

BZ11

## Horn Speaker

NEW ALARMS

CLASSIC ALARMS

The powerful BZ11 horn speaker enables users to talk down to intruders directly from Verkada's Command dashboard or mobile app, no Alarms License needed. With an Alarms License, professional monitoring agents can talk down intruders, or pre-recorded messages can be configured to play as an automated response.

### Talk down to intruders

- One-click user talk down directly from Command desktop or mobile app (*no Alarms License required*)
- Monitoring agent talk down for after-hours intrusion deterrence (*Alarms License required*)
- Play pre-recorded or text-to-speech messages as automated alarm responses (*Alarms License required*)
- Integrated microphone for two-way communication

### Easy to set up and use

- PoE-powered
- One-click association with a camera in Command; no complex integrations or configurations required
- Many-to-many speaker and camera associations for optimal site coverage
- Compatible with native iOS and Android mobile apps

### Built to last

- Covered by our industry-leading 10-year warranty
- IP66 weather rating
- Automatic firmware updates keep systems secure
