

Parish Team Roster

Who is on your Telos Project team?

TELOS
PROJECT
CROSSROAD INSTITUTE

The first step to joining the Telos Project is to form your team! The following people will help set your parish up for a fruitful experience.

Young Adult Leadership Team

Three to six young adults make up your leadership team.

Some of the characteristics of these young adults:

- 21–35 years old
- Regular church attendance and participation in the sacraments
- Energized about developing the young adult community in your parish
- Interested in going deeper in parish life

Some of the roles your coach may help you identify:

- Team coordinator
- Communications
- Events & logistics

Parish Priest

Your parish priest plays a critical support role for the Telos Project team. When applying, we ask for your priest's blessing to begin the Telos Project.

Adult Mentor

An adult mentor (35+) helps your young adult team navigate leading ministry in the parish. Their role may differ depending on your needs.

Now that you've formed your team, schedule a time to sit down together and discuss your next steps:

- Attend an info session together
- Review the Telos Project Overview
- Apply by October 5, 2026
