## "Powered By Talent"

Our Musicians can stand alone, without a DJ, providing music for your event. Options for Live Musicians include a Classical String Quartet for an Elegant Wedding Ceremony, or a Cool Jazz Trio to create the mood for the Ultimate Cocktail hour. A Percussionist to enhance the DJ's show is a very popular option for a High-Energy event. Adding a Keyboard player/Vocalist & Acoustic Guitarist/Vocalist is a great addition for a dinner set, and allow the DJ's to come back stronger than ever after dinner. Live Musicians can also be used in combination with a DJ team to create the **"Best of Both Worlds." DJ & Live Performers at it's Best!**
