livestock cum Farm Assistant	2
2	Field cum Laboratory Assistant	2
Supporting staff		
3	Multi-Tasking Staff	2

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. Classrooms and Laboratories

The Department has a fully furnished classroom equipped with large digital monitor, projectors etc. with a seating capacity of 22 scholars to conduct PG courses. In addition, Incubation Room which is fully furnished with audio-visual aids, Conference Public Address System and seating capacity of 32 persons is available in the department. Apart from the common laboratory facilities of the college such as Central Instrumental Facility, Central Molecular Biology laboratory etc. the main laboratory, field and other facilities for PG research of the department are as under:

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Inorganic nutrient flow-analyzer • Kjeltec • Soxtec • Fibertec • YSI multi-water quality sonde • UV-VIS Spectrophotometer • DO-meter

		• pH-meter • Lux-meter • Hot Air Oven • Muffle Furnace • Electronic Balance • Microscopes etc.
2	Aqua Wet Lab / Ornamental Fish Lab	• FRP Tank (1000 L) – 50 nos. • FRP Tank (500 L) – 30 nos. • Glass Aquariums – 130 nos. of different sizes • Aeration facility
3	Freshwater Fish Farm	• Eleven (11) Earthen Ponds of different sizes with total water area of 1.3 ha • Paddle Wheel Aerators • FRP boat • Integrated Fish Farming Models with Pig and Poultry sheds • Water pump sets • Nets etc.
4	Outdoor Research Cement Tank Facility	• Cement Tanks (20 sq.m) – 54 nos. • Cement tank (10-15 sq. m) – 21nos. • Cement Tanks (2-3 sq.m) – 30nos.
5	Feed Mill (150 kg/hr)	• Twin-Screw Extruder • Grinder • Mixer • Dryer • Oil Sprayer • Drum Roller etc.
6	Biofloc Demonstration Unit	• 10,000-liter tank • Aeration Unit
7	Pabda Broodstock Unit (Shared facility with Dept. of FGR)	• Cemented Pools (10,000 L) – 3 nos. • FRP Tanks (500 L) – 12 nos.
8	Simulated poly-house breeding Unit	• Flow-through lotic simulated riverine system, • Incubation pool housed in plastic poly-house
9	Incubation Room	• Fully furnished with audio-visual aids, • Conference public address system • Seating capacity of 32

6.4.5. Conduct of Practical and Hands-on Training

The department has well established laboratories and field facilities to support postgraduate research. A separate PG laboratory is in place which is fully dedicated for student's research purpose only. Additionally, the state-of-the-art Central Instrumental Facility, Central Molecular Biology laboratory facilities setup under the Centre of Excellence (COE) programme supports hands-on practical knowledge to orient the scholar into futuristic research mind-sets. Considering the fact that the department is mostly focused on production-oriented research, experimental set-ups are carried out in fields (ponds/cemented tanks) to grasp an absolute understanding of the generated data. Under the compulsory course work allotted to the scholars, students are trained on various need-based and curriculum oriented hands-on practical on water quality monitoring, feed formulation and preparation, biochemical analysis of feed/flesh, immunological assays etc. To assist the practical classes, the department has two laboratory assistants in place.

6.4.6. Supervision of students in PG programme

The department has started the postgraduate programme since 2010 and Ph.D. programme recently (2020). The number of scholars enrolled for the postgraduate programme is 05 including the ICAR seats. All faculties in the department have Ph.D. and higher degree and are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No	Name of Faculty	Designation	Qualification	Area of specialization
1	Dr. Arun Bhai Patel	Professor & Head	B.F.Sc., M.Sc. (AQC), Ph.D., Post Doc. (Japan)	Fish Nutrition, Aquaculture Environment & Management
2	Dr. Gusheinzed Waikhom	Associate Professor	B.F.Sc., M.F.Sc. (AQC), Ph.D., Post Doc. (USA)	Species Diversification, Endemic Species, Cage culture, Mariculture, Brackishwater aquaculture
3	Dr. Pradyut Biswas	Assistant Professor	B.F.Sc., M.F.Sc. (AQC), Ph.D., Post Doc. (Japan)	Inland/Reservoir aquaculture, Catfish & Ornamental Fish Seed Production, Biofloc Tech.
4	Dr. Soibam Khogen Singh	Assistant Professor	B.F.Sc., M.F.Sc. (AQC), Ph.D.	Freshwater aquaculture Alternative Feed Resources, Live Feed Production, Nutritional Biotechnology
5	Dr. Sampa Baidya	Assistant Professor	B.F.Sc., M.F.Sc. (AQC), Ph.D.	Organic Aquaculture, Integrated Farming System

Sl. No	Name of Faculty	Post Held	Highest qualification	Teaching/ work experience (in years)	Honours & awards	No. of students guided (PG/PhD separately)	No. of publications in NAAS rated journals
1	Dr. A.B. Patel	Professor & Head	Ph.D., Post Doc. (Japan)	21 years	3	PG-18	Research Paper – 35
2	Dr. Gusheinzed Waikhom	Associate Professor	Ph.D., Post Doc. (USA)	14 years	1	-	Research Paper – 14
3	Dr. Pradyut Biswas	Assistant Professor	Ph.D., Post Doc. (Japan)	12 years	3	PG-6	Research Paper – 19
4	Dr. S. Khogen Singh	Assistant Professor	Ph.D.	9 years	5	-	Research Paper – 22
5	Dr. Sampa Baidya	Assistant Professor	Ph.D.	8 years	1	-	Research Paper – 7

The allotment of PG students to faculties for supervision is as per CAU regulation. The allotment of students is by constitution of advisory committee and allotment of research title keeping in mind the interest of the student.

Sl. No.	No. of eligible faculty for guidance	Intake capacity	Faculty/Student ratio

List of Students Awarded M.F.Sc. (Aquaculture) Degree (2016-2020)

S. No.	Name	Title of Thesis	Year
1.	Ms. Shilpika Gogoi	Effect of dietary *Wolffia arrhiza* and *Spirulina platensis* on performance and pigmentation of *Botio Dario* (Hamilton ,1822)	2016
2.	Ms. Man kumara Subba	Interactive effects of stocking density and dietary protein level on growth performance of Amur common carp (*Cyprinus carpio*) under semi-intensive culture system	2016
3.	Mr. Manmohan Kumar	Evaluation of tapioca tubers as local starch source in fish feed of *Osteobrama belangeri* (Valenciennes, 1844)	2016
4.	Mr. Satyajit Das	Effects of larval and fry stocking on growth performance of butter catfish, *Ompok bimaculatus* (Bloch, 1974)	2016
5.	Mr. Naresh Raj Keer	Standardization of stocking density of spawn and fry of *Cirrhinus reba* (Hamilton, 1822) under semi-intensive culture system	2016
6.	Ms. N. Surjobala Devi	Evaluation of optimum dietary protein level for fingerling *Osteobrama belangeri* (Valenciennes, 1844) using semi purified diet	2017
7.	Ms. Atiya Niyazi	Standardization of stocking density for seed rearing of *Osteobrama belangeri* (Valenciennes, 1844)	2017
8.	Mr. Atul Sinha	Evaluation of mixed feeding schedule using artificial feed and fresh *Wolffia arrhiza* for *Osteobrama belangeri* (Valenciennes, 1844)	2017
9.	Mr. Nikhlesh Ghritlahre	Evaluation of fresh *Wolffia arrhiza* (L.) as replacement of artificial feed in carp polyculture system	2017
10.	Ms. Priya Rawat	Evaluation of different feed attractants on seed seed rearing performance of *Ompok bimaculatus* (Bloch, 1794)	2017
11.	Mr. Alok Kumar Jena	Effect of stocking density on growth performance, survival and production of pabda, *Ompok bimaculatus* (Bloch, 1794).	2018
12.	Mr. Manoj Kumar	Effect of fertilization on growth performance, biochemical composition and nutrient uptake efficiency of *Wolffia globosa* (L.)	2018
13.	Mr. Rajkumar Debarjeet Singh	Evaluation of performance of *Osteobrama belangeri* (Valenciennes, 1844), *Cyprinus carpio haematopterus* and *Gibelion catla* (Heckel, 1843)	2018

	under semi-intensive monoculture and polyculture systems.	
14. Ms. Amrita Pradhan	Effect of feeding select carp fry with live *Wolffia globosa* and formulated feed on survival and growth performance under semi-intensive rearing system.	2018
15. Ms. Kalpana Arambam	Effect of photoperiod and light intensity on egg hatching and larval rearing performance of *Ompok bimaculatus* (Bloch, 1794).	2018
16. Ms. Purnapriya Suara	Interactive effects of stocking density and water depth on growth performance of Pengba, *Osteobrama belangeri* ((Valenciennes, 1844)	2019
17. Mr. Ritesh Chandravanshi	Evaluation of semi-intensive polyculture system of pengba (*Osteobrama belangeri*) and pabda (*Ompok bimaculatus*)	2019
18. Ms. Anamika Debnath	Effect of dietary L-tryptophan on survival, growth and cannibalism of *Ompok bimaculatus* post larvae	2019
19. Mr. Rohit Kumar	Effect of Protein/ Lipid ratio in diets on growth, feed utilization and flesh quality on *Ompok bimaculatus*	2019
20. Mr. Shubham Sahu	Effect of dietary L-tryptophan on maturation and GnRH gene expression in silver barb, *Barbonymus gonionotus* (Bleeker, 1849)	2019
21. Maibam Malemngamba Meitei	Evaluatiion of Indian Major carps as co-species in semi-intensive polyculture with Pabda (*Ompok bimaculatus*) as Dominant Species	2020
22. Sandeep Kumar Behera	Effect of Co-culture of *Wolffia globosa* on Performance of *Clarias batrachus* in a semi-intensive culture system	2020
23. Reshmi Debbarma	Optimization of Carbon to Nitrogen ratio during seed rearing of Pabda, *Ompok bimaculatus* (Bloch,1974) in a biofloc system	2020

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The passed-out scholars have expressed their satisfaction on the various theoretical as well as field-based work they have rendered during their curricula. The field-based learning and integrated analysis of the various seed rearing practices, pond culture and feeding aspects have enabled their skills with descent contribution in their respective job positions. The scholars, especially those joining PG programme after completing their UG programme in other universities have been impressed to see the research infrastructure and instrumentations. They honestly confess that their former colleges do not have such infrastructure for practical oriented learning. The existing infrastructures are optimally being utilized for teaching. The resultant graduates have been well received by the professional experts during the interview for selection of faculty, line department officials or NGOs in different states including Assam, Tripura, Manipur, Chhattisgarh, Orissa, etc. For that matter, the department has till now produced 38 nos. of postgraduates since its inception in 2010 and all the students have been well placed. The students remain in touch and express their field experience during the PG program highly handy in addressing the farmers' problems. The farmer related problems of the NE region are mostly undertaken

for their dissertation work and have been delivered satisfactorily. The focal area of research includes seed rearing, grow-out production, nutrition and feed technology, sustainable production system etc.

6.4.8. Student intake and attrition in the programme for the last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
M.F.Sc. (Aquaculture)	5	5	3	4	5	0%	0%	0%	0%	0%

6.4.9. ICT application in curricula delivery

The department has a dedicated classroom with modern tools. Lectures are delivered using computer projected PPTs. ICT application are applied in form of online classes delivered via media like Google Meet, Skype. The students are provided online materials for self-preparation.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

6.4. Self-Study Report for Masters Programme in Aquatic Animal Health

6.4.1. Brief history of the degree programme

The 'Department of Aquatic Health and Environment' under the College of Fisheries, Lembucherra started functioning since the inception of the college in 1998. The department was initially named as 'Fish Diseases and Environmental Monitoring Department' and later on renamed twice as 'Department of Fish Health and Environment' and 'Department of Aquatic Animal Health and Environment, respectively. It was only during 2014 that the present name was adopted. The department has been offering **Masters' degree** in the discipline of '**Aquatic Animal Health**' since 2007. The department is also mandated with carrying out research in frontier areas of 'Aquatic Animal Health' and 'Environment' besides conducting training and other extension interventions for the end users.

Objective of the degree programme

- To produce globally competitive postgraduates in Aquatic Animal Health.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the postgraduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate the startups, aqua-entrepreneurship, and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

Till now, the department has produced 28 postgraduates since its inception and all the students have been well placed. The placement status of the PG students from the department is annexed below.

Scientist/ Faculty	State Department/Technical	NGO/Project	Pursuing Ph.D.
4	15	4	5

6.4.2. Faculty strength

The faculty strength of the Department of Aquatic Health and Environment is given below.

S. No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by the ICAR/UGC/VCI/other regulatory bodies
1	Professor	1	-	1	1
2	Associate Professor	1	1*	-	1
3	Assistant Professor	3	4	-	2
Total		**5**	**5**	**1**	**4**

* Promoted to Professor under CAS

6.4.3. Technical and supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Livestock cum Farm Assistant	1
2	Field cum Laboratory Assistant	1
Supporting staff		
3	Multi-Tasking Staff	2

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. Classrooms and laboratories

Apart from the common laboratory facilities of the college such as Central Instrumental Facility, Central Molecular Biology laboratory etc. the main laboratory, field and other facilities available for PG research of the department are as under:

S. No.	Name of the laboratory	Major Equipment available/Particulars
1.	UG Teaching Laboratory	• Automatic weather station, • Analytical Balance, • Moisture meter, • Muffle furnace,
2.	PG Research Laboratory	• Bomb calorimeter, • Multimode spectrophotometer, • ELISA reader, • CO2 incubator, • Research Microscopes with photography, • Auto Blood Analyzer, • Tissue Homogenizer.
3.	Water and Soil Chemistry Laboratory	• Multi Parameter Water Analyzer, • High Seeped Centrifuge, • Refrigerator, • Nitrogen evaporator, • Solid phase extraction unit,

		• Flame Photometer, • pH Meter, • S-T-C Meter, • BOD incubator, • Deep freezer (-20ºC)
4.	Microbiology Laboratory	• Laminar Flow Bench • Bacteriological incubator • Freeze • Cold Centrifuge • Vertical autoclave • CO2 incubator
5.	Molecular Biology Laboratory	• Refrigerated centrifuge • Gradient PCR • Real-Time PCR • Gel-Doc system • Electrophoresis Unit • Ice-flacking machine
6.	Pharmacology and Toxicology Laboratory	• Solid phase extraction unit • Nitrogen evaporator • Tissue Homogenizer • ELISA reader • ELISA washer • Bomb calorimeter • Automatic Bomb calorimeter
7.	Heamatology and Immunology Laboratory	• Auto Blood Analyzer • Refrigerated centrifuge • Ice-flaking machine • Multimode spectrophotometer
8.	Wet Laboratory	• Aquarium with stand and aeration facilities • FRP tanks • Syntex tanks
9.	Automatic Weather Station	• For monitoring and recording the weather parameter on regular basis.
10.	Mobile Fish Clinic	• For on field sampling and diagnosing/testing of fishes and water

6.4.5. Conduct of practical and hands-on training

The department has well established laboratories and wet laboratory to conduct practical classes and imparting hands-on training. The laboratories are well equipped with instruments and other facilities to support postgraduate research. Recently, three specific laboratories (Water and soil chemistry, Microbiology and Molecular Biology laboratories) have been developed in the dept though a NFDB funded Scheme 'Development of Aquatic Animal Health Laboratory'. Additionally, the state-of-the-art central laboratory and laboratory facilities under the Centre of Excellence (COE) programme supports hands-on practical knowledge to the research scholars. Under the compulsory course work allotted, the students are trained on various need-based and curriculum oriented hands-on practical on immunology, microbiology, molecular biology, disease diagnosis, and water and soil parameter analyses. To assist the practical classes, the department has two laboratory assistants in place.

6.4.6. Supervision of students in PG

Sl. No.	No. of eligible faculty for guidance	Intake capacity	Faculty/student ratio
1.	4	5	0.8

The department has started the postgraduate programme since 2007. The number of scholars enrolled for this programme is 05 including the ICAR candidate. All faculties in the department are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No.	Name of Faculty	Designation	Qualification	Area of specialization
1.	Dr. Ratan Kumar Saha	Professor	M.Sc., IFDA, D.F.Sc., Ph.D.	Fish Eco-toxicology & Management
2.	Dr. Dibyendu Kamilya	Assistant Professor (SS)	B.F.Sc., M.F.Sc., Ph.D.	Fish Immunology, Microbiology, Fish health Management
3.	Dr. Himadri Saha	Assistant Professor	B.F.Sc., M.F.Sc. Ph.D.	Fish Parasitology, Fish Nutra-pharmacology, Aquatic pollution & toxicology

4.	Mr. Tanmoy Gon Choudhury	Assistant Professor	B.F.Sc., M.F.Sc.	Fish Disease Prophylaxis and Therapeutics

Sl. No	Name of faculty	Post held	Highest qualification received	Teaching/ Work experience (in years)	Honors and awards	No. of students guided (PG/PhD separately)	Publication
1	Dr. Ratan Kumar Saha	Professor & Head	Ph.D.	> 35 years	10	PhD-2 PG-11	Research papers - 50
2	Dr. Dibyendu Kamilya	Assistant Professor	Ph.D.	14 years	5	PhD-1 PG-10	Research Paper – 39
3	Dr. Himadri Saha	Assistant Professor	Ph.D.	9 years	5	PG-3	Research Paper – 30
4	Mr. Tanmoy Gon Choudhury	Assistant Professor	M.F.Sc.	11 years	8	-	Research Paper – 30

List of Students Awarded M.F.Sc. (Aquatic Animal Health) Degree (2016-2020)

S. No.	Name	Title of Thesis	Year
24.	Mr. Asish Kumar Sahoo	Effects of ketoconazole on patho-physiological responses in *Labeo rohita* (hamilton) fingerlings	2016
25.	Ms. Mukta Singh	Thesis title has been corrected as per synopsis effects of miconazole on patho-physiological responses in *Labeo rohita* (hamilton) fingerlings	2016
26.	Ms. Auroshree Biswal	Effects of mebendazole against gill monogenean in *Labeo rohita* (hamilton) fingerlings	2016
27.	Mr. Biswanath Kheti	Effects of dietary supplementation of biofloc on immunity and disease resistance of rohu, *Labeo rohita* (hamilton)	2016
28.	Mr. Sukham Tushiba Singh	Dietary Effects of Heat-Killed Bacillus amyloliquefaciens on Immunity and Disease Resistance of Catla, *Catla catla* (Hamilton)	2016
29.	Md. Idrish Raja Khan	Efficacy of Bamboo (*Melocanna baccifera* (Roxburgh) Kurz, 1875) Extract in *Labeo rohita* (Hamilton, 1822) Fingerlings against Fungal infection under Low pH Stress	2017
30.	Mr. Rahul Kumar	Influence of Chitin on Immuno-biochemical Responses and Resistance of *Labeo rohita* (Hamilton) Infected with Gill Monogeneans	2017
31.	Ms. Narinder Kaur	Kinetics of Systemic and Mucosal Immunity and Haematological Indices of *Catla catla* (Hamilton) Challenged with Gill Monogeneans	2017
32.	Mr. Bhupendra Chouriya	Evaluation of *Millettia pachycarpa* (Benth.) Plant Extract as a Piscicide against Weed Fish	2018

33. Ms. Arambam Ashwini Devi	Effects of Anesthetic and Transportation Dose of Clove Oil and Tricaine Methanesulfonate (MS-222) on Physiological Responses of Rohu (*Labeo rohita*)	2018
34. Mr. C. Laltlanmawia	Dietary Supplementation to Ameliorate the Effect of Waterborne Iron and Low pH Toxicity in *Labeo rohita* (Hamilton)	2018
35. Ms. Wangkheimayum Malemnganbi Devi	Effects of Cordyceps militaris Spent Mushroom Substrate Based Nutraceutical Mixture on *Labeo rohita* (Hamilton, 1822) against *Aeromonas hydrophila* Infection	2019
36. Mr. Surajkumar Irungbam	Effect of Feed Deprivation on Immuno-Hematological Responses and Resistance of *Labeo rohita* (Hamilton, 1822) during Induced *Aeromonas hydrophila* Infection	2019
37. Mr. Manu Mog	Effect of Oxytetracycline on *Labeo rohita* (HAMILTON, 1822) Infected with *Aeromonas hydrophila*	2019
38. Ms. Songhita Paul	Iron Mediated Stress in *Osteobrama belangeri* (Valenciennes, 1844)	2020
39. Mr. Yumnam Abungcha Mangang	Effect of Un-ionized Ammonia on Pathophygiological Responses of *Osteobrama belangeri* (Valenciennes, 1844)	2020
40. Mr. Arpit Acharya	Evaluation of Mahua Oil Cake Extract as a Therapeutic Agent against *Argulus* Infection in *Cyprinus carpio* (Linneaus, 1758)	2020

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The alumni of the department have expressed their satisfaction regarding various theoretical as well as practical knowledge that they have gained during their degree programme. Besides student, parents also sometimes express their happiness, particularly the way their wards have been trained. The students who come from a different university to join the department's PG and Ph.D. programme are overwhelmed to see the research and other infrastructural facilities. They honestly confess that their former colleges do not have such infrastructure for gaining practical knowledge. The PG students have been well received by the professional experts during the interview for selection of scientists, assistant professors, line department officials or NGOs. Additionally, the faculties of the department impart training and conduct awareness programmes for the farmers. The request from the farmers to conduct training again after few months shows their satisfaction. In fact, many a times, they directly call the faculty members to solve their problems related to fish health and environment related aspects. It clearly shows their satisfaction from their first interaction with the faculty members. The feedbacks taken from them are critically examined and necessary measures are taken to address the issues.

6.4.8. Student intake and attrition in the programme for the last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
M. F. Sc. (Aquatic Animal Health)	5	5	4	5	5	40%	40%	25%	0%	0%

6.4.9. ICT application in curricula delivery

Computer-aided methods like PowerPoint Presentation are used as per need of the topic and for interactive teaching. Sometimes multimedia aids are also used to make things more plausible to the students, particularly short animation films depicting a scientific process are shown to the students.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

6.4. Self-Study Report for Masters Programme in Fisheries Extension

6.4.1. Brief History of Degree Programme

In 2015, the 'Department of Extension and Social Sciences' was created under the College of Fisheries, Lembucherra by way of merging the two erstwhile Departments of 'Fisheries Extension' and 'Economics and Statistics' which had been in existence since inception of the college in 1998. Apart from being involved in imparting UG teaching leading to B.F.Sc. degree in congruence with the recommendation of the Fifth Dean's Committee, the Department has also been offering Masters' programme in 'Fisheries Extension' since 2010 as per the model PG syllabus of ICAR, New Delhi. Alongside, it is also mandated with carrying out research in relevant frontier areas as well as coordinating Extension Programmes, Extension Services and other outreach activities of the college. Under this degree programme, 40 credits comprising of eight courses are offered from this discipline apart from other minor, supporting courses, along with Master's Seminar and Master's Research. As prescribed, the discipline has the intake capacity of five (05) students including one (01) ICAR nominee.

Objective of the degree programme

- To produce globally competitive post-graduates in Fisheries Extension.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the post-graduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate startups, aqua-entrepreneurship and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

So far 22 students have passed out from the department. Many of them got employments such Faculty in Fisheries College, Fishery Officers in the State Departments, NGOs, JRF/SRF in Research Projects, Self-employed and few students are pursuing Ph.D.

6.4.2. Faculty Strength

The Department of Extension and Social Sciences comprises faculty with specialization in the disciplines of Agricultural/Fisheries Extension, Agricultural Economics and Agricultural Statistics. Under the offered discipline, four (04) faculties are eligible to guide PG students in 'Fisheries Extension' although all the seven (07) faculties have sufficient experience in the field of teaching and research in their respective discipline. The faculty strength of the department is given below:

Sl. No	Sanctioned Faculty		Faculty in Place	Vacant Position	Faculty Recommended by ICAR /UGC/VCI/other regulatory body
1.	Professor	1	1	-	1
2.	Associate Professor	2	2	-	1
3.	Assistant Professor	4	4	-	2
Total		**7**	**7**	**0**	**4**

6.4.3. Technical and supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Field cum Laboratory Assistant	2
2	Computer Operator	1
Supporting staff		
3	Multi-Tasking Staff	1

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. Classrooms and Laboratories

The department has well established laboratories for conducting UG/PG/PhD practical in the courses related to the Fisheries Extension, Fisheries Economics and Statistics. For UG practical departmental laboratories (Fisheries Extension and Fisheries Economics) are used while for PG and Ph.D. Courses Bioinformatics Lab is used.

Sl. No	Name of the facility	Facilities Available
1.	Fisheries Extension Laboratory	Seating facilities 30 students with white board, Audio-Visual Aids, OHP, internet connectivity.
2.	Fisheries Economics/Statistics Laboratory	Seating facilities 30 students with white board, calculators and internet connectivity.
3.	Language Lab	30 no. of Desktop, 10 KVA UPS, Language Software, Microphone, Computer Table and Chair with Seating facilities 30 students and high-speed internet connectivity

Fig. Language Laboratory under IDP

Fig. Bioinformatics Lab

6.4.5. Conduct of practical and hands-on training

Since in Fisheries Extension and Fisheries Economics courses many practical are field oriented hence the UG as well as PG students were provided exposure through field visits as per requirement. M.F.Sc. Fisheries Extension students are provided with practical exposures on different dimensions of fisheries extension as mentioned below:

Practical/ Hands on training	Description
Field visits in rural areas	Students are exposed to different rural situations; they are given practical exposure to study farm situations and to build good rapport with the farmers
Participatory approaches	Under the supervision of the faculty in the department, students conduct different extension activities of collecting farm information and data using different PRA tools
Group discussion farmers with	Students are also engaged in group discussion and brainstorming with farmers to understand the main issues faced by the farmers. They are also engaged in different extension activities performed under the MGMG programme to give them proper insight of the rural lives.
Usage of different extension communication methods	Students are engaged and supervised in preparation of different extension communication tools viz., preparation of leaflets, poster, charts, radio talk, etc
Visit at different institutes	Exposure visits to different organizations/institutes are conducted from time to time to provide them the knowledge on different development activities being formed by the concerned institute. KVK, Dept of Fisheries, ICAR, Cooperative societies, etc are some of the institutions which are visited by the students.
Farm Journalism	Students have been oriented towards journalistic views on different aspects of fisheries programmes and developmental interventions. They are exposed in delivering radio talk, script writing, new analysis, news writing and basics of news production, etc
Usage of different ICT tools	Students are made acquainted with usage of different instructional tools associated with extension communications. Usage of different multimedia tools, internet and web-based tools, cloud-based applications for communication, usage of Learning management Systems (LMS), etc
Adoption of different fisheries technologies	Students are also supervised in studying adoption behaviour of farmers on different fisheries technology/practices.
Training Need Assessment of fish farmers	For devising need-based programmes, students are acquainted with a standard methodology for training need assessment

Impact assessment of different fisheries programme	As part of course curricula, students have been sensitized in different tools of impact assessment viz., Before-after, with-without quantitative and qualitative changes, feasibility analysis, task analysis, etc
Co-management practices and stakeholder analysis in fisheries	For managing the common and community-based resources, students have been practically made aware of the principles/types/stages of co management especially in case of common properties in fisheries and they have been sensitized in stakeholder analysis for identifying appropriate stakeholder(s) towards sustainable co-management arrangements
Gender Study and Community Mobilization	Students are exposed to different fisheries related activities specifically performed by a gender in certain region. They are made aware of the roles played by different genders in a farming community. Students are also involved in different extension activities of the college for mobilizing the farming community.

6.4.6. Supervision of students in PG programme

Sl. No.	No. of eligible faulty for guidance	Intake capacity	Faculty/student ratio
1.	4	5	0.8

The department had started the M.F.Sc. in Fisheries Extension programme in 2010. Five faculties in the department have Ph.D. and are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No.	Name of Faculty	Designation	Qualification	Area of Specialization
1.	Dr. J.K. Chauhan	Professor	Ph.D. (Agril. Extension)	Agril. Extension
2.	Dr. A.D. Upadhyay	Associate Professor and Head	Ph.D. (Agril. Economics)	Fisheries Economics and Marketing Management
3.	Dr. Biswajit Lahiri	Associate Professor	Ph.D. (Agril. Extension)	Farm information Communication
4.	Mr. Y Jackie Singh	Assistant Professor	B.F.Sc., M.F.Sc. (Fisheries Extension)	Fisheries Extension
5.	Dr. P. Pal	Assistant Professor (SS)	Ph.D. (Agril. Statistics)	Agricultural Statistics
6.	Dr. Amitava Ghosh	Assistant Professor	B.F.Sc., M.F.Sc., Ph.D. (Fisheries Extension)	Media mix and Audience Research, Livelihood impacts and Gender Studies

Sl. No.	Name of faculty	Post held	Highest qualification	Teaching/ Work experience (in years)	Honors and awards	No. of students guided (PG/Ph.D. separately)	No. of Publications in NAAS rated journals
1	Dr. Jitendra Kumar Chauhan	Professor	Ph.D.	31 years	06	PG-	Research Paper – 95
2	Dr. A.D. Upadhyay	Associate Professor	Ph.D.	25 Years	03	-	Research Paper – 72

S. No.	Name	Title of Thesis	Year
41.	Ms. Bonani Laskar	Ornamental Fish Marketing and Consumers' Preference Behaviour: A Study In West Tripura	2016
42.	Ms. Indrani Sah	Impact of Fishery Based Self-Help Groups on Empowerment of Rural Women in Jashpur District of Chhattisgarh	2017
43.	Mr. Rajsumer Ijardar	Influence of MGNREGA on Aquaculture: A Case Study in West Tripura	2017
44.	Mr. Nongthobam Dorendro Singh	Status of Fish Based Integrated Farming in West Tripura: A Micro Level Study	2017
45.	Mr. Rupan Pegu	Paddy cum Fish Farming System of Assam: A Pattern Analysis	2017
46.	Mr. Mudada Dibyanath	Fishers' Risk Perception and Adaptation Strategies to Climate Change in Coastal Region of Southern Odisha	2017
47.	Mr. Kashyap Borah	Communication Behaviour of Fish Farmers in West Tripura: A Case Study	2018
48.	Mr. Oinam Naresh Khuman	Adoption of Scientific Fish Farming of Pengba (*Osteobrama belangeri*) by the Fish Farmers in the Valleys of Manipur	2018
49.	Mr. Chakrapani Pegu	An Empirical Study on Fishermen's Cooperative Societies in Tripura	2018
50.	Mr. Somlang Tesia	Perception of Fishers on Fish Diversity and its Conservation in Dumboor Reservoir of Tripura	2019
51.	Ms. Toko Yemin	A Study on MGNREGS - Aquaculture Convergence in Tripura	2019
52.	Ms. Sajina	Linkage among Researchers, Extension Personnel & Fish Farmers in the Valleys of Manipur	2019

53. Mr. Wandame Niangti	A Study on Training Need Assessment of Fish Farmers in West Garo Hills and Ri-Bhoi Districts of Meghalaya	2020
54. Mr. Bikash Shil	Adoption Behaviour of Fish Farmers on Scientific Fish Culture Practices of Pabda Fish (*Ompok bimaculatus* Bloch, 1794) in Tripura	2020
55. Mr. Shiba Prasad Debbarma	A Study on Job Satisfaction of Fisheries Extension Professionals in Tripura	2020

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The passed out Post Graduate students of department of Extension and Social Sciences have expressed their satisfaction on the various theoretical as well as field-based work they have rendered during their curricula. The practical based learning, uses of ICT and field exposure during course work and survey and data collection have enabled their skills with descent contribution in their future carrier. The UG students of other University who joined PG programme in Fisheries Extension have been impressed with facilities, infrastructure and keen interest of faculties in nurturing their knowledge, skill and personality. Through the research programme of PG student several social issues related to Fisheries of North Eastern Region such as technology adoption behaviour of the farmers, sources of information for fish farmers and their utilization pattern, assessment of training need of farmers and officials of line department, women participation in fisheries, impact of MG NREGA on Aquaculture of NEH region, ITK in fisheries, role of SHGs/Cooperatives in Fisheries, fish based integrated farming system, Job Satisfaction of Fisheries Extension Professionals etc. have been addressed. The department has conducted an impact assessment of PFC sponsored vocational training programmes as well as took feedback from the participant of other categories, viz. rural youths, extension functionaries, practicing farmers etc. towards effective designing and delivery of similar future programmes. Further, the specialized Online UGC NET-Preparatory Sessions have been well appreciated by the PG (Fisheries Extension) students during the time of pandemic.

6.4.8. Student intake and attrition in the programme for last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
M.F.Sc. (Fisheries Extension)	5	4	4	5	5	40%	25%	25%	20%	0%

6.4.9 ICT Application in Curricula Delivery

The department has a dedicated classroom with modern tools. Lectures are delivered using computer projected PPTs. ICT application are applied in form of online classes delivered via media like G-Meet, Skype are taken. The students are provided online materials for self-preparation.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

6.4. Self-Study Report for Masters Programme in Fish Genetics and Breeding

6.4.1. Brief history of the degree programme

The department of Fish Genetics and Reproduction is one of the core departments of the College of Fisheries, CAU (I) and is at the forefront of seed production technologies and genetic improvement programme, fish biodiversity characterization for augmentation of aquaculture productivity in the northeastern region which is greatly deficit in local fish production as well as food & feed grain production. In this regard, the department is actively engaged in PG teaching and research as well as capacity building of the stake holder. Emphasis is always on to make all these programmes relevant to field conditions. The department has been offering "**Master of Fisheries Science in two disciplines, namely "Fish Genetics and Breeding" and "Fish Biotechnology"** programme w.e.f. Academic Year 2014-15 and 2019-20 (Intake: 5), respectively, as per the model PG syllabus of ICAR, New Delhi. The main focus of research efforts of the department is to refine/develop technologies and package of practice, quality seed production, trait improvement of indigenous fishes of aquaculture and ornamental value and fish biodiversity characterization for cataloguing and conservation. Towards this, the department has developed/is developing complete package of seed production of several fishes like indigenous carp, catfishes, giant freshwater prawn and ornamental fishes. Department has also barcoded (DNA) 166 fish species. Department has attracted eight (8) number of externally funded project from DBT, ICAR, NHM etc. Through molecular endocrinology research, department has identified molecular mechanism of pigmentation and traits to improve color in ornamental fishes. Department has also conducted active research in molecular endocrinology to enhance maturity and reproductive performance of cultivable species. In recent research, department has also developed BRICS technology for voluntary captive spawning of *Clarias magur*.

Objective of the degree programme

- To produce globally competitive postgraduates in Fish Genetics and Breeding.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the postgraduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate the startups, aqua-entrepreneurship, and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

Many of the scholars are now employed in university, state departments, industry and few pursuing higher studies. A systematic table of the pass-out scholars with their current position is annexed below.

University Faculty	Central/State Government	NGO	Project JRF	Pursuing Ph.D.
2	11	0	3	2

6.4.2. Faculty Strength

S. No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by the ICAR/UGC/VCI/other regulatory bodies
1	Professor	1	-	1	NA
2	Associate Professor	2	1	1	NA
3	Assistant Professor	5	4	1	NA
Total		**8**	**5**	**3**	NA

6.4.3. Technical and Supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Livestock cum Farm Assistant	01
2	Field cum Laboratory Assistant	02
Supporting staff		
3	Multi-Tasking Staff	01

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. Classrooms and laboratories

Apart from the common laboratory facilities of the college such as Central Instrumental Facility, Central Molecular Biology laboratory etc. the main laboratory, field and other facilities available for PG research of the department are as under:

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Molecular spectrophotometer • Electrophoresis apparatus • Gel doc • PCR machine • Cooling centrifuge • pH meter • Incubator • Micropipettes • Realtime PCR • Blotting apparatus • Microinjector • Water bath • Laminar flow • Colour hunter lab • Gene sequencer
2	Hatchery and wet lab	• Cistern Carp eco-hatchery • Prawn hatchery • FRP tank (500-1000L):20 nos. • Glass Aquariums – 60 nos. of different sizes
3	Freshwater Fish Farm	• Eleven (15) Earthen Ponds of different sizes with total water area of 0.8 ha • Paddle Wheel Aerators • FRP boat • Water pump sets • Nets etc.

6.4.5. Conduct of practical and hands-on training

The department has well established laboratories and field facilities to support postgraduate research. A separate PG laboratory is in place which is fully dedicated for student's research purpose only. Additionally, the state-of-the-art Central laboratory and Molecular biology laboratory facilities

setup under the Centre of Excellence (COE) programme supports hands-on practical knowledge to orient the scholar into futuristic research mind-sets. Considering the fact that the department is mostly focused on trait improvement-oriented research, experimental set-ups are carried out in fields (ponds/cemented tanks) to grasp an absolute understanding of the generated data. Under the compulsory course work allotted to the scholars, students are trained on various need-based and curriculum oriented hands-on practical. To assist the practical classes, the department has one laboratory assistant in place.

6.4.6. Supervision of students in PG programme

Sl. No.	No. of eligible faulty for guidance	Intake capacity	Faculty/Student ratio
1.	04	05	0.8

The department has started the postgraduate programme in Fish Genetics and Breeding in 2015 (and Fish Biotechnology in 2019). All faculties in the department have Ph.D. and higher degree and are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No	Name of Faculty	Designation	Qualification	Area of specialization
1	Dr. Sagar Chandra Mandal	Associate Professor & Head	B.F.Sc., M.F.Sc. (AQC), Ph.D.	Aquaculture
2	Dr. Himanshu Priyadarshi	Assistant Professor	B.F.Sc., M.F.Sc. (FGB), Ph.D.	Fish Genetics and Biotechnology
3	Dr. Anindya Sundar Barman	Assistant Professor	M.Sc. (Fisheries), Ph.D.	Fish Biotechnology
4	Dr. Janmejay Parhi	Assistant Professor	B.F.Sc., M.F.Sc. (FGB), Ph.D., Post Doc (Spain)	Fish Genetics and Biotechnology

S. No	Name of faculty	Post held	Highest qualification received	Teaching/ Work experience (in years)	Honors and awards	No. of students guided (PG/PhD separately)	Publication
1	Dr. Sagar Chandra Mandal	Associate Professor & Head	Ph.D.	19 years	01	PG-09	Research Paper – 46
2	Dr. Himanshu Priyadarshi	Assistant Professor	Ph.D.	13 years	01	PG-02	Research Paper – 14
3	Dr. Anindya Sundar Barman	Assistant Professor	Ph.D.	11 years	-	PG-06	Research Paper – 18
4	Dr. Janmejay Parhi	Assistant Professor	Ph.D., Post Doc. (Spain)	11 years	11	PG-09	Research Paper – 43

List of Students Awarded M.F.Sc. (Fish Genetics and Breeding) Degree (2016-2020)

S. No.	Name	Title of Thesis	Year
56.	Ms. Laishram Galaxy Khuman	Molecular characterisation of sifamide and its receptor in *Macrobrachium rosenbergii* (de man, 1879)	2016
57.	Ms. Asem Lembika Devi	Expression profiling of gonadotropin- releasing hormone (gnrh) gene in *Puntius gonionotus* (bleeker, 1850) during different reproductive stages	2016
58.	Mr. Sumit Kumar	Expression analysis of gonadotropin releasing hormone receptor genes (gnrh-r) in *Puntius gonionotus* (bleeker, 1850) during different reproductive stages	2016
59.	Mr. Biswaranjan Rath	Identification of aquaporin-1, 4 and 11 genes in *Cyprinus carpio* (linnaeus, 1758) and their expression analysis during reproduction	2016
60.	Ms. Papuli Adhikary	Molecular Characterization of Enzymes Involved in DNA Methylation and Histone Modification in *Macrobrachium rosenbergii* (DE MAN, 1879)	2017
61.	Ms. Ningthoujam Chaoba Devi	Characterization and Expression of GnIH Gene in *Clarias batrachus* (Linnaeus, 1758)	2017
62.	Mr. Rualthantluanga Pachuau	Molecular Characterization and Expression Profiling of GnRH III gene in *Barbonymus gonionotus* (Bleeker, 1850)	2017
63.	Mr. Sudhakar Bisen	Molecular Characterization of Kisspeptin Gene and their Expression during Reporductive Cycle in *Barbonymus gonionotus* (Bleeker, 1850)	2017
64.	Ms. Angam Panor	Identification of Dopamine Receptor in *Clarias batrachus* (Linnaeus, 1758) and its Expression during Different Reproductive Stages	2017
65.	Mr. Maradode Jaywant Raghunath	Characterization and Expression of CYP17 Gene in *Clarias batrachus* (Linnaeus, 1758)	2018
66.	Ms. Snehalata Mohanty	Molecular Characterization and Expression of Vitellogenin Gene in Silver Barb, *Barbonymus gonionotus* (Bleeker, 1850)	2018
67.	Mr. Partha Sarathi Tripathy	Characterization and Expression of csf1r Gene in *Botia dario* (Hamilton, 1822)	2018
68.	Ms. Khageshwari Jolhe	Characterization and Expression Analysis of Brdt Gene in *Clarias batrachus* (Linnaeus, 1758)	2018
69.	Ms. Prerna Dobriyal	Characterization and Expression Analysis of Male-Biased Genes Sox9 and Dmrt1 in *Ompok bimaculatus* (Bloch, 1794)	2019
70.	Mr. Devendra Kumar	Role of Dopamine Receptors on *Clarias magur* (Linnaeus, 1758) Reproduction	2019
71.	Mr. Bhubanendra Prasad Acharya	Development of Somatostatin (SST) Targeted siRNA Construct in *Labeo rohita* (Hamilton, 1822)	2019

72.	Mr. Shrish Chandra Yadav	Characterization and Expression of GnRH Gene in *Botia dario* (Hamilton, 1822)	2019
73.	Mr. Subrata Rudra Paul	Comparative Karyotyping of Somatic and Gametic Cells of *Osteobrama belangeri* (Valenciennes, 1844) for Sex Chromosome Identification	2019
74.	Ms. Ananya Khatei	Study of Methylation Patterns in Key Pigmentation Genes of *Danio rerio* (Hamilton, 1822) in Response to Feed Supplementation	2020

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The passed-out scholars have expressed their satisfaction on the various theoretical as well as field-based work they have rendered during their curricula. The field-based learning and integrated analysis of the various seed production technologies, and advanced molecular techniques have enabled their skills with descent contribution in their respective job positions and peruse higher studies. The existing infrastructures are optimally being utilized for teaching. The resultant graduates have been well received by the professional experts during the interview for selection of faculty, line department officials or NGOs in different states including Assam, Tripura, Manipur, Chhattisgarh, Orissa, etc. For that matter, the department has till now produced 20 nos. of postgraduates since its inception in 2015 and all the students have been well placed. The students remain in touch and express their field experience during the PG program highly handy in addressing the farmers' problems. The farmer related problems of the NE region are mostly undertaken for their dissertation work and have been delivered satisfactorily. The focal areas of research include seed production technology, trait improvement, molecular endocrinology etc.

6.4.8. Student intake and attrition in the programme for the last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
M.F.Sc. (Fish Genetics and Breeding)	5	5	4	7	6	0%	20%	75%	0%	0%

6.4.9. ICT application in curricula delivery

The department has a dedicated classroom with modern tools. Lectures are delivered using computer projected PPTs. ICT application are applied in form of online classes delivered via media like G-Meet, Skype are taken. The students are provided online materials for self-preparation.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

6.4. Self-Study Report for Masters Programme in Fish Processing Technology

6.4.1. Brief history of the degree program

Since inception of the college the Department of Fish Nutrition and Food Technology, later renamed as Department of Fish Processing Technology, and thereafter Department of Fish Processing Technology & Engineering (FPTE) is growing steadily with the following mandates.

Objective of the degree programme

- Teaching postgraduate curriculum including doctoral program in the field of Fish Processing Technology for manpower generation
- Research activities on post-harvest management and value addition of fish
- Technology evaluation, valorisation and upscaling of the indigenous fish products of the northeast region
- Extension activities for livelihood improvement and employment generation

The department has been offering "Master of Fisheries Science (Fish Processing Technology)" programme w.e.f. 2007 (Intake: 05) as per the model PG syllabus of ICAR, New Delhi.

Accomplishments

As of 2020, 33 students have completed the M.F.Sc. (FPT). A systematic table of the pass-out scholars with their current position is annexed below.

Scientist/ Faculty	State Department/Technical	NGO/Project	Pursuing Ph.D.
3	19	6	5

6.4.2. Faculty strength

Sl No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by ICAR/UGC/VCI/other regulatory bodies
1	Professor	1	-	1	1
2	Associate Professor	2	1*	1	3
3	Assistant Professor	4	4	-	5
	Total	**7**	**5**	**2**	**9****

* Promoted to Professor under CAS

** As the Department is handling two disciplines

6.4.3. Technical and supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Field cum Laboratory Assistant	01
Supporting staff		
2	Multi-Tasking Staff	01

In addition to the above staff, Skilled and Unskilled labours are hired on contractual basis.

6.4.4. Classrooms and laboratories

Apart from the common laboratory facilities of the college such as Central Instrumental Facility, Central Molecular Biology laboratory etc. the main laboratory and other facilities available for PG research of the department are as under:

Name of the laboratory	Major Equipment available/Particulars
1. PG Research laboratory for biochemistry 2. PG Research laboratory for microbiology 3. Ph.D. Research laboratory 4. UG Laboratory for Fishery Microbiology & Quality Control 5. Laboratory for fish processing and value addition 6. Laboratory for sophisticated instruments	• TS Extruder • Muscle Texture Analyzer • Silent cutter • Complete canning line • Airblast Freezer • Ellab thermal validation system • Overpressure retort • Rotary vac. Evaporator • Spectrocolorimeter • Laminar airflow • Gradient thermal PCR • Gel Documentation System • Soxtec • Microcentrifuge • Electrophoresis unit (Vertical and horizontal) • Muffle Furnace

6.4.5. Conduct of Practical and Hands-on Training:

Practical classes are conducted in different laboratories as mentioned above. Hands-on trainings are conducted in the laboratory for fish processing and value addition as well as in the retail outlet for Experiential Learning Program (ELP).

6.4.6. Supervision of students in PG programs:

Sl. No.	No. of eligible faulty for guidance	Intake capacity	Faculty/Student ratio
1.	04	05	0.8

The department has started the postgraduate programme since 2007 and Ph.D. programme recently (2018). The number of scholars enrolled for the postgraduate programme is 05 including the ICAR seats. Four (4) faculties in the department have Ph.D. and are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No	Name of Faculty	Designation	Qualification	Area of specialization
1	Dr. Ranendra Kumar Majumdar	Professor & Head	M.Sc., Ph.D.	Fermented fish products of NE India, Fish waste valorization, Value addition
2	Dr. M. Bhargavi Priyadarshini	Assistant Professor	B.F.Sc., M.F.Sc.(FPT), Ph.D.	Fish Processing Technology
3	Ms. Bahni Dhar	Assistant Professor	B.F.Sc., M.F.Sc.(FPT)	Fish processing including traditional ITK, value addition of fish and fish microbiology
4	Dr. Sudhansu Shekhar Mahanand	Assistant Professor	M.Tech., Ph.D.	Aquaculture Engineering
5	Dr. Naresh Kumar Mehta	Assistant Professor	B.F.Sc., M.F.Sc.(FPT), Ph.D.	Fish Processing Technology, fish Protein functionality

6.4. Self-Study Report for Masters Programme in Fisheries Resource Management

6.4.1. Brief history of the degree programme

The fisheries sector in the NE region of India holds an important position in the socio-economic and the cultural context of the people in the region. However, despite the enormous importance and value, the fish resources of North-Eastern states of India are suffering the combined effects of heavy exploitation and, in some cases, environmental degradation. The responsibility for declining fish stocks followed by falling economic returns is also attributed to knowledge gap on methods and techniques on sustainable fisheries and conservation. It is at this context, the Dept. of Fisheries Resource Management established in the College of Fisheries under the Central Agricultural University assumes high significance. In tune with the mandates of the University, The Dept. conducts regular academic lessons to the B.F.Sc and M.F.Sc. students of the College on various topics spanning from Fish taxonomy, biology to dynamics of fish populations and resource assessment as part of their curriculum, and scientific research on diverse topics including species and population diversity, feeding, reproductive and environmental biology, stock assessment and level of exploitation of the fish resources in different water bodies of North east India. Moreover, regular extension trainings are also being conducted within and outside the institution to the fish farmers, line department officials, stake holders and various entrepreneurs of the region with the objectives of fish biodiversity assessment, sustainable fisheries management, conservation of the resources and rural empowerment. The department has been offering "**M.F.Sc. in Fisheries Resource Management**" programme w.e.f. Academic Year 2014-15 (Intake: 5) as per the model PG syllabus of ICAR, New.

The Dept. has been playing a pivotal role in fish biodiversity documentation of the NE region and recently, as part of the ongoing Centre of Excellence in Fisheries and Aquaculture Biotechnology (COE-FAB) a database on fish genetic resources of NE region with taxonomic diversity, distribution, abundance, threats, management and conservation needs of fishes has been developed applying conventional advanced techniques and methods. The department also holds a referral fish museum with 326 finfish and shellfish species which regularly cater the needs of students, researchers and scientists even from various allied institutes. Another remarkable achievement would be a separate barcode museum, where tentatively 310 fish species collected from various aquatic systems of NE India and 273 fishes were systematically identified with conventional and molecular methods were bar-coded and displayed. The Department also pioneered in stock assessment techniques and life history studies of fishes in this region, and database on these grounds were developed for a dozen of commercially important food and ornamental fish resources of NE India. Fourteen research projects have been successfully completed under the supervision of the faculties of the department and another three projects are in ongoing status.

The research thrust area of the department is more on the need of the region in fish & fisheries resource assessment, conservation and judicious utilization for which more concentration is on taxonomical

studies, Food and feeding biology and Improvement of fish stock and reproductive performance through biotechnological tools as well as capacity building of technical manpower/fishers.

Objective of the degree programme

- To produce globally competitive postgraduates in fisheries resource management.
- To promote the advancement of learning and persuasion of research in fisheries sciences.
- To make the postgraduates competent to impart extension services to the stakeholders.
- To meet the requirement of well-trained skilled manpower in the North-Eastern states.
- To facilitate the startups, aqua-entrepreneurship, and also to undertake such other activities as it may deem fit from time to time.

Accomplishments

Many of the scholars are now employed in university, state departments, industry and few pursuing higher studies. A systematic table of the pass-out scholars with their current position is annexed below.

University Faculty	State Department	NGO	Project JRF	Pursuing Ph.D.
-	14	-	2	4

6.4.2. Faculty strength

S. No.	Sanctioned faculty		Faculty in place	Vacant position	Faculty recommended by the ICAR /UGC/VCI/other regulatory bodies
1	Professor	-	-	-	1
2	Associate Professor	1	1	-	2
3	Assistant Professor	3	3	-	3
Total		**4**	**4**	**0**	**6**

6.4.3. Technical and supporting staff

The administrative and accounts supporting staff are centralized in the college and are operating under the direct control of the Dean as part of Dean's office. The dedicated technical staff and supporting staff allotted to the department are as below:

S. No.	Designation	Staff in place
Technical staff		
1	Field cum Laboratory Assistant	2
Supporting staff		
2	Multi-Tasking Staff	1

6.4.4. Classrooms and laboratories

Apart from the common laboratory facilities of the college, departmental laboratory, field and other facilities available for PG research of the department are as under:

S. No.	Name of the Lab / Facility	Major Equipments available/Particulars
1	PG Research Lab	• Bacteriological incubator • Blood cell counter • Electronic balance • Centrifuge • Deep Freezer • Camera Lucida • Hot plate • Heating mantle • Hot air oven • Hot water bath • Lux meter • Microscope • Refrigerator • Rotamental • UV-VIS Spectrophotometer • Salinometer • Scale Reader • Dissecting microscope
2	Referral Fish Museum	• The department of Fisheries Resource Management of College of Fisheries holds a referral fish museum with 326 finfish and shellfish species displayed with scientific identifying data, collected from all over India specially covering all the states of NE India covering 322 habitats (23,036 samples) as well as from Indian marine sources.
3	Fish DNA Barcode Museum	• Established of a separate barcode museum with 297 fish species, collected and identified systematically from various aquatic systems of NE India and out of which 162 species were systematically identified with conventional and molecular methods (bar-coded) and displayed.
4	Fish molecular biology Lab	• All modern facilities for fish DNA bar coding

Fig. Referral Fish Museum

6.4.5. Conduct of practical and hands-on training

The department has well established laboratories on Fish taxonomy. Fish physiology, Fish molecular biology and fish Biology to support postgraduate research. A separate PG laboratory is in place which is fully dedicated for student's research purpose only. Additionally, the state-of-the-art Central laboratory and Molecular biology laboratory facilities setup under the Centre of Excellence (COE) programme supports hands-on practical knowledge to orient the scholar into futuristic research mind-sets. Considering the fact that the department is mostly focused on Biology, Taxonomy, Anatomy, Biosystematics, Population Dynamics and Physiological studies of fishes of NE India to grasp an absolute understanding of the generated data for fisheries development of this region. To assist the practical classes, the department has two laboratory assistants in place.

6.4.6. Supervision of students in PG

Sl. No.	No. of eligible faulty for guidance	Intake capacity	Faculty/Student ratio
1.	3	5	0.6

The department has started the postgraduate programme since 2014. The first batch was awarded during 2016. The number of scholars enrolled for the programme is 05 (05) including the ICAR seats. All faculties in the department have Ph.D. and higher degree and are well qualified and eligible (Annexed below) for guiding the students as per the ICAR norms.

S. No	Name of Faculty	Designation	Qualification	Area of specialization
1	Dr. Mrinal Kanti Datta	Associate Professor & Head	D.F.Sc. (Fisheries), Ph.D.	Fisheries resource management, taxonomy and reproduction & conservation, Biosystematics
2	Dr (Mrs) Pampa Bhattacharjee	Assistant Professor (SS)	M.Sc. (Life science), Ph.D.	Fish Biology and Taxonomy

3	Dr K.V Radhakrishnan	Assistant Professor (SS)	M.Sc., Ph.D., Post Doc. (China)	Fish & shell fish taxonomy, population dynamics, Biosystematics

Sl. No	Name and designation	Post held	Highest qualification received	Teaching/Work experience (in years)	Honors and awards	No. of students guided (PG/Ph.D. separately)	Publication
1	Dr. Mrinal Kanti Datta	Associate Professor & Head	Ph.D.	>23 years	01	PG-05	Research Papers - 24
2	Dr. (Mrs) Pampa Bhattacharjee Assistant Professor (SS)	Assistant Professor	Ph.D.	>23 years	-	PG-03	Research Paper-25
3	Dr. K.V. Radhakrishnan Assistant Professor (SS)	Assistant Professor	Ph.D., Post Doc. (China)	10 years	03	PG-05	Research Papers -21

List of Students Awarded M.F.Sc. (Fisheries Resource Management) Degree (2016-2020)

S. No.	Name	Title of Thesis	Year
92.	Mr. Ashish Kumar Maurya	Population characteristics and stock assessment of *Anabas testudineus* (bloch, 1792) and *Mystus bleekeri* (Day, 1877) in Rudrasagar lake, Tripura	2016
93.	Mr. Amit Kumar	Application of osteology in taxonomic validation of the species under the genus *Mystus* (Scopoli, 1777) distributed in north-eastern India	2016
94.	Ms. Tako Yame	Taxonomic confirmation of species under the genus Macrobrachium (spence bate, 1868) in north eastern states of India	2016
95.	Mr. Khanindra Bhuyan	Otolith shape analysis for taxonomic validation of the species under the genus *Puntius* (Hamilton, 1822) distributed in north-eastern India	2016
96.	Ms. Sneha Mol George	Mouth Dimension and Architecture in Relation to Food and Feeding Habits of Some Cyprinid Fishes of Tripura	2017
97.	Ms. Anjali Pushp	Molecular Taxonomy and Phylogenetics of Species under the Genus *Osteobrama* Heckel, 1842 in India	2017
98.	Mr. Yogesh Dangal	Validation of Taxonomic Status of the Species under the Genus *Chagunius* (Smith, 1938) in India applying Osteological and Molecular Tools	2017
99.	Mr. Sachin Pandit	Biometric Studies of *Labeo* (Cuvier, 1816) Species from Tripura, India	2018

100	Mr. Ansuman Panda	Validation of Species under the Genus *Barilius* (Hamilton, 1822) from North Eastern States of India through Morphometric Traits and Molecular Tools	2018
101	Ms. Kamei Lanthaimeilu	Mouth Dimension of Some Ornamental Fishes in Relation to Their Food and Feeding Habits	2018
102	Mr. Kamlesh Kumar Yadav	Biosystematic Study of the Genus *Bangana* (Hamilton, 1822) from North-Eastern India	2018
103	Mr. Sanjenbam Bidyasagar Singh	Taxonomy and Phylogeny of the Cyprinid Fish genus *Neolissochilus* (Rainboth, 1985) from North-Eastern India	2018
104	Mr. Debashis Jena	Taxonomic Validation of the Species under Family Ambassidae from Northeast India	2019
105	Ms. Sengbira K. Sangma	Food and Feeding Habits of Some Selected Ornamental Fishes of Tripura in Relation to their Mouth Morphometry	2019
106	Mr. Lekiningroy Dann	Taxonomic Validation of the Species under the Cyprinid Fish Genus *Schizothorax* Heckel, 1838 from North-Eastern India	2019
107	Mr. Arun Kumar	Systematic Study of Some Barbs from Tripura	2019
108	Ms. Rutuparna Sasmal	Stock Discrimination of *Systomus sarana* (Hamilton, 1822) from Different River Systems of North East India	2020
109	Ms. Suchismita Maharana	Stock Structure Analysis of *Mystus bleekeri* (Day, 1877) in North-Eastern India	2020

6.4.7. Feedback of stakeholders (Students, parents, industries, employers, farmers etc.)

The passed-out scholars have expressed their satisfaction on the various theoretical as well as research-based work they have rendered during their curricula. The scholars, especially those joining PG programme after completing their UG programme in other universities have been impressed to see the research infrastructure and instrumentations in the department particular and college as a whole. Most of the students joined this department as their first choice and they rendered best result with rendering a college as well as university topper also and also produced high quality research contribution with publication in peer reviewed journal. The existing infrastructures are optimally being utilized for teaching. The resultant graduates have been well received by the professional experts during the interview for selection of faculty, line department officials or NGOs in different states. Most of the students have been well placed. The students remain in touch and express research experience during the PG program highly useful in addressing the fisheries management field. The inventory and biology related problems of the NE region are mostly undertaken for their dissertation work and have been delivered satisfactorily. The focal area of research includes Fish and shell fish taxonomy, Biology, Biosystematics, Population Dynamics etc.

6.4.8. Student intake and attrition in the programme for the last five years

Name of the degree programme	Actual student admitted in the last five years					Attrition (%)				
	2016-17	2017-18	2018-19	2019-20	2020-21	2016-17	2017-18	2018-19	2019-20	2020-21
M.F.Sc. (FRM)	05	05	04	05	05	0%	0%	0%	0%	0%

6.4.9. ICT application in curricula delivery

The department has a dedicated classroom with modern tools. Lectures are delivered using computer projected PPTs. ICT application are applied in form of online classes delivered via media like, Skype. Google Meet etc. are taken. Also used to arrange online classes by eminent national and international experts also as online materials for self-preparation as well as for normal preparations and ICAR-NET/ARS examinations.

I, **Prof. Ratan Kumar Saha** the Dean, **College of Fisheries, Lembucherra**, hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records available in the college, and degree awarding university.

Signature of Dean of the College with Date & Seal

SELF-STUDY REPORT

for Masters Programme in

Fish Biotechnology

Submitted to

National Agricultural Education Accreditation Board

College of Fisheries

CENTRAL AGRICULTURAL UNIVERSITY, IMPHAL

Lembucherra, Agartala, Tripura
