Proprietary Blend: 3584 mg *

Creatine Monohydrate, L-Glutamine, Beta Alanine, Branched Chain Amino Acids (L-Leucine, L-Isoleucine, L-Valine), Sodium Chloride, Cinnamon Bark Extract

* Daily Values not established ** Percent Daily Values are based on a 2,000 calorie diet. Your daily values may be higher or lower depending on your calorie needs.

Other Ingredients: Micro-filtered Protein Blend (Whey Protein Isolate, Whey Protein Concentrate), Maltodextrin, Cocoa, Natural Flavors, Sucralose, Stevia Extract (leaf).

Contains Milk. Manufactured in a facility that processes Milk, Soy, Eggs, Nuts and Wheat.

Recovery is king in fitness and **THRIVEFIT RECOVER 2.0** is the king of post-exercise recovery...

Our new **RECOVER 2.0** formula is exactly what your body needs as soon as you're done with your exercise and fitness routine. RECOVER 2.0 provides the perfect engineered proprietary blend of protein and carbohydrates, as well as, our premium grade Whey and Casein protein isolate blend. Our proprietary isolate blend is a result of our advanced filtration process, which takes the Whey and Casein proteins from raw concentrates to uniquely pure isolates. This filtration process is designed to "isolate" and break the protein down and away from fat, gluten, and other materials that exist with raw Whey and Casein protein, allowing for a more digestible, more absorbable, lower caloric protein stack. We then combine this protein with our proprietary blend of premium grade Creatine and BCAAs (branch chain amino acids) to create the ultimate formula designed to fuel you post-workout and support lean muscle mass development.

You'll notice you're able to recover faster and be charged and ready to go for your next workout. That's because the **RECOVER 2.0** formula is intended to recharge your healthy glycogen levels, so you're just as—if not more—energized, motivated and stronger for your next workout, even when working out multiple days in a row. With a new Creamy Chocolate flavor, RECOVER 2.0 allows you to enjoy your incredible post-exercise recovery with a hint of indulgence.
