ORDER FORMS

ITEMIZED ORDER FORMS

Itemized Order Forms feature a full set of frame sizes and options to create a unique product configuration. Each component is selected individually as there are no standard options included with the base price.

PACKAGED ORDER FORMS

Package Order Forms feature some of the most popular product configurations. Pre-selected combinations of frame, wheel and seat sizes, along with a set of support/positioning components provide a fully functioning unit that makes ordering simple and a single line-item price.

(Check with the ATP/RTS/Supplier to find out which pricing model is best for the client's funding source)
