In St. John's Newfoundland, Canada***

Presented on August 28 and 29th, 2025

~~~~~

“I attended your lecture at the ODA ASM on Thursday May 8th. I would like to say what an amazing presentation you gave. It was by far my favorite one from the whole convention.”

Dr. Kunal Mehta

~~~~~

“I recently had the pleasure of attending a full day lecture on Medical Emergencies presented by Dr. Daniel Pompa at the National Convention of the Canadian Dental Association. It was extremely well organized and caused me to re-think how I would handle an actual medical emergency in my office. Utilizing Dr. Pompa's system would allow me to respond to an emergency in a more timely, safe manner. He is an engaging, clear speaker who uses somewhat of a Socratic teaching style challenging his audience to think and process the information provided. I now understand the material much more thoroughly. I wholeheartedly recommend this course to the dental community as it is probably the best lecture that I have ever attended.”

Dr. Geoff Smith

"I hope you're doing great. I attended both your lectures (To Pull or Not To Pull and the full-day Medical Emergencies lecture) at the ASM. It was awesome listening and learning from you."

Mariam Hanafy

~~~~~

"I attended the Algorithms Lecture for Medical Emergencies. It was very informative and very well presented to us. Thank you so much for ur awesome lecture."

Sania Zavar

~~~~~

"Thank you for the very informative and entertaining lecture at the ODA on medical emergencies in the dental office."

Dr. Robert Shaban

~~~~~

"Hope all is well, It was a delight attending your both lectures at the ODA ASM. Thank you for sharing the wisdom and I was especially amazed at how well documented the cases were that you showed.

Please if you can share the slides from the two lectures 'Actions and Algorithms for Medical Emergencies' and "To Pull or Not to Pull'. Thank you for your time and hope to attend more of your lectures as I progress in my career."

Deepanshu (Deep)
