Should 8TECH ZA PTY LTD determine, in its sole and absolute discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage of or benefit from such misquotation(s) or that you are committing any other improper or abusive trading act such as:

Once your withdrawal request is approved, your withdrawal request will be processed by us and sent for execution to the same bank, credit card provider or other source from which the funds were debited or as we, in our sole and absolute discretion determine, as soon as possible. Withdrawals will only be made at a source in your name. Note that some banks and credit card companies may take time to process payments especially in currencies where a correspondent bank is involved in the transaction.

10.18 Corporate Action's Account Adjustment Policy

- (a) Stock splits, reverse stock splits, stock dividends and other stock related events ("Corporate Action") can have an impact on the share price and thus on the price of their CFDs. A Client who performs a CFD Transaction has no ownership of the underlying instrument. However, in the event of a Corporate Action which has an effect on the underlying asset of a CFD, the Company shall make the relevant adjustments in the Account to reflect the economic effect of the Corporate Action on the price of the CFD. This can be done through a cash adjustment and/or a position adjustment in the Account before or after the ex-date ("Effective Date").
- (b) In the case of a Corporate Action, and in an effort to maintain the same economic value of the relevant Transaction, the Company shall proceed with, among others, one or more of the following:
 - (i) freeze the financial instrument the underlying asset of which is subjected to the split or reverse split, so as not be subjected to any trading until the relevant adjustments are made in the Account; and/or
 - (ii) freeze the Account until the relevant adjustments are performed; and/or
 - (iii) set the financial instrument the underlying asset of which is subjected to the split or reverse split on a close-only mode, in which case no new positions shall be opened; and/or
 - (iv) make the relevant adjustments in the Account to restore the Account's Transactions in other financial instruments which were (post the Effective Date) or will be (prior to the Effective Date) affected by the Split. Such adjustments can be executed at the then-current market prices which may be different than the prices at which the original Transaction was executed.
- (c) The abovementioned measurements shall get executed selectively or on several Accounts, pre or post the Effective Date, in a timely fashion in an effort to disturb the activity in the Accounts to the minimum. The following are non-binding and non-exhaustive scenarios and examples made to illustrate the above-mentioned:
 - (i) In the case of a client holding a long position of a financial instrument the underlying asset of which encountered a split, the Company may proceed with a positive adjustment to the Account. In case of a reverse split, a client holding a long position shall face a negative adjustment to the Account.
 - (ii) In case of a client holding a short position and the financial instrument the underlying asset of which encountered a split, the Company may proceed with a negative adjustment to the Account. In case of a reverse split, a client holding a short position shall face a positive adjustment to his account.
 - (iii) When the client holds either a long or short position and the financial instrument the underlying asset of which encountered a split or reverse split, the Company may proceed with a position adjustment in order to make the necessary adjustment to the price of the financial instrument to reflect the split or reverse split economic effect on the Account. In this case, the Company may close-out the position in the Account and reinstate the position under a new instrument with the adjusted price to reflect the effect of the split or reverse split.

- (d) In the case of a dividends distribution, the Company also has the right to proceed with a positive or negative adjustment done pre or post the ex-dividend date either before or after the opening of trade.

We will endeavor to hold client money on your behalf within authorized credit institutions in the Republic of South Africa, however we may also hold your money outside of South Africa. The funds will be kept in bank accounts denominated as clients' funds and clearly segregated from the

Company's own funds. Funds deposited may be kept in one or more omnibus accounts with any authorized credit institution used to accept funds which the Company will specify from time to time and will be held in the Company's name. The legal and regulatory regime applying to any such bank or person will be different from the legal and regulatory regime in South Africa and in the event of the insolvency or any other analogous proceedings in relation to that bank or person, your money may be treated differently from the treatment which would apply if the money was held with a bank in an account in South Africa. The movement in the market price of

your investment will affect the amount of margin payment you will be required to make. We will monitor your margin requirements on a daily basis and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this clause.

14.5 Set-off on default

If there is an Event of Default or this Agreement terminates, we shall set-off the balance of cash margin owed by us to you against your obligations (as reasonably valued by us). The net amount, if any, payable between us following such set-off, shall consider the Liquidation Amount payable under Clause 17 (Netting).

14.6 Obligation to provide security

You agree to execute such further documents and to take such further steps as we may reasonably require to perfect our security interest over and obtain legal title to the Secured Obligations.

14.7 Negative pledge

You undertake neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the cash margin transferred to us, except a lien routinely imposed on all securities in a clearing system in which such securities may be held.

17. NETTING

17.1 Rights on Default

On the occurrence of an Event of Default, we may exercise our rights under this clause, except that in the case of the occurrence of any Event of Default specified in Clause 16.1(b) or Clause 16.1(c) of the definition of Events of Default (each a "Bankruptcy Default"), the automatic termination provision of this clause shall apply.

17.2 Liquidation Date

Subject to the following sub-clause, at any time following the occurrence of an Event of Default, we may, by notice to you, specify a date (the "Liquidation Date") for the termination and liquidation of Transactions in accordance with this clause.

17.3 Automatic termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following sub-clause shall then apply.

17.4 Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

- (a) neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);

- (b) we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and
- (c) we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the "Liquidation Amount").

17.5 Payer

If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

17.6 Other transactions

Where termination and liquidation occurs in accordance with this clause, we shall also be entitled, at our discretion, to terminate and liquidate, in accordance with the provisions of this clause, any other transactions entered into between us which are then outstanding.

17.7 Payment

The Liquidation Amount shall be paid in the Base Currency by the close of business on the Business Day following the completion of the termination and liquidation under this clause (converted as required by applicable law into any other currency, any costs of such conversion to be borne by you, and (if applicable) deducted from any payment to you). Any Liquidation Amount not paid on the due date shall be treated as an unpaid amount and bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum, compounded monthly in arrears, for each day for which such amount remains unpaid.

17.8 Base Currency

For the purposes of any calculation hereunder, we may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as we shall reasonably select.

17.9 Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with the passage of time, the giving of notice, the making of

any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

17.10 Additional rights

Our rights under this clause shall be in addition to, and not in limitation or exclusion of, any other rights which we may have (whether by agreement, operation of law or otherwise).
