WHAT IS SHARE BUILDERS PLAN?

Share Builders Plan (SBP) is a regular fixed-dollar amount investment plan, which enables you to buy shares on a consistent and incremental basis to build up a portfolio of securities in the long-term. Therefore, you do not need a huge amount of funds to invest in the equity market as SBP presents a new opportunity for you to buy odd lots at a reduced cost.

By investing a fixed amount of funds consistently; every month over a period of time, the average cost of shares you have purchased will generally be lower than the average price of the shares over the same period of time. This investment method is known as dollar-cost-averaging; buying more shares when the prices are low and fewer shares when prices are high with the same amount of funds. This is especially useful in hedging against market volatility. With such a disciplined and consistent method, you will build up a portfolio of stocks at a lower average cost in the long-term.

HOW TO PARTICIPATE?

Eligibility

Applicant(s) must be above 18 years old to set up SBP.

Joint Application

SBP allows for joint account application. Either applicant is authorised and empowered to act in accordance with the terms and conditions of SBP.

Application Procedure

To participate in SBP with Phillip Securities Pte Ltd (PSPL), you can apply online through [POEMS 2.0](#). Alternatively, you may complete an SBP Application Form, e-GIRO and apply for a POEMS trading account (if you do not have any).

INVESTING IN SBP

Investment Amount(s)

You will have to decide on the gross investment amount that you wish to commit for each month. The minimum amount of investment is \$100 per month, subject to a minimum of \$100 per counter.

You will also have to determine the SBP counters you wish to invest in and the investment amount per counter. For example, \$200 to invest in DBS and \$300 to invest in SIA every month, hence total amount per month is \$500.

Purchase of Shares

The aggregate monthly investments of all clients for any particular selected SBP counter will be done on the 18th* of every month ("Transaction Date") on a non-discriminatory and non-preferential basis. Your SBP will be credited with the nearest rounded-down whole number of the designated share counter that can be purchased with your fixed monthly investment less our handling fee. If the 18th of the month falls on a non-market day, buying of the counter will be done on the next available market day.

**PSPL reserves the rights to buy on any other date where the need arises without notification to you.*

Calculation & Deduction of Handling Fee

Your handling fee will be deducted on a monthly basis. Every month before the transaction date, your Total Portfolio Value (“TPV”) will be calculated.

Here is an illustration of how your fees will be calculated:

TPV	0.3% p.a. x TPV ÷ 12 months	Fees Charged
S\$1,000	S\$0.25	S\$1.00
S\$10,000	S\$2.50	S\$2.50
S\$38,000	S\$9.50	S\$8.88
S\$40,000	S\$10.00	S\$5.88

For example, if your TPV is S\$1,000 and you have indicated \$300 as your investment amount for SIA, a handling fee of S\$1 (exclusive of GST) will be deducted. The actual investment amount for SIA will be S\$299 for that month.

To view your TPV using:

[POEMS Website:](#)

Login > Acct Mgmt > Regular Savings Plan (RSP) > Share Builders Plan (SBP) > Portfolio > Total Market Value

[POEMS Mobile 3 App:](#)

Login > Trade > RSP > Share Builders Plan > Holdings > Total Market Value

Excess Funds Aggregation

If there are excess funds in your SBP, these funds will be added to your current month’s investment amount for purchasing your preferred counter. The excess funds may arise from, but are not limited to un-invested balances brought forward from previous month(s) as well as corporate actions such as dividends, cash offers, bonus or rights issues.

For example, if the un-invested amount in the previous month was S\$8.70, the resultant investment amount for SIA this month will be S\$308.70.

By reinvesting the excess funds, you are eventually purchasing more shares. However, if you would like to withdraw any excess funds from your SBP, you may do so by informing your Trading Representative at least 3 business days prior to the Transaction Date.

Insufficient Funds

Purchase of the selected SBP share counters will only be executed when funds from clients are received **at least 5 business days before the Transaction Date** of each month. PSPL reserves the right to cancel the transaction in the event that funds are not received for the month. An “insufficient funds” charge of S\$5 (exclusive of GST) will be imposed.

Priority of Balance

Monthly investment will take effect only if there are sufficient funds in your bank account to execute your SBP investment instructions. **No partial** investment will be made in the event of insufficient funds.

Amendments

The investment amount and SBP counter(s) to be invested may be changed by submitting an amendment request online via POEMS or by filling in the SBP Amendment Instruction Form. However, amendments for the month will take effect only if instructions are completed and received by PSPL no later than 5 business days before the Transaction Date. Otherwise, the amendment will be effective from the next investment month.

Selling of SBP Shares

The sale of shares may be executed through POEMS online or your Trading Representative via your share trading account that is linked to your SBP. If you are selling the shares via POEMS online, it is important for you to notify your Trading Representative that you are selling from your SBP shareholdings. The sales proceeds from SBP will be credited to your share trading account that is linked to your SBP.

Payment

Inter-bank GIRO is used for fixed monthly transfer of funds from your bank account to PSPL for the purpose of investment. Clients have to ensure that sufficient funds are available at least 6 business days before the Transaction Date (18th of every month) of each month.

- e-GIRO

Corporate Actions

Corporate action entitlements such as bonus, rights issue, dividends*, proceeds from cash offers etc will be credited into SBP. The cash distributions will form part of the excess funds and will be reinvested into your preferred counter subsequently.

*SBP does not support Scrip Dividend Scheme (SDS). In the event of SDS, your corporate action entitlements net of processing fees will be credited into your SBP in cash.

As part of the product features, PSPL will arrange for the Rights Shares (the “Rights”) to be sold as “nil-paid” rights on the SGX-ST during the trading period. The net proceeds allocated after the deduction of S\$5 (exclusive of GST) handling fee, if any, will be credited into your SBP to form part of the excess funds and will be reinvested into your preferred counter. Brokerage for this liquidation will be waived.
