Loved by every team

IT professionals

Near-zero maintenance with automatic security updates as well as encryption in transit and at rest to protect against known and emerging threats.

Security and loss prevention

Proactively mitigate threats, monitor from anywhere and receive real-time alerts of meaningful events.

Facilities and operations

Gain actionable insights to protect people, assets and facilities – while ensuring efficiency and productivity.

All-in-one system

"Verkada has been a real game-changer for us. I would recommend it to any organization looking for an all-in-one, scalable security system."

Jeff Graves,

Director of IT
Los Angeles Rams

Scale with ease

"For a city of our scale, agility is critical. With Verkada, we are able to automate emergency response, provide access to first responders immediately, and do so from one simple platform."

Michael Sherwood,

Chief Innovation Officer
City of Las Vegas

Seamless access from anywhere

"The mobile app has the same capabilities as the web portal, there are so many features that help save time. I can search for vehicles and people, share live camera feeds with first responders and send archived footage from any device."

Dennis Haynie,

Executive Director of Technology
Andrews Independent School District
