Founded by friends. Run by experts.

What began as a group of college friends scribbling ideas on a bench became a dream that we turned into reality. WEQ is a brand driven by friendship, innovation, and boundless enthusiasm for all things technology. Our dedication is unwavering, as we strive to transform the digital landscape.

Now that we've warmed you with our story, let's try to rope you in.

WEQ is committed to transform the IT sector in India and beyond by offering bespoke solutions in web-app development, digital transformation, and end-to-end product engineering. Our bond of friendship fuels our passion for innovation to create exciting, groundbreaking digital products.

The storm of looming challenges.

- 1 Over-reliance on legacy systems
- 2 Taking innovation for granted
- 3 Inability to adapt to changing technology

Climbing a mountain
is sometimes less challenging

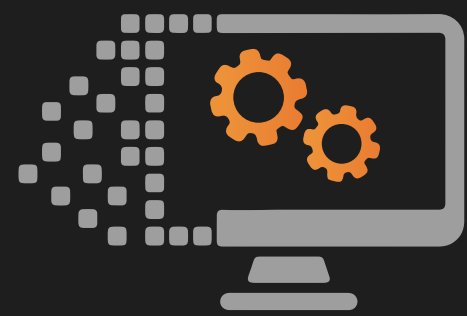

We can help our clients stay competitive and thrive.

We pull you out of the tech tornado

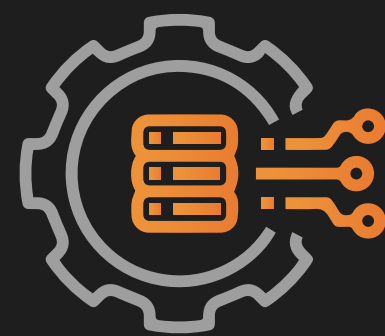

- 1** WEQ studies existing systems at absolutely no cost, identifies loopholes in your legacy systems, and proposes a cost-effective plan.
- 2** Innovation is fueled by implementing the latest technologies. We do this by providing bespoke and innovative solutions at each touch point for you and your customers.
- 3** We implement new technological changes and train your team to adapt to them.
