

## Born in Bangkok

Just like Bangkok, Greyhound Cafe' offers a mixture of tastes in culture and art. From traditional to modern, from street to couture, from local to international, all mixed together in a ~~best~~ beautiful chaotic way.

Greyhound Cafe' is not a traditional Thai Restaurant! Our food concept is about adopting and adapting, mixing and matching, and in many cases - they are a mismatch! Our recipes come from far and wide. Some were handed down from our grandmothers and some were thrown together after a refrigerator raid at midnight. Many are faithful reinterpretations of our favorites from the journey around the world.

And just like Greyhound's style; all dishes are simple and easy with a creative twist.

Bon Appetit!
