Add Real Value to Your Event

Make the most important moment of your race visible: the finish line - captured as a personalized video for every single participant.

- Automatically created
- Easily accessible
- Measurable impact

FinishFrame enhances the experience, extends your reach and creates emotions.

How Participants Receive Their Videos

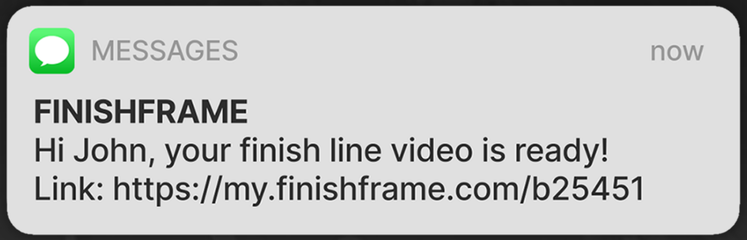
We offer multiple convenient delivery options. By default, we provide you with a branded landing page where participants simply enter their bib number to access their video.

We can also provide you with:

Easy integration into your website or app

Automatic delivery via email or SMS

QR code generation at bib pick-up



Everything is technically managed by us - meaning zero additional work for you.
