With over 20 years of professional experience, I am an experienced web developer who is deeply passionate about contributing to the open-source community. I actively engage in various facets of the WordPress project, continuously seeking opportunities to advance its development and make a positive impact.

I possess the expertise to implement various types of websites, including e-commerce, corporate, personal, and organizational sites, among others. Additionally, I have the ability to develop custom plugins and themes specifically tailored for WordPress.
