

Leading Cloud-Based Physical Security

Verkada is #1

in cloud video security and cloud access control*

Key benefits

Built with privacy in mind

Protect people, assets, and places in a privacy-sensitive way — all from one integrated platform.

Powered by AI

Get proactive notifications and streamline investigations with powerful AI-enabled analytics.

More than security

Improve health and safety, support compliance, and increase operational efficiency with actionable insights.

Join our global community

30,000+

Organizations worldwide trust Verkada

110+

Fortune 500 companies

Command

Manage devices, users, and sites from a single pane of glass, accessible from a simple web browser or mobile app.

Access Control

Manage employee access and credentials from a web-based platform with built-in identity management integrations.

Intercom

Answer calls from anywhere with sharp intercom video, clear audio, and diverse receiver methods.

Workplace

Manage visitors and deliveries with guest and mailroom software, enhancing security along with workplace operations.

Security Trailer

Solar-powered trailers bring AI video security, advanced LPR, and crime deterrence to wherever it is needed.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to deliver AI-powered insights in real time.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Air Quality Sensors

Monitor environments for temperature, humidity, noise, particulate matter, vape emissions, and other air quality conditions.

Sound Systems

Deliver enterprise-grade music, instant announcements, and AI-powered deterrence across sites — all from one intuitive dashboard.

Transportation

Extend security to buses, ferries, trains, and heavy vehicles with unified video monitoring and remote fleet management.

*2023 Novaira Insights market share data for video surveillance cloud solutions (world excl. China). 2024 Omdia worldwide market share data for cloud-native, access control solutions that push mission-critical services into the provider's cloud tenancy; excludes ACaaS solution providers that materially split the execution locus for analytics between on-premise hardware and cloud.

Loved by every team

IT professionals

Near-zero maintenance with automatic security updates as well as encryption in transit and at rest to protect against known and emerging threats.

Security and loss prevention

Proactively mitigate threats, monitor from anywhere and receive real-time alerts of meaningful events.

Facilities and operations

Gain actionable insights to protect people, assets and facilities — while ensuring efficiency and productivity.

All-in-one system

"Verkada has been a real game-changer for us. I would recommend it to any organization looking for an all-in-one, scalable security system."

Jeff Graves,
Director of IT
Los Angeles Rams

Scale with ease

"For a city of our scale, agility is critical. With Verkada, we are able to automate emergency response, provide access to first responders immediately, and do so from one simple platform."

Michael Sherwood,
Chief Innovation Officer
City of Las Vegas

Seamless access from anywhere

"The mobile app has the same capabilities as the web portal, there are so many features that help save time. I can search for vehicles and people, share live camera feeds with first responders and send archived footage from any device."

Dennis Haynie,
Executive Director of Technology
Andrews Independent School District
